Marketable Skills

Defined by the Texas Higher Education Coordinating Board's 60x30 Strategic Plan (<https://reportcenter.highered.texas.gov/agency-publication/miscellaneous/the cb-60x30-strategic-plan/>) as, "Those skills valued by employers that can be applied in a variety of work settings, including interpersonal, cognitive, and applied skills areas. These skills can be either primary or complementary to a major and are acquired by students through education, including curricular, co-curricular, and extracurricular activities."

- a. Apply critical thinking, analytical reasoning skills, and sociological knowledge and skills to real-world settings.
- b. Work with numbers and demonstrate quantitative skills.
- c. Make a presentation on and write a non-technical report understood by non-sociologists.
- d. Work with people in different groups characterized by race, ethnicity, gender, socioeconomic class, religion, or immigration status to achieve a goal.
- e. Make an evidence-based argument.
- f. Use computers to locate and analyze data.
- g. Gather information and analyze social problems.
