

EIGHTEEN DOCTORAL CHARACTERISTICS

The 18 Characteristics of Doctoral Programs were developed by the Texas Higher Education Coordinating Board's Graduate Education Advisory Committee to create a snapshot of all doctoral programs at public universities and health-related institutions. The information is intended to provide information to institutions for self-improvement and to serve as a guide to members of the general public who are interested in doctoral education, such as prospective students and their families (Texas Administrative Code Title 19, Part 1, Chapter 5, Subchapter C, Rule 5.51).

Statistics required to be posted by the Texas Higher Education Coordinating Board, "18 Characteristics of Texas Public Doctoral Programs", are published annually on the TWU 18 Doctoral Characteristics website (<https://www.twu.edu/gradschool/future-students/doctoral-characteristics/>).
