

MASTER OF SCIENCE IN ACCOUNTANCY

Marketable Skills

Defined by the Texas Higher Education Coordinating Board's 60x30 Strategic Plan (<https://reportcenter.highered.texas.gov/agency-publication/miscellaneous/theccb-60x30-strategic-plan/>) as, "Those skills valued by employers that can be applied in a variety of work settings, including interpersonal, cognitive, and applied skills areas. These skills can be either primary or complementary to a major and are acquired by students through education, including curricular, co-curricular, and extracurricular activities."

The M.S. in Accountancy includes important training in financial management, financial reporting, data analysis, analytics, critical thinking, financial planning, and decision-making—essential skills in today's business world.
