Web Site: <https://twu.edu/visual-arts/undergraduate-programs/graphic-design/>

Our Bachelor of Fine Arts degree in Graphic Design will prepare you for a career in visual communications. Our program fosters a community of learners, both in and outside of the classroom. We guide you to grow with your peers through critique and offer portfolio-building opportunities through collaboration with professionals. Through a rigorous investigation of design concepts, typography, image-making, critical thinking, process, client projects, and internships you will develop a wide range of marketable skills.

Marketable Skills

Defined by the Texas Higher Education Coordinating Board's 60x30 Strategic Plan (<http://www.60x30tx.com/>) as, "Those skills valued by employers that can be applied in a variety of work settings, including interpersonal, cognitive, and applied skills areas. These skills can be either primary or complementary to a major and are acquired by students through education, including curricular, co-curricular, and extracurricular activities."

1. **Typography & Page Design:** Master the aesthetics and function of typography and apply it to interactive, electronic, and printed page design.
2. **Updating and Using Relevant Computer Skills:** Build proficiency in current industry-standard software for 2D, 3D, and 4D design and imaging. Use 2D and 3D hardware for photographing, scanning, and printing portfolio/exhibition quality pieces.
3. **Professional Experience:** Through client projects, internships, and professional practices develop professional graphic design experience, a marketable portfolio, and job-search skills
4. **Ideation & Visualization:** Develop a number of relevant ideas, expressed in verbal and visual language, about a topic for a client/intended audience.
5. **Networking:** Make graphic design industry and community connections through client projects, field trips, and workshops.
6. **Develop Objectives and Strategies:** Establish long-range objectives and specify strategies for graduate school application and/or success in the graphic design industry.
7. **Service Orientation:** Through Design Studio and client projects, engage in socially responsible and community-focused design that contributes to the common good.
