

B.S. IN CHEMISTRY/ BIOCHEMISTRY (6-12 PHYSICAL SCIENCE TEACHER CERTIFICATION)

Web Site: <https://twu.edu/chemistry-biochemistry/undergraduate-programs/bs-in-chemistrybiochemistry-with-teacher-certification/>

Our flexible undergraduate degree plan with teacher certification combines liberal arts study with a chemistry/biochemistry concentration, teacher education coursework, and hands-on student teaching experience. This plan allows you to major in chemistry while also pursuing your teacher certification and a specialization in an almost unlimited number of other areas, such as business, journalism, biology, mathematics, nutrition, or computer science. We offer two options for certification: teacher certification in physical science for grades 6-12, and teacher certification in science for grades 7-12.
