

CHILD CARE

The CARE (Campus Alliance for Resource Education) Office provides educational resources for students seeking child care. These resources include the Texas Child Care Services (CCS) Assistance Program, the Texas licensing database, tips for evaluating quality care, and a list of child care centers (including TWU Club House). For these resources and additional information, such as connecting with fellow student parents, or meeting with the parenting student liaison, please visit CARE-Child Care (<https://twu.edu/care/family/child-care/>).
