Introduction

Catalog Effective Date

The provisions of this online catalog apply to students entering at the beginning of or after the first semester of the 2015-2016 academic year. In general, a student can expect to follow guidelines in the catalog for up to six years. However, the catalog is subject to change as indicated below.

Change of Catalog Information

Offerings in this catalog (including individual courses, major and minor subjects, groups of courses leading to degrees and other degree requirements) are subject to such changes as appropriations or enrollment may warrant or the University determines appropriate, from time to time and without prior notice, and to other deviations as may be authorized or required by law.

When changes are made, either in academic programs, policies, or other matters, the changes may first appear in the University’s online policy manual, Schedule of Classes, or the departmental/unit web pages accompanied by the effective date designating when the change becomes effective. When the next online catalog is published, these changes are added.

Nondiscrimination Policy

Texas Woman’s University strives to create and actively promote a welcoming and supportive environment in order to recruit, hire, retain and support a culturally diverse faculty, staff, and student body. TWU provides an environment of nondiscrimination and affirmative action for everyone. As a part of the Texas Woman’s University’s program for equal opportunity, the policy statement on nondiscrimination is as follows:

In compliance with the Equal Pay Act of 1963, as amended; Title VI and VII of the Civil Rights Act of 1964, as amended; the Equal Employment Opportunity Act of 1972; the Age Discrimination in Employment Act of 1967, as amended; the Americans with Disabilities Act of 1990, as amended; Title IX of the Education Amendments Act of 1972, as amended; Sections 503 and 504 of the Rehabilitation Act of 1973; the Employee Retirement Income Security Act of 1974, as amended; the Vietnam Era Veteran’s Readjustment Assistance Act of 1974; the Civil Rights Act of 1991, as amended; the Worker Adjustment and Retraining Notification Act of 1988; Equal Rights under the Law, 42 U.S.C. §1981; State of Texas Anti-Discrimination Laws, and federal, state and local human rights, fair employment and other laws; the University does not discriminate against any person on the basis of race, age, color, religion, sex, sexual orientation, gender identity, national or ethnic origin, veteran’s status, or against qualified individuals with disabilities.

This Statement forms a baseline from which the TWU community works to assure fairness and equity to all who pursue their educational and professional goals at this University. Retaliation against individuals who in good faith, file a claim of discrimination or otherwise oppose discriminatory actions or practices will not be tolerated.

Inquiries concerning University grievance procedures may be directed to the designated officials named below:

• Equal Employment Opportunity/Affirmative Action Officer:
  Senior Associate Vice President of Human Resources and CHRO
  Office of Human Resources
  Texas Woman’s University
  P.O. Box 425739
  Denton, TX 76204

• Title VI Officer:
  Vice President for Student Life
  Student Life Office
  Texas Woman’s University
  P.O. Box 425739
  Denton, TX 76204-5379

• Title IX Officer:
  Assistant Director of Employee Relations
  Office of Human Resources
  Texas Woman’s University
  P.O. Box 425739
  Denton, TX 76204

• Americans with Disabilities Act Officer:
  Senior Associate Vice President of Human Resources and CHRO
  Office of Human Resources
Family Educational Rights and Privacy Act (FERPA)

Pursuant to the Family Educational Rights and Privacy Act (http://www.twu.edu/registrar/academic-records-policy.asp) (FERPA), the University has established policies relating to the accessibility of student information in the custody of Texas Woman’s University. The TWU FERPA policy appears in its entirety in the TWU policy manual, policy number 2.43. It is the policy of the Texas Woman’s University to obtain the written consent of a student before disclosing personally identifiable information from that student’s education records other than directory information and information requested for official use.

Requesting Copies of Education Records

Copies of education records to which students have access will be available at the student’s written and signed request. The copies will be ready for the student within a reasonable period of time following the submission of the written request. There is no charge to students for copies of their records other than requests for official transcripts. Copies of unofficial transcripts may be obtained free of charge in the Office of the Registrar or through Web Advisor. For official transcripts, there is a $10 charge per transcript request and all outstanding financial obligations to the University must be cleared. For more information on requesting either an unofficial transcript or ordering official transcripts, please visit the Office of the Registrar (http://www.twu.edu/registrar/transcript-request.asp).

Disclosure of Education Records and Directory Information

It is the policy of Texas Woman’s University to obtain the written consent of a student before disclosing personally identifiable information from that student’s education records other than directory information and information requested for official use. Those who may obtain academic records other than directory information may include:

1. TWU school officials with a legitimate educational interest
2. Officials of other schools where the student seeks or intends to enroll
3. Certain representatives of the federal government
4. State educational authorities
5. Governmental representatives in connection with financial aid for which a student has applied
6. Organizations conducting studies for or on behalf of educational institutions or agencies for testing purposes, student aid programs, and instructional improvement
7. Accrediting organizations
8. Those responsible for ensuring compliance with a judicial order
9. Appropriate parties in a health and/or safety emergency
10. Parents of a dependent student as defined in Section 152 of the Internal Revenue Code of 1954

Education records are those records, files, documents, and other materials which:

1. Contain information directly related to a student and
2. Are maintained by an educational agency or institution.

Directory Information

Directory information means information contained in the education record of a student that would generally not be considered harmful or an invasion of privacy if disclosed. The following types of student information at TWU are considered “directory” for the purposes of this policy:

- Name
- Local and permanent address
- TWU e-mail address
- Telephone listing
- Month, day, and place of birth
• Major field of study
• Participation in officially recognized activities and sports
• Weight and height of members of athletic teams
• Dates of attendance
• Enrollment status (e.g., undergraduate or graduate; full-time or part-time)
• Classification
• Degrees, awards, and honors received (including selection criteria)
• Expected graduation date
• Dissertation and thesis titles
• Most previous school attended
• Photograph

To prohibit directory information from being disclosed the student must submit the Request to Withhold Directory Information (http://www.twu.edu/registrar/forms.asp) form to the Office of the Registrar (http://www.twu.edu/registrar/default.asp) by 5:00 p.m. of the Census Date for the semester. Check the Academic Calendar (http://twu.edu/registrar/academic-calendars.asp) for Census Dates.

Limitations on Right to Review Education Records

Educational records to which students may have access do not include the following:

• Financial records and statements of their parents or any information contained therein, without parents’ authorization.
• Records which are “created or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional” acting in a professional capacity which are created or used only in connection with the provision of treatment for the student and which are held in strict confidence, provided they may be personally reviewed by a physician or other appropriate professional of the student’s choice.
• Working records which are the sole possessions of instructional, supervisory, administrative, and educational personnel provided they are “not accessible or revealed to any other person except a substitute.”
• Confidential letters and/or statements written prior to January 1, 1975, and those written with a documented understanding of confidentiality.

Request to Amend Education Records

A student who believes that information contained in education records is inaccurate or misleading may request that the record(s) be amended. The student should first meet with the administrative or faculty official responsible for the record.

If such a meeting is not sufficient to resolve the difference, the matter should be reviewed by the appropriate dean. If the differences remain unresolved, the student should submit a written request for a hearing to the appropriate Vice President. The student will be informed well in advance of the date, place, and time of the hearing. Opportunity will be afforded the student to present evidence related to the issue in question. The student may be represented by individuals of her/his choice. A decision in writing will be provided to the student within a reasonable period of time after the conclusion of the hearing.

A request to amend a grade, or a hearing to contest the assignment of a grade, is not allowed under this procedure. However, one may contest whether or not the grade was recorded accurately. The procedure indicated above does not apply to placement credentials.

Student Access

Students may inspect and review their education records upon request and upon completion of a form supplied by the component maintaining the records in question. Access is given to a student within a reasonable period of time, but in no case more than 45 days after the request has been made. An appropriate administrative official or member of the faculty will obtain the record for the student and will be present while the student reviews the record.

Education Records

Education records of the University are contained in the offices of the:

1. University Registrar
2. Dean of the Graduate School
3. Director of Career and Employment Services
4. Associate Provost for Technology
5. Director of Student Financial Aid
6. Director of University Health Services
7. Provost
8. Vice President for Student Life
Privacy Statement
Texas Woman’s University respects student privacy. Certain classes may include interactive components that are recorded and/or transmitted to other sites. Electronic archival of recorded classroom instruction shall remain the sole and complete property of TWU and may be distributed to enrolled students unable to receive instruction due to technical difficulties or extraordinary circumstances. Personal information provided via e-mail, interactive instruction or through other online means will be used only for purposes necessary to serve enrolled students’ needs, such as responding to an inquiry, earning academic credit or fulfilling other requests for information. For more information about the privacy statement, please contact the Office of Information Services at 940-898-3980 or through regular mail at:

Information Services
P.O. Box 425797
Denton, Texas 76204-5797

Transcripts
For information on obtaining an official or unofficial TWU transcript, see the Transcript Request (p. 61) section of this catalog.

Changing Name and Other Personal Information
To change or correct personal information in academic records, see the Changing Name and Other Personal Information (p. 62) section of this catalog.
Officers of Administration

Board of Regents

General Information

The University

Established in 1901 as the Girls Industrial College by an act of the 27th Legislature, Texas Woman's University (TWU) is today an emerging world-class institution, predominantly for women, that provides a rich tapestry of outstanding instruction and pioneering research, blended with a deep commitment to the success of its students and the provision of the highest-quality environment for living and learning. On each of the three TWU campuses (Denton, Dallas, and Houston), excellence is simply the standard for the University, as demonstrated in the University's programs, faculty, staff, technology, and beautifully maintained grounds and buildings.

The University offers an array of graduate and undergraduate programs spanning the liberal arts; humanities; physical sciences; social sciences; and education, business, service, and health professions. Recognized by the Carnegie Foundation as a Doctoral/Research institution, TWU awards doctoral degrees in a range of fields, with the majority education and health professions. Underpinning both undergraduate and graduate education, the University takes particular pride in the ability of faculty to provide meaningful intellectual experiences, including multifaceted research opportunities, for students while simultaneously enhancing the progress and welfare of the people of Texas, the nation, and the world. TWU faculty challenge students to think, analyze, and voice their opinions, thus helping to cultivate the female and male leaders of tomorrow. With students coming from more than 50 countries, TWU embraces as part of its mission the need to prepare world citizens who value collaboration in a global society and who respect cultural diversity.

TWU has evolved significantly since its inception, with four name changes over the years to more accurately describe the scope of the University. Although classes had only been offered at the Girls Industrial College for two years beginning in 1903, the Texas Legislature changed the name in 1905 to the College of Industrial Arts. In 1930, after almost three decades of advancement in academic excellence, size, research and instructional infrastructure, and reputation, the College introduced graduate coursework for women. The name of the institution was changed again in 1934 to the Texas State College for Women with the continued expansion of academic programming and enrollments. In 1953, doctoral degrees were first awarded, and the most recent name change occurred in 1957 to recognize Texas Woman's University's path to becoming a major institution of higher learning.

Mission Statement

Texas Woman’s University builds on its long tradition as a public institution primarily for women by educating a diverse community of students to lead personally and professionally fulfilling lives. TWU prepares women and men for leadership and service through high quality undergraduate, graduate and professional programs on campus and at a distance. A TWU education ignites potential, purpose and a pioneering spirit.

Organization

The University houses the College of Arts and Sciences (http://www.twu.edu/arts-sciences), the College of Professional Education (http://www.twu.edu/college-professional-education), and the Institute of Health Sciences which includes the College of Health Sciences (http://www.twu.edu/college-health-sciences) and the College of Nursing (http://www.twu.edu/nursing). The Graduate School (http://www.twu.edu/gradschool/default.asp) administers graduate programs in each of these colleges.

Since its establishment in 1901, the University has become a major university with Institute of Health Sciences centers in Dallas (http://www.twu.edu/dallas) and Houston (http://www.twu.edu/houston), served by approximately 1,000 faculty members and attended by over 15,100 students. The curriculum which led to the awarding of baccalaureate degrees for the first time in 1915 now accommodates studies which lead to master’s and doctoral degrees in each of the colleges of the University.

The Board of Regents

The Texas Woman’s University Board of Regents is composed of nine persons, at least four of whom shall be women, appointed by the governor with the advice and consent of the Senate. The governor also appoints a tenth non-voting student regent.

The regents hold office for staggered terms of six years, with the terms of the three members expiring February 1 of odd-numbered years. The student regent serves a term of one year. The Board meets quarterly. The Board biennially elects a chair/presiding officer and a vice-chair/assistant presiding officer.

Accreditation and Approval

Texas Woman's University is accredited by the Southern Association of Colleges and Schools Commission on Colleges (http://sacscoc.org) to award baccalaureate, master's, and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Texas Woman's University.

Selected academic programs are also accredited by appropriate state, regional, and national agencies. The Graduate School is a member of the Council of Graduate Schools. TWU's general accreditation (http://www.twu.edu/administration/accreditation.asp), recognizing the quality of all of the work done by the components of the University, forms the basis for numerous memberships which the University holds in selective associations.
and societies which recognize and demand high standards in specific fields. Individual programs at Texas Woman's University are accredited by the following organizations (partial listing):

**Arts & Sciences**
- Accreditation Council for Business Schools and Programs
- American Chemistry Society
- American Psychological Association
- Council on Social Work Education
- National Association of School Psychologists
- National Association of Schools of Dance
- National Association of Schools of Music

**Health Sciences**
- Accreditation Council for Education in Nutrition and Dietetics
- Accreditation Council for Occupational Therapy Education
- American Association for Health Education
- American Speech-Language-Hearing Association
- Commission on Accreditation of Healthcare Management Education
- Commission on Accreditation in Physical Therapy Education
- Commission on Dental Accreditation
- Council on Academic Accreditation
- Society of Public Health Educators

**Nursing**
- Board of Nurse Examiners for the State of Texas
- Commission on Collegiate Nursing Education

**Professional Education**
- American Library Association
- Council for Accreditation of Counseling and Related Educational Programs

A list of other accrediting organizations is available on the Institutional Research and Data Management website (http://www.twu.edu/institutional-research/accreditations-listing.asp).

**The Office of Alumni Relations**

The TWU Office of Alumni Relations (http://www.twu.edu/alumni/default.asp) serves as the central coordination point for alumni activities held on all campuses of Texas Woman's University. The Office facilitates coordination of alumni activities, plans communication with all TWU alumni, and offers a variety of ways for TWU alumni to be involved in the life of the University.

For further information please contact:

The Office of Alumni Relations (http://www.twu.edu/alumni)
Anne Scott, Director
Chris Styers, Sr. Secretary
P.O. Box 425725
Denton, TX 76204-5725
940-898-2586

**The Former Students Association**

The TWU Former Students Association (http://www.twu.edu/fsa) (FSA) was organized in 1905 by the first alumnae of the College of Industrial Arts (CIA). Its mission was and still is to support the university, its students and alumni. FSA is a membership-based non-profit organization and offers new graduates one free year to use its benefits and to network with other members. Card-carrying members receive privileges of free parking on the Denton and Dallas campuses, and Wellness Center, discounts to hotels and car rentals, Denton Campus bookstore and theater performances. Affinity programs with Bank of America and Liberty Mutual give financially to FSA each time TWU alumni take advantage of their services.

FSA organizes the annual Reunion Weekend events in April, to honor alumni from College of Industrial Arts, Texas State College for Women and TWU. FSA also offers many scholarships to current students. Please visit the FSA website (http://www.twu.edu/fsa) for more details and applications. Other
information on TWU exclusive memorabilia available for sale, TWU FSA’s geographical and academic chapters, upcoming events and opportunities to get involved can be found on the website. FSA is located in the Alumni House or call 940-898-2586 for more information.

**TWU Foundation**

The Texas Woman’s University Foundation is a non-profit corporation chartered under the laws of Texas and established in 1952. Its purpose is to receive and administer gifts to enhance educational excellence at the University. The Foundation Board seeks to identify potential sources of private gifts, to enable donors to make appropriate contributions that match their interests and needs, to provide for the prudent management of gift resources, and to encourage the involvement of interested persons in the work of the foundation.

A person interested in making a gift to the TWU Foundation may write or call:

- TWU Foundation (http://www.twu.edu/foundation)
  P.O. Box 425618
  Denton, TX 76204-5618
  Telephone: 940-898-3872

**Education Abroad Programs**

*Director:* Annie Phillips  
*Education Abroad Specialist:* Carolyn Becker

*Location:* Pioneer Center for Student Excellence, Room 230  
*Phone:* 940-898-4115  
*Email:* educationabroad@twu.edu

TWU Education Abroad Programs (http://www.twu.edu/education-abroad) offer a variety of ways to experience cross-cultural education. Faculty-led, credit courses to other countries are offered in selected academic components throughout the University at the undergraduate and graduate levels. Some of the areas of emphasis include visual and performing arts, business, history, language, nursing, literature and comparative cultures.

In addition to the faculty-led courses, TWU provides opportunities for students to live and study for an entire summer, fall or spring session in England, Japan, France, Italy, South Africa, Spain, and other countries. Academic credit earned while participating in an education abroad program may be applied toward a degree program. However, coursework must be approved prior to departure. Interested students should seek guidance from Education Abroad Programs (http://www.twu.edu/education-abroad) prior to applying for these experiences.

A variety of opportunities for financial support are available. Education Abroad Programs (http://www.twu.edu/education-abroad) can assist students in identifying funding sources. All TWU students participating in education abroad are encouraged to apply for the TWU International Education Fee Scholarship. For more information on any of the education abroad opportunities at TWU, contact Education Abroad Programs at 940-898-4115 or educationabroad@twu.edu.

**Research and Sponsored Programs**

The research mission of TWU is supported in multiple ways through the Office of Research and Sponsored Programs (http://www.twu.edu/research). Through research grants and contracts, as well as other sponsored programs such as training grants and community service projects, TWU provides new information for the benefit of our society, encourages faculty scholarship, and provides support and training for faculty and students. Services available to support research include proposal preparation and submission assistance; grant management for internal and external grants; coordination of internal grants and competitions; coordination of the Institutional Review Board, Institutional Animal Care and Use Committee, and Institutional Biosafety Committee; funding searches; statistical consultation; and scientific equipment repair.

External support for research and sponsored programs comes from various private, state, and federal funding sources. Federal funding is received from agencies such as the National Institutes of Health, Health Resources and Services Administration, Health and Human Services, Administration for Children and Families, Centers for Medicare and Medicaid Services, U.S. Institute of Peace, Veterans Affairs, National Science Foundation, U.S. Department of Education, and the U.S. Department of Agriculture. State agencies such as the State of Texas, Texas Higher Education Coordinating Board, Texas Education Agency, and Joint Admission Medical Program Council also provide funding for research and sponsored programs at the University.

Assistance and information about research and sponsored programs are available from the Office of Research and Sponsored Programs (http://www.twu.edu/research). Detailed information is also available through the department’s pages on the University’s homepage through the Research link.

**Internships / Cooperative Education Program**

Internships/Cooperative Education is a program of learning which combines classroom study with practical work experience outside the formal academic setting. Many academic programs at TWU provide undergraduate and graduate students the opportunity to participate in such activities. Upon
graduation, students will have both a degree and work experience in their chosen field. For more information, contact the Pioneer Center for Student Excellence (http://www.twu.edu/pioneer-center) at 940-898-3755.

**Admission Requirements**

To obtain academic credit in the Internships/Cooperative Education program, a student must:

1. have the recommendation of the student's major or minor department;
2. have a graduate cumulative grade point average of 3.0 on a 4.0 scale;
3. must not be on academic probation; and,
4. be available to work the number of hours per week specified for credit.

**Work Schedules**

Internship/Cooperative Education students can participate in part-time or full-time work while registered for classes. Each work period is of such duration (approximately 15 weeks during fall and spring semesters and 10 weeks during summer semester) that it provides sufficient opportunity to gain in-depth experience in an area related to the student's academic or career goals. The student and employer together will determine a mutually agreed upon work schedule.

**Academic Credit**

Academic credit is given for work in positions related to the student's major or minor courses of study. In certain situations, it is possible to receive academic credit if already employed, as long as the current position meets the requirements of the department awarding credit.

All qualified Internship/Cooperative Education programs must meet certain requirements. The program at TWU is based on the following requirements:

1. The work experience must be of sufficient duration to be a meaningful part of the student's academic program, generally the regular semester schedule.
2. Minimum standards of work performance must be maintained by the University and by the employer. The student's work must be evaluated periodically by the student, the employer, and the faculty. The credit and grade for the course is based on evaluation of the student's performance and assigned by a faculty member in the academic department.
3. At the discretion of the department, a maximum of six (6) credit hours can be used toward a graduate degree. Any other registration in Internship/Cooperative Education courses will be posted to the student's transcript and will be evaluated as hours additional to those required for the degree.
4. Recommendation for credit toward the graduate degree is made by the student's academic department.

**Internships/Cooperative Education Course Description**

Internship/Cooperative Education work arrangements are made between the University, business, industry, or selected institutions appropriate to the particular academic program. Work assignments are determined on the basis of student interests, skills, and degree program. The student will apply the ideas and processes learned in other courses in practical experience under professional supervision.

**Undergraduate Courses**

4951. Cooperative Education.
4953. Cooperative Education.
4956. Cooperative Education.

**Graduate Courses**

5951. Cooperative Education.
5953. Cooperative Education.
5956. Cooperative Education.
6951. Cooperative Education.
6953. Cooperative Education.
6956. Cooperative Education.

**The Academic Common Market**

Many southern states participate in the Academic Common Market, an interstate agreement for sharing uncommon programs. Residents of these states who are accepted for admission into selected out-of-state programs can enroll on an in-state tuition basis. There are two requirements:

1. Acceptance in a program to which your state has made arrangements to send its students.
2. Proof that you are a legal resident of that state. Write directly to the institution for admissions information. After you have been accepted, write your state coordinator for certification of residency.

Information about participating states and available programs can be found at the Academic Common Market (http://www.sreb.org/page/1304/academic_common_market.html).

Federation of North Texas Area Universities

The Federation of North Texas Area Universities, created by the Texas Higher Education Coordinating Board, is a consortium comprised of Texas Woman’s University, Texas A&M University – Commerce, and the University of North Texas. The Federation is designed to strengthen the resources of higher education in north central Texas through interinstitutional cooperation in graduate research and instruction. To this end the Federation universities supply joint educational opportunities to their students in selected program areas with some universities authorized to grant degrees and others authorized to provide support services for the degree programs.

Texas Woman’s University grants, through the Federation, doctoral degrees in Counseling Psychology, Special Education, Reading, Sociology, and Molecular Biology. Master’s degrees offered by Texas Woman’s University through the Federation are in Reading, Early Childhood Education, and Art. Students desiring further information about the programs should consult the appropriate academic department or the TWU Federation website (http://www.twu.edu/federation).

Technology Resources

The Office of Technology provisions each TWU student with a username and password. With these login credentials, students can access: e-mail with Google Apps for Education; secure information, tools, and resources in Pioneer Portal; the Blackboard (Bb) learning management system; Wi-Fi on each TWU campus; other apps in Google Apps for Education such as Drive, Hangouts, and Sites; course registration in WebAdvisor; and degree plan auditing in DARS. Each student is also eligible for certain technology discounts through our partnership with E-Academy OnTheHub (http://twu.onthehub.com).

The Office of Technology provides Wi-Fi for connectivity of personal devices as well as access to computers through general use computer labs, classroom teaching computer labs, and department labs that directly support academic programs. Additionally, TWU technology is strategically located in common areas such as the Denton campus Student Union, student lounges, the Blagg-Huey Library, and residence halls. TWU classrooms are also equipped with the latest instructional technology providing optimal classroom learning experiences. Students have a wide selection of software resources available to support their studies, including statistical analyses, word processing, and discipline-specific courseware. The High Performance Computing (HPC) system gives students access via faculty sponsorship to cluster computing sources for data-rich studies. For additional information regarding computing services and resources for students, please visit the TWU technology website (http://www.twu.edu/tis).

Support for technology is available through the Technology Service Desk. The Office of Technology also offers training workshops for students. The Student Technology Assistants and Resources (STAR) program employs technically capable students to offer their peers education and training. STAR students also help with troubleshooting peers’ personal technology hardware & software issues.

The Students Advisory Committee for Technology (StudentsACT) represents the diverse student body of TWU and provides the opportunity for students to participate in the governance of technology at TWU.

To inquire about any of the technology services at TWU, students may call the Service Desk (http://www.twu.edu/service-desk) at 940-898-3971, Live Chat (http://www.twu.edu/service-desk) with them, or email them at servicedesk@twu.edu.

University E-mails to Students

TWU students enrolled for credit or non-credit classes are assigned a TWU e-mail address for receiving announcements, correspondence, and other important messages (including payment deadlines and financial aid information). Messages delivered to the TWU e-mail address will be considered officially delivered.

Campus and Centers

The Denton Campus

The main campus of Texas Woman’s University is located in Denton, TX, a growing community of more than 113,000 residents located 38 miles north of Dallas and Fort Worth, the nation’s fourth-largest metro center.

The University’s high-rise residence halls and academic and administrative buildings dominate Denton’s skyline. Blended with these structures are historic buildings, including Old Main (http://www.twu.edu/conference-services/14589.asp) (the University’s first building) and the Little Chapel-in-the-Woods (http://www.twu.edu/conference-services/little-chapel.asp).
Known for its beauty and private college feel, the Denton campus features the Blagg-Huey Library, which is home to the nationally renowned TWU Woman’s Collection (http://www.twu.edu/library/womans-collection.asp) – the best concentration of resources on U.S. women in the Southwest. Wireless access is available across campus. The university also has several computer labs – including the MEGALAB – that offer the most up-to-date technology for students. TWU’s classroom technology improves the learning experience and simulates real-world conditions, ensuring student success in the classroom and the workplace. The Ann Stuart Science Complex (http://www.twu.edu/conference-services/ann-stuart-science-complex.asp) includes the latest instructional technology and lab equipment for teaching and research in biology, chemistry and biochemistry. The TWU Fitness and Recreation Center (http://www.twu.edu/fitandrec/13456.asp) features a 30-foot indoor climbing wall with a 22-foot vertical rappelling station. The Redbud Theater is a 120-seat proscenium venue that showcases a variety of drama performances each year.

The Dallas Center

The TWU T. Boone Pickens Institute of Health Sciences (http://www.twu.edu/dallas) – Dallas Center opened in February 2011, combining the university’s Parkland and Presbyterian sites in an eight-story 190,000-square-foot building in the heart of the Southwestern Medical District.

The Dallas Center, established in 1966, now bears the name of Texas oilman and entrepreneur T. Boone Pickens, who donated $5 million to the new building’s fundraising campaign. The center houses the Houston J. and Florence A. Doswell College of Nursing, the TWU Stroke Center-Dallas and the university’s physical therapy, occupational therapy and health systems management programs. Facilities include simulation laboratories and research laboratories, computer labs and classrooms, and One-Stop Student Services.

The Houston Center

TWU’s Institute of Health Sciences – Houston Center (http://www.twu.edu/houston), established in 1960, is located at the southern gateway of the Texas Medical Center, a world-renowned 675-acre complex of hospitals, health-related schools, and research institutions. The Nelda C. Stark College of Nursing (http://www.twu.edu/nursing/houston-center.asp) offers clinical and educational opportunities for students in nursing. Other programs offered at the Institute of Health Sciences–Houston Center include occupational therapy, physical therapy, health care administration and nutrition and food sciences. Facilities at the center include research laboratories, anatomy and nursing laboratories, a counseling center, a learning resource center and computer services.

Texas Woman’s University is a full participant in support and use of the Houston Academy of Medicine-Texas Medical Center Library.

The TWU Libraries

The TWU Libraries (http://www.twu.edu/library) provide information services, education, and resources for teaching, learning, and research in a global environment to support faculty and prepare students for success in their professional and personal lives. Library staff teaches research skills and offer library instruction in the classroom, in the Libraries and over the web.

The Blagg-Huey Library on the Denton campus offers students a modern facility for accessing both print and electronic information in an environment that provides comfort and inspirational beauty. Satellite collections are available at the TWU T. Boone Pickens Institute of Health Sciences – Dallas Center (the major nursing collection in the Dallas-Fort Worth area). Houston students use the resources of the outstanding collection in the Houston Academy of Medicine-Texas Medical Center Library and the Academic Resource Center on the TWU Houston campus.

TWU Libraries’ collections have 532,826 print volumes, 212,211 e-books, 15,787 microform titles, and 9,778 media materials; and the Libraries provide access to 10,814 print journals and 116,317 electronic journals, as well as 216 databases. Online access to full-text journals and books is provided from the library to dorms, campus computer labs, or where there is internet access. Special collections include the Woman’s Collection, the largest repository in the Southwest of research material about women; the Cookbook Collection; University Archives; and the Children’s Collection, which houses the Children’s Historical Collection of some 3,000 volumes including rare, early-day children’s books. Original book art from prominent children’s book illustrators decorates the Children’s Collection. Researchers from around the world visit the Woman’s Collection to study the Women Airforce Service Pilots of World War II (WASP); the Oral History Project; the various archives of Texas women’s organizations including the Texas Federation of Women’s Clubs, the Texas Federation of Business and Professional Women’s Clubs, and the historic federation of clubs founded by African American women in Texas, the Texas Association of Women’s Clubs. Books and manuscripts document the history of women in aviation, war, and military service. Materials in all formats provide rich sources regarding the struggle of women to obtain the rights of suffrage, equal legal rights, and other feminist goals.

In addition to the multiple resources of the TWU Libraries (http://www.twu.edu/library), students and faculty may use the libraries of more than 125 participants in Texshare, and interlibrary loan access to the collections of over 5,000 national and international members of OCLC.

Distance Education

Texas Woman’s University offers multiple degrees, programs, and courses online through Distance Education (DE). These electronically-delivered courses and programs provide quality instruction and encourage high levels of interaction.

The Distance Education degree programs (http://www.twu.edu/TLT/online-degrees.asp) are listed online at the Teaching and Learning with Technology website (http://www.twu.edu/TLT). Additional online courses outside of these degree programs may be found in the Class Schedule by selecting “Internet Instruction” or “Hybrid Instruction” in the Instructional Methods box.
Online courses are delivered through Blackboard, an Internet-based software. Distance Education courses cost exactly the same as on-campus classes. Bills may vary from semester to semester and from other students depending on residency status and academic level.

International students who hold F-1 and J-1 visa status cannot enroll in academic programs that are defined as 100% distance education (online degrees). An international student may be admitted to the University for such programs but is only authorized to complete those from her/his own country and not in the United States. Please note: F-1 and J-1 student visa holders have restrictions regarding the number of online (or distance education) credits that can be taken during the semester as it relates to fulfilling the full-time enrollment requirement. Please contact the Office of International Education (http://www.twu.edu/international-education) for more information.

Please note: Students in online courses need daily access to a computer with internet connections that meet TWU minimum hardware and software requirements (http://www.twu.edu/TLT/computer-requirements.asp). Students should also have a back-up plan for accessing a second computer should any technical problem arise.

Students who are new to Distance Education may view a detailed introduction to Distance Education in the Guide for Online Courses (GOC) (http://www.twu.edu/guide-for-online-courses), as well as on the opening Blackboard page. The GOC will give new DE students an idea of what an online class is like, how to find and log into their online courses, resources that are available to them, and keys to success.

**Intellectual Property**

Texas Woman’s University’s Board of Regents Policy 4.02, “Intellectual Property (http://www.twu.edu/regents/intellectual-property-part-1-introduction.asp),” covers the ownership, distribution, and commercial development of intellectual property developed by TWU faculty, staff, students, and others participating in TWU programs.

**University Advancement**

All students, former students, and friends of TWU are encouraged to give to the university. Donations help meet the University’s greatest needs and opportunities. These include academic and other enrichment programs, equipment for classrooms and laboratories, student scholarships, library resources, faculty recruitment and retention, and achievement and recognition awards.

Information about university development programs and specific giving opportunities is available from:

Texas Woman’s University
Office of University Advancement (http://www.twu.edu/advancement)
P.O. Box 425618
Denton, Texas 76204-5618
940-898-3863
Financial Information

Cost of Attendance

Tuition rates and all fees are subject to change at any time without prior notice by action of the Board of Regents or of the Texas Legislature. Payments for tuition, fees, and room and board should be made to Texas Woman’s University and should be addressed to the:

Office of the Bursar (http://www.twu.edu/bursar)
P.O. Box 425439
Texas Woman’s University
Denton, TX 76204

When students register online, they may make credit card or electronic check payments via PayOnline.

Tuition (Subject to Change)

The payment of tuition entitles the student to instruction in the various non-laboratory classes and use of the TWU Libraries.

Undergraduate

Concurrent Enrollment Tuition

Students who will concurrently enroll at both Texas Woman’s University and another state university or community college should consult with the Registrar prior to enrollment at either institution. International students must report to the Office of International Education for concurrent enrollment verification.

Nonresident Classification for Tuition

Title 3 of the Texas Education Code specifies that out-of-state residents who come to Texas for the primary purpose of furthering their education will be classified as nonresident students. Persons classified as nonresident students upon first enrollment at Texas Woman’s University are presumed to be nonresidents for the period during which they continue as students. To petition for residency reclassification, the student must complete the Residency Questionnaire (http://www.twu.edu/registrar/texas-residency.asp) and submit it to the Office of the Registrar with appropriate documentation prior to the beginning of the semester.
Financial Information

Tuition Exceptions for Nonresidents
Nonresident or international students receiving competitive scholarships in the amount of $1,000 or more awarded by Texas Woman’s University may pay the in-state tuition rate. Nonresident students who hold appointment as graduate teaching assistants or graduate research assistants may pay the in-state tuition rate provided they are employed at least one-half time in a position which relates to their degree program.

Oklahoma Residents - Undergraduate Only
Qualifying Oklahoma residents may be eligible for reduced tuition from other non-residents as authorized by action of the Texas Woman’s University Board of Regents. This action applies only to Oklahoma undergraduate students. Eligible students must provide two (2) different documents showing physical location of residency to the Registrar’s Office for this reduced rate.

Veterans Benefits
Texas Woman’s University honors the Veteran’s Administration GI Bill programs and the State of Texas Hazlewood Act. Benefit recipients are expected to remain in Academic Good Standing (http://catalog.twu.edu/undergraduate/academic-information/standards/good-standing) to be eligible for benefits. Students should contact the Veterans Program Office (http://www.twu.edu/veterans) for applications and other forms.

Excess Hours Rule for Graduate Students
Doctoral resident students will be charged at the out-of-state rate for all doctoral work in excess of 99 semester credit hours. (Note: Students in Counseling Psychology, School Psychology, Family Therapy, and Nursing are charged at the out-of-state rate for all doctoral work in excess of 130 doctoral hours.)

Excess Hours Rule for Undergraduate Students
A higher tuition rate will be charged to any resident undergraduate student enrolled before fall 2006 who, before the academic session begins, has previously attempted a number of semester credit hours taken at any institution of higher education while classified as a resident student for tuition purposes that exceeds by at least 45 semester credit hours the number of semester credit hours required for completion of the degree program in which the student is enrolled, except for those who fall within the exceptions set out in Section 61.059(b), (c), and (d) of the Texas Education Code (shown below). For this purpose, an undergraduate student who is not enrolled in a TWU degree program is considered to be enrolled in a degree program requiring a minimum of 120 semester credit hours. For students who began higher education in fall 2006, excess semester credit hour tuition applies when the student has exceeded the number of semester credit hours required for the degree by at least 30 semester credit hours. For purposes of excess hours, resident undergraduate students include nonresident students who are receiving waivers to reduce their payment to the resident tuition rate.

Exceptions
1. This regulation does NOT apply to semester credit hours earned before the 1999 fall semester.
2. For a student enrolled in a baccalaureate program under Section 51.931, semester credit hours earned by the student 10 or more years before the date the student begins the new degree program under Section 51.931 are not counted for purposes of determining whether the student has previously earned excess undergraduate semester credit hours.
3. The following are not counted for purposes of determining whether the undergraduate student has previously earned excess semester credit hours:
   a. Semester credit hours earned by the student before receiving a baccalaureate degree that has previously been awarded to the student;
   b. Semester credit hours earned by the student by examination or under any other procedure by which credit is earned without registering for a course for which tuition is charged;
   c. Credit for a developmental education course or another course that does not count toward a degree program at the institution; and
   d. Semester credit hours earned by the student at a private institution or an out-of-state institution.
   e. Effective Fall 2009, hours earned by a student before graduating from high school and used to satisfy high school graduation requirements are not included in the calculations of excess hours.

Tuition for Courses Attempted More Than Twice - Undergraduate
The Texas Higher Education Coordinating Board had established the following policy: “Public institutions of higher education may not submit for formula funding credit or contact hours attempted by students who have enrolled in courses containing the same content for a third or more times at institutions since September 1, 2001.” Those courses attempted more than twice will be assessed the non-resident tuition rate after Census Day of the applicable semester.

Note: There are exceptions to this policy as designated by law. For example, exceptions include the following types of courses: thesis and dissertation courses; those music and art courses which involve more advanced content; independent study courses that are not substitutes for regular courses; special topics courses when topics vary; some developmental education courses; and continuing education courses required for professional certification.
Request for Graduate Reduced Tuition (Code 3)

Under provisions of the Texas Higher Education Code Section 54.051(e), Texas residents are eligible for a reduced tuition rate when enrolling for professional paper, thesis, or dissertation only, provided those hours are the final credits required for the degree. Students must complete a form requesting the reduction (http://www.twu.edu/gradschool/forms.asp) and return it to the Graduate School (http://www.twu.edu/gradschool) prior to the final semester.

Required Fees (Subject to Change)

Technology Fee
A $22.50 per semester credit hour technology fee will be charged to all students who register for any semester. The technology fee is assessed to help cover the cost of computer operations used for admissions, registration, student financial aid, computer labs, student work stations, and other student computer services.

Fitness and Recreation Fee
A fitness and recreation fee of $73.00 per semester will be assessed to all students who enroll. This fee is prorated for summer short terms.

Graduate School Application Fee
A $50.00 non-refundable application fee will be assessed all students who apply for admission to the Graduate School.

International Application Fee
A $75.00 non-refundable application fee will be assessed all international students who apply for admission.

International Education Fee
A $3.00 international education fee will be charged to all students who enroll each semester. Funds collected under this fee will be used in assisting students participating in TWU international or exchange programs.

Instructional Enhancement Fee
A per credit hour fee will be assessed to all students who enroll. This fee allows continuous improvement in course instruction and outstanding advising services.

• Undergraduate Rate - $7/semester credit hour
• Graduate Rate - $11/semester credit hour

Late Registration Fee
Students will be assessed a $50.00 non-refundable late registration fee if they register and/or pay beginning the first day of class for a semester.

Library Access Fee
A library access fee of $9.00 per semester credit hour will be assessed to all students who enroll for the fall, spring, or summer.

Medical Services Fee
A medical services fee of $47.00 per semester will be assessed all students who enroll. This fee is prorated for summer short terms. The medical services fee is used to provide medical services to students at the University.

Program Fee
A program fee will be assessed to all students who enroll. This fee supports academic programs on each campus.

• Lower-level undergraduate fee (1000 & 2000 level courses): $8/semester credit hour
• Upper-level undergraduate fee (3000 & 4000 level courses): $15/semester credit hour
• Graduate-level fee (5000 & 6000 level courses): $25/semester credit hour

Publication Fee
A $2.00 publication fee will be charged per semester to all students who enroll. The publication fee is used to defray the cost of publishing University publications.
Student Union Fee
A student union fee of $150.00 will be charged each semester to all students who enroll. This fee is prorated for summer short terms. The student union fee finances the Office of the Director of the Student Center and the maintenance of the student center areas on each campus.

Student Identification Card
An $11.00 non-refundable fee will be assessed each semester to students who enroll. This fee covers the cost of the student identification card system.

Student Services Fee
The student services fee is charged based on semester credit hours. For all semesters the fee is charged at a rate of $31.25 per semester credit hour not to exceed the following maximums:

- $250.00 per semester during the long fall, spring, or summer terms
- $125.00 per short summer terms
- $62.50 per mini term

The student services fee entitles students to a variety of services provided by University components or via contract from an outside provider. Components funded at least partially by student services fee are Career and Employment Services, the Center for Student Development, the Counseling Center, Disability Support Services, Intercollegiate Athletics, and Fitness and Recreation. The student services fee also enables students to attend special lectures, concerts, and dramatic presentations; to receive the university newspaper, the Lasso; to participate as members of the United Student Association; and to use a variety of recreational facilities.

Course-Related Costs
Drop/Add Fee (Subject to Change)
A $10.00 fee will be charged for dropping or adding a course when the drop/add occurs on or after the first day of the term. There will be no charge for drops and adds that are departmentally initiated to balance teaching loads or close courses. A charge will be made for each class dropped and/or each class added.

Malpractice Liability Insurance
Students enrolled in the Institute of Health Sciences or in other programs requiring clinical experience will be automatically charged a course related malpractice liability insurance fee.

Bloodborne Pathogens Insurance
Students enrolled in certain courses may be automatically assessed this insurance to provide benefits in case of accidental exposure to bloodborne pathogens/infectious disease in health-related settings.

Textbooks and Supplies
Students and faculty members may purchase textbooks and all school supplies at the University Bookstore. It is difficult to estimate the per-student cost of textbooks and supplies, since the figures vary considerably by level and subject matter area. The cost total will be affected by the proportion of used versus new textbooks purchased by students.

Other Costs and Fees
Diploma and Graduation Fees
A candidate for graduation must pay fees for the diploma, academic regalia, and, if necessary, mailing of diploma. The University will make every effort to keep these fees at a minimum cost, but they may vary from time to time. To replace a previously issued diploma, an additional charge must be paid. Additional information may be obtained from the Registrar’s office.

Housing and Meal Services
See separate bulletin available through the University Housing (http://www.twu.edu/housing/rates-and-contract-terms.asp) Director’s office.

Returned Checks or Electronic Payments (Subject to Change)
A $30.00 service fee will be levied on all returned checks or electronic payments (web-check) if the bank is not at fault. Students submitting a payment to TWU that is returned unpaid are subject to being dropped from the University. It is TWU policy to submit all returned checks immediately upon receipt to the Denton County District Attorney for collection.
Transcript Fee
A non-refundable fee of $10.00 per copy will be charged for all transcripts requested. All holds and past due balances must be cleared before transcripts will be released.

Replacement of Lost Meal Plan/I. D. Card (Subject to Change)
A $10.00 fee is required of all students who apply for the replacement of a lost meal plan or I. D. card.

Payment and Refunds of Tuition and Fees

Tuition and Fees Payment Option
Each student is to select one of the following alternatives for the payment of tuition and fees:

- Full payment of tuition and fees is required prior to the beginning of each semester in accordance with published deadlines in the Academic Calendar. Accepted financial aid can be used to hold class schedules and make required payment. Failure to pay will result in the deletion of all courses. Tuition and fee bills are not mailed to students but available online through WebAdvisor by accessing “My E-Bill.”

- Installment Payment Plan (Subject to Change). An installment payment plan option is available for the Fall, Spring and long Summer terms only. Online enrollment by the student is required. This payment option is available through the Pay Online feature through Pioneer Portal or from the TWU Homepage. The Fall and Spring payment plan requires a down payment of 25 percent of total semester charges by the published payment deadline. The remaining balance is split into three payments that are due at one-month intervals during the semester. The long Summer term payment plan requires a 50 percent down payment by the published payment deadline with the remaining balance in two payments that are due at one-month intervals. An incidental fee of $15 (subject to change) will be assessed at the time of enrollment in any installment plan and is due in addition to the required down payment. Accepted financial aid awards can be used to make the required down payment for any installment plan.

Delinquent Payment Penalty (Subject to Change)
As provided by law, any student who fails to make full payment of tuition and all fees by the due date may be prohibited from registering for classes until full payment is made. In addition, the following charges apply:

- A charge of $15.00 for delinquent payment. Any student who does not make installment payments by the due dates stated above will be charged a delinquent payment fee of $15.00 for each payment that is delinquent.

- The student will not receive course credit if full payment is not made prior to the end of the semester.

Refunds for Classes Dropped
Refunds will not be made for any class dropped after the twelfth class day during the fall and spring semesters or after the second class day during each short term. Full refunds will be given for classes dropped prior to these days provided the student remains enrolled in other semester credit hours.

Refunds for Withdrawal
Withdrawal from the University means officially dropping all classes through forms filed with the Office of Student Life. Refunds are pro-rated based on the day on which the student withdraws in relation to the Academic Calendar. The following schedule determines the refunds for tuition and fees for long fall, spring or summer semester withdrawal:

<table>
<thead>
<tr>
<th>Prior to the first class day</th>
<th>Prior to the first class day of the semester</th>
<th>During the first five class days of the semester</th>
<th>During the second five class days of the semester</th>
<th>During the third five class days of the semester</th>
<th>During the fourth five class days of the semester</th>
<th>After the fourth five class days of the semester</th>
</tr>
</thead>
<tbody>
<tr>
<td>A non-refundable $15.00 matriculation fee will be assessed.</td>
<td>100%</td>
<td>80%</td>
<td>70%</td>
<td>50%</td>
<td>25%</td>
<td>None</td>
</tr>
</tbody>
</table>

No part of tuition or fees is returned after the 20th class day of the semester.

The following schedule determines the short or mini term refunds for tuition and fees upon withdrawal from the University (Education Code Section 54.006 (b2) Texas School Law Bulletin):

<table>
<thead>
<tr>
<th>Prior to the first class day</th>
<th>Prior to the first class day of the session</th>
<th>During the first class day of the session</th>
<th>During the second class day of the session</th>
<th>Third day of class of the session and thereafter</th>
</tr>
</thead>
<tbody>
<tr>
<td>A non-refundable $15.00 matriculation fee will be assessed.</td>
<td>100%</td>
<td>80%</td>
<td>50%</td>
<td>None</td>
</tr>
</tbody>
</table>
Students withdrawing from the University who are enrolled for classes that begin after the last day for refunds will receive no refund of tuition and fees for those classes.

**Refund Delivery Method**

TWU has contracted with HigherOne to facilitate the delivery of all student refunds for excess financial aid; dropped class refunds; account adjustment credits or withdrawal refunds. Refund checks will not be issued by the University.

A TWUOne/MasterCard (https://twuone.higheroneaccount.com) dual logo debit card will be sent to students by mail after registering for their first semester at TWU. In order to receive any refund due from the University, the card must be activated online and a selection made from one of two methods to receive refund dollars:

- Easy Refund is the most expeditious way to receive any refund. Funds are credited to the One Account the same business day that they are received by HigherOne. The TWUOne Debit card may be used at any merchant or site that accepts MasterCard.
- ACH (electronic transfer) of refund dollars to an existing bank account. This method takes one to three business days.

The card is required to select either refund option.

**Undergraduate Tuition Rebate Program**

Students who wish to participate in the Tuition Rebate Program must attempt no more than three semester credit hours in excess of the minimum number of semester credit hours required to complete their degree. The minimum total includes transfer credit, repeated credits, withdrawals, and credit earned by examination. Students who enroll with well-defined interests who want to complete their undergraduate study within the three-attempted-semester-credit-hour limit are eligible for a rebate of up to $1,000. Specific information and the required agreement form are available from the Registrar’s Office (www.twu.edu/registrar). The deadline to submit this form to the Registrar’s office is the same deadline as the Application for Graduation.
Financial Aid

Office of Financial Aid (http://www.twu.edu/finaid)
Texas Woman's University
P.O. Box 425408
Denton, TX 76204-5408
940-898-3064
finaid@twu.edu

TWU maintains an Office of Financial Aid (http://www.twu.edu/finaid) which provides financial assistance to qualified students. Aid may be awarded in the form of work, grants, loans, assistantships, scholarships or some combination of these. In order to assure that a student’s financial aid is available at registration, the following application deadlines must be followed:

<table>
<thead>
<tr>
<th>Aid Type</th>
<th>Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Academic Scholarships</td>
<td>March 15</td>
</tr>
<tr>
<td>Summer Financial Aid</td>
<td>March 15</td>
</tr>
<tr>
<td>Fall/Spring Financial Aid</td>
<td>April 15</td>
</tr>
<tr>
<td>Spring Financial Aid</td>
<td>September 1</td>
</tr>
</tbody>
</table>

Applications received after these dates will be processed on a funds-available basis. Late applicants should be aware that funds may not be available as early as they are needed for payment of tuition, fees, and related educational expenses.

Financial aid recipients must maintain satisfactory progress toward a degree or certification in order to retain their eligibility. Specifically, this means that students receiving financial aid must successfully complete 6 semester credit hours each semester with a minimum 3.0 grade point average. Grades of ‘F’, ‘I’, ‘W’, and ‘WF’ will not satisfy this requirement. Failure to meet the minimum grade requirements will result in financial aid probation.

A student on financial aid warning will be permitted to receive aid for one semester. If the student successfully meets the minimum academic standards during the warning semester, he or she will return to good standing for financial aid purposes. Failure to meet the minimum academic progress standards during the warning semester will result in the suspension of financial aid eligibility until the standards are met. Students who feel that there were mitigating circumstances beyond their control which impacted their progress may submit a written appeal to the Director of Financial Aid.

Master’s level financial aid applicants may not have registered for, or attempted, more than 54 semester credit hours toward a master’s degree. Doctoral level financial aid applicants may not have registered for, earned, or attempted more than 90 semester credit hours toward a doctoral degree. The maximum semester credit hours include all semester credit hours at the master’s and doctoral level from any institution regardless of whether aid was received. If a graduate student’s curriculum requires more course work than the allowable maximum, a letter from the department chair specifying the total semester credit hours required must be submitted to the Office of Financial Aid for re-evaluation of the applicant’s maximum eligibility period. For more information, contact:

Graduate Assistantships

The University provides a limited number of graduate assistantships, graduate teaching assistantships, and graduate research assistantships for qualified graduate students. Stipends vary according to assignment and educational level of the applicant. Information regarding appointment procedures and remuneration is located on the Graduate School website (http://www.twu.edu/gradschool/graduate-assistants.asp).

Graduate programs are designed to enhance the student’s scholarly and professional development. Assignments and responsibilities will enhance the assistant’s scholarship and professional development. The assistant receives a stipend for contributing to the teaching and research mission of the University.

The University recognizes three types of graduate assistants:

1. A graduate teaching assistant will be employed as the teacher of record. As the teacher of record, the graduate teaching assistant is responsible for assigning final grades. Work units are determined in the same way as for a regular faculty member. A graduate teaching assistant who is working toward the master’s degree may be assigned teach to undergraduate courses only. A graduate teaching assistant who holds the master’s degree and is working toward the doctoral degree may be assigned to teach undergraduate courses. Only under extremely unusual circumstances or in cases of demonstrated expertise or experience may a graduate teaching assistant working toward the doctorate be assigned to teach master’s level courses. This arrangement must be reviewed and approved in advance by the Dean of the Graduate School. A graduate teaching assistant may not be assigned to teach doctoral level courses. An exception at the discretion of the Dean of the Graduate School may be made in the case of graduate teaching assistants who have demonstrated exceptional expertise or experience. A graduate teaching assistant is both a student and a faculty member. As a student, the assistant is expected to maintain high academic standards to retain the assistantship. As a faculty member, the assistant is expected to complete teaching and research responsibilities in a timely and efficient manner. For the graduate teaching assistant, the teaching assignment should provide opportunity for obtaining depth of knowledge within the academic discipline.
2. A **graduate assistant** will not be considered to be the teacher of record. The graduate assistant will be paid from Instructional Funds. The graduate assistant will provide direct support of instruction and will assist students as needed. The primary purpose of the graduate assistant should not be to do filing and clerical work.

3. A **graduate research assistant** is employed in conjunction with the research of a faculty member in a capacity that enhances the student's career and educational development. For the graduate research assistant, the research project may ideally result in a professional paper, thesis, or dissertation. Duties vary depending on the type of research project and may include laboratory experiments, library searches, data entry, preparation of reports, and other relevant assignments.

Applications for assistantships (http://www.twu.edu/gradschool/graduate-assistants.asp) may be secured from the Graduate School website (http://www.twu.edu/gradschool). The application must be filed with the head of the academic component in which the assistantship is sought for review and recommendation. If the assistantship is outside of the student's academic program, the student needs to inform her/his academic advisor of her/his assistantship.

General criteria for all graduate assistants:

1. The student must be admitted to graduate school.

2. The student must be in good academic standing at TWU. A student who is on scholastic probation may not hold a graduate assistantship.

3. A student who is employed full-time in any position cannot be appointed as a full-time graduate teaching assistant. A student who holds a full-time position may hold a graduate research assistantship.

4. A student is not permitted to hold a graduate assistantship at TWU concurrently with an assistantship at any other college or university or with a student assistantship at TWU.

5. The maximum course load for a student who holds a graduate assistantship of approximately half time is 12 semester credit hours. The recommended course load for a graduate assistant with an appointment of approximately half time is nine semester credit hours. The minimum course load for a graduate assistant with an appointment of approximately half time is six semester credit hours. (Students enrolled over summer should consult with the Graduate School). Graduate students who are enrolled for professional paper, thesis, or dissertation will be permitted to register for the number of semester credit hours required by their programs so long as clear evidence of progress on the research paper can be demonstrated. Any requests for exceptions are required to come from the Chair of the student's program.

6. In-state Tuition waiver: A graduate assistant is entitled to register by paying the tuition and other fees or charges required for Texas residents without regard to the length of time the assistant has resided in Texas if the assistant is employed at least one-half time (.50 FTE) and is working in a position which relates to his/her degree program. The student should complete the Request for In-State Tuition (http://www.twu.edu/gradschool/graduate-assistants.asp) form, have it signed by the Chair of the department, and send to the Graduate School. Graduate School personnel will approve and forward it to the Registrar.

7. International students must demonstrate English speaking proficiency through one of the following in order to hold a graduate teaching assistantship:
   - score of 26 or higher on the TOEFL iBT (https://www.ets.org/toefl/ibt/about) speaking section
   - score of 7.5 or higher on the IELTS (http://www.ielts.org) Speaking Test
   - score of 4 or higher on the MELAB (http://www.cambridgemichigan.org/melab) Speaking Test
   - International students must also follow the guidelines of International Education (http://www.twu.edu/international-education).

**Scholarships**

Texas Woman's University awards more than 10 million in scholarships (http://www.twu.edu/finaid/scholarships.asp) annually which includes merit based, departmental, endowed, and need based scholarships.

- Scholarship applicants must first apply for admission to Texas Woman's University (TWU) through Apply Texas (https://www.applytexas.org/adappc/gen/c_start.WBX).

- Priority deadline is March 15th deadline for fall and spring semester. The online system will help you identify scholarships for which you are eligible to apply.

- Complete the general application and submit to be auto-matched for new student scholarships.

- After the general application is complete, press the "opportunities" button and review "recommended opportunities". These are scholarships you must manually apply for in the system. The TWU Scholarship Committee is wholly responsible for the selection of the new and continuing scholarship recipients.
• Scholarships will be discontinued any time a recipient withdraws from TWU or fails to meet requirements regarding academic progress, or attends less than full-time each term.
• Scholarship offers are subject to timely acceptance in the scholarship system and your financial aid office, found in the portal account.

Eligibility
To be considered for scholarships, students must meet the following criteria:

• Have all required admission applications and academic transcripts in the TWU Admission’s Office or Graduate Admission’s Office by the application deadline.
• Enroll full-time (minimum of 12 hours for undergraduate and graduate students and 9 hours for part-time graduate students or graduate assistants).

Eligibility Exception
• You are graduating at the end of the semester of the award
• Your degree program requires less than full-time enrollment (Example: Clinicals, student teaching, thesis, dissertation, or professional paper)
• The scholarship description permits part-time enrollment.

Award Notifications
• All award notifications are sent to your TWU email account
• The awards must be accepted online, then the funds will be transmitted to your account
• Scholarship awards are made in the Fall and Spring semester only

Scholarships Available to both Undergraduate and Graduate Students

Entering International Student Scholarships
These scholarships are awarded to new entering undergraduate or graduate international students. Awards are $2,000.00 per year and can be automatically renewed for up to four years for undergraduate, two years for Master students and three years for Doctoral students. These scholarships will be renewed as long as the student maintains immigration status and is enrolled full-time (minimum of 12 credit hours for undergraduate and 9 credit hours for graduate). They must also maintain a 3.0 grade point average for undergraduate, 3.2 grade point average for Masters and Doctoral students. This scholarship is awarded on the basis of cumulative grade point average and academic discipline.

Departmental Scholarships
There are hundreds of endowment scholarships that are awarded each year. Each academic department and the TWU Alumni foundation has scholarship funds available to award. Departmental awards are selected through the TWU Online Scholarship application. After applying for admission to the university, each student must complete the TWU online application prior to the March 15 deadline to be considered. The online system will help you identify scholarships to which you most closely match the criteria and eligibility requirements.

Entering First-Time Graduate Student Scholarships

New Graduate Student Scholarships
Awards are $2,500.00 per year for full-time students (nine credit hours or more) and $1,000.00 for part-time students (six to eight credit hours). This scholarship is automatically renewable for up to two years for Master students and up to three years for Doctoral students as long as the recipient maintains a 3.2 or higher cumulative grade point average. Only students who will be starting their graduate work at TWU for the first time are eligible to apply for this scholarship. This scholarship is awarded on the basis of cumulative grade point average and academic discipline.

McNair Scholars Scholarship
Several awards of $2,500.00 per year will be made to new graduate students who were undergraduate McNair Scholars. These awards are renewable as described in the New Graduate Student Scholarship section. Applicants must provide a letter of verification from their McNair advisor to the Dean of the TWU Graduate School.

Entering International Student Scholarships
These scholarships are awarded to new entering graduate international students. Awards are $2,000 per year and can be automatically renewed for up to two years for Master students and three years for Doctoral students. These scholarships will be renewed as long as the student maintains immigration status and is enrolled full-time (minimum of 9 credit hours). They must also maintain a 3.2 grade point average. This scholarship is awarded on the basis of cumulative grade point average and academic discipline.
Other Scholarships for New and Returning Graduate Students

Mary Bryan and Tom C. Reitch Scholarship

Awards are $1,500.00 per year. This scholarship is available to new entering students and current TWU students. Awards are based upon academic standing and financial need. Applicants may be required to complete an essay explaining financial need or hardship through the online scholarship application to be eligible for this scholarship. This is a one year scholarship and students awarded this scholarship must apply for it every year to be considered.

Departmental Scholarships

There are hundreds of endowment scholarships that are awarded each year. Each academic department and the TWU Alumni Foundation has scholarship funds available to award. Departmental awards are selected through the TWU Online Scholarship application. http://www.twu.edu/finaid/scholarships.asp After applying for admission to the university, each student must complete the TWU online application prior to the March 15th deadline to be considered. The online system will help you identify scholarships to which you most closely match the criteria and eligibility requirements.

Grants

Grants are awards of funds which do not require repayment and are usually awarded based on documented financial need. A Free Application for Federal Student Aid (FAFSA) (https://fafsa.ed.gov) is required. Visit the Office of Financial Aid (http://www.twu.edu/finaid/grants.asp)’s Grants website (http://www.twu.edu/finaid/grants.asp) for additional information.

Texas Public Education Grant

This Texas grant is awarded to eligible Texas resident, non-Texas resident, and international students both at the graduate and undergraduate levels. Awards range from $100 to $2,400 depending upon the student’s eligibility.

Board Authorized Tuition Grant

The Board Authorized Grant is a Texas Grant that is awarded to graduate Texas residents based upon financial need. Recipients must be enrolled at least half-time (6 semester credit hours/semester) in a degree or certification program, unless all regular coursework has been completed and less than half-time enrollment is in professional paper, thesis, dissertation, or an equivalent course. The average award is $1,600 annually. Recipients receive funds by credit to their university account.

TEACH Grant

This grant is awarded to eligible students who enroll in coursework necessary to begin a career in teaching or plan to complete such coursework. Awards provide up to $4,000 per year ($16,000 total for four-year programs) in grants to students who intend to teach full-time in high-need subject areas for at least four years at schools that serve students from low-income families. Graduate students are also eligible for $4,000 per year ($8,000 total). For students who receive the TEACH Grant, but fail to teach at least four years in an eligible curriculum, the grant becomes an interest bearing loan. Eligible applicants must have scored above the 75th percentile on the SAT, ACT, or GRE, or have graduated from high school with a cumulative grade point average of at least 3.25 on a 4.0 scale and earn a cumulative grade point average of at least 3.25 throughout the academic program for which the TEACH Grant is issued.

To avoid repaying the TEACH Grant as a loan with interest, a recipient must be a highly-qualified, full-time teacher in a high-need subject area, for at least four years within eight years of graduation, at a school serving low-income students.

Student Loans

The University administers loan programs whereby students can borrow a substantial part of the expenses of pursuing university study. Repayment of loans begins six months after the recipient has ceased enrollment as at least a half-time student (6 semester credit hours per semester). Students who receive loans as part of their financial aid award must complete Entrance Loan Counseling prior to receiving the loan funds. Entrance Loan Counseling may be completed online at StudentLoans.gov (https://studentloans.gov), on the TWU Financial Aid website (http://www.twu.edu/finaid/debt-management.asp) for non-federal loans, or in person by calling 940-898-3067 to schedule an appointment.

For more information on the loans listed below, please visit the TWU Financial Aid website (http://www.twu.edu/finaid).

Federal Direct Stafford Student Loans

Federal Direct Subsidized Stafford Student Loan

This loan is available to undergraduate students only on the basis of documented financial need. Repayment and interest are deferred until six months after the student graduates or ceases to be enrolled for at least six semester credit hours. The interest rate is variable up to 8.25% and is adjusted each year on July 1. The actual interest rate will be printed on the Disclosure Statement which the student will receive from the lender. The lending institution will notify the student borrower of interest rate changes throughout the life of the loan. Distinctions between this loan and the Federal
Direct Unsubsidized Stafford Loan are that the Federal Direct Unsubsidized Stafford Loan does not require documented financial need and interest on the Federal Direct Unsubsidized Stafford Loan begins to accrue when funds are disbursed.

### Federal Direct Subsidized Stafford Loan Annual Maximums

### Federal Direct Unsubsidized Stafford Loan

This loan is available to undergraduate students or graduate/professional students. Interest accrues from the date of disbursement at a variable rate not to exceed 9% annually. The federal government sets the rate each year. Graduate students may borrow up to $20,500 annually with an aggregate maximum of $138,500 (including subsidized and unsubsidized loans borrowed at the undergraduate level).

### College Access Loan

The University participates in the state loan program which was authorized by an amendment to the state constitution on November 2, 1965. Students who are legal residents of Texas and those eligible to pay Texas resident tuition rates may apply for this type of loan.

This loan is offered by the Texas Higher Education Coordinating Board to undergraduate and graduate students who are Texas residents or who are eligible to pay Texas resident tuition. This loan is not limited to students with documented financial need. Simple interest of 6.0% begins to accrue when funds are disbursed. Repayment begins six months after the student graduates or ceases to be enrolled for at least six semester credit hours. In addition to the Free Application for Federal Student Aid and the TWU application for Student Financial Aid, applicants must complete a College Access Loan application including the notarized signature of a credit-worthy payment guarantor (co-signer) other than a spouse. Students may borrow up to the cost of attendance annually. The aggregate/cumulative loan limit is $45,000. The minimum monthly payment is $50.00. Principle and interest must be paid in full within 10 years after repayment begins.

### Federal Perkins Student Loan

The University participates in the Perkins Loan Program authorized by the National Education Act of 1958 (Public Law 85-864) as amended by the Education Amendments of 1976 (Public Law 94-482). This loan is available to undergraduate and graduate students on the basis of exceptional financial need. Repayment and interest are deferred until nine months after a borrower graduates or ceases to be enrolled for at least six semester credit hours. The current interest rate is 5% annually. Under certain circumstances a portion of the loan may be canceled for designated public service.

### Federal Nursing Student Loan Program

The University participates in the Nursing Student Loan Program which was established by the Nursing Training Act of 1964. This loan is available to undergraduate and graduate nursing majors on the basis of financial need. The interest rate is currently 5% annually. Repayment and interest are deferred until nine months after a borrower graduates or ceases to be enrolled for at least six semester credit hours in the College of Nursing.

### Federal Nursing Student Loan Maximums

The aggregate/cumulative maximum is $13,000 including amounts borrowed for both undergraduate and graduate study.

The Ella Kate and Wallace Ralston Medical and Nursing Student’s Loan Fund

The Ella Kate and Wallace Ralston Medical and Nursing Student’s Loan Fund was established under the will of the late Ella Kate Ralston of Houston, TX. Mrs. Ralston was the widow of Dr. Wallace Ralston, a prominent Houston physician who specialized in diseases of the eye until his death in 1951. To the extent funds are available, this fund provides loans to full-time medical or nursing students who are Texas Residents and citizens of the United States. Loans up to $5,000 annually for medical students and up to $2,000 annually for nursing students are awarded on the basis of financial need. Preference will be given to junior and senior students, but loans may be granted to sophomores if funds are available.

Federal Direct Graduate PLUS Loan

This loan is available to degree or certification seeking students, enrolled half-time or more, who have exhausted their annual eligibility for the Unsubsidized Federal Direct Stafford Loan. A credit check is required and a FAFSA must be completed. Students may borrow up to the cost of attendance minus other aid received. Repayment begins 60 days after the final disbursement of the loan, but may be deferred during continued half-time enrollment. Interest payments not made during periods of enrollment or deferment will be capitalized.

Emergency Loan Fund

To be eligible for an Texas Public Education Emergency Loan (http://www.twu.edu/finaid/tpe-emergency-loans.asp), a student must be enrolled or accepted for enrollment at the University. These loans are restricted to the payment of University charges for tuition, fees, room and board. These loans are of a short-term emergency nature and must be repaid within 60 days. The rate of interest is three to five per cent depending upon the source of funds.

Information and online applications are available through the TWU Pioneer Portal (https://portal.twu.edu/default.asp).

Financial Aid Refunds and Repayments

Financial aid recipients who enroll and receive aid for a particular semester, then fail to complete more than 60% of that semester, will have to repay part or all of the aid received for that semester. Additionally, any tuition, fees, room or board payments refunded by TWU as a result of a student’s withdrawal must be returned to the financial aid programs in accordance with federal law.

Up through the 60% point in each semester, a pro rata schedule is used to determine the amount of aid to be repaid by a student who withdraws. No adjustments in financial aid are required for students who withdraw after the 60% point in a semester.

Examples of refund and overpayment calculations for financial aid recipients may be obtained from the Office of Financial Aid (http://www.twu.edu/finaid).

Financial Aid Overawards

In accordance with federal law, financial aid awards will be revised if the recipient receives awards in excess of documented financial need.

Consumer Information Disclosures

As a participant in Title IV Federal Student Financial Aid Programs, Texas Woman’s University is pleased to provide the following Consumer Information to you:

Financial Aid Information

Financial aid information is available online at the Office of Financial Aid (http://www.twu.edu/finaid).

The information includes:

- A description of all Federal, State, local, private, and institutional student financial aid assistance available to students who enroll at Texas Woman’s University;
- A description of need-based and non-need-based federal financial aid that is available to students including scholarships, grants, work-study, and loans;
- Policy for the disbursement of funds for books and supplies to students eligible for Pell Grants;
- The terms and conditions under which students receive Federal Direct Student Loans, Federal Parent Loans, Federal Perkins Student Loans, Federal Nursing Student Loans, Texas (State) College Access Loans and Texas (State) Be-On-Time Loans;
- The procedures and forms by which students apply for financial assistance;
- The criteria for selecting aid recipients from the group of eligible aid applicants;
• The criteria for determining the amount of a student’s award;
• The rights and responsibilities of students receiving financial assistance;
• The criteria for continued student eligibility under each financial aid program;
• The academic standards which the student must maintain in order to be considered to be making satisfactory academic progress in his or her course of study for the purpose of receiving financial aid;
• The criteria by which the student who has failed to maintain satisfactory academic progress may reestablish his or her eligibility for financial assistance;
• The method by which financial aid is disbursed and the frequency of those disbursements;
• The terms of any loan received by a student as part of the student’s financial aid package, a sample loan repayment schedule for sample loans and the necessity for repaying loans;
• The general terms and conditions applicable to any employment provided to a student as part of the student’s financial aid package;
• The exit counseling information provided and collected by Texas Woman’s University for borrowers under the Federal Perkins Loan Program, the Federal Nursing Loan Program, and the Federal Direct Student Loan Program.

The names and titles of persons designated to assist students in obtaining financial aid information are available at Office of Financial Aid (http://www.twu.edu/finaid/staff.asp).

The names and titles of persons designated to assist students in obtaining admissions and general school information are available at:

Graduate School (http://www.twu.edu/gradschool/staff.asp)
Admissions Counselors (http://www.twu.edu/admissions/counselors.asp)

Education Abroad
Students interested in studying abroad should contact Education Abroad Programs (http://www.twu.edu/education-abroad).

Students who participate in programs abroad which are approved for academic credit at Texas Woman’s University may receive federal (Title IV) financial aid. Information on financial assistance for education abroad is also available through Education Abroad Programs.

Cost of Attendance
Cost of attendance information, including tuition and fees charged to full-time and part-time students, estimates of costs for necessary books and supplies, estimates of typical charges for room and board, estimates of transportation costs for students, and any additional cost of a program in which a student is enrolled or expresses a specific interest, is available at:

Estimated Cost of Attendance (http://www.twu.edu/finaid/estimated-cost-attendance.asp)

Office (http://www.twu.edu/bursar) of the Bursar (http://www.twu.edu/bursar)

Tuition and Fee Refund Policy
Policies about tuition and fee refunds resulting from dropped courses or withdrawals (http://www.twu.edu/bursar/RefundInformation.asp).

Withdrawing from the University
Requirements and procedures for dropping courses or officially withdrawing from the university (http://www.twu.edu/registrar/dropping-withdrawing.asp).

Financial Aid Repayments Due to Withdrawal or Dropped Courses
Information on financial aid repayments resulting from withdrawal or dropped courses (http://www.twu.edu/finaid/repayments.asp).

Academic Programs
Information on academic programs available at Texas Woman’s University, accreditation, instructional personnel, and plans for improving academic programs is available at Office of Academic Affairs (http://www.twu.edu/academic-affairs/default.asp).

A copy of the most recent accreditation report may be obtained at the SACS - Commission on Colleges (http://www.twu.edu/sacs).

Questions regarding academic accreditation, licensing, and placement of and types of employment obtained by graduates of degree and certificate programs should be directed to:

Robert Neely, Ph.D.
Provost & Vice President for Academic Affairs
Texas Woman’s University
P.O. Box 425617
Graduation and Completion Rates
Information on graduation and completion rates for Texas Woman’s University is available in the Fact Book (http://www.twu.edu/institutional-research/fact-book.asp).

Questions concerning graduation and completion rates should be directed to:

Mark S. Hamner, Ph.D.
Assistant Provost
Texas Woman’s University
P.O. Box 425765
Denton, TX 76204-5765
PH: 940.898.3039

Equity in Athletics, Athletic Funding
The most recent Equity in Athletics Report can be found at TWU Athletics (http://www.twuathletics.com).

Questions concerning Equity in Athletics, athletic funding, or athletic programs should be directed to:

Chalese Connors, Athletic Director
Texas Woman’s University
P.O. Box 425349
Denton, TX 76204
PH: 940.898.2378

Drug and Alcohol Abuse Prevention
Information on drug free campuses and communities, alcohol and drug policies, and drug abuse and treatment programs is available in the Texas Woman’s University Student Handbook (http://www.twu.edu/student-life-office/student-handbook.asp). Questions concerning alcohol and drug policies and drug abuse and treatment programs should be directed to:

Monica Mendez-Grant, Ed.D.
Vice President for Student Life
Texas Woman’s University
P.O. Box 425379
Denton, TX 76204
PH: 940.898.3601

Information on crime statistics, security policies, and fire safety is available at the TWU Department of Public Safety (http://www.twu.edu/dps).

Questions concerning crime statistics, security policies or fire safety should be directed to:

Elizabeth Z. Pauley, Director of Public Safety
Texas Woman’s University
P.O. Box 425767
Denton, TX 76204-5765
PH: 940.898.2911

Disability Support Services
Information about services and facilities available to students with disabilities, including students with intellectual disabilities, is available at the Office of Disability Support Services (http://www.twu.edu/disability-support-services).

Questions concerning disability services and facilities should be directed to:

Jo Ann Nunnelly, Director of Disability Support Services
Texas Woman’s University
P.O. Box 425966
Denton, TX 76204-5966
PH: 940.898.3835
Rights, Responsibilities and Other Legal Matters

Withdrawing or Dropping Courses

A student who withdraws or drops courses after receiving a financial aid payment may be required to repay part or all of their financial aid immediately. Withdrawing or dropping below six semester credit hours may also impact future financial aid eligibility. Students are strongly advised to contact the Office of Student Financial Aid prior to making decisions regarding withdrawing or dropping classes. Also, see the “Satisfactory Academic Progress Requirements” information in the “General Eligibility Requirements” section of this document for information on the impact of dropping classes or withdrawing.

Simply not attending class, or not paying for the registration, will not automatically cancel the classes. Failure to withdraw officially will result in grades of “F” for each class in which one has pre-registered. Students may incur additional cost if proper withdrawal procedures are not followed. Some financial aid funds such as grants, scholarships, Federal Perkins Loans, Federal Stafford Student Loans, Parent Loans for Undergraduate Students, College Access Loans, Emergency Loans, and Nursing Student Loans are applied automatically toward registration or pre-registration charges. This results in the student’s registration or pre-registration being finalized. Consequently, students who register online or by telephone, and later decide not to attend Texas Woman’s University, must contact Student Life at 940-898-3601 to officially withdraw from all classes. Failure to officially withdraw may make the student responsible for repaying financial aid. See “Financial Aid Refunds and Repayments” section below.

Legal Rights of Financial Aid Recipients

Students receiving federal student aid have certain legal rights. Students’ rights include the following:

- The student has the right to know what financial aid programs are available at TWU.
- The student has the right to receive a listing from the financial aid office of the agency in each state which may be contacted regarding grants available to residents of that state.
- The student has the right to know the deadlines for submitting applications for each of the financial aid programs available.
- The student has the right to know how financial aid will be distributed, how decisions on that distribution are made, and the basis for these decisions.
- All financial aid payments are disbursed on a term by term basis. Typically, students receive one disbursement per term or semester. Funds awarded after the start of a term are disbursed as the funds become available.
- All scholarships, grants, Federal Direct Stafford Loans, Federal Perkins Loans, Nursing Loans, College Access Loans, Federal Direct Graduate PLUS, and Federal Direct Parent Loans credited to your student account will be applied to any charges owed to TWU. Any amount exceeding charges owed to TWU will be refunded to you. TWU has contracted with HigherOne, a third party vendor, to refund student account related credit balances including refunds of financial aid funds. New students will receive the TWUOne debit card by mail within two weeks after their registration.
- The student has the right to know what financial aid programs are available at TWU.
- The student has the right to know how financial aid will be distributed, how decisions on that distribution are made, and the basis for these decisions.
- The student has the right to know how the school determines whether he/she is making satisfactory academic progress, and the results of not meeting these standards.
- If the student is offered a Work-Study job, he/she has the right to know the required work hours, the job duties, the rate of pay, and how and when paychecks are received.
- If the student believes a mistake has been made in determining his/her financial aid eligibility, he/she has the right to ask that his/her financial aid application be reconsidered.
- If the student has a loan and the lender transfers (e.g. sells) the loan and the right to receive payments, the student must be sent a notification telling him/her to whom he/she must now make payments.
- Lenders must provide borrowers with a copy of the complete promissory note.
• The student has the right to prepay a loan without penalty. This means that he/she may at any time pay in full the loan balance and any interest due without being charged a penalty by the lender for early payment.

• If the student cannot meet a loan repayment schedule, he/she may request forbearance from the lender under which the payments may be reduced for a specific period of time.

• In borrowing money, the student assumes the responsibility for repaying the loan. If circumstances arise which make it difficult to meet this responsibility, he/she should contact the lender.

Legal Responsibilities of Financial Aid Recipients

Students receiving federal student aid have certain legal responsibilities. Student responsibilities include the following:

• The student must complete all application forms accurately and submit them on time to the appropriate location.

• The student must provide correct information. The intentional misreporting of information on financial aid application forms is a violation of the law and is considered a criminal offense which could result in indictment under the U.S. Criminal Code.

• The student must return all additional documentation, verification, corrections, and/or new information requested by either the Financial Aid Office or the agency to which an application was submitted.

• The student must report to the Financial Aid Office any additional financial resources received by him/her during the period of his/her financial aid award.

• The student is responsible for reading and understanding all forms that he/she is asked to sign and for keeping copies of the forms.

• The student must accept responsibility for all agreements that he/she signs.

• The student must perform the work that he/she has agreed upon in accepting Work-Study or regular student employment.

• The student must be aware of and comply with the deadlines for application or reapplication for aid.

• The student should be aware of the school's refund policy.

• All schools must provide information to prospective students about the school's programs and performance. The student should consider this information carefully before deciding to attend school.

• If the student receives a loan, he/she must notify the lender if any of the following occurs before the loan is repaid:

   1. Graduation
   2. Withdrawal from school or less than half-time enrollment
   3. Change of address
   4. Name change
   5. Transfer to other school(s)

• If the student has received a Federal Perkins Loan, Nursing Student Loan, Federal Stafford Loan, Graduate PLUS Loan, or a College Access Loan, he/she must attend an entrance loan counseling/debt management session prior to receiving their first disbursement of loan funds at TWU. NOTE: Federal Perkins Loan and Nursing Student Loan recipients must complete entrance loan counseling/debt management each year.

• The student must also attend an exit interview if enrollment drops below 6 credit hours; or if he/she graduates, transfers to another school, or fails to enroll for any long semester.

• The student must repay any loan received at TWU, plus accrued interest, in accordance with the repayment schedule.

• In borrowing money, the student assumes the responsibility for repaying the loan. If circumstances arise that make it difficult to meet this responsibility, he/she should contact the lender.

• The student must notify the lender of any occurrence which may affect eligibility for a deferment of repayment.

• It is the student's responsibility to return his/her signed award letter to the Financial Aid Office within 14 days of its issuance.
Student Rights and Responsibilities

Texas Woman’s University is a community of scholars in which the ideals of freedom of inquiry, freedom of thought, freedom of expression and freedom of the individual are sustained. TWU is committed to preserving the exercise of any right guaranteed to individuals by the constitution. However, the exercise and preservation of these freedoms and rights require a respect for the rights of all people in the community to enjoy them to the same extent. In a community of learning, willful disruption of the educational process, destruction of property, and interference with the orderly process of the university or with the rights of other members of the university cannot be tolerated.

Students enrolling in Texas Woman’s University and registered student organizations assume an obligation to conduct themselves in a manner compatible with the University’s function as an educational community. The act of registering for classes or registering as a TWU student organization is considered an explicit acceptance of TWU’s regulations as outlined in the most recent issue of the Student Handbook and Planner, the General Catalog, the Graduate Catalog, and other official University publications. To fulfill its functions of imparting and gaining knowledge, TWU retains the authority to maintain order within the university and to exclude those who are disruptive of the educational process or who represent a threat to the community.

Students and student organizations must assume the following responsibilities:

1. The right to an environment in the residence halls, academic buildings, and other areas on campus which will be as conducive as possible to study and serious inquiry;
2. The right to inquire about and to recommend improvements in policies, regulations, and procedures affecting the welfare of students through appropriate channels such as student government, administrative offices and various committees;
3. The right to a fair hearing (procedure described below) when charged with violation of University regulations.

Students and student organizations must assume the following responsibilities:

1. The responsibility for being fully acquainted with published regulations and for complying with these regulations in the interest of an orderly and productive community;
2. The responsibility for respecting the rights and property of other persons in the University community.
3. The responsibility for knowing that each student’s conduct reflects not only upon the student but also upon the institution and the members of the community and that conduct must be judged accordingly.
4. Responsibility to help maintain a safe environment by reporting suspicious/concerning/dangerous behavior to university officials.

For further information on student conduct policies please refer to the current Student Handbook and Planner in the print or web edition (www.twu.edu/student-life-office/student-handbook.asp).

Career Services

Career Services Department provides a number of programs and services to educate, develop and assist TWU students in successfully meeting the challenges of an ever-changing world of work. The Department provides career guidance and counseling as well as a wide range of resources including job search guides; workshops and seminars concerning resume writing, interviewing skills and job search techniques; a comprehensive reference area; and access to jobs through on campus recruitment activities and career fairs. Please visit the Career Services (http://www.twu.edu/career-services) website or call 940-898-2950 for additional information or to schedule an appointment.
Career Counseling

Career Counseling is available to assist students with career planning and decision-making. Individual Career Counseling and testing is provided to assist students with conducting an assessment of personality, interest and values and with determining career options to explore. Professional staff conduct regularly scheduled seminars on career planning and decision making.

A Career Resource Library is available to provide students with occupational information. Career exploration materials available to students include career references, directories, books, pamphlets, videotapes, and job search and employer reference materials. Some materials may be checked out from the library.

Job Search/Employment Assistance

Job search and employment assistance is available to assist students and alumni with the job search process and obtaining full-time employment. Students and alumni can meet with professional staff for a resume critique and mock interview. Professional staff also conduct regularly scheduled seminars on developing a resume, interviewing, and preparing for the job search.

Full-time employment opportunities are posted on the Career Services Student Employment website (http://www.twu.edu/career-services). Career day events are held several times a year in Denton, Dallas, and Houston. The schedule of Career Days is posted on the Career Services website (http://www.twu.edu/career-services).

Student Part-Time Employment

Student Employment at Texas Woman's University is a centralized information center for part-time positions on campus as well as off-campus opportunities. Any TWU student who is enrolled in at least one credit hour is eligible to work on campus. Job announcements for on-campus positions are posted outside Career Services, HDB 2nd floor and on the Career Services website (http://www.twu.edu/career-services).

Students who are interested in employment on campus should review the job announcements, follow the “how to apply” instructions listed on each announcement and, when hired, must complete a W-4, payment option form, and provide identification to complete the I-9 form to be processed for payroll. Students will also be required to submit information to allow the university to conduct a criminal background check, which is standard employment procedure. Students at the Denton Campus may obtain these forms in HDB 200; students at the Dallas Center may obtain their forms in IHSD Suite 3600; and students at the Houston Center may obtain their forms in IHSH 1300C.

Off-campus positions are posted on the Career Services Student Employment website (http://www.twu.edu/career-services). There are a wide variety of opportunities available to students. Most positions are in the Denton, Dallas/Fort Worth metroplex areas. The position listings change continuously and students are encouraged to review the website for updated information.

Center for Student Development

The Center for Student Development provides leadership development opportunities and promotes student involvement. In addition, the office provides service leadership through outreach programs utilizing a volunteer network. Students who are interested in information about volunteer services, campus programs, leadership development, or campus organizations should contact the Center for Student Development (http://www.twu.edu/student-development) at 940-898-3626, or come by the office located on the first floor of the Student Union.

Student Government Association

The Student Government Association (http://www.twu.edu/student-government) (SGA) has a long history of student participation and service to the University. SGA meetings are held on each campus (Denton, Dallas, and Houston) on a regular basis, and all students are welcome and encouraged to attend the meetings. Active participation in SGA committees provides students with an opportunity to play a major role in the decision making on their respective campus. Students interested in holding a leadership position in SGA must qualify for office according to the standards stated in the Constitution and Bylaws. Elections are held in the spring semester on all campuses. Students should contact the Center for Student Development for specific dates regarding the Denton campus elections. For Dallas and Houston dates, please contact the Assistant Director of Student Life on the appropriate campus.

Campus Activities Board

The Campus Activities Board (http://www.twu.edu/student-government/campus-activities-board.asp) (CAB), a branch of the Student Government Association, is a student-run organization responsible for providing activities and programs for the student body and the University community. CAB also provides valuable experiences and opportunities for students to develop personal and professional skills in leadership, time management, and group dynamics. Chair positions and committee memberships are open to all students. Additional information is available through the Center for Student Development.

Leadership Development

Students at TWU are encouraged to take advantage of both the formal leadership development programs and the informal opportunities to develop their personal and professional skills. This approach to leadership ensures that students can tailor their own program to promote their individual needs.
Leadership programs, workshops, and retreats provide a strong basis for transitions from TWU to the work force after graduation. Participation in the leadership development program is an integral part of a student’s college experience.

Graduate Student Orientation

The Center for Student Development (http://www.twu.edu/student-development) offers an annual orientation for new graduate students. For more information, contact the Center for Student Development at 940-898-3626, the Graduate Orientation website (http://www.twu.edu/graduate-orientation), or email orientation@twu.edu.

Student Organizations

Involvement in university student organizations (http://www.twu.edu/student-organizations) allows students to acquire skills such as leadership, communication, and team building. Participating in student organizations is beneficial during a student’s collegiate experience and in their role as a citizen within the community. Organizations such as the Student Government Association, honorary societies, social fraternities and sororities, professional organizations, sports clubs, and various special interest groups are vital components in the educational experience at TWU. Participation in student organizations is important to a student’s intellectual and professional development. A current listing of the chartered and University sanctioned organizations may be obtained from the Center for Student Development (http://www.twu.edu/student-development). Although student organizations do not receive any university funding, they are afforded the opportunity to apply for student leadership and programming funds through the SGA House of Representatives at the end of each semester.

Student Organization Policies and Qualifications

All student organizations must renew their charters in the Center for Student Development (http://www.twu.edu/student-development) annually in order to use University facilities and services. An organization will have to go through the New Student Organization Charter process unless it has had chartered status in any of the three prior long semesters. Two officers from all student organizations are required to attend risk management training at the beginning of the fall semester to obtain important information related to student groups. The Student Organization Manual, a complete guide of all student organization policies and procedures, may be obtained through the Center for Student Development. Chartered organizations enjoy the following privileges:

- Access to a student organization mailbox located on the first floor of the Student Union.
- Access to meeting rooms on campus free of charge with the provision that outside groups may not use rooms under a chartered student organization’s name.
- Access to information and support through the professional staff members within the Center for Student Development.
- Ability to elect a member of the organization to serve as a representative within the SGA House of Representatives.
- Ability to create a student organization webpage.
- Access to university vehicles (with the proper driver authorization)
- Inclusion in university publications
- Ability to apply for funding from the House of Representatives through the Student Leadership Development Fund and Student Organization Programming Fund

Student Events/Programs

Students who wish to have events or programs with attendance of 100 persons or more must adhere to policies stated in the Large Event Policy located on the Large Event form (http://www.twu.edu/conference-services/forms.asp). Students must also fill out a student organization event checklist.

In support of the mission of Texas Woman’s University, the Division of Student Life does not allow for planning co-curricular activities during the week prior and the week of final exams. Creating or implementing meetings, programs, or activities during this time period may jeopardize students' ability to perform to their highest academic potential.

In addition, the University prohibits the solicitation of funds by student organizations except under conditions defined and approved by the Center for Student Development and the Office of University Advancement; however, the group may engage in fundraising activities.

Establishing New Student Organizations

In order to become a chartered organization at TWU, an organization must complete an interest form from the Center for Student Development (http://www.twu.edu/student-development) which is submitted to the SGA House of Representatives for review. An organization, once approved, must adhere to the following policies:

- Shall be open to all TWU students regardless of race, sex, creed, disability, sexual orientation, age, and/or sex (National sororities in NPC and NPHC groups are exempt from gender discrimination by the Title IX Education Code);
- Shall be led by TWU student officers elected or appointed by the organization;
- Shall have one TWU faculty and/or staff advisor who must be a full-time employee;
• Shall meet a genuine, demonstrated student interest of at least five students; however, the Center for Student Development recommends ten signatures to show the External Affairs Committee there is true interest in the student organization;
• Shall uphold all University rules and regulations in addition to all state and federal laws;
• Shall update their organization charter annually and provide the Center for Student Development with a list of new officers in the spring semester (if applicable);
• Shall not be an unsolicited auxiliary of a national organization;
• Shall not use the “Texas Woman’s University” or “TWU” name in its title;
• Shall submit an updated local constitution and bylaws on an annual basis. If a group does have a relationship with a national affiliate, a national constitution and bylaws must be submitted on an annual basis. National organizations will need to verify their national affiliation on an annual basis;
• Shall complete all risk management training on an annual basis;
• Shall not use TWU’s tax ID Number.

Requirements for Elected and Appointed Officers of Student Organizations

Academic and social standards for membership and service as officers of student organizations are stipulated in the respective constitutions and bylaws of each organization. In some cases, such requirements may be above the general University requirements. In order to qualify for elected or appointed posts, a student must be in good standing with the University. In addition, a student must be enrolled for 9 semester credit hours as an undergraduate or 6 semester credit hours as a graduate student.

Volunteer Services

TWU Volunteer Services (http://www.twu.edu/volunteer-services) seeks to engage students in experiences that address human and community needs. They strive to promote student learning and development through their programmatic endeavors and commitment to a culture of active citizenship.

TWU students, faculty, and staff can participate in programs and events sponsored by the office such as: Find Your Fit Volunteer Fair, Lunch & Learn Brown Bag Workshop Series, Fall for Fall Service Day, MLK Day of Service, The Big Event, and Philanthropy Spotlight events. Additionally, Volunteer Services sponsors service-learning opportunities through the Alternative Breaks Program.

For members of the TWU community that are not sure how to get started in their service, Volunteer Services also does individual consultations to help narrow your search. For more information on how you can get involved, please visit the Volunteer Services website (http://www.twu.edu/volunteer-services) or contact the Volunteer Services Coordinator at 940-898-3626.

Child Care

There are many different types of child care services available to TWU students. For a complete listing and details, please visit the Commuter Services - Child Care webpage (http://www.twu.edu/commuter/child-care.asp).

Commuter and Non-Traditional Student Services

The Office of Commuter and Non-Traditional Student Service provides programs and services to support the success of non-traditional, off-campus, and on-line students. The department provides information regarding off-campus housing (http://www.twu.edu/commuter/off-campus-housing.asp), childcare (http://www.twu.edu/commuter/child-care.asp), transportation (http://www.twu.edu/commuter/transportation.asp) (DCTA bus and A-train), veteran (http://www.twu.edu/veterans) and military student services, and other commuter resources. Students who are interested in meeting peers or exploring leadership opportunities may join these student organizations (http://www.twu.edu/commuter/non-traditional.asp): Epsilon Omega Epsilon (honor society for online students), SPARK (Student Pioneers Also Raising Children), Student Veterans Association (SVA). Please contact the Commuter and Non-Traditional Student Services Department (http://www.twu.edu/commuter/default.asp) at 940-898-2789, or come by the office located on the second floor of the Student Union for further assistance.

Consumer Information

Information concerning the graduation rate of full-time degree seeking students may be obtained by contacting:

Office of Institutional Research and Data Management (http://www.twu.edu/institutional-research)
P.O. Box 425765
Denton, TX 76204-5765

Statistics on the occurrence of on-campus crime and the number of arrests may be obtained by contacting:

Department of Public Safety (http://www.twu.edu/dps)
P.O. Box 425767
Denton, TX 76204-5767
Statistics on athletic aid recipients including race, gender, sport, and graduation rates; policies regarding the possession, use, and sale of illegal drugs and the enforcement of federal and state drug laws; and policies regarding sexual assault, programs to prevent sex offenses, and procedures to follow when a sex offense occurs; as outlined in the Student Handbook (http://www.twu.edu/student-life-office/student-handbook.asp), may be obtained by contacting:

Vice President for Student Life (http://www.twu.edu/student-life)
P.O. Box 425379
Denton, TX 76204-5379

Counseling and Family Therapy Clinic

The Counseling and Family Therapy Clinic (http://www.twu.edu/family-sciences/counseling-family-therapy-clinic.asp), housed within the Department of Family Sciences (http://www.twu.edu/family-sciences), is open to the public and provides counseling for families, couples, groups, and individuals, both adults and children. Clinical services are provided by doctoral and master’s level family therapists and master's level counselors within the department. All therapists and counselors are supervised by a clinical director and clinical faculty who have earned doctoral degrees, maintain licensure in a mental health discipline, and have more than 100 years of combined experience helping people overcome problems.

The Clinic provides an atmosphere of respect and dignity where each individual and family can be effectively served. Fees are assessed on a sliding scale in order that counseling, education, and preventive services are affordable for every family, couple, and individual. For an appointment or more information, call the Counseling and Family Therapy Clinic (http://www.twu.edu/family-sciences/counseling-family-therapy-clinic.asp) at 940-898-2600. The Clinic is located in HDB 114 on the Denton campus.

Counseling Services

With offices on the Denton, Dallas, and Houston campuses, the Counseling Center (http://www.twu.edu/counseling) assists students with personal, relationship, and vocational concerns. Professional psychologists provide individual, couples, crisis and group counseling; workshops and presentations; and other special programs designed to meet students’ needs. Psychiatric consultation is available as a part of the counseling services when deemed appropriate.

All counseling services are free and confidential to currently enrolled students. A student may request help directly or be referred by faculty or other interested persons. In most cases adequate time will be provided to assist students with their concerns, although the University cannot provide long-term individual counseling. Referral assistance is provided for those individuals needing more extensive counseling than the Counseling Center is able to provide. In Denton, students may visit the Counseling Center in West Jones Hall or call 940-898-3801. In Dallas, students should call 214-689-6655 for an appointment. In Houston, students may visit the Counseling Center on the second floor or call 713-794-2059.

The Counseling Center also maintains a number of internet-based resources on its web site. These include on-line workshops students may access at any time, self-help handouts, links to other resources, and more information about Counseling Center services. For more information, visit the Counseling Center website. (http://www.twu.edu/counseling)

Dental Hygiene Clinic

Services of TWU's Dental Hygiene Clinic (http://www.twu.edu/dental-hygiene/clinic.asp) are available to faculty, staff, students, and the Denton community. For a nominal charge, the Clinic provides the following services: cleaning, periodontal therapy, x-rays, fluoride treatments, sealants, examinations, and oral disease control sessions. The Clinic serves as a laboratory for dental hygiene students and is located on the first floor of the MCL building on the Denton campus.

For more information contact:

Dental Hygiene Clinic (http://www.twu.edu/dental-hygiene/clinic.asp)
P.O. Box 425796
Texas Woman's University
Denton, TX 76204-3796
940-898-2888

Disability Support Services

Location: CFO 106 (Denton campus)
Phone: 940-898-3835
E-mail: dss@twu.edu

The Office of Disability Support Services (http://www.twu.edu/disability-support-services) (DSS) provides services for qualified students with disabilities who need assistance in being able to access academic or other programs on each of the TWU campuses. Students are encouraged to contact the DSS office as soon as possible in order to arrange for accommodations to be in place before they begin their program. Students are required to
submit an application for services, a class schedule, and documentation that verifies the existence of a disability. The staff in the DSS office will then contact the student to arrange for an intake interview so that together they can determine eligibility for appropriate accommodations. Students who are qualified to receive services will be given an Academic Adjustment letter that they will share with their professors and which outlines the authorized accommodations.

Students needing housing accommodations should contact the Housing Department (http://www.twu.edu/housing) for any modification requests.

All TWU students who park on campus are required to purchase a TWU parking permit. Those students who have state-issued disability licenses or placards may park in any of the designated accessible parking spaces on campus.

Students at the Dallas and Houston centers may receive assistance with accommodations from staff in the Denton office. Texas residents needing disability-related assistance from the Texas Department of Assistive and Rehabilitative Services (http://www.dars.state.tx.us) (Texas DARS) should contact them directly by calling 800-628-5155 three months prior to enrollment.

**Eighteen Doctoral Characteristics**

The 18 Characteristics of Doctoral Programs were developed by the Texas Higher Education Coordinating Board’s Graduate Education Advisory Committee to create a snapshot of all doctoral programs at public universities and health-related institutions. The information is intended to provide information to institutions for self-improvement and to serve as a guide to members of the general public who are interested in doctoral education, such as prospective students and their families (Texas Administrative Code Title 19, Part 1, Chapter 5, Subchapter C, Rule 5.51).

Statistics required to be posted by the Texas Higher Education coordinating Board, "18 Characteristics of Texas Public Doctoral Programs", are published annually on the TWU 18 Doctoral Characteristics website (http://www.twu.edu/gradschool/doctoral-characteristics.asp).

**Fitness and Recreation**

The Student Recreation Center provides a full-service fitness center and recreational programming to the University. Facilities that students may access with their ID cards include group exercise studios, locker rooms, a full size gymnasium, a 30-foot climbing wall, a lounge with gaming equipment and a large screen TV, an outdoor sand volleyball court, a full-service fitness area with strength training equipment and cardio machines, an indoor swimming pool, a golf course and an outdoor adventure rental center. In addition, the following services and programs are offered for a nominal fee to students: specialized group exercise classes (such as boot camp), intramurals, personal training, and outdoor adventure trips. For more information, visit the Student Recreation Center (http://www.twu.edu/fitandrec/13456.asp) or the TWU Fitness and Recreation (http://www.twu.edu/fitandrec/default.asp).

Students, faculty, and staff may also use the exercise facilities at the Dallas Parkland and Houston campuses which include treadmills, ellipticals, steppers, stationary bicycles, assorted strength training machines, free weights and group exercise classes. For more information, contact Student Life (http://www.twu.edu/student-life-dallas) at Dallas 214-689-6697 or Student Life (http://www.twu.edu/student-life-houston) at Houston 713-794-2157.

**Food Services**

Dining services (http://www.twu.edu/finaid/default.asp) available on the Denton campus are the Garden Room, Chick-Fil-A, The Underground and the Baker’s Dozen in the Student Union (http://www.twu.edu/student-union), the C-Store at the Guinn-Stark Commons, the kiosk in MCL, and Which Wich in CFO. Food service is also available at the Houston and Dallas campuses. Denton campus students who are under the residency requirement are required to purchase a meal plan. Meal plans are also available for commuter students. For further information on meal plan options, contact:

Director of ID Systems and Contracted Auxiliary Services
Texas Woman’s University
P.O. Box 425380
Denton, TX 76204
940-898-3565

**Gainful Employment Reporting**

As required by the U.S. Department of Education, information on completion of graduate certificate programs, median debt of students who completed the program, and other information is found on the TWU website at each individual certificate program site.

**ID Card/Pioneer Card**

The TWU student identification card is issued upon registration for the first semester a student is enrolled. All students are required to carry a TWU student ID card and to make it available upon request to academic and administrative officials. The TWU ID Card is non-transferable. Fraudulent or unauthorized use warrants confiscation of the ID card. Anyone who uses this card to give false information is subject to university discipline and appropriate criminal prosecution. There is a $10.00 replacement fee for lost, stolen, or discarded IDs. If you have a video image photo ID card from a previous semester, activation is updated automatically based on enrollment.
Student IDs at the Denton campus are distributed at the ID Card Office (http://www.twu.edu/id-services) on 3rd floor of Jones Hall, 940-898-3565. Dallas campus IDs are available at the Student Life Office, 3rd floor, 214-689-6690. Houston campus IDs are distributed at the Student Life Office, 2nd floor, 713-794-2157.

Intercollegiate Athletics

TWU Athletics (http://www.twuathletics.com) functions as an integral part of the total educational offerings of the University through the unique competitive learning experiences it provides. TWU Athletics shares with other components on campus the responsibility to contribute positively to the development of the individual student in an environment that empowers and affirms the full development of women.

A proud member of NCAA Division II (http://www.ncaa.org/d2) and the Lone Star Conference (http://www.lonestarconference.org), TWU Athletics is committed to the philosophy of academic and athletic excellence; where student comes first in student-athlete. Since 1982, the combined grade point average of all student-athletes each semester has never dropped below a 3.0. Many Pioneers have been awarded post-graduate scholarships and NCAA awards, and some have been honored with the distinction of TWU Distinguished Alumni.

TWU teams have won conference, regional and national championships. Individual student-athletes have set national records, achieved All-America honors, won medals in the Olympics, and participated on Pan American and national teams representing the United States.

TWU sponsors five varsity women’s programs in the sports of basketball, gymnastics, soccer, softball, and volleyball. For additional information, contact:

Director of Athletics
P.O. Box 425349
Denton, TX 76204-5349
940-898-2378

Intercultural Services

The Office of Diversity, Inclusion, and Outreach provides the TWU community with diversity education programs and activities designed to enhance the appreciation for diversity among university students, staff, and faculty. Services include the Cultural Connections Leadership Conference (http://www.twu.edu/intercultural-services/conference.asp), which is designed to enhance leadership skills and cultural appreciation across all cultures, mentor success program, cultural awareness workshops, cultural celebrations and activities, and support for multicultural student organizations. Other resources include the G-Force Mentorship Program, GO Centers, and the TWU Mobile GO Center. The Office of Diversity, Inclusion, and Outreach is located in Jones Hall, room 200. For more information you may contact us at 940-898-3679, or visit TWU Intercultural Services. (http://www.twu.edu/intercultural-services)

Mary Eleanor Brackenridge Student Union

The Student Union is named for Mary Eleanor Brackenridge, a strong advocate for the advancement of women. She was appointed to the first Board of Regents, and she was president of the Texas Woman Suffrage Association from 1913 to 1914.

The Student Union (http://www.twu.edu/student-union) at TWU provides facilities and services intended to meet the needs of a diverse University community. The Student Union provides students an opportunity to develop leadership skills that provide a foundation for service within and beyond their academic experience.

The following offices are located in the Student Union on the Denton campus: the Center for Student Development (http://www.twu.edu/student-development), Commuter (http://www.twu.edu/commuter/default.asp) and Non-Traditional (http://www.twu.edu/commuter/non-traditional.asp) Student Services, and the offices of the Vice President and the Associate Vice President for Student Life. A notary public service for students, faculty, and staff is available in Room 206 in the building. Contact the Student Life Office (http://www.twu.edu/student-life-office) at 940-898-3601 for details. Contact the Student Union office at 940-898-3641 to reserve meeting room space.

The Student Government Association (http://www.twu.edu/student-government), the Campus Activities Board (http://www.twu.edu/student-government/campus-activities-board.asp), Volunteer Services (http://www.twu.edu/volunteer-services), Greek Life (http://www.twu.edu/greek-life), and the Student Union Board (http://www.twu.edu/student-union/12319.asp) are also located in the building. Student Union space is also provided on the T. Boone Pickens Institute of Health Sciences Campus (http://www.twu.edu/dallas) and in the Houston Center (http://www.twu.edu/houston). Please call the Pickens Institute at 214-689-6503 and the Houston Center at 713-794-2331 for further information about their Student Centers.

Other services in the Student Union on the Denton campus include four dining locations, the TWU Bookstore (http://www.bkstr.com/texaswomansstore/home/en?cm_mmc=Redirect--VanityURL--twu.bkstr.com--44404), Higher One ATM machine, computer labs, cyber cafe, TV and game room, meeting and lounge space, locker rentals, and a lactation room.

Pioneer Center for Student Excellence

Web Site: http://www.twu.edu/pioneer-center
Grounded within current research and based on high-impact practices, the Pioneer Center for Student Excellence (http://www.twu.edu/pioneer-center) supports academic achievement, assists in the development of professional skills, and contributes to the holistic student experience.

The center is home to multiple programs and services that enhance the academic experience of all TWU students. Services include:

- intensive graduate writing support programs
- academic coaching
- academic enhancement programming
- academic advising coordination
- internships
- collaborative learning spaces

Additionally, the Pioneer Center is home to co-located services including Quality Enhancement Programs (http://catalog.twu.edu/undergraduate/services-available-students/qep), Education Abroad (http://catalog.twu.edu/undergraduate/special-opportunities-programs/education-abroad), and Scholarships (http://www.twu.edu/finaid/scholarships.asp). The center is located on the second floor of the Blagg-Huey Library on the Denton Campus and provides services to students at the three TWU locations. For more information, please contact the Pioneer Center at 940-898-3755.

Academic Coaching

Academic coaching is a service provided for students who are seeking additional assistance with improving their academic skills, such as time management, test-taking, note-taking, general study skills, learning styles, and academic motivation. Together, the student and academic coach will determine areas of needed assistance and work collaboratively to identify the student’s learning strengths that will best assist them with improving in the identified area. Coaching sessions are available in person as well as via the internet.

Internships/Cooperative Education

Internships provide students with supervised learning situations in business, industry, government, or service enterprise. Employers select students for an internship on the basis of individual merit and qualifications. Several academic departments provide students the opportunity to participate in for-credit internships during their course of study. Non-credit internships are also available to students seeking practical work experience to supplement their coursework. More information is available in the Internships/Cooperative Education (http://catalog.twu.edu/undergraduate/special-opportunities-programs/internships-cooperative-education) section of this catalog or at the Pioneer Center for Student Excellence (http://www.twu.edu/pioneer-center).

Quality Enhancement Programs

http://www.twu.edu/qep

Guided by the university’s mission and strategic plan, as well as current research on student engagement, the five-year Quality Enhancement Plan (QEP) Pioneering Pathways: Learn by Doing focuses on enhancement of student learning through engagement in experiential learning. The QEP provides a systematic plan for implementing and assessing experiential learning throughout the university.

Experiential learning at TWU bridges theory with practice, and is a dynamic, engaged form of learning characterized by active collaboration; real-world problem solving; hands-on application of classroom theories; in-depth engagement with content; or simulation of skills external to the classroom.

The QEP includes the following programs for students and faculty at all TWU locations:

- Experiential Student Scholars
- QEP-designated courses
- Experiential Fellows
- National Society for Experiential Education (NSEE) Experiential Education Academy

The QEP is co-located in the Pioneer Center for Student Excellence on the second floor of the Blagg-Huey Library on the Denton campus.

Speech-Language-Hearing Clinic-Denton / Stroke Center-Dallas

Speech-Language-Hearing Clinic – Denton

The Speech-Language-Hearing Clinic located on TWU’s Denton Campus provides assessment and therapeutic services to the University and Denton communities. Master’s level graduate students under the direct supervision of licensed, certified speech-language pathologists, audiologists, AV therapists, and deaf educators provide assessments and individual intervention for language, literacy, articulation, voice, stuttering, hearing loss, and feeding for children and adults. During the summer, camps are offered for children with sensory-based feeding disorders, language and literacy difficulty, and speech sound disorders.

For applications or further information about the Clinic, contact:
The clinic is located in MCL 601 on the Denton campus.

**The Stroke Center – Dallas**

The Stroke Center – Dallas was established in 1992 to provide treatment and training in neurological rehabilitation specifically for stroke. A core of health professionals and graduate students provide outpatient services for a minimal fee. Located in the T. Boone Pickens Institute of Health Sciences on the TWU Parkland campus, the Center operates five 6-week sessions each year. Assessment and intervention services include speech/language therapy, physical therapy, occupational therapy, and psychosocial counseling. A major focus of The Stroke Center is clinical research. Individuals may be referred by physician, family, or self.

For applications or further information about The Stroke Center programs contact:

The Stroke Center - Dallas  (http://www.twu.edu/stroke-center-dallas)
5500 Southwestern Medical Avenue
Dallas, TX  75235
214-689-6592
email: strokecenter@twu.edu

**Student Handbook**

The Student Handbook (http://www.twu.edu/student-life-office/student-handbook.asp) identifies policies and procedures governing student rights and responsibilities and provides a variety of information and resources. The handbook is distributed at the beginning of the fall semester. Students in Dallas and Houston may also pick up handbooks in the Administration office or from the Student Life Coordinators. Copies are available to students in Denton in Room 206 and Room 209 in the Student Union.

**Student Health Services**

The Texas Woman’s University Student Health Services (http://www.twu.edu/student-health-services) (SHS) is located on the TWU campus in the lower level of Hubbard Hall at 303 Administration Drive, next door to DPS (Department of Public Safety). SHS is dedicated to providing quality healthcare and preventative services to the students of our University. By providing these services, SHS intends to assist each student in maintaining maximum physical health, so that students may realize to the fullest extent possible the educational opportunities afforded by the university.

SHS provides medical services for diagnosis and treatment of illness and injury, as well as prevention services such as immunizations and well woman and well man examinations. Mental health services are also available. Fees are assessed for office visits, lab services, medication, and medical equipment/supplies. All x-rays are referred to an off-campus facility, and students are responsible for all charges. Student Health Services offers pharmacy services through Drug Emporium in Denton. Prescriptions are delivered to the clinic twice daily for pick-up or mailed to students for a small fee. Students wishing to use the pharmacy service to fill prescriptions written by personal physicians must complete required pharmacy forms and prescriptions must be brought or faxed to Student Health Services.

For more information regarding healthcare for TWU students, please visit the Student Health Services website (http://www.twu.edu/student-health-services).

**Health Care – Houston**

Students may access medical care in Houston through the University of Texas Health Science Center Student/Employee Health Services. For information on location and hours of operation, contact the UT clinic at 713-500-3267 or the Student Life Coordinator at 713-794-2158.

**Health Care – Dallas**

Students may access medical care at the Dallas campus through the Concentra Medical Clinic. For information on location and hours of operation, contact Concentra at 214-630-2331 or the Student Life Coordinator in Dallas at 214-689-6696.

**Transportation to Student Health Services**

Officers from the Department of Public Safety will, on occasion, escort sick or injured students to the Student Health Services. Individuals who are sick or who have minor injuries and can walk with some assistance should be escorted to a vehicle and transported to the Student Health Services. An ambulance is not available to transport students to Student Health Services. Students with serious injuries, such as broken bones, severe bleeding, prolonged unconsciousness, or spinal injury, should be transported to a city hospital via city ambulance.
Health Insurance

An optional health insurance plan is available to TWU students currently enrolled. The health insurance plan (http://www.twu.edu/student-health-services/insurance.asp) is available to enrolled undergraduates taking at least 6 semester credit hours and graduate students taking at least 3 semester credit hours; courses may be on-line or traditional classroom setting. Student Health Services is equipped to handle routine medical problems when a student is on campus. Major illness or accidents may require special medical attention or hospitalization that is not available at the University. The University sponsored insurance program covers service on or off-campus for a semester or for a twelve-month period. Students and their parents are encouraged to consider the insurance program, and more information can be obtained by contacting Student Health Services (http://www.twu.edu/student-health-services/default.asp).

F1 and J1 status international students are required by federal law and university policy to enroll in the university insurance plan as a condition of admission. Other departments in the Health Sciences are considering adding this requirement; students are encouraged to check with their departments.

Health Insurance and Tuberculosis Screening for International Students

As a condition of enrollment, Texas Woman’s University requires all international students to maintain medical and hospitalization insurance for the entire period of their enrollment at TWU. International students with an F1 or J1 visa status are required to obtain insurance coverage through the University-sponsored Plan (http://www.twu.edu/international-education/health-insurance.asp). International students will be automatically enrolled in the insurance plan and premiums will be placed on the student's tuition and fees bill each semester.

International students may request an exception from the University sponsored plan only in the following situations:

- Employed by TWU and covered by employee health insurance;
- Covered by group health insurance through another U.S. employer,
- Sponsored student covered by insurance through their Embassy.

If an exception is granted, a charge for repatriation and evacuation may remain on the student’s account, if the alternate health insurance does not include these required benefits.

In order to request an exception, a student must complete the Foreign Student Insurance (FSI) Request for Exception' form (http://www.twu.edu/student-health-services/forms.asp) and submit to Student Health Services with a copy of their current insurance coverage. All R (http://www.twu.edu/student-health-services/forms.asp) must be submitted by the 12th class day for the fall and spring semesters, and the 4th class day for the summer semesters. Late requests will not be accepted. The request process must be repeated each semester, and it is the student’s responsibility to submit requests in a timely fashion.

If a student will be out of the U.S. for the entire summer semester and wishes to waive the health insurance for summer a Special Circumstances – Request for Exception – Out of the United States (http://www.twu.edu/student-health-services/forms.asp) form must be submitted to Student Health Services by the 12th class day of the previous spring semester. Late requests will not be accepted.

All new international students are required to be screened for tuberculosis. The TB blood test may be performed at the TWU Student Health Services or one of its subcontracting health clinics in Dallas or Houston. Alternatively, the student may download and print the Statement of Tuberculosis Clearance – International Students (http://www.twu.edu/student-health-services/forms.asp) form from Student Health Services and have their personal physician complete and sign the form prior to traveling to TWU; however, the TB blood test must be performed in the U.S. The student being screened for Tuberculosis will have the additional responsibility of providing a copy of the TB chest clearance form to the TWU Office of International Education (http://www.twu.edu/international-education). For additional information regarding this policy, please contact the Office of International Education (http://www.twu.edu/international-education).

Meningitis Vaccine

Effective January 1, 2012, Texas law requires that all new entering and transfer college students age 21 and younger must receive a vaccination or booster against bacterial meningitis. An entering student also includes a student who has had a break of enrollment of one or more fall or spring semesters. For more information, please visit the Meningitis Vaccination Requirement website (http://www.twu.edu/student-health-services/bacterial-meningitis.asp).

Student Publications

The Lasso

The Lasso is the weekly student newspaper of Texas Woman’s University, and it is written and edited by students. Its purposes are to inform students, faculty, and staff of University issues and events and to provide a channel for communication.

The newspaper provides students with valuable experience in managing a small business and in writing, editing, advertising, photography, design and cyber-publishing. The editor is appointed by the President on recommendation of the TWU Faculty-Student Board for Campus Publications. Supervision
of The Lasso advisor and daily, financial and administrative operations are provided through the Office of Commuter and Non-Traditional Student Services.

**Tutoring Centers**

**Mathematics and Technology Success Center**

The TWU Mathematics and Technology Success Center (MTSC) assists students in reaching their educational goals through individual or group tutoring and computer-based programs. Located in MCL 307, this center provides tutoring to TWU students enrolled in any courses with mathematics or technology components, taking the computer literacy exam, or preparing to pass the TSI mathematics requirement. For more information call 940-898-2169 or visit the MTSC website (http://www.twu.edu/mtsc).

**Science Learning Resource Center**

The Science Learning Resource Center (http://www.twu.edu/slrc) (SLRC) exists to assist first year and sophomore students taking courses in biology, chemistry and physics by providing tutoring and a wide variety of self-help audio-visual and computer assisted learning programs. The SLRC is also responsible for administering the Science Placement Tests to students who have not yet taken their introductory biology, chemistry, physics, and zoology courses. The Science Learning Resource Center is located in the Science Building (http://www.twu.edu/map_denton_campus.asp) on the Denton campus. For more information about SLRC call 940-898-2568 or visit the SLRC website (http://www.twu.edu/slrc).

**The Write Site**

The Write Site is the University’s writing resource center and serves the entire University community by providing individualized or group face-to-face writing assistance; help at any stage of the writing process (brainstorming, prewriting, drafting, organization, and revision); both synchronous and asynchronous online tutoring via the OWL and OWLive; and student-led writing workshops. The Write Site provides assistance for both graduate and undergraduate students in any discipline. For more information or to make an appointment, please call 904-898-2341 or visit www.twu.edu/writesite/.

**University Housing**

Web Site: [http://www.twu.edu/housing/](http://www.twu.edu/housing/)

The residence halls at Texas Woman’s University provide a wide range of choices in student living styles, including traditional residence hall rooms with private bathrooms, and two and three bedroom apartments. They offer a variety of facilities for residents including living rooms, TV and study lounges, pianos, local telephone service, vending machines, refrigerators in student rooms, computer facilities, and laundry rooms. Connection to the University computer system and the internet is available in student rooms and apartments.

Housing for Graduate Students is provided on a space available bases.

**Family Housing**

Family Housing at Texas Woman’s University provides living options for married students and for single parents and their children. Married couples and single parents with a maximum of three children under the age of 18 may reside in the Lowry Woods Community apartments.

**Guest Housing**

Guest and conference housing is provided on a space-available basis. Commuter students are limited to a maximum of three consecutive nights per stay. Students, parents, and staff are invited to take advantage of this service.

**Room and Single Student Apartment Assignments and Contract**

Students may elect to contract a residence hall space on an academic year basis. Assignments to residence halls are made on a space-available, first-come, first-served priority based on the date that the application, a $50 nonrefundable application fee, and a $100 room deposit are received at the Department of University Housing (http://www.twu.edu/housing).

**Family Housing Apartment Assignments and Contract**

Family Housing Apartment contracts run from one semester to twelve months and are renewable. Assignments are made from the apartment waiting list on a date-order basis. The apartment application, along with the $50 non-refundable application fee and $100 deposit, must be received before a student can be considered for an apartment.

**Budget Facts**

Texas Woman’s University keeps student costs at a minimum. Rates are available through the Department of University Housing for the regular fall and spring semesters and the summer terms. A four-payment installment plan is available for housing and food service charges for the fall and spring semesters.
Graduate School

Web Site: http://www.twu.edu/gradschool/

Larry LeFlore, Ph.D.
Dean of the Graduate School

Ruth A. Johnson, Ph.D.
Associate Dean of the Graduate School

Location: ACT 220
Phone: 940-898-3415
Fax: 940-898-3412

Graduate instruction has been offered by the Texas Woman’s University since 1930, when the increased demand for advanced studies resulted in development of a graduate program and establishment of the Graduate School. Since 1952 the Graduate School has operated as a unit under its own Dean and Graduate Council. Under provisions of Title IX of the Education Amendments in 1972, qualified men became eligible for admission to all programs offered at the graduate level on the same basis as qualified women.

The purposes of the Graduate School are to provide instruction and facilities for advanced study and research in the schools and colleges, and to offer the graduate degrees listed below.

**College of Arts and Sciences**

- Doctor of Philosophy
- Specialist in School Psychology
- Master of Arts
- Master of Business Administration
- Master of Fine Arts
- Master of Health Systems Management
- Master of Science

**College of Professional Education**

- Doctor of Education
- Doctor of Philosophy
- Master of Arts
- Master of Arts in Teaching
- Master of Education
- Master of Library Science
- Master of Science

**Institute of Health Sciences**

**College of Health Sciences**

- Doctor of Education
- Doctor of Philosophy
- Doctor of Physical Therapy
- Doctor of Occupational Therapy
- Master of Arts
- Master of Healthcare Administration
- Master of Occupational Therapy
- Master of Science

**College of Nursing**

- Doctor of Philosophy
- Doctor of Nursing Practice
- Master of Science
Administration of the Graduate School

The Graduate School of the Texas Woman’s University is administered by the Dean of the Graduate School in accordance with policies established by the Graduate Council (http://www.twu.edu/gradschool/graduate-council.asp), as authorized by the Board of Regents (http://www.twu.edu/regents).

Admission to the Graduate School

Approval for admission to the Graduate School is required of all graduate students. Graduate School admission does not imply admission to candidacy for an advanced degree. Candidacy will be granted only after a period of successful graduate work and after compliance with the conditions and course of study established by the University and its departments, schools, and colleges.

The total enrollment of graduate students is limited. All applications to the Graduate School are subject to whatever provisions may limit the enrollment of graduate students. Admission is granted for not more than one academic year. Students who do not attend the University during the period of their admission must reapply.

Graduate students, whether living on or off campus, are subject to the general rules and regulations of the University and are expected to maintain the high standard of social and academic life of the University as well as the professional standards of their chosen field of study. Thus, graduate students are subject to all rules and regulations set forth in the Student Handbook (http://www.twu.edu/student-life-office/student-handbook.asp), the Graduate Catalog, and the policy statements of the Graduate School and the academic components. All graduate students of Texas Woman’s University are expected to know and adhere to high standards of personal conduct and of academic integrity and scholarship. Any falsification, misrepresentation, or misapplication of information or research; any violation of professional or ethical standards; or any violation of the rules and regulations of the University may result in dismissal.

General Requirements for Admission to the Graduate School

The Graduate School establishes the minimum requirements for admission to all graduate degree and certification programs at Texas Woman’s University. Applicants should consult with academic components regarding specific program criteria for admission.

All applicants are expected to meet the following criteria:

1. Hold an earned bachelor’s degree or equivalent from a U.S. college or university accredited by a regional (general) accrediting agency, or an equivalent degree from a foreign college or university. The bachelor’s degree must be substantially equivalent to a bachelor’s degree granted by TWU.
2. Have a minimum 3.0 GPA for the last 60 semester credit hours of undergraduate study and a minimum 3.0 GPA for all prior graduate work. Academic components may choose to consider files of applicants with lower GPAs, on a provisional basis, but no lower than a 2.50.
3. Satisfy any additional requirements of an individual academic component for admission to a specific graduate program offered by that component. Consult the appropriate catalog section for component requirements. A summary of component requirements is also available at Graduate Program and Admission Requirements (http://www.twu.edu/gradschool/admission-requirements.asp). Examples include the following:
   - Preferred scores recommended for standardized exams that are required by academic components.
   - Review of completed undergraduate and graduate coursework.
   - Reference letters, essays, interviews, and evidence of scholarly activity such as publication in refereed journals, professional presentations, grant acquisition, portfolios, and professional leadership.
4. Applicants who have earned an undergraduate degree from a foreign college or university must submit one of the following to show English proficiency.
   - Test of English as a Foreign Language (TOEFL) (http://www.ets.org/toefl) score of at least 550 (paper-based), 213 (computer-based), or 79 (iBT)
   - Michigan English Language Assessment Battery (MELAB) (http://www.cambridgemichigan.org/melab) score of 80 or higher
   - International English Language Testing System (IELTS) (http://www.ielts.org) score of 6.5 or higher
   - GRE (http://www.ets.org/gre) verbal score of 500 (153, Revised GRE) or higher.

See International Students (p. 53) for further information about English proficiency requirements.

Application for Admission

For admission into degree and certificate programs of the TWU Graduate School, all applicants must submit the following documents:

1. Submit an electronic application using ApplyTexas.org (http://www.applytexas.org) and pay the non-refundable processing fee.
2. An official transcript from each college or university attended is required for all undergraduate and graduate coursework attempted and/or completed.
3. Official scores for any standardized exams that are required by the academic component offering the program of interest. If a standardized exam is not required by the component, the applicant has the option of submitting scores voluntarily. If submitting electronic scores, the TWU institution code is 6826.

4. An official score on an English proficiency examination accepted by TWU, if the applicant earned an undergraduate degree from a foreign college or university or if the applicant is a permanent resident. Note: You may be eligible for an English proficiency exemption if you are an international applicant or permanent resident from a country where English is the primary language of instruction and of the indigenous population; or have earned a baccalaureate or graduate degree from a regionally accredited U.S. college or university. If you qualify, you must complete the TOEFL exemption form (http://www.twu.edu/admissions/toefl-requirements-exemptions.asp) and submit to the Office of Admissions Processing.

See International Students (p. 53) for further information about English proficiency requirements.

Applicants should submit the above information no fewer than ninety days before the session to which admission is sought to the following address:

Office of Admissions Processing (http://www.twu.edu/admissions-processing)
P. O. Box 425649
Denton, TX 76204

Selected programs may have earlier deadlines. Applicants should submit to the individual academic component any additional documents required for admission to a specific graduate program offered by that component. Applications are not considered complete until all required materials are received by the Office of Admissions Processing. Only at that time will applications be sent to the department for consideration.

An applicant’s academic record must reflect the ability to pursue advanced study and research. The applicant shall present an official transcript which, for unconditional admission, shows sufficient and satisfactory undergraduate preparation in the major field. Specific prerequisites vary among components of the University and are indicated in the appropriate sections of this catalog. Ordinarily, an undergraduate major (or credit for a minimum of twenty-four semester credit hours, twelve of which are advanced) in the same field is prerequisite to a graduate major; prerequisites for a graduate minor are usually based on the requirements of an undergraduate minor (or credit for eighteen semester credit hours, six of which are advanced) in the same field. However, a college, school, or department may require a candidate to take additional preparatory courses on either the graduate or undergraduate level which will not be counted as degree credit. Such additional preparation may require semester credit hours beyond the minimum needed for the degree.

Departmental graduate admission committees make recommendations to the Dean of the Graduate School regarding the admission status of applicants. Upon approval of the application for admission, the applicant is sent a letter from the Dean of the Graduate School specifying either unconditional or provisional admission. All conditions or prerequisites that must be met in addition to the graduate program requirements are stated in detail. Upon notification of admission, the applicant should confer with the appropriate advisor in the proposed major department in order to become acquainted with specific departmental requirements. Graduate students who do not attend the University for a period of two years at any time after their initial enrollment must reapply for admission.

Residency

Rules and regulations for determining residence status in the State of Texas are specified under Title 3 of the Texas Education Code. Persons classified as nonresident students upon first enrollment in an institution of higher education are generally presumed to be nonresidents for the period during which they continue as students.

To petition a change in residency classification, the student must complete the Core Residency Questions (http://www.twu.edu/registrar/texas-residency.asp) and submit them to the Office of the Registrar (http://www.twu.edu/registrar) with appropriate documentation prior to the beginning of the semester.

International Students

Applicants who are not U.S. citizens or permanent resident aliens will be issued the appropriate immigration form required to obtain a visa after all official papers pertaining to admission and registration have been received and evaluated as satisfactory in the Office of International Education (http://www.twu.edu/international-education), and after an acceptance letter has been issued by the Graduate School.

Before the SEVIS I-20 or DS-2019 will be issued, applicants holding non-immigrant student visas must submit financial statements certifying responsibility for all expenses while attending the University. They must comply with the U.S. Citizenship and Immigration Services (USCIS) regulations by maintaining full-time student status during the school year (nine or more graduate semester credit hours each semester).

In addition to application forms and official transcripts, all international students, including transfers and permanent resident aliens, must present one of the following: an acceptable Test of English as a Foreign Language (http://www.ets.org/toefl) (TOEFL) score of 79 (iBT), 550 (paper-based), 213 (computer-based), or above; a Michigan English Language Assessment Battery (http://www.cambridgemichigan.org/melab) (MELAB) score of 80 or higher; an International English Language Testing System (http://www.ielts.org) (IELTS) score of 6.5 or higher; a verbal score of 153 (500, former GRE) or above on the Graduate Record Examination (http://www.ets.org/gre) (GRE); or a GMAT equivalent to 50th percentile. (An acceptable English speaking proficiency test is required of international students applying for graduate teaching assistantships.) These scores must be presented by the
official deadlines published. The following exceptions apply to the English proficiency requirement for admission to the university (certain academic programs may require an additional English speaking proficiency test of all applicants):

1. Citizens of countries where English is the primary language of instruction and is the language spoken at home and by the indigenous population. See list of approved countries (http://twu.edu/admissions/toefl-requirements-exemptions.asp).
2. Students who have earned a bachelor's or graduate degree from an accredited United States college or university.

For more information on English Language Proficiency, see TOEFL Requirements (http://twu.edu/admissions/toefl-requirements-exemptions.asp). For more information concerning the Test of English as a Foreign Language, visit the TOEFL website (http://www.ets.org/toefl) or write to:

TOEFL
Box 899
Princeton, NJ 08540
U.S.A.

Application deadlines for all international students on non-immigrant visas are March 1 for the fall semester; July 1 for the spring semester; and February 1 for any summer session (F-1 visa holders: summer admittance available only for programs that start in the summer).

To determine status for tuition purposes, immigrants and permanent residents must submit proof of status by completing the Residency Questionnaire (http://www.twu.edu/registrar/texas-residency.asp).

All international students are required to have medical and hospital insurance. (See Student Health Services (p. 48).)

Types of Admission

A student may be admitted to the Graduate School for one of several types of study as indicated below. The acceptance letter sent by the Dean of the Graduate School will specify the type of admission granted. International students may be admitted only as degree-seeking. (An international student may be admitted as non-degree to the University, only if completing from her/his own country, and not in the United States.)

1. Degree study: This status identifies students seeking either a master's or doctoral degree. Students should apply for admission at the appropriate level. Admission to master's study is valid only for the master's degree; a separate application for doctoral study is required. Students are admitted to degree study in a particular academic discipline, and any change of field of study requires a new application for admission.
2. Certification study: This status identifies students holding the bachelor's degree who seek certification rather than a graduate degree. A maximum of 12 graduate semester credit hours earned for certification will subsequently apply toward a graduate degree only if the Dean of the Graduate School, upon recommendation of the student's advisory committee, determines it is appropriate to the degree program.
3. Postdoctoral study: This status identifies students holding doctoral degrees who do not wish to pursue another graduate degree but who wish for personal or professional purposes to take additional course work.

NOTE: Postbaccalaureate status qualifies students to take undergraduate-level courses only, and under no circumstances will postbaccalaureate work be counted as graduate work.

Nature of Admission

Each application which meets the minimum requirements of the Graduate School will be evaluated by members of the appropriate department and by the Dean of the Graduate School; it will be accepted or rejected on the basis of the following criteria.

1. Unconditional Admission: No prerequisites are necessary, and no special qualifications must be met during or prior to graduate study.
2. Provisional Admission: Graduate degree study is permitted with the imposition of certain conditions which must be met for the student's continuation in the degree program. These conditions may require the completion of prerequisites, satisfactory performance in initial course work, satisfactory completion of a degree in progress, or the completion of other conditions which indicate the student should continue graduate study. A student admitted with less than a 'B' average is given Provisional Admission, conditioned upon maintenance of a 'B' average during the first twelve semester credit hours of graduate study or upon other requirements specified. Once the conditions for full admission have been met, the student should petition the Graduate School through the department for advancement to Unconditional Admission. Failure to meet conditions of admission results in the student's removal from a degree program.
3. Denial of Admission: Admission is denied if the applicant fails to meet the minimum requirements established by the Graduate Council, the program has reached the limits of its enrollment, or the applicant does not meet departmental requirements.

Meningitis Policy

Effective January 1, 2012, Texas law requires that all new entering and transfer college students age 21 and younger must receive a vaccination or booster against bacterial meningitis. An entering student also includes a student who has had a break of enrollment of one or more fall or spring
Election of Graduate Work by Seniors of This University

A TWU student who at the beginning of the second semester of the senior year lacks not more than twelve semester credit hours for a bachelor’s degree is permitted to register for courses which may be applied toward meeting the master’s degree requirements provided that the total registration does not exceed sixteen semester credit hours and proper application has been made to the major department and the Graduate School before registering for such courses.

No work which is completed by an undergraduate student shall apply to a graduate degree, except for the work completed by seniors as provided for in this section. No work which is regularly a part of an undergraduate program shall apply toward a graduate degree except for Texas Woman’s University seniors who have made special application at the time of registration for graduate credit for specific courses to be applied toward a graduate program approved by their major department and by the Dean of the Graduate School.

Election of Graduate Work by Students Who Are Not Seeking Degrees

Students who do not plan to work toward a graduate degree but who wish to enroll in occasional courses for such purposes as personal enrichment, professional development, and meeting special interests may, with the permission of the department, register as “non-degree students.” (An international student may be admitted to the University for such programs but is only authorized to complete those from her/his own country, and not in the United States.) Admission to the Graduate School is not required; however, a completed application form, $50 processing fee, and an official transcript showing the bachelor’s degree or highest degree held must be filed with the Office of Admissions Processing. International students must submit a $75 processing fee and a satisfactory English proficiency scores (see International Students (p. 53)).

A maximum of 12 graduate semester credit hours earned by a “non-degree student” may subsequently apply toward a graduate degree only if the Dean of the Graduate School, upon recommendation of the student’s advisory committee, determines it is appropriate to the degree program.

All students who enroll in graduate courses, whether or not they are seeking degrees, are required to maintain a 3.0 GPA on all graduate-level courses taken at TWU. Students who fail to maintain this average will not be permitted to continue registering for graduate courses.

Health Requirements: Students in Health-related Majors

Students admitted to education and health related programs that involve contact with patients are required to be immunized against chicken pox, hepatitis B, influenza, measles, mumps, rubella, pertussis, tetanus/diphtheria, and have annual TB screening; some departments have additional immunization and testing requirements. Proof of immunization is required at the time a student begins clinical coursework.

Some clinical facilities and school systems with which the University affiliates require that students be tested for drugs and have criminal background checks done. When this is required, students will have the screening done at their own expense. Departmental policy governs the procedures to be followed. Failure to meet the screening standards may result in the student being required to withdraw from the program.

Clinical facilities may require that students have health insurance. When this is required, students must show proof of health insurance.

Texas Woman’s University does not require HIV testing of its students; however, some agencies with which the University affiliates for clinical training may require such testing. Texas law requires that if a health care worker who is HIV positive performs exposure-prone procedures, the health care worker must notify a prospective patient of the health care worker’s seropositive status and receive the patient’s consent to perform the procedure.

Graduate Study by Faculty and Staff of Texas Woman’s University

Texas Woman’s University encourages the continual growth and development of faculty and staff. Full-time permanent staff employees may be granted time off from work to attend a TWU class during regular working hours provided that:

• The time off does not exceed three (3) credit hours per week
• The employee’s absence does not adversely affect the operation of the employing department
• The time off to attend classes is made up during the employee’s work week
• The TWU class is offered at the campus where the employee is working

Approval to attend class during regular work hours must be done in advance and in writing by the appropriate supervisor.

Employees cannot take courses at other universities during regular work hours.

However, no member of the faculty may be admitted to the Graduate School of the Texas Woman’s University for the purpose of pursuing a degree in the department or discipline in which he or she teaches.
The Center for Student Development (http://www.twu.edu/student-development) offers an annual orientation for new graduate students. For more information, contact the Center for Student Development at 940-898-3626, the Graduate Orientation website (http://www.twu.edu/graduate-orientation), or email orientation@twu.edu.
Academic Information

- Student Responsibility (p. 57)
- Enrollment Certification (p. 57)
- Auditing Courses (p. 58)
- Dropping a Course (p. 58)
- Withdrawal from the University (p. 58)
- Grades and Gradepoints (p. 58)
- Review of Complaints and Appeals, Including Grade Appeals (p. 59)
- Course Repetition (p. 60)
- Students Called to Active Duty (p. 60)
- Information for Graduating Students (p. 60)
- Transcript Requests (p. 61)
- Changing Name and Other Personal Information (p. 62)

Student Responsibility

The act of registering denotes an implicit declaration of the student’s acceptance of University regulations as outlined in the most recent issues of the catalog and student handbook. Failure to abide by university regulations will subject the student to appropriate disciplinary action as outlined in the Student Handbook. (http://www.twu.edu/student-life-office/student-handbook.asp)

The University also expects the student to obey the law, to show respect for properly constituted authority, to perform contractual obligations, to maintain absolute integrity and a high standard of individual honor in scholastic work, and to maintain conduct appropriate for a community of scholars.

Enrollment Certification

Enrollment verification and loan deferments are completed in the Registrar’s Office (http://www.twu.edu/registrar) and are based upon a student’s having registered and paid tuition and fees according to the following criteria:

Student teaching, thesis, and dissertation semester credit hours will be certified as full-time. Internships will be certified as full-time if enrolled in 6 or more semester credit hours, and half-time if enrolled in 3-5 semester credit hours.
Auditing Courses

Only an individual fully eligible to enroll in the university may attend a class as an auditor without receiving college credit.

Permission to audit a course must be obtained utilizing the Course Audit Approval Form (http://www.twu.edu/registrar/forms.asp) after the first day with approval signatures from the instructor of the course, the chair of the department which offers the course, the dean of the school or college, and the Registrar’s Office.

- Persons auditing a course will be charged at the same tuition and applicable fee rate as those enrolled for credit, except as indicated below for those over the age of 65.
- The auditor may not participate in the laboratory part of a course or in a studio, practicum, workshop, or activity course.
- Attendance as an auditor may not be made on the basis of a claim for course credit, and will not count towards enrollment load or status.
- Courses that are audited are not eligible for financial aid or VA benefits.
- Audited courses are not recorded on the student’s permanent record (the course will not appear on the academic transcript).
- Any persons 65 years of age or older are eligible to enroll in up to six semester credit hours of coursework and receive a waiver for tuition to audit classes without charge provided space is available.

Information about auditing may be obtained in the Office of the Registrar (http://www.twu.edu/registrar).

Dropping a Course

A student can drop a course online through WebAdvisor (https://portal.twu.edu/default.asp) until the end of Late Registration for the term. Once Late Registration is over and before the term's census date, the student must submit a signed Add/Drop form to the Registrar’s Office (http://www.twu.edu/registrar). After the census date, the Add/Drop form (http://www.twu.edu/registrar/forms.asp) must include the instructor signature prior to being submitted to the Registrar.

Course drops processed during the first six weeks of a long term will receive an automatic “W” grade, which is a non-punitive grade. After the first six weeks, the instructor will recommend either a grade of W or a grade of WF on the drop form. Failure to submit a completed and signed drop form by the published deadline will cause the student to receive an F.

Refer to the academic calendar (http://www.twu.edu/registrar/academic-calendars.asp) for drop deadlines.

Students wishing to drop all classes and withdraw from the University must initiate a formal withdrawal through the Student Life Office (http://www.twu.edu/student-life-office/withdrawal-information.asp).

There is an Add/Drop fee assessed for each drop processed after the term starts, excluding withdrawals.

Withdrawal from the University

A student who finds it necessary to withdraw from all credit classes must formally withdraw from the university through the Office of Student Life on the Denton campus or the Student Life Coordinator on the Dallas or Houston campuses. The effective date of withdrawal is the day upon which the student submits the completed Request for Withdrawal Form, and it is approved in the appropriate office.

A student who withdraws on or up to the 12th class day or the 4th day of summer school will have no record of coursework on the transcript. A student who withdraws after the 12th class day or the 4th day of summer school and before the last day to drop without penalty will receive a grade of ‘W.’ After the last date to withdraw without penalty, the grade of ‘WF’ is assigned, unless the student withdraws for medical reasons or a ‘W’ is recommended by the instructor.

A student whose medical or psychological health condition precludes class attendance may be withdrawn from Texas Woman’s University effective on the date and under the conditions specified at the time of the withdrawal. A student who requests medical withdrawal must submit adequate written documentation from the treating physician along with an official TWU Withdrawal Form to the Office of Student Life. Please note that a medical withdraw does not qualify a student for a refund.

Grades and Gradepoints

The number of grade points given for each grade earned by a student is determined as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Gradepoints</th>
</tr>
</thead>
<tbody>
<tr>

</table>
Grades are interpreted as: A, Excellent; B, Good; C, Average; D, Inferior; F, Failure; CR, Credit; PR, In progress (normally used for dissertation, thesis, professional paper, practicums, or internships); I, Incomplete; W, Withdrawed from the course without penalty; WF, Withdrawed from the course while failing; X, no credit due to tuition deficiency; and NG, no grade awarded. The letters “REP” following the grade indicate repeated course work. The last grade is counted for repeated coursework.

Master’s students should consult the section of the catalog related to their specific degree to determine whether grades of ‘C’ may be included in a degree plan. In no case may a grade below ‘C’ be included on a master’s degree plan. Doctoral students may include no grade below ‘B’ on a degree plan.

Incomplete Grades

An Incomplete (‘I’) grade is appropriate only when a student has passing grades in 2/3 of assigned work, but, because of extenuating circumstances, cannot complete all of the course work by the end of the semester/term. Extenuating circumstances include:

1. Incapacitating illness which prevents a student from attending classes;
2. A death in the immediate family;
3. Change in work schedule as required by an employer; or
4. Other emergencies deemed appropriate by the instructor.

A grade of Incomplete should not be requested nor given for lack of completion of work because of procrastination or dissatisfaction with the grade earned.

Under the conditions above, the student may petition the instructor for time beyond the end of the semester/term to finish the course work. The instructor, the student, and the department chair (or equivalent) of the academic department in which the course is offered must complete and sign the form “Application for Grade of Incomplete” which is available in the Office of the Registrar. If clinical or laboratory work remains to be completed, the department or program must certify that the student can successfully complete such work by the assigned completion date.

Specific arrangements to remove the grade of Incomplete must be made between the instructor and the student. The instructor will also specify that, if the work is not completed by the assigned time, a grade of ‘B’, ‘C’, ‘D’, or ‘F’ will replace the Incomplete on the student’s transcript. If the student completes the required work by the assigned completion date, the instructor will submit the new grade to the Office of the Registrar.

In most instances, the work to be completed should be finished within the first several weeks following the end of the semester/term in which the incomplete was given. The maximum time allowed to finish the course work is one calendar year. If no grade change is submitted by the designated completion date (or one calendar year) the default grade listed on the Application for Grade Incomplete form will be applied to the course and will be reflected in the student’s academic standing at that time.

Incomplete work cannot be finished by sitting in on or retaking the class. If such an option is preferred, the student should accept the grade earned and re-enroll in the course in the expectation of earning a better grade. The grade used to compute the student’s GPA is best earned grade.

Any exceptions to these regulations which describe the use of the grade of Incomplete require the approval of the instructor, the department chair (or equivalent), and the dean or director of the academic unit in which the course was offered.

Review of Complaints and Appeals, Including Grade Appeals

Texas Woman’s University is committed to the fair treatment of all students who have academic/administrative complaints and appeals. The University has traditionally guaranteed students every opportunity for a fair, prompt, and thorough review of complaints and appeals.

The specific review procedures for each type of complaint or appeal (http://www.twu.edu/academic-affairs/academic-complaints-appeals.asp) are outlined on the Academic Affairs website (http://www.twu.edu/academic-affairs) where the form for complaints and appeals is also found.
A complaint is a dispute concerning some aspect of the student's academic status arising from an administrative or faculty decision that the student regards as incorrect or unjust.

An appeal is a request to a person or authority for a decision to resolve a complaint.

Complaints or appeals at each level must be made in writing no later than ten class days after the date of the decision at the previous level unless otherwise stipulated in state or federal law. The ten days for appeals at each level do not include weekends, holidays, or days between academic sessions. The faculty member or administrator receiving the complaint or appeal will respond (acknowledging receipt of complaint or appeal) within ten class days not including weekends, holidays, or days between academic sessions. The review and decision may require a longer period of time. Administrators may appoint an ad hoc committee to hear the appeal of the student and submit a report to the administrator.

Grade appeals utilize the same process and forms as other complaints and appeals. Appeals must begin with the faculty no later than 10 class days after the grade is awarded. If the student wishes to appeal further, the appeal procedures (http://www.twu.edu/academic-affairs/academic-complaints-appeals.asp) will guide the process. All grade changes must be made through the Office of the Registrar within one year of the original grade assignment.

Course Repetition

When a course is retaken as a result of a low or failing grade, the grade used to compute the student's GPA is the best grade. This does not apply to courses that can be taken multiple times for additional credit.

Students Called to Active Duty

Texas Education Code 54.006(f) indicates, "Beginning with the summer semester of 1990, if a student withdraws from an institution of higher education because the student is called to active military service, the institution, at the student's option, shall: (1) refund the tuition and fees paid by the student for the semester in which the student withdraws; (2) grant a student, who is eligible under the institution's guidelines, an incomplete grade in all courses; or (3) as determined by the instructor, assign an appropriate final grade or credit to a student who has satisfactorily completed a substantial amount of course work and who has demonstrated sufficient mastery of the course material."

A student called to active duty has the following three options:

1. withdrawal with a full refund of eligible tuition and fees;
2. incomplete grades with a deadline for completion of one year after the end of the active duty assignment; and/or
3. a final grade if the material was sufficiently mastered, as determined by the instructor.

Students should meet with their instructor to decide if an Incomplete or final grade is warranted.

Eligible students under this provision must produce a copy of his or her military orders.

Additional policy information can be found by contacting Student Life (http://www.twu.edu/student-life).

Information for Graduating Students

The calendar of "Graduation Deadlines (http://www.twu.edu/gradschool/degree-completion.asp)" for graduating students is issued by the Graduate School each semester. It is available on the Graduate School website (http://www.twu.edu/gradschool).

A graduation checklist (http://www.twu.edu/gradschool/degree-completion.asp) that identifies all requirements and forms that must be completed for graduation is available on the Graduate School website.

Students must be enrolled in the term in which they are graduating. A student who is graduating must apply online for graduation no later than:

- the 12th class day of Fall semester for December graduation
- the 12th class day of Spring semester for May graduation
- the 12th class day of Summer semester for August graduation. (Note: August doctoral graduates may participate in December commencement only. August master's graduates may choose to participate in May or December commencement. If participating in the May commencement, students must apply by the May graduation deadline. The term 'graduation' refers to degree completion and conferral; the ceremony is called
‘commencement’. Although students completing master’s degrees in August may elect to participate in May commencement, they do not graduate until August.)

A student cannot apply for graduation when on probation. A semester must be taken to clear the probation status and then a student can apply for early deadline (http://www.twu.edu/gradschool/degree-completion.asp) or the following semester’s graduation date.

Late applications for graduation are not accepted. Applications must be received by the deadline in order to start the audit approval processes. Students that do not meet the deadline may consider early deadline (http://www.twu.edu/gradschool/degree-completion.asp) to save on enrollment costs for the next semester.

A student cannot graduate with a grade of Incomplete on her/his transcript. This applies even if the ‘I’ grade is in a course unrelated to the student’s degree plan.

If a student who has applied to graduate determines he or she is not able to meet the submission deadline, then he or she may request to ‘rollover’ his or her application for graduation by submitting the Rollover Form (http://www.twu.edu/gradschool/degree-completion.asp), available at the Graduate School website. This request must be completed by the ‘rollover’ deadline which is two weeks prior to the submission deadline. By meeting the ‘rollover’ deadline, the student does not have to reapply or pay another application fee. A student may request to ‘rollover’ his/her application twice. After the ‘rollover’ deadline, any student who is unable to meet the submission deadline must reapply online for graduation and pay another application fee.

The State of Texas requirement that a student be enrolled in the term in which they are graduating may be waived only if all the following criteria are met on or before the Friday prior to the start date of the next term:

- All degree requirements must be met;
- An Early Deadline form (http://www.twu.edu/gradschool/degree-completion.asp), must be submitted to the Graduate School;
- All forms and documents, including thesis or dissertation if applicable, must be submitted to and approved by the Graduate School;
- An application for graduation must be submitted for the graduating semester, which is the next term, and the application fee must be paid.

The student will have their matriculation at the end of that semester. Students can request, in writing, a letter of completion from the Graduate School stating that all degree requirements have been met along with the official date the degree will be conferred. In addition, the request to have a letter of completion must have: the student’s name and ID#; names and addresses for where the letter is to be sent; and a request that a copy be sent to the student as well via email or hard copy.

Denton Commencement Ceremony: Denton commencement ceremonies are held in TWU’s Pioneer Hall, located on TWU’s main campus at 304 Administration Drive, Denton, TX 76204. Pioneer Hall is on Bell Avenue, just north of Administration drive.

Houston Commencement Ceremony: Houston’s commencement ceremonies are negotiated each semester. Notification to graduating students is published prior to the event.

Diplomas

When students apply for graduation, they are placed on an order list to receive a diploma. The diplomas are ordered after the rollover deadline each term (Fall, Spring, Summer). Failing to rollover will require a new application and application fee for graduation as the diploma will be sent with the wrong graduation information.

Diplomas are ordered from an outside source and are typically received in the Graduate School about two to three weeks following graduation. Diplomas are sent to students after the degree audit has been satisfied and confirmation that all university bills have been paid (including, library and parking fines).

Transcript Requests

In accordance with the TWU FERPA policy (http://www.twu.edu/Policy/default.asp) (Family Educational Rights Privacy Act), transcripts can only be released to the student or to a third party upon signed, written authorization of the student, except in certain situations prescribed by Federal law. All financial and administrative obligations to the University must be met before an official TWU transcript will be released. Official transcripts will show all TWU work and only a summary of transfer credit by institution. Unofficial transcripts will show an itemized listing of TWU and transfer courses. Transcripts reflecting the official academic record from other institutions must be ordered from the original institution.

Transcript request information is available online at www.twu.edu/registrar/transcript-request.asp. There is no charge for an unofficial transcript. There is a $10.00 charge for each copy of an official transcript. Official transcripts ordered through the online ordering system will incur an additional transaction/convenience fee. Other services such as electronic and express delivery will be charged additional fees based on the service requested. Transcript orders may take up to 5 business days to complete, although most will be processed within 48 hours of receiving the completed request.

Students wishing to have a transcript order not processed until after the posting of grades or a degree should indicate this at the time the order is placed.
Changing Name and Other Personal Information

To change or correct personally identifiable information in academic records, students should submit the Student Information Changes (http://www.twu.edu/registrar/forms.asp) form available in the Registrar’s Office (http://www.twu.edu/registrar/default.asp) on any TWU campus. All changes will require student signature, TWU student ID number, and a copy of a government-issued photo ID. Name and Social Security Number changes will also require a copy of the new Social Security card.

Requests should be sent to the following address:

Office of the Registrar
P.O. Box 425559
Denton, Texas 76204-5559
Fax: 940-898-3205
General Requirements and Regulations for Master's Degrees

Texas Woman's University confers three types of master's degrees: the Master of Arts, the Master of Science, and various professional master's degrees, such as the Master of Education and the Master of Occupational Therapy. TWU also offers the Specialist in School Psychology degree, which is considered as a master's level degree for the purposes of Graduate School requirements. The minimum requirements for these degrees follows.

Residence

While no specific residence requirement exists for the master's degree, the student should plan to pursue as much full-time resident study as is possible in the degree program.

Time Limits

No absolute time period exists within which a master's degree must be completed, but semester credit hours older than six years cannot apply toward any master's degree. Under extraordinary circumstances, semester credit hours older than six years may be reinstated with the permission of the Dean of the Graduate School, upon request and recommendation of a student's advisory committee, chair of the department, and dean of the college.

Limits on Course Load

The nature of graduate study is such that the graduate student load should be lower than a normal undergraduate load. A graduate student is considered full-time if enrolled in nine or more semester credit hours. Enrollment in fewer than nine semester credit hours is considered part-time enrollment. Graduate students are encouraged to consider twelve semester credit hours a maximum load and, if employed, to enroll for proportionately fewer semester credit hours.

Grade Requirements

Grades in courses offered for the master's degree must average 'B' or above in both the major and minor fields. (Some departments of the University accept no grade lower than 'B' for degree work; please see the appropriate departmental sections in this catalog.) In no case may a course with a grade below 'C' apply to the degree.

Graduate students are expected to maintain a 'B' average on all graduate work. Consistent failure to do so results in dismissal from the Graduate School. When a student's cumulative grade point average on graduate-level work falls below 'B' or when a student receives a grade of 'D', 'F', or 'WF' during any one semester or full summer session of twelve weeks, the student is automatically on academic probation and notified of this status. Earning a grade of 'D', 'F', or 'WF' or failure to restore the cumulative average to 'B' or above during the next enrollment results in dismissal from the Graduate School. It is not possible to improve the grade record at Texas Woman's University by attendance at another university. Students who have been suspended may reapply to the TWU Graduate School when 6 years have elapsed after the suspension.

Notification of probation status will be sent to the student's TWU email address. Notification of dismissal/suspension will be mailed by certified mail to the student's address on file with the university at that time.

Major and Minor Subject

At least one-half of the semester credit hours offered for the degree shall be in a single field of concentration. It is incumbent upon the student to elect courses with at least three instructors, two of whom represent the field of the graduate major. In addition, the student may select a minor closely allied to the major, to the thesis subject, or to the interests of the student. When a minor is listed as suitable by the major department, no special permission is necessary, but at least one-half of the minor must be completed in residence at TWU and in a field offering a graduate degree program. If a minor is selected, a faculty member from the minor program shall serve on the student's committee. The minor program, if not on the submitted degree plan, must be added to the degree plan by notification to the Graduate School. A minor selection may only be from the list of majors offered by the university and supported by the major program.

Administration of Program

Each student must meet the special requirements of the major department. Each student must comply with all policies and legislation concerning curricula or work leading to graduate degrees as formulated by the Graduate Council and administered by the Dean of the Graduate School as authorized by the Board of Regents and the Chancellor and President of the University.

When a master's student is accepted into a program, the dean, director, or department chair will appoint an academic advisor who is responsible for the student's program until an advisory committee is appointed. The name of the student's advisor will be included in the official letter of acceptance sent to the student by the Graduate School. The student will develop a degree plan with the advisor upon completion of twelve semester credit hours, subject to final approval by the advisory committee, department chair, academic dean (as required), and Dean of the Graduate School.
Degree Plan

The graduate student and the advisor share the responsibility to file with the Graduate School, on the form provided for that purpose, the complete plan of graduate study (http://www.twu.edu/gradschool/forms.asp) leading to the degree. (When the student presents a minor, a faculty member from the minor department must approve the proposed program through signature on the degree plan.) The student should file, with the Graduate School, the approved and signed degree plan upon completion of twelve semester credit hours.

Thesis or Professional Paper Committee

In consultation with a faculty advisor, it is the graduate student’s responsibility to recommend the membership of the Research Committee. The Research Committee consists of not fewer than two voting members of the graduate faculty (http://www.twu.edu/gradschool/graduate-faculty.asp) from the student’s degree program. If the student has a minor, an additional member of the committee should be a faculty member from the minor area. This committee shall have authority with respect to the student’s thesis or professional paper; and the committee chair administers this authority. This committee also serves as the candidate’s committee to examine the student’s thesis or professional paper. The Chair of a thesis committee must possess Full Graduate Faculty Status (http://www.twu.edu/gradschool/graduate-faculty.asp). Other voting committee members must have at least Associate Graduate Faculty Status. Exceptions to committee membership may be made at the discretion of the Dean of the Graduate School.

Admission to Candidacy

When the degree plan has been approved in the Graduate School, all admission or other conditions have been met, and at least twelve semester credit hours of course work have been successfully completed, the student is admitted to candidacy for the master’s degree.

Program Requirements

All master’s degree programs require either the writing of a thesis or professional paper or the fulfillment of a special project or other requirements.

Each master’s program which includes the writing of a thesis requires the completion of a minimum of twenty-four semester credit hours of approved courses plus a maximum of six semester credit hours for the thesis.

Each master’s program which includes the writing of a professional paper or the fulfillment of a special project requires a minimum of thirty-six semester credit hours, of which a maximum of six semester credit hours may be included for professional paper or special project.

All courses in the program must be graduate-level (numbered 5000 or higher), and in no case may undergraduate credit be accepted toward a master’s degree.

A maximum of 12 graduate semester credit hours earned by a "non-degree student" may subsequently apply toward a graduate degree only if the Dean of the Graduate School, upon recommendation of the student’s advisory committee, determines it is appropriate to the degree program.

Graduate students are not permitted to apply toward the master’s degree more than twelve semester credit hours earned in workshops, in seminars, or in any combination of these. Such courses must form part of the logical, related sequence of work leading to the degree.

Thesis and Professional Paper

A thesis, required in many master’s degree programs, is the culmination of the student’s independent scholarship or creative achievement in some branch of learning or the arts. The professional paper or project may be prepared in conjunction with a research class or seminar or with certain off-campus activities approved by the committee and terminating in a written presentation which demonstrates the student’s ability to prepare a bibliography, gather data, use original source material, draw conclusions, and present the material in a form which shows adequate command of the English language.

Prospectus approval is required by the Research Committee and the Dean of the Graduate School, prior to the student beginning research for a thesis. However, the prospectus for a professional paper, if prepared, does not need to be filed in the Graduate School. Both require Responsible Conduct in Research (http://www.twu.edu/gradschool/responsible-conduct-of-research-training.asp) (RCR) notification and IRB or IACUC (http://www.twu.edu/research/about-research-and-sponsored-programs.asp) approval if human subjects or animals are involved.

Digital submission of the student’s thesis must be completed no later than the filing date listed in the Graduate School’s “Graduation Deadlines (http://www.twu.edu/gradschool/degree-completion.asp).” A bound copy at the expense of the student, may be required by the student’s major department.

All theses are microfilmed by ProQuest. The student pays for this microfilming at the time of completing graduation requirements for submission to the Graduate School. Copyrighting, which remains optional, may be secured during the submission process for an additional fee. Details concerning the abstracts, microfilming, copyrighting, and their fees are available in the Graduate School.
To secure credit for work done on the thesis or professional paper, the student must register for the appropriate course. When “Thesis” appears on the schedule, it will be counted as three semester credit hours in determining both load and tuition and fees. Although no more than six semester credit hours can be earned for the writing of the thesis, the candidate must re-enroll in the thesis course until the writing is completed.

Graduate students may use the computer and research consultant services of the Department of Mathematics and Computer Science in the preparation of professional papers, theses, and dissertations. To use these services, students must enroll in the appropriate course. The course may be repeated for additional credit as needed. Students may also access the support services of the Pioneer Center for Student Excellence (http://www.twu.edu/pioneer-center) and the Write Site (http://www.twu.edu/write-site).

The grade of ‘PR’ is assigned to indicate a professional paper or thesis is in progress. A student writing a thesis for six semester credit hours is given ‘CR’ (Credit) for the first enrollment (5983), usually the completion of the prospectus and ‘PR’ (In Progress) for all subsequent enrollments (5993) until the last enrollment. At that time ‘CR’ is given again. A student writing a professional paper for three semester credit hours is assigned the grade of ‘PR’ for all enrollments except the last one and then is assigned the grade of ‘CR’ for the final enrollment.

Only an officially registered student may hold conferences with faculty members concerning the preparation of a thesis or professional paper. This rule applies both when the student is in actual residence and when the student is not in residence but receiving consultation through conferences or correspondence. This rule does not apply to those preliminary conferences held before the thesis subject has been selected. Registration for thesis or professional paper in one term is good for that term only and does not extend to the next term.

The Graduate School publications “Guide to the Preparation and Processing of Dissertations, Theses, and Professional Papers and Formatting Navigator (http://www.twu.edu/gradschool/degree-completion.asp)” should be consulted for additional information concerning the thesis or professional paper. (See Policies and Guidelines for Graduate Committees on Dissertations, Theses, and Professional Papers (p. 70).)

Final Examination

A candidate for a master’s degree must take a final examination. The format and scope of the examination are determined by the department or program. The examination must cover, if applicable, the candidate’s thesis, professional paper, or project, and/or major and minor fields of study as well as other pertinent material required by the department or program. The examining committee, approved by the Dean of the Graduate School, consists of a minimum of two members from the student’s degree program.

Formal notice of satisfactory completion of the final examination, the Certificate of Final Exam (CFE), (http://www.twu.edu/gradschool/degree-completion.asp) must be filed in the Graduate School by the date specified for each semester in the Graduate School “Graduation Deadlines (http://www.twu.edu/gradschool/degree-completion.asp).”

Credit by Transfer

There is no automatic transfer of graduate credit. However, a student’s advisor or committee may recommend and the Dean of the Graduate School may approve specific courses for transfer credit as a part of the student’s master’s degree plan. Programs will use the following scale in determining the maximum possible number of semester credit hours that may be transferred:

- up to 6 semester credit hours in a program of 30-38 semester credit hours.
- up to 9 semester credit hours in a program of 39-44 semester credit hours.
- up to 12 semester credit hours in a program of 45 or more semester credit hours.

Only graduate courses in which the grade of ‘B’ or better has been earned from a regionally accredited school may be considered for transfer credit. Transferred work is not accepted until the student has demonstrated ability to do satisfactory work at Texas Woman’s University. No credit toward a graduate degree may be obtained by correspondence, nor may credit toward a graduate degree be obtained by extension work from another institution. All transfer credits must have been earned in residence at a university of recognized excellence and approved at TWU by the appropriate dean or chair and by the Dean of the Graduate School. The rule governing the time limit for master’s degree credit applies to transfer credit.

Transfer of Semester Credit Hours from a Completed TWU Master's Degree to a New TWU Master's Degree

There is no automatic transfer of graduate credit from a previous master’s degree earned at Texas Woman’s University to a new master’s degree in progress at Texas Woman’s University. The completion of a number of semester credit hours is not in itself sufficient; the nature and quality of work are the major considerations. The graduate student’s Advisory Committee for the new degree has the prerogative, with approval of the department, to recommend to the Dean of the Graduate School the acceptance of any transferable credits from a previous master’s degree. Any semester credit hours selected for transfer are still governed by the time limit for master’s work; that is, at the time when the new master’s degree is completed, the transferred semester credit hours must not be more than six years old.

Programs will use the following guidelines in determining the maximum possible number of semester credit hours from a previous master’s degree earned at TWU that may be applied to a new master’s degree at TWU:
• up to 12 semester credit hours in a new program of 30-44 semester credit hours.
• up to 18 semester credit hours in a new program of 45-59 semester credit hours.
• up to 24 semester credit hours in a new program of 60 or more semester credit hours.

Only graduate courses in which the grade of 'B' or better has been earned may be considered for such transfer credit.
General Requirements and Regulations for Doctoral Degrees

Admission to the Graduate School of prospective doctoral candidates is the joint responsibility of the Dean of the Graduate School and the head of the program to which the student applies. Students must show sufficient and satisfactory undergraduate preparation in the field or fields in which the doctoral work is to be done. Students must also demonstrate superior ability to do advanced work at the doctoral level.

Candidates for doctoral degrees are subject to all applicable academic and other University regulations which govern candidates for the master's degrees unless otherwise indicated.

Advisory Committee and Degree Program

When a doctoral student is accepted into a program, the program’s dean, director, or department chair appoints an academic advisor who is responsible for the student’s program until an advisory committee is appointed. The name of the student’s advisor will be included in the official letter of acceptance sent to the student by the Graduate School. The student will develop a degree plan with the advisor. The degree plan will be reviewed by a department committee which shall consist of not fewer than three members of the graduate faculty (http://www.twu.edu/gradschool/graduate-faculty.asp), with two being from the major department. This committee shall have authority to review the student’s course work and to evaluate it through written and/or oral examinations with respect to the student’s program. The student’s advisor chairs the advisory committee and administers this authority. When a student presents a minor, a faculty member from the minor department must approve the proposed program through signature on the degree plan. It is the student’s responsibility to work with her/his advisor to develop the degree plan, which must be forwarded through the department chair to the Dean of the Graduate School before completion of eighteen semester credit hours at TWU.

Course Requirements

Specific requirements are determined by the student’s advisory committee, department chair, and academic dean. In general, however, work leading to the doctorate requires the completion of a minimum of ninety graduate-level semester credit hours beyond the baccalaureate degree. In some cases a student may need to complete more than ninety semester credit hours in order to meet individual requirements determined by the advisory committee. The completion of a number of semester credit hours, however, is not in itself sufficient; the nature and quality of work are the major considerations.

Credit by Transfer

There is no automatic transfer of graduate credit, but the student’s advisory committee has the prerogative to recommend to the Dean of the Graduate School the acceptance of transferable semester credit hours.

Only graduate coursework completed at regionally accredited institutions may be considered for transfer. A student may apply for consideration of transfer of semester credit hours after satisfactorily completing a minimum of nine semester credit hours of graduate credit at Texas Woman’s University and upon filing the degree program. The rule governing the time limit for doctoral work also applies to transferable credits.

Only graduate courses in which a grade of ‘B’ or better has been earned are acceptable for transfer. No credit toward a graduate degree may be obtained by correspondence and no credit toward a graduate degree may be obtained by extension work from another institution.

At least fifty percent of the work counted toward a doctoral degree program must be composed of courses having residence status at Texas Woman’s University.

Major and Minor

Specific requirements for the major and minor subjects are determined by the dean of the college or chair of the committee in consultation with the department in which the candidate seeks the minor. Detailed statements regarding majors and minors are in the departmental, school, and college sections of this catalog. At least half of the courses for the minor must be completed in residence at TWU.

Grade Requirements

No course with a grade below ‘B’ is accepted toward a doctoral degree at the University.

The doctoral student is expected to maintain a cumulative grade point average of at least ‘B’ (3.00). When a student’s cumulative grade point average on graduate-level work falls below ‘B’ during any one semester or full summer session of twelve weeks, or when a student receives a single grade of ‘D’, ‘F’, or ‘WF’, the student is placed on academic probation and notified of this status. Should a student receive two failing grades (‘F’ or ‘WF’) within a single semester, the student will be dismissed immediately without a probation semester. Earning a grade of ‘D’, ‘F’, ‘WF’, or failure to restore the cumulative GPA to 3.00 or above during the next enrollment results in dismissal from the Graduate School. The grade record at Texas Woman’s University cannot be improved by attendance at another university. Students who have been suspended may reapply to the TWU Graduate School when 10 years have elapsed after the suspension.
Degree programs in the various colleges have different criteria/expectations when a student earns a grade of 'C'. If a doctoral student earns a grade of 'C', continuation in the degree program is reviewed by the student’s advisory committee. A student is not allowed to continue in the doctoral program if there are two failing grades ('F' or 'WF') in the doctoral program.

Notification of probation status will be sent to the student's TWU email address. Notification of dismissal/suspension will be mailed by certified mail to the student's address on file with the university at that time.

Course Load

Normally nine or more graduate semester credit hours are considered a full course load. A graduate student is considered full-time if enrolled in nine or more semester credit hours. Enrollment in fewer than nine semester credit hours is considered part-time enrollment. Graduate students are encouraged to consider twelve semester credit hours a maximum load and, if employed, to enroll for proportionately fewer semester credit hours.

Tuition for Doctoral Semester Credit Hours Exceeding Legislated Limit

The Texas Legislature has amended the state’s Education Code to limit funding of doctoral semester credit hours for any student at any institution to 99 semester credit hours. TWU doctoral students are charged at the out-of-state tuition rate for any doctoral work in excess of 99 semester credit hours. By state exception, TWU doctoral students in Counseling Psychology, School Psychology, Family Therapy, and Nursing Science are charged at the out-of-state tuition rate for any doctoral work in excess of 130 semester credit hours. Doctoral students should, therefore, work closely with their advisors to plan a course of study that will prevent their inadvertently exceeding the limit. All semester credit hours listed as ‘I’, ‘NG’, ‘PR’, ‘W’, ‘WF’, ‘REP’, and ‘X’ on the transcript are included in the total doctoral semester credit hours.

Doctoral students who are simultaneously enrolled in a master’s program should work with their advisors to avoid exceeding the 99/130 doctoral hour limit. Master’s courses taken after a student becomes enrolled as a doctoral student are included in the 99/130 hours if they receive doctoral funding.

Time Limits

All requirements toward a doctoral degree, aside from a completed master’s degree, must be completed within a period of ten consecutive calendar years from the date doctoral semester credit hour is first earned.

Admission to Candidacy for Ph.D. and Ed.D. Students

When a student applies for admission to candidacy, the Dean of the Graduate School appoints a research committee from a list of faculty members suggested by the student in consultation with the chair of the department and submitted by the dean of the college (if required). The committee is composed of a minimum of three members. The chair must possess Full Graduate Faculty status (http://www.twu.edu/gradschool/graduate-faculty.asp). The second and third committee members must have at least Associate Graduate Faculty status. This committee evaluates the student’s professional promise, plans for continued study, and progress with respect to the dissertation and later approves the dissertation and sets the final examination of the candidate for the doctoral degree. Admission to candidacy requires the following:

1. Unconditional admission to the Graduate School;
2. Submission of a Degree Plan (http://www.twu.edu/gradschool/forms.asp);
3. Demonstration of professional promise;
4. Good academic standing;
5. Completion of research tools;
6. Satisfaction of the residence requirement, if required;
7. Successful completion of qualifying examination.

The qualifying examination consists of written and/or oral comprehensive examinations conducted by the candidate’s committee and administered at least one academic year before the degree is expected to be conferred, ordinarily not earlier than during the last semester of the second full year of graduate study. In no case may a student be excused from the qualifying examination. (NOTE: The student must have met research tool and any residence requirements before taking the qualifying examination.)

Research Tools for Ph.D. and Ed.D. Students

Doctoral studies require skills and techniques (tools) that vary with the specific needs of the discipline. The degree-granting components determine the suitability of specific research tools for their programs. In general, such tools comprise coursework equivalent to a minimum of six graduate semester credit hours for each tool. Equivalent competencies may, if acceptable to the component, be demonstrated by examination. The degree-granting component establishes whether the semester credit hours are included in the 90 semester credit hours required for the program or whether they are required in addition to the minimum semester credit hours needed for the degree.
Dissertation

Each Ph.D. and Ed.D. candidate must write a dissertation based upon research which makes an original contribution to the literature and research of the student’s discipline. The Dean of the Graduate School appoints the dissertation director upon recommendation of the chair and/or dean of the college of the doctoral major. In final form, the dissertation must be approved by the student’s committee, specified administrators of the appropriate college or school, and the Dean of the Graduate School.

Prospectus approval is required by the Research Committee; the department chair, director, or associate dean; dean of the college (if required); and the Dean of the Graduate School, prior to the student beginning research for a dissertation.

To secure semester credit hours for work done on the dissertation, the student must register for this work. When “Dissertation” appears on the schedule, it is counted as three or six semester credit hours in determining both load, tuition, and fees.

Graduate students may use the computer and research consultant services of the Department of Mathematics and Computer Science in the preparation of their professional papers, theses, and dissertations. To use these services, students must enroll in the appropriate course. The course may be repeated for additional credit as needed. Student's may also access the services of the Pioneer Center for Student Excellence (http://www.twu.edu/pioneer-center) and the Write Site (http://www.twu.edu/write-site).

The grade of ‘PR’ will be assigned to indicate a dissertation is in progress. A student writing a dissertation for six semester credit hours will be given ‘CR’ (Credit) for the first enrollment (usually 6983) and ‘PR’ (In Progress) for all subsequent enrollments (usually 6993) until the last, for which ‘CR’ will be given again. A student writing a dissertation for twelve semester credit hours will be given ‘CR’ for the first two enrollments, usually the completion of the prospectus (6983) and for the last two enrollments (usually 6993) and ‘PR’ for enrollments in between.

Only an officially registered student may hold conferences with faculty concerning the preparation of a dissertation. This rule applies both to the student in actual residence and to the student not in residence who is receiving aid or criticism through conferences or correspondence. This rule does not apply to preliminary conferences held before the dissertation subject has been selected. Registration for dissertation in one term is good for that term only and does not extend to the next term.

Digital submission of the student's dissertation must be completed no later than the filing date listed in the Graduate School “Graduation Deadlines (http://www.twu.edu/gradschool/degree-completion.asp).” One or more bound copies at the expense of the student, may be required by the student's major department. Under certain conditions, usually related to special research fellowships or programs or to continuing university, college, foundation, or industrial research programs, these copies become the property of the University.

All dissertations are microfilmed by ProQuest and included in Dissertation Abstracts International. The student pays for this microfilming at the time of filing the dissertation and abstract in the Graduate School. Copyrighting, which remains optional, may be secured during the submission process for an additional fee. Details concerning the abstracts, microfilming, copyrighting, and their fees are available in the Graduate School.

Students are urged to consult the Graduate School publication (http://www.twu.edu/gradschool/degree-completion.asp) Guide to the Preparation and Processing of Dissertations, Theses, and Professional Papers and Formatting Navigator for additional information. (See also Policies and Guidelines for Graduate Committees on Dissertations, Theses, and Professional Papers (p. 70).)

Final Examinations

When the research committee has approved the candidate’s dissertation and all other requirements for the degree have been met, the student stands for a final examination before the committee. The final examination is oral, written, or both, and includes a defense of the dissertation and the research on which it is based, as well as questions concerning both the major and minor fields.

Formal notice of satisfactory completion of the final examination, Certificate of Final Exam (CFE) (http://www.twu.edu/gradschool/degree-completion.asp), must be filed in the Graduate School by the date specified for each semester in the Graduate School “Graduation Deadlines (http://www.twu.edu/gradschool/degree-completion.asp).”

Doctoral students are not permitted to participate in the graduation ceremony if they have not met all deadline requirements.
Committees on Dissertations, Theses, and Professional Papers

These policies shall apply to the research committee of each candidate for a graduate degree requiring a dissertation, thesis, or professional paper.

Purpose

The purpose of the committee is threefold:

1. to guide the student during the major study,
2. to evaluate the student's total progress and achievement, and
3. to maintain high standards of scholarship.

Selection

A graduate student's responsibility includes recommending the membership of the committee. Before first registration for thesis, professional paper, or dissertation, the student should identify in writing to the head of the appropriate department, school, or college those persons whom the student wishes to have as chair and members of the committee. The head of the component recommends in writing the appointment of the committee and its chair to the Dean of the Graduate School. If those recommendations are different from the student’s request, a written statement to that effect accompanies the recommendations to the Dean of the Graduate School.

Master's Degree

The Research Committee consists of not fewer than two voting members of the graduate faculty from the student's degree program. If the student has a minor, an additional member of the committee should be a faculty member from the minor area. This committee shall have authority with respect to the student’s thesis or professional paper; and the committee chair administers this authority. This committee also serves as the candidate’s committee to examine the student's thesis or professional paper. A person selected to serve on a master's committee must hold a master's degree or higher. Exceptions to committee membership may be made at the discretion of the Dean of the Graduate School.

Doctoral Degree

The Research Committee consists of not fewer than three voting members of the graduate faculty, at least two of whom represent the major discipline. If the student has a minor, one member of the committee should be a faculty member from the minor area. This committee shall have authority with respect to the student’s dissertation; and the committee chair administers this authority. This committee also serves as the candidate’s committee to examine and give approval for the dissertation.

Qualifications for Committee Membership

Ordinarily, a person selected to serve on a committee should hold a regular, full-time academic appointment at TWU and should be a member of the graduate faculty. A person selected to serve on a master’s committee must hold a master’s degree or higher, and one selected to serve on a doctoral committee is expected to hold a doctor’s degree. The chair of a Thesis or Dissertation committee must possess Full Graduate Faculty status. The second and/or third members must have at least Associate Graduate Faculty status. Exceptions may be made at the discretion of the Dean of the Graduate School.

External Committee Members: A committee chair may request that someone, from outside of the university, serve on a student's research committee, when her/his expertise and/or experience will enhance the quality of the student's research and study experience. The external committee member participates in research meetings but is not a voting member of the committee. The appointment is with great appreciation but no remuneration is awarded for the service. A copy of the the individual's vita/resume must be submitted with the request to the Dean of the Graduate School.

Appointment

Official appointment of the committee is the responsibility of the Dean of the Graduate School.

Authority and Responsibilities

The advisory committee is an arm of the Graduate School. When the committee has been appointed, the authority of the component with respect to the student’s program including course work, evaluation, and major study is delegated to the committee; however, actions and decisions of the committee are subject to review and recommendation by the head of the component.

The committee chair is the committee spokesperson in dealing with the student. The student should have no uncertainty concerning the person with whom to deal in the day-to-day preparation of the major study, and it should seldom be necessary for the student to hold conferences concerning minor matters with the individual members between committee meetings.
1. The committee determines specific program requirements for the student consistent with University policy.

2. The committee requires an approved prospectus (http://www.twu.edu/gradschool/forms.asp) before the student begins data-gathering procedures. To indicate approval, each committee member signs the prospectus cover sheet; the committee chair forwards the approved prospectus to the head of the next larger component for signature. The thesis or dissertation prospectus is then forwarded to the Dean of the Graduate School. To indicate approval of a professional paper prospectus, each committee member signs the prospectus, and the committee chair files it with the office of the component in which the student is majoring.
   a. The committee chair assures the Graduate School in writing that the researcher and the research chair have completed and submitted the "Responsible Conduct of Research Training (http://www.twu.edu/gradschool/responsible-conduct-of-research-training.asp)" verification.
   b. The committee chair assures that any study involving human subjects meets the criteria of the Texas Woman’s University Institutional Review Board (http://www.twu.edu/research/irb.asp) guidelines established in accordance with the Department of Health and Human Services regulations, and that it has been approved, if necessary, by the Institutional Review Board.
   c. The committee chair assures the Graduate School in writing that written permission has been obtained in advance from every person who is photographed, filmed, video-taped, or recorded in any way for educational or research purposes. Consent forms are available in each academic component and in the Graduate School.
   d. The committee chair assures the Graduate School that, when other institutions or organizations are involved in the major study, the student will obtain letters of cooperation from the appropriate officials on their letterhead before beginning the collection of data.
   e. The committee chair informs the Graduate School of the receipt of the required letters of informed consent for human studies and letters of institutional cooperation. These documents are filed for the length of time stipulated in the regulations.
   f. The committee chair informs the student of the necessity of assuring the rights to privacy and protection of confidentiality of data before data are collected, normally when the prospectus is approved.
   g. The committee chair assures the Graduate School in writing that any study involving live animals meets the criteria of the Texas Woman’s University Institutional Animal Care and Use Committee guidelines (http://www.twu.edu/research/animal-care-and-use-committee.asp).

3. The committee accepts or rejects the completed major study in accordance with high standards of scholarship.

4. The committee members are responsible for thorough and prompt review of the student’s work throughout the major study.

**Changes in Committee Appointment**

If necessary, changes in committee membership can be made. A request for a change may be initiated by the student, committee member, or head of the component. Requests for changes should be written and routed through the chair of the committee to the head(s) of the component(s) to the dean of the respective college to the Dean of the Graduate School. Academic courtesy holds that, before an official change is made, the committee chair should inform all parties concerned.

**Committees of the Federation**

A Texas Woman’s University student enrolled in a program of the Federation of North Texas Area Universities (http://www.twu.edu/federation) may request that a faculty member from another Federation university be asked to serve on the committee. The head of the component recommends such an appointment in writing to the Dean of the Graduate School.

The chair of the student’s committee provides guidelines relative to the Federation program in the student’s major component. When the degree is granted by Texas Woman’s University, the chair and the majority of the voting members of any committee of the Federation must be from the student’s major component at Texas Woman’s University.

**Meetings**

A committee is convened by the chair no fewer than two times and often three or more times, depending upon the student’s progress. Committee members are expected to respond promptly to the call for a meeting. All committee members are expected to attend committee meetings. Majority decisions of the committee prevail.

**First Obligatory Meeting**

At least ten days before this meeting, with the approval of the committee chair, the student gives each member a copy of the prospectus developed to the level of complexity deemed appropriate by the chair. The prospectus typically may include an introduction, a statement of purpose (problem, questions, hypotheses), a selected review of literature, and a description of the student’s research methods and procedures. At this meeting, the committee assesses the student’s prospectus and ability to carry out the research. The committee makes suggestions to the chair concerning the course work or study still needed by the student and establishes the time limitations for the currency of the research data. The committee decision takes one of the several forms listed below.

1. Unqualified approval: If the prospectus is followed in precise detail, the student’s research design will not later be challenged.
2. Qualified approval: Changes may be made under the supervision of the chair without further committee involvement.
3. Qualified disapproval: The student must revise the prospectus and meet again with the whole committee.
4. Unqualified disapproval: The student must prepare a new prospectus or withdraw from the program.

When the committee has granted unqualified approval to a prospectus for a thesis or dissertation, the student must file in the Graduate School a copy of the prospectus bearing the approval signatures of all committee members, the department chair, and the academic dean. (This filing is not required for professional papers.) Revisions may be required at any level of review/approval. Departments typically require a more extensive prospectus, however, the copy filed in the Graduate School must be no longer than ten pages, setting forth salient aspects of the following:

- tentative title,
- purpose and rationale for the study,
- statement of the problem,
- proposed procedures, and
- other information deemed necessary by the committee.

If human subjects, animals, or outside agencies are involved, the appropriate permission and approval statements must also be filed with the prospectus. See the Graduate School publication Guide to the Preparation and Processing of Dissertations, Theses, and Professional Papers.

Students are not to begin the collection of data prior to receiving prospectus approval in the form of a letter/email received from the Graduate School and copied to the committee chair. Research conducted without prospectus approval could be rejected.

**Second Obligatory Meeting**

At least ten days before this meeting, with the approval of the committee chair, the student gives each member of the committee a copy of the completed major study. At this meeting the student must defend the major study, although relevant questions outside its purview may be asked. The component decides whether the examination is written or oral. If the examination is oral, the meeting is announced and is open to the component faculty. Ordinarily, only the committee and the candidate participate in the examination; however, the committee may invite the participation of other faculty members. The committee’s decision, made in executive session, takes one of the several forms listed below.

1. Unqualified approval: The committee recommends the student be approved for the degree by the Dean of the Graduate School.
2. Qualified approval: Suggested changes are made under the direction of the chair without another meeting of the committee and the committee will then recommend that the Dean of the Graduate School approve granting the degree.
3. Qualified disapproval: The research needs to be repeated or modified, or the major study rewritten extensively and resubmitted for another meeting of the committee. If a second formal defense of the major study is scheduled, two such meetings may not be scheduled in the same semester. (Two consecutive summer terms are considered one semester.)
4. Unqualified disapproval: The student is advised to withdraw from the program without completing the degree.

The committee chair promptly informs the Dean of the Graduate School, the head(s) of the component(s), and the student of any decision falling into the category of unqualified approval or unqualified disapproval.

**Preparation and Submission of Dissertations, Theses, and Professional Papers**

TWU students enrolling in thesis or dissertation are required to use the digital submission format.

Digital paper submission: A digital copy is uploaded to Proquest’s database. Some programs still require the student to provide one printed copy for the department.

The Graduate School provides assistance for students completing a dissertation or thesis. The Senior Graduate Services Analyst provides formatting assistance, graduate school requirements as well as style manual formatting, corresponding forms and any applicable requirements. Contact information and hours of availability can be found on the Graduate School website under Thesis and Dissertation Consultation (http://www.twu.edu/gradschool/thesis-and-dissertation-consultation.asp).

In addition to the services provided by the Graduate Services Analyst, the graduate school provides a “Guide to Preparation and Processing of Dissertations, Theses and Professional Papers (http://www.twu.edu/gradschool/degree-completion.asp)” as well as a supplemental guide, “Formatting Navigator (http://www.twu.edu/gradschool/degree-completion.asp)”.
The College of Arts and Sciences is comprised of the departments of Biology; Chemistry and Biochemistry; English, Speech, and Foreign Languages; History and Government; Mathematics and Computer Science; Psychology and Philosophy; Sociology and Social Work; and Women’s Studies. The School of Management (Business and Economics; Fashion and Textiles; and Health Systems Management) and the School of the Arts (Dance, Drama, Music, and Visual Arts) are also in the College of Arts and Sciences.

Graduate programs offered by these college components lead to the following master’s degrees: Master of Arts, Master of Business Administration, Master of Fine Arts, Master of Health Systems Management, and Master of Science. In addition, the Specialist in School Psychology degree is offered, as well as the dual degrees in Master of Business Administration/Master of Health Systems Management and Master of Arts in Music (Music Therapy concentration)/Master of Science in Counseling and Development.

Several graduate certificates are offered in the College. The Department of Sociology and Social Work offers the Post-baccalaureate Certificate in Diversity and the Post-baccalaureate Certificate in Social Science Research Methods. The School of Management offers a Post-baccalaureate Certificate in Accounting. The Department of Women’s Studies offers a Post-baccalaureate Certificate in Women’s Studies.

Doctor of Philosophy programs are offered in the fields of Counseling Psychology, Dance, Molecular Biology, Rhetoric, School Psychology, Sociology, and Women’s Studies.

Numerous research opportunities exist in these programs, and special facilities for graduate instruction and research are available.

General degree requirements (p. 52) of the University may be found in this catalog. Additional information about the College’s departments and programs can be found at the College of Arts and Sciences website (http://www.twu.edu/arts-sciences).
Department of Biology

Graduate Degrees Offered

• M.S. in Biology (p. 77)
• Ph.D. in Molecular Biology (p. 77)

The doctoral degree is offered through the Federation of North Texas Area Universities.

Students in the Department of Biology can obtain a graduate degree with an emphasis in molecular biology, microbiology, neurobiology, general biology, or science education. The primary objectives of the department are to provide education and training broad enough to prepare the student to enter careers in research, industry, or teaching. Within the department there are opportunities for both teaching and research assistantships. For teaching assistantships, students should request an application form from the department.

Admissions

Admission Requirements

Please see the admissions section (p. 52) in this catalog. In addition to these general requirements, the Department of Biology requires the following for admission to its graduate degree programs:

1. A bachelor’s degree in Biology or its equivalent. Students without an undergraduate Biology major will be considered if the departmental admissions committee believes that the student shows academic promise. These students may be granted provisional admission while they complete the requisite background coursework.
2. Submission of GRE (http://www.ets.org/gre) scores. Those accepted into the Master’s programs typically exceed 425 (148, verbal, and 140, quantitative, on the Revised GRE) in both the verbal and quantitative sections. Those accepted into the Ph.D. program commonly have GRE scores above 500 (153, verbal, and 144, quantitative, on the Revised GRE) in both the verbal and quantitative sections.
3. A statement of purpose (1-3 pages) that includes reasons for pursuing graduate work, background experience, and professional goals. Please include all contact information.
4. Three letters of recommendation from persons familiar with the applicant’s academic capabilities. The statement of purpose and letters of recommendation should be submitted directly to the Biology Department.

In addition, admission to the Ph.D. program requires undergraduate courses in: Organic Chemistry (2 semesters); Calculus (2 semesters); and Physics (2 semesters).

International students should follow the application procedures outlined by the International Education Office (http://www.twu.edu/international-education), but should also send the statement of purpose and letters of recommendation to the Biology Department. Those students wishing to apply for teaching assistantships must demonstrate English speaking proficiency by one of the following:

• score of 26 or higher on the TOEFL (http://www.ets.org/toefl) iBT speaking section
• score of 50 or higher on the Test of Spoken English
• score of 7.5 or higher on the IELTS (http://www.ielts.org) Speaking test
• score of 4 or higher on the MELAB (http://www.cambridgemichigan.org/melab) Speaking test

Applications of students who satisfy the Graduate School’s admission standards are forwarded for review to the departmental admissions committee. This committee is responsible for recommending acceptance into Biology graduate programs.

Minors

Minors Offered to Students in Other Departments

Master’s level: 6 graduate semester credit hours of biology.

Doctoral level: 12 graduate semester credit hours of biology.
Courses

Bacteriology Courses

BACT 6534. Plasmids as Vectors for Recombinant DNA. Molecular structure and replication of plasmids. Utilization of plasmids for isolation, characterization, and expression of prokaryotic and eukaryotic genes. Two lecture and six laboratory hours a week. Credit: Four hours.

BACT 6544. Viruses as Vectors for Recombinant DNA. Replicative cycle of viruses utilized in recombinant DNA technology. Viruses used to isolate genetic material from other sources and characterization of the recombinant DNA by size, restriction endonuclease mapping, and nucleic acid sequencing. Two lecture and six laboratory hours a week. Credit: Four hours.

Biology Courses

BIOL 5014. Advanced Bioinformatics and Computational Biology. Theory and methods for computational research of biomacromolecular and cellular structure and function, including the application of computational data storage and retrieval, pattern recognition, and chemical modeling techniques; research utilizing sequence analysis, structural prediction, genomics, phylogenetics, or systems biology. Prerequisites: Courses in molecular biology and biochemistry. Three lecture and two laboratory hours a week. Credit: Four hours.

BIOL 5033. Advanced Science in the Secondary Classroom. Advanced strategies for teaching high school and middle school science using science inquiry and active learning techniques. Notebooking, portfolio building, SE lesson plan design, classroom management, cooperative learning, assessment, and technology applications. Three lecture hours a week. Credit: Three hours.

BIOL 5111. Teaching Methods for Biology Laboratory Instructors. Examination of teaching methods in the biology laboratory. Development of attitudes and behaviors which typify the excellent teacher. One lecture hour a week. Credit: One hour.

BIOL 5123. Biostatistics. Advanced studies in biometric systems, experimental design, and data analysis. Prerequisite: Twelve hours of biology and permission of instructor. Three lecture hours a week. Credit: Three hours.

BIOL 5293. Advanced Scientific Communication. Advanced writing and verbal communication skills involved in gathering, analyzing, and distributing scientific and technical information for specific scientific audiences; advanced research project design and implementation, data collection, and the design and application of appropriate statistical analysis. Three lecture hours a week. Credit: Three hours.

BIOL 5333. Advanced Pathophysiology. Principles of pathophysiology; including normal physiology, effects of abnormalities of function, instrumentation and measurement of physiological function. Three lecture hours a week. Credit: Three hours.

BIOL 5503. Research Methods. Studies in bibliographical procedures, the selection of methods applicable to specific problems, and writing and organization of review articles. May be repeated for additional credit. Credit: Three hours.

BIOL 5681. Seminar. Presentation of research projects, data, and research by graduate students; discussions of presentations and related literature or laboratory techniques. May be repeated for additional credit. One seminar hour a week. Credit: One hour.

BIOL 5801. Biological Research. Nature of biological investigations; methods and tools of research; survey of scientific literature. Credit: One hour.

BIOL 5803. Biological Research. Nature of biological investigations; methods and tools of research; survey of scientific literature. Credit: Three hours.

BIOL 5883. Biological Research. Continuation of BIOL 5803. Credit: Three hours.

BIOL 5903. Special Topics. Offerings in biology, botany, microbiology, and zoology. May be repeated for additional credit. Prerequisite: Permission of instructor. Credit: Three hours.

BIOL 5911. Independent Study. Independent or tutorial work in selected areas in biology. May be repeated for additional credit. Credit: One hour.

BIOL 5913. Independent Study. Independent or tutorial work in selected areas in biology. May be repeated for additional credit. Credit: Three hours.

BIOL 5973. Professional Paper. Written presentation of literature and possible laboratory research in a selected area. Credit: Three hours.

BIOL 5981. The Professional Portfolio. Development of a professional portfolio by students in the Master of Arts in Teaching program demonstrating the student's growth in the Learner-Centered Competencies. Pass-fail grade only. Credit: One hour.

BIOL 5983. Biological Research. Continuation of BIOL 5803. Credit: Three hours.

BIOL 5993. Thesis. Prerequisite: BIOL 5983. Credit: Three hours.

BIOL 6334. Advanced Cell Biology. Survey of current understanding of biogenesis, architecture and function of cellular organelles. The cell cycle and regulation of cell growth. Prerequisite: Permission of the instructor. Four lecture hours a week. Credit: Four hours.

BIOL 6513. Molecular Biology. Survey of current understanding of DNA structure, organization, chromosome replication, gene transcription, ribosome assembly, and translation. Emphasis is on molecular processes and their regulation in both prokaryotes and eukaryotes. Prerequisites: CHEM 5613 and CHEM 5623, or permission of instructor. Three lecture hours a week. Credit: Three hours.

BIOL 6734. Advanced Genetics. A literature-based course covering theory, experimental methods, and data analysis in genetics. Prerequisites: BIOL 6513 and BIOL 6334. Four lecture hours a week. Credit: Four hours.
**Biol 6821. Research in Molecular Biology.** Application of molecular studies to biological problems. May be repeated for additional credit. Credit: One hour.

**Biol 6823. Research in Molecular Biology.** Application of molecular studies to biological problems. May be repeated for additional credit. Credit: Three hours.

**Biol 6831. Research in Molecular Biology.** Continuation of BIOL 6821. May be repeated for additional credit. Credit: One hour.

**Biol 6833. Research in Molecular Biology.** Continuation of 6823. May be repeated for additional credit. Credit: Three hours.

**Biol 6843. Health Care Genetics.** Human genetics and gene abnormalities with emphasis on application of new genomic technology in medicine; includes gene expression, inheritance, consequences of mutation, recombinant DNA technology, genetic testing, gene therapy, and genomics; incorporation of sequence-based health with evidence-based practice. Fulfills requirement in the Doctor of Nursing Practice program. Three lecture hours a week. Credit: Three hours.

**Biol 6903. Special Topics.** Selected studies in advanced biology. Prerequisite: Permission of instructor. May be repeated for additional credit. Credit: Three hours.

**Biol 6911. Independent Study.** Independent work in selected areas of molecular biology. May be repeated for additional credit. Credit: One hour.

**Biol 6913. Independent Study.** Independent work in selected areas of molecular biology. May be repeated for additional credit. Credit: Three hours.

**Biol 6983. Dissertation.** Credit: Three hours.

**Biol 6993. Dissertation.** Prerequisite: BIOL 6983. Credit: Three hours.

**Zoology Courses**

**Zool 5423. Endocrinology.** Advanced studies of biology and biochemistry of the glands of internal secretion. Prerequisite: ZOOL 4243. Three lecture hours a week. Credit: Three hours.

**Faculty**

**Professors**

McARTHUR, MERRY C., Professor of Biology. B.S., University of Minnesota, Duluth; M.S., University of Minnesota, Duluth; Ph.D., Southern Methodist University.

MILLS, NATHANIEL C., Professor of Biology. B.S., Western Kentucky University; Ph.D., Vanderbilt University.

UPHOUSE, LYNDA L., Cornaro Professor of Biology. B.A., Austin College; M.A., University of Colorado, Boulder; Ph.D., University of Colorado, Boulder.

**Associate Professors**

BERGEL, MICHAEL, Associate Professor of Biology. B.Sc., The Hebrew University of Jerusalem; M.Sc., The Hebrew University of Jerusalem; Ph.D., The Hebrew University of Jerusalem.

CONRAD-WEBB, HEATHER M., Associate Professor of Biology. B.S., Baylor University; Ph.D., Ohio State University, Columbus.

HYNDS, DIANNA L., Associate Professor of Biology. B.S., Hillsdale College; Ph.D., Ohio State University, Columbus.

MAIER, CAMELIA G., Associate Professor of Biology. B.S., University of Bucharest; M.S., University of North Texas; Ph.D., University of North Texas.

WESTMORELAND, SANDRA, Associate Professor of Biology. B.S., University of Houston; M.S., University of Texas at Arlington; Ph.D., University of Texas at Arlington.

**Assistant Professors**

AVERITT, DAYNA L., Assistant Professor of Biology. B.A., University of Texas at Austin; M.S., Georgia State University; Ph.D., Georgia State University.

BROWER, CHRISTOPHER, Assistant Professor of Biology. B.S., Northeastern Oklahoma State University; M.S., University of Oklahoma Health Sciences Center; Ph.D., University of Oklahoma Health Sciences Center.

GUMIENNY, TINA, Assistant Professor of Biology. B.S., Texas A&M University; Ph.D., State University of New York-Stony Brook.

HANSON, LAURA K., Assistant Professor of Biology. B.S., University of Washington; Ph.D., Cornell University.

**Lab Instructor**

AHMED, SHAZIA A., Laboratory Instructor of Biology. B.S., University of Karachi; M.S., University of Karachi; Ph.D., Texas Woman's University.
Master of Science in Biology

Total Semester Credit Hours Required

For the M.S. in Biology with research emphasis, a minimum of 30 semester credit hours, including 6 semester credit hours for thesis; for the M.S. in Biology with teaching emphasis, 36 semester credit hours, including 3 semester credit hours for professional paper and 6 semester credit hours of education or equivalent coursework as approved by the Advisory Committee.

Major/Emphasis

24-27 semester credit hours of courses chosen with an advisory committee to fit the needs of the student.

Minor

6 semester credit hours, usually chemistry.

Final Examination

Oral defense of the thesis or professional paper; may be retaken once upon approval of the committee.

Master of Science in Biology Program of Study

Doctor of Philosophy in Molecular Biology

The Doctor of Philosophy degree in Molecular Biology is offered through a cooperative program of the Federation of North Texas Area Universities that includes Texas Woman’s University and the University of North Texas. Within this degree option, course work is available in neurobiology.

The federation doctoral program provides opportunities for formal course work, seminars, independent study, participation in regional and national conferences, and dissertation research. The program also includes federation-sponsored seminars featuring outstanding nationally and internationally recognized educators.

Graduate students enrolled at either UNT or TWU take courses at both universities, thus benefiting from the combined faculties of each school. Students graduating from a federation program will be granted the Ph.D. from the university through which they entered the program.

Total Semester Credit Hours Required

A minimum of 90 semester credit hours including those at the master’s level and 6 semester credit hours for dissertation.

Required

(To be fulfilled by every Ph.D. student as early as possible in the program.)

Research Tools
Proficiency in two competencies such as foreign languages, statistics, or computer science.

Residence Requirement
A Ph.D. candidate must spend one academic year in residence on the Denton campus.

Dissertation
6 to 12 dissertation hours

Preliminary Examination
The preliminary examination will consist of two parts: a written literature review; and an oral examination covering the contents of the literature review as well as the field of cell and molecular biology. The student's advisory/research committee administers the examination.

Final Examination
An open seminar in which the student discusses research results, and an oral examination by the dissertation committee are required.

Graduate Degree Offered

- M.S. in Chemistry (p. 81)

Analytical, biological, inorganic, organic, and physical chemistry are areas in which advanced coursework and research are available in the department. A course of study and research is designed by a faculty committee as a degree program leading to a master’s degree best fitted to the individual’s career goals. The department has excellent facilities and resources to support a broad variety of research directions.

Cooperation and interaction among the faculty and with the graduate students create an environment of strong support for the student in both studies and research, and facilitates the attainment of the educational goals of each student. Opportunities to serve as a teaching assistant and/or as a research assistant provide both financial support and educational experience. Fellowships and scholarships are also available.

We offer the MS degree in Chemistry with research focuses in biochemistry, biophysical chemistry, organic chemistry and inorganic/materials chemistry. All MS degree seeking students will be required to take a minimum of four basic courses covering different aspects of chemistry for a broad background. Students can also take other graduate courses for more in depth perspectives. We now offer two pathways to the MS including a research path or a coursework path with a science or business track emphasis.

Admissions

Admission Requirements

Please see the admissions section (p. 52) in this catalog. In addition to these general requirements and for unconditional admission, the Department of Chemistry and Biochemistry requires that the applicant for admission to graduate study leading to the Master of Science in Chemistry hold a bachelor’s degree in chemistry, or the equivalent to a chemistry major offered at Texas Woman’s University. Preferred scores on the GRE Verbal of 400/146 and on the GRE Quantitative of 550/146 should be presented. An applicant with a bachelor’s degree in another discipline may be admitted provisionally until all undergraduate deficiencies are cleared.

Minors

Minors Offered to Students from Other Departments

Master’s level

Six semester credit hours of organized graduate courses in the Department of Chemistry and Biochemistry as defined by the chemistry representative on the candidate’s advisory committee.

Courses

Chemistry Courses

CHEM 5013. Advanced Physical Chemistry. Fundamental laws, states of matter, thermodynamics of solutions, and chemical equilibria with an emphasis on biological systems. Three lecture hours a week. Credit: Three hours.

CHEM 5101. Seminar. Presentation of chemical papers of current interest, followed by discussion. Prerequisite: One semester of graduate work. One seminar hour a week. Credit: One hour.

CHEM 5213. Advanced Organic Chemistry. Problems and techniques of modern theoretical organic chemistry. Three lecture hours a week. Credit: Three hours.

CHEM 5323. Advanced Analytical Chemistry. Activity and equilibrium in water and nonaqueous solvents; precipitation, complexation, redox, electrochemical, and separative processes; sampling and statistics. Instrumentation. Three lecture hours a week. Credit: Three hours.

CHEM 5523. Advanced Inorganic Chemistry. Theory and description applicable to the elements and their inorganic compounds; bonding, structure stereochemistry, complexes, acid-base theory. Three lecture hours a week. Credit: Three hours.

CHEM 5623. Advanced Biochemistry II. Chemistry and metabolism of biomolecules (proteins, enzymes, nucleic acids, carbohydrates, and lipids). Prerequisite: CHEM 5613. Three lecture hours a week. Credit: Three hours.

CHEM 5891. Research in Chemistry. Original research. May be used as thesis subject. May be repeated for additional credit. Prerequisite: Permission of the instructor. Credit: One hour.

CHEM 5893. Research in Chemistry. Original research. May be used as a thesis subject. May be repeated for additional credit. Prerequisite: Permission of the instructor. Credit: Three hours.

CHEM 5896. Research in Chemistry. Original research. May be used as a thesis subject. May be repeated for additional credit. Prerequisite: Permission of the instructor. Credit: Six hours.

CHEM 5903. Special Topics. Lectures or conferences on recent developments in chemical theory or practice. May be repeated with change of topic for additional credit. Prerequisite: Permission of the instructor. Three lecture hours a week. Credit: Three hours.

CHEM 5911. Independent Study. Independent student readings or experimentation in chemistry. Prerequisite: Permission of instructor. Credit: One hour.

CHEM 5912. Independent Study. Independent student readings or experimentation in chemistry. Prerequisite: Permission of instructor. Credit: Two hours.

CHEM 5913. Independent Study. Independent student readings or experimentation. Prerequisite: Permission of instructor. Credit: Three hours.

CHEM 5953. Cooperative Education. Cooperative work-study arrangement between business, industry, or selected institution and the University. Preplanning and evaluation will involve approximately 10% of the practicum hours per week. May be repeated for credit. Nine practicum hours a week. Credit: Three hours.

CHEM 5956. Cooperative Education. Cooperative work-study arrangement between business, industry, or selected institution and the University. Preplanning and evaluation will involve approximately 10% of the practicum hours per week. May be repeated for credit. Eighteen practicum hours a week. Credit: Six hours.

CHEM 5973. Professional Paper. Written presentation of literature and possible laboratory and/or statistical research in a selected area of chemistry. Credit: Three hours.

CHEM 5983. Thesis. Credit: Three hours.

CHEM 5993. Thesis. Prerequisite: CHEM 5983. Credit: Three hours.

Science Courses

SCI 5903. Special Topics. Advanced topics in general science. Three lecture hours a week. Credit: Three hours.

SCI 5911. Independent Study. Independent student readings or study in general sciences. Prerequisite: Permission of the instructor. Credit: One hour.

SCI 5913. Independent Study. Independent student readings or study in general science. Prerequisite: Permission of the instructor. Credit: Three hours.

Faculty

Professors

BRITT, BILLY MARK, Professor of Chemistry and Biochemistry. B.S., Millsaps College; Ph.D., University of Oregon.

SHEARDY, RICHARD D., Professor of Chemistry and Biochemistry; Chair of the Department of Chemistry and Biochemistry. B.S., Michigan State University; Ph.D., University of Florida.

Associate Professors

ANDERSON, MARY E., Associate Professor of Chemistry and Biochemistry. B.A., Hollins College; Ph.D., Cornell University.

JONES, RICHARD C., Associate Professor of Science Education. B.A., West Virginia University; M.A.T, University of Texas at Dallas; Ph.D., Texas A&M University.

OMARY, MANAL A., Associate Professor of Chemistry and Biochemistry. B.S., Yarmouk University; Ph.D., University of Maine, Augusta.

Assistant Professor

MIRSALEH-KOHAN, NASRIN, Assistant Professor of Chemistry and Biochemistry. B.S., University of Tehran; M.S., Bowling Green State University; Ph.D., University of Tennessee, Knoxville.
Master of Science in Chemistry

Total Semester Credit Hours Required

Research Track: A minimum of 30 semester credit hours.

Coursework Track (Science or Business): A minimum of 36 semester credit hours.

Required Courses

A minimum of 12 semester credit hours of chemistry course work (excluding research, seminar, and thesis) approved by an advisory committee. Enrollment in CHEM 5101 is required each semester of students enrolled for 9 or more semester credit hours.

Final Examination

All candidates for master's degrees must pass a final oral examination administered by the student's research committee.

Master of Science in Chemistry Program of Study (30 or 36 semester credit hours)

Research Track (30 semester credit hours)

All students in the research track must complete four basic courses for a total of twelve credits. Additional courses may be taken upon the advice of their research mentors. In the first year of studies, research track students must choose a research mentor and defend a research prospectus which is a plan for the research project. Additional credits are earned through Research in Chemistry (CHEM 5891, CHEM 5983 and/or CHEM 5896). Students must also register for seminar (CHEM 5101) every semester. In the last two semesters of study, students must register for Thesis (CHEM 5893 and CHEM 5993). Students then will write an MS Thesis detailing their research project and defend it to their committee. The committee is composed of the research mentor and two other faculty members, typically in the department. A minimum of 30 credits is required. This degree plan is suggested for those who wish to pursue a PhD in chemistry or biochemistry or seek a position in a pharmaceutical or chemical company.

Coursework Track (36 semester credit hours)

Science Track

All students in the course work track must complete five basic chemistry courses for a total of fifteen credits. Additional graduate courses, including up to six credits can be from Research in Chemistry, in chemistry, biology, or math will be taken upon the approval of their advisor for a total of 30-33 credits. In the first year of studies, coursework track students must choose an advisor. Students must also register for seminar every semester. In the last semester of study, students must register for Professional Paper (CHEM 5973). Students then will write a paper and defend it to their committee. A minimum of 36 credits is required. This degree plan is suggested for those who wish to pursue a career in teaching, health sciences, sales or other non-research scientific fields.

Required Courses (15 SCH) (12 SCH)

**Total Semester Credit Hours** 36

**Business Track**

All students in the course work with business track must complete five basic courses for a total of fifteen credits. Additional graduate courses in chemistry, biology and in the School of Business will be taken upon the approval of their advisor for a total of 25-27 credits. At least twelve credits must be from the School of Business. Up to six credits can be from Research in Chemistry. In the first year of studies, coursework track students must choose an advisor. Students must also register for seminar every semester. In the last semester of study, students must register for Professional Paper. Students then will write a paper and defend it to their committee. A minimum of 36 credits is required. This degree plan is ideal for those wishing to move up the administrative ladder in a pharmaceutical or chemical company.

Department of English, Speech, and Foreign Languages

Web Site: http://www.twu.edu/english-speech-foreign-languages/

Chair: M. Genevieve West, Professor
Location: CFO 906
Phone: 940-898-2324
Fax: 940-898-2297
E-mail: gwest@twu.edu

Graduate Degrees Offered

- M.A. in English (p. 87)
- M.A.T. (emphasis in English) (p. 88)
- Ph.D. in Rhetoric (p. 88)

The Department of English, Speech, and Foreign Languages offers programs of study leading to the Master of Arts degree in English and to the Doctor of Philosophy in Rhetoric. The major objectives of the department include both the provision of broad cultural foundations and the preparation of students for a variety of careers: teaching, administration, publishing, business, and government service. The department emphasizes literature, composition, and rhetoric. The M.A. student may specialize in British or American literature or in rhetoric. The Ph.D. student specializes in rhetoric. The department’s emphasis on rhetoric is a coordinating force among the basic issues within each field offered in the department. Students without appropriate undergraduate preparation will be asked to complete a deficiency plan of 12-15 hours of undergraduate courses in English prior to beginning graduate course work.

Admissions

Admission Requirements

Students interested in applying to graduate programs in English and Rhetoric are encouraged to contact the appropriate program coordinator (http://www.twu.edu/gradschool/admission-requirements.asp) prior to applying. All applications are considered in toto as the department seeks to meet the needs of diverse students. Writing samples and statements of purpose are of particular importance in the application process. GRE scores noted below are preferences and are considered in light of other application materials.

All students must meet the general admission requirements (p. 52) of the Graduate School at TWU. Students applying to either graduate program who lack the appropriate foundational degree (the bachelor's or master's) in English, literature, writing or rhetoric may be required to complete a deficiency plan prior to beginning graduate courses in English. Specific requirements depend on an individual student's undergraduate course work in the discipline but may include 12-15 hours. Additional information on deficiency plans may be obtained from the appropriate program coordinator.

Graduate Assistantships (http://www.twu.edu/gradschool/graduate-assistants.asp) and Teaching Assistantships (http://www.twu.edu/gradschool/graduate-assistants.asp) are available to students enrolled in both programs. Assistantships (http://www.twu.edu/gradschool/graduate-assistants.asp) are competitive as they provide stipends and out-of-state tuition waivers. For best consideration, students are encouraged to apply for assistantships at the same time they apply to the program. Additional information about types of work available and expectations can be obtained from the program coordinator. Please forward your application (http://www.twu.edu/gradschool/applying-for-asst.asp) to the department chair at gwest@twu.edu. A personal interview may be required for graduate students who are seeking an assistantship.

MA in English

Departmental application requirements for the MA include the following: a bachelor's degree from a regionally accredited institution, a preferred score of 500 (153, Revised GRE) on the verbal section of the GRE and a preferred score of 350 (138, Revised GRE) on the quantitative section of the GRE; a minimum of a 3.0 grade point average required on previous upper division and graduate work; official transcripts; three letters of recommendation; an academic writing sample and statement of purpose; and a score of 600 on TOEFL for international students. Please note: The department will waive the GRE requirement for students with a bachelor's degree in English, Rhetoric, Literature, or Writing and a GPA of 3.75 or higher in the major from a regionally accredited institution.

M.A. applications are reviewed three times per year. Applications are due by July 1 for Fall admission, November 1 for Spring admission, and April 1 for Summer admission.

PhD in Rhetoric

Departmental application requirements for the PhD include the following: a master's degree from a regionally accredited institution, a preferred score of 500 (153, Revised GRE) on the verbal section of the GRE and a preferred score of 350 (138, Revised GRE) on the quantitative section of the GRE; a minimum of a 3.0 grade point average required on previous upper division and graduate work; official transcripts; three letters of recommendation; an
academic writing sample and statement of purpose; and a score of 600 on TOEFL for international students. Admission to the program is competitive as program size is limited.

Doctoral applications are reviewed once per year and are due by February 1.

Minor Offered to Students from Other Departments

The department offers master's and doctoral-level minors in English. The needs of the individual graduate student determine the contents of a minor.

Courses

ENG 5033. Chaucer. Major works of Chaucer studied as literature and as linguistic examples of Middle English; attention to significant scholarship and criticism. May be repeated for credit when the specific works to be studied vary. Three lecture hours a week. Credit: Three hours.

ENG 5043. English Grammar and Syntax. Historical background of morphology and syntax related to basic structure and the contributions of the prescriptive and the descriptive grammarians and the transformationists. Three lecture hours a week. Credit: Three hours.

ENG 5083. Bibliography and Research Methods. Methods of research, with focus on techniques appropriate to the thesis or dissertation. May be repeated for up to twelve hours credit. Three lecture hours a week. Credit: Three hours.

ENG 5123. Medieval Drama. Directed investigation of a problem in the dramatic and non-dramatic literature of the sixteenth century. May be repeated for credit when the specific topic of investigation varies. Three lecture hours a week. Credit: Three hours.

ENG 5143. Drama of the Restoration and the Eighteenth Century. Representative comedies, tragedies, and other plays studied as reflections of the literary trends of the period. Attention to significant criticism and to the position of this drama in the development of the English drama. Three lecture hours a week. Credit: Three hours.

ENG 5153. Studies in Twentieth-Century American and British Literature. Directed investigation of a topic relating to a trend, a work, a genre, or an author in twentieth-century American and/or British literature. May be repeated for credit when the topic of investigation varies. Three lecture hours a week. Credit: Three hours.

ENG 5163. Sociolinguistics. Investigates relationships between language and society. Includes linguistic identity of social groups, social attitudes to language, patterns of national language use, social varieties of language, and social bases of multilingualism. Employs both empirical and ethnographic methods. Three seminar hours a week. Credit: Three hours.

ENG 5173. Studies in Ethnic, Multicultural, and Cross Cultural Literature. Literature in English by authors whose work reflects the experience of ethnic or minority groups. Focus on themes, genres, particular groups, authors, or historical periods. May be repeated for credit when specific topic of investigation varies. Three lecture hours a week. Credit: Three hours.

ENG 5213. Medieval Drama. Directed investigation of a problem in the dramatic and non-dramatic literature of the sixteenth century. May be repeated for credit when the specific topic of investigation varies. Three lecture hours a week. Credit: Three hours.

ENG 5223. Studies in Seventeenth-Century Poetry and Prose. Directed investigation of a problem in the literary career of a writer, in a single work, or in an aspect of the century related to literature. May be repeated for credit when the specific topic of investigation varies. Three lecture hours a week. Credit: Three hours.

ENG 5233. Studies in the Literature of the Eighteenth Century. Directed investigation of a problem relating to such subjects as an author, a work, a genre, an idea, a critical principle, an aesthetic theory. May be repeated for credit when the specific topic of investigation varies. Three lecture hours a week. Credit: Three hours.

ENG 5243. Studies in the Romantic Period. Directed investigation of a topic related to genre, style, thought, critical theory, and the interrelationship of the artist and his or her art in the Romantic Period or to a major poet, such as Blake, Wordsworth, Coleridge, Byron, Shelley, or Keats. May be repeated for credit when the specific topic of investigation varies. Three lecture hours a week. Credit: Three hours.

ENG 5253. Studies in Victorian Period. Directed investigation of a topic related to genre, style, thought, critical theory, and the interrelationship of the artist and his or her art in the Victorian Period, or major authors. May be repeated when the topic varies. Three lecture hours a week. Credit: Three hours.

ENG 5263. Studies in American Literature. Directed investigation of a problem in the literary career of a writer, in a work, or in a trend in American literature. May be repeated for credit when the specific topic of investigation varies. Three lecture hours a week. Credit: Three hours.

ENG 5273. Studies in Fiction. Directed investigation of a problem in English or American fiction in the eighteenth, nineteenth, and/or twentieth centuries. May be repeated for credit when the specific topic of investigation varies. Three lecture hours a week. Credit: Three hours.

ENG 5283. Studies in Literary Criticism. The schools of criticism, focusing on postmodern criticism; the application of some critical theories to the practice of rhetoric; critical theory in a given period. Three lecture hours a week. Credit: Three hours.
ENG 5333. Studies in Writing in Networked Environments. Classroom and business application of rhetorical principles to writing for Internet, electronic communication, and information systems. Emphasis on audience, genre, style, and arrangement. Three lecture hours a week. Credit: Three hours.

ENG 5343. Rhetoric and Composition: Theory and Practice. Introduction to theory and research in rhetoric and composition with special emphasis on preparation for teaching college composition. Three lecture hours a week. Credit: Three hours.

ENG 5353. Rhetoric and Composition: Theory and Pedagogy of Electronic Texts. Rhetorical theories and techniques of teaching with non-print texts, particular attention to writing and literature. Investigates interactions between text and image. May be repeated for credit when topics vary. Prerequisite: ENG 5343. Three lecture hours a week. Credit: Three hours.

ENG 5363. Studies in Linguistics. Directed investigation of problems such as feminism and language, pragmatics, discourse analysis, linguistics, and composition. May be repeated for credit when the specific topic of investigation varies. Three lecture hours a week. Credit: Three hours.

ENG 5373. Professional and Academic Communication. Topics such as managerial communication, academic writing, and technical writing. Projects develop writing and communication skills in the student's discipline. May be repeated when topic varies. Three seminar hours a week. Credit: Three hours.

ENG 5393. Women and American Literature. Focus on changing images of female characters and on contributions of female writers throughout American literature. Emphasis may be on fiction or on poetry and drama. May be repeated for credit when the topic varies. Three lecture hours a week. Credit: Three hours.

ENG 5703. Studies in Folklore. Focus on the major aspects of folklore, particularly the transmission of knowledge and cultural values through the oral tradition. Special emphasis on the impact of folklore on literature. May be repeated for credit when the specific topic of the investigation varies. Three lecture hours a week. Credit: Three hours.

ENG 5713. Old and Middle English Language and Literature. Topics in language and literature before 1500 including history and development of the language before 1500, and survey of Old and Middle English literature. Three lecture hours a week. Credit: Three hours.

ENG 5801. Directed Readings in English. Directed readings in preparation for the Master's Examination. Prerequisite: 18 graduate hours in English with a grade of B or better. One lecture hour a week. Credit: One hour.

ENG 5903. Special Topics. Investigation in traditional lecture format of a specific literary or linguistic topic. May be repeated for credit when the specific topic of investigation varies. Three lecture hours a week. Credit: Three hours.

ENG 5913. Independent Study. Intensive investigation of a literary or linguistic area. Conferences, readings, lectures. May be repeated for credit when the specific topic of investigation varies. Credit: Three hours.

ENG 5953. Cooperative Education. Cooperative work-study arrangements between the University and business, industry, or selected institutions appropriate to the graduate English program. Job assignments are made on the basis of student interests, skills, and degree program. The student will apply the ideas and processes learned in other courses in practical experience under cooperative supervision. Cooperative planning and evaluation are essential elements in the course. For three hours of credit, 15-20 hours of work per week are required. Credit: Three hours.

ENG 5973. Professional Paper. May be repeated. Credit: Three hours.

ENG 5981. The Professional Portfolio. Development of a professional portfolio by students in the Master of Arts in Teaching program demonstrating the student's growth in the Learner-Centered Competencies. Pass-fail grade only. May be repeated. Credit: One hour.

ENG 5983. Thesis. May be repeated. Credit: Three hours.

ENG 5993. Thesis. Prerequisite: ENG 5983. May be repeated. Credit: Three hours.

ENG 6063. Writing in the Discipline. Development of documents common in rhetorical and literary studies. Genres may include CV, job application materials, abstracts, book reviews, prospect, presentations, articles, and teaching philosophies. Prerequisite: Six hours of graduate level coursework with a grade of B or better. Three lecture hours a week. Credit: Three hours.

ENG 6083. Research Methods in Rhetoric and Composition. Students design and conduct research through methods such as textual, ethnographic, historical, and empirical analysis in rhetoric and composition. Students learn to discriminate among types of research, examine scholarship critically, and select appropriate research designs. Seminar and research projects. Three seminar hours a week. Credit: Three hours.

ENG 6123. Milton. The major poetic works and selected prose works of John Milton, against the background of seventeenth-century English life. Attention to significant scholarship and criticism. Three lecture hours a week. Credit: Three hours.

ENG 6213. History of Rhetoric II. Historical survey of rhetoric from the medieval period through the Renaissance. Readings in medieval rhetorical handbooks, schools in Renaissance, humanism, poetics, and rhetoric in the seventeenth century. Three lecture hours a week. Credit: Three hours.

ENG 6223. History of Rhetoric III. Historical survey of rhetoric from the Enlightenment to the present. Readings in Locke, Vico; contributions of Blair, Campbell, and Whatley; pulpit oratory; elocution; American composition and rhetoric; new perspectives; contemporary rhetorical strategies; invention as discourse theory. Three lecture hours a week. Credit: Three hours.
ENG 6313. Studies in Rhetorical Criticism and Discourse Analysis. Directed investigation of topics in semiotics, narratology, discourse analysis, and stylistics as approaches to written texts and other forms of symbolic communication. May be repeated for credit when the specific topic of investigation varies. Three lecture hours a week. Credit: Three hours.

ENG 6323. Studies in Feminist Rhetoric. Directed investigation of problems in feminism and rhetoric such as feminist histories of rhetoric, feminist rhetorical theories, feminist composition pedagogy, feminism and technology, and feminist epistemology. May be repeated for credit when the specific topic of investigation varies. Three lecture hours a week. Credit: Three hours.

ENG 6343. Major Rhetorical Theories. Intensive investigation of selected major rhetoricians and schools of rhetorical thought within the history and development of rhetoric. Prerequisite: ENG 6203 or permission of instructor. May be repeated for credit up to 12 hours when specific topic of investigation varies. Three lecture hours a week. Credit: Three hours.

ENG 6733. Studies in the Profession of Rhetoric and Composition. Current theoretical issues and skills needed for professions in academic and non-academic settings, such as administering writing programs, designing cross-discipline writing programs, or pursuing careers in writing and editing in business settings. May be repeated for credit when topic of investigation varies. Three lecture hours a week. Credit: Three hours.

ENG 6801. Directed Readings in Rhetoric. Directed readings in an area of literary and/or rhetorical studies. Student must be concurrently completing or have completed all required organized courses. May be taken twice for credit. One lecture hour a week. Credit: One hour.

ENG 6903. Special Topics. Three lecture hours a week. Credit: Three hours.

ENG 6913. Independent Study. Intensive investigation of a literary, rhetorical, or linguistic area. Conferences, readings, lectures. May be repeated for credit when the specific topic of investigation varies. Prerequisites: Graduate standing and an undergraduate concentration in English. Credit: Three hours.

ENG 6983. Dissertation. Prerequisite: Successful completion of the qualifying examination. May be repeated for additional credit. Credit: Three hours.

ENG 6993. Dissertation. May be repeated for additional credit. Prerequisite: ENG 6983. Credit: Three hours.

Faculty
Professors
BRIDGES, PHYLLIS J., Comaro Professor of English. B.A., West Texas A&M University; M.A., West Texas A&M University; Ph.D., Texas Tech University.

SOURIS, STEPHEN W., Professor of English. B.A., Harvard University; M.A., University of Michigan, Ann Arbor; Ph.D., University of Wisconsin, Madison.

STATON, ANN Q., Professor of English; Dean of the College of Arts and Sciences. B.A., Baylor University; M.A., Baylor University; Ph.D. University of Texas at Austin.

THOMPSON, LOU A., Professor of English. B.A., University of North Texas; M.A., Louisiana State University; Ph.D., Texas Christian University.

WEST, M. GENEVIEVE, Professor of English; Chair of the Department of English, Speech, and Foreign Languages. B.A., Mississippi State University; M.A., Mississippi State University; Ph.D., Florida State University.

Associate Professors
CASPER, VIVIAN C., Associate Professor of English. B.A., Washburn University; M.A., Rice University; Ph.D., Rice University.

FEHLER, BRIAN, Associate Professor of English. B.A., Texas Wesleyan University; M.A., Texas Christian University; Ph.D., Texas Christian University.

GREER, RUSSELL, Associate Professor of English. A.B.J., University of Georgia; A.L.M., Harvard University; Ph.D., University of Georgia.

LITTON, ALFRED GUY, Associate Professor of English; Executive Director of Honors Programs. B.A., University of Arkansas; M.A., University of Central Arkansas; Ph.D., University of South Carolina, Columbia.

Assistant Professors
BROWN, MATTHEW C., Assistant Professor of English. B.A., University of Florida; B.S., University of Florida; M.A., University of Toronto; Ph.D., University of Notre Dame.

BUSL, GRETCHEN L., Assistant Professor of English. B.A., Mount Holyoke College; Ph.D., University of Notre Dame.

LACKEY, DUNDEE C., Assistant Professor of English. B.F.A., Texas State University; M.A., Texas A&M University, Corpus Christi; Ph.D., Michigan State University.

SCOTT, GRAHAM R., Assistant Professor of English. B.A., California State University, San Bernardino; M.A., University of California, Riverside; Ph.D., University of California, Riverside.
Master of Arts in English

Total Semester Credit Hours Required
30 or 36 semester credit hours beyond the baccalaureate depending on option selected.

Options

Thesis
30 semester credit hours, including 24 semester credit hours of course work, 6 semester credit hours for thesis, 2-hour oral exam.

Professional Paper
36 semester credit hours, including 33 semester credit hours of course work, 3 semester credit hours for professional paper, 3-hour written comprehensive examination.

Course work
36 semester credit hours of course work, 3-hour written comprehensive examination.

Major/Emphasis
18-36 semester credit hours.

Minor
6-9 semester credit hours, optional.

Core Course Requirement
ENG 5083, in all options

Special Requirement
For M.A. in English, competency in one research tool is required. Students must earn a grade of "B" or better in all research tool courses.

Research Tools
Students select one of the following options:

1. 12 semester credit hours in the same foreign language at the undergraduate level or 6 semester credit hours at the graduate level (or the equivalent on a proficiency examination)
2. 6 semester credit hours of graduate-level American Sign Language
3. 6 semester credit hours of graduate-level computer science
4. 6 semester credit hours of graduate-level library science
5. 6 semester credit hours of graduate-level English courses selected from this list: ENG 5713, ENG 5283, ENG 5343, ENG 5353, ENG 5373, ENG 6083, and ENG 6913.

Final Examination
For M.A. in English, a two-hour oral examination which covers course work and thesis (thesis option) or a three-hour written comprehensive examination (non-thesis options). The examinations will be taken during the last semester of coursework.

Master of Arts in English Program of Study (30 or 36 semester credit hours)
The MA in English at Texas Woman’s University is a flexible program with only one required core course. All other courses should be chosen in consultation with the advisor to advance the student’s personal and professional goals.

Thesis option (30 semester credit hours of course work and thesis)

Master of Arts in Teaching (emphasis in English)

The Department of English, Speech, and Foreign Languages offers 7-12 English/Language Arts teacher certification. All post-baccalaureate and graduate students seeking certification in 7-12 English/Language Arts must comply with admission standards required by major department, College of Professional Education, and Teacher Education Program. M.A.T. (emphasis in English) students generally take 9 hours of graduate courses in English. Students should seek the advice of their advisor in the English department when selecting which graduate-level English courses to take. The remaining courses are offered in the College of Professional Education. Students seeking the M.A.T. (emphasis in English) without appropriate undergraduate preparation will be asked to complete a deficiency plan of 12-15 hours of undergraduate courses in English prior to beginning graduate course work.

Master of Arts in Teaching (M.A.T.) Program of Study (32 or 38 minimum semester credit hours)

Academic Specialization (9 SCH)

This is coursework in the field of study. Students will take the Texas Exam of Educator Standards (TExES) in their field of study before or during their first semester in the program.

Field-Based Experience (6-12 SCH)

A full-time, one-semester unpaid professional practicum in a school setting. (All coursework must be completed before beginning student teaching.)

OR

A full-time, two-semester internship (6 semester credit hours) in a school setting in which the student is employed and paid as the teacher of record. (This option requires that 12 semester credit hours of pedagogy courses must be completed.)

Professional Portfolio and Final Assessment (1 SCH)

Each student will maintain a professional portfolio throughout her or his program. The completed portfolio must be submitted for evaluation prior to graduation.

Total Semester Credit Hours: 32-38

Doctor of Philosophy in Rhetoric

Total Semester Credit Hours Required

At least 90 semester credit hours beyond the baccalaureate, including 12 semester credit hours for dissertation.

Minor

A minor is optional (six to nine semester credit hours). It must be in a discipline that offers a graduate degree. Accordingly, one cannot minor in, say, literary theory or linguistics. To be able to teach the subject of one’s minor at the college level in Texas, one would probably need eighteen semester...

credit hours of course work. Consult the "Graduate Catalog" for additional information about minors. Students should discuss the value of a minor with their advisors.

Research Tools

Two research tools are required. Students must earn a "B" or better in all research tool courses.

Residence Requirements

Students are strongly encouraged to enroll full time for at least two consecutive semesters.

Qualifying Examination

The Qualifying Examination is administered at the close of course work after the student has met the research tools requirement. Students must be enrolled at TWU in order to take the exam. The examination may be taken only during April, July, or November of each year. The written examination has three parts: Historical/Theoretical Rhetoric, Applied Rhetoric, and Literature. The literary areas from which students choose for the Literature section of the exam are: Old and Middle English Language and Literature; Renaissance and 17th Century British literature; Restoration and Early/Mid-18th Century (ends at 1783) British literature; Late 18th Century and 19th Century British literature; 20th and 21st Century British literature; Pre-1865 American literature; and Post-1865 American literature. Within one month of successfully completing all three portions of the written examination, an oral examination is held. Students may attempt the exam (in whole or in part) twice. Failing the qualifying exam (in whole or in part) twice will result in the student being removed from the program.

Dissertation Defense

A public oral examination covering the area of the completed dissertation and areas related to it.

Research Tools

Students choose two of the following options (may choose the same option twice):

1. 6 semester credit hours of graduate or 12 semester credit hours of undergraduate courses in the same foreign language or equivalency examination
2. 6 semester credit hours of graduate-level American Sign Language or equivalency examination
3. 6 semester credit hours of graduate-level computer science
4. 6 semester credit hours of graduate-level library science
5. 6 semester credit hours of graduate-level English courses. Select from ENG 5713, ENG 5283, ENG 5343, ENG 5353, ENG 5373, ENG 6083, and ENG 6913.

English courses taken as research tools will count towards the 90 semester credit hours of the degree; however, other courses (foreign language, computer science, and library science) will not count towards the 90 semester credit hours of the degree major.

Graduate Degrees Offered

• M.A. in History (p. 94)
• M.A. in Government (p. 95)

The Department of History and Government offers two master’s degrees, one in history and one in government. A minor in either history or government is also available to master’s-level graduate students. Students in other graduate departments are welcome to take graduate courses in the department with the consent of the instructor.

The M.A. in government provides a postgraduate study of U.S. and global politics, political processes, and government institutions. In history, the M.A. emphasizes social and political history in the United States, Europe, Latin America, and the Caribbean. The extensive Women’s Collection at the Blagg-Huey Library is an excellent research resource for graduate students. Students are encouraged by the faculty to consider courses from other disciplines outside the department as part of their graduate program. Course selection should be made with the advice and approval of the student’s graduate committee.

The department’s programs include internships in both the public and private sectors and opportunities to participate in oral history projects.

Admissions

Admission Requirements

Please see the admission’s section (p. 52) in this catalog. In addition to these general requirements, the Department of History and Government requires the following for admission to its graduate degree programs:

1. A student’s record overall clearly should reflect the ability to pursue advanced study, conduct research, and write effectively in the field selected.
2. Applicants should document a strong preparation in the liberal arts.
3. The applicant is expected to have at least a 3.25 average in the last 60 semester credit hours of course work and at least 12 semester credit hours of upper-division undergraduate or graduate work in the major field.
4. Applicants are required to submit a statement of purpose to the department. Two letters of recommendation are required. Applicants who do not meet the above prerequisites at the time of application may, under exceptional circumstances, be recommended for provisional admission by the department.

Minors

Minors Offered to Students from Other Departments

Master’s level

All minors must be approved by the student’s graduate committee and must include at least 6 graduate semester credit hours in history.

Courses

Government Courses

GOV 5003. Comparative Politics. Review of major theoretical models and approaches in the field of comparative politics including group politics, elite analysis, class analysis, structural functional analysis, and systems theory with emphasis upon modernization and political development. Three seminar hours a week. Credit: Three hours.

GOV 5013. American National Defense Policy. Review of alternative theories of American national defense policy with emphasis upon historical development of current U.S. policy, including nuclear strategies, mutual defense agreements, regional conflicts, guerrilla warfare, terrorism, and protection of strategic resources. Three lecture hours a week. Credit: Three hours.

GOV 5033. Research Methods in Government. Examination of methodology used in Government/Political Science research. Prerequisite: Must be taken in the first 12 hours of graduate study. Three seminar hours a week. Credit: Three hours.
GOV 5053. The Presidency and Public Policy. Personnel politics and policy process of the executive branch. Advanced reading, research, and group discussion. Three lecture hours a week. Credit: Three hours.

GOV 5063. Political Women. The participant style, background, perspective, and role of female political elite. Current status of the Constitutional rights of women, women's political issues, and women's pressure groups. Three lecture hours a week. Credit: Three hours.

GOV 5073. Issues in Constitutional Law. Review and examination of selected issues in U.S. constitutional development including judicial politics, governmental structure, judicial review, separation of powers, federalism, due process, equal protection, and individual liberties. Three seminar hours a week. Credit: Three hours.

GOV 5093. Law, Gender, and Sexuality. Evolution of legal rights for women and sexual minorities and theoretical issues raised in concrete legal cases. Examination of debates over equality approaches in law; ways in which law constructs gender and sexuality; and the intersecting roles of gender, sexuality, and race in legal doctrine and theory. Three lecture hours a week. Credit: Three hours.

GOV 5133. Leadership and Women. An examination of the principles and exercise of leadership. Emphasis on women as leaders. Three lecture hours a week. Credit: Three hours.

GOV 5183. Civil War: Culture, History, and Law. Social, political, and legal context of the War between the States. Analysis of southern secession from the Union, the struggle to restore the Union, and the political and legal struggles of former slaves and their descendants. Three seminar hours a week. Credit: Three hours.

GOV 5193. Rights, Race, and Social Justice. Interpretations of the utility of constitutional rights in movements for social justice, with special attention to struggles for racial equality. Readings in legal studies, social sciences, critical legal studies, and critical race theory that address the relationship of legal rights and change. Three lecture hours a week. Credit: Three hours.

GOV 5203. Problems in the Legislative Process. Legislative decision making in selected areas of public policy; appraisals of strengths and weaknesses in the American legislative process. Three lecture hours a week. Credit: Three hours.

GOV 5413. Civil Rights: Culture, History, and Law. Social, political, and legal concepts of the Civil Rights Movement; historical and legal issues of Jim Crow laws, Plessy vs. Ferguson, and Brown vs. Board of Education Supreme Court decisions; peaceful protests; forms of social disorder in a quest for equal rights. Three seminar hours a week. Credit: Three hours.

GOV 5423. Native Americans: Culture, History, and Law. Relations between European settlers and Native American tribes with emphasis on cultural differences, land use, and government-tribe relations. Three seminar hours a week. Credit: Three hours.

GOV 5473. Vietnam War: Culture, History, and Law. Historical context of American involvement in the Vietnam conflict; political decisions of the Kennedy, Johnson, and Nixon administrations; impact of the war on political protest and social unrest; courts resolution of related controversies; legacy of the war. Three seminar hours a week. Credit: Three hours.

GOV 5483. War, National Security, and Civil Liberties. Public policy solutions regarding the balance between maintaining national security and protecting civil liberties; history of the nation's attempts to evaluate security policies from colonial times to current events. Three seminar hours a week. Credit: Three hours.

GOV 5523. American International Relations. The revolution in American foreign policy in the twentieth century; America's leading role in the world today. Three lecture hours a week. Credit: Three hours.

GOV 5603. Professional Practices. Professional practices engaged in by individuals with advanced degrees in history and political science; exploration of issues related to teaching, research, and service. Three lecture hours a week. Credit: Three hours.

GOV 5723. Seminar in Political Theory. A study of contemporary debates concerning fundamental political issues and principles of good government; analysis and discussion of ideas on class, race, sex, power, citizenship, and justice. May be repeated for credit when topics vary. Three lecture hours a week. Credit: Three hours.

GOV 5753. Age of Industrialism. Historical, cultural, and legal context for transformation of United States to urbanized, industrial power between 1870 and 1920; impact of railroads, the “Robber Barons,” and struggles between organized labor and management. Three seminar hours a week. Credit: Three hours.

GOV 5833. Seminar in Government. Individual research topics; methodology and bibliography. May be repeated for credit when topics vary. Three seminar hours a week. Credit: Three hours.

GOV 5903. Special Topics. Organized course with each section's title and content varying with specific subject matter and topic offered. May be repeated for credit when topics vary. Three lecture hours a week. Credit: Three hours.

GOV 5913. Independent Study. Independent study of selected topics in government. May be repeated for credit when topics vary. Credit: Three hours.

GOV 5933. Internship. Supervised practical experience, related to the academic and career objectives of the student, in a public or private agency. A paper will be required. May be repeated for a total of six hours. Eight practicum hours a week. Credit: Three hours.

GOV 5936. Internship. Supervised practical experience, related to the academic and career objectives of the student, in a public or private agency. Sixteen practicum hours a week. Credit: Six hours.

GOV 5973. Professional Paper. The research and writing of a professional paper by each student on a topic selected jointly by the student and the instructor. Credit: Three hours.

GOV 5983. Thesis. Credit: Three hours.
GOV 5993. Thesis. Prerequisite: GOV 5983. Credit: Three hours.

History Courses

HIST 5003. Studies in 19th Century U.S. A study of the 19th century with discussion and analysis of various historians' interpretations of the same events. Increased knowledge of the events of this period and the study of how one writes history. May be repeated for credit when topics vary. Three seminar hours a week. Credit: Three hours.

HIST 5023. Colonial America in an Atlantic World. A cross-cultural study of colonial America; the varied social, economic, political, and cultural experiences of Africans, Europeans, and Native Americans from 1450 through 1763. Three lecture hours a week. Credit: Three hours.

HIST 5033. Research Methods in History. Research trends, methods, and theories in historical inquiry. Prerequisite: Must be taken in the first 12 hours of graduate study. Three seminar hours a week. Credit: Three hours.

HIST 5083. Studies in 20th Century America. Examination through directed discussions of selected topics on the political, social, and cultural aspects of the American experience since the turn of the century with particular emphasis on reform and social change. May be repeated for credit when topics vary. Three seminar hours a week. Credit: Three hours.

HIST 5093. Women in Early America. Critical analysis of the lives and experiences of Native American, African-American, and European-American women from 1600 through 1830 through the lenses of race, sexuality, identity, labor, spirituality, and legal status. Three seminar hours a week. Credit: Three hours.

HIST 5103. Renaissance and Reformations. Cross-cultural study of European culture and society from 1350-1600; Italian, French, Dutch, English, and German artistic achievements, social and political development, and religious reformations compared and contrasted. Three seminar hours a week. Credit: Three hours.

HIST 5123. Religion in an Atlantic World, 1450-1776. Cross-cultural study of religious ideas and practice in colonial America from the pre-Columbian era through 1776; varied religious experiences of indigenous groups, Spanish, French, English, Dutch, and German colonists, and enslaved African Americans are compared and contrasted. Three seminar hours a week. Credit: Three hours.

HIST 5183. Civil War: Culture, History, and Law. Social, political, and legal context of the War between the States. Analysis of southern secession from the Union, the struggle to restore the Union, and the political and legal struggles of former slaves and their descendants. Three seminar hours a week. Credit: Three hours.

HIST 5203. Jefferson to Jackson. Period from Thomas Jefferson to Andrew Jackson; historical events concerning the political and social circumstances with a young government. Three seminar hours a week. Credit: Three hours.

HIST 5253. History of France. Critical analysis of early French history and culture including the Roman conquest, medieval France, the growth of the French monarchy, the Renaissance, the Age of Louis XIV, and the Enlightenment. Three seminar hours a week. Credit: Three hours.

HIST 5303. Progressives. The early twentieth century era and its social movements; politics, gender, and race issues along with the nation's foreign policy and the continuity of society's social development from a historical perspective. Three seminar hours a week. Credit: Three hours.

HIST 5333. The Gilded Age. Transformation from an agricultural economy to the mercantile society of American industrialism; impact of speculators, entrepreneurs, industry leaders, and railroad promoters. Three seminar hours a week. Credit: Three hours.

HIST 5403. American Experience in World War II. How America shaped the War and how the War shaped America including military, social, political, and economic aspects; traditional historians' view on the period. Three lecture hours a week. Credit: Three hours.

HIST 5413. Civil Rights: Culture, History, and Law. Social, political, and legal concepts of the Civil Rights Movement; historical and legal issues of Jim Crow laws, Plessy vs. Ferguson, and Brown vs. Board of Education Supreme Court decisions; peaceful protests; forms of social disorder in a quest for equal rights. Three seminar hours a week. Credit: Three hours.

HIST 5423. Native Americans: Culture, History, and Law. Relations between European settlers and Native American tribes with emphasis on cultural differences, land use, and government-tribe relations. Three seminar hours a week. Credit: Three hours.

HIST 5473. Vietnam War: Culture, History, and Law. Historical context of American involvement in the Vietnam conflict; political decisions of the Kennedy, Johnson, and Nixon administrations; impact of the war on political protest and social unrest; courts resolution of related controversies; legacy of the war. Three seminar hours a week. Credit: Three hours.

HIST 5483. War, National Security, and Civil Liberties. Public policy solutions regarding the balance between maintaining national security and protecting civil liberties; history of the nation's attempts to evaluate security policies from colonial times to current events. Three seminar hours a week. Credit: Three hours.

HIST 5503. Between the Wars. Social, political, and economic history of the U.S. and the wars for particular eras; consumerism, conflicts, music, and literature during the interwar time period. Three lecture hours a week. Credit: Three hours.

HIST 5603. Professional Practices. Professional practices engaged in by individuals with advanced degrees in history and political science; exploration of issues related to teaching, research, and service. Three lecture hours a week. Credit: Three hours.
HIST 5703. U.S. Since 1945. Social, political, economic, and multicultural history of the United States from 1945 to September 11th; the Cold War and its influence on American politics, beliefs, and post-Cold War realities; military conflicts, foreign policy, multicultural experiences, and domestic challenges. Three lecture hours a week. Credit: Three hours.

HIST 5753. Age of Industrialism. Historical, cultural, and legal context for transformation of United States to urbanized, industrial power between 1870 and 1920; impact of railroads, the "Robber Barons," and struggles between organized labor and management. Three seminar hours a week. Credit: Three hours.

HIST 5763. Studies in Latin American History. An analysis of political, economic, cultural, and intellectual trends from colonial times to the present; emphasis on Argentina, Brazil, Chile, and Mexico. May be repeated for credit when topics vary. Three seminar hours a week. Credit: Three hours.

HIST 5803. Oral History Methodology. Theories, methods, and debates surrounding the oldest historical tool, oral history; methodology for conducting oral histories, debate, and completing transcripts; consideration of privacy, storage, and accessibility. Three lecture hours a week. Credit: Three hours.

HIST 5863. Studies in Women's History. Study of shifting roles of women and their struggle for equality in relationship to changes in social, economic, and political institutions in American society. May be repeated for credit when topics vary. Three seminar hours a week. Credit: Three hours.

HIST 5883. Seminar in European History. Focused study on a selected theme, issue, problem, region, country, or period in the history of Europe prior to 1900. May be repeated for credit when topics differ. Three seminar hours a week. Credit: Three hours.

HIST 5903. Special Topics. Organized course with section's title and content varying with specific subject matter and topic offered. May be repeated for credit when topics vary. Three lecture hours a week. Credit: Three hours.

HIST 5911. Independent Study. Independent study of selected topics in history. May be repeated for credit when topics vary. Credit: One hour.

HIST 5913. Independent Study. Independent study of selected topics in history. May be repeated for credit when topics vary. Credit: Three hours.

HIST 5933. Internship. Supervised practical experience, related to the academic and career objectives of the student, in a public or private agency. May be repeated for a total of six hours. Eight practicum hours a week. Credit: Three hours.

HIST 5936. Internship. Supervised practical experience, related to the academic and career objectives of the student, in a public or private agency. Sixteen practicum hours a week. Credit: Six hours.

HIST 5973. Professional Paper. The research and writing of a professional paper by each student on a topic selected jointly by the student and the instructor. Credit: Three hours.

HIST 5981. The Professional Portfolio. Development of a professional portfolio by students in the Master of Arts in Teaching program demonstrating the student's growth in the Learner-Centered Competencies. Pass-fail grade only. May be repeated. Credit: One hour.

HIST 5983. Thesis. Credit: Three hours.

HIST 5993. Thesis. Prerequisite: HIST 5983. Credit: Three hours.

Faculty

Professors

BELFIGLIO, VALENTINE, Cornaro Professor of Government. B.S.Pha., Union University; M.A., University of Oklahoma; Ph.D., University of Oklahoma.

HODGES, LYDIA E., Professor of History. B.S., University of North Texas; M.A., Texas Woman's University; Ph.D., Texas Tech University.

HOYE, TIMOTHY K., Professor of Government. B.A., East Texas State University; M.A., East Texas State University; Ph.D., Duke University.

OLSEN, JONATHAN, Professor of Government; Chair of the Department of History and Government. B.A., University of Texas at Austin; M.A., The University of Kansas; M.A., University of Maryland; Ph.D., University of Maryland.

ROBB, JEFFREY B., Professor of Government. B.A., North Texas State University; M.S., University of North Texas; J.D., University of Texas at Austin.

TRAVIS, PAUL D., Professor of History. B.A., The Wichita State University; M.A., Wichita State University; Ph.D., University of Oklahoma.

Associate Professors

BLOSSER, JACOB M., Associate Professor of History. B.A., Milligan College; M.A., James Madison University; Ph.D., University of South Carolina Columbia.

LANDDECK, KATHERINE E., Associate Professor of History. B.A., University of Arkansas; M.A., University of Tennessee, Knoxville; Ph.D., University of Tennessee, Knoxville.

Assistant Professors

FANNING, SARA C., Assistant Professor of History. B.A., University of Texas, Austin; M.A., National University of Ireland; Ph.D., University of Texas at Austin.

HEVRON, PARKER R., Assistant Professor of Government. B.A., Austin College; Ph.D., University of Southern California.
Master of Arts in History

Total Semester Credit Hours Required

30-39 semester credit hours minimum with at least 21 semester credit hours of course work in the major.

Major

The student will select one of the options with consultation and approval of her or his graduate committee. The student’s graduate committee may require completion of more than the minimum number of semester credit hours indicated and specify courses to be included in the student’s individual degree.

At least 30 semester credit hours of course work in the specified program of study. Six elective hours can optionally be applied towards a minor (in consultation with advising committee). Completion of the mandatory course in Professional Practices, with a four course distribution, is required.

Minor

Optional. All minors must be approved by the student’s graduate committee and must include at least 6 semester credit hours.

Special Requirement

No grade lower than ‘B’ can be counted toward meeting the minimum number of semester credit hours required.

Final Examination

An oral defense of the thesis or professional paper is required.

Master of Arts in History Program of Study (30 – 39 semester credit hours)

Students will take at least one course in 17th or 18th century U.S. history, 19th century U.S. history, U.S. history since 1900, and non-U.S. history. In consultation with their graduate committee, students in history may emphasize the study of public history, an option that includes work in an internship.

Thesis Option

Minimum of 30 semester credit hours, including 6 semester credit hours for the thesis.

Public History Option

Minimum of 36 semester credit hours. Students in history, in consultation with their graduate committee, may take 3-6 credit hours in Public History and 3-6 credit hours of internship plus a professional paper.
17th or 18th century U.S. history 3
19th century U.S. history 3
U.S. history since 1990 3
Non-U.S. history 3
HIST 5033 Research Methods in History 3
Choose from the following options to total 18 semester credit hours 18
HIST 5933 Internship
or HIST 5936 Internship
At least three hours Public History
Electives (additional graduate hours in history)
HIST 5973 Professional Paper 3
Total Semester Credit Hours 36

Combined History and Government Option (History Emphasis)

Couples 21 hours of graduate study in history with 18 hours of graduate study in government. Graduates of the combined program write a professional paper and receive an M.A. in History but have enough graduate hours to teach both history and government in Texas community colleges. Graduates are also qualified to teach dual credit courses in both history and government in Texas high schools.

Minimum of 39 semester credit hours, including 3 semester credit hours for the professional paper. (Note: Student must select one field as major and one as a minor.

Special Requirement

No grade lower than ‘B’ can be counted toward meeting the minimum number of semester credit hours required.

Final Examination

An oral defense of the thesis, professional paper, or practicum capstone paper is required.
Master of Arts in Government Program of Study (30 – 39 semester credit hours)

Students must take the course in Professional Practices, in addition to the four course distribution requirement, with at least one course in U.S. politics, law, and government; global/comparative politics; political theory; and politics and identities.

Thesis Option

Minimum of 30 semester credit hours, including 6 semester credit hours for the thesis.

E-Mail: mathcs@twu.edu

Graduate Degrees Offered

- M.S. in Mathematics (p. 101)
- M.S. in Mathematics Teaching (p. 102)
- M.A.T. (emphasis in Mathematics or Computer Science) (p. 103)

The Department of Mathematics and Computer Science offers graduate studies leading to the following degrees: Master of Science in Mathematics and Master of Science in Mathematics Teaching.

The Master of Science prepares the student to enter the workforce or to pursue doctoral degree programs in mathematics, statistics, or related fields. The Master of Science in Mathematics provides the student an opportunity to include computer science and statistics in the plan of study. An emphasis in statistics is available for those interested in careers as applied statisticians or statistical programmers.

The Master of Science in Mathematics Teaching is especially designed for elementary or secondary school teachers of mathematics. Course work emphasizes topics needed for the elementary or secondary mathematics teacher. The department also provides a plan of study designed to prepare current teachers for Master Mathematics Certification at the 4-8 or 8-12 level.

The Master of Arts in Teaching (M.A.T.) degree offered through the College of Professional Education prepares graduate students to be future mathematics teachers at the 4-8 or computer science teachers at the 7-12 levels in mathematics or the 7-12 level in computer science. Mathematics or computer science courses required for the degree are determined in consultation with a departmental advisor.

Admissions

Admission Requirements

In addition to the general requirements for admission to the TWU Graduate School (p. 52), the Department of Mathematics and Computer Science requires the following:

A bachelor's degree with a grade of 'C' or better in the following courses:

1. two semesters of introductory calculus,
2. two additional departmentally approved advanced mathematics courses,
3. two letters of reference.

Certifications

- Post-Baccalaureate Certificate in Interprofessional Informatics (p. 336) (offered through the College of Nursing)

Minors

Minors Offered to Students from Other Departments

Graduate students in other departments who desire concentrated study in mathematics or computer science as a related field should contact the Department of Mathematics and Computer Science to discuss an appropriate plan of study.

Courses

Computer Science Courses

CSCI 5643. Internet/Intranet Services: Design and Implementation. Design and implementation of Internet/Intranet network information services including FTP, World Wide Web, and conferencing. Preparation and integration of digital graphics, animation, video, audio, and script-based (Java/JavaScript) content. Students will design and build an intranet, install and maintain servers, and prepare multimedia rich content. Prerequisites: CSCI 1403 and CSCI 3002, or equivalents. Three lecture hours a week. Credit: Three hours.
CSCI 5653. Technology Issues, Achievements and Challenges in Education. Current developments and open research issues for technology in education. Includes current and future trends in multimedia, simulation, communication, networks, AI, intelligent tutoring systems, learning communities, learning technologies, security concerns, communication strategies, ethical, and leadership issues. Prerequisites: Completion of other Master Technology Teacher courses or permission of instructor. Three lecture hours a week. Credit: Three hours.

CSCI 5663. Statistical Programming. Design of statistical programs to manipulate raw data, generate reports, and analyze data. Numerous case studies demonstrate appropriate analysis based on the experimental design. Advanced statistical research methods such as ANOVA, MANOVA, repeated measures ANOVA, Multiple Linear and Logistic regression, factor analysis, and survival analysis SAS. Prerequisite: Six hours undergraduate statistics, or three hours graduate level statistics, or equivalent. Three lecture hours a week. Credit: Three hours.

CSCI 5793. Statistical Computer Packages. Survey of major statistical computation program systems with special emphasis on SPSSX and BMDP. Basic concepts of control language and data set preparation, program execution, and interpretation of statistical program output. Prerequisite: Intermediate statistics or permission of the instructor. Three lecture hours a week. Credit: Three hours.

CSCI 5813. Concepts of Data Warehousing and Data Mining. Review of the basic concepts of file systems, databases, data warehousing, data mining, and related statistics. Summary of database management, modeling, design, and life cycle is provided as related to data warehousing. Methods for extracting information from a large database by use of data mining techniques are studied. Techniques include: machine learning, decision algorithms, statistical modeling, and clustering. Prerequisites: CSCI 3423 and MATH 1713, or equivalent. Three lecture hours a week. Credit: Three hours.

CSCI 5893. Statistical Packages II. A further survey of major statistical computation program systems. Concepts of control language and data set preparation, program execution, and interpretation of statistical program output will be studied. Prerequisite: CSCI 5793. Three lecture hours a week. Credit: Three hours.

CSCI 5913. Independent Study. Selected topics in advanced computer science. May be repeated for additional credit. Credit: Three hours.

CSCI 5921. Statistical Analysis With Computers. Exposure to available University resources in research design and data analysis, including fully computerized statistical analysis techniques. Appropriate for graduate students who are at least in the proposal/prospectus phase. May be repeated for additional credit. Prerequisite: Permission of the instructor. Credit: One hour.

CSCI 5953. Cooperative Education. Cooperative work-study arrangement between business, industry, or selected institutions with the University. Nine practicum hours a week. Credit: Three hours.

CSCI 5981. The Professional Portfolio. Development of a professional portfolio by students in the Master of Arts in Teaching program demonstrating the student's growth in the Learner-Centered Competencies. Pass-fail grade only. May be repeated. Credit: One hour.

Mathematics Courses

MATH 5033. Advanced Calculus. Development of the limit processes including continuity, sequences, series, differentiation, and integration. Emphasis on proofs of the fundamental theorems of mathematical analysis, including Rolle's and Lagrange's theorems. Multivariable analysis, constrained optimization. Prerequisite: Permission of advisor. Three lecture hours a week. Credit: Three hours.

MATH 5203. Problem Solving in the Math Classroom. Study of problems with multiple solutions or alternative approaches in grades 4-12: strategies for solving problems; assessment techniques; cooperative grouping methods; critical thinking skills. Three lecture hours a week. Credit: Three hours.

MATH 5303. Algebra in the Mathematics Classroom. Topics in algebra with an emphasis in problem solving, patterns, relationships, order pairs, prime and composite numbers, orders of operations, exponents number sentences, ratios, proportions, percents, modeling, formulas, equations, graphs, functions, and systems of equations. Three lecture hours a week. Credit: Three hours.

MATH 5313. Geometry in the Mathematics Classroom. Topics in geometry with an emphasis in problem solving, shapes, angles, polygons, circles, Pythagorean Theorem, symmetry, transformations, measurement of area, and volume with an emphasis on technology. Three lecture hours a week. Credit: Three hours.

MATH 5323. Euclidean Geometry. Euclidean geometry from a problem solving approach. Topics include shapes, measurement, perimeter, area, volume, geometric proofs, congruence, triangles, quadrilaterals, similarity, circles, and coordinate geometry. Three lecture hours a week. Credit: Three hours.

MATH 5333. Technology in the Math Classroom. Technologies and their use in teaching mathematical concepts in grades 4-12; includes graphing calculators, and computer software programs and pedagogical technology. Prerequisite: Permission of academic advisor. Three lecture hours a week. Credit: Three hours.

MATH 5423. History of Mathematics. A survey of the historical development of various mathematical topics, including geometry, algebra, and number theory. A study of the work of past mathematicians, including Archimedes, Euclid, Fermat, Newton, and mathematicians of the 19th and 20th centuries. Three lecture hours a week. Credit: Three hours.

MATH 5483. Theory of Probability and Statistics I. Basic principles of probability; combinations and permutations; conditional probability and independence; common discrete and continuous probability distributions, their properties, and applications. Three lecture hours a week. Credit: Three hours.

MATH 5493. Theory of Probability and Statistics II. Sampling distribution theory and the Central Limit Theorem; point and interval estimation; hypothesis testing. Prerequisite: MATH 5483 or equivalent. Three lecture hours a week. Credit: Three hours.

MATH 5523. Introduction to Number Theory. Understanding and creating proofs related to divisibility, congruences, Diophantine equations, and applications. Three lecture hours a week. Credit: Three hours.

MATH 5543. Symbolic Logic. Development of Symbolic Logic as a mathematical system. Starting with axioms and definitions, theorems will be proved. Application of Symbolic Logic to set theory is considered. Three lecture hours a week. Credit: Three hours.

MATH 5563. Logic, Sets, and Real Numbers. Applications of logic and set theory to the development of the real number system. Equivalence relations will be used to define the natural numbers and create the reals from them. Three lecture hours a week. Credit: Three hours.

MATH 5573. Statistical Methods I. Probability distributions, graphical representations, curve fitting, hypothesis testing, regression and correlation, and applications. Prerequisite: Permission of the instructor. Three lecture hours a week. Credit: Three hours.

MATH 5583. Statistical Methods II. Statistical research tools including analysis of variance, chi-square tests, regression (simple and multiple), logistic regression, correlation, non parametric method, and survival analysis. Use of SPSS for the PC. Prerequisite: MATH 5573 or consent of instructor. Three lecture hours a week. Credit: Three hours.

MATH 5593. Differential Equations. The existence and uniqueness for differential equations and systems of differential equations. General theory to specific types of differential equations of a single variable. Basic theory for linear and nonlinear systems; linearization; stability; Hamiltonian Systems; applications with MAPLE. Three lecture hours a week. Credit: Three hours.

MATH 5863. Applied Statistics and Convex Optimization. Organizing, analyzing, and summarizing data through statistical methods. Combination of computational and statistical methods and convex optimization techniques to find solutions to big data found in diverse fields such as business, engineering, biological, and health sciences. Regularized and large-scale modeling techniques such as boosting and the lasso as well as model averaging techniques. Consideration of both Frequentist and Bayesian perspectives. Prerequisites: Calculus, probability, and statistical concepts; or permission of instructor. Three lecture hours a week. Credit: Three hours.

MATH 5883. Algebraic Geometry. The connection between algebra and geometry via problem-solving and visualization techniques: topics including conies, cubics, quartics and higher-degree curves and real-world applications such as modern cryptography. Prerequisite: MATH 5513. Three lecture hours a week. Credit: Three hours.

MATH 5903. Special Topics. Variable content. May be repeated for additional credit. Three lecture hours a week. Credit: Three hours.

MATH 5911. Independent Study. Selected topics in advanced mathematics. May be repeated for additional credit. Credit: One hour.

MATH 5913. Independent Study. Selected topics in advanced mathematics. May be repeated for additional credit. Credit: Three hours.

MATH 5953. Cooperative Education. Cooperative work-study arrangement between business, industry, or selected institutions with the University. Nine practicum hours a week. Credit: Three hours.

MATH 5973. Professional Paper. Credit: Three hours.

MATH 5981. The Professional Portfolio. Development of a professional portfolio by students in the Master of Arts in Teaching program demonstrating the student's growth in the Learner-Centered Competencies. Pass-fail grade only. May be repeated. Credit: One hour.

MATH 5983. Thesis. Prerequisite: MATH 5983. Credit: Three hours.

MATH 5993. Thesis. Prerequisite: MATH 5983. Credit: Three hours.

WHEELER, ANN M., Assistant Professor of Mathematics. B.S., Henderson State University; M.S.E., Henderson State University; Ph.D., University of Northern Colorado.

Lecturer
BANKS, CATHERINE CLEAVELAND, Senior Lecturer of Mathematics. B.S., Stephen F. Austin State University; M.S., Stephen F. Austin State University.

Master of Science in Mathematics

Thesis Option (Total of 36 semester credit hours)
30 semester credit hours course work
6 semester credit hours thesis

Non-thesis option (Total of 36 semester credit hours)
33 semester credit hours course work
3 semester credit hours professional paper

Special Requirements
Only courses in which a student achieved a grade of ‘B’ or better may be counted toward the degree.

Cooperative Education
In order for coursework in Cooperative Education to be counted as degree credit, department approval must be received during the semester in which the course is taken. This approval is in addition to approval to enroll in Cooperative Education coursework. Cooperative Education coursework, as with any coursework, must also be approved by the student’s advisory committee in order to be included on the degree plan. Only three semester credit hours of Cooperative Education may be counted toward the Master’s degree.

Final Examination
A comprehensive written examination upon completion of the coursework and an oral examination upon completion of the thesis or professional paper are required for all degrees.

Master of Science in Mathematics Program of Study (36 semester credit hours)
This is a 36 semester credit hour degree. Students must choose either a thesis or professional paper option. Those choosing the thesis option must include MATH 5983 and MATH 5993. Students selecting the professional paper option must include MATH 5973 and an additional course from the following list. Substitutions may be made with permission from a mathematics advisor.

### Program of Study (36 semester credit hours)

This is a 36 hour degree. Students must choose either a thesis or professional paper option. Those choosing the thesis option must include MATH 5983 and MATH 5993. Students selecting the professional paper option must include MATH 5973 and an additional course from the following list. Substitutions may be made with permission from a mathematics advisor.

**Required (21 SCH)**

- **MATH 5573** Statistical Methods I 3
- **MATH 5583** Statistical Methods II 3
- **MATH 5483** Theory of Probability and Statistics I 3
- **MATH 5493** Theory of Probability and Statistics II 3
- **CSCI 5663** Statistical Programming 3
- **MATH 5513** Matrix Algebra 3
- **MATH 5543** Symbolic Logic 3

**Choose three courses from:**

- **MATH 5523** Introduction to Number Theory
- **MATH 5563** Logic, Sets, and Real Numbers
- **MATH 5833** Computer-Aided Mathematical Modeling
- **MATH 5863** Applied Statistics and Convex Optimization
- **CSCI 5793** Statistical Computer Packages
- **CSCI 5893** Statistical Packages II
- **CSCI 5813** Concepts of Data Warehousing and Data Mining

**Required (6 SCH)**

- **MATH 5983** Thesis 3
- **MATH 5993** Thesis 3

**Total Semester Credit Hours** 36

---

### Master of Science in Mathematics Teaching

#### Special Requirements

Only courses in which a student achieved a grade of ‘B’ or better may be counted toward the degree.

#### Cooperative Education

In order for coursework in Cooperative Education to be counted as degree credit, department approval must be received during the semester in which the course is taken. This approval is in addition to approval to enroll in Cooperative Education coursework. Cooperative Education coursework, as with any coursework, must also be approved by the student’s advisory committee in order to be included on the degree plan. Only three semester credit hours of Cooperative Education may be counted toward the Master’s degree.
Final Examination
A comprehensive written examination upon completion of the coursework and an oral examination upon completion of the thesis or professional paper are required for all degrees.

Master of Science in Mathematics Teaching Program of Study (36 semester credit hours)
This is a 36-hour degree which includes 3 hours for the professional paper. To accommodate current mathematics teachers, classes will be offered in the evenings during the fall and spring semesters as well as summer day classes. Substitutions may be made with permission from a mathematics advisor. Candidates may obtain this degree by attending only in the summers.

Total Semester Credit Hours 36

Master of Arts in Teaching (emphasis in Mathematics or Computer Science)
The M.A.T. is designed as a minimum 32 semester credit hour program.

The M.A.T. (emphasis in Mathematics or Computer Science) is a degree offered through the College of Professional Education (COPE) in collaboration with the Department of Mathematics and Computer Science. All post-baccalaureate and graduate students seeking certification must comply with admission standards required by the major department and the College of Professional Education. A student in the M.A.T. program will take at least 9 hours of coursework designed to prepare future mathematics teachers at the 4-8 or 7-12 levels or computer science teachers at the 7-12 level with coursework approved by the mathematics and computer science faculty advisor. The remaining credits are determined and administered by COPE and are as follows:

Master of Arts in Teaching (M.A.T.) Program of Study (32 or 38 minimum semester credit hours)

Pedagogy and Professional Responsibilities (16 SCH)

**Academic Specialization (9 SCH)**
This is coursework in the field of study. Students will take the Texas Exam of Educator Standards (TExES) in their field of study before or during their first semester in the program.

**Field-Based Experience (6-12 SCH)**
A full-time, one-semester unpaid professional practicum in a school setting. (All coursework must be completed before beginning student teaching.)

**OR**
A full-time, two-semester internship (6 semester credit hours) in a school setting in which the student is employed and paid as the teacher of record. (This option requires that 12 semester credit hours of pedagogy courses must be completed.)

**Professional Portfolio and Final Assessment (1 SCH)**
Each student will maintain a professional portfolio throughout her or his program. The completed portfolio must be submitted for evaluation prior to graduation.

**Total Semester Credit Hours** 32-38
Graduate Degrees Offered

- M.A. in Counseling Psychology (p. 111)
- Specialist in School Psychology (S.S.P.) (p. 112)
- Ph.D. in Counseling Psychology (p. 113)
- Ph.D. in School Psychology (p. 115)

School Psychology

The School Psychology Program offers an American Psychological Association-accredited Ph.D. degree (http://www.apa.org/ed/accreditation/programs) and a National Association of School Psychologists approved Specialist degree (http://www.nasponline.org/certification/naspapproved.aspx). The School Psychology Program is designed to prepare students in the scientist-practitioner model with emphasis on scientific rigor and problem solving applied to practice in intervention, consultation, assessment, program evaluation, and research. Doctoral students are prepared to assume leadership roles in educational settings, in independent practice, and in supervision. Doctoral graduates qualify for licensure as psychologists and listing in the National Register of Health Service Providers in Psychology (http://www.nrhp.org) following appropriate internship and postdoctoral experience. Both specialist and doctoral graduates are eligible to take the national school psychology examination, which leads to being credentialed as a Nationally Certified School Psychologist, and are eligible for licensure as a Licensed Specialist in School Psychology by the Texas State Board of Examiners of Psychologists (http://www.tsbep.state.tx.us). The School Psychology Program Committee (SPPC) is the governing body for School Psychology Graduate Programs. It develops and enforces the policies in this catalog and all program publications.

Counseling Psychology

The Counseling Psychology program offers an American Psychological Association accredited (http://www.apa.org/ed/accreditation/programs) Ph.D. degree and M.A. degree that provides systematic training within a practitioner-scientist model to prepare students for professional mental health practice in a wide range of settings. The programs are grounded in feminist multicultural philosophy and pedagogy. The programs have particular focus on developing clinicians with a strong understanding of individuals within their gendered and socio-cultural contexts. Graduates of the programs are expected to be conversant with and competent in the diversity-sensitive applications of individual, systemic/family, and integrative theories.

The program holds strongly to principles that undergird the development of more traditional graduate programs in Counseling Psychology including normal growth and development and an emphasis on an individual’s strengths rather than pathology. Emphasis is also placed on the study of the multiple contexts within which human beings grow and develop. The students are trained to be particularly sensitive to and skilled in human interactions and multicultural issues, as well as growth and change in human systems and the individual in her/his context.

The program expects that students and faculty will be respectful and supportive of all individuals, including, but not limited to clients, staff, peers, and others who are different from themselves in terms of age, physical size, gender, gender identity and expression, race, ethnicity, culture, national origin, religion, faith and no faith, spirituality, sexual orientation, disability, language, and socioeconomic status. It is expected that students and faculty will work to create a climate of safety and trust for all concerned.

This particular program’s philosophy, curriculum, faculty, and students attempt to create an atmosphere that is supportive, open, and flexible. The goal is to create a program that challenges without creating competition, promotes professionalism with a minimum of power hierarchy, incorporates and encourages student participation at high levels, and encompasses important emerging trends in the areas of gender, multiculturalism, and human sexuality, while remaining solidly rooted in the foundations of Counseling Psychology. The program faculty make a concerted effort to attend to students within a contextual framework, recognizing interpersonal, familial, institutional, and socio-cultural realities. Faculty strive to create an inclusive rather than exclusive environment, in which egalitarianism, self-direction, leadership, and respect for individual differences are promoted. Program students and faculty alike attempt to maintain open communication and clarity of expectations to promote mutual understanding and respect.

Applicants should be aware that, as is typical of graduate training in professional psychology, part of one’s development as a psychologist entails personal growth and disclosure in addition to academic learning. As such, students may be expected to share appropriate personal material in various classes and practicum situations. APA guidelines require that students be informed of this requirement.

In summary, the broad programmatic philosophy and training model has four parts:

1. to train competent, ethical professional psychologists,
2. to train practitioner-scientists whose practice is informed by science,
3. to train Counseling Psychologists with specific expertise in multiculturalism and gender/women’s issues, and
4. to balance an underlying structure that supports excellence in professional training with respect for individual differences and flexibility to accommodate varying student needs in a student body that tends to be mature and experienced.

Doctoral graduates qualify for Licensure as Psychologists and listing in the National Register of Health Service Providers in Psychology (http://www.nationalregister.org) following appropriate internship and postdoctoral experience. Master’s graduates may qualify for licensure as Psychological Associates (LPA) or Professional Counselors (LPC).

Admissions

Admission Requirements

Please see the admission section at the front of this catalog. All applicants must complete the online application form, available at the Apply Texas website (http://www.applytexas.org). In addition to these general requirements, the Department of Psychology and Philosophy requires the following.

Master of Arts in Counseling Psychology / Specialist in School Psychology

1. A completed online application form, available at the Apply Texas website (http://www.applytexas.org).
2. An undergraduate major in psychology or at least 18 semester hours in psychology, including the following courses: introductory psychology, life-span developmental psychology, statistics, experimental psychology, cognitive psychology/psychology of learning, and 3 elective hours in psychology. Specialist applicants are required to take a course in biological bases of behavior instead of an elective.
3. Preferred minimum Graduate Record Examination scores of 153(500) Verbal, 149(500) Quantitative, and 4.0 Analytical Writing.
4. Counseling Psychology applicants: Submit responses to 5 essay questions which can be found at the Department of Psychology and Philosophy website (http://www.twu.edu/psychology-philosophy/counseling-psych-masters-apply.asp). Specialist applicants: Submit a 500-word statement describing goals in psychology.
5. Submission of undergraduate transcripts showing a GPA of 3.5 or better on all courses in psychology and a 3.0 overall average for the last 60 semester credit hours of undergraduate work. Official transcripts from each college attended are required.
7. Vita

The application, official GRE scores, and official transcripts from ALL colleges or universities must be submitted to the Office of Student Records Processing. Items four, five, six, and seven above are to be submitted together in ONE envelope with COPIES of your application, GRE scores, and transcripts to the program Admissions Coordinator of the respective program (Counseling Psychology or School Psychology):

Admissions Coordinator
Department of Psychology and Philosophy
P.O. Box 425470
Denton, TX 76204

The deadline for applications for the master’s degree Counseling Psychology program is February 1 for summer and/or fall admission; the deadline for the School Psychology Specialist program is February 1.

Doctor of Philosophy in School Psychology or Counseling Psychology

1. The applicant will submit Graduate Record Examination scores. Preferred scores are 500 verbal (153, Revised GRE), 500 quantitative (149, Revised GRE), and 4.0 analytical writing.
2. The applicant will present official transcripts as evidence of a 3.5 GPA on a 4.0 scale for both graduate and undergraduate courses in psychology. A student entering the program with a bachelor’s degree is required to have a minimum overall GPA of ‘B’ (3.0 on a 4.0 scale for the last 60 semester credit hours of undergraduate work, and a 3.5 GPA in undergraduate psychology courses.). A student entering the program with a master’s degree is required to have a minimum overall GPA of 3.5 on a 4.0 scale for graduate work in psychology.
3. The applicant will submit three letters of recommendation.
4. The applicant will present evidence of at least 18 semester credit hours in undergraduate psychology courses including the following courses: introductory psychology, life-span developmental psychology, statistics, experimental psychology, psychology of learning, and 3 elective semester credit hours in psychology. A course in biological bases of behavior is required instead of an elective for School Psychology doctoral applicants.
5. Applicants to the Doctoral Program in Counseling Psychology must complete a program-specific application requiring five brief essays. The application is available at the Department of Psychology and Philosophy website (http://twu.edu/psychology-philosophy/counseling-phd-apply.asp).
6. Applicants to the School Psychology Doctoral Program will submit a 500-word autobiographical essay on choosing School Psychology as a career.
7. Applicants will submit a vita with special emphasis on training, work experiences, and research relevant to the program and discipline.

The online application (available at the Apply Texas website (http://www.applytexas.org)), official GRE scores, and official transcripts from ALL colleges or universities must be submitted to the Office of Student Records Processing.
Items three, four, five, six, and seven above are to be submitted together in ONE envelope with COPIES of your application, GRE scores, and transcripts to the program Admissions Coordinator of the respective program (Counseling Psychology or School Psychology):

Admissions Coordinator
Department of Psychology and Philosophy
P.O. Box 425470
Denton, TX 76204

If a student is to be considered for the following Fall semester, January 5 is the deadline for receipt of application materials for the Counseling Psychology Doctoral program. February 1 is the deadline for receipt of application materials for the School Psychology Doctoral Program. Admission to all doctoral programs is usually provisional with advancement to unconditional admission based on the successful completion of GPA requirements for the first 21 semester credit hours completed in the program.

Minors

Minors Offered to Students from Other Departments

A doctoral minor requiring 18 semester credit hours is offered in psychology. Specific course requirements for the minor can be obtained by contacting the director of either doctoral training program.

Courses

Philosophy Courses

PHIL 5913. Independent Study. Denotes course not offered as organized course. An in-depth review of a specific problem area jointly selected by student and instructor. Prerequisite: Permission of instructor. Credit: Three hours.

Psychology Courses

PSY 5163. Psychology of Women. Examination of developmental characteristics of women, myths and stereotypes, sex roles, sexuality, life styles, values, achievement motivation, power, mental health, and mental disorders in women. Three lecture hours a week. Credit: Three hours.

PSY 5313. Psychological Tests and Measurements. Overview of psychometrics, including test construction, reliability, and validity. Three lecture hours a week. Credit: Three hours.

PSY 5333. Research Design. Types of research methods; techniques and procedure of educational and psychological empirical research; research design; research writing; review of journal articles; general statistics for reading professional journals. Prerequisite: Permission of instructor. Three lecture hours a week. Credit: Three hours.

PSY 5423. Cognitive Assessment. Intensive introduction to the most widely used, individually administered intelligence tests. Prerequisite: A course in psychological appraisal or permission of the instructor. Co-requisite: PSY 6931. Three lecture hours a week. Credit: Three hours.

PSY 5463. Academic Assessment. Major norm-referenced measures of achievement and their use in the evaluation of specific learning disabilities. Prerequisite: PSY 5883 and PSY 5893 or equivalent; Major in the school psychology specialist/doctoral program. Three lecture hours a week. Credit: Three hours.

PSY 5473. Social-Emotional Assessment of Children. Administration and interpretation of personality assessment procedures with children, including integration with other psychoeducational assessment information. Prerequisites: PSY 5423 and PSY 5463. Co-requisite: PSY 6931 (for doctoral students.) Three lecture hours a week. Credit: Three hours.

PSY 5501. Professional Issues in Counseling Psychology. Critical review of the program and discipline of counseling psychology; issues germane to the professional practice of counseling psychology. One lecture hour a week. Credit: One hour.

PSY 5513. Advanced Psychopathology. Extensive study of the fundamental principles of understanding mental illness from a systemic point of view; study of incident, cause, types of therapy, and prognostication for each case. Three lecture hours a week. Credit: Three hours.

PSY 5523. Clinical Therapeutic Group Processes. Intensive group experience in which students study therapeutic group development as they function as participant, observer, and recorder of the emerging group process. Extensive reading is required. Theories of group development and group dynamics are examined as they relate to learning, perception, conflict resolution, problem solving, and psychotherapy. Prerequisites: Preregistration with instructor is required. Three lecture hours a week. Credit: Three hours.

PSY 5533. Evidence-Based Intervention: Academic. Concepts and procedures of Rti, CBM, and evidence-based academic intervention. Prerequisite: Major in the School Psychology Specialist or Doctoral Program. Three lecture hours a week. Credit: Three hours.

PSY 5554. Theory and Practice of Counseling and Psychotherapy. Principles, procedures, techniques, and goals of effective counseling/therapy from a variety of theoretical viewpoints. Basic theory preparation for counselors/therapists in training. Instructional supervised experience in clinical techniques basic to individual psychotherapy. Three lecture and two laboratory hours a week. Credit: Four hours.
PSY 5674. Theory and Practice of Family Psychology. Introduction to the literature regarding theories, principles, and practices of family psychology. Intensive study of the theoretical bases for assessment and intervention. Demonstration and practice of family psychology skills. Three lecture and two laboratory hours a week. Credit: Four hours.

PSY 5693. Psychology of Human Sexuality. Exploration of concepts related to human sexuality with emphases on psychological and cultural factors. Significant focus on self-as-counselor as it impacts the therapeutic process. Three lecture hours a week. Credit: Three hours.

PSY 5733. Specialist Internship in School Psychology. Internship in a full-time school psychologist position which is comprehensive in scope, provides an opportunity to develop a clear professional identity, and explores the full responsibilities of a practicing school psychologist while having supervisory support from an experienced field supervisor. Prerequisite: PSY 5923. Forty practicum hours a week. Credit: Three hours.

PSY 5803. Introduction to School Psychology. The school psychologist's roles within the total educational process of the child with emphasis upon development. Co-requisite: PSY 6931. Three lecture hours a week. Credit: Three hours.

PSY 5853. Seminar in School Psychology. Capstone course to synthesize key concepts in school psychology curriculum; includes crisis intervention, working collaboratively with families, school-based prevention activities, and computer applications. Three lecture hours a week. Credit: Three hours.

PSY 5911. Independent Study. Individual instruction in a class that is not being taught during a current semester, and that is needed for graduation or to fulfill degree requirements of a graduate student. Credit: One hour.

PSY 5913. Independent Study. Denotes a course not offered as organized course. An in-depth review of a specific problem area jointly selected by student and instructor. Prerequisite: Permission of instructor. Credit: Three hours.

PSY 5923. Supervised Practicum. Practicum experience in clinical setting; supervised and taped client contact with critical discussion. Prerequisite: Permission of instructor. Fifteen practicum hours a week. Credit: Three hours.

PSY 5963. Capstone Proficiencies. A capstone experience in writing and applying research findings to inform clinical practice. Writing applied literature reviews, program evaluation, and grant writing. Comprehensive exam over the MA program. Prerequisites: Enrolled in last or next to last semester of coursework only degree plan. Three lecture hours a week. Credit: Three hours.

PSY 5973. Professional Paper. Credit: Three hours.

PSY 5983. Thesis. Credit: Three hours.

PSY 5993. Thesis. Prerequisite: PSY 5983. Credit: Three hours.

PSY 6103. Cognition and Emotion. The interaction between emotion and major processes involved in human cognition including perception, attention, memory, language, problem solving, and decision making. Prerequisite: Undergraduate course in learning or permission of instructor. Three lecture hours a week. Credit: Three hours.

PSY 6133. Advanced Behavioral Neuroscience. Neuroanatomy, neuron physiology, psychopharmacology, neuroendocrinology, physiological bases of motivation, emotion, learning, sensation, sleep, and attention. Three lecture hours a week. Credit: Three hours.

PSY 6143. Neurodevelopmental and Genetic Disorders In Children. Focus on low and high incidence neurodevelopmental and genetic disorders in children. Emphasis placed on identifying characteristics, differential diagnostic techniques, and empirically based interventions associated with these disorders. Prerequisite: Doctoral standing and/or permission of instructor. Three lecture hours a week. Credit: Three hours.

PSY 6204. Advanced Psychological Statistics II. Multivariate statistical procedures in analysis of variance and regression, covariance analysis, and latent variable analysis. Prerequisite: PSY 5304. Four lecture hours a week. Credit: Four hours.

PSY 6363. Research in Counseling and Family Psychology. An overview of counseling and family psychology and research through detailed analysis of major research articles. The course covers instrumentation tools and techniques, critical evaluations of key investigations in the field, and challenges of the "new epistemologies" for psychological research. Three seminar hours a week. Credit: Three hours.
PSY 6383. Cross Cultural Psychology. Examination of paradigms of cross cultural psychology (the fourth force in counseling and psychotherapy), cultural identity development, examination of one’s own cultural heritage and its impact in the therapeutic relationship; competencies and standards, culture specific strategies in cross cultural psychotherapy, and therapeutic implications of the paradigms. Three lecture hours a week. Credit: Three hours.

PSY 6393. Psychology of Violence, Trauma, and Abuse. Focus on abuse and victimization across the lifespan, ranging from infancy to late adulthood. Trauma-based disorders, psychological dynamics, and the recovery process will be explored. Prerequisites: Doctoral standing and/or permission of the instructor. Three lecture hours a week. Credit: Three hours.

PSY 6423. Psychopathology and Exceptionalities in Childhood and Adolescence. Comprehensive overview of etiology, identification (diagnostic nomenclature, DSM IV), and intervention in children and adolescents with exceptionalities and emotional disorders. Three lecture hours a week. Credit: Three hours.

PSY 6443. Objective Personality Assessment for Adults. Administration, scoring, and interpretation of most widely used objective assessment procedures for measuring personality functioning in adults, with emphasis on MMPI, and current conceptual and clinical issues in objective psychodiagnostic. Prerequisites: PSY 5423 and doctoral standing. Three lecture hours a week. Credit: Three hours.

PSY 6523. Neuropsychological Assessment Techniques I. Introduction to the administration and interpretation of current neuropsychological assessment instruments for all ages with an emphasis on childhood and adolescence. Co-requisite: PSY 6931. Three lecture hours a week. Credit: Three hours.

PSY 6533. Neuropsychological Assessment Techniques II. Advanced administration and interpretation of current neuropsychological assessment instruments for all ages with an emphasis on childhood and adolescence. Prerequisite: Permission of instructor. Co-requisite: PSY 6931. Three lecture hours a week. Credit: Three hours.

PSY 6553. Projective Personality Assessment for Adults. Administration, scoring, and interpretation of most widely used projective assessment procedures for measuring personality functioning in adults, with emphasis on the Rorschach Inkblot Test, and current conceptual and clinical issues in projective psychodiagnostic. Prerequisites: PSY 5423, PSY 6443, and doctoral standing. Three lecture hours a week. Credit: Three hours.

PSY 6583. Neuropsychopharmacology. Introduction to practical and theoretical understanding of the effects of drugs upon behavior. Emphasis on major antipsychotic, anti-anxiety, antidepressant drugs, their clinical use, and their side effects. Three lecture hours a week. Credit: Three hours.

PSY 6613. Advanced Developmental Psychology. An in-depth analysis of theories regarding the psychological development of children, adolescents, and adults. The course will include an overview of the empirical and conceptual approaches to the study of social, emotional, cognitive, and physical development of humans from conception through death. Three lecture hours a week. Credit: Three hours.

PSY 6633. Philosophical and Historical Foundations of Psychology. Major philosophical theories of the mind and historical foundations of psychology. Three lecture hours a week. Credit: Three hours.

PSY 6673. Therapeutic and Crisis Interventions for Children and Adolescents. Theoretical background and applied psychotherapeutic techniques for children and adolescents presented within the context of specific childhood disorders. Includes counseling, screening, and referral information for children and adolescents that experience a crisis within the school setting. Co-requisite: PSY 6931. Three lecture hours a week. Credit: Three hours.

PSY 6683. Professional Issues in Psychology and Counseling Psychology. Study of the historical development and present status of psychology and the history, current status, and definition of counseling psychology as a specialty. Current and emerging professional issues in the field. Three lecture hours a week. Credit: Three hours.

PSY 6774. Foundations of Social Psychology and Personality. Classic and contemporary theories, research, and application in social psychology with special emphasis on personality theory and development in social context. Major areas covered include person perception, attribution, social cognition attitudes, prejudice, aggression, altruism, group dynamics, and applied topics. Four lecture hours a week. Credit: Four hours.

PSY 6833. Ethics in Psychology. A critical discussion and evaluation of the ethical alternatives with respect to decision-making and action in the area of Research and Professional Practice. Methodology will include contemporary cases involving personal, social, and institutional issues, as well as theoretical and empirical foundations in the classical systems of ethics. Three lecture hours a week. Credit: Three hours.

PSY 6853. Supervision and Consultation Psychology. Designed to develop knowledge and strategic skills required in the practices of supervision of services and professional consultation in psychology. Both didactic content and field-based pre-practicum components are included. Co-requisite for School Psychology Doctoral Students: PSY 6931. Three lecture hours a week. Credit: Three hours.
PSY 6863. Qualitative Research Methods and Program Evaluation. Study of philosophical, conceptual, and practical bases of qualitative methodologies, with a particular focus on program evaluation. Emphasis on qualitative inquiry, data collection and analysis, and integration of qualitative/quantitative data. Three lecture hours a week. Credit: Three hours.

PSY 6871. Internship in Professional Psychology. One-year, full-time supervised clinical internship experience in professional psychology as required by national accreditation standards and state licensure requirements. Prerequisites: Completion of comprehensive/qualifying exam (advancement to candidacy); dissertation proposal complete by November 1st of internship application year. Enrollment for 3 semesters (Fall, Spring, Summer) required. Forty practicum hours a week. Credit: One hour.

PSY 6873. Advanced Consultation. Advanced skills in indirect-interventions which include the family, community, and school. In-depth exploration and practice in instructional team participation, and behavioral and emotional consultation with parents and school personnel. Emphasis on connecting families and schools using behavioral and systems perspectives. Prerequisite: PSY 6853. Co-requisite: PSY 6931. Three lecture hours a week. Credit: Three hours.

PSY 6903. Special Topics. Denotes organized course in psychology not regularly offered. Prerequisite: Permission of the instructor. Three lecture hours a week. Credit: Three hours.

PSY 6911. Independent Study. Individual instruction in a class that is not being taught during a current semester, and that is needed for graduation or to fulfill degree requirements of a doctoral student. Credit: One hour.

PSY 6913. Independent Study. Denotes course not offered as organized course. An in-depth review of a specific problem area jointly selected by student and instructor. Prerequisite: Permission of instructor. Credit: Three hours.

PSY 6921. Research Consultation in Psychology. Research consultation for doctoral students in the design stages of a dissertation proposal and exposure to computer analysis and interpretation of data. May be repeated for additional credit. Credit: One hour.

PSY 6923. Supervised Practicum. Practicum experience in clinical setting; supervised and taped client contact with critical discussion. Fifteen practicum hours a week. Credit: Three hours.

PSY 6931. Practicum in Applied Psychology. Pre-practicum will provide limited practical experiences as co-requisite for PSY 5423, PSY 5463, PSY 5473, PSY 5803, PSY 6523, PSY 6533, PSY 6673, PSY 6693, PSY 6703, PSY 6853, and PSY 6873. Prerequisite: Permission of instructor. Minimum of three practicum hours a week. Credit: One hour.

PSY 6933. Internship in Psychology. Supervised internship experience in clinical and/or school settings, supervision and critical discussion. One-year, full-time, placement necessary to meet licensing certification requirements. Prerequisite: Consent of instructor. Forty practicum hours a week. Credit: Three hours.

PSY 6961. Research Team. Participation in research activities as negotiated with a supervising faculty member. The student is expected to pursue areas of interest independently or in conjunction with the faculty member's interests. Two laboratory hours a week. Credit: One hour.

PSY 6981. College Teaching. Covers important pedagogical aspects of college teaching: effective lecture preparation and delivery; stimulating class discussions; writing good exams; using group projects and cooperative learning strategies; classroom management techniques; cultural diversity issues and learning styles. May be repeated for additional credit. Prerequisite: GTA or anyone in need of pedagogy requirements. Two laboratory hours a week. Credit: One hour.

PSY 6991. Supervised Field Work. Field experience in applied settings; faculty supervision of students employed in the practice of psychology in the community. Prerequisite: Permission of instructor. Two practicum hours a week. Credit: One hour.

PSY 6993. Dissertation. Prerequisite: PSY 6983. Credit: Three hours.

Faculty

Professors

MARICLE, DENISE E., Professor of Psychology. B.S., University of Minnesota, Twin Cities; M.A., University of Notre Dame; Ph.D., University of Northern Colorado.

RUBIN, LINDA, Professor of Psychology. B.S., University of Kansas; M.S., University of Kansas; Ph.D., University of Kansas.

SCOTT, SHANNON R., Professor of Psychology; Chair of the Department of Psychology and Philosophy. B.A., Stephen F. Austin State University; M.S., Tufts University; Ph.D., Tufts University.

STABB, SALLY D., Professor of Psychology. B.A., Pennsylvania State University; M.Ed., Pennsylvania State University; Ph.D., University of Kansas.

Associate Professors

DEORNELLAS, KATHY L., Associate Professor of Psychology. B.F.A., Stephen F. Austin State University; M.Ed., University of North Texas; Ph.D., Texas Woman’s University.
FOSTER, KENNETH, Associate Professor of Psychology. B.A., City University of New York Brooklyn College; M.Phil., City University of New York Graduate School & University Center; M.A., City University of New York Hunter College; Ph.D., City University of New York Graduate School & University Center.

HARRIS, JEFF E., Associate Professor of Psychology. B.A., DePauw University; M.A., Southern Illinois University at Carbondale; Ph.D., The Ohio State University System.

HART, CHRISTIAN L., Associate Professor of Psychology. B.A., University of North Texas; M.S., Texas Christian University; Ph.D., Texas Christian University.

MOLLEN, DEBRA, Associate Professor of Psychology. B.A., Adelphi University; M.A., University of Denver; Ph.D., Indiana University.

Assistant Professors

ASBURY, EDWARD T., Assistant Professor of Psychology. B.A., University of Tennessee, Knoxville; M.A., Texas Christian University; M.A., East Tennessee State University; Ph.D., Texas Christian University.

JOHNSON, WENDI L., Assistant Professor of Psychology. B.A., Bryant College; M.A., Western Carolina University; Ph.D., Texas Woman's University.

MCGILL, RYAN JEFFREY, Assistant Professor of Psychology. B.A., Westmont College; M.A., Point Loma Nazarene University; Ed.S., LaSierra University; Ph.D., Chapman University.

PALOMARES, RONALD S., Assistant Professor of Psychology. B.S., Texas A&M University; M.A., Lesley College; Ph.D., Texas A&M University.

PORRAS, CLAUDIA V., Assistant Professor of Psychology. B.A., Texas Tech University; M.S., Oklahoma State University; Ph.D., Oklahoma State University.

ROSEN, LISA H., Assistant Professor of Psychology. B.A., Rice University; M.A., University of Texas at Austin; Ph.D., University of Texas at Austin.

TERRIZZI Jr., JOHN A., Assistant Professor of Psychology. B.S., Juniata College; M.A., College of William and Mary; Ph.D., West Virginia University.

Master of Arts in Counseling Psychology

Total Hours Required
A minimum of 61 semester credit hours including 6 semester credit hours for thesis or 3 semester credit hours for the Capstone Experience. The number of semester credit hours required depends on the particular degree program. Consult the director of the program for details.

Practica
Counseling Psychology students will spend a minimum of four semesters in practicum placements. The student will consult with the Practicum Coordinator to arrange for appropriate placement.

Special Requirements
Students are required to maintain a grade point average of 3.5 or better on a 4.0 scale in all courses applied to the degree. If a grade of ‘C’ or less is earned in a course, the student will be required to complete a formal remediation process. If a second grade of ‘C’ or less is earned (in at least six semester credit hours total), the student will be dismissed from the program.

Comprehensive Examinations
A written comprehensive exam will be required for all students who do not complete a Thesis.

Master of Arts in Counseling Psychology Program of Study (61 semester credit hours)

Required Courses (52 SCH)

Specialist in School Psychology (S.S.P.)

Total Hours Required

69 semester credit hours.

Internship

School Psychology students are required to complete at least one academic year of supervised internship experience consisting of a minimum of 1200 clock hours, at least 600 hours of which must be in a school setting. The student will consult with the Internship Coordinator in order to arrange for appropriate placement. The internship cannot begin until the student has completed all coursework and passed the Clinical Skills Review.

Special Requirements

Students are required to maintain a grade point average of 3.0 or better on a 4.0 scale in all courses applied to the degree. If a grade of ‘C’ or less is earned in a course, the student will be required to meet with his/her program committee. The program committee and the student shall determine appropriate steps for remediation. If a second grade of ‘C’ or less is earned, the student will again be required to meet with his/her program committee. If a third ‘C’ or less is earned, the student will be dismissed from the program.

Comprehensive Examination

The capstone evaluation for Specialist students is the Clinical Skills Review. Students submit a comprehensive case and an intervention report. At the Clinical Skills Forum, students orally present their case and intervention.

**Total Semester Credit Hours:** 69

**Doctor of Philosophy in Counseling Psychology**

**Total Semester Credit Hours Required**

The minimum number of semester credit hours required for the program depends on the individual degree program. The applicant should contact the director of the program for details.

**Practica**

Counseling Psychology students will spend a minimum of four semesters in practicum placements. The student will consult with the Practicum Coordinator to arrange for appropriate placement.
Internship
A full-year, full-time APA-accredited or APPIC-member internship is required for the doctoral program in Counseling Psychology. The student will consult with the Training Director to arrange for appropriate placement. Doctoral students in Counseling Psychology are expected to be willing to leave the immediate geographical area for internship. The internship cannot begin until the student has been admitted to candidacy, which requires the successful completion of all required coursework and comprehensive exams. The dissertation proposal must also be completed prior to internship application.

Research Tools
The four required research tools courses are:

<table>
<thead>
<tr>

</tr>
<tr>
<td>PSY 6204</td>
<td>Advanced Psychological Statistics II</td>
<td>4</td>
</tr>
<tr>
<td>PSY 6961</td>
<td>Research Team</td>
<td>1</td>
</tr>
</tbody>
</table>

Special Requirements
A student is required to maintain a grade point average of 3.5 or better on a scale of 4.0 in all courses applied to the doctoral degree. If a grade of 'C' or less is earned in a course, the student will be required to complete a formal remediation process. If a second grade of 'C' or less is earned (in at least six semester credit hours total), the student will be dismissed from the program.

Thesis Equivalency
Students who have not written an empirical master’s thesis during a master’s program will be required to complete an original research project with an individual faculty member within the first 60 hours of doctoral training.

Residency Requirement
Full-time enrollment is required of all doctoral students in Counseling Psychology until they approach candidacy (generally the first three years). Requests for exceptions to this requirement must be approved by the Counseling Psychology Core Faculty. Two consecutive semesters of enrollment of less than nine semester credit hours without official leave or permission (excluding summer enrollment) will result in removal to inactive status. In order to re-enter the program from inactive status, the student must have approval of the Core Faculty in Counseling Psychology. All coursework, internship, and dissertation must be completed within seven years, excluding any official leaves-of-absence.

Professionalism Benchmark
The Professionalism Benchmark occurs in the Fall semester of the student’s second year. The purpose of the Benchmark is to assess students for fundamental competencies that are needed to progress past the second year in the program, and in particular to demonstrate readiness for Practicum. Competencies to be assessed include aspects of Professionalism, Reflective Practice/Self-Assessment/Self-Care, Relationships, Individual and Cultural Diversity, Ethical-Legal Standards and Policy, and Research-Evaluation. These competencies are based on the APA Joint Council of Chairs of Training Council’s related document. (http://www.apa.org/ed/graduate/benchmarks-evaluation-system.aspx)

Overview
The Professionalism Benchmark will consist of two parts: a Written Narrative and an Oral Evaluation. Students will have one chance to remediate problems with any part(s) of the Benchmark or be dismissed from the program, as these Competencies are considered absolutely foundational to any additional progress in the program and must be assessed prior to the timeline for first practicum placement. The Professionalism Benchmark process is administered each year in mid-October. See the Counseling Psychology Doctoral Student Handbook (http://www.twu.edu/psychology-philosophy/counseling-psych-phd.asp) for a detailed description of the Professionalism Benchmark process.

Comprehensive Examinations
Comprehensive Exams consist of a paper integrating professional identity, theory, and a case conceptualization, followed by a presentation of that paper and a recorded demonstration of therapy skills with an actual client or clients. The content, format, administration, and evaluation of the Comprehensive Exam will be the responsibility of the Counseling Psychology Core Faculty. Students who fail any portion of the comprehensive exam process will be provided with remediation plans and subsequent measures for re-evaluation of student progress. A student may be dismissed from the program if remediation is not completed in a satisfactory manner. Upon successful completion of all coursework and comprehensive competency evaluations, the doctoral student is recommended for candidacy for the Ph.D. degree.

Dissertation and Final Examination
All students are required to complete an empirical dissertation. An oral defense of the dissertation is required. The defense may be repeated once.

**Total Semester Credit Hours**

106-107

Doctor of Philosophy in School Psychology

Total Hours Required

The minimum number of semester credit hours required for the doctoral program depends upon the individual degree program. The applicant should contact the director of the appropriate doctoral program for details. In general, students entering with a bachelor's degree will complete 123 semester credit hours.

**Practica**

School Psychology doctoral students spend a minimum of four semesters in practicum placements. Students will consult with the Practicum Coordinator to arrange for appropriate placements.
Internships

School Psychology doctoral students must complete a full-time, 1500-2000 hour internship over a period of one year or 10 consecutive months. At least 600 hours must be in a school setting. A full year, full-time APA or APPIC accredited internship is recommended. The student will consult with the Internship Coordinator in order to arrange for appropriate placement. The internship cannot begin until the student has been admitted to candidacy, which requires the successful completion of all required coursework and comprehensive exams.

Research Tools

Required research tools include the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PSY 5304</td>
<td>Advanced Psychological Statistics I</td>
<td>4</td>

</tr>
</tbody>
</table>

Special Requirements

A student is required to maintain a grade point average of 3.5 or higher on a 4.0 scale in courses applied to the doctoral degree. If a grade of ‘C’ or lower is earned in a course, the student will be required to meet with her/his program committee. The program committee and the student shall determine appropriate steps for remediation. If a second grade of ‘C’ or lower is earned (in at least six semester credit hours total), the student will be dismissed from the program.

Residence Requirement

A one year full-time pre-doctoral internship is required to meet the requirements for graduation and licensure. All coursework, internship, and dissertation must be completed within ten years, excluding any official leaves-of-absence.

Comprehensive Examinations

Comprehensive evaluation includes the following: a written integrative essay that is orally defended over core psychological foundations; a theoretical philosophy paper; a clinical skills oral presentation and defense of both the theoretical philosophy paper; an actual case study; and an intervention study. The content, format, administration, and evaluation of the comprehensive exam will be the responsibility of the core faculty. Students who fail any portion of the comprehensive exam process will be provided with remediation plans and subsequent measures for reevaluation of student progress. A student may be dismissed from a program if remediation is not completed in a satisfactory manner. Upon successful completion of all coursework and the comprehensive competency evaluation, the doctoral student is recommended for candidacy for the Ph.D. degree.

Dissertation and Final Examination

All students must complete an empirical dissertation. An oral defense of the dissertation is required. The defense may be repeated once.

Course Electives

Students are allowed to take additional elective coursework that is not a part of the required doctoral program. Elective coursework is offered on a rotating basis. The following courses may be taken:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>PSY 6233</td>
<td>Preschool Assessment</td>
</tr>
<tr>
<td>PSY 6923</td>

Graduate Degrees Offered

- M.A. in Sociology (p. 121)
- Ph.D. in Sociology (p. 122)

The doctoral degree is granted through the Federation of North Texas Area Universities.

The Doctor of Philosophy degree in Sociology is offered through a cooperative program of the Federation of North Texas Area Universities that includes Texas Woman’s University, the University of North Texas, and Texas A&M – Commerce. The Ph.D. in Sociology is granted by Texas Woman’s University and the University of North Texas. Students apply for acceptance into the program through one of the participating universities.

Together the two universities offer graduate training in various aspects of sociology along with opportunities in the area of sociological practice. All doctoral students are required to study core social theory and social research and must concentrate further in two specialty areas.

The objective of the Federation sociology program is to produce intellectually well-rounded graduates capable of

1. analyzing human social groups and relationships between groups,
2. evaluating the influence of social factors on social situations, and
3. functioning effectively in either an academic milieu or in a sociological practice setting.

Graduate students enrolled at either TWU or UNT take courses at both universities, thus benefiting from the combined faculties and facilities of both schools. Students graduating from the Federation program will be granted the Ph.D. from the university through which they entered the program.

Admissions

Admission Requirements

Master of Arts in Sociology

Students applying for admission to master study must meet the general admission requirements of the Graduate School at TWU (see admission section of this catalog (p. 52).) Admission to the sociology masters program requires a bachelor’s degree in sociology or its equivalent, a GPA of 3.0 or higher on the last 60 semester credit hours of undergraduate work and on all graduate work, along with a personal statement of interest (2-3 pages) and two letters of recommendation. Students without a bachelor’s degree in sociology will be considered if the admission committee believes that the student shows academic promise.

Doctor of Philosophy in Sociology

Admission to the doctoral program in sociology requires a bachelor’s degree in sociology or its equivalent, GRE (http://www.ets.org/gre), a GPA of 3.5 or higher on the last 60 semester credit hours of undergraduate courses and on all graduate courses, three letters of recommendation, and a personal statement of interest (2-3 pages). Students without a bachelor’s degree in sociology will be considered if the admission committee believes that the student shows academic promise. International students must have a satisfactory score on the Test of English as a Foreign Language (http://www.ets.org/toefl) (TOEFL).

The applicant who has a GPA of at least 3.0 but meets other conditions above may be considered for conditional admission. Additional coursework may be required. The admission committee may request additional evidence of the applicant’s ability to do graduate work.

Students admitted with a bachelor’s degree can earn their M.A. degree during the course of study. They will be required to write a Master’s thesis, which, together with their coursework, will be evaluated by the sociology faculty at the end of their Master’s stage. Based on the evaluation, the faculty could recommend that a student continue to pursue the Ph.D. degree or be awarded a terminal M.A. degree. The thesis requirement is waived for students admitted with a Master’s degree.

Students applying for admission to doctoral study must meet the general admission requirements of either the Graduate School at TWU (see admission section of this catalog (p. 52)) or the Toulouse School of Graduate Studies at UNT. Students additionally must apply to the sociology program (see
departmental handbook or guidelines for details). Applications of students who satisfy the Graduate School's admission standards are forwarded for review to the department admissions committee. This committee is responsible for recommending acceptance into the Federation doctoral program.

Certificates

Certificates in Sociology and Social Work

- Post-Baccalaureate Certificate in Diversity (p. 122)
- Post-Baccalaureate Certificate in Social Science Research Methods (p. 123)

Minors

Minors Offered to Students from Other Departments

Students may minor in sociology at both the master’s and the doctoral levels. Courses designed to complement the student’s major field will be selected in consultation between the student and his/her advisory committee. Normally a minor in sociology requires 6 semester credit hours at the master’s level and 12 semester credit hours at the doctoral level.

Courses

Courses

SOCI 5313. Research Methods and Design. Social science research methods for sociologists. Emphasis on qualitative and quantitative methods, research design, and development of a research proposal. Three lecture hours a week. Credit: Three hours.

SOCI 5343. Seminar in Sociological Theory. Analysis of classical and contemporary sociological theories and schools of thought, their roots, and interrelationships. May be repeated for credit when topics vary. Three lecture hours a week. Credit: Three hours.

SOCI 5353. Methods of Teaching Sociology. Discusses issues and problems in college education and in teaching sociology. Gives students practice in organizing sociology courses, constructing syllabi, teaching units, test construction, and utilization of available resources in sociology. Three lecture hours a week. Credit: Three hours.

SOCI 5373. Theories in Social Psychology. Major schools of thought about the nature of the person as affected by society, including structural, symbolic interactionist, phenomenological, and critical schools. May be repeated for credit. Three lecture hours a week. Credit: Three hours.

SOCI 5553. Social Stratification. Social ranking systems of human society as one form of social differentiation; relationship of theoretical approaches to areas of research and of theoretical concepts to specific research techniques. Three lecture hours a week. Credit: Three hours.

SOCI 5643. Race and Ethnic Groups in the United States. Emphasis on selected groups (African Americans, Mexican Americans, and Asian Americans), their history, heritage, contributions to society, similarities, and differences. Application of theory and research to current intergroup relations. Three lecture hours a week. Credit: Three hours.

SOCI 5663. Family: Current Topics. Analysis of selected topics in the area of the family. Selected topics may include: comparative family studies, marital dissolution and single parent families, family crises, family and violence, alternative family forms. May be repeated for credit when topics vary. Three lecture hours a week. Credit: Three hours.

SOCI 5733. Medical Sociology. Utilizes a cross-disciplinary systems approach to study the effects of social change on the individual, professional groups (changing roles), and medical institutions. Broad range of topics adjusted to meet needs of students enrolled. Three lecture hours a week. Credit: Three hours.

SOCI 5903. Special Topics. Seminars on sociological theory, research methods, or selected substantive areas. May be repeated for credit when topics vary. Prerequisite: Permission of instructor. Three lecture hours a week. Credit: Three hours.

SOCI 5911. Independent Study. Individual study of topics in sociological theory, research, or in substantive areas selected in accordance with student’s interests and needs. Prerequisite: Permission of instructor. Credit: One hour.

SOCI 5913. Independent Study. Individual study of topics in sociological theory, research, or in substantive areas selected in accordance with student’s interests and needs. Prerequisite: Permission of instructor. Credit: Three hours.

SOCI 5953. Internship. Cooperative work-study arrangement between the University and business, industry, or selected institutions. No more than three credit hours counted toward degree. Pass-fail grade only. Thirteen practicum hours a week. Credit: Three hours.

SOCI 5983. Thesis. Credit: Three hours.

SOCI 5993. Thesis. Credit: Three hours.

SOCI 6103. Seminar on Sociological Theory. Includes a sequence of classical, contemporary, and current theory courses; plus a course on theory construction. Emphasis is placed on research in primary sources and class discussion of the assigned materials, presupposes some familiarity with sociological theories. May be repeated for credit when topics vary. Three lecture hours a week. Credit: Three hours.
SOCI 6203. Seminar on Research Methods. Theory and application of quantitative and non-quantitative methods to sociological data. Suggested topics may include: use of available data; qualitative and field techniques; data analysis; techniques of sociological measurement. May be repeated for credit when topics vary. Prerequisites: A course in statistics and one in basic research design, or permission of instructor. Three lecture hours a week. Credit: Three hours.

SOCI 6321. Pro Seminar in Sociology. Prepares students for scholarly and professional work. Orientates students to program and university requirements, mission, and scope. Facilitates professional socialization of the student. Required of all doctoral students. To be taken within the first year of graduate work. Pass/fail. One lecture hour a week. Credit: One hour.

SOCI 6363. Intermediate Social Statistics. Emphasis on application of appropriate statistical techniques for social data analysis, including ANOVA; techniques of linear regression and diagnostics; and measures of association. Training for carrying out a quantitative research project using sociological data. Prerequisite: Graduate level introduction to social statistics or equivalent. Three lecture hours a week. Credit: Three hours.

SOCI 6373. Quantitative Methods and Design. Advanced study of quantitative research methods for research in sociology. Advanced topics in survey research methods and design, and experimental methods and design. Preparation of quantitative research proposal. Prerequisites: Masters level social research methods course, and doctoral standing. Three lecture hours a week. Credit: Three hours.

SOCI 6503. Seminar on Social Organization and Disorganization. An analysis of selected topics in such areas as the development of social institutions, the bases of social differentiation and integration, and deviant behavior. Suggested topics may include: the sources of social change; societal integration and social control; comparative social structures; small group studies. May be repeated for credit when topics vary. Prerequisite: A minimum of twelve semester hours in sociology or permission of instructor. Three lecture hours a week. Credit: Three hours.

SOCI 6733. Health and Illness. Advanced conceptual and substantive overview of the field of medical sociology, utilizing a critical approach to health and illness. Medical and sociological models of illness, medical institutions, and social epidemiology. Three lecture hours a week. Credit: Three hours.

SOCI 6903. Special Topics. Seminars on sociological theory, research methods, or selected substantive areas. May be repeated for credit when topics vary. Prerequisite: Permission of instructor. Credit: Three hours.

SOCI 6911. Independent Study. Advanced individual study of topics in sociological theory, research, or in substantive areas selected in accordance with student's interests and needs. Prerequisite: Permission of instructor. Credit: One hour.

SOCI 6913. Independent Study. Advanced individual study of topics in sociological theory, research, or in substantive areas selected in accordance with student's interests and needs. Prerequisite: Permission of instructor. Credit: Three hours.

SOCI 6923. Individual Research. Credit: Three hours.

Faculty

Professors
LO, CELIA, Professor of Sociology; Chair of the Department of Sociology and Social Work. B.S., Hong Kong Shue Yan University; M.A., University of Alabama; Ph.D., University of Alabama.

SADRI, MAHMOUD, Professor of Sociology. B.A., University of Teheran: Teheran, Iran; M.A., University of Teheran: Teheran, Iran; Ph.D., New School for Social Research.

WILLIAMS, JAMES L., Professor of Sociology. A.B., University of Georgia; M.A., University of Georgia; M.A.Ed., Western Carolina University; Ph.D., University of Georgia.

YANG, PHILIP Q., Professor of Sociology. B.A., Zhongshan University: China; M.A., University of California, Los Angeles; Ph.D., University of California, Los Angeles.

Associate Professors
MARSHALL, LINDA L., Associate Professor of Social Work. B.A., Texas Tech University; M.S.S.W, University of Texas at Arlington; Ph.D., Texas Woman's University.

TILTON, ABIGAIL C., Associate Professor of Social Work; Associate Dean of the College of Arts and Sciences. B.S.W., University of North Texas; M.S.S.W., University of Texas at Arlington; Ph.D., University of North Texas.

Assistant Professor
GULLION, JESSICA S., Assistant Professor of Sociology. B.A., Texas Tech University; M.A., Southwest Texas State University; Ph.D., Texas Woman's University.
# Master of Arts in Sociology

**(30 or 36 semester credit hours)**

## Total Semester Credit Hours Required

- **Thesis Option:** 30 semester credit hours, including 6 semester credit hours for thesis
- **Non-thesis Option:** 36 semester credit hours

## Required

9 semester credit hours, 3 semester credit hours each in sociological theory, social science research methods, and social statistics

## Major/Emphasis

9-27 semester credit hours

## Minor

Optional, 6 semester credit hours

## Final Examination

Written examinations may be repeated twice.

## Thesis Option (30 semester credit hours)

### Required Courses (9 SCH)

- Select any approved master's level course in Social Statistics

Doctor of Philosophy in Sociology

Total Semester Credit Hours Required
91 semester credit hours, including up to 30 semester credit hours from Master's degree (either taken at TWU or transferred from another accredited institution, and approved by department.)

Required Sociology Courses
16 semester credit hours. Required sociology courses may be taken at TWU and/or UNT.

Exams
- Major/First Area Exam: Developed and administered by the student's advisory committee.
- Minor/Second Area Exam: Developed and administered by the student's advisory committee.

Doctor of Philosophy in Sociology Program of Study (91 semester credit hours)

Master's degree (up to 30 semester credit hours, with committee approval) 30

Required Courses: 16 semester hours 16
- Proseminar in Sociology (1 semester hour)
- Classical Theory: Doctoral Level
- Contemporary Theory: Doctoral Level
- Intermediate Social Statistics (or Multivariate Analysis)
- Quantitative Methods and Design
- Qualitative Methods in Sociology

Major/First Area: 12 semester hours 12
Students must select one of the following three areas of concentration: Global and Comparative Sociology, Social Stratification/Inequality, Sociology of Health and Illness. Independent study courses may not be counted toward this area.

Minor/Second Area: 12 semester hours 12
May be in sociology, another academic discipline, or a certificate program. No more than three hours of independent study may contribute to this area.

Electives: 9 semester hours 9
Electives must have a SOCI prefix.

Research Tools: 12 semester hours (6 SCH) 12
All 12 hours may be “double dipped” from the above required methods/statistics courses or area methods/statistics courses.
Six of these 12 hours must be in one of the following areas: statistics, research methods, pedagogy, information retrieval, or foreign language, and the other six hours may be across two other areas.

Dissertation (12 SCH)
SOCI 6983 Dissertation (to be taken twice) 3
SOCI 6993 Dissertation (to be taken twice) 3

Post-Baccalaureate Certificate in Diversity
The Department of Sociology and Social Work offers a graduate Certificate in Diversity that prepares students for today's culturally diverse society. Courses required for the Diversity Certificate focus on the intersection of race/ethnicity, social class, and gender. The graduate certificate is open to students enrolled in any graduate degree program at Texas Woman's University as well as to qualified individuals seeking only the Diversity Certificate.
Admission Requirements

Students already admitted to a graduate program at TWU should consult with the Chair or Graduate Advisor of their program to determine whether the course work taken for the Diversity Certificate will apply toward their degrees. Students seeking admission to a masters or doctoral program, in addition to certification, must meet the entrance requirements of their degree program.

Students entering TWU only for the Certificate in Diversity must meet the master’s-level entrance requirements of the Graduate School. For certificate-only students, the Department of Sociology and Social Work requires a Statement of Purpose (500-600 words) describing the reason the Diversity Certificate is sought and its importance in relation to career goals.

Course Requirements

The Diversity Certificate requires 18 graduate semester credit hours of course work to be completed with an average grade of ‘B’ or better. Diversity is defined as inclusive of diversity in race/ethnicity, as well as age, religion, sexual orientation, and disability. Some courses will focus on diversity within the United States and others are global with a cross-cultural focus. The following three courses are required for the Diversity Certificate:

<table>

Post-Baccalaureate Certificate in Social Science Research Methods

The Department of Sociology and Social Work offers a Certificate in Social Science Research Methods. This certificate will prepare students to work in applied and institutional research settings. The courses required for the Social Science Research Methods Certificate focus on the understanding and application of social science research methods commonly used in the public and private sectors. The graduate certificate is open to students enrolled in any graduate program at Texas Woman’s University as well as to qualified individuals seeking only the Social Science Research Methods Certificate.

Admission Requirements

Students already admitted to a graduate program at TWU should consult with the Chair or Graduate Advisor of their program to determine whether the coursework taken for the Social Science Research Methods Certificate will apply towards their degrees. Students seeking admission to a master or doctoral program, in addition to certification, must meet the entrance requirements of their degree program.

Students entering TWU only for the Social Science Research Methods Certificate must meet the master’s-level entrance requirements for the Graduate School. For certificate-only students, the Department of Sociology and Social Work requires that students have completed three semester credit hours of undergraduate statistics for the social sciences and provide a Statement of Purpose (500-600 words) describing the reason the Social Science Research Methods Certificate is sought and its importance in relation to career goals. It is understood that the student’s major department will detail their specific expectations with regard to the statistical background of students who pursue this certificate.

Coursework Requirements

The Social Science Research Methods Certificate requires 18 semester credit hours of coursework to be completed with an average of ‘B’ or better.

E-mail: womenstudies@twu.edu

Graduate Degrees Offered

- M.A. in Women's Studies (p. 128)
- Ph.D. in Women's Studies (p. 130)

The Department of Women's Studies offers an exciting multicultural curriculum that integrates diverse perspectives and critically applies feminist/ womanist scholarship on behalf of social justice. The Master of Arts degree in Women's Studies and the Doctor of Philosophy degree in Women's Studies emphasize an understanding and appreciation of Women's Studies as a transdisciplinary, multicultural field of study. Undergraduate and graduate courses are regularly taught by over thirty faculty from across the University. Women's Studies uses multiple critical lenses to question, expand, and transform existing modes of knowledge and power in the service of social justice. It provides a curriculum grounded in diverse feminist theories, methodologies, and ethics; promotes interdisciplinary scholarly endeavors; and seeks to prepare leaders, particularly women, who will have the skills to negotiate change in academic and community settings.

M.A. in Women's Studies

The M.A. degree is a two-year program that prepares students for Ph.D. work in Women's Studies or a traditional discipline with a focus in Women's Studies, for careers in agencies and organizations that serve women, or for advanced professional training in interdisciplinary fields such as law and public policy. Students in Women's Studies examine issues related to understanding difference, identity, and power across a variety of contexts. In addition to coursework, students may assist in teaching Women's Studies courses, work in community agencies, participate in professional development and mentoring programs, or take part in feminist activities on campus and in the community.

Ph.D. in Women's Studies

The Ph.D. degree prepares students to revitalize academic life by producing new forms of knowledge through transdisciplinary and transformative dialogues among faculty and students in diverse disciplines. Doctoral degree recipients will emerge from this program grounded in a rigorous graduate school education and equipped with effective communication and research skills, holistic-critical thinking skills, and transformative teaching techniques. As part of the program's unique transdisciplinary focus, students will obtain a deep understanding of scholarly production, research methodologies, and pedagogies in various academic disciplines in the humanities and social sciences. They will use this knowledge to create new dialogues among academic disciplines.

Admissions

Admission Requirements

Master of Arts program in Women's Studies

In addition to the requirements for admission to the Graduate School (p. 52), the Department of Women's Studies requires the following for unconditional admission into the master's degree program:

1. A 3.0 GPA with supporting course work in the liberal arts and sciences or interdisciplinary studies.
2. A written statement of the applicant's background, interests, and goals as these relate to Women's Studies (approximately 3-5 pages in length).
3. An 8-10 page writing sample, preferably a paper from an academic course, including notes and references.
4. Two letters of recommendation from individuals (preferably professors) familiar with the applicant's academic and/or professional work.

The GRE is not required for admission to the M.A. program in Women's Studies. M.A. applications are reviewed on a rolling basis throughout the year.

Doctor of Philosophy program in Women's Studies

In addition to the requirements for admission to the Graduate School (p. 52), the Department of Women's Studies requires the following for unconditional admission into the Ph.D. degree program:

1. A completed master's degree.
2. A grade point average of 3.5 or above on prior graduate-level course work.
3. Two letters of recommendation from individuals who can address the applicant’s past academic performance and future academic potential in the field of women’s studies.
4. A statement of purpose: a short essay (approximately 1,000 words) discussing the applicant’s personal and professional goals and how TWU’s Ph.D. program in Women’s Studies can assist the applicant in meeting these goals.
5. A writing sample: an academic paper not to exceed twenty-five pages, including notes and references.
6. A current curriculum vitae or resumé.

The GRE is not required for admission to the Ph.D. program in Women’s Studies. We admit students in to the doctoral program in alternating years. Specific application procedures and deadlines are available at the TWU Women’s Studies website (http://www.twu.edu/ws/phd-admission-requirements.asp).

Prerequisite coursework for the Ph.D. degree program in Women’s Studies

Ideally, the previously-earned master’s degree should include foundational courses in Women’s Studies or other feminist scholarship, with at least one course in each of the following areas: feminist/womanist theories, U.S. women of colors, feminist pedagogies, and feminist/womanist epistemologies. If comparable courses have not been part of the prerequisite master’s degree program, they must be completed as part of the doctoral degree in Women’s Studies. Applicants should have an understanding of the field of Women’s Studies and familiarity with feminist and/or womanist theories.

Provisional admission to the Ph.D. degree program in Women’s Studies

Admission to the Ph.D. program in Women’s Studies may also be awarded on a provisional basis. Applicants who do not meet the unconditional criteria for admission, but who have a GPA of at least 3.0 on prior graduate-level course work, may be considered for provisional admission on an individual basis. Additional factors that may be considered in the provisional decision include the following:

- scores on the Graduate Record Examination (GRE (http://www.ets.org/gre)),
- scholarly activities, and/or
- professional leadership activities.

Certificates

Certificate in Women’s Studies

- Post-Baccalaureate Certificate in Women’s Studies (p. 131)

Minors

Minors Offered to Students from Other Departments

Students may minor in Women’s Studies at both the master’s and doctoral levels. Courses designed to complement the student’s major field will be selected in consultation with the student’s advisory committee. Normally a minor requires 6 semester credit hours at the master’s level and 12 semester credit hours at the doctoral level.

Courses

Courses

**WS 5023. Foundations for Scholarly Inquiry in Women’s Studies.** Historical origins and development of Women’s Studies within higher education, including critiques and contributions by women of color; relationships between theorizing and activism; the challenges of multi-, inter-, and transdisciplinarity; and emerging issues. Emphasis on development of research, writing, and communication skills. Three lecture hours a week. Credit: Three hours.

**WS 5043. Art, Activism, and Social Justice.** Investigation of history and contemporary examples of the use of artistic works by activists and social movements. Focus on feminist art, art activism, and artists who create art for political purposes. Exploration of theoretical frameworks to analyze art, aesthetics, performance, and visual culture. Three seminar hours a week. Credit: Three hours.

**WS 5093. Law, Gender, and Sexuality.** Evolution of legal rights for women and sexual minorities and theoretical issues raised in concrete legal cases. Examination of debates over equality approaches in law; ways in which law constructs gender and sexuality; and the intersecting roles of gender, sexuality, and race in legal doctrine and theory. Three lecture hours a week. Credit: Three hours.

**WS 5193. Rights, Race, and Social Justice.** Interpretations of the utility of constitutional rights in movements for social justice, with special attention to struggles for racial equality. Readings in legal studies, social sciences, critical legal studies, and critical race theory that address the relationship of legal rights and change. Three lecture hours a week. Credit: Three hours.

**WS 5253. Transgressive Identities: Queer Theories and Critical 'Race' Theories.** Feminist and womanist interventions into recent developments in queer theories and critical "race" theories; the effects of racial, sexual, and gender impersonation, passing, and masquerade on identity categories. Three lecture hours a week. Credit: Three hours.
WS 5263. Feminism and Religion. Women’s contributions to the formation and development of religious traditions with emphasis on Judaism, Christianity, and Islam; interconnections between religion, gender, sexuality, race, ethnicity, and culture; feminist critiques and transformations of religious traditions; relationships between spirituality and social change. Three lecture hours a week. Credit: Three hours.

WS 5283. Ecofeminist Theorizing, Spirituality, and Activism. Ecofeminist theorizing concerning interconnections between environmental degradation, sexism, racism, and globalization; spiritual dimensions of ecofeminism; and ecofeminist approaches to social change and environmental justice. Three seminar hours a week. Credit: Three hours.

WS 5293. Gloria Anzaldúa Seminar: Theories, Politics, and Transformation. Investigation of the theories and literature of Gloria E. Anzaldúa, focusing on her contributions to feminist theory, queer theory, poststructuralism, and other contemporary theoretical movements in the social sciences and the humanities. Examination of Anzaldúa’s impact on Women’s Studies, ethnic studies, and other academic disciplines. Three lecture hours a week. Credit: Three hours.

WS 5353. Feminist Pedagogies. Feminist philosophies of education and their significance to women’s studies; pedagogical strategies for developing critical consciousness about social inequalities; preparation for teaching undergraduate courses in women’s studies. Prerequisite: Three graduate credit hours in women's studies. Three lecture hours a week. Credit: Three hours.

WS 5363. Feminist/Womanist Epistemologies. Feminist, womanist, and indigenous engagements with Cartesian knowledge systems, focusing on recent developments in epistemology/ontology/metaphysics and their potential contributions to social-justice work; investigations of how social, geographical, historical, and bodily location(s) affect knowledge production, consumption, and transformation. Prerequisites: WS 5463 and three additional graduate credit hours in women’s studies, or permission of instructor. Three seminar hours a week. Credit: Three hours.

WS 5373. Black Feminist Thought. Examination of various strands of black feminist thought from the nineteenth century to the present. Distinct methodologies of black feminist theorists and how theories may be used for political and social transformation. Three seminar hours a week. Credit: Three hours.

WS 5383. Women At Work: Race, Migration, Labors. Investigation of impact of race, class, and gender politics on the migration and labor experiences of women. Examination of media representations of women workers and similarities and differences in work experiences among women from diverse cultural backgrounds. Three seminar hours a week. Credit: Three hours.

WS 5463. U.S. Women of Colors. Histories, theories, cultures, consciousness, and lives of U.S. women of colors from a variety of perspectives; issues related to conflict, agency, survival, resistance, intervention, and transformation. May be repeated for credit when topics vary. Three seminar hours a week. Credit: Three hours.

WS 5773. Qualitative Research Methods. Qualitative research philosophies including phenomenological, critical, and feminist perspectives. Research design, data collection, analysis, and writing. Strategies for studying women’s lives and developing culturally sensitive models. Responsible research and professional ethics including IRB process. Hands-on research. May be repeated for credit with permission of instructor. Three lecture hours a week. Credit: Three hours.

WS 5843. Feminist/Womanist Theories. Exploration of feminist/womanist critical inquiry, focusing on particular theoretical issues, historical writings, and/or disciplinary contexts within the diverse body of scholarship of feminist/womanist theories. May be repeated for credit when topics vary. Three seminar hours a week. Credit: Three hours.

WS 5853. Spiritual Activism: Social Justice Theories for Holistic Transformation. Exploration of issues related to spirituality, political activism, personal changes, and social transformation, focusing on multicultural approaches to social change. Investigates the roles of the imagination, creativity, and the arts in struggles for social justice. Examines indigenous contributions to holistic forms of activism. Prerequisites: WS 5463 and six additional hours of graduate credit in Women's Studies or permission of instructor. Three lecture hours a week. Credit: Three hours.

WS 5903. Special Topics. Seminars on topics related to womanist/feminist theories or current areas of inquiry in multicultural-women's studies. Three lecture hours a week. Credit: Three hours.

WS 5911. Independent Study. Individual study of topics in women's studies. May be repeated for credit. Prerequisite: Permission of instructor. Credit: One hour.

WS 5913. Independent Study. Individual study of topics in feminist theory, scholarship, or student's interests and needs. May be repeated for credit when topic varies. Credit: Three hours.

WS 5933. Internship in Women’s Studies. Supervised practical experience in an agency or organization related to the intellectual and career interests of students. Ten practicum hours a week. Credit: Three hours.

WS 6103. New Directions in Feminist/Womanist Theories. Recent controversies, significant research questions, and new directions in feminist/ womanist theorizing. Investigation of recent interventions in Women's Studies and feminist/womanist theories and theorizing. May be repeated for additional credit when content varies. Three seminar hours a week. Credit: Three hours.

WS 6203. Women's Studies Disciplinary/Interdisciplinary Knowledges. History of academic disciplines and knowledge production, the challenge of Women's Studies to conventional academic divisions, and the potential of Women's Studies to transform academic disciplines. Prerequisite: WS 5363 or instructor approval. Three seminar hours a week. Credit: Three hours.
**WS 6303. Transdisciplinary Feminist Research Methods.** Relational exploration of feminist, womanist, and multicultural research methods from a variety of disciplines including those in the social sciences and humanities, focusing especially on Women's Studies’ impact on research methods. Overview of research tools and techniques, including qualitative, quantitative, historical, and literary research methods. Three seminar hours a week. Credit: Three hours.

**WS 6403. The Politics of Publication and Writing.** Issues related to academic writing and publishing, especially focusing on the fields of Women's Studies and multicultural-feminist scholarship. Submission of at least one article to a peer-review journal and one abstract for a conference presentation. Three seminar hours a week. Credit: Three hours.

**WS 6501. Holistic Pedagogies Colloquium.** Explorations of holistic pedagogies, multicultural theory, and practical strategies for teaching Women's Studies courses, including face-to-face, hybrid, and exclusively online formats. Prerequisite: WS 5353 or instructor approval. May be repeated for credit. One lecture hour a week. Credit: One hour.

**WS 6601. Transdisciplinary Studies Colloquium.** Application of theories of intersectionality and difference to critical issues and research methods in diverse academic disciplines including those in the social sciences and humanities, with the goal of creating new knowledges. Similarities and difference among multidisciplinary, interdisciplinary, and transdisciplinary forms of scholarship and pedagogies. May be repeated for credit. One seminar hour a week. Credit: One hour.

**WS 6911. Independent Study.** Individual study of topics in womanist/feminist theory, scholarship, or student's interests and needs. Credit: One hour.

**WS 6912. Independent Study.** Individual study of topics in womanist/feminist theory, scholarship, or student's interests and needs. Credit: Two hours.

**WS 6913. Independent Study.** Individual study of topics in womanist/feminist theory, scholarship, or student's interests and needs. Credit: Three hours.

**WS 6983. Dissertation.** May be repeated for additional credit. Prerequisite: Successful completion of the qualifying examinations. Credit: Three hours.

**WS 6993. Dissertation.** May be repeated for additional credit. Prerequisite: WS 6983. Credit: Three hours.

**Faculty**

**Professors**
KEATING, ANALOUISE, Professor of Women's Studies. B.A., Wheaton College; M.A., University of Illinois at Chicago; Ph.D., University of Illinois at Chicago.

KESSLER, MARK, Professor of Women's Studies. B.A., University of Pittsburgh; M.A., Pennsylvania State University; Ph.D., Pennsylvania State University.

SAHLIN, CLAIRE L., Cornaro Professor of Women's Studies; Chair of the Department of Women’s Studies. B.A., Bethel College: St. Paul, Minnesota; M.T.S., Harvard Divinity School; M.A., Harvard University; Ph.D., Harvard University.

**Assistant Professors**
BEINS, AGATHA, Assistant Professor of Women's Studies. B.A., Carleton College; M.A., University of Arizona; M.F.A., Eastern Washington University; Ph.D., Rutgers University.

PHILLIPS, DANIELLE, Assistant Professor of Women's Studies. B.A., Spelman College; Ph.D., Rutgers University.

**Master of Arts in Women's Studies**

**Total Semester Credit Hours Required**
30 or 36 semester credit hours minimum beyond the baccalaureate depending on option selected with at least 18 semester credit hours in the field of Women’s Studies. See the M.A. program on the Women's Studies website (http://www.twu.edu/ws/ma-and-certificate-program.asp) for further information about guidelines and contact information.

**Thesis Option**
Minimum of 30 semester credit hours, including 24 semester credit hours of course work, 6 semester credit hours for thesis, and oral exam. WS 5773 is required for the thesis option.

**Course Work Option**
Minimum of 36 semester credit hours of course work and a comprehensive examination.

**Course Requirements for Both Options**

Doctor of Philosophy in Women's Studies

Total Semester Credit Hours Required

A minimum of 90 semester credit hours beyond the baccalaureate, including a minimum of 15 semester credit hours of guided electives and 12 semester credit hours for dissertation. The doctoral degree is flexible and individually-tailored in order to most effectively meet each student's research interests and career goals. In addition to a set of required program courses, each student will develop an individualized degree plan composed of guided electives in American Studies, Health Studies, Multicultural Studies, Rhetoric/English, or Sociology; research tools; a qualifying examination; a dissertation; and a dissertation defense. Students will select specific courses under the guidance of their graduate committee. See the Ph.D. program (http://www.twu.edu/ws/phd-program.asp) page on the Women's Studies website for further information about guidelines and contacts.

Guided Electives

To enhance the transdisciplinary nature of the Ph.D. in Women’s Studies and to assist students in developing additional sets of innovative knowledges and skills, each student, in consultation with the student’s graduate committee, will select a 15 semester credit hour concentration in one of the following interdisciplinary or disciplinary areas: American Studies, Health Studies, Multicultural Studies, Rhetoric/English, or Sociology. The specific courses selected should complement or enhance knowledge in the student’s anticipated area of research for the dissertation.

Qualifying Examination

A written qualifying examination portfolio will be submitted. The qualifying examination may be repeated once. Students are expected to submit their qualifying examination portfolio within one calendar year of completing the coursework.

Dissertation Defense

An oral defense of the dissertation is required.

Sample Program of Study for the Doctor of Philosophy Degree (minimum of 90 semester credit hours)

Summer coursework is optional. Plan assumes 30 semester credit hours of previous graduate coursework is applied from master's degree.

---

**Post-Baccalaureate Certificate in Women's Studies**

The Department of Women's Studies offers a post-baccalaureate Graduate Certificate, which provides opportunities to develop understanding of Women’s Studies scholarship, including diverse theories of knowledge, power, and social transformation. The Graduate Certificate program is open to students enrolled in any graduate degree program at Texas Woman’s University as well as to qualified individuals seeking only the Certificate. For students enrolled in graduate degree programs at TWU, the Certificate provides grounding in feminist research methods and approaches to traditional academic disciplines, while strengthening credentials for college-level teaching in Women’s Studies. For students enrolled only in the Certificate program, the Certificate complements professional work in community agencies and institutions that seek to enhance women’s lives and promote social justice.

**Admission Requirements for the Certificate Program**

Students already admitted to another graduate program at TWU should submit a letter requesting admission and a statement of purpose (500-700 words) describing the relationship of the Certificate to their intellectual and professional goals. These materials should be submitted to the Women's Studies Graduate Certificate Advisor.

TWU graduate students should consult the Chair or Graduate Advisor of their graduate program to determine whether the coursework taken for the Graduate Certificate in Women's Studies will apply toward their degree program. Also, students seeking admission to a TWU master's or doctoral program, in addition to the Graduate Certificate in Women’s Studies, must meet the entrance requirements of the degree program. Coursework taken as part of the certificate program may not be counted toward a graduate degree without approval of both the degree-granting department and the Graduate Dean.

Students entering TWU only for the Graduate Certificate in Women's Studies must apply for admission to the Graduate School (http://www.twu.edu/admissions/graduate.asp). In addition to the general requirements for admission to the Graduate School, the Department of Women’s Studies also requires a statement of purpose (500-700 words) describing the relationship of the Graduate Certificate to the student’s intellectual and professional goals. The statement of purpose should be submitted to the Women's Studies Graduate Certificate Advisor.

**Course Requirements for the Certificate Program (minimum of 18 semester credit hours)**

A minimum of 18 semester credit hours of coursework at the 5000-level or above, completed with an average grade of B or better and selected in consultation with the Women’s Studies Graduate Certificate Advisor.

**At least 9 semester credit hours must be selected from the following:**

At least 3-9 semester credit hours must be selected from the following:

Any remaining semester credit hours must be selected in consultation with the Women’s Studies Graduate Certificate Advisor. These electives must be related to Women’s Studies at the 5000-level or above. All coursework must be taken from offerings in women's studies. For more information and contacts, go to the Graduate Certificate (http://www.twu.edu/ws/graduate-certificate.asp) page on the Women's Studies website.

Graduate Degrees Offered

- Executive Master of Business Administration (M.B.A.) (p. 139)
- Master of Business Administration with Accounting Emphasis (M.B.A.) (p. 139)
- Master of Health Systems Management (M.H.S.M.) (p. 140)
- Dual Degree: Executive M.B.A. and M.H.S.M. (p. 141)

The primary objectives of the graduate degree programs offered in the School of Management (SOM) are to produce intellectually well-developed graduates capable of responding to the changing needs of business, industry, health care, government, and education. The School of Management recognizes the worth of every graduate student in the University and strives to provide all students with learning opportunities that will assist them in discovering, using, and developing optimally their individual skills, perspectives, and knowledge. A wide selection of course offerings permits the student to gain a comprehensive view of the fields of business and economics.

Executive M.B.A. and the M.B.A. (with Accounting emphasis) Programs

The Executive M.B.A. program and the M.B.A. (with Accounting emphasis) program are two separate academic programs by which a student may earn the degree – Master of Business Administration. The Executive M.B.A. program is designed to provide a broad foundation in business and economics for individuals interested in a variety of managerial and/or leadership positions.

Courses in the Executive M.B.A. program are offered in a variety of formats (primarily online or hybrid) in a number of locations (currently Denton, Alliance, Plano, Dallas, and Houston). Courses may be offered for an entire semester or for a designated shorter period within a semester (e.g., 5 weeks). Most face-to-face meetings for hybrid courses are scheduled on Saturdays. When there are group online class sessions for an online class, such sessions usually convene on a designated weeknight. There are a few elective courses which are offered in a face-to-face format which meet in Denton.

M.B.A. (with Accounting emphasis)

The M.B.A. (with Accounting emphasis) is designed for students wanting to continue their education in accounting, often in preparation for the CPA exam. While a bachelor’s degree in Accounting is not required to enter this program, students must have completed the prerequisite course requirements (p. 139). Many of the TWU graduate Accounting courses are offered in the full semester, online format. Many of the courses also hold regularly scheduled online sessions with faculty. Business courses that comprise the non-Accounting portion of this program are drawn from the E.M.B.A. course offerings.

Master of Health System Management (M.H.S.M.)

The Master of Health System Management (M.H.S.M.) is designed to prepare future executives to assume responsible positions in health care organizations and meet the needs of the working professional. Courses in the M.H.S.M. program are offered in a variety of formats. M.H.S.M. course meetings are always held at the TWU Dallas campus, usually in the evening. E.M.B.A. courses that are a part of the M.H.S.M. program are offered as described in the E.M.B.A. section above.

Dual Degree: Executive M.B.A. and M.H.S.M.

The Executive M.B.A./M.H.S.M. dual degree is designed to combine study of both general business and the business of health services. Graduates will be required to complete 57 credit hours and will receive both degrees. The strength of the dual degree lies in the fact that it applies the theoretical concepts of business administration to the management of health care organizations.

Admissions
Admission Requirements

Please see the TWU Graduate School admissions requirements section (p. 52) at the beginning of this catalog. In addition to these requirements, the minimum standard for unconditional admission is:

- A GPA of at least 3.0 for the last 60 hours of undergraduate coursework. For applicants who have completed post-baccalaureate or graduate coursework, a GPA of at least 3.0 for such coursework is also required. Applicants with a GPA of at least 2.75 may be considered for provisional admission.
- Individuals applying to dual-degree programs must apply and be accepted to each program (both Executive M.B.A. and M.H.S.M.)
- Prerequisite coursework will be required of a particular student based on the desired course of study and their previous academic and/or professional record.
- Students are expected to be proficient in the Microsoft Office suite of products (Word, PowerPoint, Excel, and Access), and in the use of Internet browsers, prior to commencing studies. For students that need to enhance their proficiency in any of these areas, free tutorials are available at Lynda.com.
- Applicants to a School of Management (SOM) Graduate Degree program must submit two letters of reference and a resume directly to the SOM before their applications will be reviewed by the SOM.

School of Management
P.O. Box 425738
Denton, TX 76204-5738

- Applicants may also be asked to participate in a brief interview.

Full time enrollment for graduate students is nine semester credit hours. It is advised that students not enroll in more than nine semester credit hours. This is especially true for working professionals.

Certificates

Graduate Certificate in Accounting

- Certificate in Accounting (p. 141)

Minors

Minors Offered to Students from Other Departments

Master’s level requirements established by student’s committee in consultation with the School of Management.

Courses

Business Courses

BUS 5013. Foundations in Business. Demonstration and application of the functional areas of the business environment with specific emphasis on marketing, management, business ethics, and the global dimensions of business. Three lecture hours a week. Credit: Three hours.

BUS 5133. Marketing Management. Application of analytical concepts and principles to marketing strategy. Application of marketing concepts such as target marketing, positioning, customer satisfaction, product development, pricing, distribution, and promotion to cases and contemporary issues from a manager’s point of view. Three lecture hours a week. Credit: Three hours.

BUS 5203. Accounting Information Systems II - Modeling. Computer programs to create simple-to-sophisticated financial models for use in business problem solving and decision making. Prerequisite or co-requisite: BUS 4173 or BUS 5433. Three lecture hours a week. Credit: Three hours.

BUS 5243. Administrative Managerial Finance. Analysis of the financial administration of sole proprietorships, corporations, government agencies, and non-profit organizations; short- and long-range financial planning; cash management; capital budgeting; social responsibilities. Three lecture hours a week. Credit: Three hours.

BUS 5273. Human Resource Administration. Human resource programming, job requirements, sources of labor supply, selection procedures, training programs, job evaluation, salary administration, employee communication, union-management relations. Three lecture hours a week. Credit: Three hours.

BUS 5423. Advanced Auditing. An advanced study of auditor’s attest function with emphasis on recent developments using practice cases. Topics include: risk assessment, fraud, SEC, and Sarbanes-Oxley. Three lecture hours a week. Credit: Three hours.

BUS 5433. Managerial Accounting. Use of accounting information in decision-making; statement of changes in financial position; budgets, responsibility accounting, and quantitative techniques. Three lecture hours a week. Credit: Three hours.
BUS 5453. Business Leadership. Study of the dynamics of leadership of small groups to large organizations. The application of leadership theory is stressed for both profit and not-for-profit environments. Three lecture hours a week. Credit: Three hours.

BUS 5473. Financial Statement Analysis. In-depth discussion and practice in use of standard tools and methods for the analysis of financial statements. Prerequisite: BUS 3103 or BUS 5433. Three lecture hours a week. Credit: Three hours.

BUS 5483. Accounting for Management Control. Advanced topics in management accounting, such as budgeting, pricing decisions, indirect cost allocations, customer profitability, quality costs, just-in-time and virtual inventory systems, balance scorecard, environmental costing, capacity measurement, benchmarking practices, and performance measurement and compensation. Prerequisite: BUS 3103 or BUS 5433. Three lecture hours a week. Credit: Three hours.

BUS 5493. Accounting Theory. Financial accounting topics related to partnership accounting and consolidations; advanced topics covered on the CPA exam are also covered. Prerequisites: BUS 3023 and BUS 3043. Three lecture hours a week. Credit: Three hours.

BUS 5503. International Business and Economic Study Tour. Directed international Business and Economic Study tour; examination of major trends in a selected foreign country's economic, cultural, and business structures. May be repeated. Three lecture hours a week. Credit: Three hours.

BUS 5513. International Accounting. International accounting principles, reporting and practices in economic development, and changes with FASB and IASB. Prerequisites: BUS 2043 and BUS 2053, or BUS 5433. Three lecture hours a week. Credit: Three hours.

BUS 5523. Management and Organization. Study of the management and administrative roles in business organizations, including hospitals, schools, and government. Principles of management and specific concepts about organizations including behavior, motivation, status, group dynamics, leadership, information decision systems, organizational structure, managerial planning and control. Three lecture hours a week. Credit: Three hours.

BUS 5533. Conflict Resolution. Application of principles and technical tools to solve human resource problems as found in employment, employee education and training, and labor relations. Three lecture hours a week. Credit: Three hours.

BUS 5563. Accounting Ethics. Discussion of ethical theory, analysis of social and professional issues such as ethical decision making, independence, integrity, objectivity, core values and ethical dilemmas from the point of view of a professional accountant. Approved by the Texas State Board of Public Accountancy in sitting for the Uniform CPA Exam. Three lecture hours a week. Credit: Three hours.

BUS 5583. Accounting Regulation. Advanced study of Individual, Corporate and Partnership taxation based on review of appropriate laws, regulations and administrative guidance: Includes use of cases and research tools. Three lecture hours a week. Credit: Three hours.

BUS 5663. Managerial Decision Making. Advanced topics in statistical inference relating to decision-making and research in business and economics; probability theory, tests of hypotheses, sampling and experimental design, multiple correlation and non-parametric statistical methods. Three lecture hours a week. Credit: Three hours.

BUS 5713. Consumer Ethics. Ethical behaviors crucial to personal and corporate success; the historical concepts of a consumer-based culture; codes of ethics; theoretical models and managerial behaviors as the foundation to investigate ethics and social responsibility. Three lecture hours a week. Credit: Three hours.

BUS 5743. Project Management. Tools and techniques of project selection and management as defined by the Project Management Institute, including network diagrams, critical path analysis, critical chain scheduling, cost estimates, earned value management, and completion of team project management software required. Three lecture hours a week. Credit: Three hours.

BUS 5763. Strategic Information Systems. Foundation, structure, development, and implementation of information systems; management and control of corporate information systems; decision-support systems and expert systems; information technology economics; global information systems and knowledge management. Three lecture hours a week. Credit: Three hours.

BUS 5893. Applied Business Environment. The last class in the program designed to bring a strategic and integrative perspective. Group work on strategic initiatives for proposed or actual companies. Three lecture hours a week. Credit: Three hours.

BUS 5903. Special Topics. Variable content. Three lecture hours a week. Credit: Three hours.

BUS 5913. Independent Study. Individual study of specific problems in business. Prerequisite: Permission of instructor. Credit: Three hours.

BUS 5923. Global Business. Similarities and differences in business practices and management styles of global firms across a variety of industries; strategies employed to gain competitive advantage in international markets in the context of NAFTA; impact of history, culture, and current political environment on the global economy. Three lecture hours a week. Credit: Three hours.

BUS 5933. Business Ethics and Legal Environment. A critical examination/evaluation and discussion of ethical alternatives with respect to decision-making and action in business and managerial practice. Examines contemporary cases involving personal, social, and legal issues as well as theoretical and empirical foundations in the classical system of ethics. Three lecture hours a week. Credit: Three hours.

BUS 5953. Cooperative Education. Cooperative work-study arrangement between business, industry, or selected institutions with the University. Preplanning and evaluation will involve 10% of the laboratory hours per week. Maximum enrollment is twelve hours. Nine practicum hours a week. Credit: Three hours.

BUS 5956. Cooperative Education. Cooperative work-study arrangement between business, industry, or selected institutions with the University. Preplanning and evaluation will involve 10% of the laboratory hours per week. Maximum enrollment is twelve hours. Eighteen practicum hours a week. Credit: Six hours.
**Health Systems Management Courses**

**HSM 5003. Management of Health Services Organizations.** Introduction to the theories, concepts, techniques, functions, and methods of management as they relate to health services organizations generally, with specific emphasis on hospitals. Three lecture hours a week. Credit: Three hours.

**HSM 5033. Health Services Human Resource Management.** Techniques for effective management of human resources in health services organizations. The theories of organizational behavior are explored in relation to the functions and principles of human resource management including: planning, staffing, appraising, compensating, and developing employees. Relevant employment and labor relations law relating to health care organizations. Prerequisite: HSM 5003 or permission of instructor. Three lecture hours a week. Credit: Three hours.

**HSM 5043. Legal Foundations of Health Systems Management.** Introduction to law as it affects the health delivery system with emphasis on both the theoretical and practical determinants of legal decision making. An examination of the American legal system, its principles and processes, as well as how the law regulates issues related to control of costs through regulation and antitrust laws, and respect for "personhood" in the context of the professional-patient and organization-professional relationship. The dynamics between law and ethics are explored. Prerequisite: HSM 5003 or permission of instructor. Three lecture hours a week. Credit: Three hours.

**HSM 5053. Quantitative Methods in Health Systems Management.** Fundamental principles of probability theory, statistical inference, linear regression, and management science applied to the analysis of management problems in health care administration. Applications include forecasting methods, deterministic and stochastic approaches to modeling systems behavior, and simulation methods. Three lecture hours a week. Credit: Three hours.

**HSM 5063. Financial Management for Health Systems Management.** Examination of the theory and practice of health care financial management and decision making methods. Emphasis is placed on the role of the finance function in measuring, evaluating, and controlling an organization's performance. Topics include financial statement analysis; cash and working capital management; corporate planning, budgeting, and control systems; third-party reimbursement systems; discounted cash flow analysis; and capital investment decision analysis. Prerequisites: HSM 5053 and BUS 5433. Three lecture hours a week. Credit: Three hours.

**HSM 5083. Analysis and Management of Health in Populations.** Application of concepts and analytical methods from epidemiology, demography, and statistics to managerial problems that arise in the health care environment. Emphasis on the use of population-based data to develop realistic policy recommendations and to support decision making in health care organizations. Prerequisite: HSM 5053. Three lecture hours a week. Credit: Three hours.

**HSM 5163. Long-Term Care Administration.** Organization and management of nursing homes, personal and residential care facilities, and institutions for other populations requiring long-term care. State and federal licensing and operating requirements, administrative functions, funding sources, and operational controls. Prerequisite: Completion of twelve semester hours of HSM courses or permission of instructor. Three lecture hours a week. Credit: Three hours.

**HSM 5263. Advanced Financial Management for Health Systems Management.** Examination of the foundations of health care financial management decisions through a combination of case analysis and readings from the literature of health care finance. Emphasis is placed on understanding the role of risk in the financial decision-making process and on integrating the theory of financial decisions with practical problems in health care finance. Topics include: capital markets and the risk-return relation, estimating the cost of capital, valuation models, capital structure decisions, and agency relationships. Three lecture hours a week. Credit: Three hours.

**HSM 5903. Special Topics.** Group study of selected topics in Health Systems Management. Prerequisite: Completion of all required/core courses. Three lecture hours a week. Credit: Three hours.

**HSM 5913. Independent Study.** Individual study of selected topics. Credit: Three hours.
HSM 5933. Capstone Seminar in Health Systems Management. An integrative course which emphasizes application of skills and knowledge acquired in the HSM curriculum. Health care management problems are solved using case studies, role playing, and simulation. Prerequisite: Completion of all required HSM courses. Three lecture hours a week. Credit: Three hours.

HSM 5935. Residency in Health Systems Management I. Field experience in a health care organization under the supervision of selected health care administrator and faculty. Project assignments are undertaken to integrate and apply administrative skills to practical problems. Prerequisites: Completion of all core/required courses and approval of faculty advisors. Twenty practicum hours a week. Credit: Five hours.

HSM 5945. Residency in Health Systems Management II. Field experience in a health care organization under the supervision of a selected health care administrator and faculty. Project assignments are undertaken to integrate and apply administrative skills to practical problems. May be taken concurrently with HSM 5935. Prerequisites: Completion of all core/required courses and approval of faculty advisor. Twenty practicum hours a week. Credit: Five hours.

HSM 5956. Cooperative Education. Cooperative work-study arrangements between the University and selected institutions appropriate to the Health Systems Management program. Job assignments are made on the basis of student interests, skills, and degree program. The student will apply the ideas and processes learned in other courses in practical experience under cooperative supervision. Cooperative planning and evaluation are essential elements in the course. Available only to students employed in a management position in a health care setting. 30-40 hours of work a week. Credit: Six hours.

HSM 5973. Professional Paper. Independent research leading to the production of a written document of scholarly quality. May be repeated for credit. Prerequisite: Permission of faculty advisor. Credit: Three hours.

Faculty

Professors

DRISCOLL, PATRICIA T., Professor of Health Systems Management. B.S.N., Incarnate Word; M.S., Texas Woman's University; J.D., Southern Methodist University.

RYLANDER, DAVID H., Professor of Business and Economics. B.S., Trinity University; M.B.A., Texas A&M University; Ph.D., University of North Texas.

STANKEY, MICHAEL J., Professor of Business and Economics; Associate Provost for Institutional Improvement.. B.S., Purdue University; M.S., University of Illinois: Urbana-Champaign; Ph.D., University of Illinois: Urbana-Champaign.

YOUNG, MARGARET, Professor of Business and Economics; Director of the School of Management. B.B.A., University of Texas at El Paso; M.S., New Mexico State University; Ph.D., New Mexico State University.

Associate Professors

BAKER, PAMELA E., Associate Professor of Business and Economics. B.A., Hendrix College; M.S., University of Houston, Clear Lake; Ph.D., University of North Texas.

MAURER, ROBERT T., Associate Professor of Health Systems Management; Program Director of Health Systems Management : Dallas. B.A., University of Virginia; M.S., Texas Tech University; M.B.A., University of Texas at Austin; Ph.D., University of Texas at Dallas.

NUGENT, JOHN H., Associate Professor of Accounting. B.A., Columbia University; M.B.A., Southeastern University, Washington, DC; D.B.A., Business School Lausanne, Switzerland.

RAISINGHANI, MAHESH, Associate Professor of Business and Economics. B.Comm., Osmania University, India; M.S., University of Texas at Arlington; M.B.A., University of Central Oklahoma; Ph.D., University of Texas at Arlington.

RAMAN, PUSHKALA, Associate Professor of Business and Economics. B.Sc., University of Madras; M.B.A., Indian Institute of Management; Ph.D., Texas A&M University.

TENGESDAL, MARK O., Associate Professor of Business and Economics. B.A., Pacific Lutheran University; M.A., University of California, Riverside; Ph.D., University of California, Riverside.

WEBB, KERRY S., Associate Professor of Business and Economics. B.A., East Texas Baptist University; M.A., Southwestern Seminary; Ph.D., University of North Texas.

Assistant Professors

BARUA, MARIA E., Assistant Professor of Business and Economics. B.B.A., University of Texas, El Paso; M.B.A., University of Texas, El Paso; Ph.D., University of Texas at El Paso.

CREWS, DEREK, Assistant Professor of Management. B.B.A., University of North Texas; M.B.A., University of North Texas; Ed.D., Nova Southeastern University.
HARRIS, CHRISTOPHER M., Assistant Professor of Business and Economics. B.B.A., Belmont University; M.B.A., University of Nebraska, Omaha; Ph.D., University of Texas at Arlington.

HORN, DEWAYNNA R., Assistant Professor of Business and Economics. B.S., Belhaven College; M.B.A., Millsaps College; Ph.D., Jackson State University.

RADIGHIERI, JEFFREY, Assistant Professor of Business and Economics. B.B.A., Texas A&M University; M.B.A., University of Montana; Ph.D., Washington State University at Pullman.

RUSS, MOLLY, Assistant Professor of Business and Economics. B.A., University of North Texas; M.A., Louisiana State University; Ph.D., Louisiana State University.

WEREMA, GILBERT J., Assistant Professor of Business and Economics. B.B.A., University of Eastern Africa, Kenya; M.B.A., Alabama A&M University; M.S., Alabama A&M University; Ph.D., University of Georgia.

ZOU, LIN, Assistant Professor of Finance. B.S., Nanjing University; M.A., Shanghai University of Finance and Economics; M.S., University of Texas at Dallas; Ph.D. (Acct.), Ph.D. (Finance), University of Texas at Dallas.

**Lecturer**

POMELNIKOV, ALEXEY G., Visiting Lecturer I of Business and Economics. B.B.A., University of Texas System: Arlington; M.B.A., University of Dallas; M.S., Ivanovo State Power University; Ph.D., Ivanovo State Power University.

**Visiting Lecturers**

CARFAGNO, LOUIS F., Visiting Lecturer I of Business and Economics. B.S., Embry-Riddle Aeronautical University; M.S., Embry-Riddle Aeronautical University; Doctorate of Management, University of Phoenix.

MIMS, TINA C., Visiting Lecturer I of Business and Economics. B.B.A., University of Texas at Arlington; M.B.A., Webster University; Ph.D., University of North Texas.
Executive Master of Business Administration (M.B.A.)

Semester Credit Hours Required
36 Semester credit hours required.

Executive Master of Business Administration Program of Study (36 semester credit hours)

Courses may be taken in any sequence, with 3 exceptions:

1. It is recommended that students complete BUS 5433 prior to enrollment in BUS 5243,
2. All required core classes should be completed prior to taking Capstone, and
3. Enrollment in BUS 5893 should occur in the last semester of the program

Since BUS 5893 is the Capstone course for the program, students will be required to integrate the knowledge and skills gained in all of the other required courses. A student may elect to enroll in electives in the same semester as BUS 5893, but that is not recommended.

Total Semester Credit Hours 36

Master of Business Administration with Accounting Emphasis (M.B.A.)

Semester Credit Hours Required
36 semester credit hours.

33 semester credit hours for students with a B.B.A. from TWU.

Prerequisites

While a student pursuing this program does not need to have completed an undergraduate degree in Accounting, it is expected that the following TWU courses (or their equivalent) will have been satisfactorily completed prior to enrollment in the graduate Accounting courses required in this program: BUS 2043, BUS 2053, BUS 3023, BUS 3043, BUS 3063, BUS 4163, and BUS 4423.
Program of Study

Courses may be taken in any sequence, with the exception of BUS 5893 and BUS 5493. BUS 5893 is the capstone course in the program and enrollment should occur in the last semester of the program. Students will be required to integrate the knowledge and skills gained in all of the other required courses. A student may choose to enroll in electives in the same semester as BUS 5893, but this is not recommended. BUS 5493 is the Capstone course for the Accounting program. As such, it should be taken in the final semester of the program. At least four of the other required Accounting courses should be successfully completed before the start of BUS 5493.

School of the Arts

Web Site: http://www.twu.edu/arts

Co-Coordinators:

Mary Williford-Shade, Professor  
Location: DGL 206A  
Phone: 940-898-2086  
Fax: 940-898-2098

Pamela Youngblood, Professor  
Location: MUSIC 114  
Phone: 940-898-2500  
Fax: 940-898-2494

Graduate Degrees Offered

- M.A., M.F.A., and Ph.D. in Dance
- M.A. in Drama
- M.A. in Music (with emphasis in Music Therapy, Music Education, Music Pedagogy, and Music Performance)
- M.A. in Art (with concentration in Art Education, Art History, Ceramics, Graphic Design, Painting, Photography, and Sculpture)
- M.F.A. in Art (with concentration in Ceramics, Painting, Photography, and Sculpture)

The M.F.A. in Art degree is granted through the Federation of North Texas Area Universities.

The Department of Dance and the Department of Music are institutional members of their respective arts accrediting agencies. See department sections for information.

The School of the Arts brings together the Departments of Dance, Music and Drama, and Visual Arts. The School is a community of artists, educators, therapists, and scholars, and serves a diverse student population, especially women, within a liberal arts context.

Interdisciplinary artistic engagement is integral to the School of the Arts. Student and faculty creative involvement is encouraged, across traditional and new media, in a spirit of innovative and inventive collaboration. The faculty and students in dance, drama, music and visual arts come together to share in performing arts productions, concerts, exhibitions and cross-disciplinary projects and programs. The School is committed to promoting understanding and appreciation of the power of the arts to reflect and influence society and to make a difference in the lives of the people they serve.

Performing and exhibiting facilities include the 1150-seat Margo Jones Performance Hall; the 110-seat Redbud Theatre; Eberly Recital Hall; studio performance spaces in the Dance building and Pioneer Hall; and two professional quality galleries in the Fine Arts Buildings.

Students may major in any one of the departments with degree programs leading to the Master of Arts, Master of Fine Arts and, in Dance, the Doctor of Philosophy degree. Teacher certification programs are offered in dance, music, and visual arts.

Department statements, admissions requirements, degree programs, and course listings for each individual Department are located in the department sections of this catalog and on the department homepages.

For more information please see the School of Arts website (http://www.twu.edu/arts).
Graduate Degrees Offered

- M.A. in Dance (p. 146)
- M.F.A. in Dance (p. 147)
- M.A.T. (emphasis in dance) (p. 148)
- Ph.D. in Dance (p. 149)

The graduate degree programs in dance are designed to prepare liberally-educated dance professionals for leadership opportunities as artists, educators, and scholars. Emphasizing the intersection of experiential and theoretical learning, the focus is on in-depth and rigorous study of dance in a variety of artistic and cultural contexts. Consistent with the values of a liberal arts education and aesthetic inquiry in both art making and research and writing, the course work seeks to develop competency and creativity in various modes of communication including kinesthetic, written, verbal, and visual. Appropriate to the particular degree program, students develop innovative methodological and pedagogical strategies relative to their areas of dance making and research interests.

The Master of Arts in Dance degree program develops a broad knowledge of the discipline and is concerned with the intersections of theory and practice in the context of artistic, cultural, and educational praxis in dance. Students interested in educational and arts leadership may elect to address issues related to the role and significance of dance in education, the place of dance in society, and the development of personal pedagogical philosophies. Students interested in research and writing may choose to emphasize course work designed to develop the knowledge and research skills necessary to undertake independent research in specialized areas of interest.

The Master of Fine Arts in Dance program provides students with opportunities to acquire and develop the skills and knowledge necessary to participate significantly in the field of contemporary dance. Through the development, implementation, and expansion of individual artistic vision and goals, the program prepares students to excel in critical engagement while exploring innovative formats, venues, and creative processes as a choreographer, performer, researcher/writer, and arts leader. The M.F.A. program is a 3-year program of study focused on developing an understanding of contemporary dance practices that values individual somatic engagement and diverse approaches to implementing artistic visions in shifting professional landscapes, including the ability to use and adapt a variety of technologies in ways that will expand notions of where and how to reach dance audiences.

The Doctor of Philosophy in Dance program is a low-residency cohort program designed for established professionals in the field of dance who are ready to pursue a broadly articulated research agenda. Focusing on theorizing artistic practice, the coursework provides a challenging research-intensive program of study examining and questioning the nature of dance praxis in philosophical, cultural, and historical contexts. Emphasizing an array of mixed research methodologies, the program is designed to prepare doctoral candidates to engage in independent research that will lead to contributions of new knowledge to the field of dance. Students are accepted to the Ph.D. program every other year to begin study in the summers of even years. On-campus residencies consist of summer intensives, as well as one-week campus visits during the Fall and Spring semesters. Students will be continually engaged in their coursework throughout each semester and will work closely with faculty and their doctoral colleagues in the program. The residential intensives, interwoven with web-based interactions, will facilitate scholarly discourse intended to connect the exploration of artistic practice and pedagogy with students’ professional and research interests.

Texas Woman’s University Department of Dance is an accredited institutional member of the National Association of Schools of Dance.

Admissions

Admission Requirements

Please see the admission's section (p. 52) in this catalog. In addition to these general requirements, specific application procedures, detailed programs of study, and relevant Department of Dance policies and procedures for each of the degree programs are available in the Dance Department Office or website (http://www.twu.edu/dance).

Minors
Minors Offered to Students from Other Departments

The requirements for a minor in dance at the master’s level and doctoral level are determined in consultation with the student’s advisory committee and a member of the graduate faculty in dance. A minor for a master’s degree requires a minimum of 6 semester credit hours and a minor for a doctoral degree requires a minimum of 12 semester credit hours.

Courses

DNCE 5023. Methods of Research in Dance. The role and tools of research in dance. Types of strategies and investigative techniques with focus on qualitative research. Three lecture hours a week. Credit: Three hours.

DNCE 5101. Dance Performance/Choreography. Participation in the choreographic, performance, and/or production aspects of dance concerts. May be repeated once for additional credit. Prerequisite: Dance major or permission of instructor. Four studio hours a week. Credit: One hour.

DNCE 5211. Workshop in Dance. Enrichment experiences in dance with distinguished guest artists: technique, performance, or choreography. May be repeated for additional credit. Credit: One hour.

DNCE 5222. Workshop in Dance. Enrichment experiences in dance with distinguished guest artists: technique, performance, or choreography. May be repeated for additional credit. Credit: Two hours.

DNCE 5223. Historical and Cultural Study of Dance. Role of mimesis, spirituality, rebellion, and creativity in dance performance and choreography within specific historical periods and cultures and the relationship to the artistic practice of contemporary dance artists. Three lecture hours a week. Credit: Three hours.

DNCE 5233. Workshop in Dance. Enrichment experiences in dance with distinguished guest artists: technique, performance, or choreography. May be repeated for additional credit. Credit: Three hours.

DNCE 5243. Pedagogical Foundations for Dance. Analysis of dance genres and application of learning theories and teaching models to dance technique. Examination of concepts related to the development of the technically proficient and artistically expressive dancer. Three lecture hours a week. Credit: Three hours.

DNCE 5253. Artistic Process. Aesthetic and theoretical issues related to the nature of art making in dance and educating the dance artist: emphasis on the person, process, and product. Prerequisite: Permission of instructor. Three lecture hours a week. Credit: Three hours.

DNCE 5281. Advanced Ballet Technique I. Advanced technique class in ballet. May be repeated once for additional credit. Prerequisite: Permission of instructor. Three studio hours a week. Credit: One hour.

DNCE 5291. Advanced Ballet Technique II. Advanced technique class in ballet continuing from Advanced Ballet I. May be repeated once for additional credit. Prerequisite: Permission of instructor. Three studio hours a week. Credit: One hour.

DNCE 5301. Techniques in Contemporary Dance I. Advanced technique in modern dance. May be repeated once for additional credit. Prerequisite: Permission of instructor. Four and one-half studio hours a week. Credit: One hour.

DNCE 5311. Techniques in Contemporary Dance II. Advanced technique in modern dance continuing from DNCE 5301. May be repeated once for additional credit. Prerequisite: Permission of instructor. Four and one-half studio hours a week. Credit: One hour.

DNCE 5433. Contemporary Contexts of Dance. Current aesthetics in dance from a theoretical perspective and the philosophical, artistic, pedagogical, and cultural contexts in which dance as an art form finds meaning. Prerequisite: Permission of instructor. Three lecture hours a week. Credit: Three hours.

DNCE 5903. Special Topics. Specially scheduled course on topic of current interest. May be repeated for additional credit. Lecture, or lecture and laboratory. Credit: Three hours.

DNCE 5911. Independent Study. Individual research leading to the solution of a problem of professional interest and significance. May be repeated for additional credit. Credit: One hour.

DNCE 5913. Independent Study. Individual research leading to the solution of a problem of professional interest and significance. May be repeated for additional credit. Credit: Three hours.

DNCE 5933. Internship. Supervised practical experience in an agency or organization related to the intellectual and career interests of students. Ten practicum hours a week. Credit: Three hours.

DNCE 5973. Professional Paper. Research and preparation of a scholarly paper on a topic of interest and value to the student. May be repeated, but only three hours may apply on degree. Credit: Three hours.

DNCE 5983. Thesis. Prerequisite: DNCE 5023. Credit: Three hours.

DNCE 5993. Thesis. Prerequisite: DNCE 5983. Credit: Three hours.

DNCE 6023. Critical Analysis of Professional Literature. A thorough study and critical analysis of the literature in the student's major and/or minor areas of specialization; emphasis on theory analysis and theory development. May be repeated for additional credit. Three lecture hours a week. Credit: Three hours.
DNCE 6113. Seminar. Informal, small group study of special problems or current issues in dance. May be repeated for additional credit. Three seminar hours a week. Credit: Three hours.

DNCE 6213. Current Issues in Historical Inquiry in Dance. How dance practice over time and across cultures has shaped the presentation of dance in contemporary society; the role of movement appropriation, dance reconstruction, and current theories of performance and gender. Prerequisite: Doctoral standing or permission of instructor. Three lecture hours a week. Credit: Three hours.

DNCE 6323. Philosophical Inquiry in Dance. Aesthetic inquiry as a process for examining ontological and epistemological issues in dance with a focus on metaphoric process, hermeneutics, critical theory, and the presence of physicality in philosophical writing. Prerequisite: Doctoral standing or permission of instructor. Three lecture hours a week. Credit: Three hours.

DNCE 6911. Independent Study. Individual research leading to the solution of a problem of professional interest and significance. May be repeated for additional credit. Prerequisite: DNCE 5023. Credit: One hour.

DNCE 6913. Independent Study. Individual research leading to the solution of a problem of professional interest and significance. May be repeated for additional credit. Prerequisite: DNCE 5023. Credit: Three hours.

DNCE 6983. Dissertation. Prerequisite: Successful completion of the Qualifying Examinations. Credit: Three hours.

DNCE 6993. Dissertation. Prerequisite: DNCE 6983. Credit: Three hours.

Master of Fine Arts in Dance

Total Semester Credit Hours Required

63 semester credit hours, including choreography/performance culminating project and professional paper. The M.F.A. is a three-year course of study.

Special Requirements

Continuation in the program is contingent upon successful completion of the first year review.

Comprehensive Final Examination

Oral examination encompassing academic and artistic aspects of the program. May be repeated once at discretion of the committee.

Special Requirements for all Master's Degrees

Students are required to maintain a grade point average of 3.0 or better in all courses applied to the degree. A grade of 'C' or below in any course will not count toward the Master of Arts or Master of Fine Arts degree.

Master of Arts in Teaching (emphasis in Dance)

The M.A.T. is designed as a minimum 32 semester credit hour program.

The M.A.T. (emphasis in Dance) is a degree offered by COPE in collaboration with the Department of Dance. All post-baccalaureate and graduate students seeking certification must comply with admission standards required by the major department and the College of Professional Education. A student in the M.A.T. program will take 9 Dance semester credit hours of their choosing (after advising from the Dance Education Program Director.) The remaining credits are determined and administered by COPE and are as follows:

Master of Arts in Teaching (M.A.T.) Program of Study (32 or 38 minimum semester credit hours)

**Academic Specialization (9 SCH)**

This is coursework in the field of study. Students will take the Texas Exam of Educator Standards (TExES) in their field of study before or during their first semester in the program.

**Field-Based Experience (6-12 SCH)**

A full-time, one-semester unpaid professional practicum in a school setting. (All coursework must be completed before beginning student teaching.)

OR
A full-time, two-semester internship (6 semester credit hours) in a school setting in which the student is employed and paid as the teacher of record. (This option requires that 12 semester credit hours of pedagogy courses must be completed.)

**Professional Portfolio and Final Assessment (1 SCH)**

Each student will maintain a professional portfolio throughout her or his program. The completed portfolio must be submitted for evaluation prior to graduation.

### Doctor of Philosophy in Dance

#### Total Semester Credit Hours Required

90 semester credit hours, including master’s degree credits, research tools, and 12 semester credit hours for dissertation.

Work leading to the Ph.D. in Dance requires the completion of at least 90 graduate semester credit hours beyond the bachelor’s degree. It is possible to transfer up to 36 credit hours from work leading to the master’s degree or graduate courses taken at another accredited institution. Please note that any transfer hours not part of a completed master’s degree are subject to the Graduate School’s 10-year time limit. Hours that are part of a completed master’s degree are not subject to the 10-year time limit and may be used toward the 90 hours required for the doctoral degree. In consultation with the Advisory Committee, a student may elect to take graduate courses at another institution and transfer those hours to TWU.

#### Doctor of Philosophy in Dance Program of Study (90 semester credit hours)

The required course work listed below includes 12 semester credit hours of research tools. The total required semester credit hours for coursework is 54 with 12 optional semester credit hours of Individual Studies, assuming 36 hours of master’s level course work.

Semester Credit Hours  9

Summer 3
DNCE 6023 (Research Colloquium)  Critical Analysis of Professional Literature  3

Semester Credit Hours  3

Total Semester Credit Hours:  54

Research Tools
The following required courses fulfill the research tool requirement (12 Semester Credit Hours):

DNCE 6113  Seminar (Movement Analysis, Description and Theory Generation)  3
DNCE 6113  Seminar (Scholarly Inquiry in Dance)  3
DNCE 6113  Seminar (Research Methodologies)  3
DNCE 6023  Critical Analysis of Professional Literature (Theory Analysis and Theory Development Research)  3

Residence Requirement
The low-residential format requires three summer intensives and week-long residencies in the Fall and Spring semesters during the two-years of coursework. Low-residential students must be continually enrolled, follow the prescribed sequence of courses, and attend all on-campus residencies. Full-time, in-residence students meet the same residency requirements. Refer to the Department of Dance (http://www.twu.edu/dance) doctoral program webpage for the dates of summer intensives and residencies.

Qualifying Examination
A written and oral examination will be taken covering areas selected by the candidate in consultation with the Advisory Committee. The content, format, administration, and evaluation of the examination will be the responsibility of the Committee. The Qualifying Examination may be repeated once. Students are expected to take their qualifying examinations within one calendar year of completing the coursework.

Final Examination
An oral defense of the dissertation is required. The defense may be repeated once.

Special Requirements for the Doctoral Program
Students must successfully complete core required courses in sequence. A grade of ‘C’ in a required core course will result in dismissal from the Ph.D. program.

Scheduled According to Student’s Individual Research Progress

Degrees in Music

- M.A. in Music with Emphases in:
  - Music Performance (p. 156)
  - Music Education (p. 157)
  - Music Pedagogy (p. 158)
  - Music Therapy (p. 159)
- Dual Degree: M.A. in Music with an Emphasis in Music Therapy/M.S. in Counseling and Development (p. 160)

Degrees in Drama

- M.A. in Drama (p. 162)
- Online-Hybrid M.A. in Drama (p. 163)

The Department of Music and Drama, housed within the School of the Arts, offers the Master of Arts degree in both drama and music, the latter with emphases in music education, music pedagogy, music performance, and music therapy. Description of the drama program begins immediately below. Description of the music programs follows.

Programs in Music

The Master of Arts degree in Music allows qualified students to pursue advanced studies in music with an emphasis in music therapy, music education, pedagogy, or performance. The degree offers students the opportunity to expand the depth and breadth of knowledge in their area of emphasis, develop research skills, and gain practical experience. The Master of Arts in Music prepares students for exciting professional careers as therapists, teachers, and performers or serves as a foundation for pursuing doctoral studies in music.

Private Music Lessons

Consult the class schedule for course numbers.

Program in Drama

Course work and stage experience are designed to train well-rounded theatre practitioners who have the ability to function creatively and skillfully in a variety of theatrical situations. Committed to top quality theatre performance and excellence in the classroom, the graduate drama program provides practical as well as academic training for students pursuing careers in professional and educational theatre. Degree concentrations emphasize acting/directing, design/production, or literary/criticism.

Successful completion of a professional paper is required for the Master of Arts Degree. The culminating project can be creative, scholarly or a creative/scholarly hybrid and must meet professional standards. Projects may be selected from such focus areas as directing; acting; stage management; playwriting; technical direction; design; theatre history; or criticism. With permission of the faculty, a project may be completed off the Denton campus.

Admissions
Music Admissions

Graduate students take placement examinations in music history and music theory/aural skills at the beginning of the first year of graduate coursework. Appropriate keyboard skills required of the major emphasis will be tested during the first term of enrollment. See the Music Department Graduate Handbook (http://www.twu.edu/music) for additional details.

TOEFL Requirements - Master of Arts in Music with an Emphasis in Music Education or Music Therapy

International students for whom English is not the primary language must provide a Test of English as a Foreign Language (TOEFL) score of at least 550 (paper) or 213 (computer) or 79 (IBT) prior to admission. Students are not exempt, even if they qualify for an exemption according to the criteria on the International Education website (http://www.twu.edu/international-education). This requirement is specific to Music Education and the Music Therapy Emphases.

Master of Arts in Music with an Emphasis in Music Therapy

Students whose bachelor's degrees are in music, but not in music therapy, may apply for admission to the graduate program. However, these students will be admitted provisionally with the stipulation that they complete all equivalency coursework and clinical experience that make them eligible for board certification by the Certification Board for Music Therapists. This equivalency coursework usually consists of about 50 undergraduate semester hours, most of which can be taken concurrently with graduate coursework in a carefully planned program. As part of the undergraduate equivalency coursework, a six-month internship is required prior to removal from provisional status and enrollment in any graduate practicum coursework.

Students whose undergraduate degree is not in music will not be admitted to the graduate program in music with an emphasis in music therapy. Rather, they may apply as post-bachelor's degree students to complete equivalency requirements and/or a second bachelor's degree. Completion of these requirements will lead to eligibility to take the national board certification examination in music therapy.

Music therapy students who do not have the appropriate professional certification (i.e., MT-BC) must complete all eligibility requirements for that exam prior to the awarding of the master's degree in Music with an emphasis in Music Therapy. See the Music Department Graduate Handbook (http://www.twu.edu/music) for current information on admission requirements.

Dual Degree: Master of Arts in Music with an Emphasis in Music Therapy and Master of Science in Counseling and Development

Students interested in completing the dual degree must complete separate applications to BOTH departments/programs through the Graduate School. If a student has already been admitted to the music program, it is only necessary to complete the application process for the M.S. in Counseling and Development and declare the intention to pursue the dual degree option. Dual degree students must declare their intentions to pursue this option prior to the completion of 12 semester credit hours of graduate credit toward their degrees.

Drama Admissions

To apply for admission a prospective student must submit the following materials to the Drama program for review:

1. Letter of intent/application
2. Sample of academic writing
3. Undergraduate GPA of at least 3.0
4. Audition and/or design portfolio (Optional)
5. Interview
6. Resume or CV

Please refer to the Drama Student Handbook at the Drama website (http://www.twu.edu/drama) for additional information, course rotations, and teaching formats.

Minors

Minors offered to students from other Departments

Music

Course work equivalent to the undergraduate minor in music is required. Six additional graduate semester credit hours of music must be selected in conference with the major and minor advisors.

Drama

Coursework equivalent to the undergraduate minor in Drama is required. Six additional graduate semester credit hours of drama must be selected in conference with the major and minor advisors.
Courses

Drama Courses

DRAM 5403. Problems in Production. Advanced theory and practice in the areas of theatrical design, play directing, and acting; practical experience provided by TWU Theatre productions. May be repeated for up to nine hours of credit. Two lecture and two laboratory hours a week. Credit: Three hours.

DRAM 5433. Contemporary Theatre. A study in the trends and developments in the modern theatre, focusing attention on new plays, expanding scenographic ideas, and directorial methods. Three lecture hours a week. Credit: Three hours.

DRAM 5473. Dramatic Criticism and Play Analysis. Analysis of dramatic literature for the theatrical practitioner. Special consideration will be given to the major theories of drama as they pertain to the production of plays. Three seminar hours a week. Credit: Three hours.

DRAM 5483. Theatre History I. A history of the theatre from Ancient Greece through the English Restoration with analysis of the dramatic literature from each major period serving as the basis for discussion. Three lecture hours a week. Credit: Three hours.

DRAM 5493. Theatre History II. A history of the theatre from the eighteenth century to the present with analysis of the dramatic literature from each major period serving as the basis for discussion. Three lecture hours a week. Credit: Three hours.

DRAM 5503. Styles of Acting. Lecture and laboratory experience in the theories and styles of performance, from presentational to representational. Two lecture and two laboratory hours a week. Credit: Three hours.

DRAM 5513. Theatre Management. Instruction in budgets, season selection, grants preparation, long range planning, house management, techniques, and marketing as related to educational and professional theaters. Three lecture hours a week. Credit: Three hours.

DRAM 5521. Theatre in Performance. Laboratory experience course required of all drama master's candidates. Minimum 40 clock hours in rehearsal, performance, or technical crew work. May be repeated for credit. Three laboratory hours a week. Credit: One hour.

DRAM 5533. Advanced Theatrical Design. Lecture and studio experience in the theories and principles of scenic, lighting, costume, or makeup design. May be repeated for up to nine hours of credit. Two lecture and two laboratory hours a week. Credit: Three hours.

DRAM 5543. Speech for the Stage. Instruction and laboratory study of the mechanisms of speech for the actor; training in breath control, articulation, enunciation, pronunciation, and speech melody for the stage. Three lecture hours a week. Credit: Three hours.

DRAM 5901. Special Topics. An organized class for the study of particular area or subject not offered in another scheduled course. Prerequisite: Permission of instructor. One lecture hour a week. Credit: One hour.

DRAM 5903. Special Topics. An organized class for the study of particular area or subject not offered in another scheduled course. Prerequisite: Permission of instructor. Three lecture hours a week. Credit: Three hours.

DRAM 5911. Independent Study. Individual supervisory and tutorial instruction; content might include directed readings, a research project, or other similar studies. Prerequisite: Permission of instructor. Credit: One hour.

DRAM 5913. Independent Study. Individual supervisory and tutorial instruction; content might include directed readings, a research project, or other similar studies. Prerequisite: Permission of instructor. Credit: Three hours.

DRAM 5973. Professional Paper. Credit: Three hours.

Music Courses

MU 5001. Woodwinds. Private lessons for woodwind instruments. One-half hour a week. Credit: One hour.

MU 5002. Woodwinds. Private lessons for woodwind instruments. One hour a week. Credit: Two hours.

MU 5012. Organ. Private organ lessons. One hour a week. Credit: Two hours.

MU 5022. Brass. Private lessons for brass instruments. One hour a week. Credit: Two hours.

MU 5032. Piano. Private piano lessons. One hour a week. Credit: Two hours.

MU 5061. Strings. Private lessons for stringed instruments. One-half hour a week. Credit: One hour.

MU 5062. Strings. Private lessons for stringed instruments. One hour a week. Credit: Two hours.

MU 5201. Practicum in Music Therapy. Advanced practice of clinical music therapy with diverse populations. Completion of 34 clock hours of clinical experience under the supervision of a board-certified music therapist. Prerequisites: Satisfactory completion of music therapy internship and permission of instructor. Three practicum hours a week. Credit: One hour.
MU 5202. Practicum in Music Therapy. Advanced practice of clinical music therapy with diverse populations. Completion of 67 clock hours of clinical experience. Prerequisites: Satisfactory completion of music therapy internship and permission of instructor. Six practicum hours a week. Credit: Two hours.

MU 5203. Practicum in Music Therapy. Advanced practice of clinical music therapy with diverse populations. Completion of 100 clock hours of clinical experience. Prerequisites: Satisfactory completion of music therapy internship and permission of instructor. Nine practicum hours a week. Credit: Three hours.

MU 5391. Percussion. Private percussion lessons. One-half hour a week. Credit: One hour.

MU 5392. Percussion. Private percussion lessons. One hour a week. Credit: Two hours.

MU 5403. Music Theory Pedagogy. Analysis, evaluation, and practical application of current pedagogical approaches and materials used in teaching music theory at the college level. Three seminar hours a week. Credit: Three hours.

MU 5413. Music Education Assessment and Evaluation. Study of assessment and evaluation in music education. Topics include different types of assessment, evaluation, and research, and introduction to human subjects review. Three lecture hours a week. Credit: Three hours.

MU 5423. Music Education Research. Evaluation and creation of research problems in music education; classroom and formal research in music education. Three lecture hours a week. Credit: Three hours.

MU 5432. Guitar. Private guitar lessons. One hour a week. Credit: Two hours.

MU 5511. Opera Ensemble. Provides singers the opportunity to experience all facets of operatic production through acting; movement; set building; hair, costume, and makeup design: lighting; and directing small scenes. May be repeated for credit: repertoire varies each semester. Four laboratory hours a week. Credit: One hour.

MU 5531. University Chorus. A choral ensemble designed to provide group singing/leadership opportunities for all graduate students. Open to all students regardless of major and/or musical background, without audition. May be repeated for credit. Two rehearsal hours a week. Credit: One hour.

MU 5533. Philosophies and Theories of Music Therapy. A study of therapeutic theories as they relate to music therapy theory and clinical practice. Students will develop a personal philosophy of music therapy as a course outcome. Three seminar hours a week. Credit: Three hours.

MU 5541. Wind Symphony. Performance of standard band repertoire and music from modern composers by students who play wind and percussion instruments. May be repeated for credit: repertoire varies each semester. Four rehearsal hours a week. Credit: One hour.

MU 5543. Multicultural Perspectives in Music Therapy. An exploration of musical idioms, aesthetics, and functions within diverse cultural contexts. Therapeutic issues related to working with clients of diverse backgrounds will be explored and treatment strategies will be developed. Three lecture hours a week. Credit: Three hours.

MU 5551. Concert Choir. A select choral ensemble including leadership experiences for students in graduate school. May be repeated for credit. Prerequisite: Approval of Director. Four rehearsal hours a week. Credit: One hour.

MU 5553. Seminar in Music. Selected research projects in music literature. Prerequisite: Permission of instructor. Three seminar hours a week. Credit: Three hours.

MU 5571. Jazz Ensemble. Performance of standard and modern jazz repertoire for large ensemble and combo by students who play wind and percussion instruments. May be repeated for credit: repertoire varies each semester. Three rehearsal hours a week. Credit: One hour.

MU 5581. Chamber Music. A select chamber ensemble for students in graduate level music curriculum. May be repeated for credit. Prerequisite: Permission of instructor. Two rehearsal hours a week. Credit: One hour.

MU 5591. Vocal Ensemble. Select opera workshop, music theatre ensemble, or mixed vocal ensemble. May be repeated for credit. Prerequisite: Audition. Three to five rehearsal hours a week. Credit: One hour.

MU 5643. Research on Music and Behavior. An advanced study of the relationships among music, behavior, and therapeutic interventions with an emphasis on qualitative, small-sample, and quantitative experimental proposals suitable for their professional papers/thesis as a course outcome. Prerequisite: Permission of instructor. Three lecture hours a week. Credit: Three hours.

MU 5653. Seminar in Music Education I. A seminar for candidates for master's degree in music education; foundation and principles of music education including philosophy and history. Prerequisite: Permission of instructor. Three seminar hours a week. Credit: Three hours.

MU 5663. Seminar in Music Education II. A seminar for candidates in music education; foundations and principles of music education, including learning theory and current developments. Prerequisite: Permission of the instructor. Three seminar hours a week. Credit: Three hours.

MU 5753. Music Pedagogy I. A comparison and analysis of current pedagogical approaches to the teaching of voice or instrument; attention to specific problems of the literature and technique, including appropriate studies in anatomy, physiology, and acoustics; particular emphasis upon the teaching of the younger student. Three lecture hours a week. Credit: Three hours.

MU 5763. Music Pedagogy II. A continuation of MU 5753 with additional emphasis on advanced pedagogy suited to a university setting and/or the private studio. Class/studio observation is required. Three lecture hours a week. Credit: Three hours.

MU 5803. Graduate Recital. Preparation and presentation of a public recital; content selected in consultation with applied teacher. May be repeated for credit. Prerequisite: Permission of instructor. Credit: Three hours.
MU 5901. Special Topics. An organized class for the study of particular area of subject not offered in another scheduled course. Prerequisite: Permission of instructor. One lecture hour a week. Credit: One hour.

MU 5903. Special Topics. An organized class for the study of particular area or subject not offered in another scheduled course. Three lecture hours a week. Prerequisite: Permission of instructor. Credit: Three hours.

MU 5911. Independent Study. Individual supervisory and tutorial instruction; content might include directed readings, a research project, practicum, or other similar studies. Prerequisite: Permission of instructor. Credit: One hour.

MU 5913. Independent Study. Individual supervisory and tutorial instruction; content might include directed readings, a research project, or other similar studies. Prerequisite: Permission of instructor. Credit: Three hours.

MU 5933. Styles in Music. A comprehensive review of music literature, theory, performance practice, and cultural trends from specific historic periods. Three lecture hours a week. Credit: Three hours.

MU 5973. Professional Paper. Credit: Three hours.

MU 5981. The Professional Portfolio. Development of a professional portfolio by students in the Master of Arts in Teaching program demonstrating the student's growth in the Learner-Centered Competencies. Pass-fail grade only. May be repeated. Credit: One hour.

MU 5983. Thesis. Credit: Three hours.

MU 5993. Thesis. Prerequisite: MU 5983. Credit: Three hours.

Faculty

Professors

COHEN, NICKI S., Professor of Music. B.S., Duquesne University; M.A., University of Denver; Ph.D., University of Kansas.

HADSELL, NANCY A., Professor of Music. B.A., University of Georgia; M.M.E., University of Georgia; Ph.D., University of Kansas.

SHUSTER, RICHARD J., Professor of Music. B.Mus., Indiana University-Bloomington; M.M., University of Rochester; D.M.A., University of Rochester.

YOUNGBLOOD, PAMELA J., Professor of Music; Chair of the Department of Music and Drama; Co-Coordinator of the School of the Arts. B.M., Union University; M.M., University of North Texas; D.M.A., University of North Texas.

Associate Professors

BAKER, VICKI D., Associate Professor of Music. B.A., Texas A&M University, Corpus Christi; M.A., Texas Woman's University; Ph.D., Texas Tech University.

BYNANE, PATRICK M., Associate Professor of Drama; Program Director of Drama. B.A., Ashland University; M.A., Southwest Missouri State University; Ph.D., Louisiana State University.

JENSEN, JONI L., Associate Professor of Music. B.Mus., Brigham Young University; M.M., Brigham Young University; D.M.A., University of Arizona.

Assistant Professors

GORMAN, RHONDA, Assistant Professor of Drama. B.F.A., Texas Christian University; M.F.A., Southern Methodist University.

KELLY, ELIZABETH, Assistant Professor of Music. B.A., Yale University; M.M., University of Michigan; Ph.D., University of Rochester.

PETTITT, RUSSELL T., Assistant Professor of Music. B.Mus., George Mason University; M.M., University of Arkansas; D.M.A., University of Oklahoma.

WOOLERY, DANIELLE N., Assistant Professor of Music. B.M., University of North Texas; M.M., Webster University; D.M.A., University of Miami.

YOUNG, STEVEN W., Assistant Professor of Drama. B.A., University of Northern Iowa; M.F.A., Illinois State University.

ZANDERS, MICHAEL L., Assistant Professor of Music. B.M., Temple University; M.M., Temple University; Ph.D., Temple University.

Master of Arts in Music with an Emphasis in Music Performance

Total Semester Credit Hours Required

36 semester credit hours

Special requirement

A grade of ‘A’ or ‘B’ for courses to be counted toward the degree.
Final Examination
An oral examination of approximately two hours in length will cover a comprehensive review of the major area of emphasis, the culminating project, and general music literacy. The result of this examination will be given

1. approval;
2. qualified disapproval, resulting in reworking of research with another oral examination (exam may only be repeated once); or
3. disapproval.

Total Semester Credit Hours 36

Electives

Approved electives may be selected from psychology, sociology, music therapy, social work, special education, drama, business and economics, music education, applied music, and other fields appropriate to the student’s goals. Students may choose to complete a minor in a related field with the approval of the music therapy advisor and the appropriate department.

Testing for drugs, specific immunizations in addition to those required by TWU, proof of personal medical insurance, and/or passing a criminal background check may be required by certain facilities associated with the required clinical work or for certification. If students are unable to be cleared on any of these requirements, they may not be eligible to continue in the program or to obtain certification. The cost of any required background checks, immunizations, and/or drug testing are the responsibility of the student.

Certification as a Music Therapist (MT-BC) is achieved by passing a national examination administered by the Certification Board for Music Therapists. Completion of the undergraduate equivalency or an undergraduate degree in music therapy does not guarantee eligibility to take the board certification exam. Questions regarding specific criminal background and its possible effects on eligibility for board certification should be addressed directly to the Certification Board for Music Therapists.

Dual Degree: M.A. in Music (Emphasis in Music Therapy)/M.S. in Counseling and Development

TWU offers graduate music therapy students the alternative to complete a dual degree program. This program grants both the Master of Arts in Music (with an emphasis in Music Therapy) and the Master of Science in Counseling and Development. No student will be granted the dual degrees until she/he is eligible for the board certification exam in music therapy (i.e., the student must have completed the equivalency program including internship or already have completed an approved undergraduate degree in music therapy).

Students pursuing the dual degree option will have two advisors – one in the Department of Music and Drama and another in the Department of Family Sciences – to assure proper sequencing of courses.

### Total Semester Credit Hours

64

Testing for drugs, specific immunizations in addition to those required by TWU, proof of personal medical insurance, and/or passing a criminal background check may be required by certain facilities associated with the required clinical work or for certification/licensure. If students are unable to be cleared on any of these requirements, they may not be eligible to continue in the program or to become certified/licensed. The cost of any required background checks, immunizations, and/or drug testing are the responsibility of the student.

Certification as a Music Therapist (MT-BC) is achieved by passing a national examination administered by the Certification Board for Music Therapists. Students completing the dual degree program must be eligible for board certification in music therapy prior to the awarding of the dual degree. Eligibility for board certification as a music therapist is achieved EITHER by completing an undergraduate degree in music therapy prior to admission to the dual degree program OR by completing an undergraduate equivalency program in music therapy concurrently with the dual master’s degree curriculum. Completion of the undergraduate equivalency or an undergraduate degree in music therapy does not guarantee eligibility to take the board certification exam. Questions regarding specific criminal background and its possible effects on eligibility for board certification should be addressed directly to the Certification Board for Music Therapists.

Licensure as a Professional Counselor is achieved by passing a state examination, after completion of coursework and the required supervised clinical work (3000 semester credit hours). Questions regarding eligibility for licensure as a counselor should be addressed to the advisor in the Department of Family Sciences or directly to the Texas State Board of Examiners of Professional Counselors.

### Special Note #1

The following courses must be completed prior to enrolling in the Counseling Clinical Competency Sequence:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>FS 5303</td>
<td>Professional Orientation and Ethics in Counseling</td>
<td>3</td>
</tr>
<tr>
<td>FS 5313</td>
<td>Counseling Theory and Practice</td>
<td>3</td>
</tr>
<tr>
<td>FS 5443</td>
<td>Multicultural Counseling</td>
<td>3</td>
</tr>
</tbody>
</table>

### Special Note #2

FS 5373 Group Counseling must be taken concurrently with FS 5364.

### Special Note #3

Professional competency courses must be taken at TWU in the Department of Family Sciences. The student must take these courses in sequence and earn a grade of “CR” in each course to advance in the sequence. Any student receiving a “PR” in one of these courses must retake the course before progressing in the sequence. Students receiving 1(one) “PR” in a professional competency course must meet with the Counseling and Development faculty before registering for additional courses. Students receiving a “C” in any course must meet with the Counseling and Development faculty before registering for any additional classes. No two professional competency courses can be taken at the same time. Two grades of “C” or “PR” will result in dismissal from the Counseling and Development program.
Special Note #4:
Students who wish to work in Substance Abuse/Chemical Dependency Facilities should consider taking FS 5143 in addition to this 64 semester credit hour curriculum. The substance abuse course may be taken as the counseling elective in the 64 semester credit hour program.

Special Note #5:
Students taking the equivalency program in music therapy while completing the dual degree in counseling and music therapy must complete their music therapy undergraduate internship before beginning the graduate practicum/internship sequence in counseling. Exceptions may be made on an individual basis, but in no case can a student complete the joint internship in Counseling/MT (the 2nd semester of FS 5894) prior to completing the undergraduate MT internship, as per AMTA requirements.

Refer to the TWU Graduate Catalog for further explanation of policy and procedures.

Required for Graduation with Dual Degree:
Eligibility to take the CBMT Board Certification Examination in Music Therapy 64 Semester Credit Hour Dual Master's Degree Program

Required for Licensure as LPC:
LPC Examination and Postgraduate Experience (3000 hours)

Master of Arts in Drama

Total Semester Credit Hours Required
42 semester credit hours, including 6 semester credit hours for culminating creative projects.

Special Requirements
1. Students are required to maintain a grade point average of 3.0 or better in all courses applied to the graduate degree. A grade of ‘C’ or below in any drama course will not count toward the Master of Arts degree.
2. No student may begin project work without prior approval of the student’s Graduate Committee. Students with limited experience in drama may be asked to take some undergraduate courses as prerequisites for graduate courses.
3. All M.A. candidates will complete a professional paper of no less than 45 pages in length. The paper will emerge from the culminating project created by the student in conjunction with his or her adviser and professional paper committee.

Final Examination
An oral final examination by the student's professional paper committee of the culminating creative project and paper will be given the assessment of one of the following: 1) approval, 2) disapproval, or 3) revise. If either the project or paper is not approved, the student's graduate committee may advise
1. completion of an additional project in the same focus area,
2. a switch in focus areas and completion of a new qualifying and final project, or
3. additional course work before any further project work is attempted. A student may attempt Project I or Project II no more than two times each with special permission from the drama faculty.

Online-Hybrid Master of Arts in Drama

The TWU Master of Arts in Drama online-hybrid option is designed for Texas residents who are unable to attend traditional face-to-face courses while they earn college credit towards their Master of Arts in Drama degree.

At least 51% of the total institutional degree is offered by distance learning methods. Some courses are presented in traditional, face-to-face, evening sessions. Other courses combine face-to-face class meetings with regular on-line communication. Still other courses are completely on-line while some are administered through independent study with a Drama Program faculty member. Courses offered as hybrid classes will require 3-6 campus meetings per class.

Classes are offered in the Redbud Theater Complex in Hubbard Hall on the TWU Denton campus and on-line. The TWU Master of Arts degree plan requires 42 semester credit hours for successful completion. The core courses below are mandated; all others are electives.

Department of Visual Arts

Web Site: http://www.twu.edu/visual-arts/

Chair: Michelle Hays, Associate Professor
Location: ART 107
Phone: 940-898-2530
Fax: 940-898-2496
E-mail: visualarts@twu.edu

Graduate Degrees Offered

• M.A. in Art with Concentration in Art Education (http://catalog.twu.edu/graduate/arts-sciences/arts/visual-arts/graduate/arts-sciences/arts/visual-arts/art-ma-concentration-art-education)
• M.A. in Art with Concentration in: Art History, Ceramics, Graphic Design, Painting, Photography, Sculpture (p. 169)
• M.F.A. in Art with Concentration in: Ceramics, Painting, Photography, Sculpture (p. 170)

The Department of Visual Arts graduate curriculum is structured to meet the needs of each individual admitted to the program. A program of study, subject to the approval of the Department of Visual Arts Chair and the Dean of the Graduate School, is developed after consultation with the major advisor. Additionally, an advisory committee is appointed consisting of the primary and secondary advisors, and one other faculty member. The purpose of the committee is to assist and counsel the student as he or she progresses through the paper/project and/or exhibition. Should the need arise, the student may petition for modification of the program of study.

The M.F.A. degree is granted through the Federation of North Texas Area Universities.

For further information, please visit the Visual Arts website (http://www.twu.edu/visual-arts/default.asp).

Admissions

Admission Requirements

The Department of Visual Arts requires applicants to review and complete the Department Application Process (including the Slideroom Portfolio Application) by the deadline to be considered for admittance into one of the graduate programs. All accepted applicants are admitted with a provisional status until the 12-Hour Portfolio Review is successfully passed.

• An undergraduate degree with a major in art from any regionally accredited institution of higher education is required.
• A GPA of at least 3.0 in the last 60 semester credit hours of undergraduate work.

Normally, an undergraduate major in art consists of the minimum course work stated below. However, if this course work has not been completed the departmental graduate committee and primary advisor may determine exemptions and deficiencies and design a program of study. All course work deficiencies must be completed before the student begins graduate course work.

• Design (6 semester credit hours)
• Drawing (9 semester credit hours)
• Painting (3 semester credit hours)
• Sculpture (3 semester credit hours)
• Art history (12 semester credit hours)
• Major area of concentration (12 to 24 semester credit hours)

For further information regarding Department of Visual Arts, please visit the Visual Arts website (http://www.twu.edu/visual-arts).

Department Application Process:

1. Review the Graduate School’s requirements (p. 52) and complete their application (p. 52) (ApplyTexas).
2. Complete the Slideroom Portfolio Application (see below).
3. Interview with the faculty advisor.

Incomplete applications will not be considered.
Slideroom Portfolio Application:

**M.F.A. and M.A. in Art (Concentration: Ceramics, Graphic Design, Painting, Photography, Sculpture)**

Submit the following items via **SlideRoom**:

1. Statement of Intent (1 page limit)
2. Artist Statement (1 page limit)
3. Copies of Unofficial or Official Transcripts
4. Vita or Resumé
5. Three Letters of Recommendation
6. Portfolio of 20 Images

**M.A. in Art (Concentration: Art History or Art Education)**

Submit the following items via **SlideRoom**:

1. Statement of Intent (1 page limit)
2. Artist Statement (1 page limit)
3. Copies of Unofficial or Official Transcripts
4. Vita or Resumé
5. Three Letters of Recommendation
6. Examples of Scholarly Research

Application Deadlines

- Spring Semester: October 15
- Fall Semester: January 31

Certificates

**Additional Courses for Post-Baccalaureate Students Seeking Certification in All Level Art**

In addition to seeking an M.A.T. with an emphasis in Art Education (p. 171) to secure All Level Art Teacher Certification, students can alternatively elect to pursue all level art teacher certification via a Post-Baccalaureate individualized program. Students interested in this program to secure All-Level Art Teacher Certification should contact the College of Professional Education for detailed information on requirements for admission and certification.

Courses

**Courses**

**ART 5023. Painting Theory and Development.** Problems in painting. All media. Development of stylistic and conceptual continuity in painting. May be taken for up to fifteen hours credit. Two lecture and four studio hours a week. Credit: Three hours.

**ART 5043. Papermaking.** The exploration of the age-old technique of making paper by hand. Use of Western and Eastern paper pulps and techniques. Paper coloration and the aesthetics of paper. May be taken for up to fifteen hours credit. Two lecture and four studio hours a week. Credit: Three hours.

**ART 5053. Typographic Bookmaking.** The study of typographic bookmaking as an art form. An overview of historic as well as contemporary book forms. Technical problems dealing with design, typography paper, printing presses, and binding styles. May be taken for up to fifteen hours credit. Two lecture and four studio hours a week. Credit: Three hours.

**ART 5063. Theories of Art.** Theories of art and beauty in Western culture. Organized chronologically beginning with ancient and concluding with 19th and 20th Century theories. Three lecture hours a week. Credit: Three hours.

**ART 5223. Graphic Design.** Special topics relating to graphic design, theory, and practice. Special emphasis placed on graphic design as a medium of visual communication. May be taken for up to twelve hours credit. Two lecture and four studio hours a week. Credit: Three hours.

**ART 5313. Foundations of Art Learning and Practice.** Historical, philosophical, and psychological foundations of art education. Three lecture hours a week. Credit: Three hours.

**ART 5323. Contemporary Issues in Art Learning and Practice.** Current trends and issues in art education and their impact on theory and practice. Three lecture hours a week. Credit: Three hours.
ART 5333. Individual Differences in Art Learning and Practice. Characteristics, needs, and programs for gifted/talented and special needs learners in art. Three lecture hours a week. Credit: Three hours.

ART 5343. Cognition, Art Learning, and Advocacy. The role cognition plays in the art making, teaching, and learning process. Implications for art advocacy are examined. Three lecture hours a week. Credit: Three hours.

ART 5353. Curriculum in Art Learning and Practice. Curriculum theory, design, approaches, and assessment in art education. Three lecture hours a week. Credit: Three hours.

ART 5503. History of Art. Individual study of selected topics in the history of art. May be taken for up to twelve hours credit. Prerequisite: Twelve hours of history of art. Three lecture hours a week. Credit: Three hours.

ART 5553. European Art History. Advanced analysis of art from selected historical periods. Examination of the philosophical, stylistic, historical, and cultural characteristics of the works, emphasizing technical, formal, and content aspects. Artifacts studied vary, and the course may be repeated for additional credit. Prepares students for ART 5563. Prerequisite: Permission of Instructor. Three lecture hours a week. Credit: Three hours.

ART 5563. European Art History in Context. Interpretation of visual art of a particular region and period in its national context. Includes formal research and study tour to sites in the nations where artifacts of the period are located. Prerequisite: Permission of Instructor. Three lecture hours a week. Credit: Three hours.

ART 5613. Printmaking. Special problems in lithography, relief, and/or intaglio. Two lecture and four studio hours a week. Credit: Three hours.

ART 5653. Creative Photography. Special problems in the advanced study of creative and experimental photography; exhibition techniques. May be taken for up to fifteen hours credit. Prerequisites: Permission of instructor. Two lecture and four studio hours a week. Credit: Three hours.

ART 5663. Alternative Photographic Process. Study of alternative photographic processes. Surveys a variety of historical and contemporary experimental processes including pinhole, cyanotype, vandyke, xerox, and transfers. Processes are done with sunlight and paint on emulsions. May be taken for up to six hours credit. Two lecture and four studio hours a week. Credit: Three hours.

ART 5673. Portfolio Photography. Preparation and production of professional portfolio including documentation of 2-D and 3-D art works, press prints, resume, and artist’s statement. Emphasis placed on basic camera operation and lighting techniques. Required for all students completing the M.F.A. degree. Two lecture and four studio hours a week. Credit: Three hours.

ART 5683. Professional Practices in Photography. Overview of career options in photography utilizing theoretical and technical skills. Professional and practical aspects of photography such as gallery and museum relations, portfolio presentations, criticism, business management and tax preparation, grant proposals, and darkroom construction. Two lecture and four studio hours a week. Credit: Three hours.

ART 5703. Painting. Study in oil, acrylic, and mixed media. Emphasis on development of personal work with a particular regard to contemporary painting. May be taken for up to fifteen hours credit. Two lecture and four studio hours a week. Credit: Three hours.

ART 5753. Sculpture. Advanced study of sculpture; execution of a major project; concentration on media; research. May be taken for up to fifteen hours credit. Two lecture and four studio hours a week. Credit: Three hours.

ART 5853. Advanced Ceramics. Special problems in advanced ceramics; technical or conceptual research. May be taken for up to fifteen hours credit. Two lecture and four studio hours a week. Credit: Three hours.

ART 5863. Advanced Ceramics Techniques. Advanced study of ceramics; special problems; technical or conceptual research. May be taken for up to fifteen hours credit. Two lecture and four studio hours a week. Credit: Three hours.

ART 5903. Special Topics. Study of selected advanced topics in art. May be taken for up to twelve hours credit. Lecture and studio hours vary by topic. Credit: Three hours.

ART 5913. Independent Study. Individual study of advanced technical problems in art. May be taken for up to twelve hours credit. Prerequisite: Permission of instructor. Credit: Three hours.

ART 5953. Cooperative Education. Nine practicum hours a week. Credit: Three hours.

ART 5973. Professional Paper/Project. Prerequisite: ART 5983. Credit: Three hours.

ART 5981. The Professional Portfolio. Development of a professional portfolio by students in the Master of Arts in Teaching program demonstrating the student’s growth in the Learner-Centered Competencies. Pass-fail grade only. May be repeated. Credit: One hour.

ART 5993. Thesis. Prerequisite: ART 5983. Credit: Three hours.

ART 5996. M.F.A. Exhibit. Studio research course for a student to complete the M.F.A. studio exhibit. Committee review and oral exam. Prerequisite: ART 5983. Credit: Six hours.

Faculty
Professors
CALABRESE, JOHN A., Professor of Visual Arts. B.A., The Catholic University of America; M.F.A., Pratt Institute; Ph.D., Ohio University, Athens.
GRANT, SUSAN K., Professor of Visual Arts. B.S., University of Wisconsin, Madison; M.F.A., University of Wisconsin, Madison.

WASHMON, GARY B., Professor of Visual Arts. B.F.A., University of New Mexico; M.F.A., University of Illinois, Urbana-Champaign.

**Associate Professors**

GREGORY, DIANE C., Associate Professor of Visual Arts. B.S.Ed., University of Missouri, Columbia; M.Ed., University of Missouri, Columbia; Ph.D., University of Missouri, Columbia.

HAYS, MICHELLE R., Associate Professor of Visual Arts; Chair of the Department of Visual Arts. B.A., Point Loma Nazarene University; M.F.A., Rhode Island School of Design.

PARSONS, MATTHEW COLBY, Associate Professor of Visual Arts. B.Ph., Miami University; M.F.A., Southern Illinois University.

PEREZ, JANA C., Associate Professor of Visual Arts. B.F.A., University of Texas at Austin; M.A. Texas Woman's University; M.F.A., Texas Woman's University.

SYNAR, TANYA M., Associate Professor of Visual Arts. B.F.A., Colorado State University; M.F.A., University of Washington.

**Master of Arts in Art with Concentration in Art Education**

The Department of Visual Arts provides two Art Education options: The Thesis Option (30 semester credit hours) and the Professional Paper/Project Option (36 semester credit hours). Both options provide rigorous, transformative, student centered, and individualized programs of study. They both meet the guidelines and standards of the National Art Education Association and the Texas Art Education Association.

The two Art Education options (Thesis and Professional Paper/Project Option) are designed to provide pedagogical competencies for both experienced and future art teachers, art supervisors and art teacher educators. Both options provide advanced professional development for art educators at all levels. In particular, the Thesis Option is designed for students who want to teach at a community college or university as well as pursue doctoral studies at a research institution. In contrast, the Professional Paper/Project Option is designed to provide meaningful and advanced professional development for K-12 art teachers.

**Final Examination**

An oral examination of:

1. presentation of thesis for M.A. (30 semester credit hour), or
2. presentation of professional paper with project for M.A. (36 semester credit hour)

**M.A. in Art Program of Study (30 or 36 semester credit hours)**

**Concentration in Art Education**

### Thesis Option (30 semester credit hours)

M.A. in Art with Concentration in:

Art History, Ceramics, Graphic Design, Painting, Photography, Sculpture

Total Semester Credit Hours Required

Thesis Option: 30 semester credit hours with a primary area of concentration, including 3 semester credit hours for thesis

Professional Paper or Project: 36 semester credit hours with a primary area of concentration, including 3 semester credit hours for a professional paper and project

12-Hour Portfolio Review

A portfolio review by Graduate Art Faculty is scheduled after 12 semester credit hours have been completed in primary area of study and no more than a total of 18 graduate semester credit hours. The following is submitted at the time of the review through SlideRoom:

1. Portfolio of 20 images of Work
2. Current Transcripts
3. Degree Plan
4. Artist Statement
5. Current Vita

At the completion of all deficiencies and satisfactorily completing the 12-hour portfolio review, the candidate is admitted to the M.A. program unconditionally.

Requirements, if the 12-Hour Portfolio Review Is Not Passed

If the student does not pass the 12 semester credit hour review:

1. The student may be reviewed again during the next scheduled portfolio review, and
2. Additional course work taken in the primary area will be considered leveling courses and will not count toward the M.A. degree until the student has satisfactorily passed the portfolio review.

The 12-Hour Portfolio Reviews are scheduled fall and spring semesters.

Final Examination

An oral examination of:

1. presentation of thesis for M.A. (30 semester credit hour), or
2. presentation of professional paper with project for M.A. (36 semester credit hour)

M.A. in Art Program of Study (30 or 36 semester credit hours)

Concentrations: Art History, Ceramics, Graphic Design, Painting, Sculpture

M.F.A. in Art with Concentration in: Ceramics, Painting, Photography, Sculpture

Total Semester Credit Hours Required

60 semester credit hours, including 3 semester credit hours for prospectus and 6 semester credit hours for M.F.A. exhibit.

12-Hour Portfolio Review

A portfolio review by Graduate Art Faculty is scheduled after 12 semester credit hours have been completed in primary area of study and no more than a total of 18 graduate semester credit hours. The following is submitted at the time of the review through SlideRoom:

1. Portfolio of 20 images of Work
2. Current Transcript
3. Degree Plan
4. Artist Statement
5. Current Vita

All undergraduate deficiencies must be completed prior to the review.

At the completion of all deficiencies and satisfactorily completing the 12-hour portfolio review, the candidate is admitted to the M.F.A. degree program unconditionally.

Requirements, if the 12-Hour Portfolio Review Is Not Passed

If the student does not pass the 12 semester credit hour review:

Intermedia (Secondary Area of Concentration Option)

The Intermedia integrates three areas: Papermaking, Book Arts, and Printmaking. This secondary art field encourages experimental crossover among these paper-based disciplines. Students may choose two classes in one area and one class in each of the remaining areas for a total of 12 semester credit hours. The possible class combinations are as follows:

1. 2 Book Arts, 1 Papermaking, 1 Printmaking
2. 2 Papermaking, 1 Book Arts, 1 Printmaking
3. 2 Printmaking, 1 Book Arts, 1 Papermaking

Master of Arts in Teaching (emphasis in Art Education)

The M.A.T. is designed as a minimum 32 semester credit hour program. Students wishing to seek art teacher certification at the graduate level should contact the College of Professional Education about the M.A.T. with an emphasis in Art Education. All post-baccalaureate and graduate students seeking certification must comply with admission standards required by the major department and the College of Professional Education.

The M.A.T. (emphasis in Art Education) is a degree offered by COPE in collaboration with the Department of Visual Arts. A student in the M.A.T. program will take 9 Art Education semester credit hours of their choosing (after advising from the Visual Arts faculty.) The remaining credits are determined and administered by COPE and are as follows:

Master of Arts in Teaching (M.A.T.) Program of Study (32 or 38 minimum semester credit hours)

Pedagogy and Professional Responsibilities (16 SCH)

Academic Specialization (9 SCH)

This is coursework in the field of study. Students will take the Texas Exam of Educator Standards (TExES) in their field of study before or during their first semester in the program.

Field-Based Experience (6-12 SCH)

A full-time, one-semester unpaid professional practicum in a school setting. (All coursework must be completed before beginning student teaching.)

OR

A full-time, two-semester internship (6 semester credit hours) in a school setting in which the student is employed and paid as the teacher of record. (This option requires that 12 semester credit hours of pedagogy courses must be completed.)

Professional Portfolio and Final Assessment (1 SCH)

Each student will maintain a professional portfolio throughout her or his program. The completed portfolio must be submitted for evaluation prior to graduation.

College of Professional Education

**Web Site:** [http://www.twu.edu/college-professional-education/](http://www.twu.edu/college-professional-education/)

**Interim Dean:** Jerry E. Whitworth, Professor  
**Associate Dean:** Peggy Malone, Associate Professor  
**Location:** SH 202  
**Phone:** 940-898-2202  
**Fax:** 940-898-2209

Programs in the College of Professional Education are designed to place knowledge in service to society. Four components comprise the College: the Department of Family Sciences, the Department of Reading, the Department of Teacher Education, and the School of Library and Information Studies.

The College of Professional Education provides graduate programs leading to the Master of Arts, Master of Arts in Teaching, Master of Education, Master of Library Science, Master of Science, Doctor of Education, and Doctor of Philosophy degrees. Specific degree and program information can be found under departmental listings and on the College of Professional Education website ([http://www.twu.edu/college-professional-education/](http://www.twu.edu/college-professional-education/)). Programs in the College of Professional Education are accredited by the State Board for Educator Certification.

Programs in the College of Professional Education are housed in the Human Development Building (HDB), the Multipurpose Classroom Laboratory Building (MCL), and Stoddard Hall (SH). A special facility housed in the Mary Evelyn Blagg Huey Library is the Teaching Materials Center. The center offers student access to State-adopted textbooks, curriculum guides, and other materials used in public schools in Texas. The Counseling and Family Therapy Clinic housed in HDB provides opportunities for research and practice in family sciences.
University Teacher Education Programs

The University is committed to excellence in the preparation of teachers. The programs respond to state teacher competencies by carefully constructed curricula in accord with state and national standards.

The Dean and the faculty of the College coordinate the Teacher Education program in concert with the Professional Education Council. This Council includes representatives from the College of Professional Education and all academic specializations related to teacher certification. Academic advising is available to students from the academic specializations and the College of Professional Education.

Post-baccalaureate students who wish to pursue a Texas teaching certificate should inquire in the COPE Student Support Center (http://www.twu.edu/teacher-certification) for information about options.
The M.A.T. is a Master of Arts in Teaching degree program leading to initial teacher certification. Certification is awarded by the State Board for Educator Certification. The Master of Arts in Teaching (M.A.T.) emphasizes professional academic preparation that requires graduate students to become knowledgeable about academic disciplines and to develop effective teaching practices.

**Admission Requirements for the M.A.T.**

Admission to the M.A.T. requires a GPA of 3.0 in the last 60 semester credit hours and a cumulative GPA of 2.75. An interview for the Teacher Education Program is required.

**Important Note:** Graduates of universities outside of the United States where English is not the language of instruction must pass the speaking part of TOEFL (http://www.ets.org/toefl) (Test of English as a Foreign Language) with a score of at least 26 if your coursework for the previously completed degree was not delivered in English.

**General Requirements for the M.A.T.**

The M.A.T. requires a minimum of 32 semester credit hours: 16 semester credit hours of pedagogy and professional responsibilities/diversity in education; minimum 9 semester credit hours of coursework in selected content area; minimum 1 semester credit hour of portfolio preparation; and 6-12 semester credit hours supervised teaching experience. The M.A.T. requires a professional portfolio and final assessment.

**Special Requirements**

Students take the TExES in the content area (teaching field or academic specialization) during the semester of their admission. Test results are used to select the coursework required in the academic specialization.

Students must meet all TWU certification requirements to receive authorization to take the TExES examination in either their academic specialization or Pedagogy and Professional Responsibilities (PPR).

A degree plan can be submitted only after the content test is taken and test results are received.

Students must pass the content area TExES examination to become eligible for the professional practicum or internship.

Only courses in which the student achieved a grade of ‘B’ or better may be included on the degree plan.

**Master of Arts in Teaching (M.A.T.) Program of Study (32 or 38 minimum semester credit hours)**

Graduate Degrees Offered

- M.S. in Child Development (p. 182)
- M.S. in Counseling and Development (p. 184)
- Dual Degree: M.S. in Counseling and Development and M.A. in Music with an Emphasis in Music Therapy (p. 186)
- M.Ed. in Early Childhood Education (p. 188)
- M.S. in Family Studies (p. 190)
- Ph.D. in Family Studies (p. 195)
- Ph.D. in Family Therapy (p. 196)
- Ph.D. in Early Child Development and Education (p. 198)

The Department of Family Sciences at Texas Woman’s University offers graduate degree programs at both the master’s and the doctoral levels. Master of Science programs are offered in the areas of Child Development, Counseling and Development, Family Studies, and Family Therapy. The Master of Education program is offered in Early Childhood Education. At the doctoral level, the Department of Family Sciences offers Ph.D. degree programs in Early Child Development and Education, Family Studies, and Family Therapy.

The mission of the Department of Family Sciences is described as follows: Through an integration of the root disciplines involved in life course human development, the Department of Family Sciences facilitates the development of learning and competencies in students who will enhance the quality of life for individuals and families in a diverse global society. The Family Sciences faculty empowers students to be proactive and systemic in approach. Students enrolled in Family Sciences graduate programs will find a considerable portion of classes offered in both an online and a traditional face-to-face format. Every program area includes classes with at least a portion of time dedicated to online instruction. The Master of Science in Family Studies is available in both online and traditional formats.

The department seeks to guide students in strengthening and expanding their competencies and to prepare them for professional positions related to the degree programs offered. Degree programs are planned in consultation with advisory committees to meet the students’ individual needs based on their academic and professional backgrounds and goals. No grade below ‘B’ is accepted toward a master’s or doctoral degree in the department.

Counseling and Development

The M.S. in Counseling and Development is accredited by the Council for Accreditation of Counseling and Related Educational Programs (http://www.cacrep.org) (CACREP). Students pursuing the M.S. in Counseling and Development may choose a focal area of interest in either Clinical Mental Health (MHC) Counseling (designed to meet educational requirements for Licensed Professional Counselor [LPC] licensure) or School Counseling (designed to meet educational requirements of the State Board for Educator Certification and LPC). Certificates are awarded by the State Board for Educator Certification; contact the Department of Teacher Education (http://www.tea.state.tx.us) for information about current Texas certificates. Students who complete educational requirements in Clinical Mental Health Counseling are eligible to become a Licensed Professional Counselor (LPC). Students who sit for the licensure examination should be aware that successful completion of a 3000 clock hour postmaster’s internship in counseling is required in addition to successfully passing the examination by the National Board of Certified Counselors (http://nbcc.org) in order to become a Licensed Professional Counselor. The master’s degree in counseling meets the academic requirements for LPC.

Students may satisfy the academic requirements for Registered Therapist (RPT) in either Clinical Mental Health Counseling or School Counseling, if appropriate electives are successfully completed.

A dual Master of Science in Counseling and Development and Master of Arts in Music (with an emphasis in Music Therapy) is available to students who declare their intentions to pursue this option prior to the completion of 12 semester credit hours of graduate credit toward their degrees. Students must complete separate applications to both departments/programs through the Graduate School. Students are to consult with both departments for more information on degree plans and specific requirements for each department.

Family Therapy

Students completing the master’s and doctoral degree programs in Family Therapy have each met the academic degree requirements to sit for the national examination for Licensed Marriage and Family Therapist (LMFT) in Texas (http://www.dshs.state.tx.us/mft/default.shtm). Those who pass the
licensure examination must also complete 3,000 hours of therapy under supervision as an LMFT-Associate before becoming fully licensed as an LMFT by the Texas State Board of Examiners of Marriage and Family Therapists.

Child Development, Family Studies, and Early Childhood Education

Both the M.S. in Child Development and the M.S. in Family Studies meet the standards and criteria required for the Provisional Certified Family Life Educator (CFLE) designation from the National Council on Family Relations (NCFR). The Family Studies degree is not designed to train family therapists or counselors; the curriculum includes no clinical competencies.

The Early Childhood Education master’s degree program provides professional development for teachers of young children.

Admissions

Admission Requirements

Please see the admissions section of this catalog (p. 52) for general TWU Graduate admissions requirements and process.

No more than 12 semester credit hours taken as a non-degree-seeking student may be applied on a degree plan. Regardless of the grade a student makes, taking 12 semester credit hours does not assure admittance to a graduate program in Family Sciences. The student must apply to the Graduate School as a non-degree-seeking student and must receive permission from the department chair before enrolling in graduate classes offered by the Department of Family Sciences.

Child Development, Early Childhood Education, and Early Child Development and Education

All applicants for master graduate degrees in Child Development and Early Childhood Education, are expected to hold an earned bachelor’s degree and have a minimum 3.0 GPA for the last 60 semester credit hours of undergraduate study. A minimum of 3.5 GPA for all prior graduate work is required for Early Child Development and Education doctoral applicants. In addition, all applicants are expected to present Graduate Record Examination scores in both the Verbal and Quantitative areas. Applicants for the Master’s degree are expected to submit a current vita and three letters of reference. Applicants for the doctoral degree are expected to submit a current vita, a letter of intent, and three letters of reference.

Counseling and Development

All applicants for a graduate degree in Counseling and Development are expected to hold an earned bachelor’s degree and have a minimum 3.0 GPA for the last 60 semester credit hours of undergraduate study and a minimum of 3.0 GPA for all prior graduate work. In addition, an interview with program faculty is part of the admissions criteria. A role play group session and a writing sample are required on the interview day. Individuals applying for the school counseling “certification” only must have a Master’s degree, a Texas teaching certification and two years minimum of classroom teaching experience are required by the end of the program to be licensed by the state.

Family Therapy

All applicants for the Master’s degree in Family Therapy are expected to hold an earned bachelor’s degree and have a minimum of 3.25 GPA for the last 60 semester credit hours of undergraduate study. In addition, they are expected to submit a letter of intent and participate in an interview as part of the admissions process. During the day of the interview, they will be asked to give two writing samples.

Applicants for the doctoral degree in Family Therapy are expected to hold a Master’s degree with a minimum of 3.5 GPA on all graduate work. In addition, a letter of intent and vita/resume are required. An interview with program faculty is part of the admissions criteria. Two writing samples are required on the day of the interview.

Family Studies

All applicants for the Family Studies graduate programs must submit a letter of intent and a vita/resume. Specifications for the letter of intent are available on the Family Studies website (http://www.twu.edu/family-sciences/family-studies.asp). Individuals applying for the Master’s degree are expected to hold an earned bachelor’s degree or equivalent and have a minimum 3.0 GPA for the most current 60 hours of college credit work, be it Master’s, post-baccalaureate, or undergraduate work.

Individuals applying for the doctorate are expected to hold a completed Master’s degree with a minimum of 3.35 GPA for all graduate work. After the admissions committee reviews the application, letter of intent and vita, an invitation for an on-campus visit will be issued to the applicants who they determine are qualified for the program.

Certificate

School Counseling

• Post-Master’s Certificate in School Counseling (p. 200)
Master of Arts in Teaching (M.A.T.)

- M.A.T. (emphasis in Early Childhood Education) (p. 200)

Family and Consumer Sciences Education

Three Post-Baccalaureate teacher certification options are available:

- Family and Consumer Sciences composite certificate
- Human Development and Family Studies specialized certificate
- Hospitality, Nutrition, and Food Sciences specialized certificate

Students who wish to be certified to teach Family and Consumer Sciences should contact the Department of Family Sciences (http://www.twu.edu/family-sciences) for additional information.

Minors

Minors Offered to Students from Other Departments

Students in other departments may minor in any program in the department with the exception of Counseling and Development and Family Therapy. Courses appropriate for the minor should be chosen in consultation with an advisor in the minor area or the department chair prior to enrollment.

Courses

FS 5003. Lifespan Human Development. Examination of similarities and differences in conceptions of behavior throughout the lifespan; emphasis on individual development in the context of the family; includes 15 hours directed observation. Three lecture hours a week. Credit: Three hours.

FS 5023. Family Sexuality. Concepts of developmental sexuality, including sex education within the family. Three lecture hours a week. Credit: Three hours.

FS 5103. Families as Consumers. Family decision-making, values, and goals; analysis of current consumer trends and issues impacting the family; strategies for consumer education and advocacy. Three lecture hours a week. Credit: Three hours.

FS 5113. Theories of Human Development. Focus on theoretical concepts of development in the areas of cognition, language, personality growth, educational theory, and social-cultural perspectives. Three lecture hours a week. Credit: Three hours.

FS 5123. Theories of the Family. Theoretical and functional approach to the family; the nature and functions of the family; its relationship to institutions, culture, and the individual. Three lecture hours a week. Credit: Three hours.

FS 5143. Addiction Counseling. Introduction to the assessment, theories, and treatment of dependency. Emphasis on effects of drug and alcohol abuse on individuals and families, the recovery process, and basic concepts and techniques of treatment and rehabilitation. Three lecture hours a week. Credit: Three hours.

FS 5153. Family Changes and Diversity. Comprehensive synthesis of current research and theories related to cultural, economic, and structural variations in families; examination of family resilience in response to change. Three lecture hours a week. Credit: Three hours.

FS 5163. Play Therapy. Philosophy and basic assumptions about functions of play for children, major theories, and approaches to play therapy; observation and didactic work with children in play therapy. Three lecture hours a week. Credit: Three hours.

FS 5173. Crisis Intervention Counseling. Crisis theory and intervention strategies; special emphasis on suicidology, natural and man-made disasters, and crisis management in the schools. Three lecture hours a week. Credit: Three hours.

FS 5183. Grief and Bereavement. Death and bereavement from a social, psychological, biological, and physiological perspective; special types of loss such as death of a child, miscarriage, and bereavement by suicide; therapeutic interventions and strategies linked to the grieving process; ethical issues such as euthanasia, DNR orders, and withdrawal of life support. Three lecture hours a week. Credit: Three hours.

FS 5193. Statistics for Research in Family Sciences. Analysis of data using descriptive and inferential statistics; selection of appropriate statistical tests; interpretation of research publications; applications of statistical methods using computer software. Three lecture hours a week. Credit: Three hours.

FS 5203. Language and Literacy in Early Childhood. In-depth study of language and literacy for ages birth through eight, including strategies for promoting early literacy development at home and at school. Three lecture hours a week. Credit: Three hours.

FS 5213. Curriculum Development in Early Childhood. In-depth study of basic principles underlying curriculum construction and innovative instructional practices for ages birth to eight; emphasis on research related to organization and sequential arrangement of materials. Observations/Field Experience: Fifteen clock hours. Three lecture hours a week. Credit: Three hours.

FS 5221. Seminar in Family Sciences. Review of current research strategies and findings in relevant literature. Variable topics. May be repeated for five additional hours of credit. One seminar hour a week. Credit: One hour.
FS 5223. Child Growth and Human Development in Early Childhood. Motor, social, emotional, and cognitive aspects of the development of children birth through age eight. Observation/Field experience: Fifteen clock hours. Three lecture hours a week. Credit: Three hours.

FS 5233. Communication in Marriage and Family. Personal growth and professional development through the examination of effective communication in marriage and family. Presentation of various theories and techniques of communication to demonstrate diverse patterns of verbal and nonverbal communication within the family unit. Three lecture hours a week. Credit: Three hours.

FS 5243. Adolescents in the Family. Understanding of the physical, social, psychological, and behavioral characteristics of the adolescent in the context of the family. Three lecture hours a week. Credit: Three hours.

FS 5253. Gender Role Development. Development of male and female roles across the life cycle. Familial, parental, filial, and school influences. Implications for teachers, parents, administrators, and counselors. Three lecture hours a week. Credit: Three hours.

FS 5263. Observation and Assessment in Early Childhood. Designed to provide a comprehensive knowledge base concerning assessment of young children. Areas of emphasis include development of skills in selection; use and interpretation of developmentally appropriate formal, informal, and holistic instruments and procedures; measurement terms and principles; procedures and legal requirements for record keeping; use of technology in assessment; and managing an assessment team. Observation/Field experience: Fifteen clock hours. Three lecture hours a week. Credit: Three hours.

FS 5273. Reflections and Perspectives in Early Childhood. An analysis of contemporary issues and problems in early childhood including investigations of current research, as well as analysis of ethical, political, and advocacy teams. Three lecture hours a week. Credit: Three hours.

FS 5283. Technology and the Young Learner. Examination of developmentally appropriate use of technology with all young learners including integration into curriculum areas, environmental considerations, and the use of technology tools for observation, documentation, and communication with families and peers. Observation/Field experience: Fifteen clock hours. Three lecture hours a week. Credit: Three hours.

FS 5293. Advanced Play Therapy: Theories and Applications. Theories, techniques/methods, applications to special settings or populations, ethics, and professional responsibilities. Includes conference attendance and clinical experience in play therapy. Prerequisite: FS 5163 or equivalent. Three lecture hours a week. Credit: Three hours.

FS 5303. Professional Orientation and Ethics in Counseling. Introduction to the counseling profession and ethics. Examines the characteristics of the effective counselor and the parameters of counseling in a variety of settings, including schools and agencies. Prerequisite: Permission of the instructor. Three lecture hours a week. Credit: Three hours.

FS 5323. Psychological Appraisal of the Individual. Nature and status of psychological testing; in-depth investigation of characteristics and structure of intelligence, achievement, and personality measuring techniques; actual practice in selection, administration, and interpretation of standardized tests. Prerequisite: FS 5303 or permission of instructor. Three lecture hours a week. Credit: Three hours.

FS 5353. Clinical Diagnosis and Treatment Planning for Counselors. Descriptive, research-based, and clinical knowledge for the diagnosis and treatment of mental disorders by counselors. Includes personality disorders and disorders of behavior, impulse control, mood, and anxiety, or loss of contact with reality. Study of the APA Diagnostic and Statistical Manual of Mental Disorders and its use in treatment planning. Three lecture hours a week. Credit: Three hours.

FS 5363. Prepracticum. Experiential learning and practice of skills, qualities, and decision-making capabilities integrated in the effective intentional counselor. Practice of the techniques of counseling is performed under supervision. Prerequisites: FS 5303 and FS 5313 for Counseling and Development students; FS 5133, FS 5303, or 6233 for Family Therapy students; and permission of the instructor. Ten practicum hours a week. Credit: Three hours.

FS 5364. Practicum in Counseling and Development. Professional supervised experience in counseling individuals and groups; supervision of live or videotaped sessions. Prerequisites: FS 5363 and permission of the instructor. Thirteen practicum hours a week. Credit: Four hours.

FS 5373. Group Counseling Procedures. A study of theories, techniques, and procedures in group counseling; development of skills to counsel small groups and conduct developmental group guidance activities in educational settings. Prerequisites: FS 5303, FS 5313, and FS 5363; or permission of instructor. Three lecture hours a week. Credit: Three hours.

FS 5383. Counseling Children and Adolescents. Current theories for counseling children and adolescents; emphasis on practical experiences. Prerequisites: Six graduate hours in counseling, psychology, or family sciences; and permission of instructor. Three lecture hours a week. Credit: Three hours.

FS 5393. School Guidance and Counseling Services. Various organizational patterns, administrative practices, and functions of modern school counseling and guidance programs; current counseling and assessment techniques; professional and ethical aspects; current issues and trends in school counseling programs. Three lecture hours a week. Credit: Three hours.

FS 5413. Development and Administration of Programs for Young Children. Examination of program needs; principles of management and administration applied to programs for young children. Emphasis on working with advisory boards, developing program goals and objectives, financial and human resources, legal concerns, program evaluation, physical space and equipment. Three lecture hours a week. Credit: Three hours.

FS 5443. Multicultural Counseling. Techniques for counseling minorities. Special consideration is given to counseling needs of Black Americans and Hispanic Americans. Three lecture hours a week. Credit: Three hours.
FS 5453. Counseling for Career Development. Theories, techniques, and procedures for counseling with a focus on career and educational decisions. Three lecture hours a week. Credit: Three hours.

FS 5493. Community Mental Health Counseling. Examination of the historical development, current status, and functions of community mental health agencies; role of the counselor and other professionals as well as community-related organizations. Three lecture hours a week. Credit: Three hours.

FS 5533. Parenting Education. Examination of parent education methodology (planning, implementation, and evaluation) and content (parent/child relations, guidance, parenting stages, issues, and context). Exploration of related programs and agencies, historical context, and ethical issues. Three lecture hours a week. Credit: Three hours.

FS 5544. Internship in Family Therapy. Professional, supervised experience in counseling families, couples, and individuals; clinical supervision of live or video recorded sessions, 100 face-to-face clinical hours per semester. To be taken three consecutive semesters. Prerequisites: FS 5353, FS 5363, FS 5553, FS 5563, FS 5853, FS 5883, FS 6233, and permission of instructor. Ten practicum hours a week. Credit: Four hours.

FS 5553. Principles of Couple Therapy. Child problems as an avenue to couple therapy, premarital counseling, relationship assessment, emotional and relationship difficulties of the family. Prerequisite: Permission of instructor. Three lecture hours a week. Credit: Three hours.

FS 5563. Family Therapy I. Basic techniques for family therapy; theoretical basis for the techniques used; application of counseling principles to family situations; child problems as an avenue to family therapy; the family as a unit for therapy. Three lecture hours a week. Credit: Three hours.

FS 5573. Family Crises. Stresses on family systems with emphasis on coping and adaptation strategies. Three lecture hours a week. Credit: Three hours.

FS 5593. Play, Development, and the Young Learner. Investigation of play as the cornerstone of the young child's environment and as a foundation for curriculum development. Observation of children's play as well as theoretical applications of observations will be examined. Three lecture and one laboratory hour a week. Credit: Three hours.

FS 5603. Aging in Families and Society. Issues and implications of aging for families and society. Focus on research and policy. Three lecture hours a week. Credit: Three hours.

FS 5643. The Development of Infants and Toddlers. Development of the child during the first 24 months of life; special emphasis placed on the active interchange that occurs between infants, toddlers, and the environments in which they develop; programming designed to serve infants, toddlers, and their families included. Three lecture hours a week. Credit: Three hours.

FS 5663. Leadership and Staff Development in Family Sciences Programs. Examination of styles of leadership, communication skills, supervision and motivation of staff, staff development activities, and administration of organized services and programs; emphasis on the facilitation of change. Three lecture hours a week. Credit: Three hours.

FS 5693. Research Methods in Family Sciences. Development of foundational knowledge of family sciences research methodology; emphasis on skill in planning and conducting family sciences research projects. Prerequisites: Nine hours of master's level coursework completed. Three lecture hours a week. Credit: Three hours.

FS 5713. Housing and Families. Interdisciplinary approach to current conditions impacting family housing, including economic, social, psychological, and aesthetic aspects. Three lecture hours a week. Credit: Three hours.

FS 5783. Issues in Early Childhood Research and Evaluation. A practical approach to research and evaluation theory and practice which includes evaluating research articles and evaluation reports, identifying problems or topics for investigation, and synthesizing literature reviews. Quantitative and qualitative methodologies will be compared. Three lecture hours a week. Credit: Three hours.

FS 5803. Time Management for Families. Principles of time management for families; family time; impact of time on families. Three lecture hours a week. Credit: Three hours.

FS 5823. Families and Public Policy. Application of the family perspective to the policy process; research-based formulation and evaluation of public policy; analysis of policy impact on families; advocacy roles of family sciences professionals. Three lecture hours a week. Credit: Three hours.

FS 5833. Family Economics. Economic, sociological, psychological, and cultural factors affecting consumer behavior. Three lecture hours a week. Credit: Three hours.

FS 5843. Teaching Family Sciences. Theories and techniques of program planning, instruction, and evaluation in family sciences settings; emphasis on needs assessment and curriculum development. Three lecture hours a week. Credit: Three hours.

FS 5853. Family Systems. A fundamental introduction to the systems approach to intervention which integrates information regarding the marital, sibling, and individual subsystems, as well as the family of origin and external societal influences. Three lecture hours a week. Credit: Three hours.

FS 5883. Family of Origin. Theoretical bases of family of origin work. In-depth examination of the student's own family history and review of concepts and therapeutic techniques used in family of origin education and therapy. Three lecture hours a week. Credit: Three hours.
FS 5993. Thesis. Prerequisite: FS 5983. Credit: Three hours.

FS 6003. Advanced Study of the Lifespan. The developmental process as it occurs during the life cycle and implications for the family; relationship of the developmental process to relevant issues in family sciences. Three lecture hours a week. Credit: Three hours.

FS 6233. Issues and Ethics in Professional Development. An examination of the major issues for professionals in family therapy; emphasis on legal and ethical standards, professional identity, and private practice issues; examination of the legal/therapeutic interface as it directly impacts practice. Three lecture hours a week. Credit: Three hours.

FS 6243. Theories and Strategies for Intervention In Family Therapy. Examination of major strategies for intervening to change interaction within families and other intimate relationships; presentation of change techniques from a systemic perspective; emphasis on current intervention strategies that are ecological in nature. Prerequisite: Permission of instructor. Three lecture hours a week. Credit: Three hours.

FS 6253. Supervision in Family Therapy. Techniques in family therapy supervision, including both didactic and interactive components. Prerequisite: Permission of instructor. Three lecture hours a week. Credit: Three hours.

FS 6303. Academic Life and Scholarship. Higher education culture from the perspective of a professor: university operations, including admissions, recruitment, university development, and funding sources; philosophies of teaching, research, and service; student characteristics and learning styles; university tenure and promotion issues; and professional identity. Prerequisite: Doctoral student classification. Three lecture hours a week. Credit: Three hours.

FS 6323. Health, Illness, and Families. Research-based focus on the macro and micro systemic interactions in families dealing with the health/illness continuum and the mental/physical health care systems. Three lecture hours a week. Credit: Three hours.

FS 6333. Effective Online Teaching. Effective online education and learning standards, principles, research, and course design and delivery; developing an effective online course, including hybrid models; best practices for teaching online; and strategies for assessing the quality online education. Open to all majors. Three lecture hours a week. Credit: Three hours.

FS 6403. Theory Building in Family Sciences. Foundational elements of theories and models of theories in family sciences; the relationship between theories, models, concepts, and the design and implementation of research in family sciences. Three lecture hours a week. Credit: Three hours.

FS 6413. Current Research and Issues in Family Sciences. Emphasis on conceptual and theoretical frameworks in guiding research design and critical analysis of recent literature in family sciences. Three lecture hours a week. Credit: Three hours.

FS 6423. Readings in Family Sciences. Critical review of current and classical research and other literature concerned with issues and concepts of family sciences. Three lecture hours a week. Credit: Three hours.

FS 6433. Grants Writing in Family Sciences. Study of available funding sources for human services programs; developing skills for requesting funds for an organization or agency; review and evaluation procedures. Three lecture hours a week. Credit: Three hours.

FS 6513. Language and Cognitive Development in Young Children. Origins and development of language; cognition as a function of language, stages, and environment; interrelationships of language and cognitive development. Three lecture hours a week. Credit: Three hours.

FS 6544. Advanced Internship in Family Therapy. Professional supervised clinical experience in family therapy with families, couples, and individuals; supervision of live or video-recorded sessions. Prerequisites: FS 5353, FS 5363, FS 5553, FS 5563, FS 5853, FS 5883, FS 6233 (or the equivalents), and permission of the instructor. To be taken four consecutive semesters. Three lecture and three laboratory hours a week. Credit: Four hours.

FS 6563. Family Therapy II. Continuation of family therapy theory development; overview of systemic therapies including MRI, Milan, reflecting team, contextual, language systems, and brief therapy models. Three lecture hours a week. Credit: Three hours.
FS 6593. Practicum in Family Sciences. Professional supervised experience in working directly with children, families, or consumers in selected business, institution, or agency appropriate for Family Sciences. Job assignment based on student interests, skills, and degree program. Individual conferences and work hours to be arranged. Twelve practicum hours a week. Credit: Three hours.

FS 6623. Social and Cultural Dimensions of Early Language Development. Analysis of psycholinguistic and sociolinguistic research in early childhood language development; determination of patterns of language use in early childhood classes focused on the understanding of the literacy processes embedded in social practices; methods for continuing language growth in the classroom based on the demonstrated processes of language development. Three lecture hours a week. Credit: Three hours.

FS 6653. Seminar in Developmental Theory. An analysis and integration of theories and research on development in the early childhood and middle school years. Three lecture hours a week. Credit: Three hours.

FS 6663. Foundations of Early Childhood Education. Historical, philosophical, sociological, physical, and psychological bases for understanding and implementing programs of early childhood education. Prerequisite: Six hours of child development or permission of instructor. Three lecture hours a week. Credit: Three hours.

FS 6683. Professional Seminar in Family Sciences. Development as a professional in Family Sciences demonstrated through teaching, research, and writing. Three seminar hours a week. Credit: Three hours.

FS 6693. Advanced Quantitative Research Methods In Family Sciences. Advanced quantitative research design and its application in family sciences; analysis and evaluation of quantitative research; data interpretation; emphasis on hypotheses, variables, ethics, instrumentation, sampling, reliability, and validity; preparation of a quantitative research plan. Prerequisites: A master's level research methods course and a graduate-level statistics course. Three lecture hours a week. Credit: Three hours.

FS 6793. Advanced Qualitative Research Methods In Family Sciences. Advanced qualitative research design and its application in family sciences; analysis and evaluation of qualitative research; data collection and interpretation; emphasis on research questions and ethical issues; preparation of a qualitative research plan. Prerequisites: A master's level research methods course. Three lecture hours a week. Credit: Three hours.

FS 6863. Family Financial Counseling. Examination of relationship between financial needs and family dynamics. Develop skills in assisting families with financial problems through family education and counseling. Three lecture hours a week. Credit: Three hours.

FS 6873. Applied Multivariate Statistics for Family Sciences. Influence of multiple variables upon each other; procedures for multivariate statistics such as multiple regression, covariance, discriminant function analysis in family sciences research; using SPSS for multivariate analysis; evaluation of the influence of research design and statistical methods on research hypotheses and conclusions. Prerequisite: Graduate-level statistics course. Three lecture hours a week. Credit: Three hours.

FS 6903. Special Topics. Three lecture hours a week. Credit: Three hours.

FS 6911. Independent Study. Intensive study of a problem of individual or professional interest in family sciences. Credit: One hour.

FS 6913. Independent Study. Intensive study of a problem of individual or professional interest in family sciences. Credit: Three hours.

FS 6941. Resources in Family Sciences. Individual study; collection of data in an individual situation, school, and/or community for a terminal problem in one semester or for a research study to be continued. Credit: One hour.

FS 6943. Resources in Family Sciences. Individual study; collection of data in an individual situation, school, and/or community for a terminal problem in one semester or for a research study to be continued. Credit: Three hours.

Faculty

Professors

ARMSTRONG, JOYCE, Professor of Family Sciences. B.S., East Texas State University; M.Ed., East Texas State University; Ph.D., Texas Woman’s University.

LADD, LINDA, Professor of Family Sciences. B.A., Portland State University; M.S., Portland State University; Ph.D., Oregon State University; Psy.D., Pacific University.

LEFLORE, LARRY, Professor of Family Sciences; Dean of the Graduate School. B.A., William Carey College; M.S., University of Southern Mississippi; Ph.D., Florida State University.

MARTIN, JENNIFER L., Professor of Family Sciences; Senior Associate Provost. B.A., Lamar University; M.S., Lamar University; Ph.D., Texas Woman’s University.

PETTY, KAREN L., Professor of Family Sciences; Chair of the Department of Family Sciences. B.S., Stephen F. Austin State University; M.Ed., Stephen F. Austin State University; Ph.D., Texas A&M University.
SNIDER, SHARLA L., Professor of Family Sciences. B.S., University of North Texas; M.A., Texas Woman's University; Ph.D., Texas Woman's University.

**Associate Professors**

BROCK, LINDA J., Associate Professor of Family Sciences. B.B.A., University of North Texas; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

BUCKLEY, RHONDA R., Associate Professor of Family Sciences. B.A., Auburn University; M.A., Auburn University; Ph.D., Auburn University.

GILLUM, NERISSA LEBLANC, Associate Professor of Family Sciences. B.S., Ambassador University; M.S., University of North Texas; Ph.D., University of North Carolina, Greensboro.

HWANG, SHANN HWA, Associate Professor of Family Sciences. B.A., Malone College; M.A., Ashland University; Ph.D., University of Tennessee, Knoxville.

McCARROLL, ELIZABETH M., Associate Professor of Family Sciences. B.S., University of Texas at Austin; M.S., Texas Tech University; Ph.D., Texas Tech University.

MOORE, LIN, Associate Professor of Family Sciences. B.S., Texas Woman's University; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

MURO, JOEL, Associate Professor of Family Sciences. B.A., Austin College; M.J., University of North Texas; Ph.D., University of North Texas.

ROSE, KATHERINE K., Associate Professor of Family Sciences. B.S., Baylor University; M.S., Purdue University; M.S., University of North Texas; Ph.D., Purdue University.

VITTRUP, BIRGITTE M., Associate Professor of Family Sciences. B.A., Texas State University; B.S., University of Texas at Austin; M.A., University of Texas at Austin; Ph.D., University of Texas at Austin.

**Assistant Professors**

BLANCO, PEDRO, Assistant Professor of Family Sciences. B.A., Southwest Texas State University; M.A., Lewis-Clark State College; Ph.D., University of North Texas.

BROWN, MELISSA MCINNIS, Assistant Professor of Family Sciences. B.A., University of Texas at Austin; M.A., University of Alabama, Tuscaloosa; PhD. University of Alabama, Tuscaloosa.

HOLLIMAN, RYAN, Assistant Professor of Family Sciences. B.A., University of North Texas; M.Ed., University of North Texas; PhD., University of North Texas.

HUEY, ERRON, Assistant Professor of Family Sciences. B.A., Harding University; M.S., Oklahoma State University; Ph.D., Oklahoma State University.

McCLINTIC, SANDRA T., Assistant Professor of Family Sciences. B.S., Texas Woman's University; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

MOORE, HOLLY, Assistant Professor of Family Sciences. B.M., Sam Houston State University; M.M., Sam Houston State University; M.Ed., University of Texas-Austin; Ph.D., University of Texas-Austin.

MURO, LILIA LAMAR, Assistant Professor of Family Sciences. B.A., University of Texas at San Antonio; M.A., Southwest Texas State University; Ph.D., University of North Texas.

NORTON, AARON, Assistant Professor of Family Sciences. B.S., University of Utah; M.S., Kansas State University; Ph.D., Kansas State University.

WOODS, SARAH B., Assistant Professor of Family Sciences. B.A., University of Rochester; M.S., University of Rochester; Ph.D., Florida State University.

**Lecturer**

DUTTON, CATHERINE L., Visiting Lecturer I of Family Sciences. B.A., Utah State University; M.A.T., Texas Woman's University; Ph.D., Texas Woman's University.

**Master of Science in Child Development**

All degree plans are developed in consultation with the student’s advisory committee and are based on current departmental requirements as well as individual student needs and objectives. No grade below ‘B’ is accepted toward the master’s degrees described below.
Total Semester Credit Hours Required

33 semester credit hours (thesis option) or
40 semester credit hours (non-thesis option)

Required

Courses in research and subject matter specified in degree plan.

Special Requirements

Students who earn two grades of 'C' or below in graduate classes will be dismissed from the program.

Final Examination

Most programs require an oral defense of the thesis or portfolio. This examination may be repeated if deemed appropriate by the student’s advisory committee, with the approval of the chair of the department.

Master of Science in Child Development Program of Study (33 or 40 semester credit hours)

Thesis Option (33 semester credit hours)

| Core (9 SCH)                  | FS 5003 | Lifespan Human Development (CFLE) | 3 |
| FS 5113 | Theories of Human Development | 3 |
| FS 5123 | Theories of the Family (CFLE) | 3 |

Research (12 SCH)

Select 12 hours from the following:

| FS 5693 | Research Methods in Family Sciences | 3 |
| FS 5193 | Statistics for Research in Family Sciences | 3 |
| FS 5983 | Thesis | 3 |
| FS 5993 | Thesis | 3 |

Content Specialization (9 SCH)

Select nine hours from the following:

| FS 5023 | Family Sexuality (CFLE) |
| FS 5243 | Adolescents in the Family |
| FS 5533 | Parenting Education (CFLE) |
| FS 5593 | Play, Development, and the Young Learner |
| FS 5613 | Child Guidance |
| FS 5643 | The Development of Infants and Toddlers |
| FS 5413 | Development and Administration of Programs for Young Children (ADMN) |

Professional Competencies (3 SCH)

Select three hours from the following:

| FS 5153 | Family Changes and Diversity (CFLE) |
| FS 5233 | Communication in Marriage and Family (CFLE) |
| FS 5663 | Leadership and Staff Development in Family Sciences Programs (ADMN) |
| FS 5823 | Families and Public Policy (CFLE) |
| FS 5833 | Family Economics (CFLE) |
| FS 5843 | Teaching Family Sciences (CFLE) |
| FS 5933 | Practicum in Family Sciences |
| BUS 5273 | Human Resource Administration (ADMN) |
| BUS 5523 | Management and Organization (ADMN) |

Total Semester Credit Hours

33

Non-thesis Option (40 semester credit hours)

| Core (9 SCH)                  | FS 5003 | Lifespan Human Development (CFLE) | 3 |
FS 5113  Theories of Human Development  3
FS 5123  Theories of the Family (CFLE)  3

Research (7 SCH)
FS 5693  Research Methods in Family Sciences  3
FS 5193  Statistics for Research in Family Sciences  3
FS 5911  Independent Study ("Portfolio")  1

Content Specialization (12 SCH)
Select 12 hours from the following:  12
- FS 5023  Family Sexuality (CFLE)
- FS 5243  Adolescents in the Family
- FS 5533  Parenting Education (CFLE)
- FS 5593  Play, Development, and the Young Learner
- FS 5613  Child Guidance
- FS 5643  The Development of Infants and Toddlers
- FS 5413  Development and Administration of Programs for Young Children (ADMN)

Professional Competencies (12 SCH)
Select 12 hours from the following:  12
- FS 5153  Family Changes and Diversity (CFLE)
- FS 5233  Communication in Marriage and Family (CFLE)
- FS 5663  Leadership and Staff Development in Family Sciences Programs (ADMN)
- FS 5823  Families and Public Policy (CFLE)
- FS 5833  Family Economics (CFLE)
- FS 5843  Teaching Family Sciences (CFLE)
- FS 5933  Practicum in Family Sciences
- BUS 5273  Human Resource Administration (ADMN)
- BUS 5523  Management and Organization (ADMN)

CFLE Non-thesis Option (additional course required beyond 39 semester credit hours)
- FS 5843  Teaching Family Sciences

Certified Family Life Educator
The M.S. in Child Development has been approved by the National Council on Family Relations as meeting the Standards and Criteria required for the Professional Certified Family Life Educator (CFLE) designation. Courses noted as “CFLE” must be completed in order to qualify for the abbreviated CFLE application process. In addition, FS 5843 – Teaching Family Sciences must be completed beyond the 39 hours required for the non-thesis option degree.

Administration Emphasis
Courses noted as “ADMN” are suggested for an emphasis in Administration of Programs for Young Children.

Master of Science in Counseling and Development
All degree plans are developed in consultation with the student’s advisory committee and are based on current departmental requirements as well as individual student needs and objectives. No grade below ‘B’ is accepted toward the master’s degrees described below.

Total Semester Credit Hours Required
Minimum 52 or 61 semester credit hours respectively, in either of the focal areas of interest listed below:

1. Professional School Counseling: Designed to meet the School Counselor educational requirements of the State Board for Educator Certification.
2. Clinical Mental Health Counseling: Designed to meet the educational requirements for Licensed Professional Counselor (LPC).

Special Requirements
All students admitted to the Counseling and Development Program must meet departmental and program criteria prior to filing a degree plan. Students should refer to the Family Sciences Graduate Handbook and the Counseling and Development Program Guidelines for specific program criteria. Three of the first twenty one semester credit hours must be FS 5363 and FS 5373. A grade of ‘CR’ is required in FS 5363 and at least a "B" in FS 5373 prior to enrolling in FS 5364. A grade of ‘CR’ is required in FS 5364 prior to enrolling in FS 5894. A student who 1) earns a grade of less than ‘B’ (‘C’, ‘D’, ‘F’,...
or 'WF') in two graduate courses or in the same graduate course; 2) earns a grade of 'PR' twice in FS 5363, FS 5364, FS 5373, or FS 5894; or 3) earns one 'C' in a graduate course and one 'PR' in FS courses FS 5363, FS 5373, FS 5364, or FS 5894 will be dismissed from the program.

Passing a criminal background check may be required by TWU and/or certain facilities associated with the required clinical work or for certifications/licensures. If students are unable to be cleared on any of these requirements, they may not be eligible to continue in the program or become certified/licensed.

**Dual Degree in Counseling and Development and Music (with emphasis in Music Therapy)**

For a minimum of 64 semester credit hours students can meet the educational requirements for Licensed Professional Counselor (LPC) and the educational requirements to sit for the national examination administered by the Certification Board for Music Therapists (MT-BC).

**Final Examination**

Most programs require an oral defense of the thesis or portfolio. This examination may be repeated if deemed appropriate by the student’s advisory committee, with the approval of the chair of the department.

**Master of Science in Counseling and Development (emphasis in Professional School Counseling) Program of Study (52 semester credit hours)**

Dual Degree: M.S. in Counseling and Development and M.A. in Music (emphasis in Music Therapy)

The guidelines for the master's level preparation in Counseling and Development and Music (emphasis in Music Therapy) Dual Degree within the State Board of Examiners for Professional Counselors (LPC) are listed below. The dual Master's degree in Counseling and Development and Music (emphasis in Music Therapy) consists of 64 semester credit hours.

The Council for Accreditation for Counseling and Related Educational Programs (CACREP), a specialized accrediting body recognized by the Council for Higher Education (CHEA), has conferred accreditation to the M.S. in Counseling and Development, Community Counseling focal area.

Total Semester Credit Hours Required

For a minimum of 64 semester credit hours students can meet the educational requirements for Licensed Professional Counselor (LPC) and the educational requirements to sit for the national examination administered by the Certification Board for Music Therapists (MT-BC).

Special Requirements

All students admitted to the Counseling and Development Program must meet departmental and program criteria prior to filing a degree plan. Students should refer to the Family Sciences Graduate Handbook and the Counseling and Development Program Guidelines for specific program criteria. Three of the first twenty one semester credit hours must be FS 5363 and FS 5373. A grade of ‘CR’ is required in FS 5363 and at least a "B" in FS 5373 prior to enrolling in FS 5364. A grade of ‘CR’ is required in FS 5364 prior to enrolling in FS 5894. A student who 1) earns a grade of less than ‘B’ (‘C’, ‘D’, ‘F’, or ‘WF’) in two graduate courses or in the same graduate course; 2) earns a grade of ‘PR’ twice in FS 5363, FS 5364, FS 5373, or FS 5894; or 3) earns one ‘C” in a graduate course and one ‘PR’ in FS courses FS 5363, FS 5373, FS 5364, or FS 5894 will be dismissed from the program.

Passing a criminal background check may be required by TWU and/or certain facilities associated with the required clinical work or for certifications/licensures. If students are unable to be cleared on any of these requirements, they may not be eligible to continue in the program or become certified/licensed.
Final Examination

Most programs require an oral defense of the thesis or portfolio. This examination may be repeated if deemed appropriate by the student’s advisory committee, with the approval of the chair of the department.

Total Semester Credit Hours 64

Testing for drugs, specific immunizations in addition to those required by TWU, proof of personal medical insurance, and/or passing a criminal background check may be required by certain facilities associated with the required clinical work or for certification/licensure. If students are unable to be cleared on any of these requirements, they may not be eligible to continue in the program or to become certified/licensed. The cost of any required background checks, immunizations, and/or drug testing are the responsibility of the student.

Certification as a Music Therapist (MT-BC) is achieved by passing a national examination administered by the Certification Board for Music Therapists. Students completing the dual degree program must be eligible for board certification in music therapy prior to the awarding of the dual degree. Eligibility for board certification as a music therapist is achieved EITHER by completing an undergraduate degree in music therapy prior to admission to the dual degree program OR by completing an undergraduate equivalency program in music therapy concurrently with the dual master’s degree curriculum. Completion of the undergraduate equivalency or an undergraduate degree in music therapy does not guarantee eligibility to take the board certification exam. Questions regarding specific criminal background and its possible effects on eligibility for board certification should be addressed directly to the Certification Board for Music Therapists.

Licensure as a Professional Counselor is achieved by passing a state examination, after completion of coursework and the required supervised clinical work (3000 semester credit hours). Questions regarding eligibility for licensure as a counselor should be addressed to the advisor in the Department of Family Sciences or directly to the Texas State Board of Examiners of Professional Counselors.

Special Note #1

The following courses must be completed prior to enrolling in the Counseling Clinical Competency Sequence:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>FS 5303</td>
<td>Professional Orientation and Ethics in Counseling (Fall 4 weekends)</td>
<td>3</td>
</tr>
</tbody>
</table>
Special Note #2
FS 5373 Group Counseling must be taken concurrently with FS 5364.

Special Note #3
Professional competency courses must be taken at TWU in the Department of Family Sciences. The student must take these courses in sequence and earn a grade of “CR” in each course to advance in the sequence. Any student receiving a “PR” in one of these courses must retake the course before progressing in the sequence. Students receiving 1(one) “PR” in a professional competency course must meet with the Counseling and Development faculty before registering for additional courses. Students receiving a “C” in any course must meet with the Counseling and Development faculty before registering for any additional classes. No two professional competency courses can be taken at the same time. Two grades of “C” or “PR” will result in dismissal from the Counseling and Development program.

Special Note #4:
Students who wish to work in Substance Abuse/Chemical Dependency Facilities should consider taking FS 5143 in addition to this 64 semester credit hour curriculum. The substance abuse course may be taken as the counseling elective in the 64 semester credit hour program.

Special Note #5:
Students taking the equivalency program in music therapy while completing the dual degree in counseling and music therapy must complete their music therapy undergraduate internship before beginning the graduate practicum/internship sequence in counseling. Exceptions may be made on an individual basis, but in no case can a student complete the joint internship in Counseling/MT (the 2nd semester of FS 5894) prior to completing the undergraduate MT internship, as per AMTA requirements.

Refer to the TWU Graduate Catalog for further explanation of policy and procedures.

Required for Graduation with Dual Degree:
Eligibility to take the CBMT Board Certification Examination in Music Therapy 64 Semester Credit Hour Dual Master’s Degree Program

Required for Licensure as LPC:
LPC Examination and Postgraduate Experience (3000 hours)

Master of Education in Early Childhood Education
All degree plans are developed in consultation with the student’s advisory committee and are based on current departmental requirements as well as individual student needs and objectives. No grade below ‘B’ is accepted toward the master’s degrees described below.

Total Semester Credit Hours Required
36 semester credit hours (thesis option) or
40 semester credit hours (non-thesis option)

Required
Courses in research and subject matter specified in degree plan.

Special Requirements
Students who earn two grades of ‘C’ or below in graduate classes will be dismissed from the program.

Final Examination
Most programs require an oral defense of the thesis or portfolio. This examination may be repeated if deemed appropriate by the student’s advisory committee, with the approval of the chair of the department.

#### Total Semester Credit Hours
18
Doctor of Philosophy in Family Studies

All degree plans are developed in consultation with the student's advisory committee and are based on current departmental requirements as well as individual student needs and objectives. No grade below "B" is accepted toward the doctoral degrees described below.

Total Semester Credit Hours Required

A minimum of 90 semester credit hours above the bachelor's degree, including 6 semester credit hours for dissertation. (Proficiency in statistics is required as part of the program, including completion of a 6000-level statistics course.) 30 of 90 hours must be research courses. Consult with advisor for appropriate/approved research courses.

Major

Two-thirds of the total semester credit hours will determine the major.

Note: The specific course requirements and total semester credit hours are developed in cooperation with and approved in a meeting of the student's graduate advisory committee. The department chair also approves individual doctoral degree plans based on current departmental requirements.

Research Tools

The Department of Family Sciences requirement is currently consistent with the university requirements as described in the Graduate School General Requirements section of this catalog. Check with the department for any possible additions in acceptable courses to meet the research tool requirement. These requirements of 12 student credit hours are a part of the 90 semester credit hours minimum described above and are included in the 30 hours of research courses required.

Qualifying Exams

A student seeking the doctoral degree in Family Studies must take the 4-part First Year Qualifying Examination in Family Studies before completing 18 semester credit hours. An acceptable passing score for each section is required. Only one re-take is allowed.

All students are required to complete all course work on the degree plan prior to taking the comprehensive qualifying examinations. The only exception to this rule is that a Family Therapy student may be completing the final semester of internship during the semester when the comprehensive qualifying examination is taken. A student should enroll for the first semester of dissertation (FS 6983) during the semester when the comprehensive qualifying examination is taken.

Family Studies and Family Therapy students will take a three-day written comprehensive qualifying exam that is two-thirds on the major and one-third on the minor or related field. The exam will be prepared by the chair of the advisory committee from questions submitted by the committee members. An oral exam will follow successful completion of the written exam, normally within 10 days. The written and oral examination may be repeated one time.

Early Childhood Development and Education students will take a two-day written comprehensive qualifying exam administered on campus. Upon successfully passing the exam, students will be given one week to write a research proposal, which they will defend at an oral examination. Details of the examination procedure and expectations can be found on the ECDE website (http://www.twu.edu/family-sciences/early-childhood-development.asp). Both written and oral examinations may only be repeated one time.

Final Examination

A comprehensive oral examination will include a defense of the dissertation and the research on which it is based, as well as questions concerning the major. The final examination may only be repeated one time.

Committee Requirements

Dissertation Committee

All dissertation committees are comprised of a minimum of three graduate faculty members. At least two of the committee members must represent the major discipline (component). The committee chair must have full graduate faculty standing. Additional committee voting members must have associate or full graduate faculty standing.

External committee members may be requested by the committee chair by submitting a CV and request to the Dean of the Graduate School for approval. They serve in addition to the required three member committee as an ex-officio committee member.

Degree Plan Committee

All degree plan committees are composed of five graduate faculty members.

No more than 42 semester credit hours of online coursework will count toward the doctoral degree.
Master of Science in Family Therapy

All degree plans are developed in consultation with the student’s advisory committee and are based on current departmental requirements as well as individual student needs and objectives. No grade below ‘B’ is accepted toward the master’s degrees described below.

Total Semester Credit Hours Required

57 semester credit hours (thesis or non-thesis option)

Required

Courses in family therapy (30 hours), research (6 semester credit hours), plus a minimum of 12 semester credit hours of clinical internship specified in degree plan. Students must also pass the Family Therapy M.S. final exam.

Passing a criminal background check may be required by TWU and/or certain facilities associated with the required clinical work or for certifications/licensures. If students are unable to be cleared on any of these requirements, they may not be eligible to continue in the program or become certified/licensed.

Final Examination

Family Therapy requires a written final exam. This examination may be repeated if deemed appropriate by the student’s advisory committee, with the approval of the chair of the department.

Criminal Background Check

Passing a criminal background check may be required by TWU and/or certain facilities associated with the required clinical work or for certifications/licensures. If students are unable to be cleared on any of these requirements, they may not be eligible to continue in the program or become certified/licensed.

Grading Specific to the Family Therapy Program

As stated earlier, all Family Therapy students are required to earn grades of "B" or better in all graduate courses. If less than a "B" is earned, students must retake the course the next available semester the course is offered. If a student earns two non-passing grades in any courses during their program, they will be removed from the program. Even though students have retaken a course and earned a passing grade for one (1) course, it does not negate the consequence associated with this two non-passing grades requirement.

Doctor of Philosophy in Family Therapy

All degree plans are developed in consultation with the student's advisory committee and are based on current departmental requirements as well as individual student needs and objectives. No grade below "B" is accepted toward the doctoral degrees described below.

Total Semester Credit Hours Required

A minimum of 90 semester credit hours above the bachelor's degree, including 6 semester credit hours for dissertation. (Proficiency in statistics is required as part of the program, including completion of a 6000-level statistics course.) 30 of 90 hours must be research courses. Consult with advisor for appropriate/approved research courses.

Major

Two-thirds of the total semester credit hours will determine the major.

Note: The specific course requirements and total semester credit hours are developed in cooperation with and approved in a meeting of the student’s graduate advisory committee. The department chair also approves individual doctoral degree plans based on current departmental requirements.

Post-Master's Certificate in School Counseling

The School Counseling Certificate program prepares Post-Master's students to successfully become eligible for a school counseling certification in public schools in the Texas Public School System. The goal of the certificate is to provide a base of coursework necessary for the taking of the state school counseling exam as well as obtaining employment as a school counselor in the Texas Public School System. Further, it prepares students to successfully execute a school counseling guidance program by aligning coursework with the ASCA (American School Counseling Association) model. Therefore, this certificate program is an approach integrating basic counseling skills and school counseling requirements into a coherent study. Completing this certificate makes the candidate a viable employment option for school districts seeking a school counselor on the elementary or secondary public school levels. Coursework in the certificate program emphasizes the multicultural demographics that exist in the school systems as well as ways to serve these populations’ respective needs. The coursework offers emphasizes the creative use of presenting school guidance programs to students, allowing for potential candidates to find purpose, meaning and the use of individual pioneering spirits in their field of expertise. This eventually may lead to a professional fulfilling life as they are encouraged to amalgamate didactic practices with an inspired approach.

Total Semester Credit Hours 39

Master of Arts in Teaching (emphasis in Early Childhood Education)

The M.A.T. is designed as a minimum 32 semester credit hour program.

The M.A.T. (emphasis in Early Childhood Education) is a degree offered by COPE in collaboration with the Department of Family Sciences. All post-baccalaureate and graduate students seeking certification must comply with admission standards required by the major department and the College of
Professional Education. A student in the M.A.T. program will take 9 Family Sciences Early Childhood Education semester credit hours of their choosing (after advising from the Family Sciences faculty.) The remaining credits are determined and administered by COPE and are as follows:

**Master of Arts in Teaching (M.A.T.) Program of Study (32 or 38 minimum semester credit hours)**

**Academic Specialization (9 SCH)**

This is coursework in the field of study. Students will take the Texas Exam of Educator Standards (TExES) in their field of study before or during their first semester in the program.

**Field-Based Experience (6-12 SCH)**

A full-time, one-semester unpaid professional practicum in a school setting. (All coursework must be completed before beginning student teaching.)

OR

A full-time, two-semester internship (6 semester credit hours) in a school setting in which the student is employed and paid as the teacher of record. (This option requires that 12 semester credit hours of pedagogy courses must be completed.)

**Professional Portfolio and Final Assessment (1 SCH)**

Each student will maintain a professional portfolio throughout her or his program. The completed portfolio must be submitted for evaluation prior to graduation.

**Total Semester Credit Hours**

Department of Reading

Web Site: http://www.twu.edu/reading/

Chair: Connie Briggs, Professor
Location: MCL 907
Phone: 940-898-2227
Fax: 940-898-2224
E-mail: reading@mail.twu.edu

Graduate Degrees Offered

- M.A. in Reading Education (p. 205)
- M.Ed. in Reading Education (p. 206)
- M.A.T. (emphasis in Reading) (p. 207)
- Ph.D. in Reading Education (p. 208)

The principal objectives of the department are to provide professional development in literacy for teachers and educators, with emphases on advanced graduate training in literacy. The department also provides specialized study at the doctoral level in reading, with emphasis on the study and practice of research in selected areas of literacy from early childhood through adult years. A major goal of all graduate programs is to develop leadership potential and skills for graduates of these programs and to encourage effective teaching practice in all areas of public schools and at the college level. At all levels of study, the interrelationships of theory and practice are valued, as students are led to develop theory and new knowledge leading to integration of research and teaching. The department also offers services to teachers, schools, parents, and the community in the form of courses, programs of study, and expert consultation and advice on literacy teaching and learning.

The doctoral program in reading prepares educators and researchers for specialized work in literacy at all levels of education. The program responds to the recognition of the value of literacy and contributes to its development in diverse social contexts, from local school districts to universities in the United States and abroad.

Coursework leads to certification as All-Level Reading Specialist and/or Master Reading Teacher.

Admissions

Admission Requirements

Please see the admission section (p. 52) of this catalog. In addition to these general requirements, the Department of Reading requires certification of proficiency in reading, writing, and speaking English for unconditional admission to all master’s and doctoral degree programs. This proficiency must be certified to the advisor within the period of the first 12 semester credit hours, or its equivalent, of course work taken at Texas Woman’s University toward the degree.

After meeting the general university admission standards, each student’s application is reviewed by the Department Chair. Applicants must satisfy program admission requirements available from department (http://www.twu.edu/reading/apply.asp). Contact the department for current requirements and application procedures.

Certificates

Certification Programs Offered in Reading

Certificates are awarded by the State Board for Educator Certification.

Masters coursework leads to certification as an All-Level (EC-12) Reading Specialist. This certificate requires previous teaching certification and, at the time of completion, a master’s degree and two years’ classroom teaching experience. In addition, students must successfully complete the appropriate certification exam and related requirements.

Coursework also leads to the Master Reading Teacher (MRT) certificate. This certificate requires previous certification, three years’ teaching experience, completion of required coursework, and passing MRT exam. Courses taken for MRT certification can be applied to master’s degrees in the department.

Master’s courses taken at the post-baccalaureate level to satisfy the professional development requirements leading to initial teacher certification (excluding student teaching) may be applied to a master’s degree in the department, subject to department approval. Professional-level certification and endorsements may be coordinated with most master’s and doctoral degrees in the department, depending on advisory committee approval.

Minors
Minors Offered to Students from Other Departments

Minors are available in many areas for master's and doctoral students. Contact department for details.

Courses

Courses

**READ 5023. Literacy Development I: Grades EC-4.** For post-baccalaureate students in emergency or alternative certification programs. Includes planning and organizing for instruction and assessment in oral language, phonological and phonemic awareness, and word analysis for children in grades EC-4; practice-based activities. May be graded on a Credit (CR) or No-Credit basis. Three lecture hours a week. Credit: Three hours.

**READ 5423. Literacy: Practice to Theory.** Theories, issues, and practices in teaching literacy from early childhood through high school. Understanding and construction of literacy theory and processes in relation to practice; observing learners; informed decision making based on formal and informal assessments; addressing the needs of all learners including second language learners. Field experience required. This course is a prerequisite for all reading courses. Three lecture hours a week. Credit: Three hours.

**READ 5443. Literacy: Assessment and Instruction.** Instruction, analysis, and application of research based formal and informal literacy assessments; use of assessments to guide responsive instruction; ability to communicate outcomes and standards to various audiences. Field experience required. Prerequisite: READ 5423. Three lecture hours a week. Credit: Three hours.

**READ 5453. Processes and Strategies for Comprehending Texts.** Theories and practices related to literacies across a variety of print and non-print texts and genres. Focus on providing optimal environments for comprehension and interpretation of texts and on developing students' independent uses of strategies for engaging with these texts. Field experience required. Prerequisite: READ 5423. Three lecture hours a week. Credit: Three hours.

**READ 5463. Practicum in Literacy: Analysis of Teaching and Mentoring.** Clinical experiences in classrooms, small group, and individual instruction; diagnosis, analysis, and teaching utilizing assessment data and research based practices; application of mentoring and coaching strategies for collaborating with professional colleagues and parents. Field experience required. Prerequisites: READ 5423 and READ 5443. One lecture and five practicum hours a week. Credit: Three hours.

**READ 5473. Early Detection in Reading.** Focus on the administration and interpretation of Marie Clay's Diagnostic Survey and intervention procedures that will support the at-risk beginning reader. In addition to observing children and teachers interacting behind a one-way glass, all enrolled in the course will work with four children while learning procedures. Prerequisite: Permission of instructor. Seven practicum hours a week. Credit: Three hours.

**READ 5483. Early Intervention in Reading.** Focus on the refinement of procedures used with at-risk beginning readers. Attention will be directed to teacher decision-making while working with four children. All enrolled in the course will be involved in teaching and observing children behind a one-way glass. Prerequisite: Permission of instructor. Seven practicum hours a week. Credit: Three hours.

**READ 5493. Research in Literacy: Responsive Action in Schools.** Critical reading, evaluation, and design of research in literacy; understanding of research trends in literacy; effective communication of research for decision-making in literacy at the program-level. Prerequisites: READ 5423, admission to graduate program, and completion of at least 15 graduate hours in reading. Three lecture hours a week. Credit: Three hours.

**READ 5503. Phonological and Orthographic Language Systems in Literacy Learning.** Focuses on language processes, including phonological and orthographic language systems related to literacy development. Research and theory related to letters, sounds and their relationship, word analysis, and spelling will be used to critique and evaluate reading programs and design customized assessment and instruction. Field experience required. Prerequisite: READ 5423. Three lecture hours a week. Credit: Three hours.

**READ 5513. Literacy and the Diverse Learner.** Theories, issues, and practices of literacy instruction in various academic settings for EC-12 learners of diverse linguistic, cultural, economic, and academic backgrounds. Field experience required. Prerequisite: READ 5423. Three lecture hours a week. Credit: Three hours.

**READ 5523. Supervision and the Teaching of Reading.** Problems in improvement of reading instruction; studies in organization and implementation of reading programs. Three lecture hours a week. Credit: Three hours.

**READ 5533. Foundations of Early Literacy.** A course focusing on literacy teaching and learning in the early grades. Emphasis on reading, writing, and oral language. Attention to observation and assessment, appropriate selection, and use of books and materials. Organization and management, ways of teaching that support children in building strong processing systems in reading and writing, etc. Three lecture hours a week. Credit: Three hours.

**READ 5543. Literacy in the Content Areas.** Rationale and principles for teaching reading and related communication skills in content-area subjects; emphasis on strategies for instruction in text comprehension, text production, and vocabulary development. Three lecture hours a week and 15 clock hours of field-based research. Credit: Three hours.

**READ 5563. Adolescent Literacy.** The expanding body of research on adolescent literacy, with a focus on theories of "new literacies." Implementation of findings into classrooms of all subject areas. Adolescent learning and literacy and how this knowledge can engage students in interacting with varied sources of texts. Using the multiple literacy practices of today's adolescents to enhance their academic literacies. Three lecture hours a week. Credit: Three hours.
READ 5603. Intensive Teaching in Early Literacy Intervention. Intense and precise observation, analysis, and teaching of individual/diverse learners; change over time in individuals having extreme difficulty in literacy learning. Requires individual teaching of students identified for special education services and teaching children behind a one-way glass. Prerequisites: READ 5473 and READ 5483. Three lecture hours a week. Credit: Three hours.

READ 5901. Special Topics. Variable content. Prerequisite: Permission of instructor. One lecture hour a week. Credit: One hour.

READ 5903. Special Topics. Variable content. Prerequisite: Permission of instructor. Three lecture hours a week. Credit: Three hours.

READ 5911. Independent Study. Individual study of specific problems. Prerequisite: Permission of instructor. Credit: One hour.

READ 5913. Independent Study. Individual study of specific problems. Prerequisite: Permission of instructor. Credit: Three hours.

READ 5963. Seminar in Literacy Research. Completion and presentation of research based professional portfolio; development of professional goals; development and implementation of professional research-based presentations. Prerequisite: Completion of all master's coursework. Three seminar hours a week. Credit: Three hours.

READ 5973. Professional Paper. Students maintain continuous registration while actively working on master's paper. Credit limited to six hours total. Credit: Three hours.

READ 5981. The Professional Portfolio. Development of a professional portfolio by students in the Master of Arts in Teaching program demonstrating the student's growth in the Learner-Centered Competencies. Pass-fail grade only. May be repeated. Credit: One hour.

READ 5983. Thesis. Credit: Three hours.

READ 5993. Thesis. Prerequisite: READ 5983. Credit: Three hours.

READ 6483. Qualitative Research. Theories and methods of qualitative research conducted in social settings. Prerequisite: Doctoral status. Three lecture hours a week. Credit: Three hours.

READ 6493. Advanced Qualitative Research Design and Analysis. Advanced methods of qualitative research design, collection, and analysis of data gathered in social settings. Prerequisite: Graduate introductory level qualitative research course. Three lecture hours a week. Credit: Three hours.

READ 6513. Observing and Responding to Young Readers. Focus on the systematic and controlled observation of young children using a series of diagnostic survey instruments. Additional content emphasis includes the teacher's role in responding to emerging readers, based on actual observations of literacy behaviors and theoretical literacy perspectives. Prerequisite: Permission of instructor. Seven practicum hours a week. Credit: Three hours.

READ 6523. Early Literacy Intervention. Focus on the procedure for working with emerging at-risk readers and writers. The course content is based on strategies children need to be independent readers and writers. Course content and presentation reflect a highly-theoretical teacher decision making model based on actual observation of teacher-child interactions. Prerequisite: Permission of instructor. Seven practicum hours a week. Credit: Three hours.

READ 6533. Foundation of Reading: Physiological And Psychological Dimensions. Critical examination of scientific studies and theories related to the physiological and psychological aspects of the reading act, analysis of facilitating and inhibiting factors in early reading development, and appraisals of approaches to teaching beginning reading in relation to this analysis. Prerequisite: Three to six hours of graduate study in reading and child development, or permission of instructor. Three lecture hours a week. Credit: Three hours.

READ 6543. Theoretical Foundations: Early Literacy and Early Intervention. A course for Reading Recovery teacher leaders-in-training focusing on the underlying theories of early literacy acquisition (including processes related to reading, writing, and oral language) and the underlying theories of prevention of reading difficulties through early intervention. Three lecture hours a week. Credit: Three hours.

READ 6563. Nature of Literacy in the Adolescent Years. Examination of the expanding body of research, policy, history, and underlying theories of "adolescent literacy;" implementation of research findings in instruction; consideration of adolescent engagement in situated literacies involving new multi-literals; influences of social, cultural, linguistic, and historical factors. Three lecture hours a week. Credit: Three hours.

READ 6573. Language and Literacy. Seminal and current research and theory pertaining to language and literacy practices, including language acquisition. Focus on how these languages and literacies develop inside and outside of school and across sign systems, as well as the social, cultural, linguistic, and historical influences that situate different practices. Prerequisite: READ 6533 or permission of instructor. Three lecture hours a week. Credit: Three hours.

READ 6583. Research in Literacy. Description of methods and techniques employed in literary research and critiquing, analyzing, and synthesizing significant research. Prerequisites: twelve to fifteen hours in reading and six hours in statistics, or permission of the instructor. Three lecture hours a week. Credit: Three hours.

READ 6593. Advanced Reading Research Design: Analysis and Evaluation. Methods of inquiry about the reading process: teaching, learning, and proposal development. Prerequisites: Fifteen hours of graduate study in reading including READ 6583 and six hours of statistics, or permission of instructor. Three lecture hours a week. Credit: Three hours.

READ 6663. Practicum. Registration in the areas of reading, kindergarten, and/or early childhood teaching or by field placement in an administrative or supervisory setting. Type of placement will vary with student's area of major concentration and past experience. Prerequisite: Nine hours of doctoral credit or permission of instructor. Nine practicum hours a week. Credit: Three hours.

READ 6673. Theoretical Foundations in Language and Literacy. Analysis of theories that contribute to early reading and writing; application of principles of systematic observation of oral and written language development and the relationship to early school literacy; and examination of literacy processes found in effective early literacy intervention. Three lecture hours a week. Credit: Three hours.
READ 6683. Doctoral Seminar in Reading. Variable content. In depth examination of research relevant to topics. May be repeated for up to twelve hours of credit with permission of student's advisor. Prerequisites: Three to six graduate hours in reading or permission of instructor. Three seminar hours a week. Credit: Three hours.

READ 6693. Literacy Leadership and Policy. Trends that influence the implementation of effective literacy programs in schools. Theoretical constructs of leadership, organizational, and complex systems and critical discourse analysis as lenses for analysis. Three seminar hours a week. Credit: Three hours.

READ 6743. Clinical Practicum in Early Literacy Leadership. Theories and practices related to early literacy and early intervention. Principles of early literacy, implementation of early literacy intervention in schools and systems, teaching adult learners, and using data to monitor early literacy and early intervention. Field work in schools required. Prerequisite: Permission of instructor. Two lecture and four practicum hours a week. Credit: Three hours.

READ 6753. Advanced Clinical Practicum in Early Literacy Leadership. Application of expertise in early literacy and early intervention leadership. Participation in the implementation of early literacy teacher courses and early intervention in schools and systems, teaching adult learners, and use of data to refine and evaluate implementation. Field work in schools required. Prerequisite: Permission of instructor. Two lecture and four practicum hours a week. Credit: Three hours.

READ 6903. Special Topics. Variable content. Prerequisite: Permission of instructor. Three lecture hours a week. Credit: Three hours.

READ 6911. Independent Study. Variable content. Individual research relating to a problem of professional interest and significance. May be repeated for up to 12 hours of credit with permission of student's advisor. Prerequisites: Permission of instructor and post-master's standing. Credit: One hour.

READ 6913. Independent Study. Variable content. Individual research relating to a problem of professional interest and significance. May be repeated for up to twelve hours of credit with permission of student's advisor. Prerequisites: Permission of instructor and post-master's standing. Credit: Three hours.

READ 6983. Dissertation. May be repeated for up to six hours of credit. Credit: Three hours.

READ 6993. Dissertation. May be repeated for up to six hours of credit. Prerequisite: READ 6983. Credit: Three hours.

Faculty

Professors
ANDERSON, NANCY, Professor of Reading. B.A., Texas Lutheran University; M.Ed., University of Houston; Ph.D., Ohio State University.

BRIGGS, CONNIE M., Professor of Reading; Chair of the Department of Reading. B.A., Southeastern Oklahoma State University; M.Ed., Southeastern Oklahoma State University; Ph.D., University of North Texas.

SIMPSON, ANNE M., Cornaro Professor of Reading. B.A., Southern Methodist University; M.Ed., Texas A&M University; Ph.D., University of North Texas.

Associate Professors
HAAG, CLAUDIA A., Associate Professor of Reading. B.A., Texas Lutheran University; M.A., Texas Woman's University; Ph.D., Texas Woman's University.

WATSON, PATRICIA A., Associate Professor of Reading. B.S., Missouri State University; M.S., Missouri State University; Ph.D., University of Missouri, Columbia.

Assistant Professor
BURKE, AMY, Assistant Professor of Reading. B.A., Austin College; M.A.T., Austin College; M.Ed., Texas Woman's University; Ph.D., University of Texas at Austin.

Master of Arts in Reading Education

Total Semester Credit Hours Required
36 to 39 semester credit hours, including 6 semester credit hours for thesis (M.A.), or 3 seminar hours in literacy research culminating in an electronic professional portfolio (M.Ed.).

Major
27-30 semester credit hours
Children’s literature: 3 semester credit hours
Focus area: 6 semester credit hours, subject to advisor’s approval
Final Examination
The capstone experience is a professional digital portfolio.
No grade below a ‘B’ is accepted toward the master’s degree.

Master of Arts in Reading Program of Study (39 semester credit hours)
All courses are delivered in a blended format.

Fall 1 (3 SCH)
Required Orientation Saturday in August
READ 5423 Literacy: Practice to Theory 3

Spring 1 (3 SCH)
READ 5443 Literacy: Assessment and Instruction 3

Summer 1 (6 SCH)
READ 5513 Literacy and the Diverse Learner 3
READ 5503 Phonological and Orthographic Language Systems in Literacy Learning 3

Fall 2 (3 SCH)
Required mid-program conference with advisor
READ 5453 Processes and Strategies for Comprehending Texts 3

Spring 2 (3 SCH)
READ 5493 Research in Literacy: Responsive Action in Schools 3

Summer 2 (6 SCH)
READ 5523 Supervision and the Teaching of Reading 3
READ 5463 Practicum in Literacy: Analysis of Teaching and Mentoring 3

Fall 3 (3 SCH)
READ 5963 Seminar in Literacy Research 3

Other Courses: Students decide semester with advisor (9 SCH)
Two Focus Area Courses (Must be approved by advisor) 6
1 Children’s Literature Course 3
MA requires additional 3 hours of Thesis

Total Semester Credit Hours 36

Master of Education in Reading Education

Total Semester Credit Hours Required
36 to 39 semester credit hours, including 6 semester credit hours for thesis (M.A.), or 3 seminar hours in literacy research culminating in an electronic professional portfolio (M.Ed.).

Total Semester Credit Hours 36

Master of Arts in Teaching (emphasis in Reading)

The M.A.T. is designed as a minimum 32 semester credit hour program.

The M.A.T. (emphasis in Reading) is a degree offered by COPE in collaboration with the Department of Reading. All post-baccalaureate and graduate students seeking certification must comply with admission standards required by the major department and the College of Professional Education. A student in the M.A.T. program will take 9 Reading semester credit hours of their choosing (after advising from the Reading faculty.) The remaining credits are determined and administered by COPE and are as follows:

Master of Arts in Teaching (M.A.T.) Program of Study (32 or 38 minimum semester credit hours)

Pedagogy and Professional Responsibilities (16 SCH)
EDUC 5113 Foundations of Teaching and Learning 3
EDUC 5123 Learning Theory, Development, and Research 3
EDUC 5131 Technology in Assessment and Instruction 1
EDUC 5133 Assessment and Instructional Design and Delivery for Diverse Learners 3
EDUC 5143 Effective Design and Management of the Classroom Environment (EC-12) 3
EDUC 5173 Diversity in the Classroom 3

Academic Specialization (9 SCH)
This is coursework in the field of study. Students will take the Texas Exam of Educator Standards (TExES) in their field of study before or during their first semester in the program.

Field-Based Experience (6-12 SCH)
A full-time, one-semester unpaid professional practicum in a school setting. (All coursework must be completed before beginning student teaching.)

OR
A full-time, two-semester internship (6 semester credit hours) in a school setting in which the student is employed and paid as the teacher of record. (This option requires that 12 semester credit hours of pedagogy courses must be completed.)

Professional Portfolio and Final Assessment (1 SCH)
Each student will maintain a professional portfolio throughout her or his program. The completed portfolio must be submitted for evaluation prior to graduation.

Total Semester Credit Hours 32-38
Doctor of Philosophy in Reading Education

**Total Semester Credit Hours Required**

A minimum of 90 semester credit hours post-baccalaureate or 66-72 semester credit hours post master’s degree, including 12 semester credit hours of dissertation. For students holding the master’s degree, a minimum of 60 semester credit hours beyond the master’s is required plus satisfaction of the research tools requirement for the Ph.D. Based on a review of the preparation of each entering student, additional courses may be required. No grade below a ‘B’ is accepted toward the doctoral degree.

**Reading Required Courses**

18 semester credit hours

**Minor and/or Related Area**

12-15 semester credit hours. Adjusted to meet needs of each student’s program.

Department of Teacher Education

Web Site: http://www.twu.edu/teacher-education/

Chair: Jane Pemberton, Professor
Location: SH 108
Phone: 940-898-2271
Fax: 940-898-2270
E-mail: teachereducation@twu.edu

Graduate Degrees Offered

- M.A. in Administration (p. 216)
- M.A. in Special Education (p. 217)
- M.A. in Teaching, Learning, and Curriculum (p. 218)
- M.Ed. in Administration (p. 220)
- M.Ed. in Special Education (p. 221)
- M.Ed. in Teaching, Learning, and Curriculum (p. 222)
- Ph.D. in Special Education (p. 224) (In cooperation with the Federation of North Texas Area Universities.)

The Department of Teacher Education is comprised of four program areas:

- Bilingual and English as a Second Language (ESL)
- Curriculum & Instruction
- Educational Administration
- Special Education

Bilingual and English as a Second Language (ESL) Education

Programs leading to additional certification by the State Board for Educator Certification (http://tea.texas.gov/index4.aspx?id=3461) (SBEC) in Bilingual Education and ESL are offered through the department. Further information may be found on the Department of Teacher Education and Office of Student Support (http://www.twu.edu/teacher-certification) websites.

Curriculum and Instruction

The Curriculum and Instruction program also offers a master degree in Teaching, Learning, and Curriculum. It requires 36 semester credit hours which include 6 semester credit hours of research, a 12 semester credit hour core of courses, and 18 semester credit hours of coursework in one or more strands related to diverse populations, curriculum, and various content areas. One example strand emphasizes Bilingual Education and English as a Second Language (ESL). Course specialization may lead to fulfilling requirements for additional certification or a teaching position at a community college.

The Curriculum & Instruction Program offers graduate level coursework for individuals seeking initial Texas teacher certification through the post-baccalaureate teacher certification program as well as through the Master of Arts in Teaching (M.A.T.) degree. The M.A.T. is a university-wide degree designed to combine certification requirements with a content area specialization.

Educational Administration

The TWU graduate program in Educational Administration is preparing leaders for 21st century challenges in a society that is culturally diverse, fast paced, and information rich. TWU graduates respect differences, celebrate diversity, and demonstrate the requisite skills, knowledge and dispositions necessary for effective leadership, all of which are integrated in the Educational Administration Program.

Students acquire knowledge and sharpen skills in educational leadership and administration through courses in school law, curriculum and instruction, educational foundations, human resources development and administrative internships. Classes include a variety of delivery options including fully online, blended and face-to-face.

Special Education

The Special Education Program offers advanced degrees that allow individuals to enhance their knowledge of research in special education, acquire knowledge and expertise in working with individuals with disabilities and become master teachers. Graduate programs are individualized to meet the career needs and interests of students.

Students may take coursework leading to university certification as an Intervention Specialist. This degree provides the skills to work with school personnel, parents and other educational professionals in implementing those interventions with students.
Students may take coursework leading to Educational Diagnostician Certification. Certificates are awarded by the State Board for Educator Certification. Contact the Department for current information about Texas certificates.

**Master of Arts in Teaching (M.A.T.)**

The Department of Teacher Education provides education coursework as part of the Master of Arts in Teaching (M.A.T.) degree. This program is designed to prepare students who have already earned a bachelor’s degree for initial teacher certification while leading to a master’s degree. The M.A.T. meets the teacher certification standards outlined by the State Board for Educator Certification (http://tea.texas.gov/index4.aspx?id=3461) (SBEC). Further information and application procedures may be found on the TWU Masters of Arts in Teaching website (http://www.twu.edu/mat).

## Admissions

### Admission Requirements for Department of Teacher Education Programs

Admission to graduate programs in the Department of Teacher Education (academic degree, certification, and advanced study) is based upon a thoughtful and holistic review of applicant materials and appraisal of applicant qualifications. The process begins with application to the TWU Graduate School (p. 52). When an application to the Graduate School is complete and processed, the application is then forwarded to the Department of Teacher Education for review and recommendation. In addition to information required by the TWU Graduate School, an applicant must complete and submit additional materials required by the program area in the Department of Teacher Education. This information and timelines for submission of application materials may be accessed on the Graduate School (http://www.twu.edu/gradschool) and Department of Teacher Education (http://www.twu.edu/teacher-education/default.asp) websites.

### Programs in Educational Administration

Admission to degree, certification, and graduate certificate programs in Educational Administration begins with application to the Graduate School. When applications to the Graduate School are processed and complete, applications are then forwarded to academic departments for review and recommendation. In addition to information required by the TWU Graduate School, applicants must complete and submit additional materials required by the Department of Teacher Education and the Educational Administration Program. Information and timelines for submission of application materials may be accessed on the Graduate School (http://www.twu.edu/gradschool) and Department of Teacher Education (http://www.twu.edu/teacher-education/default.asp) websites. Decisions about admission are made based upon a thoughtful and holistic review of applicant materials and appraisal of applicant qualifications.

### Programs in Curriculum and Instruction

Admission to the master's programs in Teaching, Learning, and Curriculum begins with an application to the TWU Graduate School and is based on several factors including an earned bachelor’s degree from a regionally accredited institution of higher education, and GPA of 3.0 or higher on at least the last 60 semester credit hours of study. Typically, students should have a valid teaching certification. Application policies and procedures for the Department of Teacher Education may be accessed on the website (http://www.twu.edu/teacher-education/admissions.asp). Further information about post-baccalaureate teacher certification programs or the M.A.T (http://www.twu.edu/mat) may be obtained by contacting the Office of Student Support Services (http://www.twu.edu/teacher-certification) in the College of Professional Education.

### M.Ed. or M.A. in Special Education

Admission to any Special Education graduate degree program is based on a holistic evaluation of several factors including an earned bachelor’s degree from a regionally accredited institution of higher education and a GPA of 3.0 for the last 60 semester credit hours of undergraduate study. Typically, students should have a valid teaching certification. See the Special Education website (http://www.twu.edu/teacher-education/special-education.asp) for specific admission criteria.

### Ph.D. in Special Education

Admission to the doctoral program in special education takes into consideration several factors deemed as important for success in graduate studies. No single factor determines an individual’s eligibility for admission. For specific and current information please see the admission section (p. 52) of this catalog and the Ph.D. Handbook on the Special Education website (http://www.twu.edu/teacher-education/special-education.asp).

## Certificates

### Certificates in Teacher Education

Provisional and professional level certification may be developed along with master's and doctoral degrees depending on advisory committee approval. Post-baccalaureate certification programs are possible through application to the Graduate School for certification only or non-degree status. Certificates are awarded by the State Board for Educator Certification. Contact the Department for information about current certificates. Requirements for certification programs may change based upon changes in requirements, policies or procedures of the State Board for Educator Certification (http://www.tea.state.tx.us/index4.aspx?id=3461).

- Post-Baccalaureate Certificate in Leadership in Education and Sport (p. 225)
- Post-Master's Certificate of Advanced Study - Bilingual Educational Diagnostician (p. 226)
Courses

Bilingual Education Courses

EDBE 5413. Teaching Reading and Other Language Arts to Linguistically Different Learners. Principles and best practices in teaching English literacy skills to linguistically different learners in the elementary schools. Three lecture hours a week. Credit: Three hours.

EDBE 5453. English as a Second Language: Methods. A comprehensive examination of current principles, practices, and methods of teaching English as a second language (ESL) through lectures and demonstrations. Teaching content areas via ESL methods. Three lecture hours a week. Credit: Three hours.

EDBE 5633. Education in Culturally Diverse Environments. Analysis of theoretical foundations of contemporary multicultural education, review of its policies and practices, and exploration of multicultural concepts for achieving cultural pluralism. Three lecture hours a week. Credit: Three hours.

EDSP 5003. Psychology and Education of Exceptional Children. In-depth study in understanding educational and psychological problems in all areas of exceptionality; individual case studies; field trips and demonstration of problems. Three lecture hours a week. Credit: Three hours.

EDSP 5013. Collaborating for Effective Intervention. Communicative/Interactive skills used for consultation and collaborative problem-solving in the classroom. Emphasis on strategies for collaboration among educators who work with students with disabilities, teachers, administrators, support personnel, and paraprofessionals, with an emphasis on collaboration in the design, implementation, and evaluation of student interventions. Three lecture hours a week. Credit: Three hours.

EDSP 5033. Using Assessments for Effective Interventions. Current concepts and issues of assessment in special education; knowledge and practice in administering and using standardized assessments as well as curriculum based assessment; assessment of students from diverse backgrounds and application of response to intervention (RTI) data. Three lecture hours a week. Credit: Three hours.

EDSP 5043. Legal and Administrative Issues of Special Education Programs. Concepts and theories in the administrative aspects of special education with an emphasis on laws, legislation, and litigation related to the provision of instruction and other educational services to students with disabilities. Three lecture hours a week. Credit: Three hours.

EDSP 5103. Developmental Disabilities. Psychological, educational, institutional, and physical needs of individuals with developmental disabilities; analysis of case histories; intellectual evaluations; vocational assessment, diagnosis, and treatment. Three lecture hours a week. Credit: Three hours.

EDSP 5303. Students With Emotional/Behavioral Disorders. Behavioral characteristics and needs of students with emotional/behavioral disorders in both regular and special classrooms; issues related to vocational and transition planning; parent training, and consultation procedures. Three lecture hours a week. Credit: Three hours.

EDSP 5313. Behavior Interventions for Students with Disabilities. Concepts, theories, and strategies to provide effective behavioral interventions for students with disabilities. Includes social skill intervention, crisis management procedures, and planning and implementing social development programs. Focus on the use of intervention tools such as Positive Behavior Supports and Behavior Intervention Plans. Three lecture hours a week. Credit: Three hours.

EDSP 5343. Instructional Interventions: Applied Behavior Analysis. Application of behavior analysis (ABA) principles to increase learning of students; emphasis on single subject research designs; concepts and content of ABA; identification of target behavior, and the implementation of behavioral principles to increase or decrease behavior. Three lecture hours a week. Credit: Three hours.
EDSP 5353. Instructional Interventions: Learning Strategies. Learning strategies to provide effective instructional interventions for students with disabilities. Strategies in language arts, reading, math, and other content areas. Includes the use of the Strategies Intervention Model, as well as other learning strategies curricula. Three lecture hours a week. Credit: Three hours.

EDSP 5413. Individuals with Learning Disabilities. Identification, characteristics, and etiology of children with learning disabilities; intervention strategies to improve academic, behavioral, and social skills. Three lecture hours a week. Credit: Three hours.

EDSP 5423. Instructional Interventions for Students with Disabilities. Practical application of theories, methods, technology, techniques, and materials for designing and implementing instructional interventions for students with disabilities. Selection, use, and evaluation of curriculum models and materials. Three lecture hours a week. Credit: Three hours.

EDSP 5833. Clinical Instruction in Psychoeducational Assessment. Structured clinical experiences in using techniques and psychoeducational procedures for cognitive, academic, and behavioral assessment. Three lecture hours a week. Credit: Three hours.

EDSP 5843. Clinical Instruction in Intellectual Assessment. Laboratory or practical experiences involving the administration and interpretation of instruments of appraisal or assessment. Three lecture hours a week. Credit: Three hours.

EDSP 5853. Advanced Assessment and Evaluation of Individuals with Disabilities. Interpretation of educational and psychological assessments; educational recommendations; and report writing. Prerequisites: EDSP 5003, EDSP 5833, and EDSP 5843. Three lecture hours a week. Credit: Three hours.

EDSP 5903. Special Topics. Organized study of a topic in special education. May be repeated. Three lecture hours a week. Credit: Three hours.

EDSP 5911. Independent Study. Individual study of a specific topic in special education. May be repeated. Prerequisite: Permission of instructor. Credit: One hour.

EDSP 5913. Independent Study. Individual study of a specific topic in special education. May be repeated. Prerequisite: Permission of instructor. Credit: Three hours.

EDSP 5923. Practicum. Field placement in an area of special education. May be repeated. Prerequisite: Permission of instructor. Seven practicum hours a week. Credit: Three hours.

EDSP 5973. Professional Paper. May be repeated for credit for a total of six hours credit. Prerequisite: ELDR 5203 or approved research course. Credit: Three hours.

EDSP 5983. Thesis. Credit: Three hours.

EDSP 5993. Thesis. Prerequisite: EDSP 5983. Credit: Three hours.

EDSP 6103. Social, Psychological, and Educational Aspects of Intellectual and Development Disabilities. Advanced study of etiology, remediation, and education of individuals with mental retardation and developmental disabilities. Prerequisites: EDSP 5103 or equivalent course, and permission of instructor. Three lecture hours a week. Credit: Three hours.

EDSP 6303. Seminar in Emotional and Behavioral Disorders. Study of adjustment and emotional problems in individuals assigned to various least restrictive environments. Research related to etiology, conceptual models, and interventions. Prerequisites: EDUC 5303 or equivalent course, and permission of instructor. Three lecture hours a week. Credit: Three hours.

EDSP 6403. Seminar in Learning Disabilities. Advanced study of physical, psychological, and environmental causes of learning disabilities, and interrelationships among the causes. Prerequisites: EDSP 5413 or equivalent course in the area, and permission of instructor. Three lecture hours a week. Credit: Three hours.

EDSP 6603. Social Constructs of Disabilities. The study of how disabilities are socially constructed. Analysis of disability constructs includes the perspectives of individuals with disabilities and the impact of literature, art, and the media. Three lecture hours a week. Credit: Three hours.

EDSP 6723. Practicum. Field placement. Type of placement will vary with student's area of major concentration and past experiences. Prerequisite: Twelve semester hours of doctoral credit and permission of instructor. Ten practicum hours a week. Credit: Three hours.

EDSP 6903. Special Topics. Organized study of a topic in special education. May be repeated. Three lecture hours a week. Credit: Three hours.

EDSP 6911. Independent Study. Individual study of special problems in special education. May be repeated. Prerequisite: Permission of instructor. Credit: Three hours.

EDSP 6913. Independent Study. Individual study of special problems in special education. Prerequisite: Permission of instructor. Credit: Three hours.

EDSP 6983. Dissertation. May be repeated for credit. Credit: Three hours.

EDSP 6993. Dissertation. May be repeated for credit. Prerequisite: EDUC 6983. Credit: Three hours.

Education Courses

EDUC 5113. Foundations of Teaching and Learning. Critical examination of the professional roles, responsibilities, and structure of national and state educational systems; legal and ethical requirements of teaching; the importance of family participation in the educational process; significance of developing partnerships with the learning community. Prerequisite: Admission to the Teacher Education Program. Three lecture hours a week. Credit: Three hours.
EDUC 5123. Learning Theory, Development, and Research. Analysis of research studies and theories of the learning process and factors that impact and create learning; instructional strategies to support the cognitive, social, physical, and emotional development of learners; effective teacher instructional design. Prerequisite or Co-requisite: EDUC 5113. Three lecture hours a week. Credit: Three hours.

EDUC 5131. Technology in Assessment and Instruction. Integrating technology in education; principles and strategies for using software and Internet resources in the design and delivery of instruction and assessment; current uses for technology in curricula activities that successfully model subject-area technology integration. Prerequisites: EDUC 5113 and EDUC 5123. Co-requisite: EDUC 5133. Option: EDUC 5131 and EDUC 5133 may be taken concurrently with EDUC 5143. Three lecture hours a week. Credit: Three hours.

EDUC 5133. Assessment and Instructional Design and Delivery for Diverse Learners. Design and implementation of instruction appropriate for diverse student populations that reflects an understanding of relevant content and is based on continuous and appropriate assessment; responsive instruction that makes use of effective communication techniques, instructional strategies that actively engage students in the learning process, and timely, high-quality feedback. Prerequisites: EDUC 5113 and EDUC 5123. Co-requisite: EDUC 5131. Option: EDUC 5131 and EDUC 5133 may be taken concurrently with EDUC 5143. One lecture hour a week. Credit: One hour.

EDUC 5143. Effective Design and Management of the Classroom Environment (EC-12). Design and management of a positive, productive classroom environment; physical and emotional environment; effective learner-centered strategies used for managing student behavior. Social, legal, and ethical issues regarding the use of technology and learning environment. Fieldwork required. Prerequisites: EDUC 5113, EDUC 5123, EDUC 5131, and EDUC 5133. Option: EDUC 5143 may be taken with EDUC 5131 and EDUC 5133. Three lecture hours a week. Credit: Three hours.

EDUC 5173. Diversity in the Classroom. Study of theoretical issues and practices that impact the education of students from diverse backgrounds or with diverse educational needs: linguistics, culture, economics. Three lecture hours a week. Credit: Three hours.

EDUC 5343. Models and Theories of Learning and Teaching. Theoretical background of learning and teaching linked to field-based experiences to expand the knowledge base and expertise of certified teachers. Three lecture hours a week. Credit: Three hours.

EDUC 5353. Adult Models of Learning and Teaching. Exploration of adult development to promote an expanded understanding of issues and practices in adult education. Focus on three core areas of concern in adult education: roots of andragogy, advances in adult learning, and practice in adult learning. Meets needs of professionals teaching or training adults in multiple contexts. Three seminar hours a week. Credit: Three hours.

EDUC 5423. Curriculum Studies. Contemporary and controversial issues in the field of curriculum including the study of the history of the field, multiple definitions of curriculum, paradigms, philosophies, and future prospects in the field. Three lecture hours a week. Credit: Three hours.

EDUC 5463. Assessment in the Classroom. Review of formal, informal, and alternative assessment; evaluation theory and strategies. Application of theory to classroom setting and development of curriculum-based approaches to assess student progress. Three lecture hours a week. Credit: Three hours.

EDUC 5903. Special Topics. Three lecture hours a week. Credit: Three hours.

EDUC 5913. Independent Study. Credit: Three hours.

EDUC 5923. Professional Practicum. Credit: Three hours.

EDUC 5926. Professional Practicum. Credit: Six hours.

EDUC 5936. Professional Internship. Credit: Six hours.

EDUC 5973. Professional Paper. May be repeated for a total of six hours credit. Prerequisite: ELDR 5203 or other approved research course. Credit: Three hours.

EDUC 5981. The Professional Portfolio. Development of a professional portfolio by students in the Master of Arts in Teaching program demonstrating the student's growth in the Learner-Centered Competencies. Pass-fail grade only. May be repeated. Credit: One hour.

EDUC 5983. Thesis. Credit: Three hours.

EDUC 5993. Thesis. Prerequisite: EDUC 5983. Credit: Three hours.

Administration Courses

ELDR 5103. Leadership in Educational Settings. Exploration of various concepts and philosophies of leadership. Examination of leadership as a philosophically-based process for achieving personal, professional, and organizational goals. Required of all majors in administration and supervision. Three lecture hours a week. Credit: Three hours.

ELDR 5203. Research in Education. Practice of skills for prospectus development, types of research, methods, techniques, and procedures of educational empirical research; research design, research writing, analyzing research reports, development of research skills for reading professional journals. Three lecture hours a week. Credit: Three hours.

ELDR 5223. Professional Development and Supervision in Education. The scope of professional development and supervision in instructional improvement and school renewal. Three lecture hours a week. Credit: Three hours.
ELDR 5323. Administrative Processes in Schools. Business management processes including planning and administrative functions, site-based management, budget, facilities, technology, insurance, purchasing, human resources for certified and non-certified personnel, relationship of business management functions to teaching and learning environment. Three lecture hours a week. Credit: Three hours.

ELDR 5333. Curriculum Development, Assessment, and Evaluation. Major issues, problems, and trends in education; the role of educational leadership in curriculum, program development, assessment, and evaluation. Three lecture hours a week. Credit: Three hours.

ELDR 5893. Internship: Superintendent. Practical experience in the position of school district superintendent under the guidance and supervision of an active superintendent. Application of concepts and competencies in realistic situations. Minimum of eight practicum hours a week. Credit: Three hours.

ELDR 5903. Special Topics. Variable content. Credit: Three hours.

ELDR 5911. Independent Study. Individual study of specific problems. Prerequisite: Permission of instructor. Credit: One hour.

ELDR 5913. Independent Study. Individual study of specific problems. Prerequisite: Permission of instructor. Credit: Three hours.

ELDR 5973. Professional Paper. Prerequisite: ELDR 5203. Credit: Three hours.

ELDR 5983. Thesis. Prerequisite: Permission of instructor. Credit: Three hours.

ELDR 5993. Thesis. Prerequisites: ELDR 5983 and permission of instructor. Credit: Three hours.

ELDR 6113. Education Law. Introduction to education law; legal aspects of school administration, including legal rights and responsibilities of educational personnel and student personnel, law, and the curriculum. Three lecture hours a week. Credit: Three hours.

ELDR 6223. Organizational Leadership: Theory and Practice. Theory, research, and practices related to school administration; analysis of administrative behavior and the processes of decision making, school leadership, and organizational change. Three lecture hours a week. Credit: Three hours.

ELDR 6233. The Superintendent and School District Leadership. The superintendent and school district leadership in the social, economic, and political contexts that affect schooling and frameworks for identifying and analyzing problems of practice and courses of action. Three lecture hours a week. Credit: Three hours.

ELDR 6303. Administration of Teacher and Student Personnel. Analysis of the problems, characteristics, and potentialities of elementary and secondary school students, teachers, and other personnel; policies, schedules, strategies, and procedures to help students and teachers to enhance effective learning. Three lecture hours a week. Credit: Three hours.

ELDR 6403. Seminar in School Administration. A thorough review of all aspects of school administration, including contemporary issues which affect schools. Three seminar hours a week. Credit: Three hours.

ELDR 6503. School Finance. The principles and concepts of public school finance at the local, state, and federal levels, and district level support services. Three lecture hours a week. Credit: Three hours.

ELDR 6603. Politics, Policy, and Ethics. Concepts, theories, and perspectives in educational policy, politics, and ethics and implications for equity, power, and policymaking. Three lecture hours a week. Credit: Three hours.

ELDR 6613. Internship for the Principal. Application of research and understanding of the decision making processes to an ongoing elementary, middle, junior, or senior high school; supervised experiences in practical administration of a school; application of concepts and competencies learned in previous courses. Eight practicum hours a week. Credit: Three hours.

ELDR 6663. Internship in School Administration. Practical experience in a variety of school administration positions under the guidance and supervision of active central office administrators. Application of concepts and competencies in realistic situations. Eight practicum hours a week. Credit: Three hours.

ELDR 6903. Special Topics. Organized study of topic in Educational Leadership. May be repeated for credit when specific topic varies. Three lecture hours a week. Credit: Three hours.

ELDR 6911. Independent Study. Individual research relating to a problem of professional interest and significance. May be repeated. Credit: One hour.

ELDR 6913. Independent Study. Individual research relating to a problem of professional interest and significance. May be repeated. Credit: Three hours.

Faculty

Professors

COWART, MELINDA F., Professor of Teacher Education. B.S., University of Texas at Austin; M.Ed., Texas A&M-Commerce; Ed.D., Texas A&M-Commerce.

FEYTEN, CARINE M., Chancellor and President; Professor of Teacher Education. B.A., Universite' Catholique de Louvain, Belgium; M.A., Universite' Catholique de Louvain, Belgium; Ph.D., University of South Florida.

PEMBERTON, JANE B., Professor of Teacher Education; Chair of the Department of Teacher Education. B.S., Kansas State University; M.S., Kansas State University; Ph.D., University of New Mexico.
WHITWORTH, JERRY E., Professor of Teacher Education; Interim Dean of the College of Professional Education. B.A., University of Kansas; M.S., Fort Hays State University; Ed.D., University of Missouri, Columbia.

**Associate Professors**

ANDERSON, GINA B., Associate Professor of Teacher Education. B.S., University of Oklahoma; M.S., Oklahoma State University; Ed.D., Oklahoma State University.

DUNLAP, KAREN L., Associate Professor of Teacher Education. B.S.Ed., Stephen F. Austin State University; M.Ed., Stephen F. Austin State University; Ed.D., University of Texas, El Paso.

HANSEN-THOMAS, HOLLY, Associate Professor of Teacher Education. B.A., University of Texas at Austin; M.A., University of Texas at San Antonio; Ph.D., University of Texas at San Antonio.

LERNER, BARBARA A., Associate Professor of Teacher Education; Associate Provost for Undergraduate Studies and Academic Partnerships. B.A., George Washington University; M.A., George Washington University; Ph.D, Texas Woman's University.

MALONE, PEGGY N., Associate Professor of Teacher Education; Associate Dean of the College of Professional Education. B.S., Texas A&M University-Commerce; M.Ed., Texas A&M University-Commerce; Ed.D., Baylor University.

MYERS, DIANE M., Associate Professor of Teacher Education. B.A., Connecticut College; M.S., Southern Connecticut State University; Ph.D., University of Connecticut.

SANCHEZ, CLAUDIA D., Associate Professor of Teacher Education. B.A., Escuela Normal Superior de Coahuila : Saltillo, Mexico; B.A., Universidad Autonoma de Coahuila : Saltillo, Mexico; M.S., Texas A&M University; Ph.D., Texas A&M University.

**Assistant Professors**

FREDRICKSON, REBECCA R., Assistant Professor of Teacher Education. B.F.A, Stephen F. Austin State University; M.Ed., University of Texas at Tyler; Ed.D., Stephen F. Austin State University.

KRUTKA, DANIEL G., Assistant Professor of Teacher Education. B.S., University of Oklahoma; M.Ed., University of Oklahoma; Ph.D., University of Oklahoma.

McMAHAN, SARAH K., Assistant Professor of Teacher Education. B.S., Abilene Christian University; M.Ed., Abilene Christian University; Ph.D., Texas Tech University.

SOURDOT, LUDOVIC, Assistant Professor of Teacher Education. B.S., Arkansas State University; M.Ed., Texas State University; Ph.D., Texas A&M University.

STARRETT, TERESA M., Assistant Professor of Teacher Education. B.S., University of North Texas; M.Ed., University of North Texas; Ed.D., University of North Texas.

STEWART, MARY A., Assistant Professor of Teacher Education. B.A., Texas Christian University; M.Ed., Texas Christian University; Ph.D., University of North Texas.

TRUJILLO-JENKS, LAURA A., Assistant Professor of Teacher Education. B.S., University of Texas at Austin; M.A., Austin Peay State University; Ph.D., University of Texas at Austin.

**Master of Arts in Administration**

**General Requirements**

The M.A. degree requires completion of a minimum of 36 semester credit hours of coursework. The M.A. degree program is composed of 24 semester credit hours of coursework in educational leadership and administration, 3 semester credit hours of research methods, 6 semester credit hours of thesis, and 3 semester credit hours of internship. Further information and degree program plans of study is located on the Department of Teacher Education website (http://www.twu.edu/teacher-education/educational-leadership.asp).

Master of Education in Administration

General Requirements

The M.Ed. degree requires completion of a minimum of 36 semester credit hours of coursework. The M.Ed. degree program is composed of 24 semester credit hours of coursework in educational leadership and administration, 3 semester credit hours of research methods, 3 semester credit hours of professional paper or applied research project, 3 semester credit hours of internship, and 3 semester credit hours of advisor approved electives. Further information and degree program plans of study is located on the Department of Teacher Education website (http://www.twu.edu/teacher-education/special-education.asp).

# Master of Education in Teaching, Learning, and Curriculum

## General requirements

The M.Ed. requires 36 semester credit hours. All students must complete an oral final examination. See the Teacher Education website (http://www.twu.edu/teacher-education/master-tlc.asp) for more information.

## Master of Education in Teaching, Learning, and Curriculum Program of Study (36 semester credit hours)

### Core Courses (9 SCH)

- EDUC 5173: Diversity in the Classroom 3
- EDUC 5463: Assessment in the Classroom 3
- EDUC 5423: Curriculum Studies 3

### Additional Required Course (3 SCH)

Choose three hours from one of the following:

- EDUC 5343: Models and Theories of Learning and Teaching
- EDUC 5353: Adult Models of Learning and Teaching

### Research (6 SCH)

- ELDR 5203: Research in Education 3
- EDUC 5973: Professional Paper 3

### Specialization Strands (18 SCH)

Select a minimum of 18 semester credit hours in each strand from the following:

**Reading/Language Arts (EC-6)**

- FS 5203: Language and Literacy in Early Childhood
- READ 5423: Literacy: Practice to Theory
- READ 5443: Literacy: Assessment and Instruction
- READ 5503: Phonological and Orthographic Language Systems in Literacy Learning
- READ 5513: Literacy and the Diverse Learner
- LS 5603: Literature for Children and Young Adults
- LS 5623: Advanced Literature for Young Adults

**Reading/Language Arts (Grades 4-8)**

- READ 5423: Literacy: Practice to Theory
- READ 5443: Literacy: Assessment and Instruction
- READ 5453: Processes and Strategies for Comprehending Texts
- READ 5513: Literacy and the Diverse Learner
- LS 5603: Literature for Children and Young Adults
- LS 5623: Advanced Literature for Young Adults

**Mathematics (EC-6) & (Grades 4-8)**

- MATH 5203: Problem Solving in the Math Classroom
- MATH 5303: Algebra in the Mathematics Classroom (Grades 4-8)
- MATH 5313: Geometry in the Mathematics Classroom (Grades 4-8)
- MATH 5333: Technology in the Math Classroom

**Technology**

- FS 5283: Technology and the Young Learner
- CSCI 5653: Technology Issues, Achievements and Challenges in Education

**Bilingual Education & English as a Second Language**

- EDBE 5413: Teaching Reading and Other Language Arts to Linguistically Different Learners
- EDBE 5453: English as a Second Language: Methods
- EDBE 5633: Education in Culturally Diverse Environments
- EDBE 5653: Second Language Acquisition: Theories and Practices

**Doctor of Philosophy in Special Education**

The Ph.D. in Special Education is offered as a cooperative program between Texas Woman’s University, the University of North Texas, and Texas A&M Commerce under guidelines established by the Federation of North Texas Area Universities (http://www.twu.edu/federation). The program enables students to utilize the combined faculty, library, computer facilities and research opportunities available at all three universities in the development of their doctoral studies.

The federation doctoral program provides opportunities for formal course work, seminars, independent study, participation in regional and national conferences, and dissertation research. The program also includes federation-sponsored seminars featuring outstanding nationally and internationally recognized educators.

Given the importance of appropriate educational experiences during the early years for both the individual and the society at large, graduate programs are needed that provide education for future leaders in the conceptualization and provision of special education programs as well as expertise in conducting research that will extend understanding of the importance and means of providing special education experiences. The purpose of the federated doctoral program in special education is to prepare professional educators to assume leadership roles in higher education and EC-12 educational settings. Graduates are prepared to assume diverse roles including teaching, research and administrative responsibilities.

Students initially apply for admission to the graduate school of one of the participating universities. Admission is based on a holistic evaluation of a variety of factors. Refer to the Special Education website (http://www.twu.edu/teacher-education/special-education.asp) for details.

**General Requirements for Doctoral Degree**

**Total Semester Credit Hours Required**

A minimum of 90 semester credit hours beyond baccalaureate, including 6-12 semester credit hours for dissertation.

**Major/Emphasis**

Requirements will depend upon individual student’s needs.

**Research Tools**

For the Ph.D., computer language, or reading knowledge of one foreign language and advanced proficiency in statistics and research methodology.

**Residence Requirement**

Two semesters of mentorship under a TWU Special Education faculty member replaces the residency requirement.

**Qualifying Examination**

A comprehensive written examination encompassing knowledge common to the doctoral degree program is required. Sections which are failed may be retaken one time after six months.

**Final Examination**

Oral and/or written examination covering knowledge of course work and defense of dissertation. May be taken two times only.
Courses of Instruction in Special Education with Federation Universities

Students wishing to enroll in Federation courses will do so through a cross-registration mechanism administered by the TWU Graduate School and their major advisor's approval.

**Total Semester Credit Hours:** 18

Certification coursework may be used as a minor area of emphasis for candidates in the Doctor of Philosophy (Ph.D.) in Special Education program and other TWU academic programs, with program approval.

### Post-Master's Certificate of Advanced Study - Bilingual Educational Diagnostician

(The number of semester credit hours will vary with respect to applicant's experience and academic preparation)

**Exceptionalities (9 SCH)**
- EDSP 5103: Developmental Disabilities - 3 credits
- EDSP 5303: Students With Emotional/Behavioral Disorders - 3 credits
- EDSP 5413: Individuals with Learning Disabilities - 3 credits

**Support (9 SCH)**
- EDSP 5033: Using Assessments for Effective Interventions - 3 credits
- EDSP 5043: Legal and Administrative Issues of Special Education Programs - 3 credits
- EDSP 5053: Principles of Learning for Exceptional Children - 3 credits

**Bilingual Support (12 SCH)**
- EDBE 5413: Teaching Reading and Other Language Arts to Linguistically Different Learners - 3 credits
- EDBE 5453: English as a Second Language: Methods - 3 credits
- EDBE 5633: Education in Culturally Diverse Environments - 3 credits
- EDBE 5653: Second Language Acquisition: Theories and Practices - 3 credits

**Assessment (9 SCH)**
Restricted - These courses can only be taken by permission of faculty advisor when officially admitted into the TWU Diagnostician's program
- EDSP 5833: Clinical Instruction in Psychoeducational Assessment - 3 credits
- EDSP 5843: Clinical Instruction in Intellectual Assessment - 3 credits
- EDSP 5853: Advanced Assessment and Evaluation of Individuals with Disabilities - 3 credits

### Post-Master's Certificate of Advanced Study - Educational Diagnostician

(The number of semester credit hours will vary with respect to applicant's experience and academic preparation)

**Exceptionalities (9 SCH)**
- EDSP 5103: Developmental Disabilities - 3 credits
- EDSP 5303: Students With Emotional/Behavioral Disorders - 3 credits
- EDSP 5413: Individuals with Learning Disabilities - 3 credits

**Interventions (3 SCH)**
Select three hours from the following courses:
- EDSP 5013: Collaborating for Effective Intervention
- EDSP 5423: Instructional Interventions for Students with Disabilities

**Support (9 SCH)**
- EDSP 5033: Using Assessments for Effective Interventions - 3 credits
- EDSP 5043: Legal and Administrative Issues of Special Education Programs - 3 credits
- EDSP 5053: Principles of Learning for Exceptional Children - 3 credits

**Assessment (9 SCH)**
Restricted - These courses can only be taken by permission of faculty adviser and officially admitted into the TWU Diagnostician's program
- EDSP 5833: Clinical Instruction in Psychoeducational Assessment - 3 credits
Post-Master's Certificate of Advanced Study - Principal

The Department of Teacher Education and the Educational Administration Program offer coursework leading to recommendation for Texas Principal Certification. To obtain a recommendation for certification through Texas Woman's University, an individual must have a master's degree (preferably in education or an education-related field), a valid Texas teaching certificate, three years of teaching experience, and completion of coursework on a plan of study leading to certification. After being admitted to the Graduate School and the Educational Administration Program, the certification candidate must meet with his or her faculty advisor to complete a plan of study. The number of semester credit hours required and specific coursework varies with respect to applicants’ academic preparation and experience. Further information about certification program plans of study, requirements for the TExES examination and recommendation for Probationary Certification can be located on the Department of Teacher Education website (http://www.twu.edu/teacher-education/educational-leadership.asp).

Total Semester Credit Hours 18
School of Library and Information Studies

Web Site: http://www.twu.edu/slis/

**Director:** Ling Hwey Jeng, Professor  
**Location:** SH 404  
**Phone:** 940-898-2602  
**Fax:** 940-898-2611  
**E-mail:** slis@twu.edu

**Graduate Degrees Offered**

- Master of Library Science (M.L.S.) (p. 233)  
- M.A. in Library Science (p. 233)  
- Dual Program: M.L.S. and M.S. in Health Studies (p. 234)

Texas Woman’s University School of Library and Information Studies educates professionals to become leaders in practice and research in the field of library and information services; inspires intellectual curiosity, scholarship, and research to expand knowledge in library and information studies; and develops leaders who promote exceptional services in libraries within diverse communities.

The School of Library and Information Studies prepares students for professional roles in library and information services.

1. Develop professional competencies that reflect an appropriate balance between theory and practice.  
2. Prepare students to use technological advances to meet the changing information needs of a diverse society.  
3. Contribute to the improvement of library and information services through teaching, research, publication, and professional service.  
4. Advance the information professions through the development of new knowledge in library and information studies.

The programs of study leading to the degrees of Master of Library Science and Master of Arts in Library Science are accredited by the American Library Association. The master’s degree programs are designed to prepare information professionals who will:

1. Articulate an understanding of the dynamic role of librarianship as a profession and the changing roles of libraries as agencies;  
2. Demonstrate ability to apply the principles of acquiring, organizing, delivering, and preserving information and knowledge;  
3. Use knowledge and skills to perform effectively in professional positions;  
4. Employ technologies to meet information needs in a variety of contexts;  
5. Analyze social issues that have an impact on professional practice;  
6. Plan for continuous, career-long professional development;  
7. Recognize the value of participation in professional organizations and activities.

The School is located in Stoddard Hall, a beautiful building which includes multi-purpose seminar rooms, offices, laboratories, and lounges which provide meeting space for faculty and students.

**Admissions**

**Admission Requirements**

The School of Library and Information Studies (SLIS) takes the holistic approach to the review of admission applications. Applicants to SLIS must be admitted by both the Graduate School and SLIS, and must submit two different sets of application materials: one to the Office of Admissions Processing (http://www.twu.edu/admissions-processing) and the other to the School of Library and Information Studies (http://www.twu.edu/slis).

All applicants must submit the following items to the Office of Admissions Processing:

- Official transcripts for all previous university work  
- Application fee  
- ApplyTexas online application form  
- Note: Applicants holding a prior graduate degree are not required to submit the standardized test score.

Successful applicants are expected to meet the following criteria:

- A GPA of 3.0 for the last 60 semester credit hours of undergraduate coursework. Those who have a 3.0 or higher GPA in a completed post-graduate degree from an accredited university will be considered;
- The test scores of a standardized test are expected to fall at or above the median for the national aggregates of their available demographic variables; and
- English language proficiency scores (http://www.twu.edu/international-education), for international students, which meet the University’s requirements.

Students may apply for the School of Library and Information Studies under any of the following categories:

**Master’s Degree Programs or Graduate Certificate in School Librarianship**

Applicants for admission to the master's degree programs or the Graduate Certificate in School Librarianship must apply to SLIS. Only complete application packets will be considered. Applicants are responsible for keeping their contact information current. Submit the following materials, in a single, complete mailing, to TWU SLIS, PO Box 425438, Denton, TX 76204-5438:

- A SLIS application form, available on the SLIS website (http://www.twu.edu/slis);
- A resume;
- Three letters of recommendation; and
- A 2-page statement of intent.

**Dual Degree: Master of Library Science and Master of Science in Health Studies**

In addition to submitting the application materials listed above to the School of Library and Information Studies, applicants must also apply to the Department of Health Studies (p. 246).

**Graduate Certificate in Evidenced-Based Health Science Librarianship**

Applicants for this certificate program must meet one of the following two conditions:

- Possession of a graduate degree (master’s or doctoral) in a discipline in Nursing, Health Sciences, or Library Science; or
- Admission to a graduate degree program in the TWU College of Nursing, College of Health Sciences, or School of Library and Information Studies.

For students with a master’s degree, a Certificate in Evidence-Based Health Science Librarianship is awarded when the student completes all course requirements for the certificate program. For students pursuing a master’s degree concurrently, the certificate is awarded after the student completes all requirements for the graduate degree.

A complete application for admission to the Graduate Certificate program consists of the following materials:

- ApplyTexas (https://www.applytexas.org/adappc/gen/c_start.WBX) online application form, indicating graduate certificate as the admission option;
- Application fee;
- GRE (http://www.ets.org/gre) or another standardized test score (waived if the concurrently admitted degree program does not require a standardized test score);
- Transcripts from all universities attended; and
- SLIS Graduate Certificate application form, available on the SLIS website (http://www.twu.edu/slis).

**Certificates in Library and Information Studies**

- Post-Master's Certificate in Evidence-Based Health Science Librarianship (p. 235)
- Post-Master's Certificate in School Librarianship (p. 235)
- Post-Baccalaureate Certificate in Interprofessional Informatics (p. 336) (offered through the College of Nursing)

**Minors**

**Minors Offered to Students from Other Departments**

The requirements for a minor in Library Science on the graduate level vary according to the student’s degree program and are subject to agreement between the student’s advisory committee and the appropriate faculty member(s) in the School of Library and Information Studies.

- Master’s level: A minor is commonly defined as six to twelve semester credit hours.
- Doctoral level: Twelve to eighteen semester credit hours is common.
Courses

LS 5003. Collection Development. Introduction to collection development, evaluation, selection criteria, and tools. Discussion of community analysis, censorship, library standards, and the publishing industry. Three lecture hours a week. Credit: Three hours.

LS 5013. Information Organization and Retrieval. Organization of information and the tools used to represent and provide access to information in libraries and information agencies; cataloging, classification, subject analysis, indexing, metadata, and retrieval strategies. Three lecture hours a week. Credit: Three hours.

LS 5043. Information and Communication Technology. Concept and management of information technology related to library and information work; databases, networking, web technologies, and social and ethical aspects of information and communication technology applied to libraries and information agencies. Three lecture hours a week. Credit: Three hours.

LS 5083. Foundations of Library and Information Studies. Purposes, challenges, and principles of library and information studies; its organization and operations as a profession. Three lecture hours a week. Credit: Three hours.

LS 5103. Cataloging and Classification. Theories, standards, and practices of library cataloging and classification; practice in descriptive and subject cataloging of library materials; use of online cataloging tools and databases. Three lecture hours a week. Credit: Three hours.

LS 5133. Indexing and Abstracting. Theory and techniques of indexing journal literature, books, and newspapers; database production; survey of commercially available products; theory and techniques of preparation of abstracts, annotations, and other condensed versions of documents. Three lecture hours a week. Credit: Three hours.

LS 5213. Information Sources in Business. Study of literature, information sources and services, and bibliographical aids in various fields of business such as marketing, advertising, finance, banking, management, accounting, insurance, and corporate statistics; consideration of business library operations. Three lecture hours a week. Credit: Three hours.

LS 5223. Multimedia Resources and Services. Existing and emerging multimedia information technologies with emphasis on the design, production, and organization of multimedia resources for K-12 settings: classrooms, libraries, media centers, and network-accessible information sites. Three lecture hours a week. Credit: Three hours.

LS 5263. Information Sources and Services. Survey of print and electronic reference tools; terminology, techniques, and concepts of modern reference service; question-negotiation and formulation of effective search strategies; evaluation of information sources and services. Three lecture hours a week. Credit: Three hours.

LS 5303. The Public Library. Background of modern American public library; organization and administration; philosophy; services for types of patrons with special needs; performance measures; regional and state development; federal and state aid programs; current trends. Three lecture hours a week. Credit: Three hours.

LS 5313. The College and University Library. Administrative principles and practices as applied to college and university libraries; standards, services, materials, personnel, budget, quarters, reports, and statistics. Three lecture hours a week. Credit: Three hours.

LS 5323. The Special Library. History and theory of special library management; organization; management of special materials; relationship of librarian to staff, clientele, and upper management; standards of special librarianship. Three lecture hours a week. Credit: Three hours.

LS 5333. School Library Media Center. Philosophy, management and planning of resources, personnel, programs, and facilities; budgeting; collection building; instructional design; services to students and teachers; program evaluation; public relations. Three lecture hours a week. Credit: Three hours.

LS 5343. Youth Programs. History, philosophy, and objectives of library service to youth; organization and administration; emphasis on programming and service with special attention to multicultural needs of today's youth; techniques of booktalking and storytelling. Three lecture hours a week. Credit: Three hours.

LS 5363. Health Sciences Information Services Management. History and development of current healthcare environment; focus on the emergence of evidence-based practices as ongoing drivers for change in health sciences library professional practices and services. Prerequisite: LS 5553 for non-Library Science majors. Three lecture hours a week. Credit: Three hours.

LS 5383. Library Management. Administrative theory, organizational planning, leadership styles, decision-making, problem solving, and other aspects of the management process applied to libraries. Three lecture hours a week. Credit: Three hours.

LS 5403. Library Technology Systems. Planning, selection, migration, implementation, and assessment of library-related issues and trends involving library systems, including software, hardware, metadata, library and technology industry standards and trends. Three lecture hours a week. Credit: Three hours.

LS 5413. Systems Analysis and Design for Libraries. Systems concepts: analysis of libraries as systems; systems analysis tools; functional models; information flow models; project and process management models. Three lecture hours a week. Credit: Three hours.

LS 5443. Librarians as Instructional Partners. Learning and libraries; the role of the librarian and resource-based learning within the curriculum; the librarian as a teaching partner, team member, and instructional consultant. Learning theory and educational issues as they apply to cooperative planning and implementation of projects designed to improve information literacy and scholastic achievement. Prerequisite: LS 5333. Three lecture hours a week. Credit: Three hours.
LS 5473. Health Reference Services and Resources. Survey of health care reference resources, techniques, and services. Emphasis on evidence-based practice in research, retrieval, and evaluation of quality health information in support of patient care. Topics include reference service practices, information seeking behaviors of healthcare professions, education and training for use of health information resources, and emergent trends and issues in health reference services. Prerequisite: LS 5553 for non-Library Science majors. Three seminar hours a week. Credit: Three hours.

LS 5493. Information Sources and Services in Humanities and Social Sciences. Survey of print and electronic tools and services in the humanities and the social sciences; terminology, techniques, information needs, and seeking behavior of researchers, practitioners, and general public. Three lecture hours a week. Credit: Three hours.

LS 5513. Online Information Retrieval. Online retrieval of information, organization of search systems, search strategies, search aids, search evaluation, and evaluation of information retrieval systems used to retrieve and provide access to information in libraries and information agencies. Three lecture hours. Credit: Three hours.

LS 5523. Multicultural Librarianship. Identification and selection of materials appropriate for diverse cultures; services and programs in school and public libraries. Three lecture hours. Credit: Three hours.

LS 5533. Internet Research for Non-Library Science Majors. Internet information research including file structures, web browsers, and online communication. Current Internet trends, issues, practices, and standardization; tools for research and evaluation of online resources. It is strongly advised that students take this course in preparation for LS 5553. (Not available for M.L.S. or M.A. in Library Science degree credit.) Three lecture hours a week. Credit: Three hours.

LS 5553. Electronic Information Retrieval for Non-Library Science Majors. Basic concepts, principles, and techniques associated with accessing, identifying, and using information on the Internet and in online research databases. Requires basic computer and Internet skills, and file management. Prerequisite: LS 5533 or equivalent. (Not available for M.L.S. or M.A. in Library Science degree credit.) Three lecture hours a week. Credit: Three hours.

LS 5573. Web Development for the Information Professions. Techniques, concepts, and principles and techniques associated with learning (X)HTML and CSS coding for user-friendly website development. Identifying, using, and evaluating Internet information resources. Learning the history of the Internet. Understanding current Internet issues and trends. Three lecture hours a week. Credit: Three hours.

LS 5603. Literature for Children and Young Adults. Survey of literature and reference materials for children and young adults. Emphasis on reading interests, professional evaluation, educational uses, and readers’ advisory. Three lecture hours a week. Credit: Three hours.

LS 5623. Advanced Literature for Young Adults. Selection and evaluation of literature meeting interests, needs, and abilities of young adults in a contemporary, pluralistic society; techniques of reading guidance; emphasis on current issues; individual study project required. Prerequisite: LS 5603. Three lecture hours a week. Credit: Three hours.

LS 5633. Art of Storytelling. Examination of folk literature of world cultures as a source of materials for storytelling; storytelling techniques including selection of materials, preparation, and presentation; planning story hours and other folk literature based programs. Three lecture hours a week. Credit: Three hours.

LS 5643. Literacy Programs in Libraries. Role of libraries in promoting literacy. Particular emphasis upon public library family literacy programs, the emergent literacy process, government programs, workplace literacy, ESL literacy programs, and cultural literacy. Planning and proposal development for literacy programs, including needs assessment, goal setting, and evaluative methods. Three lecture hours a week. Credit: Three hours.

LS 5653. Multicultural Literature for Children and Young Adults. Literature for children and young adults which reflects the culture and experiences of African Americans, Asian Americans, Hispanic/Latino Americans, and Native Americans; selection guidelines, evaluation of literary quality, cultural authenticity, and educational uses. Prerequisite: LS 5603. Three lecture hours a week. Credit: Three hours.

LS 5663. Poetry for Children and Young Adults. Major poets, titles, and anthologies of contemporary poetry published for children and young adults; reading and responding to poetry for young people; sharing poetry with children; understanding poetic forms and formats, incorporating multicultural poetry, making curricular connections, and fostering children’s responses to poetry. Prerequisite: LS 5603. Three lecture hours a week. Credit: Three hours.

LS 5723. Advanced Cataloging and Classification. Advanced theory and practice in library cataloging and classification in a wide variety of formats and subjects; study of current trends and issues. Prerequisite: LS 5103 or equivalent. Three lecture hours a week. Credit: Three hours.

LS 5753. Research Methods. Methods and techniques of research applicable to problems in library and information studies. Three lecture hours a week. Credit: Three hours.

LS 5823. Library Marketing and Advocacy. Customer service, publicity, use of technology for publicity, public relations, networking, professionalism, and other aspects of marketing and advocacy applied to public, school, academic, and special libraries. Three lecture hours a week. Credit: Three hours.

LS 5833. Information Ethics. History of ethics and ethical issues librarians will encounter as information professionals; framework in which to analyze ethical concerns. Three lecture hours a week. Credit: Three hours.

LS 5843. Practicum. Professionally supervised work experience in approved school, public, academic, or special libraries. One-hundred and twenty hours of work experience; students seeking School Librarian Certification admitted to MLS program complete one-hundred and sixty hours of work experience. Eight practicum hours a week. Credit: Three hours.
**LS 5901. Special Topics.** An organized class for the study of a particular area or subject not offered in another scheduled course. May be repeated for credit when the specific topic of investigation varies. One lecture hour a week. Credit: One hour.

**LS 5903. Special Topics.** Investigation under faculty direction of special topics of particular interest to the individual student. May be repeated for credit when the specific topic of investigation varies. Three lecture hours a week. Credit: Three hours.

**LS 5911. Independent Study.** Individual study of topics in librarianship, research, or information science selected in accordance with student's interests and needs. Prerequisite: Permission of instructor. Credit: One hour.

**LS 5913. Independent Study.** Individual study of topics in librarianship, research, or information science selected in accordance with student's interests and needs. Prerequisite: Permission of instructor. Credit: Three hours.

**LS 5953. Cooperative Education.** Credit: Three hours.

**LS 5983. Thesis.** Credit: Three hours.

**LS 5993. Thesis.** Prerequisite: LS 5983. Credit: Three hours.

**LS 6903. Special Topics.** Investigation of topics or problems in librarianship by advanced graduate students under the direction of a professor. May be repeated for credit when the specific topic varies. Three lecture hours a week. Credit: Three hours.

**LS 6911. Independent Study.** Individual study of topics in librarianship, research, or information sciences selected in accordance with student's interests and needs. Prerequisite: Permission of instructor. Credit: One hour.

**LS 6913. Independent Study.** Independent reading and research by advanced graduate student. Prerequisite: Permission of instructor. Credit: Three hours.

**LS 6983. Dissertation.** May be repeated for an additional three hours of credit. Prerequisite: Permission of major professor. Restricted to doctoral students. Credit: Three hours.

**LS 6993. Dissertation.** May be repeated for an additional three hours of credit. Prerequisite: Permission of major professor. Restricted to doctoral students. Credit: Three hours.

**Faculty**

**Professors**

JENG, LING HWEY, Professor of Library and Information Studies; Director of the School of Library and Information Studies. B.A., National Taiwan University; M.L.I.S., University of Texas at Austin; Ph.D., University of Texas at Austin.

VARDELL, SYLVIA M., Professor of Library and Information Studies. B.S., University of Texas: Austin; Ph.D., University of Minnesota: Twin Cities.

**Associate Professors**

AKIN, LYNN K., Associate Professor of Library and Information Studies. B.A., Trenton State College; M.L.S., Texas Woman's University; Ph.D., Texas Woman's University.

HOFFMAN, GRETCHEN L., Associate Professor of Library and Information Studies. B.A., University of Nevada, Reno; M.L.S., Emporia State University; Ph.D., Emporia State University.

LEE, HYUK-JIN, Associate Professor of Library and Information Studies. B.A., Yonsei University; M.S., University of Michigan, Ann Arbor; Ph.D., Rutgers University.

**Assistant Professors**

CURRY, EVELYN L., Assistant Professor of Library and Information Studies. B.A., Prairie View A&M University; M.A., University of Wisconsin, Madison; Ph.D., University of Illinois, Urbana-Champaign.

MASTEN, KATHRYN, Assistant Professor of Library and Information Studies. B.A., Beloit College; M.P.A., Arizona State University; Ph.D. University of North Texas.

McELRATH, EILEEN T., Assistant Professor of Library and Information Studies. B.A., Murray State University; M.S.L.S., Murray State University; M.A., University of Kentucky; Ph.D., Florida State University.

MOREILLON, JUDITH L., Assistant Professor of Library and Information Studies. B.A., University of Michigan, Ann Arbor; M.L.S., University of Arizona; Ph.D., University of Arizona.

PERRYMAN, CAROL L., Assistant Professor of Library and Information Studies. B.S., Friends University; M.S., University of Illinois, Urbana-Champaign; Ph.D., University of North Carolina, Chapel Hill.

RICHEY, JENNIFER E., Assistant Professor of Library and Information Studies. B.A., University of Texas at Austin; M.S.I.S., University of Texas at Austin; Ph.D., University of Texas at Austin.
Master of Library Science

The M.L.S. degree is designed to prepare professionals to work in academic, public, school, corporate and other special libraries, as well as other types of information environments. This preparation is achieved by:

1. The acquisition of knowledge in a set of courses basic to an understanding of library and information studies,
2. Advanced instruction in courses selected according to the student’s career goals,
3. Completion of a practicum or internship (may be waived if the student has had comparable and substantial experience in a library or other information environment, to be replaced with an advisor-approved elective), and
4. Completion of a final examination.

Total Semester Credit Hours 36

Special Requirements

A cumulative ‘B’ average must be maintained. Any course with a grade of ‘C’ cannot be applied toward the student’s degree. Students are allowed to repeat a course once to improve a grade. No graduate library science course may be taken more than twice.

Final Examination

The Final Exam comprises submission of a professional portfolio, to be reviewed by the Final Exam Committee.

Special M.L.S. program for those holding the Ed.D. or Ph.D.

Required courses, listed above, plus 9 semester credit hours of Library Science electives
Total: 30 semester credit hours

Master of Arts in Library Science

The Master’s of Art degree in Library Science is designed to prepare library and information professionals to conduct research in an information environment. This preparation is achieved by:

1. The acquisition of knowledge in a set of courses basic to an understanding of library and information studies,
2. Advanced instruction in a set of research courses,
3. Completion of a thesis, and
4. Experience in a research setting. As graduates conduct their professional research and/or move into doctoral programs in librarianship, they will make effective contributions to library research.

Goals of the M.A. degree, in addition to goals for the M.L.S., are:

1. To contribute to the improvement of library and information services through research;
2. To produce graduates who can work in association with researchers in other disciplines; and
3. To produce graduates with research expertise needed to work in academic libraries, government agencies, etc.

Special Requirements

A cumulative ‘B’ average must be maintained. Any course with a grade of ‘C’ cannot be applied toward the student’s degree. Students are allowed to repeat a course once to improve a grade. No graduate library science course may be taken more than twice.

Dual Degree: Master of Library Science and Master of Science in Health Studies

Total Semester Credit Hours Required

54 semester credit hours consisting of:

- 21 semester credit hours of Library Science courses
- 24 semester credit hours of Health Studies courses
- 9 semester credit hours of Dual Degree courses

Residence Requirement

Attendance at a minimum of one HS online orientation during the first year in the program.

Prerequisites or Co-requisites

A bachelor’s degree in the field of health education/health promotion or related field.

Final Examination

Health Studies: A written comprehensive core project on the core coursework is required. The project will be included as a portion of HS 5383. Final Project passing grade will be a minimum of 80%. The course may be repeated once if the minimum passing grade is not achieved.

Library Science: The SLIS Final Exam comprises submission of a professional portfolio, to be reviewed by the Final Exam Committee.

Dual Degree: Master of Science in Health Studies and Master of Library Science Program of Study (54 semester credit hours)

Required Library Science Courses (21 SCH)

Required Health Studies Course (24 SCH)
Post-Master's Certificate in Evidence-Based Health Science Librarianship

The post-master’s Graduate Certificate in Evidence-Based Health Science Librarianship provides the knowledge and skills to be competent in practicing evidence-based librarianship in the health profession. The curriculum consists of the fundamental knowledge of library science and focuses on resources and services in health science librarianship, with a capstone practicum in a health science library or information center.

The curriculum for the certificate program consists of three required library science courses, three required courses in health science librarianship, and one required practicum as the capstone course.

Institute of Health Sciences

The Institute of Health Sciences supports the development of the University’s programs concerned with health science education and research. In pursuit of this mission, the Institute provides optimal and diverse opportunities for career preparation and prepares effective practitioners and scholars for service, teaching, leadership, and research roles in the field of health.

The Institute of Health Sciences consists of the College of Health Sciences and the College of Nursing. Graduate programs are offered in Education of the Deaf, Exercise and Sports Nutrition, Food Science, Food Systems Administration, Health Care Administration, Health Studies, Kinesiology, Nursing, Nutrition, Occupational Therapy, Physical Therapy, and Speech/Language Pathology.

The Institute’s programs are offered at University facilities on the Denton Campus, at the T. Boone Pickens Institute of Health Sciences–Dallas Center, and at the Houston Center. In addition, the programs in the Institute of Health Sciences make use of excellent clinical facilities throughout the state.

Application for admission to graduate programs in the Institute of Health Sciences is made to the Graduate School. Each degree program has specific admission requirements, and in some cases enrollment is limited. Descriptions of requirements for admission to each degree program are listed under the specific program.
The College of Health Sciences consists of the Departments of Communication Sciences and Disorders, Health Studies, Kinesiology and Nutrition and Food Sciences, the Programs in Dental Hygiene and Health Care Administration; and the Schools of Occupational Therapy and Physical Therapy. Students may pursue the degrees of Master of Science, Master of Healthcare Administration, Master of Occupational Therapy, Doctor of Education, Doctor of Philosophy, Doctor of Occupational Therapy, and Doctor of Physical Therapy within the College.

The College of Health Sciences provides the structure for a creative alliance of disciplines concerned with preparing practitioners, scholars, and researchers that focus on health promotion, prevention of illness, and remediation and rehabilitation of health problems. Multidisciplinary and integrated studies that encourage collaboration among disciplines characterize the academic environment of the College.

Master’s Degree programs in Health Sciences

- M.S. in Speech-Language Pathology
- M.S. in Education of the Deaf
- Master of Healthcare Administration (M.H.A.)
- Master of Occupational Therapy (M.O.T.)
- M.S. in Health Studies
- M.S. in Kinesiology
- M.S. in Exercise and Sports Nutrition
- M.S. in Nutrition
- M.S. in Food Science
- M.S. in Food Systems Administration
- Dual Degree: M.S. in Health Studies and Master of Library Science

Doctoral Degree programs in Health Sciences

- Doctor of Occupational Therapy (O.T.D.) - Post-professional
- Doctor of Physical Therapy (D.P.T.) - Professional
- Doctor of Physical Therapy (D.P.T.) - Post-professional
- Ph.D. in Health Studies
- Ph.D. in Kinesiology
- Ph.D. in Nutrition
- Ph.D. in Occupational Therapy
- Ph.D. in Physical Therapy

Detailed descriptions of specializations within the degree programs are included in the departmental sections of the catalog.
Department of Communication Sciences and Disorders

Web Site: http://www.twu.edu/communication-sciences/

Chair: Erika Armstrong, Associate Professor
Location: MCL 820
Phone: 940-898-2025
Fax: 940-898-2070
E-mail: coms@twu.edu

Graduate Degrees Offered

- M.S. in Speech-Language Pathology (p. 244)
- M.S. in Education of the Deaf (p. 243)

Department of Communication Sciences and Disorders Mission

The primary mission of the Department of Communication Sciences and Disorders is to prepare graduate students who are able to function as speech-language pathologists or teachers of children who are deaf or hard of hearing with qualifications that meet or exceed the national standards established by the Council for Clinical Certification in Audiology and Speech-Language Pathology or the Council on the Education of the Deaf (CED).

Speech-Language Pathology Program Overview

Working with the full range of human communication, speech-language pathologists (SLPs) evaluate and diagnose speech, language, cognitive-communication, and swallowing disorders and treat such disorders in individuals of all ages, from infants to the elderly (American Speech-Language-Hearing Association (http://www.asha.org)).

The TWU master's degree program in Speech-Language Pathology is accredited by the Council on Academic Accreditation (CAA) of the American Speech-Language-Hearing Association (ASHA). The program has two different learning venues.

The on-campus venue admits students each summer and fall and provides evening classes on the Denton and Dallas campuses. Students participate in clinical experiences two to five days a week at the TWU Speech-Language-Hearing Clinic (http://www.twu.edu/communication-sciences/speech-language-hearing-clinic.asp) in Denton, The Stroke Center (http://www.twu.edu/stroke-center-dallas) - Dallas, and externship sites throughout the Denton and Dallas-Fort Worth area.

The TETN distance learning venue runs in two-year cohort cycles. Funded by the Texas Education Agency, the TETN venue was created to help ameliorate the shortage of speech-language pathologists in Texas schools. This venue is offered to students across the state of Texas through partnerships with Education Service Centers and school districts.

Education of the Deaf Teacher Preparation Program Overview

The TWU Education of the Deaf master's degree leads to teacher certification specializing in teaching K-12 students who are deaf or hard of hearing.

The program prepares teachers to work in a variety of educational settings. We are committed to a comprehensive communication philosophy that focuses on meeting the individual needs of diverse students across all communication methods. Teachers learn to work collaboratively with families, students, and professionals.

The program is online and flexible in nature and includes a diverse cohort from varied backgrounds. Online classes are both synchronous and asynchronous and fully accessible to everyone. Practice-based coursework focuses on communication, language, and content. Graduates are equipped with broad knowledge and skills for promoting strong social, linguistic, and academic outcomes among students who are deaf or hard of hearing.

The program can be completed in two years following the recommended sequence of courses and includes a student teaching experience. The fully online program is offered to students across the United States.

Certifications

Certification Programs Offered

Speech-Language Pathology

Graduates who pass the national examination and successfully complete their clinical fellowship year are eligible for the ASHA Certificate of Clinical Competence and State Licensure.
Education of the Deaf
Graduates who successfully pass the state TExES exam are eligible for Texas Teacher Certification in Education of the Deaf and Hard of Hearing. Out-of-state students must meet the unique requirements of their state for teacher certification.

Courses

Courses

COMS 5003. Research in Communication Sciences. The process of inquiry and research modalities and techniques; applications in the field of Communication Sciences. Three lecture hours a week. Credit: Three hours.

COMS 5011. Ethics and Clinical Procedures. Professional and ethical standards for SLPs and assistants; focus on ethics, HIPAA and Infection Control; clinical procedures and paperwork. One lecture hour a week. Credit: One hour.

COMS 5013. Audiology for Deaf Education. Anatomy, physiology, and psychoacoustics related to hearing; survey of etiologies of deafness; review of hearing assessments; and overview of aural habilitation. Emphasis on educational audiology and connections to classroom practice with students who are deaf/hard of hearing. Three lecture hours a week. Credit: Three hours.

COMS 5023. Linguistics of Early Childhood. Language development, theories of language acquisition, and the basic stages of typically and atypically developing populations (including deaf/hard of hearing) integrating social, cognitive, and linguistic development. Three lecture hours a week. Credit: Three hours.

COMS 5052. Fundamentals of Communication Disorders. A detailed review of major theories, and evaluation and intervention strategies used to habilitate and rehabilitate those with communication disorders. Two lecture hours a week. Credit: Two hours.

COMS 5073. Linguistics of Sign Communication. Linguistic analysis of pedagogical issues in communicating via American Sign Language and English-based sign systems. Evaluation of research-based practices and design strategies for communicating via sign with the continuum of students who are deaf/hard of hearing. Three lecture hours a week. Credit: Three hours.

COMS 5211. Counseling and Professional Communication. Interviewing, counseling, and communicating with clients with communication and swallowing disorders and their families in a variety of settings. Strategies for communicating with other professionals. One lecture hour a week. Credit: One hour.

COMS 5303. Differentiated Instruction for Students with Other Disabilities. Information for teaching students with hearing and other disabilities or those mainstreamed into regular education classes. Credit: Three hours.

COMS 5311. Multicultural Issues and Mentoring. Critical strategies and evidence-based practice in supervising and providing feedback to supervisees; service delivery issues in culturally and linguistically diverse populations; sensitivity to multiculturalism in the clinical practice of SLP. One lecture hour a week. Credit: One hour.

COMS 5322. Augmentative Communication. Identification, legal descriptions, and implications of alternative augmentative communication (AAC) systems. Methods of evaluation and ‘feature matching’ between the client and the AAC system. Treatment procedures and lesson plans for students using AAC systems. Two lecture hours a week. Credit: Two hours.

COMS 5333. Assessment and Diagnosis of Communication Disorders. A comprehensive study of the evaluative and assessment process in speech-language pathology including the techniques and materials used to diagnose various communicative disorders in children and adults. Three lecture hours a week. Credit: Three hours.

COMS 5353. Adult Dysphagia. Principal issues and research concerning the nature, assessment, and evidence-based treatment of swallowing disorders in adults. Three lecture hours a week. Credit: Three hours.

COMS 5403. Facilitating Language Development through Teaching Content. Principles and methods involved in facilitating the development of language (written, spoken, and manual) to children who are deaf/hard of hearing within the confines of Pre-K through 12 curricular content areas. Three lecture hours a week. Credit: Three hours.

COMS 5413. Advanced Clinical Practicum II. Assessment and management of clients with speech, language, and hearing disorders under supervision of ASHA certified supervisors. Eight laboratory hours a week. Credit: Three hours.

COMS 5452. Pediatric Dysphagia. Principal issues and research concerning the nature, assessment, and evidence-based treatment of swallowing disorders in children. Prerequisite: COMS 5353. Two lecture hours a week. Credit: Two hours.

COMS 5511. Advanced Language Disorders. Evidence-based assessment and treatment of children's language deficits associated with intellectual disabilities, sensory deficits, environmental components, and neurological disorders such as autism. Prerequisite: COMS 5603. One lecture hour a week. Credit: One hour.

COMS 5513. Instructional Processes in Deaf Education. Pedagogical issues of providing effective instruction of content areas to deaf and hard of hearing students in a variety of learning environments available throughout the special education continuum. Three lecture hours a week. Credit: Three hours.

COMS 5523. Speech and Hearing Science. Basic vocal tract and hearing mechanisms with emphasis on respiration, phonation, resonance, speech perception, and acoustic aspects of speech. Includes hands-on work with analysis of speech using various instrumental methodologies. Three lecture hours a week. Credit: Three hours.

COMS 5553. Speech Sound Disorders. Etiologies, evaluation, and evidence-based therapy approaches for articulation and phonological disorders. Three lecture hours a week. Credit: Three hours.

COMS 5603. Language Disorders in School-Age Children. Principal issues and research concerning the nature of language disorders in school-age children; assessment and treatment of such disorders. Three lecture hours a week. Credit: Three hours.

COMS 5643. Advanced Neurological Disorders. Advanced clinical considerations for assessment/treatment of aphasia and acquired speech disorders. Includes medical aspects of speech-language pathology, neuroimaging, neuromodulation, and counseling techniques. Required prior to or concurrently with clinical placement at the TWU Stroke Center-Dallas. Three lecture hours a week. Credit: Three hours.

COMS 5663. Strategies for Supporting Language Development. Assessment in instructional strategies for supporting language development and expanding language (written, spoken, and manual). Competencies developed through practical application of strategies with students who are deaf/hard of hearing. Includes ten hours of field-based experiences across the semester. Three lecture hours a week. Credit: Three hours.

COMS 5683. Strategies for Supporting Listening and Spoken Language. Auditory-Verbal principles and their application for diverse deaf/hard of hearing students. Emphasis on optimizing hearing technology, the developmental processes of audition/speech, and facilitating spoken language. Includes ten hours of field-based experiences across the semester. Three lecture hours a week. Credit: Three hours.

COMS 5722. Voice and Resonance Disorders. Physiological process of voice production as related to voice and resonance disorders; differential diagnosis and evidence-based treatment procedures in both medical and behavioral arenas. Prerequisite: COMS 5523. Two lecture hours a week. Credit: Two hours.

COMS 5783. Graduate Field Experience of the Deaf. Field experience in education of the deaf, types of teaching, professional ethics, and effective teaching practices. Eight practicum hours a week. Credit: Three hours.

COMS 5793. Aural Habilitation and Advanced Speech Disorders. Neurological aspects of motor speech disorders and other challenging speech disorders including etiology, evaluation, and evidence-based treatment for children who are deaf or hard of hearing. Three lecture hours a week. Credit: Three hours.

COMS 5823. Literacy Development in Deaf Education. Literature review of theories, evaluation, and intervention strategies associated with the development of literacy in hearing and deaf/hard of hearing children. Three lecture hours a week. Credit: Three hours.

COMS 5853. Teacher Friendly Assessment Strategies. Informal assessment strategies including language and literacy case studies designed to individualize instruction and monitor academic progress. Competencies developed through practical application with students who are deaf/hard of hearing. Includes ten hours of field-based experiences across the semester. Three lecture hours a week. Credit: Three hours.

COMS 5903. Special Topics. Research and review of literature on selected topics dealing with communication disorders. Topic will vary from semester to semester. Three lecture hours a week. Credit: Three hours.

COMS 5911. Independent Study. Individual study of specific problems. Prerequisite: Permission of instructor. Credit: One hour.

COMS 5913. Independent Study. Individual study of specific problems. Prerequisite: Permission of instructor. Credit: Three hours.

COMS 5923. Instructional Practicum in Deaf Education. Seven-week professional supervised teaching experience within deaf education K-12 settings. Prerequisites: COMS 5403 and COMS 5513. Seven laboratory hours a week. Credit: Three hours.

COMS 5926. Instructional Internship in Deaf Education. Fourteen-week professional supervised teaching experience within deaf education K-12 settings. Prerequisites: COMS 5403, COMS 5513, COMS 5683, and COMS 5663. Thirteen practicum hours a week. Credit: Six hours.
COMS 5973. Professional Paper. An in-depth study and/or review of a specific problem jointly selected by student and instructor; intensive laboratory or library research into the topic with a professional paper presenting the results of this research. May be repeated for a total of six hours credit. Credit: Three hours.

Faculty

Professors
GILL, CYNTHIA B., Professor of Communication Sciences and Disorders. B.S., Southwest Texas State University; M.Ed., Southwest Texas State University; Ed.D., East Texas State University.

WALKER-BATSON, DELAINA, Cornaro Professor of Communication Sciences and Disorders. B.A., Southern Methodist University; M.S., University of Utah; Ph.D., University of Texas at Austin.

Associate Professors
ALLMAN, TAMBY M., Associate Professor of Communication Sciences and Disorders. B.S., Baylor University; M.A., Texas Woman's University; Ed.D., National-Louis University.

ARMSTRONG, ERIKA S., Associate Professor of Communication Sciences and Disorders; Chair of the Department of Communication Sciences and Disorders. B.A., University of Texas at Dallas; M.S., University of Texas at Dallas; Ph.D., University of Texas at Dallas.

GREEN, LAURA B., Associate Professor of Communication Sciences and Disorders. B.S., Stephen F. Austin State University; M.A., University of Houston; Ph.D., University of Washington.

MEHTA, JYUTIKA A., Associate Professor of Communication Sciences and Disorders. B.S., Bombay University; M.S., University of Texas at Dallas; Ph.D., University of Texas at Dallas.

SMITH, CHAD E., Associate Professor of Communication Sciences and Disorders. B.A., Lamar University; M.S., Lamar University; Ph.D., Nova Southeastern University.

Assistant Professors
BHARADWAJ, SNEHA V., Assistant Professor of Communication Sciences and Disorders. B.S., University of Mysore, India; M.S., University of Mysore, India; Ph.D., University of Texas at Dallas.

LEVITT, JUNKO (JUNE) S., Assistant Professor of Communication Sciences and Disorders. B.A., Musashino Women's College; M.S., University of Texas at Dallas; Ph.D., University of Texas at Dallas.

WAINSCOTT, SARAH D., Assistant Professor of Communication Sciences and Disorders. B.S., James Madison University; M.Ed., James Madison University; Ph.D., Gallaudet University.

Associate Clinical Professors
MOORER-COOK, LAURA L., Associate Clinical Professor of Communication Sciences and Disorders. B.S., Texas Woman's University; M.A., Texas Woman's University.

MORY, KIMBERLY D., Associate Clinical Professor of Communication Sciences and Disorders. B.A., California State University, Fullerton; M.A., California State University, Fullerton.

WHITE, JENNIFER K., Associate Clinical Professor of Communication Sciences and Disorders. B.S., James Madison University; M.S., University of North Texas.

WOODS, ALISA P., Associate Clinical Professor of Communication Sciences and Disorders. B.S., University of Oklahoma Health Sciences Center; M.S., Texas Woman's University.

Assistant Clinical Professors
ABELLERA, ROBIL, Assistant Clinical Professor of Communication Sciences and Disorders. B.S., University of Houston; M.A., Texas Woman's University.

CHANCE, PAULA V., Assistant Clinical Professor of Communication Sciences and Disorders. B.S., Abilene Christian University; M.S., Texas Woman's University.

STOCKHOLM, MELISSA C., Assistant Clinical Professor of Communication Sciences and Disorders. B.S., Baylor University; M.Ed., Stephen F. Austin State University.
Master of Science in Education of the Deaf

Admission Requirements

Please see the admissions section (p. 52) of this catalog for university admission requirements. In addition to those general requirements, the Education of the Deaf Program requires the following (visit the Communication Sciences and Disorders website (http://www.twu.edu/communication-sciences) for details).

1. A one-page personal letter of intent describing the applicant's professional aspirations
2. Three letters of recommendation from professionals familiar with the applicant's academic and/or professional work
3. The Department Application Form available on the department's website (http://www.twu.edu/communication-sciences)
4. Graduate Record Examination (GRE) scores (no minimum score required; applicants should have a competitive score)

Applicants must have a GPA of 3.0 or better on their last 60 hours of undergraduate work OR on their last 60 hours of undergraduate work plus any post baccalaureate or graduate hours. The Graduate School requires a minimum GPA of 3.0 on all graduate coursework.

Off-campus/online students must have access to a school for children who are D/HH.

Education of the Deaf Program Requirements for a Master’s Degree

1. A minimum of 36 semester credit hours are required for those seeking a graduate degree in Education of the Deaf. Those individuals seeking a degree with an undergraduate major other than Communication Sciences or those without current teacher certification coursework may be required to take additional semester credit hours.
2. All students must successfully complete a Comprehensive Exam prior to their Student Teaching or Practicum experience and graduation. Students also may be required to take the K-12 PPR Exam, TASC Exam, Deaf Education TExES Exam, and/or other exams as required for certification.

Education of the Deaf Program Retention Requirements

Students must maintain a 'B' average or better (3.0 or better) in all graduate courses on their degree plan to be retained in the graduate program. A student who receives a grade of ‘C’ or lower in a graduate course must retake the course in order to successfully complete the Master’s Program. Any student who receives a second grade of ‘C’ or lower will be dismissed from the program. Students must also maintain professional and academic integrity at all times and must abide by the university, college, and department codes of ethics/conduct and policies and procedures while in the program.

Master of Science in Education of the Deaf Program of Study (for TWU COMS graduates) (36 semester credit hours)

### Master of Science in Speech-Language Pathology

**Admission Requirements**

Please see the admissions section (p. 52) of this catalog for university admission requirements. In addition to those general requirements, the Speech-Language Pathology Program requires the following (visit the Communication Sciences and Disorders website (http://www.twu.edu/communication-sciences) for details):

1. A one-page personal letter of intent describing the applicant's professional aspirations
2. Three letters of recommendation from professionals familiar with the applicant's academic and/or professional work
3. The Department Information Form (available on the department website (http://www.twu.edu/communication-sciences) for on-campus applicants and in the information packet for TETN applicants)
4. Graduate Record Examination (GRE) scores (no minimum score required; applicants should have a competitive score)

In addition, applicants for the TETN venue must attend an Information Meeting prior to applying and submit additional materials with their application that are provided in these Information Meetings. More information is available on the department's website (http://www.twu.edu/communication-sciences).

Applicants must have a GPA of 3.0 or better on their last 60 semester credit hours of undergraduate work OR on their last 60 semester credit hours of undergraduate work plus any post baccalaureate or graduate semester credit hours. The Graduate School requires a minimum GPA of 3.0 on all graduate coursework.

Before beginning the graduate SLP program, students must also have completed:

1. An undergraduate degree in Communication Sciences and Disorders or Speech-Language Pathology or pre-master's leveling courses (http://www.twu.edu/communication-sciences)
2. 25 hours of university directed observation (can be earned at TWU after acceptance to the SLP program through COMS 4303)
3. One class in each of the following:
   - biological science
   - physical science
   - social/behavioral science
   - statistics

**Total Semester Credit Hours** 13

Total semester credit hours: 36 COMS SCH + 3-6 Practicum or Student Teaching + 13 EDUC (if not teacher certified)
Speech-Language Pathology Program Requirements for a Master’s Degree

1. A minimum of 43 academic semester credit hours plus six successful semesters (18 semester credit hours) of clinical practicum (including opportunities in TWU clinics (p. 47)) are required for those seeking a graduate degree in Speech-Language Pathology. Those individuals seeking a degree with an undergraduate major other than Communication Sciences may be required to take additional semester credit hours.

2. All students must successfully complete a Comprehensive Exam for degree completion and graduation.

Speech-Language Pathology Program Retention Requirements

Students receiving a grade of ‘C’ or lower in one graduate course must retake the course in order to successfully complete the master’s program. Students must not receive more than one ‘C’ (or lower) in graduate coursework. Students receiving two ‘C’ grades or lower, in the same or different courses/practica, will be dismissed from the program. Students must also maintain professional and academic integrity at all times and must abide by the university, college, and department codes of ethics/conduct and policies and procedures while in the program.

Total Semester Credit Hours 61
Department of Health Studies

Web Site: http://www.twu.edu/health-studies/

Interim Chair: Roger Shipley, Associate Professor

Location: CFO 1006
Phone: 940-898-2860
Fax: 940-898-2859
E-mail: HealthStudiesInfo@twu.edu

Graduate Degrees Offered

- M.S. In Health Studies (p. 251)
- Dual Degree: M.S. in Health Studies/ Master of Library Science (p. 253)
- Ph.D. in Health Studies (p. 254)

Mission Statement

The Department of Health Studies is dedicated to improving the health of communities by conducting research, teaching evidence-based practice, educating future health education/health promotion professionals, and developing leaders and scholars who translate research into practice. Through responsive, collaborative relationships with faculty, staff, students, alumni, schools, and populations, the department’s purpose is to graduate professionals of high esteem who impact behavioral and social determinates of societal health.

Master’s Program

The Health Studies Master’s Programs are built upon the competencies as framed in the entry-level competencies of the National Commission for Health Education Credentials, Inc.’s 2006 Competency Update Project Model.

Master’s Programs Goal

To prepare graduates to become health education leaders and practitioners in the profession.

Master’s Programs Objectives

The Master’s Programs curricula are designed to provide students with the knowledge and skills to:

- Assess the health needs and interests of individuals, groups, and communities in relation to cultural, ethnic, and demographic factors.
- Plan, implement and evaluate health education and health promotion programs in a variety of settings.
- Approach health education and health promotion from a multicultural perspective and sensitivity to diversity.
- Develop appropriate strategies to effect positive health behavior among the groups or populations addressed.
- Coordinate the provision of health education services and serve as a resource person in health education and health promotion.

Courses are taught in a variety of delivery methods including traditional, online, weekend, and workshop formats. The online M.S. in Health Studies was approved to begin Fall 2005 by the Texas Higher Education Coordinating Board.

Dental Hygiene Focal/Emphasis

Students may pursue a M.S. in Health Studies with a focal/emphasis in Dental Hygiene that will prepare leaders in dental hygiene and health education. This focal area will provide students the opportunity to learn to access, plan, implement and evaluate dental hygiene programs. In addition, successful completion of the program may help qualify graduates of the program for positions such as dental career educator, wellness coordinator and dental health administration/management.

Dual Degree Program

Through a joint program of the Department of Health Studies and the School of Library and Information Studies, students may also pursue a dual master’s degree in Health Studies and Library Science. This dual degree program prepares specialized professionals for careers in health sciences information services and medical library services, as well as in the field of health education and health promotion. Graduates of this program will have the combined professional expertise of both disciplines to address society’s growing needs for health information stemming from the rapid advances in information technologies.
Doctoral Program

The Health Studies Doctoral Program is built upon the entry-level, advanced 1, and advanced 2 level competencies of the National Commission for Health Education Credentialing, Inc.’s 2010-2014 Strategic Plan.

Doctoral Program Goal

To prepare graduates to be effective health education leaders, researchers, and scholars in the profession.

Doctoral Program Objectives

The Doctoral Program curriculum is designed to provide students with the knowledge and skills to:

• Assess the health needs and interests of individuals, groups, and communities in relation to cultural, ethnic, and demographic factors.
• Plan and implement health education and health promotion programs in a variety of settings.
• Evaluate health education and health promotion programs in a variety of settings.
• Approach health education and health promotion from a multicultural perspective and sensitivity to diversity.
• Develop appropriate strategies to effect positive health behavior among the groups or populations addressed.
• Coordinate the provision of health education services and serve as a resource.
• Serve as an advocate to both the community and the profession.
• Critically analyze and communicate current and future health education and health promotion needs.
• Apply appropriate research principles and methods in health education and health promotion to make scholarly contributions to the profession.
• Apply ethical principles in the practice of health education and health promotion.

Admissions

Admission Requirements

Applicants may be admitted for graduate study in the Department of Health Studies either unconditionally or provisionally. In addition to the general admission requirements presented in the admissions section of this catalog, the Department of Health Studies has established the following criteria for unconditional and provisional admission.

Master of Science in Health Studies

Unconditional admission

1. A minimum GPA of 3.0 on a 4.0 scale for the last 60 semester credit hours of bachelor’s degree coursework as evidenced by official transcripts.
2. A preferred minimum of 150 on the verbal portion and 140 on the quantitative portion of the Graduate Record Examination (GRE Revised), 4.5 on the analytic portion of GRE and, for international students, a minimum score of 550/213/79 on the Test of English as a Foreign Language (TOEFL).
3. Appropriate academic background and professional and volunteer experience for master’s study in health studies as evidenced by a professional vita and CHES certification.
4. Two acceptable recommendations (using the departmental recommendation forms), within the past 12 months by faculty members, academic advisors, or employers.
5. Ability to express concepts and ideas in writing as evidenced in a 400 to 500-word typed essay.

Provisional admission

For applicants who do not meet the minimum requirements for unconditional admission to the master’s degree program, provisional admission will be considered, dependent upon the relative strength of the applicant’s undergraduate GPA, GRE/TOEFL test scores, academic background, professional experience, and written essay. A student’s performance on graduate coursework taken prior to application for admission to the Health Studies master’s degree program will be considered.

Doctor of Philosophy in Health Studies

Unconditional admission

1. A GPA of at least 3.5 on a 4.0 scale on master’s degree coursework, as evidenced by official transcripts.
2. A preferred minimum of 152 on the verbal portion and 140 on the quantitative portion of the Graduate Record Examination (GRE revised), 4.5 on the analytic portion of GRE and, for international students, a minimum score of 575 on the Test of English as a Foreign Language (TOEFL).
3. Appropriate academic background and professional and volunteer experience for doctoral study in health studies as evidenced by a professional vita and CHES certification (non CHES applicants see prerequisite or corequisites).
4. Two acceptable recommendations (using the departmental recommendation forms), within the past 12 months by faculty members, academic advisors, or employers.
5. Ability to express concepts and ideas in writing as evidenced in a 600-700 word typed essay.
6. A writing sample of no more that 5 pages from a thesis, professional paper, published paper, or research/academic paper.

**Provisional admission**

For applicants who do not meet the minimum requirements for unconditional admission to the doctoral program, provisional admission will be considered, dependent upon the relative strength of the applicant’s master’s GPA, GRE/TOEFL test score, academic background, professional experience, and written essay.

**Dual Degree: Master of Science in Health Studies and Master of Library Science**

For the dual master's degree program in Health Studies and Library Science, admission to the master's programs in both departments is required (see the admission requirements for the master's degree in Library Science (p. 228)).

**Unconditional admission**

1. A minimum GPA of 3.0 on a 4.0 scale for the last 60 semester credit hours of bachelor's degree coursework as evidenced by official transcripts.
2. A preferred minimum of 150 on the verbal portion and 140 on the quantitative portion of the Graduate Record Examination (GRE Revised), 4.5 on the analytic portion of GRE and, for international students, a minimum score of 550/213/79 on the Test of English as a Foreign Language (TOEFL).
3. Appropriate academic background and professional and volunteer experience for master's study in health studies as evidenced by a professional vita and CHES certification.
4. Two acceptable recommendations (using the departmental recommendation forms), within the past 12 months by faculty members, academic advisors, or employers.
5. Ability to express concepts and ideas in writing as evidenced in a 400 to 500-word typed essay.

**Provisional admission**

For applicants who do not meet the minimum requirements for unconditional admission to the master’s degree program, provisional admission will be considered, dependent upon the relative strength of the applicant’s undergraduate GPA, GRE/TOEFL test scores, academic background, professional experience, and written essay. A student’s performance on graduate coursework taken prior to application for admission to the Health Studies master’s degree program will be considered.

**Minors**

**Minors Offered to Students From Other Departments**

For a minor in Health Studies the hour and course requirements are flexible and are determined by major and minor committee members and the student's background and interests. Minor: 12-18 hours

**Courses**

**Courses**

**HS 5003. Practicum in Health Education.** Internship experiences with health-related agencies or in the development of an original contribution to teaching and learning materials. Six practicum hours a week. Credit: Three hours.

**HS 5006. Practicum in Health Education.** Internship experiences with health-related agencies or in the development of an original contribution to teaching and learning materials. Twelve practicum hours a week. Credit: Six hours.

**HS 5013. Data Collection and Analysis.** Overview of data collection and analysis. Covers health education principles such as age-adjustment, relative risk, vital statistics, life tables, and health surveys. Analyzing retrospective and prospective studies, specifically in health education. Three lecture hours a week. Credit: Three hours.

**HS 5023. Methods in Health Education Research.** Required for Master’s Thesis Option only. Focus on basic research skills including library skills, the reading and interpretation of research, writing style, research planning and design, methodologies, and research as they relate to health education. Prerequisite or Co-requisite: One graduate-level statistics course. Three lecture hours a week. Credit: Three hours.

**HS 5053. Psychosocial Aspects of Health.** Emphasis on theory, research, and application of the interrelationships of the social and psychological aspects of health and wellness, including concepts of stress management and the impact of organizational factors. Three lecture hours a week. Credit: Three hours.

**HS 5063. Aging and Health.** Aging as part of the life cycle; special health concerns of the elderly; current life extending research and technology for successful aging. Three lecture hours a week. Credit: Three hours.

**HS 5103. Principles and Methods of Teaching Health Professionals.** Development of classroom and clinical teaching competencies with emphasis on identification of resources, planning and implementation of instructional units, and instructional strategies for health professionals. Three lecture hours a week. Credit: Three hours.

**HS 5113. Curriculum Development for Health Professionals.** Theoretical concepts of curricular design; identification and implementation of unique factors that determine health curricula. Three lecture hours a week. Credit: Three hours.
HS 5343. Risk Reduction. Identification and analysis of risk-taking behaviors and application of health risk assessment theory, tools, data sources, and methodology. Use of risk assessments, demographic data, and behavior-change theories to determine appropriate health risk reduction and health enhancement strategies for various populations and settings. Three lecture hours a week. Credit: Three hours.

HS 5353. Epidemiology. Study of disease occurrence in human populations and the understanding of the various methods used in the study of disease. Prerequisite: A disease process course. Three lecture hours a week. Credit: Three hours.

HS 5363. Population Health. Dimensions of population health; application of community health concepts through the use of multicultural approaches; effective capacity building in coalitions and other populations. Community health agency organization, role, and structure. Three lecture hours a week. Credit: Three hours.

HS 5383. Program Development and Coordination. Development and evaluation of community and worksite health education programs. Review of approaches to program design, criteria for content selection, writing of programs, and community resources and support. Prerequisite: HS 5423. Three lecture hours a week. Credit: Three hours.

HS 5413. Current Issues in Health Studies. Introduction to the professions of health science and allied health: role, credentialing, ethics, journals, associations and organizations, leaders in the field, and current and future trends in health science. Three lecture hours a week. Credit: Three hours.

HS 5423. Ethnic and Cultural Factors in Health Decisions. Consideration of major chronic, degenerative, and communicable diseases in light of socio-cultural influences; exploration of myths and misconceptions in ethnic groups and the related health implications; alternative strategies for minorities to improve health through education. Three lecture hours a week. Credit: Three hours.

HS 5563. Consumer Health. Information concerning health care products, services, and consumer protection. Strategies for effective delivery of information to the public concerning consumer health related products and problems. Three lecture hours a week. Credit: Three hours.

HS 5613. Worksite Health Promotion. Design and management of effective worksite health promotion programs; organizational aspects of healthy work environments; critical issues related to health behavior change and intervention programs in the workplace setting. Three lecture hours a week. Credit: Three hours.

HS 5803. Writing for Health Studies. Concepts and techniques for effective writing practices within the field of Health Studies. Analysis of professional writing and strategies to improve written communication in a range of writing genres (basic correspondence, essays, literature reviews, abstracts, research-based writing). Three lecture hours a week. Credit: Three hours.

HS 5901. Special Topics. Concentrated study of a particular topic in health education. May be repeated for credit when topic varies. One lecture hour a week. Credit: One hour.

HS 5903. Special Topics. Concentrated study of a particular topic in health education. May be repeated for credit when topic varies. Three lecture hours a week. Credit: Three hours.

HS 5911. Independent Study. Advanced study in a selected area of health education leading to the solution of a problem of professional interest and significance. May be repeated for additional credit when topic varies. Credit: One hour.

HS 5913. Independent Study. Advanced study in a selected area of health education leading to the solution of a problem of professional interest and significance. May be repeated for additional credit when topic varies. Credit: Three hours.

HS 5983. Thesis. Credit: Three hours.

HS 5993. Thesis. Prerequisite: HS 5983. Credit: Three hours.

HS 6043. Methods in Health Education Research. Review of library skills and writing style, reading and interpreting of research, research planning and design, methodologies, and research reporting as they relate to dissertation prospectus preparation in health education; advanced research skills and health behavior research; appropriate selection of qualitative versus quantitative methodologies; community-based participatory research. Prerequisites: HS 5013, HS 6483, HS 6073, and six hours of statistics. Three lecture hours a week. Credit: Three hours.

HS 6053. Qualitative Research Methods in Health Studies. An overview of epistemological and theoretical perspectives underlying qualitative methods in health science research; techniques for gathering and analyzing qualitative data; and issues relative to publishing qualitative research in health science. Prerequisite: HS 6043. Three lecture hours a week. Credit: Three hours.

HS 6073. Seminar in Health Education. Capstone course that draws from skills learned in other courses throughout the program; synthesis of theory and methods of health education; needs assessment and program planning; implementation; and evaluation into advanced application through grant writing activities; seven areas of responsibility of a graduate level health education specialist. Prerequisites: HS 5423, HS 6453, and HS 5383. Co-requisite: HS 6483. Three seminar hours a week. Credit: Three hours.

HS 6353. Social Epidemiology. Epidemiological methods with focus on social determinants of diseases, including the theoretical foundation and processes involved in conducting social epidemiological research. Prerequisite: HS 5353 or permission of instructor. Three lecture hours a week. Credit: Three hours.

HS 6403. Environmental Health. Basic principles of ecology as they apply to the health of human beings; analysis of modern developments in technology and science and their resultant effects on human beings; development of community efforts in establishing environmental quality. Three lecture hours a week. Credit: Three hours.
HS 6423. Global Health. Health status, health delivery systems, and health policy issues affecting human populations around the world; roles of selected international organizations in advancing the health status of certain populations. Three lecture hours a week. Credit: Three hours.

HS 6433. History of Health and Medicine. Significant historical events with emphasis upon ideas, personalities, institutions, and cultural factors of each era as they affected the origin and development of health education. Three lecture hours a week. Credit: Three hours.

HS 6443. Foundations of Health Science. Introduction of theories and concepts related to health science. Includes rational, psychodynamic, and behavioral theories from education, psychology, and sociology. Applications of theory to health education practice and research. Three lecture hours a week. Credit: Three hours.

HS 6453. Strategies in Health Education Delivery. Identification of the various entities within the health education system which influence decisions about accepting health information and changing unhealthful lifestyles. Development of strategies for effective utilization of health information. Prerequisite: HS 5423. Three lecture hours a week. Credit: Three hours.

HS 6483. Evaluation in Health Education. Evaluative tools for individuals, groups, and programs in health education; methods for selecting instruments and collecting data; advanced interpretation and reporting evaluation results through a formal evaluation plan. Prerequisites: HS 5353, HS 5383, HS 5423, and HS 6443. Co-requisite: HS 6453. Three lecture hours a week. Credit: Three hours.

HS 6563. Health Advocacy and Leadership. Exploration of advocacy, including building coalitions, creating media messages, meeting with decision-makers, and impacting health policy. Three lecture hours a week. Credit: Three hours.

HS 6901. Special Topics. Concentrated study of a particular topic of current interest in health education. May be repeated for credit when topic varies. One lecture hour a week. Credit: One hour.

HS 6903. Special Topics. Concentrated study of a particular topic of current interest in health education. May be repeated for credit when topic varies. Three lecture hours a week. Credit: Three hours.

HS 6911. Independent Study. Individual study in health studies leading to the solution of a problem of professional interest and significance. May be repeated for credit. Credit: One hour.

HS 6913. Independent Study. Individual study in health studies leading to the solution of a problem of professional interest and significance. May be repeated for credit. Credit: Three hours.

HS 6993. Dissertation. Prerequisite: HS 6983. Credit: Three hours.

Faculty

Professor
JAMES, GAY, Professor of Health Studies. B.S., Southwest Texas State University; M.Ed., Southwest Texas State University; Ph.D., University of Texas System: Austin.

Associate Professors
MASSEY-STOKES, MARILYN, Associate Professor of Health Studies. B.S., Southwestern Oklahoma State University; M.Ed., Southwestern Oklahoma State University; Ed.D., Oklahoma State University.
PARKER, KIMBERLY A., Associate Professor of Health Studies. B.S., South Carolina State University; M.P.H., University of South Carolina, Columbia; M.A., South Carolina State University; Ph.D., University of Georgia.
SHIPLEY, ROGER R., Associate Professor of Health Studies; Interim Chair of Health Studies. B.S., Western Maryland College; M.Ed., Western Maryland College; Ed.D., Temple University.
WIGINTON, KRISTIN L., Associate Professor of Health Studies. B.S.Ed., Baylor University; M.S.Ed., Baylor University; Ph.D., Texas Woman's University.

Assistant Professors
CROSSLIN, KATIE L., Assistant Professor of Health Studies. B.S., Baylor University; M.S.Ed., Baylor University; Ph.D., Texas Woman's University.
GOLMAN, MANDY A., Assistant Professor of Health Studies. B.A., University of Texas, Austin; M.S., Texas Woman's University; Ph.D., Texas Woman's University.
GUERRERO, JULIO G., Assistant Professor of Health Studies. B.S., Northwestern Oklahoma State University; M.S., Oklahoma State University; Ph.D., Texas A&M University.
Master of Science in Health Studies

Program Options

1. Thesis (42 semester credit hours)
   - 18 semester credit hours (required program courses), 9 semester credit hours (local area courses), 9 semester credit hours (research tools), 6 semester credit hours (thesis)

2. Non-Thesis (39 semester credit hours)
   - 18 semester credit hours (required program courses), 12 semester credit hours (local area courses), 6 semester credit hours (research tools), 3 semester credit hours (electives)

3. Emphasis in Dental Hygiene (36 semester credit hours)
   - 18 semester credit hours (required program courses), 12 semester credit hours (Dental Hygiene focal), 6 semester credit hours (research tools)

Emphasis

9-12 semester credit hours from one of three focal areas offered among higher education, community/population health, or work-site health (except for Dental Hygiene).

Residence Requirement

None for Non-Thesis/Dental Hygiene Option. For Thesis Option, campus visits are required to defend prospectus and again to defend final thesis.

Prerequisites or Co-requisites

1. A bachelor’s degree in the field of health education/health promotion or related field and
2. New Master’s program students will be required to successfully complete an online orientation within the first year.

Final Examination

For thesis option the defense of thesis; for non-thesis/Dental Hygiene option a written comprehensive core project on the core coursework is required. The project will be included as a portion of HS 5383. Final Project passing grade will be a minimum of 80%. The course may be repeated once if the minimum passing grade is not achieved.

## Total Semester Credit Hours

36

---

# Dual Degree: Master of Science in Health Studies and Master of Library Science

## Total Semester Credit Hours Required

54 semester credit hours consisting of:

- 21 semester credit hours of Library Science courses
- 24 semester credit hours of Health Studies courses
- 9 semester credit hours of Dual Degree courses

## Residence Requirement

Attendance at a minimum of one HS online orientation during the first year in the program.

## Prerequisites or Co-requisites

A bachelor’s degree in the field of health education/health promotion or related field.

## Final Examination

Health Studies: A written comprehensive core project on the core coursework is required. The project will be included as a portion of HS 5383. Final Project passing grade will be a minimum of 80%. The course may be repeated once if the minimum passing grade is not achieved.

Library Science: The SLIS Final Exam comprises submission of a professional portfolio, to be reviewed by the Final Exam Committee.

---

# Dual Degree: Master of Science in Health Studies and Master of Library Science Program of Study (54 semester credit hours)

## Required Library Science Courses (21 SCH)

## Required Health Studies Course (24 SCH)
Doctor of Philosophy in Health Studies

Total Semester Credit Hours Required
96 semester credit hours.

Interdisciplinary Studies and/or Transferred Semester Credit Hours
Up to 39 semester credit hours of interdisciplinary study and/or semester credit hours transferred from the master's degree.

Departmental Required Curriculum
24 semester credit hours of Health Studies required course work.

Emphasis/Focal
9 semester credit hours from one of three focal areas: higher education, population health, or environmental health.

Research Tools
6 semester credit hours of research methods and 6 semester credit hours of statistics. Students pursuing research in qualitative research must also take a qualitative research methods course in addition to these 6 semester credit hours.

Electives
6 semester credit hours of electives (consult with advisor)

Dissertation
6 semester credit hours of dissertation work with committee chair

Prerequisites or Co-requisites
1. A prior degree in health education, health promotion, public health, or community health or HS 5413;
2. HS 5003 must be taken after program required courses are completed or the student must sit for the CHES certification;
3. three semester credit hours of graduate-level research methods; and
4. new doctoral program students will be required to successfully complete an orientation within the first year.

Qualifying Examination
Candidates for the doctoral degree must pass a three-part qualifying exam, consisting of:

1. a multiple-choice statistics and research design examination,
2. a written multiple-question essay examination; and
3. an oral examination based on the candidate's written responses in the essay examination.

The written essay and oral portions of the examination will be permitted only when the candidate has successfully completed all coursework and the statistical exam has been successfully completed. The exams may be repeated only once. A student who fails a second qualifying exam will be removed from the Health Studies doctoral program.
Final Examination
Successful oral defense of dissertation.

Minor (if sought by student)
12 to 18 semester credit hours (Department in which the minor is sought will determine the total hours required)

Doctor of Philosophy in Health Studies Program of Study (96 semester credit hours)

Prerequisite - may not count as an elective

**Total Semester Credit Hours** 96
Department of Kinesiology

Web Site: http://www.twu.edu/kinesiology/

Interim Co-Chairs: David Nichols, Professor; Kyle Biggerstaff, Associate Professor
Location: Pioneer Hall 208
Phone: 940-898-2575
Fax: 940-898-2581
E-mail: dnichols@twu.edu; kbiggerstaff@twu.edu

Graduate Degrees Offered

• M.S. in Kinesiology (p. 263) (with instruction available in the support areas of Sport Management, Biomechanics, Exercise Physiology, Adapted Physical Education, and Coaching)
• M.S. in Exercise and Sports Nutrition (p. 262)
• Ph.D. in Kinesiology (p. 264) (with instruction available in the support areas of Adapted Physical Education, Sport Management, Biomechanics, and Exercise Physiology)

Graduate courses in the Department of Kinesiology are designed to provide qualified individuals with the opportunity to pursue advanced study beyond the baccalaureate level. Objectives in the degree programs are:

1. to ensure that students have a broad philosophical, educational, and scientific background on which to base their work as professionals;
2. to acquaint students with current thinking, practices, trends, and problems related to physical education and kinesiology;
3. to prepare students to assume leadership roles in educational, industrial, business, public, or private agency settings;
4. to provide students with the evaluative, statistical, research methodologies, and critical thinking strategies that will enable them to contribute to the advancement of the field; and
5. to offer sequences of coursework leading to specialization in a particular subdiscipline of kinesiology.

The particular objective of non-degree graduate study is to provide personal and professional enrichment opportunities for the individual. For the persons who wish to become qualified to teach in the public schools of Texas, a certification program is also available. See the General Catalog for requirements.

Facilities for Graduate Instruction and Research

The Pioneer Hall was completed in the Spring of 1998. This state-of-the-art facility contains accessible classrooms, multimedia centers, dance studios, laboratories, a large gymnasium, an 8-lane natatorium, an indoor track, a weight training room, an athletic training room, racquetball courts, climbing wall, dressing rooms, and administrative and faculty offices.

Biomechanics, exercise physiology, biochemistry, and motor behavior/pedagogy laboratories have been dedicated specifically for teaching and research. These well equipped facilities permit research studies on persons with and without disabilities in the areas of stress testing, body composition assessment, bone density, cardiovascular respiratory analysis, blood biochemistry analysis that includes glucose, lactate, insulin, C-peptide, and a variety of other hormones and metabolites; isokinetic, isometric, and isotonic strength testing; anthropometry; telemetry; and high speed motion analysis, among others. Portable and online computer capabilities facilitate analysis of digital kinetic and kinematic data gathered with a three-dimensional high speed video system, electromyographic equipment, and electronic forceplates. Computerized data collection and analysis systems are available for motor learning studies.

Outdoor facilities include playing fields, tennis courts, softball diamond, a swimming pool, an 18 hole par 71 golf course, and soccer field.

Computer facilities of the University are extensively utilized by the department programs as are the many other fine features of the campus and Metroplex, including the Cooper Aerobic Center and the Tom Landry Center.

Admissions

Admission Requirements

Please see the admission section (p. 52) of this catalog. In addition to these general requirements, the Department of Kinesiology requires the following.

All written materials (application, transcripts, letters of recommendation, vita, statement of intent, and designation of an area of specialization) need to be submitted according to the following deadlines:

• For admission for the following fall semester – July 15
• For admission for the following spring semester – November 1
• For admission for the following summer semester – April 1
International students are admitted only in the fall (deadline is March 1) or spring (deadline is July 1) semesters. Admission documents for international students must be submitted by the deadline stated on the Office of International Education Website (http://www.twu.edu/international-education).

The application and transcripts are submitted to the Office of Admissions Processing (http://www.twu.edu/admissions-processing). The remaining written materials to be presented by graduate degree-seeking individuals are to be submitted to the Graduate Coordinator of the Department of Kinesiology (http://www.twu.edu/kinesiology).

**Master of Science in Kinesiology**

1. The applicant will submit two satisfactory letters of recommendation that may include one from the last employer if the student has had work experience and one from the last school attended.
2. For applicants without an undergraduate degree in kinesiology, undergraduate prerequisites may be required. Each specialization will determine the appropriateness of additional requirements for the student.
3. The applicant will submit a vita/resume with special emphasis on training and work experience in kinesiology or related areas.
4. The applicant will specify an area of specialization (Adapted Physical Education, Biomechanics, Coaching, Exercise Physiology, or Sport Management).
5. Any applicant may submit additional materials that they deem appropriate to his/her application.
6. The appropriate faculty admissions committee will review the total application.

**Master of Science in Exercise and Sports Nutrition**

The Master's of Science in Exercise and Sports Nutrition program is administered through the Department of Nutrition and Food Sciences (p. 267).

**Doctor of Philosophy in Kinesiology**

1. The applicant will submit three satisfactory letters of recommendation that may include one from the last employer if the student has had work experience and others from the last school attended.
2. For applicants without an undergraduate degree in kinesiology, undergraduate prerequisites may be required. Each specialization will determine the appropriateness of additional requirements for the student.
3. The applicant will submit a vita with special emphasis on training and work experience in kinesiology or related areas.
4. The applicant will submit a statement of intent that briefly describes his/her background, personal growth and development, future goals, and reasons for applying to the Department of Kinesiology doctoral program.
5. The applicant will specify an area of specialization (Adapted Physical Education, Sport Management, Biomechanics, Exercise Physiology).
6. The applicant will have a formal interview with the Doctoral Admission Committee (or its designated representatives).
7. Students who have not written a master’s thesis will complete an original research project with an individual faculty member during the first year in the doctoral program. A total of 3 semester credit hours may be earned.
8. Any applicant may submit additional materials that they deem appropriate to his/her application.
9. The appropriate Doctoral Admissions Committee will review the total application and forward their decision to the Graduate Coordinator.

**Certificates in Kinesiology**

- Post-Baccalaureate Certificate in Adapted Physical Education (p. 265)
- Post-Baccalaureate Certificate in Leadership in Education and Sport (p. 265)

**Minors**

**Minors Offered to Students from Other Departments**

A minor is offered to doctoral students within each of the four specializations in the doctoral program in Kinesiology: Adapted Physical Education, Administration, Biomechanics, and Exercise Physiology. Students wishing to pursue a minor in Kinesiology should meet with a faculty member from the chosen area of specialization to determine the appropriate coursework. Undergraduate prerequisites may be necessary depending on the specialization chosen. A minimum of 12 semester credit hours is required for the minor.
Courses

KINS 5023. Methods of Research. Types of research; development of research designs; procedures for collection and treatment of data; application of introductory statistics for planning research designs, analyzing data, and interpreting findings; critical analysis of research. Three lecture hours a week. Credit: Three hours.

KINS 5033. Applied Statistical Principles. Statistical principles and their applications to problems in kinesiology and other related areas. Three lecture hours a week. Credit: Three hours.

KINS 5113. Professional Internship in Sport Management. Application of sport management knowledge in varied environments under the supervision of a mentor. Completion of 120 clock hours of experience required. Eight practicum hours a week. Credit: Three hours.

KINS 5123. Professional Affiliation. Practicum experience in educational, clinical, or recreational settings. A minimum of nine hours a week will be spent in the practicum setting. Two semesters are required of students specializing in adapted and developmental physical education. Nine laboratory hours a week. Credit: Three hours.

KINS 5143. Group Dynamics in the Professions. Principles and theories of group dynamics in relation to special needs of professional recreation personnel and teachers; basic issues and assumptions, cohesiveness, leadership and group performance, group pressures and group standards, and structural properties of groups. Three lecture hours a week. Credit: Three hours.

KINS 5203. Theory of Coaching. Theoretical base with practical application for teaching sport and sport skills; sport coaching responsibilities including developing a coaching philosophy and establishing an effective coaching style; effective communication, management responsibilities, skill development, sport physiology, and productive planning. Designed for coaches at all levels and for all sports. Three lecture hours a week. Credit: Three hours.

KINS 5243. Sport Injury Prevention and First Aid. Recognition and emergency treatment of sports injuries; roles, responsibilities, and limitations of coaches concerning sport injuries; prevention of and response to sports injury; developing a medical emergency plan; includes CPR certification. Three lecture hours a week. Credit: Three hours.

KINS 5253. Organization and Administration for Effective Team Management. Organization and administration of staff, budgeting, personnel, and effective team function. Topics include risk management, recruiting, safety positive learning environment, technology, and legal concerns. Three lecture hours a week. Credit: Three hours.

KINS 5263. Sport Psychology. Sport psychology principles utilized in a coaching environment; enhancing athletic performance through psychological assessment and goal setting; coach-athlete relationships; various psychological problems of athletes. Three lecture hours a week. Credit: Three hours.

KINS 5273. Sport Conditioning and Nutrition. Planning and monitoring strength and conditioning training programs by coaches; development of resistance training programs to improve sport performance; nutritional concepts tailored for athletes in any sport. Three lecture hours a week. Credit: Three hours.

KINS 5293. Technical Skills Analysis. Sport skill analysis; use of biomechanical principles to analytical sport movement; effective communication, feedback, and cues for skill teaching. Three lecture hours a week. Credit: Three hours.

KINS 5303. Coaching Tactical Skills. Competitive tactics and strategies for all sports; analysis of tactical skills and games approach strategies; developing effective practice plans; developing effective decision making for athletes. Three lecture hours a week. Credit: Three hours.

KINS 5413. The Sport Industry. Sport-related industries and organizations; examination of dimensions of structure, design processes, theories, and behaviors related to the sport domain. Three lecture hours a week. Credit: Three hours.

KINS 5433. Sport Promotion and Publicity. Principles of organizing and promoting events and activities associated with the sport industry. Three lecture hours a week. Credit: Three hours.

KINS 5453. Financing the Sport Enterprise. Funding principles and financial practices in the organization and operation of a sport enterprise. Three lecture hours a week. Credit: Three hours.

KINS 5463. Legal Issues in Sport. Application of legal theories to the sport industry with specific focus on tort law, constitutional law, contract law, negligence and risk management, and Title IX. Three lecture hours a week. Credit: Three hours.

KINS 5473. Sport Media and Stakeholder Relations. Application of communication and sport information practices to the sport enterprise; examination of persuasion techniques and strategies for the sport enterprise with a special focus on key stakeholders. Three lecture hours a week. Credit: Three hours.

KINS 5483. Sport Sales, Sponsorship, and Fundraising. The application of ticketing and sponsorship sales strategies to the sport industry. Examination of sport sponsorship retention strategies and sponsorship evaluation methods in sport. Three lecture hours a week. Credit: Three hours.

KINS 5513. Mechanical Analysis of Human Motion. Kinematics and kinetics of human motion with emphasis on the principles describing human motion and the effects of external and internal forces on the human body and motion. Three lecture hours a week. Credit: Three hours.

KINS 5553. Advanced Exercise Physiology. Energy production and control of energy systems; effect of lactate accumulation during exercise; control of the cardiovascular system; adaptations to aerobic and anaerobic exercise training; influence of drugs on exercise performance. Prerequisite: An undergraduate course in exercise physiology. Three lecture hours a week. Credit: Three hours.
KINS 5573. Graded Exercise Testing. Administration and evaluation of graded exercise tests and electrocardiograph results. Two lecture and three laboratory hours a week. Credit: Three hours.

KINS 5603. Growth and Perceptual Motor Development. Hereditary and environment determinants of motor development; perceptual motor behavior of infants, children, adolescents, adults, and senior citizens; characteristic changes in size, body build, fitness, and motor performance. Three lecture hours a week. Credit: Three hours.

KINS 5613. Cardiovascular Response to Exercise. General and specific effects of exercise upon the cardiovascular system of the human body, with emphasis upon research techniques relevant to the testing of these systems. Two lecture and three laboratory hours a week. Credit: Three hours.

KINS 5683. Exercise Evaluation and Prescription. Measurement of health-related physical fitness and exercise capacity in healthy individuals and populations requiring special considerations; population-appropriate exercise prescription; underlying physiological mechanisms controlling physical fitness and exercise capacity. Prerequisite: Undergraduate course in exercise physiology. Two lecture and two laboratory hours a week. Credit: Three hours.

KINS 5723. Sport in American Society. Role of sports and games in American culture as expressive of meanings and values; cognizance of the feminine role in sports; contributions of sports and games to human welfare. Three lecture hours a week. Credit: Three hours.

KINS 5783. Learning and Teaching Styles in Physical Education and Sport. Learning and teaching styles to promote physical and sport performance. Techniques for analyzing and enhancing learning environments. Three lecture hours a week. Credit: Three hours.

KINS 5793. Enhancing Behavior and Performance in Adapted Physical Activity. Techniques of effectively managing behavior and promoting learning of individuals of all ages and levels of abilities who have disabilities and are at risk. Underlying theories and research applications addressed. Three lecture hours a week. Credit: Three hours.

KINS 5813. Research in Kinesiology. Individualized research in a specific area of kinesiology. May be repeated for additional credit. Eight laboratory hours a week. Credit: Three hours.

KINS 5843. Adapted Physical Activity and the APENS: From Theory to Practice. Historical and contemporary issues in adapted physical activity in relation to unique attributes of learners with disabilities. Curriculum theory and development, instruction design, and ethical issues. Three lecture hours a week. Credit: Three hours.

KINS 5853. Assessment in Adapted Physical Education. Administration of standardized, criterion-referenced, and alternative assessments for determining appropriate placement and services for students with disabilities; the referral process, ARD process, and the development of the IIE and IEP to determine the most appropriate placement for physical education. Three lecture hours a week. Credit: Three hours.

KINS 5863. Pedagogy in Adapted Physical Education. Selecting and presenting appropriate intervention strategies for individuals with varying disabling conditions. Techniques for modifying environment condition to increase attending behaviors. Three lecture hours a week. Credit: Three hours.

KINS 5883. Disability and Sport. Developmental, recreational, and competitive sports in school and community settings; Paralympics, Special Olympics, and deaf sport; wheelchair and ambulatory sports for all age groups and ability levels; assessment, athletic training, coaching, organization, and administration. Three lecture hours a week. Credit: Three hours.

KINS 5903. Special Topics. Specially scheduled course on topic of current interest. May be repeated for additional credit when topic varies. Three lecture hours a week. Credit: Three hours.

KINS 5911. Independent Study. Study of a specific topic in physical education leading to the solution of a problem of interest to the profession or the student. May be repeated for additional credit. Prerequisite: Permission of the instructor. Credit: One hour.

KINS 5913. Independent Study. Study of a specific topic in physical education leading to the solution of a problem of interest to the profession or the student. May be repeated for additional credit. Prerequisite: Permission of the instructor. Credit: Three hours.

KINS 5963. Exercise Programming for Special Populations. Fitness assessment, program development, and implementation for individuals with disabilities and/or related conditions in a clinical setting. Two lecture and two laboratory hours a week. Credit: Three hours.

KINS 5973. Professional Paper and Project. Credit: Three hours.

KINS 5981. The Professional Portfolio. Development of a professional portfolio by students in the Master of Arts in Teaching program demonstrating the student's growth in the Learner-Centered Competencies. Pass-fail grade only. May be repeated. Credit: One hour.

KINS 5983. Thesis. Prerequisite: KINS 5023 or equivalent. Credit: Three hours.

KINS 5993. Thesis. Prerequisite: KINS 5983. Credit: Three hours.

KINS 6043. Statistical Inference. Application of analysis of variance and covariance, factorial analysis of variance, and multiple regression to research design problems in Kinesiology and other related areas. Special emphasis will be given to repeated measures designs used in conjunction with between subjects designs, as well as to multivariate designs. Prerequisite: KINS 5033 or equivalent. Three lecture hours a week. Credit: Three hours.
KINS 6103. Advanced Seminar in Group Dynamics: Research and Theory. Forces which influence the interaction potentials of individuals in a variety of group structures; evaluation of the practical application of these theories utilizing research designs common to the field of group dynamics. Prerequisite: KINS 5143. Three lecture hours a week. Credit: Three hours.

KINS 6113. Seminar. Informal, individual, or small group study of a special problem or current issue in physical education. May be repeated for additional credit. Three seminar hours a week. Credit: Three hours.

KINS 6133. Professional Internship. Guided field experience in administrative, supervisory, consultant, or similar level positions. Field experiences may not be part of the student's regular job responsibilities. May be repeated for three additional credit hours. One lecture and eight practicum hours a week. Credit: Three hours.

KINS 6143. Research Design in Kinesiology. Considerations of research designs with emphasis upon statistics involving multi-group models. Prerequisites: KINS 5023, KINS 5033, and KINS 6043; or permission of instructor. Three lecture hours a week. Credit: Three hours.

KINS 6413. Research Seminar in Sport Management. Research intensive doctoral seminar analyzing the sport industry. Prerequisite: KINS 5413. Three lecture hours a week. Credit: Three hours.

KINS 6423. Research Seminar in Sport Promotion and Sponsorship. Research intensive doctoral seminar analyzing the field of sport promotion and sport sponsorship. Three lecture hours a week. Credit: Three hours.

KINS 6443. Research Seminar in Electronic Sport Information. Research intensive doctoral examination of electronic sport information as it relates to sport management. Three lecture hours a week. Credit: Three hours.

KINS 6523. Advanced Biomechanics. Advanced biomechanical issues such as inertial properties of the human body, mathematical body modeling, numerical methods in biomechanics, advanced joint kinematics and kinetics, and musculoskeletal modeling. Prerequisite: KINS 5513. Three lecture hours a week. Credit: Three hours.

KINS 6511. College Level Instructional Design and Delivery in Kinesiology. Design and implement course, instructional strategies, and evaluation techniques. Prerequisite: Master's degree in Kinesiology or advisor approval. Three laboratory hours a week. Credit: One hour.

KINS 6521. Biomechanical Analysis I: Motion Analysis. Advanced motion and analysis techniques including human body modeling, high-speed videography, manual and automatic marker tracking, data reduction and processing, 2- and 3-dimensional analysis, inverse dynamics, and computer procedures. Prerequisite: KINS 5513 or approval of instructor. Two lecture and two laboratory hours a week. Credit: Three hours.

KINS 6611. Advanced Research in Adapted Physical Activity Doctoral Seminar. Research involving development of scholarship (manuscripts, presentations, and grants) to share with other researchers. Variable content will be related to problems of professional significance. Prerequisite: Master's degree in Kinesiology or consent from student's program advisory committee chair. One seminar hour a week. Credit: One hour.

KINS 6611. Advanced Research in Kinesiology. In-depth research involving literature review, identification of research question, research design, development of research tools and analysis protocols, data collection and analysis, report writing, and presentation. May be repeated for additional credit. Credit: One hour.

KINS 6613. Advanced Research in Kinesiology. Kinesiology research involving literature review, identification of the research question, research design, development of research tools and analysis protocols, data collection and analysis, manuscript writing, and presentation. May be repeated for additional credit. Eight laboratory hours a week. Credit: Three hours.

KINS 6711. Advanced Research in Exercise Physiology. Research in exercise physiology involving literature review, identification of the research questions, research design, laboratory techniques, data collection and analysis, manuscript writing, and presentation. May be repeated for additional credit. Credit: One hour.

KINS 6753. Practicum: Appraisal in Adapted Physical Education. Administration of tests of psychomotor functioning; interpretation of findings; writing the I.E.P.'s; participation in multidisciplinary staffing. May be repeated for up to six credit hours. Six practicum hours a week. Credit: Three hours.

KINS 6903. Special Topics. Specially scheduled course on topic of current interest. May be repeated for additional credit when topic varies. Three lecture hours a week. Credit: Three hours.

KINS 6911. Independent Study. Study of a specific topic in physical education leading to the solution of a problem of interest to the profession or the student. May be repeated for additional credit. Prerequisite: Permission of the instructor. Credit: One hour.

KINS 6913. Independent Study. Study of a specific topic in physical education leading to the solution of a problem of interest to the profession or the student. May be repeated for additional credit. Prerequisite: Permission of the instructor. Credit: Three hours.

KINS 6993. Dissertation. Prerequisite: KINS 6983. Credit: Three hours.
Faculty

Professors

BEN-EZRA, VICTOR, Professor of Kinesiology. B.S., City University of New York City College; M.S., Springfield College; Ph.D., University of Maryland, College Park.

DAVIS, RONALD W., Professor of Kinesiology. B.S., University of Wisconsin, Oshkosh; M.S., University of Wisconsin, LaCrosse; Ph.D., Texas Woman's University.

KWON, YOUNG-HOO, Professor of Kinesiology. B.S., Seoul National University; M.Ed., Seoul National University; Ph.D., Pennsylvania State University, University Park.

MILOCH, KIMBERLY S., Professor of Kinesiology; Director of Quality Enhancement Programs. B.A., Southwest Texas State University; M.S., Baylor University; Ph.D., Florida State University.

MYERS, BETTYE B., Cornaro Professor of Kinesiology. B.S., Texas Woman's University; M.A., Texas Woman's University; Ph.D., University of Michigan, Ann Arbor.

NICHOLS, DAVID L., Professor of Kinesiology; Interim Co-chair, Department of Kinesiology. B.S., Central State University, Oklahoma; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

SENNE, TERRY A., Professor of Kinesiology; Director of Academic Assessment. B.S., George Williams College; M.S., University of Illinois, Chicago; Ph.D., North Carolina State University.

Associate Professors

BIGGERSTAFF, KYLE D., Associate Professor of Kinesiology; Interim Co-chair, Department of Kinesiology. B.A., Southern Methodist University; M.S., University of North Texas; Ph.D., Florida State University.

SILLIMAN-FRENCH, LISA M., Associate Professor of Kinesiology. B.S., State University of New York College at Cortland; M.A., Texas Woman's University; Ph.D., Texas Woman's University.

Assistant Professors

BECKER, KEVIN, Assistant Professor of Kinesiology. B.S., University of Wisconsin-LaCrosse; M.S., Illinois State University; Ph.D., University of Tennessee-Knoxville.

MANN, MARK D., Assistant Professor of Kinesiology. B.A., Southwestern University; M.A., Southern Nazarene University; M.S., Nova Southeastern University; M.S., Pittsburg State University; Ed.D., Oklahoma State University; Ph.D., University of Arkansas.

RIGBY, BRANDON RHETT, Assistant Professor of Kinesiology. B.S., LeTourneau University; M.S., Baylor University; Ph.D., Baylor University.

Visiting Professor

GRAHAM, LESLIE W., Visiting Assistant Professor of Kinesiology. B.S., Florida State University; M.S., Florida State University; Ph.D., Texas Woman's University.

Lecturer

BROWN, KATHRYN G., Senior Lecturer of Kinesiology. B.S., Oklahoma Panhandle State University; M.S., Oklahoma State University; M.Ed., Northwestern Oklahoma State University.

Master of Science in Exercise and Sports Nutrition

The first interdisciplinary graduate program on the Denton Campus meets all the recommended competencies for master's level education outlined in the Texas Higher Education Coordinating Board's Guidelines for Fitness and Health Programs in Texas.

The Master's of Science in Exercise and Sports Nutrition program is administered through the Department of Nutrition and Food Sciences. Both the departments of Kinesiology and Nutrition and Food Sciences are responsible for the majority of didactic hours, including an internship in one or more settings in the Dallas-Fort Worth metroplex, and a thesis or a professional paper. The course of study will include Research Methods, Statistics, Graded Exercise Testing, Exercise Evaluation and Prescription, Advanced Nutrition, Cardiovascular Response to Exercise, Nutrition and Exercise, Effect of Nutrition and Exercise in the Disease State, and Advanced Analysis of a Small Business.

For complete information and the Program of Study, please visit the Department of Nutrition and Food Sciences (p. 267) section of the catalog.
Master of Science in Kinesiology

Total Semester Credit Hours Required

30-36 semester credit hours

Required Courses

6 semester credit hours

Major/Emphasis

An area of emphasis must be selected. Number of semester credit hours varies according to program of study.

Minor

Optional, 6 semester credit hours

Final Examination

Oral defense evaluated by the thesis, professional paper, or culminating experience committee. May be repeated at the discretion of the committee.

Master of Science in Kinesiology Program of Study (30-36 semester credit hours)

Doctor of Philosophy in Kinesiology

Total Semester Credit Hours Required

96 semester credit hours, including semester credit hours from master’s level work, and 6 semester credit hours for dissertation.

Required Courses

18 semester credit hours

Major/Emphasis

21-36 semester credit hours, depending on area of study.

Minor/Related Area

Optional, number of semester credit hours variable.

Special Requirements

At least nine semester credit hours of course work should be taken outside the department.

Research Tools

The student in consultation with the advisory committee will determine 12 semester credit hours of research tools.

Qualifying Examination

The exam is comprised of four written sections over selected areas of the student’s emphases and an oral section. May be repeated once.

Final Examination

Oral examination conducted by the Dissertation Committee over the candidate’s research after the dissertation is completed. May be repeated at the discretion of the committee.

Doctor of Philosophy in Kinesiology Program of Study (96 semester credit hours)

Department of Nutrition and Food Sciences

Web Site: http://www.twu.edu/nutrition-food-sciences/

Chair: K. Shane Broughton, PhD
Location: OMB 307 (Denton)
Phone: 940-898-2636
Fax: 940-898-2634
E-mail: Denton: nutrfdsci@twu.edu

Location: IHSH 7118 (Houston)
Phone: 713-794-2371
Fax: 713-794-2374
E-mail: Houston: nfs-houston@twu.edu

Graduate Degrees Offered

- M.S. in Nutrition (p. 276)
- M.S. in Food Science (p. 274)
- M.S. in Exercise and Sports Nutrition (p. 274)
- M.S. in Food Systems Administration (p. 275)
- Ph.D. in Nutrition (p. 277)

The primary objectives of the graduate programs are to:

1. provide programs which advance students’ knowledge and expertise in their field of study;
2. engage in research activities that contribute to the profession and to society through improved quality of life; and
3. assist in the development of professional leaders for the future.

Depending on the course of study, students are prepared for a variety of professional careers in clinical dietetics, food service systems management, the food industry, health and wellness, sports nutrition, education, or research.

Research interests of the faculty include numerous areas of laboratory and clinical investigation focused toward the nutritional sciences as well as foodservice administration, nutrition education, and food sciences. The departmental website (http://www.twu.edu/nutrition-food-sciences) references specific research areas of faculty.

The doctoral degree and the master’s degree programs in Food Science and Exercise and Sports Nutrition are available only at the Denton campus. Master’s degrees in Nutrition and Food Systems Administration are available at both Denton and Houston.

Many courses in graduate programs are offered online or videoconferenced between the Denton, Dallas, and Houston campuses. The M.S. in Nutrition and the M.S. in Food Systems Administration are also offered as online degree programs.

Admissions

Admission Requirements

Please see the admission section (p. 52) of this catalog. In addition to these general requirements, the Department of Nutrition and Food Sciences (http://www.twu.edu/nutrition-food-sciences) requires the following minimum undergraduate semester credit hours prerequisites for the various majors:

Nutrition (M.S. and Ph.D.)

**Master’s Admission**

For unconditional admission, applicants must present:

1. Official transcripts that show evidence of prerequisite courses and at least a 3.25 GPA on a 4.0 scale for the last 60 undergraduate semester credit hours and, all post-baccalaureate and graduate semester credit hours.

2. Evidence of completing the Graduate Record Examination with a preferred minimum score of 350/143 on the verbal portion and 450/141 on the quantitative portion.

3. A 1-2 page resume providing evidence of work and volunteer experience related to intended field of study.

Applicants who meet the above criteria with exception of GPA may qualify for provisional admission if they have at least a 3.0 GPA (4.0 scale) on the last 60 undergraduate semester credit hours, plus first 20 semester credit hours post-baccalaureate and graduate semester credit hours to be completed during the first two semesters of graduate work.

Applicants who meet all other requirements but lack up to 9 semester credit hours of prerequisite undergraduate courses may be admitted provisionally to a master’s program. They must complete the required prerequisite courses within the first two semesters of graduate work.

**Master of Science in Exercise and Sports Nutrition**

For unconditional admission, applicants must present:

1. A baccalaureate degree in kinesiology or nutrition or its equivalent.

2. Official transcripts that show evidence of prerequisite undergraduate courses in the areas of exercise physiology, advanced exercise physiology, exercise testing and prescription, human anatomy and physiology, biochemistry, introduction to nutrition, advanced nutrition, and an upper level nutrition course.

3. At least a 3.25 GPA (4.0 scale) for the last 60 undergraduate semester credit hours.

4. Evidence of completing the Graduate Record Examination with a preferred minimum score of 500/153 on the verbal portion and 400/140 on the quantitative portion.

5. A 1-2 page statement of intent providing evidence of work and volunteer experience related to intended field of study and goals.

6. Two letters of recommendation.

Applicants who meet all other requirements but lack up to 12 semester credit hours of prerequisite undergraduate courses may be admitted provisionally to this program. They will complete all 12 semester credit hours during the first two semesters of graduate work.

**Doctoral Admission**

For unconditional admission, applicants must present:

1. Official transcripts that show evidence of prerequisite courses and at least a 3.5 GPA (4.0 scale) for the last 60 undergraduate semester credit hours on all post-baccalaureate and graduate semester credit hours.

2. Evidence of completing the Graduate Record Examination with a preferred minimum score of 450/150 on the verbal portion and 550/146 on the quantitative portion.

3. Two letters of reference.

4. A statement of purpose (1-2 pages) that includes reasons for undertaking graduate work, explanation of study and research interests, work experience, and professional goals.

Applicants who meet the above criteria with exception of GPA may qualify for provisional admission if they have at least a 3.0 GPA (4.0 scale) on the last 60 undergraduate semester credit hours on all post-baccalaureate and graduate semester credit hours.

Certifications
Certification Programs Offered

The Department of Nutrition and Food Sciences, in collaboration with health care facilities in the Houston metroplex and the Dallas/Fort Worth metroplex, offers two Dietetic Internship programs with graduate credit that lead to a master’s degrees. These are the TWU Internship Program-Denton campus and the TWU Dietetic Internship Program-Houston Center. The Houston Center also offers the academic component for the Combined Dietetic Internship-Master’s Degree Houston Michael E. DeBakey Veteran’s Affairs Medical Center Program.

The TWU Dietetic Internship programs have been granted accreditation status by the:

Accreditation Council for Education in Nutrition and Dietetics of the Academy of Nutrition and Dietetics (http://www.eatrightacend.org/ACEND)
120 S. Riverside Plaza, Suite 2000
Chicago, IL 60606-6995
312-899-0040

The Accreditation Council for Education in Nutrition and Dietetics of the Academy of Nutrition and Dietetics is a specialized accrediting body recognized by the Council on Postsecondary Accreditation and the United States Department of Education.

All TWU Dietetic Internship programs participate in a computer matching process for selection of students. Upon successful completion of the program, students are eligible to write the registration examination by the Commission on Dietetic Registration.

Further information and application forms may be obtained from the program directors (or online at the Nutrition and Food Sciences website (http://www.twu.edu/nutrition-food-sciences)) and submitted before the deadline date (mid-February) as indicated on the application form.

Minors

Minors Offered to Student from Other Departments

Students pursuing a minor in Nutrition and Food Sciences must have the following undergraduate prerequisites, depending on emphasis chosen:

Nutrition

Biochemistry, Human Anatomy and Physiology, Introduction to Nutrition, Advanced Nutrition: Macronutrients and Micronutrients, and Advanced Nutrition Lab, or equivalent

Food Science

Chemistry (8 semester credit hours) and 6 semester credit hours of food science, food preparation, or equivalent

Food Systems Administration

Microbiology, Quantity Food Production and Service, and 3 additional semester credit hours upper level food service management or Business courses
Master's level
9 graduate semester credit hours in area of emphasis

Doctoral level
12 graduate semester credit hours in area of emphasis

Courses

**NFS 5003. Food Chemistry.** Chemical properties of food ingredients and food systems, relationship of chemical properties to the functional properties, and their effects on food and nutritional qualities. Prerequisite: Organic chemistry or permission of instructor. Three lecture hours a week. Credit: Three hours.

**NFS 5013. Sensory Evaluation of Foods.** Introduction to the neuroscience of taste and sensory analysis theory and techniques. Practical tools to select, conduct, and statistically analyze appropriate tests. One lecture and six laboratory hours a week. Credit: Three hours.

**NFS 5023. Food Analysis.** Objective analysis and evaluation of properties of foods and food systems during processing, development, and storage. Prerequisite: NFS 5003. One lecture and six laboratory hours a week. Credit: Three hours.

**NFS 5033. Eating Behaviors and Eating Disorders.** Examination of the cultural, societal, and psychological influences on eating behaviors with specific attention to the causes and treatment of various types of eating disorders. Three lecture hours a week. Credit: Three hours.

**NFS 5043. Nutritional Aspects of Vegetarianism.** Degrees of vegetarian regimens (e.g. lacto-ovo, vegan); potential health benefits from adopting a vegetarian diet, ensuring nutritional adequacy of vegetarian diets throughout the life cycle; potential nutritional deficiencies arising from the partial or complete avoidance of animal products; current research; recent advances in dietetic practice. Three lecture hours a week. Credit: Three hours.

**NFS 5053. Functional Foods.** Exploration of foods capable of providing health benefits beyond basic nutrition with emphasis on improved health and disease prevention benefits of certain whole foods and food products. Three lecture hours a week. Credit: Three hours.

**NFS 5063. Food Toxicology.** Principles of toxicology and adverse effects of contaminants in foods of chemical and biological origin on human health; application of principles to food safety. Prerequisites: Food Science, and Human Anatomy and lab course; or permission of instructor. Three lecture hours a week. Credit: Three hours.

**NFS 5133. Professional Internship for Exercise and Sports Nutrition.** Application of exercise and sports nutrition knowledge in varied practice settings. Student is required to complete 150 clock hours of supervised practice during a minimum of eight weeks (10-19 hours of work a week). Ten practicum hours a week. Credit: Three hours.

**NFS 5173. Professional Practicum.** Guided field experience in administrative supervisory, consultant, or similar level positions for a Master's degree in Nutrition. Thirty practicum hours a week. Credit: Three hours.

**NFS 5303. Experimental Food.** Application of scientific principles and experimental procedures to food preparation, including food product development studies and projects. Sensory evaluation and laboratory analysis. One lecture and six laboratory hours a week. Credit: Three hours.

**NFS 5314. Nutrition and Human Metabolism.** Nutritional biochemistry; chemistry, digestion, absorption, transport, regulation, function, and metabolism of nutrients; relationship between dietary intake, intermediary metabolism, and pathogenesis and health. Prerequisites: 6-7 hours upper level undergraduate nutrition courses (advanced nutrition, micro-and-macro-nutrients, nutrition through the lifecycle; or equivalent). Four lecture hours a week. Credit: Four hours.

**NFS 5321. Seminar in Food Science.** General overview of topics related to food science and technology including a review of current literature. Special emphasis on current areas of research including product development. One lecture hour a week. Credit: One hour.

**NFS 5331. Seminar in Nutrition.** Current research in nutrition and nutritional care. One seminar hour a week. Credit: One hour.

**NFS 5343. Advanced Nutritional Care.** Nutritional care including diet therapy; current research in dietary care; dietary treatment of metabolic diseases. Prerequisite: Nutrition and human metabolism course or permission of instructor. Three lecture hours a week. Credit: Three hours.

**NFS 5363. Human Nutrition in Disease.** The role of nutrition in the etiology, management, and prevention of acquired diseases including cardiovascular, endocrine, and gastrointestinal diseases, cancer, and urological disorders. Three lecture hours a week. Credit: Three hours.

**NFS 5373. Food Science and Technology.** Basic principles of food preservation; changes occurring during processing and storage; control of changes in food due to enzymes, microorganisms, and chemical reactions. Three lecture hours a week. Credit: Three hours.

**NFS 5423. Nutrition and Gerontology.** Nutritional status of older adult, normal, and therapeutic nutrition; metabolic pathways of the nutrients, sociological, and physiological factors. Prerequisite: Micronutrients and macronutrients courses. Three lecture hours a week. Credit: Three hours.

**NFS 5443. Nutrition and Women's Health.** Relationship between nutrition/nutrients and health issues of women, including Alzheimer's disease, cancer (breast/colon, cervical and ovarian, and lung), diabetes, heart disease, overweight, and obesity; current statistics, etiology, symptoms, treatment, and preventive measures of each health issue. Three lecture hours a week. Credit: Three hours.

**NFS 5453. Nutrition Education.** Dissemination of nutritional knowledge to various ethnic and age groups; cultural and environmental factors in dietary planning and selection; practical experiences included. Prerequisites: Micronutrients and macronutrients courses. Three lecture hours a week. Credit: Three hours.
NFS 5471. Clinical Aspects of Human Nutrition. Application of the principles of biochemistry, physiology, and nutrition in the treatment of human disease. Prerequisite or co-requisite: Admission to the MEDVAMC Dietetic Internship Program. Three practicum hours a week. Credit: One hour.

NFS 5472. Clinical Aspects of Human Nutrition. Application of the principles of biochemistry, physiology, and nutrition in the treatment of human disease. Prerequisite or co-requisite: Admission to the MEDVAMC Dietetic Internship Program. Six practicum hours a week. Credit: Two hours.

NFS 5473. Advanced Preventive Nutrition. Types of prevention; evidence for the role of dietary nutrients in preventing major causes of morbidity and mortality (e.g., cardiovascular disease, cancer); national goals for health promotions; dietary guidelines for health promotion and disease prevention; position statements on diet and health. Prerequisite: Introduction to nutrition course or equivalent. Three lecture hours a week. Credit: Three hours.

NFS 5583. Nutrition and Exercise. Application of nutrient recommendations to sports and exercise states, differences between scientifically acceptable protocols relating exercise and nutrition and unproven myths using evidence-based analysis process, and biochemistry of exercise. Laboratory projects designed to provide information and dietary intervention programs to individuals or groups interested in sports nutrition. Prerequisites: NFS 5314 and six upper level undergraduate nutrition hours. Two lecture and two laboratory hours a week. Credit: Three hours.

NFS 5623. Nutraceuticals and Dietary Supplements. A critical evaluation of issues, concepts, and controversies about dietary supplements and nutraceutical ingredients. Emphasis on the importance of scientific investigations to evaluate their efficacy, safety, and value for health promotion, disease prevention, and treatment. Prerequisites or co-requisites: Course in nutrition and human metabolism. Three lecture hours a week. Credit: Three hours.

NFS 5681. Sports Nutrition Practicum. Field experiences working with athletic teams or individuals at fitness facilities to provide sports nutrition education to maximize training benefits and performance. May be repeated for additional credit. Three practicum hours a week. Credit: One hour.

NFS 5693. Nutrition and Metabolic Syndrome. Pathophysiology of metabolic syndrome; metabolic syndrome and cardiovascular disease; relevance of nutrition in development and treatment of metabolic syndrome. Prerequisite or co-requisite: Course in nutrition and human metabolism. Three lecture hours a week. Credit: Three hours.

NFS 5713. Human Resource Management in Nutritional Care Systems. Information concerning the functions of personnel management, recruitment, job description construction, benefits and compensation programs, unionization, and proper managerial and legal techniques to resolve conflicts. Three lecture hours a week. Credit: Three hours.

NFS 5721. Seminar in Food Systems Administration. Recent development in research related to foodservice systems management. One lecture hour a week. Credit: One hour.

NFS 5733. Productivity and Quality Improvement for Foodservice Systems. Study of productivity, decision-making, work simplification, and continuous quality improvement for foodservice systems. Group or individual investigations in institutional administration, supervised observations, conferences, and reports. Prerequisite: Six hours of institutional administration. Three lecture hours a week. Credit: Three hours.

NFS 5743. Cost Analysis for Foodservice Systems. Cost analysis and controls in the management of foodservice systems. Emphasizes quality assurance; food, labor, and energy control; and financial analysis. Utilization of the computer as a management tool. Three lecture hours a week. Credit: Three hours.

NFS 5753. Foodservice Facility Design and Management. Facility design and management for institutional foodservice operations. Preliminary planning, facility layout, space allocation, utilities, environmental planning, security management, and equipment selections. Prerequisite: Quantity foods lecture and lab. Three lecture hours a week. Credit: Three hours.

NFS 5763. Food Safety/Foodborne Illness. Study of foodborne illness in relation to food handling practices in foodservice systems and food industry. Hazard Analysis Critical Control methods, risk management, government initiatives, and current search in food safety. Prerequisites: Quantity foods lecture and lab, and microbiology lecture and lab. Three lecture hours a week. Credit: Three hours.

NFS 5773. Organization and Management for Foodservice Systems. Principles of management as applied to foodservice organizations. Study of interaction of menu planning, purchasing, food production, service and distribution, personnel management, and financial control. Prerequisite: Quantity foods lecture and lab. Three lecture hours a week. Credit: Three hours.

NFS 5793. Advanced Nutritional Epidemiology. Advanced epidemiological concepts; design of observational and interventional studies; estimation of energy and nutrient intakes; biomarkers of nutritional status; ongoing clinical trials; current literature. Prerequisites: Nine hours of nutrition and three hours of graduate statistics. Three lecture hours a week. Credit: Three hours.
NFS 5901. Special Topics. Lectures or conferences on recent developments in nutrition. May be repeated with change of topic for additional credit. Prerequisite: Permission of the instructor. Credit: One hour.

NFS 5903. Special Topics. Lectures or conferences on recent developments in nutrition. May be repeated with change of topic for additional credit. Prerequisite: Permission of the instructor. Credit: Three hours.

NFS 5911. Independent Study. Intensive study of a problem of individual or professional interest in nutrition, food sciences, or institution administration. Credit: One hour.

NFS 5913. Independent Study. Intensive study of a problem of individual or professional interest in nutrition, food sciences, or food systems management. Credit: Three hours.

NFS 5923. Research in Food Systems Management. Research in organization and management of quantity foodservice. Group and individual conferences and laboratory hours to be arranged. May be repeated for credit. Credit: Three hours.

NFS 5953. Cooperative Education. Cooperative work-study arrangements between the University, business, industry, or selected institutions appropriate to the graduate program. Job assignments are made on the basis of student interests, skills, and degree program. The student will apply the ideas and processes learned in other courses in practical experience under cooperative supervision. Cooperative planning and evaluation are essential elements in the course. Nine practicum hours a week. Credit: Three hours.

NFS 5983. Thesis. Credit: Three hours. Prerequisite: NFS 5983. Credit: Three hours.

NFS 6003. Food Lipids. Application of basic lipid chemistry principles to analyze properties of food and food system lipids; functional properties of lipids and their effects on food systems. Prerequisite: Course in food chemistry or biochemistry. Three lecture hours a week. Credit: Three hours.

NFS 6113. Nutrition and Cancer. Overview of nutrition and cancer at the population, cellular, and molecular levels; roles of nutrients and non-nutrients in cancer prevention. Prerequisite: Nutrition and human metabolism course or permission of instructor. Three lecture hours a week. Credit: Three hours.

NFS 6123. Macronutrients in Human Nutrition. Metabolic functions, metabolism, interrelationships, possible toxicity, and bioavailability of the vitamins and minerals based on current literature and research. Prerequisite: Nutrition and human metabolism course. Three lecture hours a week. Credit: Three hours.

NFS 6124. Macronutrients in Human Nutrition. Fundamental roles and energy transformation of carbohydrates, lipids, and proteins in human nutrition. Emphasis on function, metabolism, and interrelationships of the macronutrients based on current literature and research. Prerequisite: Nutrition and human metabolism course. Four lecture hours a week. Credit: Four hours.

NFS 6133. Drug and Nutrient Interactions. Effects of drugs on absorption and metabolism of nutrients, role of nutrients in drug detoxification; use of nutrients as drugs; toxic megadoses of vitamins; combination of drugs and diet in the treatment of disease; effect of nutritional status on drug and nutrient binding. Prerequisite: Nutrition and human metabolism course or permission of the instructor. Three lecture hours a week. Credit: Three hours.

NFS 6173. Professional Practicum. Guided field experience in administrative supervisory, consultant, or similar level positions. Field experiences may not be part of the student's regular job responsibilities. May be repeated for three additional hours. Credit: Three hours.

NFS 6203. Advanced Research Techniques. Select laboratory techniques in separation and measurements of proteins (ELISA, Western Blot gel chromatography), cell culture techniques; cell separation and culture. One lecture hour and six laboratory hours a week. Credit: Three hours.

NFS 6233. Postharvest Physiology. Postharvest physiology for horticulture and agronomy of fruits and vegetables and other plants consumed for food; the cellular and subcellular structure of harvested products continuing through metabolic alterations and changes in biochemical constituents after harvest; environmental factors that cause stress after harvest; the principles of ripening gases and other treatments including modified atmosphere packaging. Three lecture hours a week. Credit: Three hours.

NFS 6331. Advanced Seminar in Nutrition. This course will accommodate both doctoral and master's students with more emphasis on current topics in ever changing nutrition research. Seminars designed to cover state of the are overview of current and emerging topics will be presented by invited outside guest speakers, TWU faculty, and graduate students. One seminar hour a week. Credit: One hour.

NFS 6903. Special Topics. Specially scheduled course on topic of current interest. May be repeated for additional credit when topic varies. Three lecture hours a week. Credit: Three hours.

NFS 6911. Independent Study. Intensive study of a problem of individual or professional interest in nutrition, food sciences, or food systems management. Credit: One hour.
NFS 6913. Independent Study. Intensive study of a problem of individual or professional interest in nutrition, food sciences, or food systems management. Credit: Three hours.

NFS 6921. Advanced Research in Nutrition and Food Science. Individual research problem in a specific area of food and nutrition. Group and individual conferences. May be repeated for credit. Credit: One hour.

NFS 6923. Advanced Research in Nutrition and Food Science. Individual research problem in a specific area of food and nutrition. Group and individual conferences. May be repeated for credit. Credit: Three hours.

NFS 6931. Advanced Research in Nutrition. Research problems in radiographic bone densitometry, metabolic balance studies; nutritional status of children and of older persons. Group and individual conferences and laboratory hours to be arranged. Credit: One hour.

NFS 6933. Advanced Research in Nutrition. Research problems in radiographic bone densitometry, metabolic balance studies; nutritional status of children and of older persons. Group and individual conferences and laboratory hours to be arranged. Credit: Three hours.

NFS 6941. Advanced Research in Food Science. Selection and study of individual research problems in a selected specific area of foods; objective and subjective methods of product evaluation. Credit: One hour.

NFS 6943. Advanced Research in Food Science. Selection and study of individual research problems in a selected specific area of foods; objective and subjective methods of product evaluation. Credit: Three hours.

NFS 6993. Dissertation. Prerequisite: NFS 6983. Credit: Three hours.

Faculty

Professors
BROUGHTON, KENNETH SHANE, Professor of Nutrition and Food Sciences; Chair of the Department of Nutrition and Food Sciences; Interim Chair of Biology. B.S, Colorado State University; M.S., Washington State University; Ph.D., Washington State University.

DIMARCO, NANCY M., Professor of Nutrition and Food Sciences. B.A., University of Colorado, Boulder; M.S., Iowa State University; Ph.D., Iowa State University.

IMRHAN, VICTORINE, Professor of Nutrition and Food Sciences. B.S., Texas Tech University; M.S., Louisiana Tech University; Ph.D., Texas Woman's University.

PRASAD, CHANDAN, Professor of Nutrition and Food Sciences. B.S., G.B. Pant University of Agriculture and Technology: Naini Tal, India; M.Sc., G.B. Pant University of Agriculture and Technology: Naini Tal, India; Ph.D., Louisiana State University.

VIJAYAGOPAL, PARAKAT, Professor of Nutrition and Food Sciences. B.S., University of Kerala; M.S., Banaras Hindu University; Ph.D., University of Kerala.

Associate Professors
JUMA, SHANIL, Associate Professor of Nutrition and Food Sciences. B.S., Purdue University; M.S., University of Illinois, Chicago; Ph.D., Oklahoma State University.

MOORE, CAROLYN E., Associate Professor of Nutrition and Food Sciences. B.S., University of California, Berkeley; M.S., University of California, Berkeley; M.B.A., Rice University; Ph.D., University of California, Los Angeles.

Assistant Professor
WARREN, CYNTHIA A., Assistant Professor of Nutrition and Food Sciences. B.S., Texas A&M University; M.S., Texas A&M University; Ph.D., Texas A&M University.

Associate Clinical Professors
BUSH, ROSE MARY, Associate Clinical Professor of Nutrition and Food Sciences; Dietetic Internship Program Director of the Department of Nutrition and Food Sciences: Houston. B.S., Grambling College; M.S., Louisiana Tech University.

MORELAND, KAREN A., Associate Clinical Professor of Nutrition and Food Sciences. B.S., Southwest Texas State University; M.S., Texas Woman's University.

REW, MARTHA L., Associate Clinical Professor of Nutrition and Food Sciences. B.S., University of Southwestern Louisiana; M.S., Louisiana State University.
Assistant Clinical Professor

KEARNEY, DOLORES E., Assistant Clinical Professor of Nutrition and Food Sciences. B.S., State University of New York College at Oneonta; M.P.H., University of North Carolina, Chapel Hill.

Master of Science in Exercise and Sports Nutrition

Total Semester Credit Hours Required

A minimum of 30 semester credit hours (International Olympic Committee option), 34 semester credit hours (thesis option), or 43 semester credit hours (coursework only option) are required.

Options

Three options for completion of the master’s degree in Exercise and Sports Nutrition are available including thesis, coursework only, or International Olympic Committee (IOC) diploma option. The number of semester credit hours to complete the program will vary with the option: thesis, 34 semester credit hours; coursework only, 43 semester credit hours; and IOC, 30 semester credit hours.

Minor

A minor of 9 graduate semester credit hours in an area of emphasis can be achieved within the total number of program semester credit hours or by taking additional coursework. If a minor is declared, a faculty member in that minor area of study must serve on the academic committee.

Final Examination

Students completing the thesis option will appear in a final oral examination that should not exceed two semester credit hours and may not be taken more than twice. Students completing the coursework only option must complete the capstone portion of NFS 5681 Sports Nutrition Practicum course with a ‘C’ grade or better. Additional information is available on the department’s website (http://www.twu.edu/nutrition-food-sciences).

Master of Science in Food Science

Total Semester Credit Hours Required

Thesis Option: 30 semester credit hours

Coursework Option: 36 semester credit hours

10-11 hours of additional coursework to be selected from other NFS program areas (Nutrition or Food Systems Administration), coursework from another department, or coursework transferred from another institution (up to 3 semester credit hours) with approval of the advisory committee.

Total Semester Credit Hours 36

Master of Science in Food Systems Administration

The M.S. in Food Systems Administration is designed to prepare students who receive this degree for management careers in foodservice/nutrition departments of hospitals, schools, universities and other institutions. The program uses a hybrid format. Course delivery is predominantly online (offered from Denton and Houston), but several courses require 3 face to face sessions. For additional information visit the Department of Nutrition and Food Sciences website (http://www.twu.edu/nutrition-food-sciences).

Total Semester Credit Hours Required 36 semester credit hours

Minor

A minor of 9 graduate credit hours in an area of emphasis can be achieved within the total number of program hours or by taking additional coursework. If a minor is declared, a faculty member in that minor area of study must serve on the academic committee.

Examination

A written comprehensive examination based on the content of three of the required courses (NFS 5713, NFS 5763, NFS 5773) is required. The exam can be taken after satisfactory completion of these courses. Students must satisfactorily pass the written examination with a score of 70% or better. The exam can be taken more than once. The examination will be offered only one time each semester.

Graduate Statistics Course 3

Additional Coursework 11

Additional coursework to be selected from other NFS program areas (Nutrition or Food Science), coursework from another department (e.g., Business), or coursework transferred from another institution (up to 3 hours) with approval of the advisory committee.

A maximum of 6 credit hours for TWU internship experience, independent study, or cooperative education is permitted.

Total Semester Credit Hours 36

Master of Science in Nutrition

Total Semester Credit Hours Required

36 semester credit hours (On-campus Option)

37 semester credit hours (Online Option)

Master of Science in Nutrition On-Campus Program of Study (36 semester credit hours)

Final Examination

Students in the MS in Nutrition coursework only option program admitted after fall semester 2014 must complete the capstone seminar course for degree completion.

Minor

A minor of 9 graduate credit hours in an area of emphasis can be achieved within the total number of program hours or by taking additional coursework. If a minor is declared, a faculty member in that minor area of study must serve on the academic committee.

   NFS 5043 Nutritional Aspects of Vegetarianism
   NFS 5893 Advanced Nutritional Epidemiology
   NFS 5453 Nutrition Education
   NFS 6113 Nutrition and Cancer

Additional Coursework from Outside Nutrition & Food Sciences (9 SCH)
Select 9 semester credit hours from the following: 9
   HS 5063 Aging and Health
   HS 5353 Epidemiology
   HS 5413 Current Issues in Health Studies
   LS 5533 Internet Research for Non-Library Science Majors
   LS 5553 Electronic Information Retrieval for Non-Library Science Majors

Total Semester Credit Hours

Doctor of Philosophy in Nutrition

Total Semester Credit Hours Required
Minimum of 90 semester credit hours beyond the bachelor's degree including 6 semester credit hours for dissertation. The degree plan must be approved in a meeting with advisory committee members; changes must be approved by all members of the committee.

Required Courses
The NFS required courses (11 semester credit hours) for all doctoral degrees includes the following requirements:

NFS 5903 Special Topics
NFS 5314  Nutrition and Human Metabolism  4
NFS 6123  Micronutrients in Human Nutrition  3
NFS 6124  Macronutrients in Human Nutrition  4

Research Tools (12 semester credit hours)

Statistics  6
Other research tools (Research tools may include, but not limited to, foreign language, computer applications, research design, grant writing, laboratory techniques, or electronic information resources).  6

Additional courses for the Doctor of Philosophy in Nutrition

Additional courses may include:

Nutrition Electives (at least 6 semester credit hours). Choose from the courses offered in the Department of Nutrition and Food Sciences  6
NFS 6331  Advanced Seminar in Nutrition  1
(Students can replace NFS 6331 with NFS 5331)

Note: Total minimum semester credit hours needed for graduation is 90 semester credit hours. Additional information can be found at the Department of Nutrition and Food Sciences' website (http://www.twu.edu/nutrition-food-sciences).

Additional courses (9 semester credit hours or more) required for the Ph.D. in Nutrition: Emphasis in Food Science

• To include courses in the Department of Biology, and/or Chemistry and Physics.
• These courses will be decided in consultation with the advisory committee.

Additional courses (9 semester credit hours or more) required for the Ph.D. in Nutrition: Emphasis in Food Systems Administration

• To include courses in the School of Management, and/or Program in Healthcare Administration.
• These courses will be decided in consultation with the advisory committee.

Residency Requirement

Although there is no residency requirement, at least 50% of all the required semester credit hours for graduation must be earned at Texas Woman’s University.

Qualifying Examination

Written and oral comprehensive examinations must be passed prior to admission to candidacy. Examinations may not be taken more than twice. The written examination may be taken after satisfactory completion of NFS core courses (11 semester credit hours) and research tools (12 semester credit hours). The written examination will be administered under the policies and guidelines executed by the NFS PhD Qualifying Examination Committee. The student must satisfactorily pass the written examination before the oral examination can be scheduled. The oral examination should be held within four weeks after the written examination is satisfactorily completed. Length of the oral examination should not exceed three hours. The written examination is generally scheduled in October, March, and July of each academic year. Additional information can be found at Department of Nutrition and Food Sciences’ website (http://www.twu.edu/nutrition-food-sciences).

Final Examination

The final examination is oral and includes defense of the dissertation and the research on which it is based. The final examination should not exceed three semester credit hours and it may not be taken more than twice.

Graduate Degree Offered

• Master of Healthcare Administration (M.H.A.) (p. 284)

The master's degree program in Health Care Administration prepares graduates for management positions in the variety of firms and organizations that comprise the health services industry. The industry is undergoing rapid and dramatic change. Therefore, the faculty seeks to prepare managers who possess the tools and knowledge that will enable them to analyze problems, formulate solutions, and implement decisions to guide their organizations through dynamic times. The course of study will encourage development of the student’s personal and leadership potential by fostering attitudes of lifelong learning, and social and ethical responsibility. The Houston M.H.A. program is accredited by the Commission on Accreditation of Healthcare Management Education (https://www.cahmae.org) (CAHME).

The program achieves its goals by:

1. Offering flexible educational opportunities to working students, with particular awareness of the needs of women and minority students.
2. Contributing to the effectiveness of the health care delivery process through faculty and student research and technical consultation.
3. Enhancing the profession of health services through active participation of faculty and students in support of professional health service management associations.

The Health Care Administration curriculum provides professional education in both basic and applied health administration. This educational focus involves providing knowledge and skills required for health services managers to function successfully in a complex and rapidly changing environment. The broad content areas include:

Health Systems Organization, Policy, and Operations
History and organization of the health care system, financing, and utilization of health services, health status and disease occurrence, legal aspects of health care, and medical sociology. Government health policy formulation and implementation and its impact on health care organizations.

Finance, Economics, and Accounting
Accounting and financial management tools for health care administrators, budgeting, financial analysis, costing, variance analysis, capital structure, and performance measurement. Fundamentals of microeconomic theory, economic determinants of health, markets for medical care, and health insurance, economic analysis in decision making.

Management of Health Services Organizations
Organization theory and behavior, health care planning and marketing, human resource management, and leadership, managerial communications, ethics, legal applications for managers, information systems, and strategic management.

Quantitative Methods
Application of statistical methods to solving health care management problems, operations research, research design and analysis, epidemiology, and performance and quality assessment.

M.H.A./M.B.A. Degree Program Agreement with University of St. Thomas

By special agreement, students in the Health Care Administration Program of Texas Woman’s University are provided an opportunity to obtain an M.B.A. through the Cameron School of Business at the University of St. Thomas (http://www.stthom.edu/Academics/Cameron_School_of_Business) (UST). Students obtain both the fundamental set of health services management skills through the M.H.A. and specialized training provided by the M.B.A. program. Students first apply and are accepted into Texas Woman’s University M.H.A. program. Students interested in this option must contact the graduate admissions advisor at the UST Cameron School of Business in order to determine specific course requirements needed to complete the M.B.A. degree and TWU-HCA courses that will qualify for waiver of required M.B.A. courses.

TWU Executive M.B.A., M.H.S.M., and M.H.A. Degrees

TWU offers the Executive Master of Business Administration (M.B.A.), Master of Health Systems Management (M.H.S.M.), and Master of Health Care Administration (M.H.A.) degrees. The Executive M.B.A. and M.H.S.M. degrees are offered by the School of Management; and the M.H.A. is
offered by the College of Health Sciences. The M.H.S.M. degrees are offered on the Dallas campus only, and the M.H.A. is offered on the Houston campus only. Students desiring both M.B.A. and M.H.A. degrees must apply and be accepted by each program/school separately and fulfill admission requirements defined by each program. Acceptance in the M.B.A./M.H.S.M. dual-degree program does not guarantee acceptance into the M.H.A. program offered by Health Care Administration (H.C.A.) Houston and vice versa. Students cannot enroll in H.C.A. - Houston courses to fulfill the requirements of either the M.B.A or M.H.S.M. programs, and vice versa.

Applicants to the M.H.A. program may request a waiver of courses completed in either the M.B.A. or M.H.S.M. programs toward the M.H.A. degree plan. Waivers are generally limited to no more than 12 semester credit hours and require H.C.A. program approval. Use of M.B.A. or M.H.S.M. courses towards the M.H.A. degree plan are not guaranteed, are evaluated on a case-by-case basis, and must have a grade of ‘B’ or higher. Students who have not successfully completed all requirements of the M.B.A. program will be required to submit tests scores from the GRE or GMAT for consideration of admission into the M.H.A. program. Students who have successfully completed all requirements and earned the M.B.A. or M.H.S.M. degree will be waivered from the GRE/GMAT requirement. For additional information review the Health Care Administration (http://www.twu.edu/health-care-administration) website.

Admissions

Admission Requirements

Admission for graduate study in Health Care Administration is available to applicants who have attained an undergraduate degree, from a regionally accredited institution, with a GPA in the final 60 semester credit hours of 3.0 or greater. Applicants who have undertaken prior graduate study must also have achieved a minimum of 3.0 GPA. In addition, successful applicants will submit evidence of outstanding academic and work or life experiences that demonstrate potential for leadership in the health services environment. Prior health care experience (employment, internship or volunteer) is preferred but not required.

Provisional admission may be considered for an applicant who did not attain an undergraduate GPA of 3.0 but who demonstrates potential for graduate study based on GRE/GMAT scores, as well as work and/or life experiences that show evidence of leadership qualities. Provisional admission is not guaranteed and will be based on an evaluation of the applicants’ record of accomplishments and potential. Students admitted provisionally must achieve a grade of ‘B’ or better in each course taken during the first 12 course semester credit hours of study. Failure to meet the conditions of provisional admission will result in removal of the student from the degree program without possibility for readmission to this program.

Due Dates for Completed Applications for US residents

- May 30 for Fall semester
- September 30 for Spring semester
- March 1 for Summer semester

Applicants identified by the University as international applicants must adhere to earlier deadlines. These deadlines are identified in the international student section of this catalog.

All applicants must submit the required documentation in the following manner:

Application Documents

- Application
- Transcripts for all previous coursework
- GRE or GMAT Scores
- TOEFL Scores (for international students)

Send Application Documents To:

Texas Woman’s University
Student Records
P.O. Box 425649
Denton, TX 76204

Resume Documents

- Resume
- Three Letters of Recommendations
- Career Goal Statement

Send Resume Documents To:

Texas Woman’s University
Program in Health Care Administration
6700 Fannin
Advanced standing may be granted to applicants who hold a prior master’s or doctoral degree from an accredited U.S. university. This advanced standing means that an applicant may request and be eligible for waiver of certain foundation or core courses, in addition to the GRE/GMAT waiver as described above. It is the responsibility of the applicant to make the request for specific course waiver or transfer credit. In addition the applicant must submit evidence of equivalent prior course work. Waivers are not automatic and are made on a case by case basis by examination of the content of each course requested for waiver/transfer credit. Each course accepted for transfer credit of a required core course must have been completed within the 6 years of the date the M.H.A. degree is to be awarded. Otherwise these courses must be repeated.

Students who have completed the M.B.A., E.M.B.A. or M.H.S.M. degree at Texas Woman's University may be eligible for award of up to 12 semester credit hours of transfer credit toward the M.H.A. degree subject to Graduate School policies.

Non-Degree Admission

The Health Care Administration Program does not normally admit students for non-degree status. The exception is those cases where TWU-HCA has a formal agreement with another University or another TWU department to allow limited enrollment for a specific purpose.

Orientation requirement

The Health Care Administration Program holds orientation for new students in the fall and spring semesters. It is a requirement that all new students must attend one of these sessions. Information is given at these sessions that will enhance the student's learning experience.

Deferral

Students may request deferral of admission date up to one year due to personal circumstances. No additional deferrals will be granted and the applicant must reapply.

Certificates

Certificate in Health Care Administration

• Post-Baccalaureate Certificate in Health Care Management (p. 285)

Courses

Courses

HCA 5001. Concepts of Health and Disease for Administrators. Major body systems, definitions of health, illness, disease, pathogenesis, disability, and death. Roles and responsibilities of health care team members in the processes of diagnosis, treatment, and monitoring. Structures, functions, and disease processes of the human body systems and fundamental medical terminology. Designed for the graduate level student with little or no prior clinical experience. Self instructional methods will be utilized for practice and mastery of medical vocabulary and the structure and functions of body systems. One lecture hour a week. Credit: One hour.

HCA 5103. Foundations of Health Services. Structure and operation of U.S. health industry and the political and social environment in which it exists. The health system will be analyzed in terms of cost, access, availability, quality, and appropriateness. Topics include the role of government in regulating health services; health insurance; types, categories, and functions of various health organizations in the health care continuum; and human resources. Three lecture hours a week. Credit: Three hours.

HCA 5193. Health Law. American legal system and its principles and processes; public health law; institutional and professional liability; informed consent; physician-patient relationships, forensic medicine; legislative activities; and controversial medical, legal, and ethical issues. Prerequisite: HCA 5103 or permission of instructor. Three lecture hours a week. Credit: Three hours.

HCA 5213. Managerial Communications. Preparation of managers and leaders for the communication challenges of the workplace. Development and demonstration of effective, business-oriented oral and written skills. Emphasis on organization and delivery of professional presentations, use of effective visual support, and business writing. Three lecture hours a week. Credit: Three hours.

HCA 5223. Strategic Organizational Theory in Healthcare. Application of organization theory and concepts to health services organizations. Topics include governance, competitive environment, distinctive attributes of health care organizations, vision, mission, goals and strategies, systems thinking, organization structure and design, organizational effectiveness, change management, planning, and management roles. Prerequisite: HCA 5253. Three lecture hours a week. Credit: Three hours.

HCA 5253. Organizational Behavior in Health Care Administration. Application of theories and concepts of management and organizational behavior to health services organizations. Topics include personality, motivation, decision making, stress, interpersonal and group dynamics, communication, leadership, power, conflict, and organizational culture. Three lecture hours a week. Credit: Three hours.

HCA 5343. Human Resources Management in Health Care Administration. Human resources management issues, including strategic role of job analysis and design, recruitment, retention, diversity, performance appraisal, termination, recognition, compensation and development, and Human Resources legal issues relevant to health care organizations. Prerequisites: HCA 5103 and HCA 5223. Three lecture hours a week. Credit: Three hours.
HCA 5363. Leadership and Career Development in Health Care Administration. Development of leadership potential by strengthening abilities in creative thinking, interpersonal team skills, communication (oral and written) and listening skills, diversity issues, negotiation, and conflict management. Improvement of personal effectiveness by goal setting, establishing networks, using interviewing techniques, and increasing self-awareness. Use of self-assessments and group projects with outside clients. Includes student preparation of portfolio presentation/notebook, individual meetings with instructor, and presentation to independent evaluators. Prerequisite: HCA 5223. Pre or Co-requisites: HCA 5623 and HCA 5543. Three lecture hours a week. Credit: Three hours.

HCA 5383. Ethical Analysis in Health Services. Identification of values and ethical issues in health care administration. Application of ethical principles and theories of decision-making in analysis of ethical dilemmas. Includes moral basis of ethics, organizational philosophy, duties, conflicts of interest, confidentiality, resource allocation, end of life, and other biomedical and administrative issues. Prerequisites: HCA 5103 and HCA 5253, or permission of instructor. Three lecture hours a week. Credit: Three hours.

HCA 5463. Research Methods for Managerial Decision Making. The research process and models available to conduct health services research. Topics include problem identification, computerized literature search, critique of research, theoretical and conceptual frameworks, research questions and hypothesis testing, research design, methodology, data analysis techniques, and ethical issues in research. Prerequisite: Knowledge of basic Excel. Three lecture hours a week. Credit: Three hours.

HCA 5473. Health Information Management. The role of information systems and decision-making models in health care organizations. Health information topics including computer hardware and software, planning information processing, clinical and administrative systems, methods to support decision making, vendor evaluation and selection, and project management. Prerequisites: HCA 5103 and HCA 5223. Three lecture hours a week. Credit: Three hours.

HCA 5483. Epidemiological Models for Health Services. Basic measures and determinants of epidemiology; incorporation of research findings into management decisions. Use of logic and assumptions to assess and understand the health status of populations, the determinants of health and illness, and the factors that influence the delivery and use of health services. Social epidemiology including social and behavioral aspects of health and illness, utilization of health services, and patient and practitioner roles. Prerequisites: HCA 5663 and HCA 5103, or permission of program director. Three lecture hours a week. Credit: Three hours.

HCA 5493. Performance Measurement and Quality in Health Care Administration. Basic measures and analysis of processes for quality and performance assessment utilizing qualitative and quantitative methods. Development of skills in evaluation methods and performance management with particular emphasis on the management of quality. Standard setting, performance assessment processes, and CQI/TQM. Prerequisites: HCA 5463 and HCA 5483, or permission of instructor. Three lecture hours a week. Credit: Three hours.

HCA 5513. Financial Accounting in Health Care Administration. Principles of accounting; types of financial statements; recognizing and measuring transactions; assets, liability, and equity accounts; fund accounting; cash flow statements; financial statement analysis and time value of money. Three lecture hours a week. Credit: Three hours.

HCA 5533. Management Accounting for Health Care Organizations. Principles and methods of cost allocation, job costing, cost-volume profit analysis, budgeting, variance analysis, profitability analysis, and relevant costs for decision-making. Prerequisite: HCA 5513. Three lecture hours a week. Credit: Three hours.

HCA 5633. Health Policy Analysis. Definitions of health policy and the process of policy making. Impact of values on policy and the role of interest groups and political influence. Framework for analyzing policy and methods using the tools of economics to examine health system change. Prerequisites: HCA 5103 and completion of twelve hours in HCA program. Three lecture hours a week. Credit: Three hours.

HCA 5713. Managing the Hospital Setting. The American community hospital within the context of the social, political, and economic environment. Operational aspects of hospital administration from the perspectives of each key stakeholder. Definition of organization structure, interaction of components, governance, financing, medical staff, nursing services, clinical support services, operational and service support, human resources, and quality management. Prerequisite: Completion of twelve hours in HCA program or permission of instructor. Three lecture hours a week. Credit: Three hours.

HCA 5723. Managing the Long-Term Care Setting. Demographic, social, political, and organizational aspects of long-term care services. The process of aging and the social, psychological, and medical needs of the population; populations at risk of requiring long-term care; the knowledge and skills to successfully manage diverse long-term care facilities. Long-term care system, financing care, needs assessment, disabled population, and types of services. Prerequisite: Completion of twelve hours in HCA program or permission of instructor. Three lecture hours a week. Credit: Three hours.
HCA 5733. Managing the Outpatient Setting. Approaches for providing care in the outpatient setting including hospital and free-standing ambulatory care facilities, and single specialty and multi-specialty physician practices. Types of settings, finance, accounting, and human resource management. Prerequisite: Completion of twelve hours in HCA program or permission of instructor. Three lecture hours a week. Credit: Three hours.

HCA 5743. Alternative Systems of Healthcare Delivery. Evolving relationships between the buyers, providers, insurers, patients, and regulators of health services. The dynamic process that influences the organization for delivery, price, utilization, quality, and accountability. Historical development of the U.S. and comparative health systems. Delivery systems, managed care trends, legal and regulatory issues, provider-payer-patient perspectives, insurance products, organizational structures, pricing and reimbursement strategies, quality, and utilization control. Prerequisite: Completion of twelve hours in HCA program or permission of instructor. Three lecture hours a week. Credit: Three hours.

HCA 5753. Development of Health Facilities. Physical aspects of planning, design, and construction of health facilities. The process and participants involved in the development of buildings to serve the health care industry. Facility planning; methods of project delivery; role of owner, architect, and building contractor; construction scheduling, cost estimating, and site analysis. Prerequisite: Completion of twelve hours in HCA program or permission of instructor. Three lecture hours a week. Credit: Three hours.

HCA 5763. Marketing for Health Services. The role of marketing in the process of purchasing and providing health care services. Broad view of marketing as a means of identifying and delivering value to both the provider and consumer of services. Topics including marketing philosophy, market research, identifying the customer, business and service delivery, market segmentation, and business development. Prerequisite: Completion of twelve hours in HCA program or permission of instructor. Three lecture hours a week. Credit: Three hours.

HCA 5773. Seminar in Finance and Accounting in Health Care Administration. Identification and development of financial models and solutions. Analysis of causes related to complex health care accounting and financial management issues. Prerequisites: HCA 5513, HCA 5533, and HCA 5543. Three lecture hours a week. Credit: Three hours.

HCA 5783. Interdisciplinary Models of Health Care. The evolving role of the health care team and strategies team members use in providing comprehensive, quality care to the health care consumer. Rationale for the interdisciplinary approach, re-engineering and work redesign, professional autonomy, cross-training, and group dynamics. Prerequisite: Completion of twelve hours in HCA program or permission of instructor. Three lecture hours a week. Credit: Three hours.

HCA 5803. Issues and Trends in Health Care Administration. Group study of current issues and trends in Health Care Administration. Prerequisite: Completion of twelve hours in HCA program or permission of instructor. Three lecture hours a week. Credit: Three hours.

HCA 5911. Independent Study. Advanced work in a specialized field of Health Care Administration. Prerequisite: Completion of twelve hours in HCA program and permission of instructor. Credit: One hour.

HCA 5912. Independent Study. Advanced work in a specialized field of Health Care Administration. Prerequisite: Completion of twelve hours in HCA program and permission of instructor. Credit: Two hours.

HCA 5933. Capstone in Health Care Administration. Final course in the HCA curriculum focusing on the integration of knowledge and application of theories, models, and techniques from preceding courses in the management of a health services organization. Decision making involving strategic, human resources, financial, planning, and operations. Prerequisites: HCA 5363, HCA 5493, and HCA 5533; or permission of program director. Three lecture hours a week. Credit: Three hours.

HCA 5941. Internship. Internship in a health care organization under the supervision of a selected health care administrator and faculty. Prerequisite: Completion of twelve hours in HCA program. Four clinical hours a week. Credit: One hour.

HCA 5942. Internship. Internship in a health care organization under the supervision of a selected health care administrator and faculty. Project assignments are undertaken to integrate and apply administrative skills to practical problems. Prerequisite: Completion of 12 semester hours and approval of faculty advisor. Eight clinical hours a week. Credit: Two hours.

HCA 5973. Professional Paper. Independent research leading to the production of a written document of scholarly quality or production of a professional portfolio. Prerequisite: Permission of faculty advisor. Credit: Three hours.

HCA 5981. Fieldwork. Field experience with a health care organization under the supervision of a selected health care administrator and faculty. Prerequisites: HCA 5463, HCA 5483, and completion of twelve hours in HCA program. Four clinical hours a week. Credit: One hour.

HCA 5982. Fieldwork. Field experience with a health care organization under the supervision of a selected health care administrator and faculty. Prerequisites: HCA 5463, HCA 5483, and completion of twelve hours in HCA program. Eight clinical hours a week. Credit: Two hours.

Faculty

Professor

GOODMAN, GERALD R., Professor of Health Care Administration; Program Director of Health Care Administration. B.S., University of Houston; M.S., Texas Woman's University; M.A.S., Southern Methodist University; D.P.H., University of Texas Health Science Center-Houston.

Associate Professors

SELCER, ANNE D., Associate Professor of Health Care Administration. B.S., Wright State University; M.S., Wright State University; M.A., Fielding Graduate University; M.L.H.R., Ohio State University; Ph.D., Fielding Graduate University.
TSAI, KAI-LI, Associate Professor of Health Care Administration. B.S., China Medical College; M.S., Harvard University; Ph.D., University of California, Los Angeles.

Assistant Professor
MURDOCK, SANDRA, Assistant Professor of Health Care Administration. B.S., St. Ambrose University; M.A., Central Michigan University; Ph.D., University of Texas Health Science Center-Houston.

Associate Clinical Professor
PHELPS, MARK T., Associate Clinical Professor of Health Care Administration. B.S., Baylor University; M.S., Trinity University; J.D., South Texas College of Law.

Master of Healthcare Administration (M.H.A.)

Total Semester Credit Hours Required
61 semester credit hours.

Additional Grading Requirements
In addition to the general University grading requirements, the HCA Program limits the number courses in which a grade of ‘C’ is made in HCA Program specific courses to two. If a grade of ‘C’ is made in a third HCA-specific course, then regardless of the cumulative grade point average, the student will be dropped from the HCA Program. Since this is an HCA grading requirement and not a University requirement, the student may enroll in another TWU program.

The two ‘C’ Rule applies even if the student retakes a course in which the initial grade was a ‘C’.

Foundation courses
Foundation courses are the first level of preparation for specialized study in Health Administration. Applicants may request a waiver of any foundation courses by presenting evidence of having completed at least 2 undergraduate or one graduate course in the content area with a grade of ‘B’ or better. These courses must be completed prior to enrolling in required courses.

Electives
Students, in consultation with a faculty advisor, will select at least 6 semester credit hours of approved elective courses in order to obtain additional breadth or depth in a particular field of Health Care Administration study. Electives from other TWU departments or other Universities may be approved with permission from the advisor if they meet the criteria as related to the study of HCA and student’s career goals. However transfer credits from other Universities or Departments are subject to limits established by the graduate school.

Internship/Fieldwork Opportunities
Internships and field experiences are available with health care organizations. They are designed to provide students with the opportunity to integrate and apply knowledge and skills from their course experiences. While an internship or fieldwork is not required, it is strongly recommended for all individuals who lack health care experience or whose experience is primarily technical or clinical. The decision regarding whether the internship or fieldwork should be included as one of the elective courses is made jointly by the faculty advisor and student at the completion of 12 semester credit hours of study. In addition many courses include fieldwork projects, tours and assessments of local health care organizations. A maximum of 3 semester credit hours may be earned in internship or fieldwork and applied toward the degree. In order to receive academic credit for an internship or fieldwork the student must contact his/her faculty advisor and complete the necessary documentation with the HCA internship/fieldwork coordinator prior to applying or accepting an internship or fieldwork assignment.

Portfolio
Each student is required to develop and maintain a professional portfolio documenting the attainment of goals and skills acquired in the course of their graduate study. This portfolio and student goals are developed jointly by the student and advisor. The portfolio is to be reviewed periodically with the advisor. Students must enroll in HCA 5973 during their final semester to complete their portfolios.

Certificate of Final Examination
Each graduating student will be required to present their completed portfolio to a faculty committee as a final exit exam.

Course Method and Delivery
Some courses in the program may be delivered in a non-traditional distance learning format. As a result, student involvement on campus will vary depending on method of delivery.

Post-Baccalaureate Certificate in Health Care Management

The Department of Health Care Administration offers a post-baccalaureate Certificate in Health Care Management that provides students with a foundation of knowledge necessary for a successful career in health care management. The core educational component comprises approximately 18-21 semester credit hours depending on prior academic preparation and student career goals. Students who have successfully completed the certificate program and wish to pursue a master’s degree in health care administration at TWU, may apply certificate semester credit hours toward their degree requirements. However all core course work for the M.H.A. master’s degree must be completed within a six-year period. This includes transfer credits as well as M.H.A. degree requirements. TWU certificate students who desire to pursue the M.H.A. degree must submit a separate application and apply as an M.H.A. degree seeking applicant. Only courses with a grade of ‘B’ or better will apply toward M.H.A. degree course requirements. The certificate in Health Care Management is not subject to accreditation by Commission on Accreditation of Healthcare Management Education (CAHME).

For individuals seeking the license in long-term care administration, the TWU-HCA certificate course sequence has been approved as meeting the educational requirements of the Texas Department of Aging and Disability Services (DADS). Students interested in the long-term care license should take HCA 5723, Managing the Long-Term Care Setting, as an additional course.

Admissions Requirements

Applicants will have completed a baccalaureate degree, from a regionally accredited institution, preferably in a field related to the certificate program. Such related fields include business, nursing, physical or occupational therapy, nutrition and food sciences, health studies, and health administration. Related fields also include dental hygiene, laboratory or radiologic technology, biology, and chemistry. Applications for the certificate program must be received by:

- May 30 for fall semester enrollment
- September 30 for spring semester enrollment
- March 1 for summer semester enrollment

The program requires that applicants submit:

1. An application for admission to the certificate program and appropriate fees to the Office of Admissions Processing;
2. Evidence of an earned bachelor’s degree with a GPA of 3.0 in the last 60 semester credit hours and complete official transcripts of all undergraduate and graduate study to the Office of Admissions Processing;
3. Resume to the Department of Health Care Administration;
4. Three letters of reference to the HCA Department;
5. Provide a statement of your goals and reason for seeking a certificate.

Certificate in Healthcare Administration Program of Study (18-21 semester credit hours)

Students will learn about the organizational structure and operations of the health care system, and gain expertise in managing both human and financial resources. In addition to these fundamentals, students will be exposed to the ever-present social responsibility and ethical concerns facing those in decision-making roles.

Select 18-21 semester credit hours from the following:

Graduate Degrees Offered

- M.O.T. Master of Occupational Therapy (p. 294)
- O.T.D. Doctor of Occupational Therapy (p. 297)
- Ph.D. in Occupational Therapy (p. 298)

Occupational therapy is a health care profession whose members work to foster full participation in everyday life for persons with physical, cognitive, emotional, or societal restrictions. Occupational therapy is based on the premise that engagement in real life activities in prescribed areas with specific goals promotes health and wellness. The School of Occupational Therapy at Texas Woman's University offers graduate level training and education for persons seeking to initiate or to expand a career in occupational therapy. The school is home to 25 faculty members and over 5,000 alumni and encompasses a Texas-wide network of professionals dedicated to the advancement of high quality evidence-based occupational therapy practice. The occupational therapy programs are available at the main campus of Texas Woman’s University in Denton, the T. Boone Pickens Institute of Health Sciences in Dallas, and the TWU Institute of Health Sciences in Houston. Specific online components supplement traditional classroom learning. At each location, courses are conducted in classrooms and laboratories specially equipped to enhance student learning. Lecture and laboratory learning experiences are provided by experienced occupational therapy faculty, occupational therapy practitioners, physicians, and other health care providers. TWU offers degree programs leading to the Master of Occupational Therapy, Doctor of Occupational Therapy, and Doctor of Philosophy in Occupational Therapy.

Overview of Degrees offered in Occupational Therapy

The Master of Occupational Therapy (p. 294) (MOT) degree is a professional entry-level degree that prepares students with baccalaureate degrees in other fields to become occupational therapists. The curriculum is taught in Denton, Dallas, and Houston. Master of Occupational Therapy students complete all courses at one of these sites.

The Doctor of Occupational Therapy (p. 297) (OTD) degree is a post professional clinical practice degree that engages practicing occupational therapists in leadership for advanced roles as master practitioner, advocate for client populations, and occupational therapy educator. The curriculum is designed to be experienced while active in the profession with learning activities integrated into clinical practice. The program is structured for continuous part time enrollment utilizing distance education methods with periodic on-campus sessions.

The Doctor of Philosophy (p. 298) (PhD) degree is a post-professional graduate program for occupational therapists whose desire is to develop skills for advanced academic and research pursuits. The PhD in Occupational Therapy is offered via on-line and on-campus learning experiences in Dallas and Houston.

Admissions
Admission Requirements

Please see the admission section (p. 52) of this catalog. In addition to these general requirements, the School of Occupational Therapy requires the following.

Master of Occupational Therapy – applicants with a bachelor’s degree

Entry into the Master of Occupational Therapy program is structured for students who have completed specified undergraduate coursework and who hold a bachelor’s degree in any major from an accredited institution. The Master of Occupational Therapy program is a 28-month full-time educational commitment, inclusive of a six-month internship. Cohorts of 30-45 students are admitted each fall semester to each of our three locations.

Applicants must complete the following prerequisites with a cumulative GPA of 3.0 or better prior to beginning M.O.T. courses: statistics, human anatomy and physiology, developmental psychology, abnormal psychology, and medical terminology. Applicants must also complete a minimum of twenty hours of observation, volunteer, or paid employment under the supervision of a registered occupational therapist and submit an application and essay.

TWU Alumni Advantage Application

Applicants requesting the Texas Woman’s University Alumni Advantage admission may apply the year prior to the completion of their degree. Applications must be postmarked by September 15 for consideration for entry in the subsequent fall semester. Applicants requesting Alumni Advantage must demonstrate an overall grade point average of 3.7 on the last 60 semester credit hours completed at the time of application, as well as a 3.5 grade point average on prerequisites and maintain these averages until the award of the undergraduate degree. Assured admission status will be revoked for applications not meeting this standard.

Please refer to the Undergraduate Catalog for a full description of the TWU Alumni Advantage program (http://catalog.twu.edu/undergraduate/health-sciences/occupational-therapy).

Master of Occupational Therapy – part-time weekend/online program for COTAs

The MOT Bridge for COTAs is structured for practicing certified occupational therapy assistants with a minimum of one full year experience, who have completed specified undergraduate prerequisite coursework and who hold a bachelor’s degree in any major from an accredited institution. The MOT-Bridge program is delivered online and in monthly weekend on site sessions on the Denton campus during Fall and Spring semesters. The program requires forty months for completion, inclusive of a six month internship. Approximately 15 students are admitted each fall semester.

Applicants must complete the following prerequisites prior to beginning Master of Occupational Therapy courses: statistics, human anatomy and physiology, developmental psychology, and abnormal psychology. In addition, applicants must provide verification of one year’s clinical experience as a certified occupational therapy assistant, a recommendation form completed by a licensed occupational therapist who can document a minimum of 1 month of COTA clinical experience with that individual, one additional letter of recommendation from a supervising licensed occupational therapist, resume, and a copy of current occupational therapy assistant license, and an application essay.

Doctor of Occupational Therapy

Admission requirements include

1. Current occupational therapy license or registration
2. Master level degree
3. 3.2 minimum GPA on master level work
4. Successful completion of the OTD application process inclusive of written application and interviews
5. Faculty mentor agreement

Doctor of Philosophy

Admission requirements include

1. master’s degree in occupational therapy or a related field; comparable graduate level degree may be substituted subject to review by doctoral admissions committee;
2. minimum GPA of 3.2 in previous graduate work;
3. submission of scores in verbal, and quantitative sections of the Graduate Record Exam;
4. satisfactory English language proficiency score (if applicable);
5. initial certification as an occupational therapist by NBCOT; and
6. three letters of reference.

Graduates from non U.S. baccalaureate programs, recognized by the World Federation of Occupational Therapists who otherwise meet admission requirements, need not be certified by the NBCOT to pursue the Ph.D. in occupational therapy. Ph.D. applicants, who meet basic admission criteria, are asked to submit a written essay of no more than 1000 words addressing professional goals, prior experience that may form the foundation for doctoral
work, and potential research directions. The doctoral admissions committee reviews the applicants and invites selected individuals for a personal interview with the committee. Year-round admission.

Courses

OT 5001. Appraising Occupational Therapy Evidence. Evaluation of clinical research evidence and its applicability to occupational therapy practice decisions. One seminar hour a week. Credit: One hour.

OT 5003. Clinical Neuroscience for Occupational Therapy. Relationship between occupational performance and neuroanatomy and physiology. Review of clinical cases that illustrate implications for occupational therapy intervention when disruption within the central and peripheral nervous system results in dysfunction. Three lecture hours a week. Credit: Three hours.

OT 5022. Occupational Therapy Research Practicum. Participation in implementation of a faculty-sponsored project that is relevant to the practice of occupational therapy utilizing documented and referenced method of systematic inquiry. Collection and/or organization, analysis and/or preparation for dissemination of information according to the method of systematic inquiry designated in the work. May be repeated for credit. Credit: Two hours.

OT 5122. Occupation, Wellness, and Adaptation. Health, wellness, and disability prevention models. Practice of occupational therapy in wellness, health, and prevention programs. Two lecture hours a week. Credit: Two hours.

OT 5132. Persons, Tools, and Occupations. Purpose and meaning of occupation with emphasis on play, games, and crafts. Experience with the process of activity analysis including documentation of observations. Practical application of materials, tools and self in individual and group settings. One lecture and three laboratory hours a week. Credit: Two hours.

OT 5142. Scholarly Inquiry in Occupational Therapy. Principles of scholarly activity, research, and research evidence in the development of a science-based body of knowledge to ground the practice of occupational therapy. Criteria for evaluating research for application, research ethics, occupational therapy literature, and related resources including grants. Two lecture hours a week. Credit: Two hours.

OT 5163. Foundations of Occupational Therapy Practice. Foundations of occupation and occupational science over the course of the profession's history and in current practice, including scope, standards, theories, models, and ethics. Principles of occupational therapy practice, professional reasoning, and professional behaviors. Three lecture hours a week. Credit: Three hours.

OT 5202. Professional Paper in Occupational Therapy. Participation in the implementation of a faculty-sponsored research endeavor relevant to the practice of occupational therapy utilizing documented and referenced method of systematic inquiry. Development of a research proposal; participation in the collection and/or organization and analysis of information according to the method of systematic inquiry designated in the work. Credit: Two hours.

OT 5322. Occupational Performance and Adaptation in Infancy and Childhood Laboratory. Performance of evaluation, intervention, and outcome measures consistent with developmental level for infants and children with pediatric conditions and/or congenital anomalies. Practice in selection, implementation, analysis, and grading of interventions appropriate to infants and children. One seminar and three laboratory hours a week. Credit: Two hours.

OT 5352. Evaluation Processes in Occupational Therapy. Identification, selection, and analysis of occupational therapy assessments. Measurement interpretation based on client needs, contextual factors, and psychometric properties. One lecture and two laboratory hours a week. Credit: Two hours.

OT 5512. Movement in Context. Occupational therapy assessment of the musculoskeletal system, mechanical principles, clinical conditions for biomechanical intervention and treatment planning for occupational performance issues related to strength, range of motion, endurance, and tissue integrity. One lecture and three laboratory hours a week. Credit: Two hours.

OT 5522. Occupational Adaptation: Adolescence to Early Adulthood Laboratory. Performance of evaluation, intervention, and outcome measures for adolescent and early adult clients with acquired disorders interfering with occupational performance, including musculoskeletal, neurological, and general medical conditions as a result of illness or injury. One lecture and three laboratory hours a week. Credit: Two hours.

OT 5553. Occupational Participation in Adolescence and Early Adulthood. Conditions that impact occupational participation in adolescence and early adulthood. Occupational therapy theory and evidence-based evaluation, intervention, outcome measures and service delivery appropriate for this population. Three lecture hours a week. Credit: Three hours.

OT 5563. Occupational Participation in Middle to Late Adulthood. Conditions that impact adaptation and participation in occupations and roles for middle to older adults including disability, illness, and chronic impairment. Theory and evidence-based occupational therapy evaluation, intervention, outcome measures, and service delivery appropriate for this population. Three lecture hours a week. Credit: Three hours.

OT 5573. Occupational Participation in Infancy And Childhood. Conditions that impact occupational participation for infants and children including medical, educational, and psychosocial problems of developmental, or acquired origin. Theory and evidence-based occupational therapy evaluation, intervention, outcome measures, and service delivery for this population. Three lecture hours a week. Credit: Three hours.
OT 5722. Occupational Performance and Adaptation In Middle to Late Adulthood Laboratory. Performance of evaluation, intervention, and outcome measures appropriate for middle and older adults with disorders interfering with occupational performance. Practice in selection, implementation, analysis, and grading of interventions appropriate to middle and older adults. One lecture and three laboratory hours a week. Credit: Two hours.

OT 5732. Assistive and Computer Technology Tools in Practice. Exploration of the uses of assistive technology in everyday life, including environmental modifications for home and work. Practice in the use of powered mobility, environmental controls, driver rehabilitation, and application of computer and assistive technology for specific populations. One lecture and three laboratory hours a week. Credit: Two hours.

OT 5753. Designing, Evaluating, and Managing Systems. Occupational therapy program design, principles of management, and factors influencing current health care policy. Application of principles of management to service models and health care settings, health care teams, implementation of federal and state regulation, and reimbursement systems. Three lecture hours a week. Credit: Three hours.

OT 5811. Specialty Field Experience. One-week elective placement in a specialty setting with adjunct, full-time, or clinical specialist faculty. May be related to special interest or to research project. May also be in a professional administrative setting as a national or state office. In special cases may be supervised by professionals in other disciplines. May be repeated for credit. Forty practicum hours. Credit: One hour.

OT 5812. Issues in Knowledge Bases. Current issues in theoretical concepts of knowledge bases in occupational therapy. May be repeated for credit. Two lecture hours a week. Credit: Two hours.

OT 5813. Specialty Field Experience. Three-week elective placement in a specialty setting with adjunct, full-time, or clinical specialist faculty. May be related to special interest or to research project. May also be in a professional administrative setting as a national or state office. In special cases may be supervised by professionals in other disciplines. May be repeated for credit. One hundred twenty practicum hours. Credit: Three hours.

OT 5816. Specialty Field Experience. Six-week elective placement in a specialty setting with adjunct, full-time, or clinical specialist faculty. May be related to special interest or to research project. May also be in a professional administrative setting as a national or state office. In special cases may be supervised by professionals in other disciplines. May be repeated for credit. Two hundred forty practicum hours. Credit: Six hours.

OT 5822. Issues in Adaptation. Current issues in occupational adaptation in occupational therapy. May be repeated for credit. Two lecture hours a week. Credit: Two hours.

OT 5823. Professional Reasoning and Fieldwork: Adolescents and Young Adults. Placement in occupational therapy practice settings under the supervision of an occupational therapy practitioner. Application of selected evaluation and intervention procedures. Integration of knowledge about diagnoses and adaptive problems experienced in daily occupations. Two seminar and two practicum (field experience) hours a week. Credit: Three hours.

OT 5832. Issues in Practice Tools. Current issues in use of tools in occupational therapy. May be repeated for credit. Two lecture hours a week. Credit: Two hours.

OT 5833. Professional Reasoning and Fieldwork: Mental Health and Community-Based Programs. Placement in community settings under supervision of a qualified professional or occupational therapy practitioner. Emphasis on psychosocial and behavioral health including prevention of mental illness. Exploration of group process as a tool for facilitating engagement in a variety of occupations in context. Two seminar and two practicum (field experience) hours a week. Credit: Three hours.

OT 5843. Professional Reasoning and Fieldwork: Middle and Later Adulthood. Placement under the supervision of an occupational therapy practitioner in community, long term care, and home health systems where middle and later adults are engaged in social and productive activities. Examination of diagnoses and their relationship to adaptive problems. Two seminar and two practicum (field experience) hours a week. Credit: Three hours.

OT 5852. Issues in Occupational Therapy Process. Current issues in occupational therapy processes. May be repeated for credit. Two lecture hours a week. Credit: Two hours.

OT 5901. Special Topics. Intensive study of selected topics in occupational therapy. May be repeated for credit. One lecture hour a week. Credit: One hour.

OT 5903. Special Topics. Intensive study of selected topics in occupational therapy. May be repeated for credit. Three lecture hours a week. Credit: Three hours.

OT 5911. Independent Study. Advanced work in special fields of occupational therapy. May be repeated for credit. Credit: One hour.

OT 5913. Independent Study. Advanced work in special fields of occupational therapy. May be repeated for credit. Credit: Three hours.

OT 5916. Adaptation to Physical Challenges in Adult Years I. Six-week practicum in a health care setting where occupational therapy is provided for adult individuals experiencing physical challenges. Opportunities to evaluate needs then plan and implement programs and services. Prerequisites: Completion of didactic coursework and professional project. Forty practicum hours a week. Credit: Six hours.

OT 5926. Adaptation to Physical Challenges in Adult Years II. Six-week practicum in a health care setting where occupational therapy is provided for adult individuals experiencing physical challenges. Evaluation of needs, delivery of service and exploration of management and administrative issues. Prerequisites: Completion of didactic coursework and professional paper. Forty practicum hours a week. Credit: Six hours.
OT 5932. Rehabilitation Technology in Practice. Properties of materials, specific equipment, and techniques used in occupational therapy with an emphasis on the upper extremity. Uses of rehabilitation technology in everyday life. Practice in the use of prosthetics, splinting, orthotics, pain management, and principles of physical agent modalities. One lecture and three laboratory hours a week. Credit: Two hours.

OT 5936. Adaptation to Psychosocial Challenges Across the Life Span I. Six-week practicum in a health care setting where occupational therapy is provided for individuals experiencing psychosocial challenges. Opportunities to evaluate needs then plan and implement programs and services. Prerequisites: Completion of didactic coursework and professional paper. Forty practicum hours a week. Credit: Six hours.

OT 5946. Adaptation to Psychosocial Challenges Across the Life Span II. Six-week practicum in a health care setting where occupational therapy is provided for individuals experiencing psychosocial challenges. Evaluation of needs, delivery of service, and exploration of management and administrative issues. Prerequisites: Completion of didactic coursework and professional paper. Forty practicum hours a week. Credit: Six hours.

OT 5956. Adaptation to Physical or Psychosocial Challenges in Early Years I. Six-week practicum in a health care setting where occupational therapy is provided for individuals experiencing either psychosocial or physical challenges and who are between the ages of birth and adolescence. Opportunities to evaluate needs then plan and implement programs and services. Prerequisites: Completion of didactic coursework and professional paper. Forty practicum hours a week. Credit: Six hours.

OT 5956. Adaptation to Physical or Psychosocial Challenges in Early Years II. Six-week practicum in a health care setting where occupational therapy is provided for individuals experiencing either psychosocial or physical challenges and who are between the ages of birth and adolescence. Evaluation of needs, delivery of service, and exploration of management and administrative issues. Prerequisites: Completion of didactic coursework and professional paper. Forty practicum hours a week. Credit: Six hours.

OT 5966. Adaptation to Physical or Psychosocial Challenges in Early Years II. Six-week practicum in a health care setting where occupational therapy is provided for individuals experiencing either psychosocial or physical challenges and who are between the ages of birth and adolescence. Prerequisites: Completion of didactic coursework and professional paper. Forty practicum hours a week. Credit: Six hours.

OT 5976. Alternative Clinical Experience I. Six-week practicum in a health care setting where occupational therapy is provided for individuals with specific needs and/or the service is delivered in a non-traditional health care environment. Opportunities to evaluate needs then plan and implement programs and services. Prerequisites: Completion of didactic coursework and professional paper. Forty practicum hours a week. Credit: Six hours.

OT 5986. Alternative Clinical Experience II. Six-week practicum in a health care setting where occupational therapy is provided for individuals with specific needs and/or the service is delivered in a non-traditional health care environment. Evaluation of needs, delivery of service, and exploration of management and administrative issues. Prerequisites: Completion of didactic coursework and professional paper. Forty practicum hours a week. Credit: Six hours.

OT 5992. Professional Reasoning Capstone. Complex case studies for integration of skill, performance, and participation in the field of occupational therapy. Inventory and documentation of competencies in an final portfolio of academic preparation. Two seminar hours a week. Credit: Two hours.

OT 6101. Professional Development Core I. Principles of leadership; identification, access, and validation of information sources and professional and scholarly writing. One lecture hour a week. Credit: One hour.

OT 6103. Professional Development I. Design of a personal and professional development plan in an area of specialization in occupational therapy, under the tutelage of a faculty mentor. Credit: Three hours.

OT 6133. Advanced Evidence-Based Occupational Therapy Practice. Advanced clinical competence and leadership within intervention systems. Critical analysis of occupational therapy assessments, interventions, outcomes and development of guidelines for best practice at the client, program, and systems levels. Three lecture hours a week. Credit: Three hours.

OT 6201. Professional Development Core II. Review of applied research designs: peer discussion on applied research designs: critique and feedback on developing and ongoing projects. One lecture hour a week. Credit: One hour.

OT 6203. Professional Development II. Engage in approved professional development plan and, in collaboration with faculty mentor, reflect on and assess progress, revising the plan as needed. Complete proposal of doctoral capstone project for populations served by occupational therapists. Credit: Three hours.

OT 6243. Learning Designs for Occupational Therapy Knowledge. Planning, conducting, and assessing outcomes for teaching programs, professional workshops, and research presentations specific to occupational therapy knowledge and skills. Three lecture hours a week. Credit: Three hours.

OT 6253. Scholarly Writing in Occupational Therapy. Development of scholarly writing skills linked to effective research and dissemination competencies. Writing style, organization, logic, clarity of content, and concise, cogent argument. Search techniques, reference management tools, and scholarly ethics. Three lecture hours a week. Credit: Three hours.

OT 6301. Professional Development Core III. Strategies for lifelong learning, professional publication, and presentation skills. One lecture hour a week. Credit: One hour.

OT 6303. Professional Development III. Completion of activities indicated in professional development plan, with documentation of progress and reflection upon the process, including completion of doctoral capstone project. Credit: Three hours.

OT 6333. Occupation in Context. Occupational participation at the immediate, proximal, community, and societal scales of environments explored within contexts. Application of ecological and occupational models to evaluation and intervention for case studies and research methods. Three lecture hours a week. Credit: Three hours.
OT 6343. Theory of Occupational Adaptation. Examination of the theory of occupational adaptation as a normative model of human growth and development and a system for design of occupation-based practice models based on the interaction between the person, the environment, and internal adaptation. Three lecture hours a week. Credit: Three hours.

OT 6353. Neuroscience Applications: Occupational Therapy and Adaptation. Neuroscience foundations of the concepts of occupation and adaptation. Emphasis on current research related to mechanisms of adaptation of the nervous system structures and functions as a result of engagement in occupation. Three lecture hours a week. Credit: Three hours.

OT 6363. Statistical Analysis in Occupational Therapy. Examination of quantitative research methods including design, level of measurement, sampling, and validity. Emphasis on computation and analysis of such statistics as applicable to contemporary research in occupational therapy. Three lecture hours a week. Credit: Three hours.

OT 6373. Grant Writing in Occupational Therapy. Development of knowledge and skills necessary to write a grant proposal. Consideration of a range of grants/contracts including private foundation, state contracts, and federal grants. Essential steps to build interdisciplinary partnerships. Three lecture hours a week. Credit: Three hours.

OT 6433. Teaching Practicum in Occupational Therapy. Planning, conducting, and evaluating a teaching program which may include an academic course in the undergraduate or professional master’s curriculum or a continuing education workshop for occupational therapists or other health professionals. May be repeated for credit. Five practicum hours a week. Credit: Three hours.

OT 6553. Applied Research Design and Methods. Relationships between therapy and research; strengths and weaknesses of alternative research designs and traditions for scholarly inquiry; qualitative and quantitative research methods; program evaluation. Three seminar hours a week. Credit: Three hours.

OT 6563. Programmatic Research Planning. Participation in existing work of the student's supervising professor which illustrates sequential development of a line of research and which may lead to development of a dissertation topic for the student. May be repeated for credit. Credit: Three hours.

OT 6623. Instrumentation for Measuring Occupational Performance. Current theories and principles of measurement. Relationship of measurement to practice, education, and research. Application of OT knowledge/expertise in development or revision of instruments used across practice contexts. Three lecture hours a week. Credit: Three hours.

OT 6643. Advanced Qualitative Methods in Occupational Therapy. Methods of data collection and interpretation including participant observation, qualitative interviews, focus groups, and trustworthiness techniques; emphasis on practical application to research questions and implementation of a research study. Three lecture hours a week. Credit: Three hours.

OT 6823. Current Issues and Trends in Occupational Therapy. Influences of changes in the health care delivery system on practice and education in occupational therapy. Analyses of issues and trends in occupational therapy and subsequent approaches taken by the profession to adapt. Role of the occupational therapist as change agent and consultant. Three lecture hours a week. Credit Three hours.

OT 6903. Special Topics. Selected current topics relevant to occupational therapy. May be repeated for credit. Three seminar hours a week. Credit: Three hours.

OT 6911. Independent Study. Credit: One hour.

OT 6913. Independent Study. Credit: Three hours.

OT 6983. Dissertation. Prerequisite: Successful completion of qualifying exam. May be repeated for credit. Credit: Three hours.

OT 6993. Dissertation. Prerequisites: OT 6983 and successful defense of dissertation proposal. May be repeated for credit. Credit: Three hours.

Faculty

Professors

BOWYER, PATRICIA L., Professor of Occupational Therapy; Associate Director of the School of Occupational Therapy; Houston. B.A., Milligan College; M.S., Eastern Kentucky University; Ed.D., East Tennessee State University.

CHAN, JOSEPHINE SUK-KUEN, Professor of Occupational Therapy. B.S., Hong Kong Polytechnic University; M.A., Texas Woman’s University; Ph.D., University of Houston.

HERSCH, GAYLE I., Professor of Occupational Therapy. B.S., Indiana University-Bloomington; M.S., Indiana University/Purdue University at Indianapolis; Ph.D., Indiana University-Bloomington.

Associate Professors

AMERIH, HUSNY, Associate Professor of Occupational Therapy. B.S., King Hussein Medical Center, Amman, Jordan; M.S., University of Central Arkansas; Ph.D., Texas Woman's University.

BAXTER, MARY FRANCES, Associate Professor of Occupational Therapy. B.S., Colorado State University; M.A., Texas Woman’s University; Ph.D., University of Houston.
BOWMAN, O. J., Associate Professor of Occupational Therapy. B.S., University of Wisconsin, Madison; M.S., Washington University, St. Louis; Ph.D., Texas A&M University.

CHANG, PEI-FEN J., Associate Professor of Occupational Therapy. B.S., National Taiwan University; M.S., University of Southern California; Ph.D., University of Texas Medical Branch.

EVETTS, CYNTHIA L., Associate Professor of Occupational Therapy; Interim Director of the School of Occupational Therapy: Denton. B.S., Texas A&M University; M.O.T., Texas Woman's University; Ph.D., Texas Woman's University.

NEVILLE-SMITH, MARSHA A., Associate Professor of Occupational Therapy. B.S., Eastern Michigan University; M.S., University of Texas at Dallas; Ph.D., University of Wisconsin, Madison.

PICKENS, NORALYN D., Associate Professor of Occupational Therapy; Associate Director of the School of Occupational Therapy: Dallas. B.S., University of Wisconsin, Milwaukee; M.S., University of Wisconsin, Milwaukee; Ph.D., University of Wisconsin, Madison.

Assistant Professor

FLETCHER, TINA S., Assistant Professor of Occupational Therapy. B.S., University of Texas Medical Branch; B.F.A., East Texas State University; M.A., University of Alabama; M.F.A., Texas A&M University-Commerce; Ed.D., Texas A&M University-Commerce.

Associate Clinical Professors

BROWN, DIANE P., Associate Clinical Professor of Occupational Therapy. B.S., Baylor University; M.O.T., Texas Woman's University; Ph.D., University of North Texas.

BUCKINGHAM, DEBORAH K., Associate Clinical Professor of Occupational Therapy. B.S., Texas Woman's University; M.S., University of North Texas.

Assistant Clinical Professors

FETTE, CLAUDETTE A., Assistant Clinical Professor of Occupational Therapy. B.S., Texas Woman's University; M.S., University of North Texas; Ph.D., Texas Woman's University.

HENNIGAN, MARY L., Assistant Clinical Professor of Occupational Therapy. B.A., Dominican University; M.B.A., University of Dallas; M.O.T., Texas Woman's University.

LOHMANN, ALICIA F., Assistant Clinical Professor of Occupational Therapy. B.S., Texas A&M University; M.O.T., Texas Woman's University.

MASON, VICKI C., Assistant Clinical Professor of Occupational Therapy. B.S., Murray State University; M.S., University of St. Francis.

SIT, WILLIAM (YAU CHI BOOGIE), Assistant Clinical Professor of Occupational Therapy. Professional Diploma, Hong Kong Polytechnic; M.A., Texas Woman's University; Ph.D., Texas Woman's University.
Master of Occupational Therapy (M.O.T.)

The Master of Occupational Therapy (http://www.twu.edu/occupational-therapy/master-ot.asp) program is a 28 month full-time educational commitment. Approximately 134 students are admitted and attend classes on the Denton, Dallas, and Houston campuses. Students are admitted to the Master of Occupational Therapy program once a year in the fall semester. Applications are accepted year round for fall entry, but must be postmarked by October 15 for assured consideration for entry in the subsequent fall semester. Admission is restricted to the semester applied for. Students are required to attend in the semester for which they are accepted and at the location assigned by the School of Occupational Therapy.

The MOT Bridge (http://www.twu.edu/occupational-therapy/cota-bridge.asp) program is a part time and online presentation of the Master of Occupational Therapy structured for practicing certified occupational therapy assistants who have a minimum of one year practice experience, hold a bachelor degree in any major from an accredited institution, and who have completed specified undergraduate prerequisite coursework. The MOT Bridge program is delivered online and in weekend on site sessions on the Denton campus. The program requires 40 months for completion. Approximately 15 students are admitted each fall semester. Applications received by Feb. 1 are assured a review for potential admission in the Fall of the same year.

Total Semester Credit Hours Required

83 semester credit hours

Admission Requirements

- Completed online application to Texas Woman's University Graduate School
- Completed School of Occupational Therapy Application and Essay
- Baccalaureate degree completed at time of enrollment
- Overall grade point average of 3.0 calculated on the last 60 credit hours before completion of baccalaureate degree or overall grade point average of 3.0 on 12 graduate credit hours.
- Report from the Graduate Record Examinations (GRE) taken within 5 years of application date
- No grade below a C on prerequisite courses. All prerequisite courses completed at time of application.
- Elementary Statistics
- Anatomy and Physiology I & II
- Developmental Psychology
- Abnormal Psychology
- Competency in Medical Terminology may be submitted after acceptance, prior to MOT program entry. For MOT Bridge students this requirement is satisfied by completion of occupational therapy assistant program.
- MOT Applicant Clinical Observation Form completed by one licensed occupational therapist who can document a minimum of 20 contact hours of supervised observation with the applicant
- MOT Applicant Academic or Professional Reference Form to be completed by an individual who can best attest to the applicant's readiness for graduate level work. Reference from a college/university faculty member under whom the applicant has completed a course of study is preferred; however a professional reference from an employer or supervisor will receive equal consideration.

Please see the School of Occupational Therapy webpage for detailed application information.

Master of Occupational Therapy Program Requirements

Access to Agencies Providing Fieldwork Experiences

Master of Occupational Therapy coursework includes requirements that must be completed at clinical fieldwork sites. The responsibility of meeting the access requirements of agencies providing fieldwork placements belongs to the student at their own expense, following procedures outlined in the MOT Student Handbook. The School of Occupational Therapy does not guarantee student access to fieldwork sites. Inability to complete fieldwork requirements may result in a delay or failure to complete the MOT program.

Immunizations

Occupational therapy is a health care field. Each student must submit documentation that all required immunizations are current to Student Health Services at Texas Woman's University prior to registration in any occupational therapy course. Immunizations must remain current throughout enrollment. Students who are out of compliance will be unable to participate in required fieldwork, fieldtrips or client interactions on campus which may result in a delay or halt of academic progression.

Background Check

A background check is required prior to registration in any occupational therapy course at the students expense. Instructions for completing this requirement are provided after program admission.
Drug Screening

Enrollment in the MOT program requires students to submit to prescreening, periodic and random drug screens. Drug screen is conducted via the designated third party. Any student with a non-negative drug screen result or who refuses the test will be dismissed from the MOT program. Many fieldwork sites require additional drug testing which will be at the students expense.

Cardiopulmonary Resuscitation Training (CPR)

Basic Life Support (BLS) for Healthcare Providers from the American Heart Association is required of all students in preparation for the requirements of fieldwork sites. This training is at the students expense. Instructions for completing this requirement are provided after program admission.

Health Insurance

Many fieldwork sites require the student to have health insurance coverage.

Malpractice Insurance

Each student must present proof of ownership of malpractice insurance available in the state of Texas each academic year of enrollment. Student malpractice insurance is provided automatically through TWU with enrollment in fieldwork courses.

Time Limits

All academic courses must be completed within no more than 36 months. For students enrolled in the MOT Bridge program for COTAs all academic courses must be completed within no more than 48 months. All fieldwork experiences in the Master of Occupational Therapy program must be completed within 24 months of academic coursework completion.

Grade Requirements

- Students must meet the academic requirements of the Graduate School throughout their course of study in the MOT Program.
- Fall 2015 entry undergraduate students must maintain a cumulative 3.0 GPA on all OT undergraduate courses. Failure to do so will result in academic probation in the School of Occupational Therapy.
- Students who earn a grade of 'D', 'F' or 'WF' in an occupational therapy course will be dismissed from the MOT program.
- Students placed under academic probation a second time will be dismissed from the MOT program.

Final Examination

Successful completion of the capstone course is required prior to enrollment in Fieldwork Level II experiences.

Internship (Level II Fieldwork) Requirements

The Master of Occupational Therapy degree requires six months internship completed in three month rotations at two fieldwork sites. Fieldwork sites are independent agencies and maintain their own requirements. Fieldwork agencies may request proof of immunization (www.twu.edu/student-health-services/immunizations.asp), background checks, drug screens, proof of liability and/or personal insurance, CPR training, or fingerprinting. When this is required by an agency, all students assigned to that agency will need to meet any requirements at their own expense. Failure to meet the requirements may result in delay or failure to complete the M.O.T. program.

- All academic courses must be completed successfully before admission to Level II fieldwork experiences.
- Students under academic probation may not progress to Level II fieldwork
- Any student failing to complete assigned fieldwork experience with a passing grade may repeat fieldwork one time only. Permission to repeat the course must be obtained from the Director. Any second fieldwork failure will result in dismissal from the MOT program.
- All fieldwork experiences in the Master of Occupational Therapy program must be completed within 24 months of academic coursework application.

Master of Occupational Therapy Curriculum Design

The School of Occupational Therapy offers a curriculum that is sequential and designed for completion of a specified set of integrated required courses each semester. Students progress through the program as a cohort. Courses in each semester are organized around three domains of content: Occupation, Process, and Practice. Within these three domains, there are strands of content that run longitudinally through the curriculum. The Occupation Domain consists of the theoretical bases of practice and the occupational participation strands. The Process Domain focuses on scholarly inquiry and principles of intervention. The Practice Domain is comprised of tools and modalities and professional reasoning courses with fieldwork experiences. Each semester of the program is a module made up of progressive integrated learning opportunities. Each module contains consistent elements of the strands of learning in a lifespan presentation that increase in complexity as the student progresses through the curriculum. In addition students select two semester credit hours of elective credit from offered coursework, research practicum, or professional paper.

The degree plan below reflects the Master of Occupational Therapy curriculum (http://www.twu.edu/downloads/ot/MOT_Figure_2_for_web_9-10-12.pdf). The MOT Bridge degree plan for COTAs (http://www.twu.edu/occupational-therapy/cota-bridge.asp) is a variation on this model.

Doctor of Occupational Therapy

The Doctor of Occupational Therapy (http://www.twu.edu/occupational-therapy/10376.asp) (OTD) degree is a post professional clinical practice degree that engages practicing occupational therapists in leadership for advanced roles as master practitioner, advocate for client populations, and occupational therapy educator. The curriculum is designed to be experienced while active in the profession with learning activities integrated into clinical practice. The program is structured for continuous part time enrollment utilizing distance education methods.

Admission Requirements

- Current occupational therapy license or registration
- Master level degree
- 3.2 minimum GPA on master level work
- Successful completion of the OTD application process inclusive of written application and interviews
- Faculty mentor agreement

Degree Requirements

The OTD degree consists of 33 credit hours, 27 required and 6 elective (selected under the tutelage of a faculty mentor), including a doctoral capstone project. Optimum enrollment in the program is 6-7 hours per semester for a completion of the degree in approximately a year and a half. The entire program must be completed within 6 years of initial registration.

Progression Requirements

- Students must meet the academic requirements of the Graduate School throughout their course of study in the OTD Program
- No course with a grade below B is accepted toward the OTD degree. If a student earns a grade below B in program courses, continuation of the degree program is reviewed by the student's advisory committee.
- Students who earn a D, F, or WF in an OTD course will be dismissed from the OTD program.
- Students placed under academic probation by the Graduate School a second time will be dismissed from the OTD program.

Curriculum Design

The curriculum consists of 2 components, core coursework and individually mentored professional development in an area of specialization. Core coursework addresses professional leadership in three broad roles of master practitioner, advocate, and educator. While engaged in core coursework, students will simultaneously enroll in a series of individually mentored courses. Through this mentorship, students will create an individualized learning design for specialty emphasis. This design includes experiential learning in the field and a doctoral capstone project. Learning activities are experienced and integrated with clinical work and engagement in occupational therapy practice is an expectation. Courses are conducted primarily online with one or two campus visits per semester.

Doctor of Philosophy in Occupational Therapy

Vision Statement
The PhD in Occupational Therapy (http://www.twu.edu/occupational-therapy/phd.asp) is primarily a research degree that prepares occupational therapists for advanced scholarly careers in academia and practice. At the completion of the PhD program in Occupational Therapy, the graduate will have demonstrated the ability to contribute new or expanded knowledge, skills, and attitudes to the discipline/practice of occupational therapy, as evidenced by publications in peer reviewed journals, and national presentations at peer reviewed professional conferences. The graduate will have demonstrated competency in the development and completion of a program of research that is judged to be consistent with performance expected for the degree by internal and external reviewers.

Graduates of the TWU PhD/OT program will have acquired the level of knowledge and the ability to demonstrate the performance competencies that are consistent with program’s vision statement.

Knowledge – Graduates of the program will be:
• Firmly grounded in the theories of occupation that form the core concepts and assumptions of OT practice.
• Well-schooled in research method and analysis that is applicable to everyday practice.
• Able to apply sound andragogy within educational contexts.

Performance Competencies – Graduates of the program will have successfully:
• Used occupation-based theory to conduct research that translates the results directly into the everyday practice of occupational therapy.
• Participated with mentor in the development and submission of a grant and/or research proposal.
• Initiated the development/evolution of a collaborative research network.
• Presented and/or co-presented with mentor on research findings – professional conferences.
• Developed and submitted manuscripts on research findings – may be co-authored with mentor and research committee.
• Taught/co-taught in a graduate course, professional workshop, or other venue as approved by mentor.

Curriculum
Total semester credit hours required
The PhD degree plan must include a minimum of 90 semester credit hours of masters/doctoral level coursework beyond the bachelor’s degree. Coursework that was completed as part of a related master’s or doctoral degree may (with approval) be applied to the Ph.D. degree plan (maximum of 45 semester credit hours). TWU PhD coursework (including dissertation) that is included on the Ph.D. degree plan must be completed within 10 years of the first completed course as a TWU PhD student. In addition, more than 50% of the semester credit hours included on the TWU PhD degree plan must be awarded at TWU.

Pre-dissertation Course Work
The student coordinates all initial enrollment through the PhD coordinator. All PhD degree plans are individualized and should be finalized during the fall semester of 2nd year course work. The student must complete all Research Tool coursework identified on the student’s degree plan before the semester in which the student sits for the qualifying exam. The student must complete all coursework identified as a Required Course on the student’s degree plan by the close of the semester in which the student sits for the qualifying exam.

Qualifying Examination
The overall purpose of the PhD qualifying exam is to 1) stimulate the student’s synthesis of knowledge, 2) evaluate the student’s progress in acquiring necessary knowledge and skills at the PhD level, and 3) evaluate the student’s potential to be successful in conducting dissertation level research.
Students must satisfactorily complete the qualifying examination before they are eligible to become a doctoral candidate and enroll in dissertation course work. Students may petition to sit for the examination in the fall or spring semester preceding the exam. The exam is offered twice a year. Dependent on the recommendation of the student's Qualifying Exam Committee the qualifying examination may be repeated once.

**Dissertation Final Examination**

PhD candidates must demonstrate successful completion and oral defense of their dissertation research proposal. Dependent on the recommendation of the student's Research Committee, the proposal defense may be repeated once.

Doctoral candidates must demonstrate successful completion and oral defense of their dissertation project. Dependent on the recommendation of the student's Research Committee, the dissertation defense may be repeated once.

**Doctor of Occupational Therapy Program of Study (90 semester credit hours)**

The organized class courses are offered in a lock-step sequence for each cohort and taught in blended format with both online and face-to-face learning.

**School of Physical Therapy**

**Web Site:** http://www.twu.edu/physical-therapy/

**Director:** Ann Medley (Dallas), Professor

**Associate Directors:**

Peggy Gleeson (Houston), Professor

Mary Thompson (Dallas Interim), Professor

**Location for Information:** HDB 202

**Phone:** 940-898-2460

**Fax:** 940-898-2853
Graduate Degrees Offered

- Doctor of Physical Therapy - Professional (p. 308) (to prepare for entry into the profession of physical therapy)
- Doctor of Physical Therapy - Transitional (p. 309)
- Ph.D. in Physical Therapy (p. 309)

The School of Physical Therapy offers coursework leading to three separate graduate degrees. The professional Doctor of Physical Therapy degree is designed for students who wish to enter the professional field of physical therapy and who hold baccalaureate degrees in other areas. The transitional Doctor of Physical Therapy degree is offered for students who are practicing physical therapists wishing to focus on specific areas for in-depth study. Finally, the Doctor of Philosophy degree is offered to encourage individuals with a professional degree in physical therapy to prepare for future education or research careers.

The Doctor of Physical Therapy degree curriculum for students who wish to enter the field of physical therapy and who hold baccalaureate degrees in other areas is accredited by the Commission on Accreditation in Physical Therapy Education. This program requires a minimum of 33 months of study and provides the basic preparation required for national licensure examination. The program begins each fall semester at Texas Woman’s University’s Houston Institute for Heath Sciences, and T. Boone Pickens Institute of Health Sciences at the Dallas Center.

The school also offers coursework toward a transitional Doctor of Physical Therapy degree to physical therapists. The program is offered at both the Houston and Dallas Centers. Courses are offered in weekend and distance learning formats.

The Doctor of Philosophy degree in physical therapy at Texas Woman’s University produces graduates who can become leaders in the field of physical therapy and who are well-prepared to pursue careers in education and research in physical therapy. The curriculum for the Ph.D. provides an environment in which the student analyzes available scientific literature and methodology relevant to solving clinical problems and information in order to conduct productive research. Objectives of the Ph.D. program are:

1. to increase the professional knowledge and the skills necessary for physical therapists;
2. to give breadth and depth to the therapist’s education and research through further study in related and interdisciplinary fields;
3. to synthesize the many areas of knowledge with the student’s ability to conduct research, solve problems, set goals, plan programs, evaluate, and make decisions pertinent to the area of physical therapy.

The Ph.D. program is offered via on-line and on-campus learning experiences in Dallas and Houston.

Admissions

Admission Requirements

Please see the admission section at the front of this catalog. In addition to these general requirements, the School of Physical Therapy requires the following. (Visit the School of Physical Therapy website (http://www.twu.edu/physical-therapy) for recent updates.)

Professional Doctor of Physical Therapy Degree – an entry-level degree for students who already have a Bachelor of Science or equivalent degree in another field and who are seeking to become physical therapists.

Students with a baccalaureate degree in any major must complete the following prerequisites before registering in the graduate division. They must also meet all requirements for admission to the Graduate School and be accepted by the PT Admissions Committee. A minimum of 3.0 GPA from the last 60 semester credit hours and in prerequisite courses is required for admission.

Prerequisites

1. Two semesters of chemistry with laboratory (Chemistry for non-science majors does not meet this prerequisite).
2. Two semesters of algebra-based physics with laboratory (Physics for non-science majors does not meet this prerequisite).
3. One semester of college algebra.
4. Two semesters of psychology (excluding statistics) including general or introductory psychology and one of the following: lifespan developmental psychology, abnormal psychology or physiological psychology.
5. Two semesters of anatomy and physiology with labs.
6. Course in medical terminology.
8. Competitive scores on the verbal, quantitative, and writing tests of the Graduate Record Examination.
9. Exercise physiology, statistics, advanced physiology, and neuroanatomy/physiology are strongly recommended.

The student may be in the process of completing prerequisites when he or she applies. After acceptance, in order to enroll, the student must have successfully completed all outstanding prerequisites (courses yet to complete) with grades of ‘A’ or ‘B’ (‘C’ grades may be reviewed by the admissions committee). Prior to enrolling, students must have had immunizations as required by the state of Texas, including Hepatitis B doses. Admission to the
Texas Woman's University

physical therapy program is competitive and separate from admission to the Graduate School. A limited number of students can be accepted due to limited availability of clinical facilities, space, and faculty.

Please note that entry to the profession in all states requires licensure. Many states have different provisions for licensure, so applicants must determine if they meet these requirements. It is the responsibility of the applicants to insure that they meet requirements for application for licensure in Texas. Testing for drugs and a criminal background check are required during the first semester of the program. If students are unable to be cleared on these requirements, then they may not be eligible to continue in the program.

Application Procedure

Doctor of Physical Therapy - Professional

Application review begins in September and the final deadline for receipt of materials is October 15th. Applicants must complete the Texas Common Application online and pay the relevant application fee. Applicants must also complete the Physical Therapy Centralized Application System (http://www.ptcas.org/home.aspx) (PTCAS) application. In addition, they must submit directly to the School of Physical Therapy official transcripts, official GRE scores, and the following items:

• Cover sheet listing required materials (available online).
• Letter of interest in physical therapy, including an evaluation of your strengths and weaknesses. (Submitted to PTCAS (http://www.ptcas.org/home.aspx))
• List of prerequisite courses in which you are currently enrolled (or for which you plan to enroll) for fall, spring and/or summer.
• Written request for campus preference; if requesting consideration from both campuses, first and second choices must be stated.
• A total of three (3) recommendation forms in sealed envelopes (our form, found on our website): At least 2 recommendations must come from physical therapists (Licensed to practice in the US) where you have observed/worked/volunteered for at least 40 hours each (minimum 80 hours total). These experiences and recommendations must come from at least two (2) different therapy environments (e.g. out-patient orthopedics, pediatrics, acute care hospital, rehabilitation facility, extended care facility). Two recommendations from the same clinic are considered as one reference, unless evidence is provided that they represent separate and different physical therapy environments. The third recommendation can come from a professor, supervisor, employer or a third physical therapist at another facility. TWU does not interview, so these recommendations are very important. (Submitted to PTCAS (http://www.ptcas.org/home.aspx))
• Resume containing data on personal, educational, employment, service and exposure to physical therapy or health care environment. (Submitted to Physical Therapy Dept. at PT@twu.edu)
• After you have completed prerequisites and/or baccalaureate degree, have an official transcript sent to the School of Physical Therapy. If you take prerequisites in the spring and/or summer semester, final program enrollment status may not be possible until completion of the outstanding courses with grades of 'A' or 'B' ('C' grades may be reviewed) and transcripts have been received.

All coursework from a foreign university must be evaluated by TWU's International Education evaluator to establish U.S. equivalencies. International students must also submit a minimum acceptable score for the TOEFL tests and meet all Graduate School requirements for international applicants (please refer to TWU International Education (http://catalog.twu.edu/graduate/graduate-school/admission-graduate-school/international-students) for requirements and exemptions). The School of Physical Therapy requires TOEFL scores of at least 24-writing, 26-speaking, 21-reading comprehension, and 18-listening comprehension. International students may be required to come for an interview prior to notification of final status.

NOTE: It is advantageous to apply as early as possible in order for you to receive notification if all materials have been received.

Doctor of Physical Therapy - Transitional (for students who already have entry-level preparation as a physical therapist)

Students who are practicing clinicians may apply at any time during the year. In addition to the general university requirements these students must present the following:

• Proof of graduation from an approved entry-level physical therapy program.
• A license to practice physical therapy in the United States.
• Bachelor's or Master's degree or educational equivalent.
• A resume/curriculum vitae.
• One year of full-time physical therapy experience.
• All coursework from a foreign university must be evaluated by TWU's International Education Office to establish U.S. equivalencies.

Doctor of Philosophy

Students interested in the Ph.D. program may apply at any time. In addition to the general requirements, the School of Physical Therapy requires the following for admission to the doctoral program:

• Proof of graduation from an approved entry-level physical therapy program.
• A license to practice physical therapy in the United States or a minimum of 24 months of full time clinical practice (beyond that required for entry-level education) within the last 3 years, is preferred.
• A basic course in statistics within the last 10 years.
• A minimum GPA of 3.0 on a 4.0 system.
• Two letters of recommendation, preferably including the latest employer and/or last school attended.
• A written statement indicating the current focus of professional and research interests including an evaluation of personal strengths and weaknesses.
• A resume/curriculum vitae.
• GRE scores preferred but not required.
• An interview is required. An interview by telephone or with a designated out-of-state interviewer may be arranged if circumstances preclude an on-site interview.
• International students must also submit a minimum acceptable score for the TOEFL tests and meet all Graduate School requirements for international applicants (please refer to the TWU International Education website (http://www.twu.edu/admissions/toefl-requirements-exemptions.asp) for requirements and exemptions). International students must follow the TOEFL requirements. The School of Physical Therapy recommends TOEFL scores of at least 24-writing, 26-speaking, 21-reading comprehension, and 18-listening comprehension.
• All coursework from a foreign university must be evaluated by TWU’s International Education evaluator to establish U.S. equivalencies.

Certificates

Advanced Practice – Graduate Certificates

Graduate Certificates are available in three areas of practice: Advanced Geriatric Physical Therapy, Advanced Neurologic Physical Therapy, and Women’s Health Physical Therapy. The certificates consist of 12 graduate semester credit hours which can be included as part of the post-professional Doctor of Philosophy degree upon admission as a degree-seeking student.

• Post-Baccalaureate Certificate in Advanced Geriatric Physical Therapy (p. 311)
• Post-Baccalaureate Certificate in Advanced Neurologic Physical Therapy (p. 311)
• Post-Baccalaureate Certificate of Advanced Studies in Women's Health Physical Therapy (p. 313)

Minors

Minors Offered to Students from Other Departments

A minor is available to licensed physical therapists majoring in other departments.

Courses

Courses

PT 6001. Critical Inquiry in Physical Therapy I. Application of the scientific method to research questions in physical therapy. Includes planning of research projects aimed at making contributions to evidence-based physical therapy practice. One contact hour a week. Credit: One hour.

PT 6002. Primary Care in Physical Therapy. Overview of the primary care model of medicine in the context of physical therapy practice; includes medical screening and interdisciplinary collaboration. Two lecture hours a week. Credit: Two hours.

PT 6003. Exam, Evaluation, and Outcomes in Physical Therapy. Practical application of the evaluation strategies associated with functional assessment in physical therapy; emphasis on evidence-based functional assessment, principles, techniques, and related impairment measures. Two lecture and three laboratory hours a week. Credit: Three hours.

PT 6011. Critical Inquiry in Physical Therapy II. Application of the scientific method to research in physical therapy. Collaboration with faculty advisors to implement projects proposed in Critical Inquiry I. Prerequisite: PT 6001. Four contact hours a week. Credit: One hour.

PT 6013. Supervised Teaching in Physical Therapy. Supervised teaching for physical therapy students. Laboratory teaching under close supervision of the faculty. Weekly meetings with the instructor, individual consultation, and reports. Prerequisites: Degree in physical therapy and permission of instructor. Seven practicum hours a week. Credit: Three hours.

PT 6014. Clinical Management in Internal Medicine. Gross and histological reactions of tissue, organs, and systems to injury or disease; correlation of pathology with clinical signs and symptoms; medical management of disease processes, genetic conditions, and injuries commonly seen by physical therapists with emphasis on internal medicine. Four lecture hours a week. Credit: Four hours.

PT 6015. Human Gross Anatomy. Study of the structure and function of the human body; introduction to surface anatomy, radiology, embryology, and histology through regional dissection of the body. Three lecture and six laboratory hours a week. Credit: Five hours.

PT 6021. Critical Inquiry in Physical Therapy III. Application of the scientific method to research in physical therapy. Evaluation, summary, and presentation of project results in a public forum. Prerequisite: PT 6011. Four contact hours a week. Credit: One hour.
PT 6022. Clinical Management of the Musculoskeletal System. Pathology and medical management of disease processes, genetic conditions, and injuries commonly seen by physical therapists with emphasis on musculoskeletal disorders. Two lecture hours a week. Credit: Two hours.

PT 6023. Research for Clinical Scientists in Physical Therapy. Research design and statistical analysis; critical evaluation of published research relevant to physical therapy; scientific writing; preparation for conducting clinical research. Three lecture hours a week. Credit: Three hours.

PT 6024. Clinical Neuroscience. Organization and physiological function of the human nervous system with emphasis on topics relevant to the practice of physical therapy. Three lecture and two laboratory hours a week. Credit: Four hours.

PT 6032. Clinical Management of the Neuromuscular System. Pathology and medical management of disease processes, genetic conditions, and injuries commonly seen by physical therapists with emphasis on neuromuscular disorders. Two lecture hours a week. Credit: Two hours.

PT 6033. Research in Physical Therapy. Critical analysis of published research relevant to physical therapy; securing and evaluating evidence for clinical decision-making; research design and statistical analysis; and preparation for participation in collaborative research. Three lecture hours a week. Credit: Three hours.

PT 6041. Introduction to Exercise Testing and Prescription in Physical Therapy. Basic physiological responses to activity or exercise and physiological adaptations in response to training; energy storage and utilization as well as exercise prescriptions for healthy individuals and clients with selected diseases. Student participation in exercise testing and programs during lab sessions. Two laboratory hours a week. Credit: One hour.

PT 6043. Statistical Methods I for the Health Care Professional. Application of statistical procedures to answer health-related research questions or problems. Analyzing, interpreting, and reporting results of univariate, one-factor analyses of health care data. Three lecture hours a week. Credit: Three hours.

PT 6061. Basic Physical Therapy Skills. Application of physical therapy treatment procedures with primary emphasis on such basic patient care techniques as transfers, positioning, assisted exercise, and assisted gait. Two laboratory hours a week. Credit: One hour.

PT 6072. Developmental Concepts: Adolescence to Geriatrics. Changes associated with age in the neurosensory, neuromuscular, cardiovascular, pulmonary, integumentary, and musculoskeletal systems as related to physical therapy management. One lecture and two laboratory hours a week. Credit: Two hours.

PT 6073. Medical Kinesiology. Physical therapy analysis of biomechanical and kinesiological principles of human movement and function with emphasis on the relationships among movement, structure, and force. Two lecture and two laboratory hours a week. Credit: Three hours.

PT 6082. Professional Practice in Physical Therapy. Orientation to professional aspects of physical therapy, including communication, cultural competence, documentation, ethics, evidence-based practice, legal issues, and effective teaching strategies. Two lecture hours a week. Credit: Two hours.

PT 6083. Advanced Instrumentation in Physical Therapy. Technical and practical considerations necessary for the effective use of instrumentation common in the physical therapy and rehabilitation fields. Three lecture hours a week. Credit: Three hours.

PT 6101. Practicum in Physical Therapy. Supervised experience in a specialized area of interest such as administration, teaching, research, or advanced evaluation and treatment procedures. Prerequisites: Degree in physical therapy and permission of instructor. May be repeated for credit. Four practicum hours a week. Credit: One hour.

PT 6102. Practice Management Issues I. Application of practice management issues in the physical therapy setting: emphasis on communication, documentation, supervision, reimbursement, time management, and psychosocial aspects of patient care in preparation for first clinical affiliation. Two lecture hours a week. Credit: Three hours.

PT 6103. Advanced Practicum in Physical Therapy. Supervised experience in a specialized area of interest such as administration, teaching, research, or advanced evaluation and treatment procedures. Prerequisites: Degree in physical therapy and permission of instructor. Nine practicum hours a week. Credit: Three hours.

PT 6111. Practice Management Issues II. Overview of various influences within the health care environment, including payment systems, development of public policy and legislation, and the scope of physical therapy practice at the local, state, and federal levels. Prerequisite: PT 6102. One lecture hour a week. Credit: One hour.

PT 6113. Directed Practicum in Physical Therapy. Directed practical experience in a specialized area of physical therapy; content may include teaching, administration, research, or application of advanced clinical procedures. Prerequisites: Degree in physical therapy and permission of instructor. Eight practicum hours a week. Credit: Three hours.

PT 6121. Practice Management Issues III. Exploration of the leadership role of the physical therapist as a manager of clinical services. Prerequisite: PT 6111. One lecture hour a week. Credit: One hour.

PT 6122. Prostheses, Orthoses, and Advanced Gait. Pathological gait of patients with neuromuscular, musculoskeletal, and/or integumentary involvement. Includes prostheses, orthoses, changes in gait across the lifespan, energy costs, therapeutic interventions, and patient/family education. One lecture and two laboratory hours a week. Credit: Two hours.

PT 6123. Physical Therapy Patient/Client Management. Knowledge and skills to enhance the clinical decision-making process, including screening, physical therapy examination, evaluation of findings, diagnosis, prognosis, plan of care development, intervention, and outcome measurement in clients with disorders managed by physical therapists. Three lecture hours a week. Credit: Three hours.

PT 6131. Practice Management Issues IV. Overview of healthcare delivery and payment systems related to physical therapy practice. Includes governmental and legal parameters, and current issues facing the continuum of care. Prerequisite: PT 6121. One lecture hour a week. Credit: One hour.
PT 6132. Professional Development for the Physical Therapist. Exploration of issues related to maintaining and expanding professional competence in the broad context of physical therapy practice. Two lecture hours a week. Credit: Two hours.

PT 6141. Clinical Integration I. Integration of curricular content to date within the framework of a collaborative problem-based learning model; emphasis on clinical reasoning and problem solving. One lecture hour a week. Credit: One hour.

PT 6142. Health Promotion and Wellness I. Overview of health promotion, fitness, and wellness strategies for well individuals and those with functional limitations commonly seen in physical therapy practice; emphasis on attitudes towards health, illness, and disability and their effect on individual goals, motivations, and interpersonal relationships. Two lecture hours a week. Credit: Two hours.

PT 6143. Leadership and Management in Physical Therapy. Principles of leadership and management for physical therapy practice, including ethical behaviors and beliefs; change management; motivating, coaching, and mentoring; life-long learning; business and strategic planning; financial management; personnel recruitment and retention; liability issues and risk management; effective marketing and consulting skills. Three lecture hours a week. Credit: Three hours.

PT 6151. Psychosocial Aspects of Rehabilitation. Psychosocial issues related to physical therapy; includes the roles of mental health professionals, advocates, and family; patient-therapist communication; sexuality and disability; and abuse. One lecture hour a week. Credit: One hour.

PT 6152. Health Promotion and Wellness II. Public health, social responsibility, and participation in physical therapy practice; emphasis on improving health outcomes in well and disabled populations. Prerequisite: PT 6142. One lecture and two practicum hours a week. Credit: Two hours.

PT 6153. Advanced Diagnostic Imaging for the Physical Therapist. Principles and production of diagnostic imaging; terminology and psychometric properties of imaging tools; integration of diagnostic imaging information into physical therapy examination, evaluation, and intervention. Three lecture hours a week. Credit: Three hours.

PT 6161. Therapeutic Exercise and Intervention III. Advanced soft tissue interventions and alternative, or complementary, exercise approaches to physical therapy patient care. Prerequisite: PT 6162. Two laboratory hours a week. Credit: One hour.

PT 6162. Therapeutic Exercise and Intervention: Lower Quadrant. Use of therapeutic exercise and other interventions for the treatment of impairments and functional/activity limitations in patients of all ages who have musculoskeletal, neuromuscular, or integumentary system involvement of the lower quadrant. Prerequisite: PT 6173. One lecture and two laboratory hours a week. Credit: Two hours.

PT 6171. Therapeutic Exercise and Intervention: Upper Quadrant. Use of therapeutic exercise and other interventions for the treatment of impairments and functional/activity limitations in patients of all ages who have musculoskeletal, neuromuscular, or integumentary system involvement of the upper quadrant. Prerequisites: PT 6173 and PT 6162. Two lecture hours a week. Credit: One hour.

PT 6173. Therapeutic Exercise and Intervention I. Principles of therapeutic modalities and basic therapeutic exercise; emphasis on management of patients in the acute phase of recovery/healing from soft tissue injuries or surgery, including detection/prevention of post-operative complications and adverse effects of immobilization. Two lecture and two laboratory hours a week. Credit: Three hours.

PT 6181. Professional Development for the Physical Therapist. Exploration of issues related to maintaining and expanding professional competence in the broad context of physical therapy practice. Prerequisites: PT 6082, PT 6102, PT 6111, and PT 6121. One lecture hour a week. Credit: One hour.

PT 6191. Applied Statistical Methods for the Health Care Professional. Application of appropriate statistical analysis to health care related clinical research examples and datasets with appropriate rationale for selected analysis. Prerequisites: PT 6043 and PT 6243. One lecture hour a week. Credit: One hour.

PT 6193. Psychometric Properties of Rehabilitation. Assessment of the uses, advantages, reliability, validity, and sources of error of evaluation procedures and measurement tools commonly used in physical therapy. Three lecture hours a week. Credit: Three hours.

PT 6203. Orthopedic Evaluation and Treatment of the Geriatric Client. The study of orthopedic assessment and treatment applied to the geriatric client. Includes background information on aging theories and age-related changes but focus is on evaluation, PT differential diagnosis, and rehabilitation of orthopedic problems common to the elderly. Three lecture hours a week. Credit: Three hours.

PT 6213. Computer Applications in Physical Therapy Research. Application of research design and computer systems to problems in physical therapy research. Emphasis on advanced computational skills for the clinical researcher and academician. Three lecture hours a week. Credit: Three hours.

PT 6243. Statistical Methods II for the Health Care Professional. Application of advanced statistical procedures to health-related research questions or problems. Analyzing, interpreting, and reporting results of multivariate, multi-factor, and regression analyses of health care data. Prerequisite: PT 6043. Three lecture hours a week. Credit: Three hours.

PT 6263. Illness Prevention and Health Promotion. Recognize public health issues across the lifespan and resources relevant to physical therapist practice, including basic nutrition; designing plans for preventing illness and promoting health and wellness for selected populations. Three seminar hours a week. Credit: Three hours.

PT 6302. Integumentary Physical Therapy. Integration of basic and clinical sciences in the physical therapy examination, differential diagnosis, and treatment of patients with pathologies, impairments, and disabilities involving the integumentary and vascular systems. One lecture and two laboratory hours a week. Credit: Two hours.
PT 6303. Field Research in Physical Therapy. Designs, data collection techniques, and analyses for field research in physical therapy. Critical application of surveys, observational studies, case studies, and single case designs to clinical field problems in physical therapy. Emphasis is on the development of analytical skills requisite for field research in physical therapy. Prerequisites: Degree in physical therapy and permission of instructor. Seven practicum hours a week. Credit: Three hours.

PT 6323. Neuromuscular Physical Therapy I. Principles of evaluation and physical therapy treatment of patients with neuromuscular complications associated with brain injury and cerebral vascular accident; emphasis on current theories of motor control and therapeutic interventions. Two lecture and three laboratory hours a week. Credit: Three hours.

PT 6333. Health Care Delivery Systems. Overview of health delivery systems in the U.S. and Texas. Emphasis on government and private sector involvement in health services to older adults with applications for the physical therapist. Three lecture hours a week. Credit: Three hours.

PT 6343. Neuromuscular Physical Therapy II. Principles of evaluation and physical therapy treatment of patients with neuromusculoskeletal conditions including, but not limited to, spinal cord injury and vestibular disorders; emphasis on current treatment models. Prerequisite: PT 6323. Two lecture and two laboratory hours a week. Credit: Three hours.

PT 6353. Pediatric Physical Therapy. Normal motor, cognitive, and psycho-social development; neonatology; evaluation and treatment of children with developmental disorders and other chronic medical conditions; pediatric sports medicine; and legal and ethical considerations. Two lecture and two laboratory hours a week. Credit: Three hours.

PT 6363. Musculoskeletal Physical Therapy: Lower Quadrant. Principles of evaluation and physical therapy treatment of patients with musculoskeletal problems of the lumbar spine, pelvis, and lower extremities; emphasis on manual therapy strategies. Two lecture and three laboratory hours a week. Credit: Three hours.

PT 6373. Musculoskeletal Physical Therapy: Upper Quadrant. Evaluation and physical therapy management of patients with musculoskeletal disorders of the cervico-thoracic spine and upper extremity; emphasis on manual therapy and functional rehabilitation. Two lecture and three laboratory hours a week. Credit: Three hours.

PT 6383. Cardiopulmonary Physical Therapy. Physical therapy evaluation and management of patients with cardiovascular and/or pulmonary diseases. Emphasis on the integration of results from diagnostic tests and measures with physical findings in order to develop plans of care and implement appropriate intervention. Two lecture and two laboratory hours a week. Credit: Three hours.

PT 6403. Neuromuscular Integration and Applications. A comprehensive foundation for the management of the person with a neuromuscular pathology for the practicing physical therapist using the older person as a model. Emphasis on securing and applying relevant in-depth information. Three lecture hours a week. Credit: Three hours.

PT 6413. Cardiopulmonary Integration and Application. A comprehensive foundation for the management of persons with cardiovascular and/or pulmonary pathology for the practicing physical therapist using the older person as a model. Emphasis on securing and applying relevant in-depth information. Three lecture hours a week. Credit: Three hours.

PT 6443. Principles of Geriatric in Physical Therapy I. Principles of gerontology with emphasis on psychological processes and social aspects of aging with implications for physical therapists. Three lecture hours a week. Credit: Three hours.

PT 6503. Introduction to Grantsmanship in Physical Therapy. Overview of concepts in constructive research leading to competitive grantsmanship for physical therapists. May include invited presentations of funded projects, exemplary research proposals, and grant management. Students will identify funding sources and develop a grant proposal. Prerequisite: Permission of instructor. Three lecture hours a week. Credit: Three hours.

PT 6513. Topics in Evidence-Based Practice. Search and appraisal of evidence for tests and measures, interventions, diagnosis, and prognosis used in advanced physical therapist practice; clinical decisions based on the evidence. Three lecture hours a week. Credit: Three hours.

PT 6523. Teaching and Learning in Physical Therapy. Preparation for careers in physical therapy higher education; concepts and techniques of effective teaching and enhanced learning, such as theories of learning, teaching styles, methods of instruction, syllabus development, and evaluation/assessment processes. Three lecture hours a week. Credit: Three hours.

PT 6533. Academic Issues in Physical Therapist Education. Organizational and functional aspects of graduate professional educational program. Includes university structure and governance, models of scholarship, faculty roles, faculty issues (tenure, promotion, academic freedom, development), student issues (recruitment, retention, advising/mentoring), and clinical education. Three lecture hours a week. Credit: Three hours.

PT 6603. Female Anatomy for Physical Therapists. Anatomy and physiology of urogenital and endocrine systems of women. Includes cadaveric dissection and laboratory study of female reproductive tract, external genitalia, pelvic floor, breasts, and related structures. Two lecture and two laboratory hours a week. Credit: Three hours.

PT 6613. Women’s Health for Physical Therapists. Specialization and evidence-based practice in women’s health, medical and physical therapist management of common conditions and procedures, and issues for female athletes. Three seminar hours a week. Credit: Three hours.

PT 6623. Physical Therapy Management of Women’s Health I. Physical therapist management of women with focus on musculoskeletal issues of pelvis and abdomen for the non-pregnant woman. Includes pelvic examination for physical therapist practice, differential diagnosis, and evidence-based interventions. Two lecture and two laboratory hours a week. Credit: Three hours.
PT 6633. Physical Therapy Management of Women’s Health II. Physical therapist management of women with focus on musculoskeletal issues of pelvis and abdomen for the pregnant woman. Includes management of high risk pregnancy and post-partum care. Prerequisite: PT 6623. Two lecture and two laboratory hours a week. Credit: Three hours.

PT 6673. Intermediate Evaluation and Mobilization: Lower Quadrant. Interpretation of basic science knowledge and development of clinical skills needed to complete a differential evaluation and proceed to effective treatment of spinal dysfunction. Two lecture and two laboratory hours a week. Credit: Three hours.

PT 6683. Intermediate Evaluation and Mobilization: Upper Quadrant. Interpretation of basic science knowledge and development of clinical skills needed to complete a differential evaluation and proceed to effective treatment of craniofacial region dysfunction, and cervical and thoracic spine dysfunction. Two lecture and two laboratory hours a week. Credit: Three hours.

PT 6731. Preliminary Clinical Experience. Supervised, part time, onsite exposure to the inpatient clinical environment. Emphasis on observation and reflection of characteristics of professional practice as demonstrated by various health care providers. Four clinical hours a week. Credit: One hour.

PT 6733. Clinical Experience I. First of three supervised full-time clinical experiences. Application of physical therapy knowledge, skills, and behaviors appropriate to patient and practice management in the acute care setting. One lecture and sixteen clinical hours a week. Credit: Three hours.

PT 6802. Clinical Integration II. Clinical decision-making for complex patients with multi-system involvement; includes practice management issues such as accountability and outcomes assessment. Prerequisite: PT 6141. Two lecture hours a week. Credit: Two hours.

PT 6803. Clinical Experience II. Second of three supervised full-time clinical experiences; application of physical therapy knowledge, skills, and behaviors appropriate to patient and practice management in either the orthopedic or neuro-rehabilitation setting. Prerequisite: PT 6733. Eighteen to twenty clinical hours a week. Credit: Four hours.

PT 6804. Clinical Experience III. Third of three supervised full-time clinical experiences; application of physical therapy knowledge, skills, and behaviors appropriate to patient and practice management in either the orthopedic or neuro-rehabilitation setting. Prerequisite: PT 6803. Eighteen to twenty clinical hours a week. Credit: Four hours.

PT 6814. Clinical Experience IV. Directed clinical internship in selected area(s) of physical therapy practice culminating in effective clinical decision making for autonomous practice and professional development. Prerequisite: PT 6814. Thirty-two clinical hours a week. Credit: Six hours.

PT 6823. Advanced Evaluation and Mobilization: Lower Quadrant. Study of advanced biomechanical tests and treatments, including manipulation, applied to the lumbar spine, peripheral joints of the lower extremity, pelvis, and sacroiliac joint. Emphasis on techniques that integrate joint function. Prerequisites: PT 6673 and PT 6683, or permission of instructor. Two lecture and two laboratory hours a week. Credit: Three hours.

PT 6833. Advanced Evaluation and Mobilization: Upper Quadrant. Study of advanced biomechanical tests and treatments, including manipulation, applied to the cervical and thoracic spine, peripheral joints of the upper extremity, and temporomandibular joint. Emphasis on techniques that integrate joint function. Prerequisites: PT 6673 and PT 6683, or permission of instructor. Two lecture and two laboratory hours a week. Credit: Three hours.

PT 6900. Special Topics. Concentrated study of a particular topic in physical therapy. May be repeated for credit when topic varies. Prerequisite: Permission of the instructor. One lecture hour a week. Credit: One hour.

PT 6903. Special Topics. Concentrated study of a particular topic in physical therapy. May be repeated for credit when topic varies. Prerequisite: Permission of Instructor. Three lecture hours a week. Credit: Three hours.

PT 6911. Independent Study. Variable content. May be repeated for credit as topic varies. Prerequisite: Permission of instructor. Credit: One hour.

PT 6913. Independent Study. Variable content. Individual research or study relating to a problem of professional interest and significance. May be repeated for credit as topic varies. Prerequisite: Permission of instructor. Credit: Three hours.

PT 6983. Dissertation. May be repeated for credit. Only three credits apply toward degree. Prerequisite: PT 6983. Credit: Three hours.

PT 6993. Dissertation. May be repeated for credit. Only three credits apply toward degree. Prerequisite: PT 6993. Credit: Three hours.

Faculty

Professors

BARTLETT, WILLIAM P., Professor of Physical Therapy. B.S., State University of New York, Stony Brook; Ph.D., Albany Medical College.

GLEESON, PEGGY B., Professor of Physical Therapy; Associate Director of the School of Physical Therapy; Houston. B.S., St. Louis University; M.S., Texas Woman’s University; Ph.D., Texas Woman’s University.

MEDLEY, SYLVIA ANN, Professor of Physical Therapy; Director of the School of Physical Therapy, B.A., University of Texas at Austin; B.S., University of Texas Health Science Center-Dallas; M.S., Texas Woman’s University; Ph.D., University of Texas at Dallas.

PRICE, SHARON S., Professor of Physical Therapy. B.S., National Taiwan University; Taipei, Taiwan; M.S., University of Pittsburgh; Ph.D., Texas Woman’s University.
RODDEY, TONI S., Professor of Physical Therapy. B.S., University of Texas Medical Branch; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

THOMPSON, MARY E., Professor of Physical Therapy. B.S, University of Kentucky; M.S., Texas Woman's University; Ph.D., University of North Texas.

TRUDELLE-JACKSON, ELAINE, Professor of Physical Therapy. B.S., Texas Woman's University; M.S., University of North Texas; Ph.D., Texas Woman's University.

**Associate Professors**

DA SILVA, CAROLYN P., Associate Professor of Physical Therapy. B.A., Rice University; M.S., Texas Woman's University; D.Sc., University of Alabama, Birmingham.

LIN, SUH-JEN, Associate Professor of Physical Therapy. B.A., National Taiwan University; M.S., Massachusetts General Hospital Institute of Health Professions; Ph.D., University of Iowa.

MITCHELL, KATY E., Associate Professor of Physical Therapy. B.S., University of California, Davis; M.S., Pacific University; Ph.D., Texas Woman's University.

ORTIZ RODRIGUEZ, ALEXIS, Associate Professor of Physical Therapy. B.S., University of Puerto Rico; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

**Assistant Professors**

BREWER, WAYNE A., Assistant Professor of Physical Therapy. B.A., University of Pittsburgh; M.P.H., University of Pittsburgh; Ph.D., Texas Woman's University.

BRIZZOLARA, KELLI J., Assistant Professor of Physical Therapy. B.S., Texas A&M University; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

CSIZA, LINDA A., Assistant Professor of Physical Therapy. B.S., Texas Woman's University; M.S., Rocky Mountain University of Health Professions; D.Sc., Rocky Mountain University of Health Professions.

SWANK, CHAD D., Assistant Professor of Physical Therapy. B.A., Point Loma Nazarene College; M.S., Regis University; Ph.D., Texas Woman's University.

TSENG, SHIH-CHIAO, Assistant Professor of Physical Therapy. B.S., National Cheng Kung University; M.S., National Taiwan University; Ph.D., University of Maryland, Baltimore.

**Associate Clinical Professors**

O’DONNELL, ANNE E., Associate Clinical Professor of Physical Therapy. B.S., Pacific University; M.S., Pacific University.

PATEL, RUPAL M., Associate Clinical Professor of Physical Therapy. B.S., Texas Woman's University; M.S., Texas Woman's University.

**Assistant Clinical Professors**

ANDERLE, DALE W., Assistant Clinical Professor of Physical Therapy. B.A., University of North Texas; M.S., Texas Woman's University; D.P.T., A.T. Still University.

SZOT, C. LAUREN, Assistant Clinical Professor of Physical Therapy. B.S., Louisiana State University; M.S., D.P.T., Louisiana State University Health Science Center.
**Doctor of Physical Therapy - Professional**

(For students preparing for entry into physical therapy)

**Total Semester Credit Hours Required**

98 semester credit hours.

**Special Requirements**

Health and liability insurance are required each semester the student is enrolled. Clinical internships are required which necessitate additional expenses for the student. Students must abide by additional policies involving clinical internships. A grade point average of 3.0 must be maintained. Students must successfully complete one semester’s coursework before taking coursework in the next semester. Courses may be repeated only with permission of the Graduate Faculty, Associate Director, and Director of the School of Physical Therapy.

**Final Examination**

Defense of the professional project which may be repeated only upon successful appeal to the Graduate Faculty of the School of Physical Therapy.

**Policies**

General policies, procedures, and appeal processes are established by the School and distributed to students upon entry into the program.

**Doctor of Physical Therapy - Professional Program of Study (98 semester credit hours)**

Electives to complete needed semester credit hours

Total Semester Credit Hours
24

Doctor of Philosophy in Physical Therapy

Total Semester Credit Hours Required
A minimum of 60 semester credit hours beyond the master's degree, including six semester credit hours for dissertation.
Required
25 semester credit hours, including 3 semester credit hours of practicum.

Research Tools
All doctoral candidates are required to complete two research tools.

Tool 1
The student must take PT 6043 and PT 6243 or their equivalent as determined by the student’s advisory committee.

Tool 2: Computer Science
The student must take PT 6213 and PT 6083 or their equivalent as determined by the student’s advisory committee.

Other Coursework
A minimum of 12 to 23 semester credit hours based on individual student needs, consisting of concentration area courses, individual studies, field research, supervised teaching, seminars, and/or practica.

Residency Requirement
It is expected that students complete two semesters of residency, defined as a minimum load of six semester credit hours for each of the two semesters.

Qualifying Examination
A comprehensive examination will be developed and administered by the student’s advisory committee in the year following completion of research tools and the majority of core courses. The examination is composed of the following two parts individualized for each student: 1) a written component in the student’s area of research interests and 2) an oral examination taken within one month after notification that the written examination has been passed. The examination committee will provide a consensus pass/fail grade for each student for each examination. The student’s advisory committee will participate in the oral examination, and the questions may deal with the areas of research specialization, research design, and statistics. A student will be allowed two attempts to pass each of the examinations. The second attempt may not be made sooner than three months after the first attempt.

A student not able to pass an examination in two attempts will not be allowed to continue in the program.

Final Examination
Oral examination is open to all faculty and the public, followed by a closed session with the committee. The oral examination will be initially limited to the content of the dissertation, but may include any topic suggested by the candidate’s answer. May be repeated only once.

Post-Baccalaureate Certificate in Advanced Geriatric Physical Therapy

Both novice and intermediate physical therapists working primarily with older adults and who are interested in lifelong learning can benefit from this certificate program, in which the student may choose any 12-credit-hours of coursework. This Certificate will allow physical therapists to earn a recognized academic certificate that can be applied to CE for renewal of licensure and/or an advanced degree. In addition, these courses have been open to post professional students in occupational therapy with permission from their advisor.

The purposes of this Post-Professional Certificate (http://www.twu.edu/downloads/physical-therapy/Geriatric_Certificate.pdf) are to (a) advance and validate the educational and clinical foundation of physical therapists choosing to practice primarily with older adults, (b) provide a means through formal higher education to address self-identified weaknesses in specialized knowledge and/or skills, and (c) assist prospective students to move from novice or intermediate practice in geriatric physical therapy toward expert and/or specialist practice.

Admission Requirements

Applicants for the Certificate in Advanced Geriatric Physical Therapy must:

- Hold at least an earned bachelor’s degree or equivalent from a U.S. college or university accredited by a regional or general accrediting agency, or an equivalent degree from a foreign college or university. The bachelor’s degree must be substantially equivalent to a bachelor’s degree granted by TWU.
- Have a minimum 3.0 grade point average (GPA) for the last 60 hours of undergraduate study and a minimum 3.0 GPA for all prior graduate work.
- Present an official transcript from each university or college attended with degree earned indicated on the transcript.

Standardized examinations such as the GRE are not required. However, the applicant has the option of submitting scores voluntarily.

Graduates from foreign universities should see International Admissions (http://www.twu.edu/admissions/international.asp) for more information.

General Requirements

A Certificate from TWU School of Physical Therapy implies mastery of the knowledge and skills in the certificate area. Therefore, in addition to the Graduate School requirement that students who enroll in graduate courses must maintain a 3.0 GPA on all graduate-level courses taken at TWU, only one course where a C was earned will be applied toward the Certificate in Advanced Geriatric Physical Therapy. All of the courses are non-sequential with no required courses. Course selection is based on self-assessment of advanced clinical competencies in consultation with the Coordinator of Post Professional Studies, Dallas, who is Board Certified in Geriatric Physical Therapy.

Post-Baccalaureate Certificate in Advanced Neurologic Physical Therapy

Baylor Institute for Rehabilitation and Texas Woman’s University Residency in Neurologic Physical Therapy (http://www.twu.edu/physical-therapy/residencies-physical-therapy.asp) is an APTA-credentialed residency whose mission is to promote excellent care in the lifespan of persons with neurologic injury across the continuum of care. This is accomplished through evidenced based practice and didactic curriculum outlined in the Description of Specialty Practice (DSP) in Neurologic Physical Therapy. The program includes direct patient care, mentoring time, didactic education, projects and presentations. Coordinated between three Baylor facilities (BIR Outpatient Rehabilitation at Tom Landry, BIR Dallas Main Inpatient Rehabilitation and Baylor University Medical Center) and TWU – Dallas, the residency begins in May of each year and last 52 weeks.
Upon successful completion of the BIR-TWU Residency in Neurologic Physical Therapy, the resident will receive a certificate of achievement from the BIR-TWU Residency in Neurologic Physical Therapy and an Academic Certificate in Advanced Neurologic Physical Therapy from TWU. The education and clinical experience the resident gains during the residency is designed to prepare the residents for the American Board of Physical Therapy Specialist certification examination in neurologic physical therapy.

All application materials (http://www.twu.edu/physical-therapy/residencies-physical-therapy.asp) are due in January each application year.

Requirements to apply:

1. Completion of all required application documents
2. Excellent communication skills
3. Physical ability to perform examination and treatment procedures
4. Psychological and social stability required for successful completion of the program
5. Evidence of commitment to a career in neurologic physical therapy
6. Strong skills in scientific inquiry and writing
7. Meet all requirements for employment at BIR and for admission at TWU

Total Semester Credit Hours 12

Post-Baccalaureate Certificate in Orthopedic Manual Therapy

The purpose of this Post-Baccalaureate Certificate in Orthopedic Manual Therapy (http://www.twu.edu/physical-therapy/omt.asp) is to advance the educational and clinical foundation of physical therapists choosing to practice primarily with patients who have musculoskeletal problems. Both novice and expert orthopedic physical therapists, who are interested in life-long learning and enhancement of their differential diagnosis abilities as well as manual therapy skills, would benefit from this program.

A strength of this program is that classes will be coordinated and taught by faculty members from the TWU School of Physical Therapy and the North American Institute of Orthopedic Manual Therapy (NAIOMT), emphasizing differential diagnosis and manual therapy for the orthopedic client. This relationship brings together the School of Physical Therapy’s longstanding and excellent reputation in post-professional education with NAIOMT, whose fellowship program is recognized by the American Academy of Orthopedic Manual Physical Therapy (AAOMPT).

Admission Requirements

Students interested in this program:

- Must have completed either a baccalaureate or professional master’s degree in physical therapy.
- Apply to the University (http://www.twu.edu/admissions)

Students should begin the program in the semester that PT 6663 - Advanced Differential Diagnosis (prerequisite course) is offered. You may begin with intermediate courses (PT 6673, PT 6683, or PT 6903) only with an approval from the Certificate program coordinator.

Post-baccalaureate Certificate in Orthopedic Manual Therapy Program of Study (12 semester credit hours)

Post-Baccalaureate Certificate of Advanced Studies in Women's Health Physical Therapy

The purposes of this Post-Baccalaureate Certificate in Women's Health Physical Therapy (http://www.twu.edu/physical-therapy/cert-womens-health.asp) are to (a) advance and validate the educational and clinical foundation of physical therapists choosing to practice primarily with women, (b) provide a means through formal higher education to address self-identified weaknesses in specialized knowledge and/or skills, and (c) assist prospective students to move from novice or intermediate practice in women’s health physical therapy toward expert and/or specialist practice. In addition, 4 of the 8 possible courses form the didactic component of the Baylor-TWU Women’s Health Physical Therapy Residency, an APTA credentialed residency program.

Both novice and intermediate physical therapists working primarily with women and who are interested in lifelong learning can benefit from this certificate program, in which the student may choose any 12-credit-hours of coursework. This Certificate will allow physical therapists to earn a recognized academic certificate that can be applied as evidence of continued competence for renewal of licensure (CCU) (see Texas Physical Therapy Association (http://www.tpta.org)) and/or may be used toward future academic degrees such as a transitional DPT or a PhD.

Admission Requirements

Applicants for the Baylor-TWU Women’s Health Physical Therapy Residency must first

- Contact Valerie L Bobb, PT, MPT, ATC - Director of the The Baylor-TWU WH residency program
- Email: (vbobb@bir-rehab.com) or Phone Number: 214-820-1220

Applicants for the Certificate in Advanced Women’s Health Physical Therapy must:

- Hold at least an earned bachelor’s degree or equivalent from a U.S. college or university accredited by a regional or general accrediting agency, or an equivalent degree from a foreign college or university. The bachelor’s degree must be substantially equivalent to a bachelor’s degree granted by TWU.
- Have a minimum 3.0 grade point average (GPA) for the last 60 hours of undergraduate study and a minimum 3.0 GPA for all prior graduate work.
- Present an official transcript from each university or college attended with degree earned indicated on the transcript.
- Hold a current license to practice physical therapy.

Standardized examinations such as the GRE are not required. However, the applicant has the option of submitting scores voluntarily.

Graduates from foreign universities should see Office of International Education (p. 53) for more information.

Course Requirements

A Certificate from TWU School of Physical Therapy implies mastery of the knowledge and skills in the certificate area. Therefore, in addition to the Graduate School requirement that students who enroll in graduate courses must maintain a 3.0 GPA on all graduate-level courses taken at TWU, only one course where a C was earned will be applied toward the Certificate of Advanced Studies in Women's Health Physical Therapy. Course selection is based on self-assessment of advanced clinical competencies in consultation with the Coordinator of Post Professional Studies, Dallas.

College of Nursing

Web Site: http://www.twu.edu/nursing/

Dean: Anita Hufft, Professor
Location: ASB 216, Denton
Phone: 940-898-2401
Fax: 940-898-2437

Denton: 940-898-2401
Acting Interim Associate Dean, Denton: Anita Hufft, Professor

Dallas: 214-689-6510
Associate Dean, Dallas: Stephanie Woods, Associate Professor

Houston: 713-794-2100
Associate Dean, Houston: Ainslie Nibert, Associate Professor

Graduate Degrees Offered

• M.S. in Nursing
  • Adult Gerontology Acute Care Nurse Practitioner
  • Adult Gerontology Nurse Practitioner
  • Family Nurse Practitioner
  • Pediatric Nurse Practitioner
  • Women’s Health Nurse Practitioner
  • Clinical Nurse Leader
  • Nursing Education
  • Nursing Health Systems Management (minor in health care administration or business).
• D.N.P., Doctor of Nursing Practice
• Ph.D. in Nursing Science
  • D.N.P. Bridge Program to Ph.D.
• RN to MS
• PB to MS (p. 328)

The College of Nursing offers the Master of Science degree (M.S.), the Doctor of Philosophy degree (Ph.D.) in Nursing Science, and the Doctor of Nursing Practice degree (D.N.P.). The Master of Science degree and Doctor of Nursing Practice degree are accredited by the Commission on Collegiate Nursing Education (http://www.aacn.nche.edu/ccne-accreditation). The master’s and doctoral degrees are offered part-time or full-time.

The M.S. prepares professional nurses for leadership roles in the management and promotion of healthcare, and nursing education. Graduate study in nursing requires the acquisition and systematic application of knowledge and skills in nursing practice, nursing research, and nursing role. Critical thinking skills are enhanced through the study of nursing theory and research.

The Ph.D. is designed for nurses who have developed specialized expertise in health care. The primary goal of the program is to develop leaders and scholars who will make a significant contribution to the nursing profession in the discovery, integration, application, and dissemination of knowledge.

The D.N.P. is designed to improve practice expertise and accelerate the translation of evidence into practice. The D.N.P. prepares graduates to practice at the most advanced level of nursing and to improve practice and health outcomes.

</tr>
</tbody>
</table>
Six year time limit for completion of program

Ten year time period for completion of program

After an unsuccessful progression in the program, a mandatory 6 year wait period is required

Students not eligible for readmission:

1. Students not in good standing at the time they cease coursework

2. Students dismissed from the program

3. Students who have failed the preliminary examination (PhD program) for the second time

Certificates

Graduate Certificates Offered

Post-master's certification is available in:

- Clinical Nurse Leader (p. 333)
- Nursing Education (p. 333)
- Nursing/Health Systems Management (p. 333)
- Nurse Practitioner (p. 333)

Post-baccalaureate certification is available in:

- Inter-Professional Informatics (p. 336)

Courses

Courses

NURS 5001. Advanced Practice Nursing Seminar. An integration course that emphasizes application of knowledge about advanced practice nursing scope of practice, health policy, and health care delivery as they relate to functioning as an effective health care professional. Prerequisite: NURS 5015, NURS 5305, NURS 5405, NURS 5505, or NURS 5605 (Second Clinical Nursing Course). One seminar hour a week. Credit: One hour.

NURS 5002. Advanced Practice Nursing Role. Examines the impact of health care policy, health care organizations, and health care reimbursement on the advanced practice nurse. Further examines the scope of practice of different advanced practice nurse roles and the collaborative relationships with other health care professionals. Two seminar hours a week. Credit: Two hours.

NURS 5003. Health Policy and Health Promotion. Principles of health policy advocacy, health promotion, and disease prevention in individuals and communities as a foundation for nursing practice. Examination of ethical issues; policy processes; and influence of regulations, legislation, and public policy on various client populations. Three lecture hours a week. Credit: Three hours.

NURS 5005. Adult/Gerontology Acute Care Nurse Practitioner I. Diagnostic and management issues related to care of acutely ill adults across the life span. Health promotion, protection, disease prevention, and treatment. Exploration of pathophysiologic/psychosocial influences of acute illness and injury. Evidence-based practice approaches used to determine nursing, medical, and pharmacologic management. Prerequisites: NURS 5013, BIOL 5333, NURS 5644, and NURS 5663. Prerequisite or Co-requisites: NURS 5002 and NURS 5003. Three lecture and six clinical hours a week. Credit: Five hours.

NURS 5013. Theoretical Foundations of Nursing Practice. Examination, critique, and evaluation of theories that provide the basis for nursing practice; application and use of appropriate theories for nursing practice and research; cyclical nature of theory, research, and practice in health care. Three lecture hours a week. Credit: Three hours.

NURS 5015. Adult/Gerontology Acute Care Nurse Practitioner II. Diagnostic and management issues related to chronically ill young, middle, and older adults. Evidence-based interventions to determine nursing, medical, and pharmacological management of patients with chronic and co-morbid illnesses. Prerequisite: NURS 5005 and NURS 5024. Three lecture and six clinical hours a week. Credit: Five hours.

NURS 5016. Clinical Nurse Leader I. Environmental, fiscal, policy, and regulations issues in healthcare. 90 practicum hours must be completed. Prerequisite: NURS 5013. Prerequisite or co-requisite: NURS 5024. Four lecture and six clinical hours a week. Credit: Six hours.

NURS 5024. Research and Quality Improvement in Nursing. Application of research and quality improvement initiatives in clinical settings. Problem identification, examination of evidence, and development of strategies to incorporate research and quality-driven changes in practice. Critique and use of research design, statistical methods, and use of computer information systems. Prerequisite: Basic statistics course. Prerequisite or co-requisite: NURS 5013 or permission of instructor. Four lecture hours a week. Credit: Four hours.

NURS 5025. Adult/Gerontology Acute Care Nurse Practitioner III. Diagnostic and management issues of critically ill young, middle, and older adults. Emphasis on pathophysiologic and psychosocial influences of critically ill and injured adults. Evidence-based interventions used to determine nursing, medical, and pharmacological management. Prerequisite: NURS 5015. Co-requisite: NURS 5001. Two lecture and nine clinical hours a week. Credit: Five hours.
NURS 5026. Clinical Nurse Leader II. Quality, safety, and outcomes at the microsystem (unit) level for cohorts of patients. 90 practicum hours must be completed. Prerequisite: NURS 5016. Prerequisites or Co-requisites: NURS 5003 and NURS 5663. Four lecture and six clinical hours a week. Credit: Six hours.

NURS 5034. Clinical Nurse Leader Immersion Experience I. Clinical practice to implement the clinical nurse leader role in a selected healthcare microsystem. Emphasis on nursing leadership, clinical outcomes management, and care environment management. Prerequisite: NURS 5026. Twelve clinical hours a week. Credit: Four hours.

NURS 5044. Clinical Nurse Leader Immersion Experience II. Clinical experience in the setting in which students will practice following program completion. Emphasis on synthesis of nursing leadership competencies, clinical outcomes, and care environment management. Students will complete a project and sit for certification examination. Co-requisite: NURS 5034. Twelve clinical hours a week. Credit: Four hours.

NURS 5203. Theoretical Bases for Nursing Education. Overview of education and theories of teaching and learning related to nursing education and practice. Focus is on general categories of cognitive and behavioral theories. Selection of appropriate teaching/learning theories to address the learning needs of culturally diverse groups and individuals. Three lecture hours a week. Credit: Three hours.

NURS 5244. Clinical Specialization: Nurse Educator. Delivery of safe, quality nursing care to diverse populations in variety of settings; Includes individual/system assessment, technology integration, inter-professional communication, direct/indirect advanced nursing interventions, and nursing outcome evaluation in complex health care systems. Prerequisites: NURS 5013, NURS 5024 (or faculty permission), BIOL 5333, and NURS 5644. Co-requisites: NURS 5003 and NURS 5663. Two lecture and six clinical hours a week. Credit: Four hours.

NURS 5253. Curriculum Design and Management in Nursing. Focus on nursing curriculum design from mission statement and philosophy. Includes examination of a variety of conceptual frameworks and their appropriateness for various settings, students, and knowledge components (curriculum elements). Emphasis on curriculum development at institutional level, course level, and individual class level in academic and clinical settings. Prerequisites or co-requisites: NURS 5013 and NURS 5203. Three lecture hours a week. Credit: Three hours.

NURS 5273. Measurement and Assessment in Nursing. Selection and preparation of a variety of methodologies to assess learning. Application of educational statistics to evaluate various forms of testing and to measure learning. Includes item analysis of standardized and teacher-made exams. Work with on-campus faculty for mastery of content. Prerequisites: NURS 5013, NURS 5203, and NURS 5204. Three lecture hours a week. Credit: Three hours.

NURS 5283. Evaluation Models for Curriculum Management. Utilization of various models to assess learner achievement, faculty or teacher performance, achievement of course objectives, and measurement of program outcomes in academic or clinical educational settings. Examination of accreditation models. Prerequisites: NURS 5013, NURS 5203, and NURS 5253. Three lecture hours a week. Credit: Three hours.

NURS 5294. Teaching Practicum in Nursing. Application of the nurse's role as teacher in educational setting of choice: academia, staff development, or patient education. Focus on integrating theory and practice of education role with socialization into role of nurse educator. Demonstration of mastery of knowledge and skills through teaching project. Prerequisite: NURS 5203 and NURS 5253. One lecture and nine practicum hours a week. Credit: Four hours.

NURS 5305. Child Health Nursing II. Focuses on the clinical management of common acute illnesses experienced by children and adolescents; physical and behavioral problems are discussed. Theories related to culture and health beliefs are incorporated. Prerequisite: NURS 5325. Prerequisite or co-requisites: NURS 5024. Three lecture hours and six clinical hours a week. Credit: Five hours.

NURS 5315. Child Health Nursing III. Emphasizes theories related to chronic illness and coping in children and adolescents. Physiological, behavioral, and family theories are applied to management of chronic illness. Clinical knowledge and skills are applied in hospital and community settings. Prerequisite: NURS 5305. Co-requisite: NURS 5001. Two lecture and nine clinical hours a week. Credit: Five hours.

NURS 5325. Child Health Nursing I. Provides the foundation for assessment and intervention with well children and their families. Integrates concepts of growth and development and common health problems experienced by children from birth through adolescence. Emphasizes developmental screening tests and anticipatory guidance. Prerequisites: NURS 5013, BIOL 5333, and NURS 5644. Prerequisite or co-requisites: NURS 5002, NURS 5003, and NURS 5663. Three lecture and six clinical hours a week. Credit: Five hours.

NURS 5405. Women's Health Nursing II. Emphasizes the collaborative management of reproductive health of non-childbearing adolescents and women utilizing current theory, research, and clinical practice findings. Examines developmental dynamics and family structure throughout the life span in relation to women's health. Incorporates appropriate treatment modalities, pharmacologic interventions, and referral criteria for gynecological problems in advanced nursing practice. Prerequisite: NURS 5425. Prerequisite or co-requisite: NURS 5024. Three lecture and six clinical hours a week. Credit: Five hours.

NURS 5415. Women's Health Nursing III. Emphasizes the collaborative clinical management of non-reproductive health care needs of women throughout the life span utilizing current theory, research, and clinical practice findings. Class focuses on diagnosis and advanced nursing management of problems relevant to adult and older women with acute and/or chronic diseases. Clinical practice includes treatment modalities, pharmacologic interventions, and referral for reproductive and non-reproductive problems. Prerequisite: NURS 5405. Co-requisite: NURS 5001. Two lecture hours and nine clinical hours a week. Credit: Five hours.
NURS 5425. **Women's Health Nursing I.** Emphasizes the collaborative management of the reproductive health of women utilizing current theory, research, and clinical practice findings. Examines developmental dynamics and family structure throughout the lifespan in relation to childbearing. Incorporates appropriate treatment modalities, pharmacologic interventions, and referral criteria for advanced nursing practice. Prerequisites: NURS 5013, BIOL 5333, and NURS 5644. Prerequisites or co-requisites: NURS 5002, NURS 5003, and NURS 5663. Three lecture and six clinical hours a week. Credit: Five hours.

NURS 5505. **Adult/Gerontology Nursing II.** Management of commonly encountered health deviations in young, middle, and older adult populations; protocols for treatment decisions, referrals, and follow-up and patient/family teaching relative to management of health problems and concerns. Prerequisite: NURS 5525. Co-requisite: NURS 5024. Three lecture and six clinical hours a week. Credit: Five hours.

NURS 5515. **Adult/Gerontology Nursing III.** Application of advanced nursing practice skills using collaborative management of primary, secondary, and tertiary health care needs of adults. Emphasizes health needs of geriatric clients and emergency care. Synthesis and evaluation of theoretical concepts, research findings, and clinical protocols. Prerequisite: NURS 5505. Co-requisite: NURS 5001. Two lecture and nine clinical hours a week. Credit: Five hours.

NURS 5525. **Adult/Gerontology Nursing I.** Health promotion and maintenance for young, middle, and older adults incorporating theory and research-based interventions and management using critical thinking and diagnostic reasoning; consideration of families when assessing health status; delivery of health care in a variety of settings. Prerequisites: NURS 5013, BIOL 5333, NURS 5644, and NURS 5663. Prerequisites or Co-requisites: NURS 5002 and NURS 5003. Three lecture and six clinical hours a week. Credit: Five hours.

NURS 5543. **Outcomes Assessment Practicum.** Assessment of the structural, process, and summative outcomes of healthcare organizations. Emphasis on the decision making and planned change process used by the nurse administrator in responding to legal, ethical, and economic issues which drive changes in processes and impact outcomes in health care facilities. The clinical practicum will be one of four healthcare environments: acute care, ambulatory, long-term care, or community/home health care. Prerequisites/HCA minor: NURS 5013, NURS 5023, NURS 5003, HCA 5223, and HCA 5493. Prerequisites/HCA minor: NURS 5013, NURS 5024, NURS 5003, BUS 2563, BUS 5523, and BUS 5273. One lecture and six clinical hours a week. Credit: Three hours.

NURS 5544. **Organizational Assessment Practicum.** Focus is on the exploration of the nurse administrator's role in complex health care settings. Emphasis is on the assessment of the health care organization and the integration of management, business, and nursing concepts as they relate to the delivery of nursing care. The clinical practicum will be one of four healthcare environments: acute care, ambulatory, long-term care, or community/home health care. Prerequisites/HCA minor: NURS 5013, NURS 5023, and HCA 5223. Prerequisites/HCA minor: NURS 5013, NURS 5023, NURS 5003, BUS 5523, and BUS 5273. Two lecture and six clinical hours a week. Credit: Four hours.

NURS 5553. **Fiscal Assessment Practicum.** Emphasis is on the financial management of health care institutions and its impact on the nursing unit, impact of regulatory agencies, and the development of budgets and RFPs. The clinical practicum will be one of four healthcare environments: acute care, ambulatory, long-term care, or community/home health care. Prerequisites/HCA minor: NURS 5013, NURS 5023, NURS 5003, HCA 5223, HCA 5533, and HCA 5623. Prerequisites/HCA minor: NURS 5013, NURS 5023, NURS 5003, BUS 5523, BUS 5433, and BUS 5273. One lecture and six clinical hours a week. Credit: Three hours.

NURS 5544. **Health Systems Management Challenges and Opportunities.** Current issues in nursing practice related to future trends in health care delivery and financial reimbursement. Emphasis is on development of a proposal and project to solve an administrative issue to demonstrate mastery of program content. Prerequisites: NURS 5544 and NURS 5553. Co-requisite: NURS 5543. Four lecture hours a week. Credit: Four hours.

NURS 5605. **Family Health Nursing II.** Delivery of primary health care services to culturally diverse and medically underserved families across the life span, emphasizing health promotion and health maintenance. Emphasizes common acute/chronic problems. Utilizes role concepts and theories. Prerequisite: NURS 5625. Prerequisite or co-requisite: NURS 5024. Three lecture and six clinical hours a week. Credit: Five hours.

NURS 5615. **Family Health Nursing III.** Synthesizes concepts from theory based family-centered nursing, pathophysiology, assessment, pharmacotherapeutics, and role practice for the management of culturally diverse and medically underserved families from across the life span. Focuses on health promotion and health maintenance in primary health care settings. Prerequisite: NURS 5605. Co-requisite: NURS 5001. Two lecture and nine clinical hours a week. Credit: Five hours.

NURS 5625. **Family Health Nursing I.** Family theory based nursing practice in the assessment and management of health needs across the life span. Emphasizes wellness and primary prevention for culturally diverse and medically underserved families. Integrates knowledge of growth and development. Promotes critical thinking and diagnostic reasoning skills in clinical decision making. Prerequisites: NURS 5013, BIOL 5333, and NURS 5644. Prerequisites or co-requisites: NURS 5002, NURS 5003, and NURS 5663. Three lecture and six clinical hours a week. Credit: Five hours.

NURS 5644. **Advanced Assessment/Differential Diagnosis.** Examination of the systematic process involved in performing a holistic health assessment on individuals throughout the lifespan. Includes knowledge and skills necessary to gather data, interpret findings, make health diagnoses, communicate results, and empower clients. Prerequisite or co-requisite: BIOL 5333. Three lecture and three laboratory hours a week. Credit: Four hours.

NURS 5663. **Pharmacotherapeutics for Advanced Nursing Practice.** Advanced course based upon the previous knowledge of pharmacology and pharmacotherapeutics obtained in undergraduate education and clinical practice. Content in this course will provide a foundation for the pharmacotherapeutic management of common health problems across the lifespan encountered in advanced nursing practice. Three lecture hours a week. Credit: Three hours.
NURS 5683. Nurse Preceptorship I. Clinical practice course to implement the nurse practitioner role. Emphasis is on synthesizing nursing and medical knowledge to maintain and promote health in well clients and families and to clinically manage clients and families with common acute and chronic illnesses. Prerequisites: NURS 5025, NURS 5315, NURS 5415, NURS 5515, or NURS 5615 (Third Clinical Courses); and NURS 5001. Nine clinical preceptorship hours a week. Credit: Three hours.

NURS 5695. Nurse Preceptorship II. Synthesis of knowledge and skills in health promotion and maintenance across the lifespan. Clinical management of clients and families with common acute and chronic illnesses. Demonstration of mastery of knowledge and skills through a clinical project. Prerequisites: NURS 5415, NURS 5515, NURS 5315, NURS 5615, or NURS 5025; and NURS 5001. Prerequisite or Co-requisite: NURS 5683. Eleven clinical hours a week. Credit: Five hours.

NURS 5903. Special Topics. Systematic study of a designated topic in advanced nursing. Three lecture hours a week. Credit: Three hours.

NURS 5911. Independent Study. Individual study of a selected problem in nursing. May be repeated for credit. Prerequisite: Permission of instructor. Credit: One hour.

NURS 5913. Independent Study. Individual study of a selected problem in nursing. May be repeated for credit. Prerequisite: Permission of instructor. Credit: Three hours.

NURS 5963. Professional Project. Synthesis and application of information gained in the master's program through an individually-identified professional project. Integrates knowledge and skills, analytical and critical thinking skills, and writing and presentation skills. Prerequisites: NURS 5023 and completion of the first clinical course in the sequence. Credit: Three hours.

NURS 5983. Thesis. Credit: Three hours.

NURS 5993. Thesis. Prerequisite: NURS 5983. Credit: Three hours.

NURS 6002. Multicultural Nursing. Focuses on development of the student as a member of a culture within the context of a global paradigm. Students will develop an appreciation for their own culture as well as appreciation of other cultures. Universal view will result in the development of a theoretical framework for the incorporation of cultural competence at each level of doctoral study and post-doctoral practice. Two lecture hours a week. Credit: Two hours.

NURS 6003. Grant Writing. Comprehensive introduction to the components of a grant. Basic steps for skill development in preparation, design, and evaluation are included. Three lecture hours a week. Credit: Three hours.

NURS 6004. Theory and Foundations of Nursing Research. Critical analysis of theory and study of qualitative and quantitative methods. Emphasis on inductive and deductive logic involved in knowledge development and testing. Examines limitations posed by quantitative and qualitative methods. Prior statistical and philosophical content is applied in examining current problems of concern to nurses. Independent literature reviews and utilization of basic research theories provide opportunities to pose questions for future research. Prerequisites: NURS 6023 and completion of statistics research tool. Co-requisite: NURS 6053. Four lecture hours a week. Credit: Four hours.

NURS 6014. Theory and Methods of Quantitative Nursing Research. Application of quantitative theories and methods through proposal development and participation in ongoing research to address substantive health problems. Prerequisite: NURS 6004 or permission of instructor. Three lecture and three laboratory hours a week. Credit: Four hours.

NURS 6023. Philosophy of Nursing Science. Overview of concepts related to philosophy, philosophy of science, and philosophy of nursing. Includes exploration and analysis of major philosophers, comparison of Eastern and Western philosophy, and the contribution of these philosophies to the origin and development of nursing philosophy and science. Three lecture hours a week. Credit: Three hours.

NURS 6024. Theory and Methods of Qualitative Nursing Research. Explores methods of qualitative research including the choice of design and methods to address substantive human health problems. Examines qualitative data analysis techniques, including the use of software programs. Practicum provides opportunity to collect data for analysis and prepare a report. Prerequisite: NURS 6004 or permission of the instructor. Three lecture and three practicum hours a week. Credit: Four hours.

NURS 6033. Ethical Dimensions of Nursing. Examines ethical issues in contemporary nursing practice from the perspective of nursing as a moral enterprise. Focuses on nurses making informed and responsible choices that shape the future of society as well as the nursing profession. Traditional and contemporary ethical positions will be explored as they apply to common ethical and moral problems found in nursing. Three lecture hours a week. Credit: Three hours.

NURS 6034. Research/Theory Synthesis. Synthesizes theory development knowledge with strategies for testing theoretical statements pertaining to the student's selected research. Students will develop a formal proposal and conduct a pilot study. Students will present work for critique and engage in scholarly critique of peer's work. Prerequisites: NURS 6014 and NURS 6024. One lecture and nine laboratory hours a week. Credit: Four hours.

NURS 6035. DNP Practicum I. Clinical course designed for Advanced Practice Registered Nurse (APRN) to provide increased expertise in a specific area. The APRN will function as an interdisciplinary team member, providing care to a select patient population. Includes assessment and evaluation of informatics, genetics, and technology use in selected clinical site. Prerequisites: NURS 6023, NURS 6033, NURS 6043, and NURS 6163. Fifteen clinical hours a week. Credit: Five hours.

NURS 6043. Policy, Power, and Politics. Examines concepts of social policy, power and political behaviors, and generates strategies for exercising professional leadership in effecting change in health disciplines. Exploration and analysis of theories supporting policy making as a decision-making body or power base for action or inaction. Role of health politics in the work place, organization, government, and community will be examined with special emphasis on the politics of women's health care. Three lecture hours a week. Credit: Three hours.
NURS 6045. DNP Practicum II. Clinical course designed to refine skills developed in NURS 6035. The Advanced Practice Registered Nurse (APRN) will select and implement evidence-based strategies, utilize genetics, demonstrate leadership within the context of the health care team, and measure outcomes using informatics for quality improvement. Prerequisite: NURS 6035. Fifteen clinical hours a week. Credit: Five hours.

NURS 6053. Exploring Scholarship. Introductory course will prepare the doctoral student to examine scholarship in detail and identify mechanisms to enhance own scholarship. Three lecture hours a week. Credit: Three hours.

NURS 6124. Role Differentiation: Practice to Research. Comprehensive overview and differentiation of roles and opportunities for nurses involved in practice and research. Consideration of varied factors impacting the two roles including multiculturalism, ethics, philosophy, and policy. Four seminar hours a week. Credit: Four hours.

NURS 6163. Health Outcomes: Measurement, Management, and Analysis. Explores changes in health care system and emerging health care priority agenda with focus on outcomes. Emphasizes importance of outcome indicators and need for new or revised measures in selected health conditions and related settings. Analyzes relationship among process, outcomes, and costs. Focuses on development of research programs addressing clinical, institutional, or systems research. Prerequisite: NURS 6014 or permission of instructor. Three lecture hours a week. Credit: Three hours.

NURS 6173. Instrumentation in Nursing Research. Development of the knowledge base and skills needed for locating, evaluating, constructing, testing, and administering instruments that measure phenomena related to nursing and healthcare. Focus on approaches to instrument development, evaluation of the psychometric properties of existing instruments, and issues related to various types of data collection in the clinical setting that will support independent research and clinical practice. Prerequisites: NURS 6004 and completion of a graduate level statistics course, or permission of instructor. Three lecture hours a week. Credit: Three hours.

NURS 6193. Family Violence across the Lifespan. The problem of family violence across the lifespan, including precursors to family violence, nursing assessment, and nursing interventions for both victims and perpetrators of family violence. Development of research questions related to family violence. Three seminar hours a week. Credit: Three hours.

NURS 6223. Threats to Women's Health. Familiarizes students with the leading causes of morbidity and mortality among American women. Identifies feminist issues raised by the health of American women. Addresses influence of race, class, and gender upon health. Current analyses of women's health by contemporary scholars provides context for raising research questions. Explores potential research projects. Three lecture hours a week. Credit: Three hours.

NURS 6303. Professional Capstone Project. Clinical project based upon selection and implementation of evidence-based interventions supported through informatics and technological advances and measurement of outcomes in selected clinical site. Includes written and public presentation of findings and submission of article for publication in a peer-reviewed scholarly journal. Prerequisite: NURS 6163. Prerequisite or co-requisite: NURS 6035. Three hours a week. Credit: Three hours.

NURS 6333. Current Topics in Informatics and Research in Nursing and Health. Emerging informatics trends and anticipated developments such as patient safety, consumer informatics, system implementation issues, human factors design, interoperability, privacy, and security. Examination of informatics theories, translational informatics research, and generating evidence for practice. Prerequisite: NURS 6323 or permission of instructor. Three lecture hours a week. Credit: Three hours.

NURS 6343. Writing for Publication. Synthesis of relative nursing literature and application of specific journal manuscript criteria and formal rules of writing. Analysis of critiques of manuscripts and appreciation of the editorial process. Preparation and submission of manuscript to nursing peer-reviewed journal. Three seminar hours a week. Credit: Three hours.

NURS 6613. Introduction to Clinical Investigation in Nursing. Quantification and interpretation of clinical nursing phenomena with emphasis on analysis of relational statements and propositions in theories and conceptual frameworks. Three lecture hours a week. Credit: Three hours.

NURS 6623. Systematic Inquiry in Nursing. Analysis of clinical nursing phenomena with emphasis on advanced quantification and interpretation of clinical data in analysis of models and theoretical statements in nursing. Three lecture hours a week. Credit: Three hours.

NURS 6813. Data Applications for Health Promotion In Nursing. Exploration of publicly available and proprietary health care resource data sites for data extraction, data management, and trend analysis for the enhancement of health promotion in nursing and other health fields. Three seminar hours a week. Credit: Three hours.

NURS 6903. Special Topics. Selected current topics in nursing. Three lecture hours a week. Credit: Three hours.

NURS 6911. Independent Study. Individual study of a selected problem in nursing. Prerequisite: Permission of instructor. Credit: One hour.

NURS 6913. Independent Study. Individual study of a selected problem in nursing. Prerequisite: Permission of instructor. Credit: Three hours.

NURS 6923. Review of Literature. Development of a structure for identifying appropriate literature and preparing the analysis necessary for writing a comprehensive review of nursing research literature. Prerequisite: Permission of instructor. Three lecture hours a week. Credit: Three hours.
NURS 6933. Analysis of Nurse-Generated Data. Use of SPSS software for preparation and evaluation of nurse-generated data. Emphasis on selection and performance of descriptive and inferential statistical tests, and interpretation and reporting of results of nursing studies. May not be taken to replace a required statistics course. Three seminar hours a week. Credit: Three hours.

NURS 6943. Technology-Enhanced Health Promotion. Interactive selection and application of current technological advances and software for health promotion and self-management of underserved populations across disciplines. Three lecture hours a week. Credit: Three hours.

NURS 6963. Telehealth and Remote Monitoring. Telehealth and remote monitoring in post-acute delivery of care services provided in an interprofessional education competency framework aimed at healthcare improvement for underserved populations. Includes skills development for telemedicine cart use. Three lecture hours a week. Credit: Three hours.

NURS 6993. Dissertation. Prerequisite: NURS 6983. Credit: Three hours.

Faculty

Professors

CESARIO, SANDRA K., Professor of Nursing. B.S.N., Fort Hays State University; M.S., University of Oklahoma; Ph.D., Texas Woman's University.

CHANEY, SUSAN GOAD, Cornaro Professor of Nursing. B.S.N., Incarnate Word College; M.S., Texas Woman's University; Ed.D., University of Houston.

CHO, HO SOON MICHELLE, Professor of Nursing. B.S., Texas Woman's University; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

DENHAM, SHARON A., Professor and Endowed Chair of Teaching Excellence of Nursing. B.S.N., Ohio State University-Athens; M.S.N, Bellarmine University; D.S.N., University of Alabama, Birmingham.

HAMILTON, PATRICIA A., Professor of Nursing. B.S., Texas Woman's University; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

HUFFT, ANITA, Professor of Nursing; Dean of the College of Nursing. B.S.N., University of Maryland; M.N., Louisiana State University; Ph.D., Texas Woman's University.

KOCI, ANNE, Professor of Nursing. B.S.N., Tennessee Technological University; M.S.N., University of Tennessee, Knoxville; Ph.D., Emory University.

KREPPER, REBECCA C., Professor of Nursing. B.S., University of Southwestern Louisiana; M.S., University of Maryland, Baltimore; M.B.A., University of Houston; Ph.D., Texas Woman's University.

LANGFORD, RAE W., Professor of Nursing. B.S., Texas Woman's University; M.S., Ohio State University, Columbus; Ed.D., University of Houston.

MALECHA, ANN T., Professor of Nursing. B.S.N., Loyola University, Chicago; M.S., Northwestern University; Ph.D., Texas Woman's University.

MANCUSO, PEGGY J., Professor of Nursing. B.S., University of Tulsa; M.S., University of Texas at Arlington; Ph.D., Texas Woman's University.

McFARLANE, JUDITH M., Cornaro Professor of Nursing. B.S.N., University of Florida; M.S.N., University of Florida; D.P.H., University of Texas Health Science Center-Houston.

SCOTT-TILLEY, DONNA D., Professor of Nursing; Assistant Provost for Promotion of Research and Sponsored Programs. B.S.N., Texas Tech University Health Sciences Center; M.S.N., Texas Tech University Health Sciences Center; Ph.D., University of Texas Health Science Center-San Antonio.

SHERIFF, SUSAN W., Professor of Nursing; Graduate Director of Nursing. B.S.N., Eastern Mennonite University; M.S., Texas Woman's University; Ph.D., Texas A&M University, Commerce.

TAPLER, DEBORAH A., Professor of Nursing. B.S.N., University of Texas Medical Branch; M.S.N., University of Texas at Austin; Ph.D., Texas Woman's University.

VAN SELL, SHARON L., Professor of Nursing. B.A., Murray State University; M.Ed., Memphis State University; M.S., University of Colorado, Denver; Ed.D., University of Denver.

YOUNG, ELIZABETH A., Professor of Nursing. B.S., Texas Woman's University; M.S., Texas Woman's University; Ed.D., University of Houston.

Associate Professors

ARNOLD, CAROL M., Associate Professor of Nursing. B.S., Texas Woman's University; M.S., Texas Woman's University; Ph.D., Texas Woman's University.
BAILEY, CATHERINE A., Associate Professor of Nursing. B.S., Texas Woman's University; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

BINDER, BRENDA K., Associate Professor of Nursing; Interim Associate Dean of the College of Nursing: Houston. B.S., Michigan State University; M.S.N., University of Texas Health Science Center-Houston; Ph.D., Texas Woman's University.

BYRD, GLORIA L., Associate Professor of Nursing. B.S., University of Texas Medical Branch; M.S., Texas Woman's University; Ph.D., Texas A&M University.

DELOOSTRITTO, RITA A., Associate Professor of Nursing. B.S., Texas Woman's University; M.S.N., University of Houston; Ph.D., Texas Woman's University.

EDWARDS, JOAN E., Associate Professor of Nursing. B.S.N., University of Illinois, Chicago; M.S., University of Washington.

FREDLAND, NINA M., Associate Professor of Nursing. B.S., Niagara University; M.S., University of Pennsylvania; Ph.D., Johns Hopkins University.

GRAY, BARBARA A., Associate Professor of Nursing. B.S., Harding College; M.S.N., University of Texas at Arlington; Ph.D., Texas Woman's University.

McALISTER, BARBARA S., Associate Professor of Nursing; Undergraduate Director of Nursing. B.S.N., University of Texas Health Science Center-Houston; M.S., Texas Woman's University; Ph.D., University of Texas at Tyler.

MELLOTT, SUSAN K., Associate Professor of Nursing. B.S.N., Indiana University of Pennsylvania; M.S.N., University of Pennsylvania; Ph.D., Texas A&M University.

MONTGOMERY, DIANE F., Associate Professor of Nursing. B.S.N., University of Texas Health Science Center-Houston; M.S.N., University of Texas Medical Branch; Ph.D., Texas Woman's University.

NIBERT, AINSLIE T., Associate Professor of Nursing; Associate Dean of the College of Nursing: Houston. B.S., Texas Christian University; M.S., The University of Texas Health Science Center at Houston; Ph.D, Texas Woman's University.

RESTREPO, ELIZABETH B., Associate Professor of Nursing. B.S., Old Dominion University; M.S., Virginia Commonwealth University; Ph.D., Texas Woman's University.

RICHEY, SHEILA, Associate Professor of Nursing. B.S.N., University of Illinois at Chicago; M.S.N., Indiana University; Ph.D., St. Louis University.

SYMES, LENE, Associate Professor of Nursing. B.S.N., University of Michigan, Ann Arbor; M.S.N., University of Texas Health Science Center-Houston; Ph.D., Texas Woman's University.

TIETZE, MARI F., Associate Professor of Nursing. B.S.N., Washburn University; M.S.N., University of Kansas; Ph.D., Texas Woman's University.

TOMS, ROBERTA J., Associate Professor of Nursing. B.S.N., Wichita State University; M.N., Wichita State University; Ph.D., Kansas State University.

WOODS, STEPHANIE L., Associate Professor of Nursing; Associate Dean of the College of Nursing: Dallas. B.S., Texas Woman's University; M.S., University of Texas Health Science Center, San Antonio; Ph.D., University of Texas at Austin.

ZEIGLER, VICKI L., Associate Professor of Nursing. B.S.N., Medical University of South Carolina; M.S.N., Medical University of South Carolina; Ph.D., Texas Woman's University.

Assistant Professors

BIRCH-EVANS, ANLEE, Assistant Professor of Nursing. B.S., Texas Woman's University; M.S., University of Texas Health Science Center-Houston; Ph.D., Texas Woman's University.

FREYSTEINSON, WYONA, Assistant Professor of Nursing. B.S.N., University of Sakatchewan; M.S., University of Sakatchewan; Ph.D., Texas Woman's University.

JOHNSON, OLINDA P., Assistant Professor of Nursing. B.S., Texas Woman's University; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

KUBIN, LAURA, Assistant Professor of Nursing. B.S., Baylor University; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

LIU, FUQIN, Assistant Professor of Nursing. B.S.N., Adventist University of the Philippines; M.S., Loma Linda University; Ph.D., University of Washington.

NURSE, RACHELLE-ANN P., Assistant Professor of Nursing. B.S.N., University of Texas Health Science Center-Houston; M.S.N., University of Texas Health Science Center-Houston; M.S.H.A., Houston Baptist University; Ph.D., Texas Woman's University.
PANCHERI, KAREN K., Assistant Professor of Nursing. B.S., Texas Woman's University; M.S., University of Texas Health Science Center-Houston; Ph.D., Texas Woman's University.

SPENCER, BECKY S., Assistant Professor of Nursing. B.A., University of Cincinnati; M.S.N, Research College of Nursing; Ph.D., University of Kansas.

**Visiting Assistant Professor**

STANKUS, JO-ANN T., Visiting Assistant Professor of Nursing. B.S.N., Incarnate Word College; M.S.N, University of Texas at Arlington; M.A., Texas Woman's University; Ph.D., University of North Texas.

**Clinical Professors**

HUESKE, CATHY L., Clinical Professor of Nursing. B.S.N., University of St. Thomas; M.S.N, University of Texas Health Science Center-Houston; Ph.D. University of Texas Medical Branch.

LANDRUM, PEGGY A., Clinical Professor of Nursing. B.A., University of Florida; M.S., Texas Woman's University; Ph.D., Texas A&M University.

OQUIN, CHARLI L., Clinical Professor of Nursing. B.S., University of Texas at Arlington; M.S., Texas Woman's University; D.N.P., Texas Christian University.

**Associate Clinical Professors**

BLAIR, FAYE A., Associate Clinical Professor of Nursing. B.S., University of Texas Medical Branch; M.S., University of North Texas Health Science Center; Ph.D., Texas Woman's University.

COTTRELL, DAMON B., Associate Clinical Professor of Nursing. B.S., Texas Woman's University; M.S., Texas Woman's University; D.N.P., Robert Morris College.

ENRIGHT, CARISSA R., Associate Clinical Professor of Nursing. B.S.N., Duke University; M.S., Boston University.

HO, TUONG-VI V., Associate Clinical Professor of Nursing. B.S., University of Texas Health Science Center-Houston; M.S., University of Texas Health Science Center-Houston; Ph.D., Texas Woman's University.

JONES, PATRICIA E., Associate Clinical Professor of Nursing. B.S.N., Fort Hays State University; M.S., Fort Hays State University.

KREMER, KATHRYN K., Associate Clinical Professor of Nursing. B.S., Texas Woman's University; M.S.N., University of Texas at Arlington.

McMENAMY, NANCY S., Associate Clinical Professor of Nursing. B.S.N., University of Texas at Austin; M.S., Texas Woman's University.

MISTRIC, MICHAEL L., Associate Clinical Professor of Nursing. B.A., State College of Arkansas; B.S.N., Pittsburg State University; M.N.S., University of Arkansas for Medical Sciences; Ph.D., University of Texas System: Medical Branch.

SOLOMON, RHEATTE D., Associate Clinical Professor of Nursing. B.S., Evangel College; M.S., Brigham Young University.

ST GERMAIN, ANN D., Associate Clinical Professor of Nursing. B.S.N, University of Texas Health Science Center - Houston; M.S.N, University of Texas Health Science Center - Houston.

WILSON, CECILIA E., Associate Clinical Professor of Nursing. B.S., University of Maryland, Baltimore; M.S., George Mason University.

**Assistant Clinical Professors**

ABRAHAM, ANNIE, Assistant Clinical Professor of Nursing. B.S.N., Leelabai Thackersey College of Nursing : Bombay; M.S., University of Texas at Arlington.

BROGAN, MAUREEN M., Assistant Clinical Professor of Nursing. B.S., Southern Illinois University; M.S., Texas Woman's University.

FOGG, NIKI, Assistant Clinical Professor of Nursing. B.A., University of Texas Medical Branch; M.S., Texas Woman's University.

FRIED, NEIL H., Assistant Clinical Professor of Nursing. B.S., Florida State University; M.S., University of Alabama, Birmingham.

HUFFMAN, ALLISON S., Assistant Clinical Professor of Nursing. B.S., Texas A&M University; B.S., Texas Woman's University; M.S., Texas Woman's University; D.N.P., St John Fisher College.

JOHNSON, ANN A., Assistant Clinical Professor of Nursing. B.S.N., Houston Baptist University; M.S.N., University of Alabama, Birmingham.

MILLIGAN, JENNIFER S., Assistant Clinical Professor of Nursing. B.S., Texas Woman's University; B.A., Texas A&M University; M.S., Texas Woman's University.
NOLAN, DEBRA K., Assistant Clinical Professor of Nursing. B.S., Texas Woman's University; M.S., Texas Woman's University.

THOMSON, ANNE T., Assistant Clinical Professor of Nursing. B.S.N., University of Kansas; M.S.N., University of Texas at Arlington; Ph.D., Texas Woman's University.

Visiting Associate Clinical Professor
KILLEN, JOAN M., Visiting Associate Clinical Professor of Nursing. B.S., Wayne State University; M.S., Wayne State University; Ph.D., University of Texas at Austin.

Visiting Assistant Clinical Professors
ACKERS, SUZANNE M., Visiting Assistant Clinical Professor of Nursing. B.S., Abilene Christian University; M.S., Texas Woman's University.

BRINZO, JULIE A., Visiting Assistant Clinical Professor of Nursing. B.S., Texas Tech University; M.S., Texas Woman's University.

Nursing Master's Degrees

Admission Requirements
All applicants must meet the general requirements for admission to the Graduate School.

In addition to these general requirements, the College of Nursing requires the following for unconditional admission to the master’s program.

1. A current unencumbered license to practice professional nursing in the USA.
2. A basic statistics course.
3. A baccalaureate degree with an upper division major in nursing from a program accredited by a nationally recognized accrediting body.
4. A minimum grade point average (GPA) of 3.0 (‘B’ average) in the last 60 semester credit hours of course work toward the undergraduate nursing degree and a minimum GPA of 3.0 (‘B’ average) in all prior graduate course work.
5. Graduate Record Examination (http://www.ets.org/gre) (GRE) verbal and quantitative scores or Miller Analogies Test (http://www.pearsonassessments.com/postsecondaryeducation/graduate_admissions/mat.html) (MAT) score.

Applicants who do not meet these criteria but have a minimum GPA of 2.5 in the last 60 semester credit hours of course work toward the undergraduate nursing degree may be considered for provisional admission on an individual basis. Factors that may be considered in the admission decision are: Graduate Record Examination (GRE) verbal and quantitative scores or Miller Analogies Test (MAT) score, GPA on any prior graduate course work, scholarly activities, professional leadership, and work history.

For applicants who have a baccalaureate degree in nursing and a master’s degree in another field (or more than one graduate degree), the grade point average from all previously earned degrees and post graduate work can be considered in making the admission decision.

Individuals who have a master’s degree in nursing may seek admission to a post-master’s certification program in one of four areas: nurse practitioner, clinical nurse leader, nursing/health systems management, or nursing education. GRE or MAT scores are not required for students with a master’s degree in any field.

Applicants who wish to transfer from another nursing program must provide evidence of eligibility to continue in the previous nursing program. Nine semester hours for programs requiring 39-44 semester hours, 12 semester hours for programs requiring 45 or more semester hours, may be transferred, if approved. A grade of ‘B’ or higher in each course is necessary for semester credit hours to be considered for transfer.

Master’s program applicants must submit their program application and all transcripts and GRE or MAT scores to the Office of Admissions Processing by one of the following dates:

<table>
<thead>
<tr>
<th>Semester for Admission</th>
<th>Submit application no later than</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td>May 1</td>
</tr>
<tr>
<td>Spring</td>
<td>September 15</td>
</tr>
<tr>
<td>Summer (Houston Campus only)</td>
<td>February 1</td>
</tr>
</tbody>
</table>

Prior to enrollment in clinical nursing courses the student must show proof of:

1. professional liability insurance purchased through a TWU student professional liability group policy.
2. unencumbered licensure to practice professional nursing in Texas.
3. current required immunizations.
4. Basic Life Support (BLS) for health care providers.
5. criminal background check and drug screening.
Prior to enrollment in the first clinical nursing course, it is recommended that the student have completed the equivalent of one year of full-time clinical experience in the specialty area for which they have applied. Students may be required to meet additional clinical agency requirements such as drug testing, criminal background screening, and evidence of health insurance.

All nursing education majors are required to have a current unencumbered RN license in the state of residence.

**Readmission - Master’s Program**

An individual who has been unsuccessful in meeting the progression requirements, after being admitted to the master’s program in the College of Nursing, is eligible to apply to the College of Nursing and be considered for admission as a new student in the master’s program after a period of six years.

**Programs of Study (40-46 semester credit hours)**

**Total Hours Required**

The total semester credit hours required vary depending on the track the student selects. All students complete a minimum of 40 to 46 semester credit hours.

**Special Requirements**

1. A grade of ‘B’ or better is required in all required courses. A student who has earned a grade of less than ‘B’ (‘C’, ‘D’, ‘F’ or ‘WF’) in two required courses at the graduate level or who has earned a grade of less than ‘B’ (‘C’, ‘D’, ‘F’ or ‘WF’) twice in the same graduate level required course will be removed from the nursing program. For the purpose of removal from the nursing program, a grade of less than ‘B’ is counted as a grade of less than ‘B’ even if the course has been successfully repeated.

2. Students admitted to the master’s program provisionally, based on low GPA, must complete the first 12 semester credit hours of graduate courses with grades of ‘B’ or better in each course; at least 9 semester credit hours must be in nursing courses. A provisionally admitted student will be dismissed from the program if a grade of ‘C’ or lower is made in any course during the probationary period.

3. For the M.S. graduate who is unsuccessful on a certification examination and is accepted for the re-education process, if the student earns a grade of ‘C’ or below (‘D’, ‘F’, or ‘WF’) in one of the required re-education courses, he/she will not be allowed to continue in the re-education process.

**Time Limit**

Semester credit hours older than six years, including transfer courses, cannot apply toward the master’s degree. If a student in one of the certificate options is practicing as an advanced practice nurse and is currently credentialed by the Texas Board of Nursing as an advanced practice registered nurse, the advanced pathophysiology, pharmacotherapeutics, and advanced assessment courses may have been completed no more than 15 years earlier.

**Final Examination**

Oral examination of the completed professional or clinical project (course work optional).

**Nurse Practitioner Program of Study (46 semester credit hours for major)**

Total Semester Credit Hours 40

Registered Nurse to Master of Science in Nursing (RN - M.S.)

An accelerated program is offered for highly motivated and experienced associate degree or diploma prepared RNs whose career goals would be enhanced through graduate study. Students complete the requirements for a baccalaureate degree while concurrently completing some of the requirements for a master’s degree. After completing baccalaureate program requirements, students complete the remaining requirements for the master’s degree.

Applicants must have a ‘B’ average in all prerequisite courses, including basic nursing courses, and must meet all requirements for admission to the master’s program, with the exception of having completed a baccalaureate degree in nursing. Program information is available from the M.S. or RN-B.S. coordinator at each campus.

Advanced Placement (Nursing courses which may be challenged)

All students in the RN to M.S. Program are eligible to challenge specified undergraduate nursing courses. Advanced placement through the challenge examination process offers the registered nurse the opportunity to challenge courses for which she/he has gained knowledge through continuing education, life experiences, or academic course work.

Progression Requirements

To progress in the nursing program, a student must receive a minimum grade of ‘B’ in each required course in both the baccalaureate and master’s courses and must maintain a 3.0 cumulative grade point average. A student may repeat only one course in which a grade of less than ‘B’ is earned. A student who has earned a grade of less than ‘B’ in two nursing courses or who has earned a grade of less than ‘B’ twice in the same required course will be removed from the RN-M.S. program. If a course must be repeated, the student cannot continue to take master’s level courses until the course with a grade below ‘B’ has been successfully repeated; however, a student may continue to take undergraduate courses or choose to continue as an RN to
B.S. student. Students who choose to continue as an RN to B.S. student could, upon successful completion of the baccalaureate program, reapply to the master’s program.

Post-Baccalaureate RN to M.S. in Nursing

Students accepted into the Post Baccalaureate RN to M.S. Program (RNMS-PB) are associate or diploma prepared registered nurses with an earned bachelor’s degree in another field who desire to obtain a Master of Science degree with a major in nursing. Post Baccalaureate RN to M.S. students do not receive another baccalaureate degree and instead, upon completion of the bridge courses, transition into the full spectrum of master’s level courses toward the specialty track chosen. Various specialty tracks are offered in advanced practice, nurse educator, and nursing administration.

Applicants must have a ‘B’ average in all prerequisite courses, including basic nursing courses, and must meet all requirements for admission to the master’s program, with the exception of having completed a baccalaureate in nursing. Students in the Post Baccalaureate RN to M.S. Program complete 10 to 15 semester credit hours of identified undergraduate coursework and 10 to 13 semester credit hours of graduate course work before progressing to unconditional admission to the graduate program. Upon completion of the required baccalaureate semester credit hours, students complete the remaining requirements for the master’s degree. Depending on the master’s specialty chosen, the master’s degree can be completed in an additional 3 - 6 semesters of full-time study.

Admission Requirements

All applicants to this program are subject to policies of the College of Nursing Master’s Program and Graduate School at Texas Woman’s University. The requirements for admission to the Post Baccalaureate RN to M.S. Program are:

1. Current license to practice professional nursing in the USA, unencumbered
2. A basic statistics course (included in the required prerequisite coursework).
3. Baccalaureate degree from an accredited College or University in a non-nursing program.
4. Completion of all prerequisites prior to the first class day.
5. A minimum grade point average (GPA) of 3.0 (‘B’ average) in the last 60 semester credit hours of course work toward the bachelor’s degree and a minimum GPA of 3.0 (‘B’ average) in all prior graduate coursework.
6. A minimum grade of ‘C’ in anatomy and physiology and microbiology.
7. A minimum ‘B’ average in all required nursing courses for the associate degree or the diploma in nursing.
8. Completion of the equivalent of one year of full-time experience as a registered nurse prior to enrollment in the first clinical course at the master’s level.
10. Completion and submission of the Application for Admission to Upper Division Nursing for the College of Nursing – Post Baccalaureate RN to M.S. Program to the campus or center where the candidate wants to be considered for admission (Denton Campus, Dallas Center, Houston Center) and for the semester of desired admission. There is no application fee to the College of Nursing for registered nurses. The College of Nursing addresses are located on the bottom of the application.

Upper division nursing courses will be determined by the program track selected, for a total of 46 to 57 semester credit hours to complete.

Advanced Placement - Nursing Courses Which May Be Challenged

All students in the Post Baccalaureate RN to M.S. Program are eligible to challenge specified undergraduate nursing courses. Advanced placement through the challenge examination process offers the registered nurse the opportunity to challenge courses for which she/he has gained knowledge through continuing education, life experiences, or academic course work.
Progression Requirements

To progress in the Post Baccalaureate RN to M.S. Program, a student must receive a minimum of ‘B’ in each required baccalaureate and master’s course and must maintain a 3.0 grade point average. A student may repeat only one course in which a grade of less than ‘B’ is earned. A student who has earned a grade of less than ‘B’ in two nursing courses or who has earned a grade of less than ‘B’ twice in the same required course will be removed from the Post Baccalaureate RN to M.S. Program. If a course must be repeated, the student cannot continue to take master’s level courses until the course with a grade below ‘B’ has been successfully repeated; however, a student may continue to take undergraduate courses or choose to continue as an RN to B.S. student. Students who choose to continue as an RN to B.S. students could, upon completion of the baccalaureate program, reapply to the master’s program.

Doctor of Philosophy in Nursing Science

Admission Requirements

All applicants must meet the general requirements for admission to the Graduate School. In addition to these general requirements, the College of Nursing requires the following for admission to the Ph.D. program:

1. A course in statistics.
2. A course in research at the graduate level.
3. A course in nursing theory at the graduate level.
4. A master’s degree with a major in nursing from a program accredited by a nationally recognized accrediting body (preferred).
5. Two letters of recommendation.
6. A letter discussing research interest area and professional goals.
7. A current license to practice professional nursing in the U.S.A.
8. A curriculum vita or resume.
9. GRE or MAT scores.

In order to be considered for admission, please use the following application deadlines. These are the deadlines for all materials to be submitted including the application, all transcripts, reference letters, CV, and letter discussing research interest area and professional goals.

<table>
<thead>

<tbody>
<tr>
<td>Fall</td>
<td>February 1 (Denton)</td>
</tr>
<tr>
<td></td>
<td>May 1 (Houston)</td>
</tr>
<tr>
<td>Spring</td>
<td>September 15 (Houston)</td>
</tr>
</tbody>
</table>

Admission to the Ph.D. program may be awarded on an unconditional or provisional basis.

1. A minimum grade point average (GPA) of 3.5 on all prior graduate level course work, or
2. A preferred score of 460/142 on the Graduate Record Examination (GRE) Verbal and 500/142 on the GRE Quantitative, and 4.0 on the GRE Analytic; or
3. A preferred score of 50/400 on the Miller Analogies Test (MAT).

Applicants who do not meet the unconditional criteria, but who have a minimum GPA of 3.0 on prior graduate level course work may be considered for provisional admission on an individual basis. Factors that will be considered in the admission decision are GPA on graduate level course work, GRE verbal and quantitative scores or MAT score, scholarly activities, professional leadership, and work history.

Readmission - Doctoral Programs

Doctoral students who interrupt their progression in the doctoral programs for more than two years must make a formal request to the College of Nursing for readmission to the program. The respective Doctoral Coordinator will evaluate the request. If the request is granted, the Academic Advisory Committee will, in consultation with the respective Doctoral Coordinator, stipulate any course work to be repeated. However, the ten-year time limitation for completion of the program shall remain in effect from the time the first doctoral credit is awarded. If during the student’s absence, the curriculum or admission standards have changed, the student will be expected to meet any new admission standards and fulfill the requirements of the current curriculum.

Students not in good standing at the time they cease coursework shall not be readmitted to the program. Students who have been dismissed from the program shall not be eligible for readmission. Students who have failed the preliminary examination (Ph.D. program) for the second time shall not be eligible for readmission.
Doctor of Philosophy in Nursing Science Program of Study (60 semester credit hours)

Total Semester Credit Hours Required

60 semester credit hours beyond the master's degree, including 6 semester credit hours for dissertation.

Research Tools

To complete the first research tool requirement, students must take statistics. The student must complete six semester credit hours of graduate level statistics.

To complete the second research tool students must take 6 semester credit hours from one of the following areas: Information Retrieval, Global Citizenship, Population Health and Epidemiology, Informatics in Health Care, Professional Writing, or Instrumentation.

Semester credit hours for research tools do not count toward the total semester credit hours required for the degree.

Special Requirements

1. Grade of 'B' or better is required in all Ph.D. coursework. A student who has earned a grade of less than 'B' (‘C’, ‘D’, ‘F’, or ‘WF’) in two Ph.D. courses at the graduate level or who has earned a grade of less than ‘B’ (‘C’, ‘D’, ‘F’, or ‘WF’) twice in the same graduate level course will be removed from the nursing program. For the purpose of removal from the nursing program, a grade of less than ‘B’ is counted as a grade of less than ‘B’ even if the course has been successfully repeated.

2. Students admitted to the doctoral program provisionally, based on low GPA or GRE/MAT, must complete the first 12 semester credit hours of coursework with a grade of ‘B’ or better in each course; at least 6 semester credit hours must be in nursing courses. A provisionally admitted student will be dismissed from the program if a grade of ‘C’ or lower is made in any course during the probationary period.

Major

30 semester credit hours plus dissertation

Preliminary Examination

Written preliminary examination covering the content areas of NURS 6004, NURS 6023, and NURS 6053. May be repeated one time only.

Final Examination

Oral, over the completed dissertation.

### Doctor of Nursing Practice (D.N.P.)

#### Admission Requirements

All applicants must meet the general requirements for admission (p. 52) to the Graduate School. In addition to those general requirements, the College of Nursing requires the following for admission to the D.N.P. program:

1. Master’s degree with a major in nursing from a program accredited by a nationally recognized accrediting body.
2. APRN certification (http://aprncertification.com) (nationally accredited) or eligibility to be recognized as an APRN.
3. Course in research at the graduate level.
5. Certification as an APRN by a nationally recognized accrediting body
6. Curriculum vita or resume.
7. Two letters of recommendation.
8. Essay discussing professional goals.
9. GRE or MAT scores.

In order to be considered for admission, please use the following application deadlines. These are the deadlines for all materials to be submitted including the application, all transcripts, reference letters, CV, and essay discussing professional goals.

<table>
<thead>
<tr>
<th>Semester for Admission</th>
<th>Submit application no later than</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td>May 1</td>
</tr>
<tr>
<td>Spring</td>
<td>September 15</td>
</tr>
</tbody>
</table>

Admission to the DNP program may be awarded on an unconditional or provisional basis.

1. A minimum grade point average (GPA) of 3.5 on all prior graduate level course work, or
2. A preferred score of 460 on the Graduate Record Examination (http://www.ets.org/gre) (GRE) Verbal and 500 on the GRE Quantitative if taken prior to 8/1/11; A preferred score of 142 on the GRE Verbal, 142 on the GRE Quantitative, and 4.0 on the GRE Analytic if taken after 8/1/11; or
3. A preferred score of 50 on the Miller Analogies Test (http://www.pearsonassessments.com/postsecondaryeducation/graduate_admissions/mat.html) (MAT) prior to 10/1/04. Preferred score of 400 after 10/1/04.

Applicants who do not meet the unconditional criteria, but who have a minimum GPA of 3.0 on prior graduate level course work may be considered for provisional admission on an individual basis. Factors that will be considered in the admission decision are GPA on graduate level course work, GRE verbal and quantitative scores or MAT score, scholarly activities, professional leadership, and work history.
General Requirements

Clinical Course Requirements
Prior to enrollment in any clinical nursing course each D.N.P. student must show proof of:

- Professional liability insurance provided through a TWU student liability group policy.
- Current professional licensure to practice as a Registered Nurse in Texas, unencumbered.
- Recognition as an APRN in Texas.
- Current immunizations as required by Texas Law.
- Prior to enrollment in the clinical residency courses, the D.N.P. student must have completed at least 1 year of full-time experience as an APRN.

Students may be required to meet clinical agency requirements such as drug testing and criminal background screening.

Special Requirements
1. Grade of ‘B’ or better is required in all courses. A student who has earned a grade of less than ‘B’ (‘C’, ‘D’, ‘F’, or ‘WF’) in two nursing courses at the graduate level or who has earned a grade of less than ‘B’ (‘C’, ‘D’, ‘F’, or ‘WF’) in the same graduate level course will be removed from the nursing program. For the purpose of removal from the nursing program, a grade of less than ‘B’ is counted as a grade of less than ‘B’ even if the course has been successfully repeated.
2. Students admitted to the doctoral program provisionally, based on low GPA or GRE/MAT, must complete the first 12 semester credit hours of coursework with a grade of ‘B’ or better in each course; at least 6 semester credit hours must be in nursing courses. A provisionally admitted student will be dismissed from the program if a grade of ‘C’ or lower is made in any course during the probationary period.

Clinical Residency
500 contact hours in the selected area(s) of clinical expertise.

Capstone Project
Written analysis of a clinical problem or issue based on current scientific evidence, informatics, and technological advances.

Post-Master Nursing Certifications

Individuals who have a master's degree in nursing may be considered for admission to a post-master's certification program in one of three areas: nurse practitioner, nursing/health systems management, or nursing education.
If a student in one of the certification options is practicing as an advanced practice registered nurse and is currently credentialed by the Texas Board of Nursing as an advanced practice registered nurse, the advanced pathophysiology, pharmacotherapeutics, and advanced assessment courses may have been completed no more than 15 years earlier.

### Post-Baccalaureate Certification in Interprofessional Informatics Program

The online Post-Baccalaureate Certificate in Interprofessional Informatics is intended for those professionals who have a bachelor's degree and who are seeking additional education and training in informatics. This certificate will provide students with academic and supervised practicums in informatics. Content includes technology-based health promotion, data application, interaction design and telehealth. The program uses an interprofessional education/collaborative approach to learning. The certificate program is designed for students from a variety of disciplines including but not limited to Nursing, Occupational Therapy, Physical Therapy, Nutrition Science and Health Systems Management. Students enrolled in the certificate program will complete a synthesis course integrating and applying program content. Students with limited experience in informatics may be required take an introductory course in informatics based upon advice of the program coordinator or faculty.

Faculty

NOTE: Asterisk (*) denotes Graduate Faculty status. List is correct as of August, 2015.

* ABELLERA, ROBIN L., Assistant Clinical Professor of Communication Sciences and Disorders. B.S., University of Houston; M.A., Texas Woman's University.

* ABRAHAM, ANNIE, Assistant Clinical Professor of Nursing. B.S.N., Leelabai Thackersey College of Nursing : Bombay; M.S., University of Texas at Arlington.

* ACKERS, SUZANNE M., Visiting Assistant Clinical Professor of Nursing. B.S., Abilene Christian University; M.S., Texas Woman's University.

* AHMED, SHAZIA A., Laboratory Instructor of Biology. B.S., University of Karachi; M.S., University of Karachi; Ph.D., Texas Woman's University.

* AKIN, LYNN K., Associate Professor of Library and Information Studies. B.A., Trenton State College; M.L.S., Texas Woman's University; Ph.D., Texas Woman's University.

* ALLMAN, TAMBY M., Associate Professor of Communication Sciences and Disorders. B.S., Baylor University; M.A., Texas Woman's University; Ed.D., National-Louis University.

* AMERIH, HUSNY, Associate Professor of Occupational Therapy. B.S., King Hussein Medical Center, Amman, Jordan; M.S., University of Central Arkansas; Ph.D., Texas Woman's University.

* ANDERLE, DALE W., Assistant Clinical Professor of Physical Therapy. B.A., University of North Texas; M.S., Texas Woman's University; D.P.T., A.T. Still University.

* ANDERSON, GINA B., Associate Professor of Teacher Education. B.S., University of Oklahoma; M.S., Oklahoma State University; Ed.D., Oklahoma State University.

* ANDERSON, MARY E., Associate Professor of Chemistry and Biochemistry. B.A., Hollins College; Ph.D., Cornell University.

* ANDERSON, NANCY, Professor of Reading. B.A., Texas Lutheran University; M.Ed., University of Houston; Ph.D., Ohio State University.

* ARMSTRONG, ERIKA S., Associate Professor of Communication Sciences and Disorders; Chair of the Department of Communication Sciences and Disorders. B.A., University of Texas at Dallas; M.S., University of Texas at Dallas; Ph.D., University of Texas at Dallas.

* ARMSTRONG, JOYCE, Professor of Family Sciences. B.S., East Texas State University; M.Ed., East Texas State University; Ph.D., Texas Woman's University.

* ARNOLD, CAROL M., Associate Professor of Nursing. B.S., Texas Woman's University; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

* ASBURY, EDWARD T., Assistant Professor of Psychology. B.A., University of Tennessee, Knoxville; M.A., Texas Christian University; M.A., East Tennessee State University; Ph.D., Texas Christian University.

* AVERITT, DAYNA L., Assistant Professor of Biology. B.A., University of Texas at Austin; M.S., Georgia State University; Ph.D., Georgia State University.

AYERS, CONSTANCE J., Associate Professor of Nursing. B.S., University of Missouri, Columbia; M.S., University of Missouri, Columbia; Ph.D., Texas Woman's University.

* BAILEY, CATHERINE A., Associate Professor of Nursing. B.S., Texas Woman's University; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

BAIN, CYNTHIA D., Assistant Clinical Professor of Nursing. B.S.N., University of Texas at Tyler; M.S., Walden University.

* BAKER, PAMELA E., Associate Professor of Business and Economics. B.A., Hendrix College; M.S., University of Houston, Clear Lake; Ph.D., University of North Texas.

* BAKER, VICKI D., Associate Professor of Music. B.A., Texas A&M University, Corpus Christi; M.A., Texas Woman's University; Ph.D., Texas Tech University.

* BANKS, CATHERINE CLEAVELAND, Senior Lecturer of Mathematics. B.S., Stephen F. Austin State University; M.S., Stephen F. Austin State University.
* BARTLETT, WILLIAM P., Professor of Physical Therapy. B.S., State University of New York, Stony Brook; Ph.D., Albany Medical College.

* BARUA, MARIA E., Assistant Professor of Business and Economics. B.B.A., University of Texas, El Paso; M.B.A., University of Texas, El Paso; Ph.D., University of Texas at El Paso.

BAUDLER, BARBARA S., Assistant Clinical Professor of Nursing. B.S.N., Duquesne University; M.S.N., LaRoche College-Pittsburgh, PA.

* BAXTER, MARY FRANCES, Associate Professor of Occupational Therapy. B.S., Colorado State University; M.A., Texas Woman's University; Ph.D., University of Houston.

* BECKER, KEVIN, Assistant Professor of Kinesiology. B.S., University of Wisconsin-LaCrosse; M.S., Illinois State University; Ph.D., University of Tennessee-Knoxville.

* BEINS, AGATHA, Assistant Professor of Women's Studies. B.A., Carleton College; M.A., University of Arizona; M.F.A., Eastern Washington University; Ph.D., Rutgers University.

* BELFIGLIO, VALENTINE, Cornaro Professor of Government. B.S.Pha., Union University; M.A., University of Oklahoma; Ph.D., University of Oklahoma.

* BEN-EZRA, VICTOR, Professor of Kinesiology. B.S., City University of New York City College; M.S., Springfield College; Ph.D., University of Maryland, College Park.

BENDER, ASHLEY B., Assistant Professor of English. B.A., University of North Texas; M.A., University of North Texas; Ph.D., University of North Texas.

* BERGEL, MICHAEL, Associate Professor of Biology. B.Sc., The Hebrew University of Jerusalem; M.Sc., The Hebrew University of Jerusalem; Ph.D., The Hebrew University of Jerusalem.

BERTE, ERICA, Assistant Professor of Management. B.S., Federal University of Santa Catarina; M.S., Federal University of Santa Catarina; Ph.D., University of Sao Paulo.

* BHARADWAJ, SNEHA V., Assistant Professor of Communication Sciences and Disorders. B.S., University of Mysore, India; M.S., University of Mysore, India; Ph.D., University of Texas at Dallas.

BICKLEY, CHRISTINA, Assistant Professor of Physical Therapy. B.A., State University of New York, Stonybrook; M.H.S., University of Indianapolis; Ph.D., Texas Woman's University.

* BIGGERSTAFF, KYLE D., Associate Professor of Kinesiology; Interim Co-chair, Department of Kinesiology. B.A., Southern Methodist University; M.S., University of North Texas; Ph.D., Florida State University.

* BINDER, BRENDA K., Associate Professor of Nursing; Interim Associate Dean of the College of Nursing : Houston. B.S., Michigan State University; M.S.N., University of Texas Health Science Center-Houston; Ph.D., Texas Woman's University.

* BIRCH-EVANS, ANLEE, Assistant Professor of Nursing. B.S., Texas Woman's University; M.S., University of Texas Health Science Center-Houston; Ph.D., Texas Woman's University.

* BLAIR, FAYE A., Associate Clinical Professor of Nursing. B.S., University of Texas Medical Branch; M.S., University of North Texas Health Science Center; Ph.D., Texas Woman's University.

* BLANCO, PEDRO, Assistant Professor of Family Sciences. B.A., Southwest Texas State University; M.A., Lewis-Clark State College; Ph.D., University of North Texas.

* BLOSSER, JACOB M., Associate Professor of History. B.A., Milligan College; M.A., James Madison University; Ph.D., University of South Carolina Columbia.

BOONME, KITTI PONG (KEN), Assistant Professor of Business and Economics. B.B.A., University of North Texas; M.B.A., University of North Texas; Ph.D., University of North Texas.

* BOWMAN, O. J., Associate Professor of Occupational Therapy. B.S., University of Wisconsin, Madison; M.S., Washington University, St. Louis; Ph.D., Texas A&M University.

* BOWYER, PATRICIA L., Professor of Occupational Therapy; Associate Director of the School of Occupational Therapy: Houston. B.A., Milligan College; M.S., Eastern Kentucky University; Ed.D., East Tennessee State University.

BRACKENRIDGE, SANDRA, Associate Professor of Social Work. B.A., Newcomb College of Tulane University; M.S.W., Tulane University.

* BREWER, WAYNE A., Assistant Professor of Physical Therapy. B.A., University of Pittsburgh; M.P.H., University of Pittsburgh; Ph.D., Texas Woman's University.
* BRIDGES, PHYLLIS J., Cornaro Professor of English. B.A., West Texas A&M University; M.A., West Texas A&M University; Ph.D., Texas Tech University.

* BRIGGS, CONNIE M., Professor of Reading; Chair of the Department of Reading. B.A., Southeastern Oklahoma State University; M.Ed., Southeastern Oklahoma State University; Ph.D., University of North Texas.

* BRINZO, JULIE A., Visiting Assistant Clinical Professor of Nursing. B.S., Texas Tech University; M.S., Texas Woman's University.

* BRITT, BILLY MARK, Professor of Chemistry and Biochemistry. B.S., Millsaps College; Ph.D., University of Oregon.

* BRIZZOLARA, KELLI J., Assistant Professor of Physical Therapy. B.S., Texas A&M University; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

* BROCK, LINDA J., Associate Professor of Family Sciences. B.B.A., University of North Texas; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

* BROCK, MAUREEN M., Assistant Clinical Professor of Nursing. B.S., Southern Illinois University; M.S., Texas Woman's University.

* Broughton, Kenneth Shane, Professor of Nutrition and Food Sciences; Chair of the Department of Nutrition and Food Sciences; Interim Chair of Biology. B.S, Colorado State University; M.S., Washington State University; Ph.D., Washington State University.

* BROWER, CHRISTOPHER, Assistant Professor of Biology. B.S., Northeastern Oklahoma State University; M.S., University of Oklahoma Health Sciences Center; Ph.D., University of Oklahoma Health Sciences Center.

* BROWN, DIANE P., Associate Clinical Professor of Occupational Therapy. B.S., Baylor University; M.O.T., Texas Woman's University; Ph.D., University of North Texas.

* BROWN, KATHRYN G., Senior Lecturer of Kinesiology. B.S., Oklahoma Panhandle State University; M.S., Oklahoma State University; M.Ed., Northwestern Oklahoma State University.

* BROWN, MATTHEW C., Assistant Professor of English. B.A., University of Florida; B.S., University of Florida; M.A., University of Toronto; Ph.D., University of Notre Dame.

* BROWN, MELISSA MCMINNIS, Assistant Professor of Family Sciences. B.A., University of Texas at Austin; M.A., University of Alabama, Tuscaloosa; PhD. University of Alabama, Tuscaloosa.

* BUCKINGHAM, DEBORAH K., Associate Clinical Professor of Occupational Therapy. B.S., Texas Woman's University; M.S., University of North Texas.

* BUCKLEY, RHONDA R., Associate Professor of Family Sciences. B.A., Auburn University; M.A., Auburn University; Ph.D., Auburn University.

* BURKE, AMY, Assistant Professor of Reading. B.A., Austin College; M.A.T., Austin College; M.Ed., Texas Woman's University; Ph.D., University of Texas at Austin.

* BUSH, ROSE MARY, Associate Clinical Professor of Nutrition and Food Sciences; Dietetic Internship Program Director of the Department of Nutrition and Food Sciences: Houston. B.S., Grambling College; M.S., Louisiana Tech University.

* BUSL, GRETCHEN L., Assistant Professor of English. B.A., Mount Holyoke College; Ph.D., University of Notre Dame.

* BYNANE, PATRICK M., Associate Professor of Drama; Program Director of Drama. B.A., Ashland University; M.A., Southwest Missouri State University; Ph.D., Louisiana State University.

* BYRD, GLORIA L., Associate Professor of Nursing. B.S., University of Texas Medical Branch; M.S., Texas Woman's University; Ph.D., Texas A&M University.

* CALABRESE, JOHN A., Professor of Visual Arts. B.A., The Catholic University of America; M.F.A., Pratt Institute; Ph.D., Ohio University, Athens.

* CALDWELL, LINDA A., Professor of Dance. B.A., University of Iowa; M.F.A., University of Wisconsin, Madison; Ph.D., Texas Woman's University; C.M.A., Laban-Bartenieff Institute of Movement Studies.

* CAMPBELL, RACHELLE, Clinical Instructor of Nursing. B.S.N, University of Texas at Arlington; M.S., Texas Woman's University.

* CANDELARIO, ROSEMARY A., Assistant Professor of Dance. B.A., Boston University; M.A., University of California, Los Angeles; Ph.D., University of California, Los Angeles.

* CARFAGNO, LOUIS F., Visiting Lecturer I of Business and Economics. B.S., Embry-Riddle Aeronautical University; M.S., Embry-Riddle Aeronautical University; Doctorate of Management, University of Phoenix.
* CASPER, VIVIAN C., Associate Professor of English. B.A., Washburn University; M.A., Rice University; Ph.D., Rice University.

* CESARIO, SANDRA K., Professor of Nursing. B.S.N., Fort Hays State University; M.S., University of Oklahoma; Ph.D., Texas Woman's University.

* CHAN, JOSEPHINE SUK-KUEN, Professor of Occupational Therapy. B.S., Hong Kong Polytechnic University; M.A., Texas Woman's University; Ph.D., University of Houston.

* CHANCE, PAULA V., Assistant Clinical Professor of Communication Sciences and Disorders. B.S., Abilene Christian University; M.S., Texas Woman's University.

* CHANEY, SUSAN GOAD, Cornaro Professor of Nursing. B.S.N., Incarnate Word College; M.S., Texas Woman's University; Ed.D., University of Houston.

* CHANG, PEI-FEN J., Associate Professor of Occupational Therapy. B.S., National Taiwan University; M.S., University of Southern California; Ph.D., University of Texas Medical Branch.

* CHO, HO SOON MICHELLE, Professor of Nursing. B.S., Texas Woman's University; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

CLUTTER, PAULA C., Associate Professor of Nursing. B.S.N., University of Texas Medical Branch; M.S., University of Florida; Ph.D., University of Texas Health Science Center, San Antonio.

COFFEY, KATHRYN, Visiting Assistant Clinical Professor of Kinesiology. B.S., Indiana University; M.S., Indiana University; Ph.D., Indiana University.

* COHEN, NICKI S., Professor of Music. B.S., Duquesne University; M.A., University of Denver; Ph.D., University of Kansas.

COMER, LOUISE E., Visiting Clinical Instructor of Nursing. B.S.N., University of Texas at Austin; M.S., Texas Woman's University.

* CONRAD-WEBB, HEATHER M., Associate Professor of Biology. B.S., Baylor University; Ph.D., Ohio State University, Columbus.

COOPER-LARA, PETER A., Assistant Clinical Professor of Nursing. B.S., Chamberlain College of Nursing; M.S., Texas Woman's University.

* COTTERELL, DAMON B., Associate Clinical Professor of Nursing. B.S., Texas Woman's University; M.S., Texas Woman's University; D.N.P., Robert Morris College.

* COWART, MELINDA F., Professor of Teacher Education. B.S., University of Texas at Austin; M.Ed., Texas A&M-Commerce; Ed.D., Texas A&M-Commerce.

* CREWS, DEREK, Assistant Professor of Management. B.B.A., University of North Texas; M.B.A., University of North Texas; Ed.D., Nova Southeastern University.

* CROSSLIN, KATIE L., Assistant Professor of Health Studies. B.S., Baylor University; M.S.Ed., Baylor University; Ph.D., Texas Woman's University.

* CSIZA, LINDA A., Assistant Professor of Physical Therapy. B.S., Texas Woman's University; M.S., Rocky Mountain University of Health Professions; D.Sc., Rocky Mountain University of Health Professions.

CUNNINGHAM, JANET A., Associate Clinical Professor of Nursing. B.S., Case Western Reserve University; M.S., University of Minnesota.

* CURRY, EVELYN L., Assistant Professor of Library and Information Studies. B.A., Prairie View A&M University; M.A., University of Wisconsin, Madison; Ph.D., University of Illinois, Urbana-Champaign.

* DA SILVA, CAROLYN P., Associate Professor of Physical Therapy. B.A., Rice University; M.S., Texas Woman's University; D.Sc., University of Alabama, Birmingham.

DALSHEIMER, JANET W., Associate Clinical Professor of Nursing. B.S., University of Southern Mississippi; B.A., Southeastern Louisiana University; M.S., University of Southern Mississippi.

* DAVIS, RONALD W., Professor of Kinesiology. B.S., University of Wisconsin, Oshkosh; M.S., University of Wisconsin, LaCrosse; Ph.D., Texas Woman's University.

* DELLOSTRITTO, RITA A., Associate Professor of Nursing. B.S., Texas Woman's University; M.S.N., University of Houston; Ph.D., Texas Woman's University.

* DEMUYNCK, MARIE-ANNE, Professor of Computer Science. B.A., Catholic University of Leuven; M.A., Catholic University of Leuven; M.S., Texas Woman's University; Ph.D., University of North Texas.

* DENHAM, SHARON A., Professor and Endowed Chair of Teaching Excellence of Nursing. B.S.N., Ohio State University-Athens; M.S.N, Bellarmine University; D.S.N., University of Alabama, Birmingham.
* DEORNELLAS, KATHY L., Associate Professor of Psychology. B.F.A., Stephen F. Austin State University; M.Ed., University of North Texas; Ph.D., Texas Woman's University.

DILLON, SUZANNA, Assistant Professor of Kinesiology. B.S., Alma College; M.A., Western Michigan University; Ph.D., Texas Woman's University.

* DIMARCO, NANCY M., Professor of Nutrition and Food Sciences. B.A., University of Colorado, Boulder; M.S., Iowa State University; Ph.D., Iowa State University.

DRAGOO, SHERI L., Professor of Fashion and Textiles. B.S., Christian Heritage College; M.S., Texas Tech University; Ph.D., Texas Tech University.

* DRISCOLL, PATRICIA T., Professor of Health Systems Management. B.S.N., Incarnate Word; M.S., Texas Woman's University; J.D., Southern Methodist University.

* DUNLAP, KAREN L., Associate Professor of Teacher Education. B.S.Ed., Stephen F. Austin State University; M.Ed., Stephen F. Austin State University; Ed.D., University of Texas, El Paso.

* DUTTON, CATHERINE L., Visiting Lecturer I of Family Sciences. B.A., Utah State University; M.A.T., Texas Woman's University; Ph.D., Texas Woman's University.

* EDWARDS, DONALD, Professor of Mathematics and Computer Science; Chair of the Department of Mathematics and Computer Science; Special Assistant to the Provost. B.S., University of North Texas; M.S., University of North Texas; Ph.D., Texas Christian University.

* EDWARDS, JOAN E., Associate Professor of Nursing. B.S.N., University of Illinois, Chicago; M.A., University of Washington.

ELKINS, AARON, Assistant Professor of Library and Information Studies. B.S., University of South Florida; M.A., University of South Florida; Ph.D., Florida State University.

* ENRIGHT, CARISSA R., Associate Clinical Professor of Nursing. B.S.N., Duke University; M.S., Boston University.

* EVETTS, CYNTHIA L., Associate Professor of Occupational Therapy; Interim Director of the School of Occupational Therapy: Denton. B.S., Texas A&M University; M.O.T., Texas Woman's University; Ph.D., Texas Woman's University.

* FALLEY, BRANDI N., Assistant Professor of Mathematics. B.A., Ouachita Baptist University; M.S., Baylor University; Ph.D., Baylor University.

* FANNING, SARA C., Assistant Professor of History. B.A., University of Texas, Austin; M.A., National University of Ireland; Ph.D., University of Texas at Austin.

* FEHLER, BRIAN, Associate Professor of English. B.A., Texas Wesleyan University; M.A., Texas Christian University; Ph.D., Texas Christian University.

* FETTE, CLAUDETTE A., Assistant Clinical Professor of Occupational Therapy. B.S., Texas Woman's University; M.S., University of North Texas; Ph.D., Texas Woman's University.

* FEYTEN, CARINE M., Chancellor and President; Professor of Teacher Education. B.A., Universite' Catholique de Louvain, Belgium; M.A., Universite' Catholique de Louvain, Belgium; Ph.D., University of South Florida.

* FLETCHER, TINA S., Assistant Professor of Occupational Therapy. B.S., University of Texas Medical Branch; B.F.A., East Texas State University; M.A., University of Alabama; M.F.A., Texas A&M University-Commerce; Ed.D., Texas A&M University-Commerce.

* FOGG, NIKI, Assistant Clinical Professor of Nursing. B.A., University of Texas Medical Branch; M.S., Texas Woman's University.

FOREMAN, RETA S., Laboratory Instructor of Biology. B.S., Tarleton State University; M.S., Tarleton State University.

* FOSTER, KENNETH, Associate Professor of Psychology. B.A., City University of New York Brooklyn College; M.Phil., City University of New York Graduate School & University Center; M.A., City University of New York Hunter College; Ph.D., City University of New York Graduate School & University Center.

* FREDLAND, NINA M., Associate Professor of Nursing. B.S., Niagara University; M.S., University of Pennsylvania; Ph.D., Johns Hopkins University.

* FREDRICKSON, REBECCA R., Assistant Professor of Teacher Education. B.F.A, Stephen F. Austin State University; M.Ed., University of Texas at Tyler; Ed.D., Stephen F. Austin State University.

* FREYSTEINSON, WYONA, Assistant Professor of Nursing. B.S.N., University of Sakatchewan; M.S., University of Sakatchewan; Ph.D., Texas Woman's University.

* FRIED, NEIL H., Assistant Clinical Professor of Nursing. B.S., Florida State University; M.S., University of Alabama, Birmingham.

* FUCHS, JORDAN L., Associate Professor of Dance. B.A., Oberlin College; M.F.A., Ohio State University, Columbus.
GALATAS, LAUREEN R., Associate Clinical Professor of Nursing. B.S.N., Louisiana State University; M.N., Louisiana State University.

* GAMBLIN, SARAH A., Associate Professor of Dance. B.F.A., Ohio University, Athens; M.F.A., University of Washington.

GARDNER, DAVID M., Assistant Professor of Mathematics and Computer Science. B.B.A., University of North Texas; M.S., University of North Texas; Ph.D., University of North Texas.

GASSER, JUDITH G., Visiting Assistant Professor of Reading. B.A., Scripps College; M.Ed., University of North Texas; Ph.D., Texas Woman’s University.

* GILL, CYNTHIA B., Professor of Communication Sciences and Disorders. B.S., Southwest Texas State University; M.Ed., Southwest Texas State University; Ed.D., East Texas State University.

* GILLUM, NERISSA LEBLANC, Associate Professor of Family Sciences. B.S., Ambassador University; M.S., University of North Texas; Ph.D., University of North Carolina, Greensboro.

* GLEESON, PEGGY B., Professor of Physical Therapy; Associate Director of the School of Physical Therapy : Houston. B.S., St. Louis University; M.S., Texas Woman’s University; Ph.D., Texas Woman’s University.

* GOLMAN, MANDY A., Assistant Professor of Health Studies. B.A., University of Texas, Austin; M.S., Texas Woman’s University; Ph.D., Texas Woman’s University.

* GOODMAN, GERALD R., Professor of Health Care Administration; Program Director of Health Care Administration. B.S., University of Houston; M.S., Texas Woman’s University; M.A.S., Southern Methodist University; D.P.H., University of Texas Health Science Center-Houston.

* GORMAN, RHONDA, Assistant Professor of Drama. B.F.A., Texas Christian University; M.F.A., Southern Methodist University.

* MARTIN, JENNIFER L., Professor of Family Sciences; Senior Associate Provost. B.A., Lamar University; M.S., Lamar University; Ph.D., Texas Woman's University.

* MASON, VICKI C., Assistant Clinical Professor of Occupational Therapy. B.S., Murray State University; M.S., University of St. Francis.

* MASSEY-STOKES, MARILYN, Associate Professor of Health Studies. B.S., Southwestern Oklahoma State University; M.Ed., Southwestern Oklahoma State University; Ed.D., Oklahoma State University.

* MASTEN, KATHRYN, Assistant Professor of Library and Information Studies. B.A., Beloit College; M.P.A., Arizona State University; Ph.D. University of North Texas.

* MAURER, ROBERT T., Associate Professor of Health Systems Management; Program Director of Health Systems Management : Dallas. B.A., University of Virginia; M.S., Texas Tech University; M.B.A., University of Texas at Austin; Ph.D., University of Texas at Dallas.

MAZIARZ, MINDY, Assistant Professor of Nutrition and Food Sciences. B.S., Texas A&M University; M.S., University of Alabama, Birmingham; Ph.D., Texas Woman's University.

* McALISTER, BARBARA S., Associate Professor of Nursing; Undergraduate Director of Nursing. B.S.N., University of Texas Health Science Center-Houston; M.S., Texas Woman's University; Ph.D., University of Texas at Tyler.

* McARTHUR, MERRY C., Professor of Biology. B.S., University of Minnesota, Duluth; M.S., University of Minnesota, Duluth; Ph.D., Southern Methodist University.

* MCCARROLL, ELIZABETH M., Associate Professor of Family Sciences. B.S., University of Texas at Austin; M.S., Texas Tech University; Ph.D., Texas Tech University.

* McCLINTIC, SANDRA T., Assistant Professor of Family Sciences. B.S., Texas Woman's University; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

* McELRATH, EILEEN T., Assistant Professor of Library and Information Studies. B.A., Murrey State University; M.S.L.S., Murray State University; M.A., University of Kentucky; Ph.D., Florida State University.

* McFARLANE, JUDITH M., Cornaro Professor of Nursing. B.S.N., University of Florida; M.S.N., University of Florida; D.P.H., University of Texas Health Science Center-Houston.

* MCGILL, RYAN JEFFREY, Assistant Professor of Psychology. B.A., Westmont College; M.A., Point Loma Nazarene University; Ed.S., LaSierra University; Ph.D., Chapman University.

* McMAHAN, SARAH K., Assistant Professor of Teacher Education. B.S., Abilene Christian University; M.Ed., Abilene Christian University; Ph.D., Texas Tech University.

* McMENAMY, NANCY S., Associate Clinical Professor of Nursing. B.S.N., University of Texas at Austin; M.S., Texas Woman's University.
* MEDLEY, SYLVIA ANN, Professor of Physical Therapy; Director of the School of Physical Therapy. B.A., University of Texas at Austin; B.S., University of Texas Health Science Center-Dallas; M.S., Texas Woman's University; Ph.D., University of Texas at Dallas.

* MEHTA, JYUTIKA A., Associate Professor of Communication Sciences and Disorders. B.S., Bombay University; M.S., University of Texas at Dallas; Ph.D., University of Texas at Dallas.

* MELLOTT, SUSAN K., Associate Professor of Nursing. B.S.N., Indiana University of Pennsylvania; M.S.N., University of Pennsylvania; Ph.D., Texas A&M University.

MENN, MINDY, Assistant Professor of Health Studies. B.A., Texas A&M University; M.S., Texas A&M University; Ph.D., University of Florida, Gainesville.

* MILLIGAN, JENNIFER S., Assistant Clinical Professor of Nursing. B.S., Texas Woman's University; B.A., Texas A&M University; M.S., Texas Woman's University.

* MILLS, NATHANIEL C., Professor of Biology. B.S., Western Kentucky University; Ph.D., Vanderbilt University.

* MILOCH, KIMBERLY S., Professor of Kinesiology; Director of Quality Enhancement Programs. B.A., Southwest Texas State University; M.S., Baylor University; Ph.D., Florida State University.

* MIMS, TINA C., Visiting Lecturer I of Business and Economics. B.B.A., University of Texas at Arlington; M.B.A., Webster University; Ph.D., University of North Texas.

* MIRSALEH-KOHAN, NASRIN, Assistant Professor of Chemistry and Biochemistry. B.S., University of Tehran; M.S., Bowling Green State University; Ph.D., University of Tennessee, Knoxville.

* MISTRIC, MICHAEL L., Associate Clinical Professor of Nursing. B.S., State College of Arkansas; B.S.N., Pittsburg State University; M.N.S., University of Arkansas for Medical Sciences; Ph.D., University of Texas System Medical Branch.

* MITCHELL, KATY E., Associate Professor of Physical Therapy. B.S., University of California, Davis; M.S., Pacific University; Ph.D., Texas Woman's University.

* MOORE, CAROLYN E., Associate Professor of Nutrition and Food Sciences. B.S., University of California, Berkeley; M.S., University of California, Berkeley; M.B.A., Rice University; Ph.D., University of California, Los Angeles.

* MOORE, HILLY, Assistant Professor of Family Sciences. B.A., Austin College; M.J., University of North Texas; Ph.D., University of Texas-Austin.

* MOORE, LIN, Associate Professor of Family Sciences. B.A., Texas Woman's University; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

* MOORE-COOK, LAURA L., Associate Clinical Professor of Communication Sciences and Disorders. B.S., Texas Woman's University; M.A., Texas Woman's University.

* MORY, KRISTINE W., Assistant Clinical Professor of Nursing. B.S.N., Harding University; M.S., Texas Woman's University.

* MURR IN, KIMBERLY D., Associate Clinical Professor of Communication Sciences and Disorders. B.A., California State University, Fullerton; M.A., California State University, Fullerton.

* MURDOCK, SANDRA, Assistant Professor of Health Care Administration. B.S., St. Ambrose University; M.A., Central Michigan University; Ph.D., University of Texas Health Science Center-Houston.

* MURO, JOEL, Associate Professor of Family Sciences. B.A., Austin College; M.J., University of North Texas; Ph.D., University of North Texas.
MURO, LILIA LAMAR, Assistant Professor of Family Sciences. B.A., University of Texas at San Antonio; M.A., Southwest Texas State University; Ph.D., University of North Texas.

MYERS, BETTYE B., Cornaro Professor of Kinesiology. B.S., Texas Woman's University; M.A., Texas Woman's University; Ph.D., University of Michigan, Ann Arbor.

MYERS, DIANE M., Associate Professor of Teacher Education. B.A., Connecticut College; M.S., Southern Connecticut State University; Ph.D., University of Connecticut.

NAVARRA-MADSEN, JUNALYN, Associate Professor of Mathematics. B.S., University of Utah; M.S., University of Texas at Dallas; Ph.D., University of Texas at Dallas.

NEVILLE-SMITH, MARSHA A., Associate Professor of Occupational Therapy. B.S., Eastern Michigan University; M.S., University of Texas at Dallas; Ph.D., University of Texas at Dallas.

NIBERT, AINSLIE T., Associate Professor of Nursing; Associate Dean of the College of Nursing: Houston. B.S., Texas Christian University; M.S., The University of Texas Health Science Center at Houston; Ph.D, Texas Woman's University.

NICHOLS, DAVID L., Professor of Kinesiology; Interim Co-chair, Department of Kinesiology. B.S., Central State University, Oklahoma; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

NIEMANN, LARA, Visiting Assistant Clinical Professor of Kinesiology. B.B.S., Hardin Simmons University; M.R.D., Angelo State University; Ph.D., Texas Woman's University.

NIK, NINFA, Associate Professor of Foreign Languages. B.A., University of Texas at Arlington; M.A., University of Texas at Arlington; Ph.D., University of Texas at Arlington.

NOLAN, DEBRA K., Assistant Clinical Professor of Nursing. B.S., Texas Woman's University; M.S., Texas Woman's University.

NORTON, AARON, Assistant Professor of Family Sciences. B.S., University of Utah; M.S., Kansas State University; Ph.D., Kansas State University.

NUGENT, JOHN H., Associate Professor of Accounting. B.A., Columbia University; M.B.A., Southeastern University, Washington, DC; D.B.A., Business School Lausanne, Switzerland.

NUNN, PATRICIA J., Associate Clinical Professor of Dental Hygiene; Program Director of Dental Hygiene. B.A., Southwest Texas State University; M.S., Texas A&M University, Corpus Christi.

NURSE, RACHELLE-ANN P., Assistant Professor of Nursing. B.S.N., University of Texas Health Science Center-Houston; M.S.N., University of Texas Health Science Center-Houston; M.S.H.A., Houston Baptist University; Ph.D., Texas Woman's University.

O’DONNELL, ANNE E., Associate Clinical Professor of Physical Therapy. B.S., Pacific University; M.S., Pacific University.

ODUKOMAIYA, ZIGWAI REMY, Lecturer I of Fashion and Textiles. B.A., Ahmadu Bello University; M.F.A., University of North Texas.

OLSEN, JONATHAN, Professor of Government; Chair of the Department of History and Government. B.A., University of Texas at Austin; M.A., The University of Kansas; M.A., University of Maryland; Ph.D., University of Maryland.

OMARY, MANAL A., Associate Professor of Chemistry and Biochemistry. B.S., Yarmouk University; Ph.D., University of Maine, Augusta.

OQUIN, CHARLI L., Clinical Professor of Nursing. B.S., University of Texas at Arlington; M.S., Texas Woman's University; D.N.P., Texas Christian University.

ORTIZ RODRIGUEZ, ALEXIS, Associate Professor of Physical Therapy. B.S., University of Puerto Rico; M.S., Texas Woman's University; Ph.D., Texas Woman's University.

PALOMARES, RONALD S., Assistant Professor of Psychology. B.S., Texas A&M University; M.A., Lesley College; Ph.D., Texas A&M University.

PANCHERI, KAREN K., Assistant Professor of Nursing. B.S., Texas Woman's University; M.S., University of Texas Health Science Center-Houston; Ph.D., Texas Woman's University.

PARKER, KIMBERLY A., Associate Professor of Health Studies. B.S., South Carolina State University; M.P.H., University of South Carolina, Columbia; M.A., South Carolina State University; Ph.D., University of Georgia.

PARSONS, MATTHEW COLBY, Associate Professor of Visual Arts. B.Ph., Miami University; M.F.A., Southern Illinois University.

PATEL, RUPAL M., Associate Clinical Professor of Physical Therapy. B.S., Texas Woman's University; M.S., Texas Woman's University.

PEEBLES, LYNDA R., Senior Lecturer of Chemistry and Biochemistry. B.S., Harding University; Ph.D., University of North Texas.
* PEMBERTON, JANE B., Professor of Teacher Education; Chair of the Department of Teacher Education. B.S., Kansas State University; M.S., Kansas State University; Ph.D., University of New Mexico.

* PEREZ, JANA C., Associate Professor of Visual Arts. B.F.A., University of Texas at Austin; M.A. Texas Woman's University; M.F.A., Texas Woman's University.

* PERRYMAN, CAROL L., Assistant Professor of Library and Information Studies. B.S., Friends University; M.S., University of Illinois, Urbana-Champaign; Ph.D., University of North Carolina, Chapel Hill.

PETERS, MARGARET S., Assistant Professor of Nursing. B.S., Texas Woman's University; M.S., Texas Woman's University.

* PETTITT, RUSSELL T., Assistant Professor of Music. B.Mus., George Mason University; M.M., University of Arkansas; D.M.A., University of Oklahoma.

* PETTY, KAREN L., Professor of Family Sciences; Chair of the Department of Family Sciences. B.S., Stephen F. Austin State University; M.Ed., Stephen F. Austin State University; Ph.D., Texas A&M University.

* RESTREPO, ELIZABETH B., Associate Professor of Nursing. B.S., Old Dominion University; M.S., Virginia Commonwealth University; Ph.D., Texas Woman's University.

* REW, MARTHA L., Associate Clinical Professor of Nutrition and Food Sciences. B.S., University of Southwestern Louisiana; M.S., Louisiana State University.

RHEMANN GUERRERO, MARIE A., Assistant Clinical Professor of Nursing. B.S.N., West Texas State University; M.S.N., Vanderbilt University.

* RICHEY, JENNIFER E., Assistant Professor of Library and Information Studies. B.A., University of Texas at Austin; M.S.I.S., University of Texas at Austin; Ph.D., University of Texas at Austin.

* RICHEY, SHEILA, Associate Professor of Nursing. B.S.N., University of Illinois at Chicago; M.S.N., Indiana University; Ph.D., St. Louis University.

* RIGBY, BRANDON RHETT, Assistant Professor of Kinesiology. B.S., LeTourneau University; M.S., Baylor University; Ph.D., Baylor University.

RIGGS, CHARLES L., Professor of Fashion and Textiles; Professor of Chemistry and Biochemistry. B.S., University of North Texas; Ph.D., Oklahoma State University.

* ROBB, JEFFREY B., Professor of Government. B.A., North Texas State University; M.S., University of North Texas; J.D., University of Texas at Austin.

* RODDEY, TONI S., Professor of Physical Therapy. B.S., University of Texas Medical Branch; M.S., Texas Woman's University; Ph.D., Texas Woman's University.
* ROSE, KATHERINE K., Associate Professor of Family Sciences. B.S., Baylor University; M.S., Purdue University; M.S., University of North Texas; Ph.D., Purdue University.

* ROSEN, LISA H., Assistant Professor of Psychology. B.A., Rice University; M.A., University of Texas at Austin; Ph.D., University of Texas at Austin.

* RUBIN, LINDA, Professor of Psychology. B.S., University of Kansas; M.S., University of Kansas; Ph.D., University of Kansas.

RUNNELS, RATONIA C., Assistant Professor of Social Work. B.A., University of Texas at Austin; M.S., University of Texas at Austin; Ph.D., University of Texas at Austin.

* RUSS, MOLLY, Assistant Professor of Business and Economics. B.A., University of North Texas; M.A., Louisiana State University; Ph.D., Louisiana State University.

* RYLANDER, DAVID H., Professor of Business and Economics. B.S., Trinity University; M.B.A., Texas A&M University; Ph.D., University of North Texas.

* SADRI, MAHMOUD, Professor of Sociology. B.A., University of Teheran: Teheran, Iran; M.A., University of Teheran: Teheran, Iran; Ph.D., New School for Social Research.

* SAHLIN, CLAIRE L., Comar Professor of Women's Studies; Chair of the Department of Women's Studies. B.A., Bethel College: St. Paul, Minnesota; M.T.S., Harvard Divinity School; M.A., Harvard University; Ph.D., Harvard University.

* SANCHEZ, CLAUDIA D., Associate Professor of Teacher Education. B.A., Escuela Normal Superior de Coahuila: Saltillo, Mexico; B.A., Universidad Autonoma de Coahuila: Saltillo, Mexico; M.S., Texas A&M University; Ph.D., Texas A&M University.

SANDELL, MARK H., Professor and Program Director of Social Work. B.S., University of North Texas; M.S.W., University of Texas at Arlington.

SCHELLER, SUZANNE M., Assistant Clinical Professor of Nursing. B.S.N., Seton Hall University; M.S., Texas Woman's University.

SCHULTZ, MARY ROCHELLE, Associate Clinical Professor of Nursing. B.S.N., Houston Baptist University; M.S.N., University of Texas Medical Branch.

* SCOTT, GRAHAM R., Assistant Professor of English. B.A., California State University, San Bernardino; M.A., University of California, Riverside; Ph.D., University of California, Riverside.

* SCOTT, SHANNON R., Professor of Psychology; Chair of the Department of Psychology and Philosophy. B.A., Stephen F. Austin State University; M.S., Tufts University; Ph.D., Tufts University.

* SCOTT-TILLEY, DONNA D., Professor of Nursing; Assistant Provost for Promotion of Research and Sponsored Programs. B.S.N., Texas Tech University Health Sciences Center; M.S.N., Texas Tech University Health Sciences Center; Ph.D., University of Texas Health Science Center-San Antonio.

* SELCER, ANNE D., Associate Professor of Health Care Administration. B.S., Wright State University; M.S., Wright State University; M.A., Fielding Graduate University; M.L.H.R., Ohio State University; Ph.D., Fielding Graduate University.

* SENNE, TERRY A., Professor of Kinesiology; Director of Academic Assessment. B.S., George Williams College; M.S., University of Illinois, Chicago; Ph.D., North Carolina State University.

* SHEARDY, RICHARD D., Professor of Chemistry and Biochemistry; Chair of the Department of Chemistry and Biochemistry. B.S., Michigan State University; Ph.D., University of Florida.

* SHERIFF, SUSAN W., Professor of Nursing; Graduate Director of Nursing. B.S.N., Eastern Mennonite University; M.S., Texas Woman's University; Ph.D., Texas A&M University, Commerce.

* SHIPLEY, ROGER R., Associate Professor of Health Studies; Interim Chair of Health Studies. B.S., Western Maryland College; M.Ed., Western Maryland College; Ed.D., Temple University.

* SHUSTER, RICHARD J., Professor of Music. B.Mus., Indiana University-Bloomington; M.M., University of Rochester; D.M.A., University of Rochester.

* SILLMAN-FRENCH, LISA M., Associate Professor of Kinesiology. B.S., State University of New York College at Cortland; M.A., Texas Woman's University; Ph.D., Texas Woman's University.

* SIMPSON, ANNE M., Comar Professor of Reading. B.A., Southern Methodist University; M.Ed., Texas A&M University; Ph.D., University of North Texas.

* SIT, WILLIAM (YAU CHI BOOGIE), Assistant Clinical Professor of Occupational Therapy. Professional Diploma, Hong Kong Polytechnic; M.A., Texas Woman's University; Ph.D., Texas Woman's University.
* SMITH, CHAD E., Associate Professor of Communication Sciences and Disorders. B.A., Lamar University; M.S., Lamar University; Ph.D., Nova Southeastern University.

* SNIDER, SHARLA L., Professor of Family Sciences. B.S., University of North Texas; M.A., Texas Woman's University; Ph.D., Texas Woman's University.

* SOLOMON, RHEATTE D., Associate Clinical Professor of Nursing. B.S., Evangel College; M.S., Brigham Young University.

* SOURDOT, LUDOVIC, Assistant Professor of Teacher Education. B.S., Arkansas State University; M.Ed., Texas State University; Ph.D., Texas A&M University.

* SOURIS, STEPHEN W., Professor of English. B.A., Harvard University; M.A., University of Michigan, Ann Arbor; Ph.D., University of Wisconsin, Madison.

* SPENCER, BECKY S., Assistant Professor of Nursing. B.A., University of Cincinnati; M.S.N, Research College of Nursing; Ph.D., University of Kansas.

SPOONTS, LIZABETH A., Associate Clinical Professor of Dental Hygiene. B.S., Texas Woman's University; M.S., University of North Texas.

* ST GERMAIN, ANN D., Associate Clinical Professor of Nursing. B.S.N, University of Texas Health Science Center - Houston; M.S.N, University of Texas Health Science Center - Houston.

* STABB, SALLY D., Professor of Psychology. B.A., Pennsylvania State University; M.Ed., Pennsylvania State University; Ph.D., University of Kansas.

* STANKEY, MICHAEL J., Professor of Business and Economics; Associate Provost for Institutional Improvement. B.S., Purdue University; M.S., University of Illinois : Urbana-Champaign; Ph.D., University of Illinois : Urbana-Champaign.

* STANKUS, JO-ANN T., Visiting Assistant Professor of Nursing. B.S.N., Incarnate Word College; M.S.N, University of Texas at Arlington; M.A., Texas Woman's University; Ph.D., University of North Texas.

* STARRETT, TERESA M., Assistant Professor of Teacher Education. B.S., University of North Texas; M.Ed., University of North Texas; Ed.D., University of North Texas.

* STATON, ANN Q., Professor of English; Dean of the College of Arts and Sciences. B.A., Baylor University; M.A., Baylor University; Ph.D. University of Texas at Austin.

STEPHENSON, CHARLOTTE, Clinical Professor of Nursing. B.S., Texas Woman's University; M.R.E., New Orleans Baptist Theological Seminary; M.S., Texas Woman's University; D.S.N., University of Alabama, Birmingham.

* STEWART, MARY A., Assistant Professor of Teacher Education. B.A., Texas Christian University; M.Ed., Texas Christian University; Ph.D., University of North Texas.

* STOCKHOLM, MELISSA C., Assistant Clinical Professor of Communication Sciences and Disorders. B.S., Baylor University; M.Ed., Stephen F. Austin State University.

STONER-DAVIS, KERSTINA L., Visiting Assistant Clinical Professor of Nutrition and Food Sciences. B.S., Kansas State University; M.S., Texas Woman's University.

* SWANK, CHAD D., Assistant Professor of Physical Therapy. B.A., Point Loma Nazarene College; M.S., Regis University; Ph.D., Texas Woman's University.

SWANSON, BRIAN T., Assistant Professor of Physical Therapy. B.S., Quinnipiac College; D.Sc., Andrews University.

* SYMES, LENE, Associate Professor of Nursing. B.S.N., University of Michigan, Ann Arbor; M.S.N., University of Texas Health Science Center- Houston; Ph.D., Texas Woman's University.

* SYNAR, TANYA M., Associate Professor of Visual Arts. B.F.A., Colorado State University; M.F.A., University of Washington.

* SZOT, C. LAUREN, Assistant Clinical Professor of Physical Therapy. B.S., Louisiana State University; M.S., D.P.T., Louisiana State University Health Science Center..

TALLEFF, JENNIFER L., Assistant Clinical Professor of Nursing. B.S.N, California State University, Long Beach; M.S.N., University of California, Los Angeles.

* TAPLER, DEBORAH A., Professor of Nursing. B.S.N., University of Texas Medical Branch; M.S.N., University of Texas at Austin; Ph.D., Texas Woman's University.

TAYLOR, NILAJA, Visiting Clinical Instructor of Reading. B.A., Valparaiso University; M.S., Trinity Washington University.
TEAGUE, AMY L., Assistant Clinical Professor of Dental Hygiene. B.S., Texas Woman's University; M.S., Texas Woman's University.

* TENGESDAL, MARK O., Associate Professor of Business and Economics. B.A., Pacific Lutheran University; M.A., University of California, Riverside; Ph.D., University of California, Riverside.

* TERRIZZI Jr., JOHN A., Assistant Professor of Psychology. B.S., Juniata College; M.A., College of William and Mary; Ph.D., West Virginia University.

* THOMPSON, LOU A., Professor of English. B.A., University of North Texas; M.A., Louisiana State University; Ph.D., Texas Christian University.

* THOMPSON, MARY E., Professor of Physical Therapy. B.S., University of Kentucky; M.S., Texas Woman's University; Ph.D., University of North Texas.

* THOMSON, ANNE T., Assistant Clinical Professor of Nursing. B.S.N., University of Kansas; M.S.N., University of Texas at Arlington; Ph.D., Texas Woman's University.

* TIETZE, MARI F., Associate Professor of Nursing. B.S.N., Washburn University; M.S.N., University of Kansas; Ph.D., Texas Woman's University.

* TILTON, ABIGAIL C., Associate Professor of Social Work; Associate Dean of the College of Arts and Sciences. B.S.W., University of North Texas; M.S.S.W., University of Texas at Arlington; Ph.D., University of North Texas.

* TRAVIS, PAUL D., Professor of History. B.A., The Wichita State University; M.A., Wichita State University; Ph.D., University of Oklahoma.

TRINKA, MICHELLE, Assistant Clinical Professor of Nursing. B.S.N., Texas Tech University Health Science Center; M.S.N., University of Tyler at Texas.

* TRUDELLE-JACKSON, ELAINE, Professor of Physical Therapy. B.S., Texas Woman's University; M.S., University of North Texas; Ph.D., Texas Woman's University.

* TRUJILLO-JENKS, LAURA A., Assistant Professor of Teacher Education. B.S., University of Texas at Austin; M.A., Austin Peay State University; Ph.D., University of Texas at Austin.

* TSAI, KAI-LI, Associate Professor of Health Care Administration. B.S., China Medical College; M.S., Harvard University; Ph.D., University of California, Los Angeles.

* TSENG, SHIH-CHIAO, Assistant Professor of Physical Therapy. B.S., National Cheng Kung University; M.S., National Taiwan University; Ph.D., University of Maryland, Baltimore.

TSEROTAS, SHOPHA M., Assistant Clinical Professor of Nursing. B.S.N., Grandview College, Des Moines; M.S., Texas Woman's University.

* UPHOUSE, LYNDAA L., Comaro Professor of Biology. B.A., Austin College; M.A., University of Colorado, Boulder; Ph.D., University of Colorado, Boulder.

* VAN SELL, SHARON L., Professor of Nursing. B.A., Murray State University; M.Ed., Memphis State University; M.S., University of Colorado, Denver; Ed.D., University of Denver.

* VARDELL, SYLVIA M., Professor of Library and Information Studies. B.S., University of Texas : Austin; Ph.D., University of Minnesota : Twin Cities.

* VIJAYAGOPAL, PARAKAT, Professor of Nutrition and Food Sciences. B.S., University of Kerala; M.S., Banaras Hindu University; Ph.D., University of Kerala.

* VITTRUP, BIRGITTE M., Associate Professor of Family Sciences. B.A., Texas State University; B.S., University of Texas at Austin; M.A., University of Texas at Austin; Ph.D., University of Texas at Austin.

* WAIR, PRABH, Associate Professor of Communication Sciences and Disorders. B.S., James Madison University; M.Ed., James Madison University; Ph.D., Gallaudet University.

* WALKER-BATSON, DELAINA, Comaro Professor of Communication Sciences and Disorders. B.A., Southern Methodist University; M.S., University of Utah; Ph.D., University of Texas at Austin.

* WARREN, CYNTHIA A., Assistant Professor of Nutrition and Food Sciences. B.S., Texas A&M University; M.S., Texas A&M University; Ph.D., Texas A&M University.

* WASHMON, GARY B., Professor of Visual Arts. B.F.A., University of New Mexico; M.F.A., University of Illinois, Urbana-Champaign.

* WATSON, PATRICIA A., Associate Professor of Reading. B.S., Missouri State University; M.S., Missouri State University; Ph.D., University of Missouri, Columbia.
WEATHERFORD, GWENDOLYN, Assistant Professor of Kinesiology. B.S., Texas A&M, Commerce; M.S., Texas A&M, Commerce; Ph.D., Texas Woman's University.

* WEBB, KERRY S., Associate Professor of Business and Economics. B.A., East Texas Baptist University; M.A., Southwestern Seminary; Ph.D., University of North Texas.

* WEREMA, GILBERT J., Assistant Professor of Business and Economics. B.B.A., University of Eastern Africa, Kenya; M.B.A., Alabama A&M University; M.S., Alabama A&M University; Ph.D., University of Georgia.

* WEST, M. GENEVIEVE, Professor of English; Chair of the Department of English, Speech, and Foreign Languages. B.A., Mississippi State University; M.A., University of Western States; Ph.D., University of Arkansas.

* WESTMORELAND, SANDRA, Associate Professor of Biology. B.S., University of Houston; M.S., University of Texas at Arlington; Ph.D., University of Texas at Arlington.

* WHEELE, ANN M., Assistant Professor of Mathematics. B.S., Henderson State University; M.S.E., Henderson State University; Ph.D., University of Northern Colorado.

* WHITE, JENNIFER K., Associate Clinical Professor of Communication Sciences and Disorders. B.S., James Madison University; M.S., University of North Texas.

* WHITWORTH, JERRY E., Professor of Teacher Education; Interim Dean of the College of Professional Education. B.A., University of Kansas; M.S., Fort Hays State University; Ed.D., University of Missouri, Columbia.

* WIGINTON, KRISTIN L., Associate Professor of Health Studies. B.S.Ed., Baylor University; M.S.Ed., Baylor University; Ph.D., Texas Woman's University.

* WILLIAMS, JAMES L., Professor of Sociology. A.B., University of Georgia; M.A., University of Georgia; M.A.Ed., Western Carolina University; Ph.D., University of Georgia.

WILLIAMS, JEFFREY S., Visiting Assistant Clinical Professor of Nursing. B.S., Sam Houston State University; B.S.N., University of Texas Health Science Center - Houston; M.S.N., University of Texas Health Science Center - San Antonio; D.N.P., Texas Christian University.

* WILLOFORD-SHADE, MARY A., Associate Professor of Music. B.M., University of North Texas; M.M., Webster University; Ph.D., University of Miami.

* WOOERLY, DANIELLE N., Assistant Professor of Music. B.A., University of North Texas; M.M., University of North Texas; D.M.A., University of North Texas.

* YANG, PHILIP Q., Professor of Sociology. B.A., Zhongshan University: China; M.A., University of California, Los Angeles; Ph.D., University of California, Los Angeles.

* YOUNG, DEBORAH D., Professor of Fashion and Textiles; Program Director of Fashion and Textiles. B.S., Texas Tech University; M.S., Texas Tech University; Ph.D., Texas Tech University.

* YOUNG, ELIZABETH A., Professor of Nursing. B.S., Texas Woman's University; M.S., Texas Woman's University; Ed.D., University of Houston.

* YOUNG, MARGARET, Professor of Business and Economics; Director of the School of Management. B.B.A., University of Texas at El Paso; M.S., New Mexico State University; Ph.D., New Mexico State University.

* YOUNG, STEVEN W., Assistant Professor of Drama. B.A., University of Northern Iowa; M.F.A., Illinois State University.

* YOUNGBLOOD, PAMELA J., Professor of Music; Chair of the Department of Music and Drama; Co-Coordinator of the School of the Arts. B.M., Union University; M.M., University of North Texas; D.M.A., University of North Texas.

* ZANDERS, MICHAEL L., Assistant Professor of Music. B.M., Temple University; M.M., Temple University; Ph.D., Temple University.
* ZEIGLER, VICKI L., Associate Professor of Nursing.  B.S.N., Medical University of South Carolina; M.S.N., Medical University of South Carolina; Ph.D., Texas Woman's University.

* ZHANG, JIAN, Associate Professor of Computer Science.  B.S., Hefei University of Technology, China, P.R.; M.S., Tulane University; Ph.D., Tulane University.

* ZOU, LIN, Assistant Professor of Finance.  B.S., Nanjing University; M.A., Shanghai University of Finance and Economics; M.S., University of Texas at Dallas; Ph.D. (Acct.), Ph.D. (Finance), University of Texas at Dallas.

Cornaro Professors

Named for Elena Lucrezia Cornaro Piscopia, the first woman in history to receive a university degree (from the University of Padua, Italy, in 1678), the Cornaro Award for Excellence in Teaching is made by a peer committee in recognition of outstanding commitment to scholarship and the advancement of learning.

2015 ANNE SIMPSON, Ph.D., Professor of Reading

2013 CLAIRE SAHLIN, Ph.D., Professor of Women's Studies

2012 PAULA ANN HUGHES, Ph.D., Professor of Business and Economics

2011 PENEOPE HANSTEIN, Ph.D., Professor of Dance

2010 PHYLLIS BRIDGES, Ph.D., Professor of English

2009 MICHAEL WIEBE, Ph.D., Professor of Teacher Education

2008 JIM ALEXANDER, Ph.D., Professor of History and Government

2007 WILLIAM B. CISSELL, Ph.D., Professor of Health Studies

2006 SUSAN CHANEY, Ph.D., Professor of Nursing

2005 RONALD FRENCH, Ph.D., Professor of Kinesiology

2004 JAMES JOHNSON, Ph.D., Professor of Chemistry

2003 VALENTINE J. BELFIGLIO, Ph.D., Professor of History and Government

2002 GLEN JENNINGS, Ed.D., Professor of Family Sciences

2001 BILLIE J. ASKEW, Ph.D., Professor of Reading

2000 DELAINA WALKER-BATSON, Ph.D., Professor of Communication Sciences and Disorders

1999 LYNDI UPHOUSE, Ph.D., Professor of Biology

1998 MARGARET M. GRIFFIN, Ed.D., Professor of Reading and Bilingual Education

1997 BETTY B. ALFORD, Ph.D., Professor of Nutrition

1996 JUDITH McFARLANE, D.P.H., Professor of Nursing

1995 BETTYE B. MYERS, Ph.D., Professor of Kinesiology

1994 TURNER KOBLER, Ph.D., Professor of English

1993 MARTHA H. SWAIN, Ph.D., Professor of History

1992 GEORGE H. STEWART, Ph.D., Professor of Chemistry

1991 MONA S. HERSH-COCHRAN, Ph.D., Professor of Economics

1990 PAUL E. THETFORD, Ph.D., Professor of Psychology

1989 JOHN CHRISTY, Ph.D., Professor of Mathematics

1988 JANE MOTT, Ph.D., Professor of Physical Education
1986 ROSE SPICOLA, Ph.D., Professor of Reading and Bilingual Education
1985 LAVON B. FULWILER, Ph.D., Professor of English
1984 ROBERT FUERST, Ph.D., Professor of Biology
1983 CLARICE GARRET, Ph.D., Professor of Fashion and Textiles
1982 CLIFTON T. SPARKS, Ph.D., Professor of Counselor Education and Personnel Services; Dean of the College of Education
1981 JOHN W. McFARLAND, Ed.D., Professor of Counselor Education and Personnel Services
1980 AILEENE LOCKHART, D.Sc., Ph.D., Piper Professor of Dance and Professor of Physical Education
1979 A. ELIZABETH TAYLOR, Ph.D., Piper Professor of History and Government
1978 ETHELYN DAVIS, Ph.D., Professor and Chair of the Department of Sociology and Social Work

Emeritus Faculty

The Emeritus Faculty of Texas Woman's University are a valued and treasured resource, and they represent the rich history of the university. You can find a listing of the Emeritus Faculty on the TWU website (http://www.twu.edu/downloads/OSAP/roster-of-twu-emeritus-faculty.pdf).
