

DOCTOR OF PHILOSOPHY IN DANCE

Web Site: <https://twu.edu/dance/graduate-dance-programs/doctor-of-philosophy-in-dance-phd/>

Degree Requirements

Total Semester Credit Hours Required

Work leading to the Ph.D. in Dance requires the completion of at least 90 graduate semester credit hours beyond the bachelor's degree. It is possible to transfer limited hours from work leading to the master's degree or graduate courses taken at another accredited institution. Please note that any transfer hours not part of a completed master's degree are subject to the Graduate School's 8-year time limit. Hours that are part of a completed master's degree are not subject to the 8-year time limit and may be used toward the 90 hours required for the doctoral degree. In consultation with the Advisory Committee, a student may elect to take graduate courses at another institution and transfer those hours to TWU.

The course work listed below includes 27 semester credit hours of required course work, 12 semester credit hours of research tools, 12 semester credit hours of Independent Studies or approved electives, and 12 semester credit hours of Dissertation for a total of 63 semester credit hours. Hours from the master's level course work may be transferred in to reach the required 90 semester credit hours for doctoral study.

Residence Requirement

The low-residential format requires three summer intensives and week-long residencies in the Fall and Spring semesters during the two-years of coursework. Low-residential students must be continually enrolled, follow the prescribed sequence of courses, and attend all on-campus residencies. Full-time, in-residence students meet the same residency requirements. Contact the Department of Dance (<https://www.twu.edu/dance/>) for the dates of summer intensives and residencies.

Qualifying Examination

A written and oral examination will be taken covering areas selected by the candidate in consultation with the Advisory Committee. The content, format, administration, and evaluation of the examination will be the responsibility of the Committee. Students are expected to take their qualifying examinations within one calendar year of completing the coursework. The Qualifying Examination may be repeated once. Following a second disapproval decision, a student will be dismissed from the Ph.D. program without completing the degree.

Final Examination

An oral defense of the dissertation is required. The defense may be repeated once.

Special Requirements for the Doctoral Program

Students must successfully complete core required courses in sequence.
