

MASTER OF SCIENCE IN MATHEMATICS TEACHING

Special Requirements

Only courses in which a student achieved a grade of B or better may be counted toward the degree.

Cooperative Education

In order for coursework in Cooperative Education to be counted as degree credit, department approval must be received during the semester in which the course is taken. This approval is in addition to approval to enroll in Cooperative Education coursework. Cooperative Education coursework, as with any coursework, must also be approved by the student's advisory committee in order to be included on the degree plan. Only three semester credit hours of Cooperative Education may be counted toward the Master's degree.

Master of Science in Mathematics Teaching Program of Study (36 semester credit hours)

This is a 36 hour degree in which the student has the choice of one of the two options below:

- Taking 15 hours of required math courses and 18 hours of additional math courses along with MATH 5973 Professional Paper. No comprehensive exam is required.
- Taking 15 hours of required math courses and 21 hours of additional math courses. Two comprehensive exams will be required of the student.

To accommodate current mathematics teachers, classes will be offered in the evenings during the fall and spring semester. Substitutions may be made with permission from a mathematics adviser. Candidates may obtain this degree by attending only in the summers.
