Web Site: <https://twu.edu/english-speech-foreign-languages/ba-ma-accelerated-program-in-english/>

The purpose of this program is to provide exceptional undergraduate students in the English program an avenue toward accelerated completion of a Master's degree. Students in the program will complete 12 graduate hours during their final 30 hours of undergraduate coursework that will count toward both their BA and MA degrees. Students may take no more than 6 hours of graduate courses during a single semester while classified as an undergraduate student. During their first semester in the program, students may take only one graduate course.

This is a competitive program; no more than 10% of our undergraduate population will be accepted in any given year. Students planning to apply for this program should seek advising as soon as possible, preferably during their sophomore year of study. Once admitted to the program, students must meet with the program advisor at least one time each semester prior to registering for courses. During the semester of graduation from the BA program, students should seek advising from the graduate advisor to plan for the subsequent semesters of only graduate courses.
