Concurrent Enrollment Tuition

Students who will concurrently enroll at both Texas Woman's University and another state university or community college should consult with the Registrar prior to enrollment at either institution. International students must report to International Student and Scholar Services (<http://www.twu.edu/international-education/>) for concurrent enrollment verification.

Nonresident Classification for Tuition

Title 3 of the Texas Education Code specifies that out-of-state residents who come to Texas for the primary purpose of furthering their education will be classified as nonresident students. Persons classified as nonresident students upon first enrollment at Texas Woman's University are presumed to be nonresidents for the period during which they continue as students. To petition for residency reclassification, the student must complete the Residency Questionnaire (<https://twu.edu/media/documents/registrar/coreques.pdf>) and submit it to the Office of the Registrar with appropriate documentation prior to the beginning of the semester.

Tuition Waivers for Nonresidents

Nonresident or international students receiving competitive scholarships in the amount of \$1,000 or more awarded by Texas Woman's University may pay the in-state tuition rate. Nonresident students who hold an appointment as graduate teaching assistants or graduate research assistants may pay the in-state tuition rate provided they are employed at least one-half time in a position that relates to their degree program.

Oklahoma Residents - Undergraduate Only

Qualifying Oklahoma residents may be eligible for reduced tuition from other non-residents as authorized by action of the Texas Woman's University Board of Regents. This action applies only to Oklahoma undergraduate students. Eligible students must provide two (2) different documents showing the physical location of residency to the Registrar's Office for this reduced rate.

Undocumented Immigrant Students – TEC 54.052 (A)(3)

Texas law allows certain students who are not U.S. citizens to qualify for Texas residency at public universities. Applicants qualifying under TEC 54.052 (A)(3) for the resident tuition rate will be evaluated under the regular freshman and transfer admissions criteria. Eligibility for residency status may be granted if a student meets all of the following criteria:

- graduated from a public or private high school in this state or received the equivalent of a high school diploma in this state; and

- b. maintained a residence continuously in this state for:
- i. the three years preceding the date of graduation or receipt of the diploma equivalent, as applicable; and
 - ii. the year preceding the census date of the academic term in which the person is enrolled in an institution of higher education.

Professional paper enrollment does not qualify a student for Reduced Tuition under Texas Education Code Section 54.051(e). Students must complete a form requesting the reduction (<http://www.twu.edu/gradschool/forms/>) and return it to the Graduate School (<http://www.twu.edu/gradschool/>) prior to the final semester.

Payment and Refunds of Tuition and Fees

Tuition and Fees Payment Option

Each student is to select one of the following alternatives for the payment of tuition and fees:

- Full payment of tuition and fees is required prior to the beginning of each semester in accordance with published deadlines in the Academic Calendar. Accepted financial aid will be used to hold class schedules and make the required payment. Failure to pay will result in the deletion of all courses. Tuition and fee bills are not mailed to students but available online through Self Service>Student Finance>View/Print Registration Statement.
- Installment Payment Plan (Subject to Change). An installment payment plan option is available for each term. Online enrollment

by the student is required by the published deadlines. This payment option is available through the Pay Online (https://secure.touchnet.net/C21496_tsa/web/login.jsp) feature through Pioneer Portal or from the TWU Homepage under Pay for Classes (https://secure.touchnet.net/C21496_tsa/web/login.jsp). The Fall and Spring payment plan requires a down payment of 25 percent of total semester charges by the published payment deadline. The remaining balance is split into three payments that are due at one-month intervals during the semester. Various installment plans will be available for the Summer term and will be based upon when enrollment in the plan is made. An installment fee of \$25 (subject to change) will be assessed at the time of enrollment in any installment plan and is due in addition to the required down payment. Accepted financial aid awards will be used prior to establishing the installment plan balance.

- Emergency Payment Plan(Subject to Change). This plan is intended as an alternative method for students who may be receiving financial aid after the initial, established due date of the term. Students will accept this plan at the beginning of each term in the online payment system (https://secure.touchnet.net/C21496_tsa/web/login.jsp). The Emergency Payment Plan will not require a down payment when enrolling but will push total semester charges to future payment dates. An installment fee of \$25 will be added to the semester balance for those selecting the Emergency Payment Plan. Late payment fees may be assessed if installment payments are not made. Accepted financial aid awards will be used as payments in this plan also.

Delinquent Payment Penalty (Subject to Change)

As provided by law, any student who fails to make full payment of tuition and all fees by the due date may be prohibited from registering for classes until full payment is made. In addition, the following charges apply:

- A charge of \$25.00 for delinquent payments. Any student who does not make installment payments by the established installment plan due dates will be charged a delinquent payment fee of \$25.00 for each payment that is delinquent.
- The student will not receive course credit if full payment is not made prior to the end of the semester.

Refunds for Classes Dropped

Refund deadlines for individual dropped courses vary based on the length of the term or session as outlined in Texas Education Code, Chapter 54, §54.006. Individual term and session refund deadlines are available in the Academic Calendar (<https://twu.edu/registrar/academic-calendars/>) and on the Bursar's website (<https://twu.edu/bursar/>). Full refunds will be given for classes dropped prior to these days provided the student remains enrolled in other semester credit hours. Refunds for classes dropped are based upon the student remaining in other courses during the semester.

Refunds for Withdrawal

Withdrawal from the University means officially dropping all classes through forms filed with the Office of Student Life. Refunds are pro-rated based on the day on which the student withdraws in relation to the Academic Calendar. The following schedule determines the refunds for tuition and fees for long fall, spring, or summer semester withdrawal for courses of 10 weeks or more:

| Date Withdrawn | Percent |
|---|--|
| Prior to the first class day | A non-refundable \$15.00 matriculation fee will be assessed. |
| Prior to the first class day of the semester | 100% |
| During the first five class days of the semester | 80% |
| During the second five class days of the semester | 70% |
| During the third five class days of the semester | 50% |
| During the fourth five class days of the semester | 25% |
| After the fourth five class days of the semester | None |

No part of tuition or fees is returned after the 20th class day of the long semester. Refunds are calculated on charges assessed, not payments received.

The following schedule determines the refunds for tuition and fees for shorter sessions upon withdrawal from the University if no coursework is completed. (Education Code Section 54.006 (b2) Texas School Law Bulletin):

| Date Withdrawn | Percent |
|--|---|
| Prior to the first class day of any session | 100% less a \$15 matriculation fee that will be assessed. |
| First class day of a 5 week or less session | 80% |
| Second class day of a 5 week or less session | 50% |
| Third class day of a 5 week or less session and thereafter | None |
| Class days 1-3 of a session more than 5 weeks but less than 10 weeks | 80% |
| Class days 4-8 of a session more than 5 weeks but less than 10 weeks | 50% |
| Ninth class day of a session more than 5 weeks but less than 10 weeks and thereafter | None |

Students withdrawing from the University who are enrolled for classes that begin after the last day for refunds will receive no refund of tuition and fees for those classes. Short session withdrawal percentages are based on being registered only in the shorter session. If withdrawing from multiple sessions, refund percentages may not apply above.

The State of Texas allows eligible undergraduate students to apply for a \$1,000 tuition rebate upon graduation. To be eligible for the rebate, an undergraduate student must have always been eligible for Texas Resident tuition, graduate in four calendar years, and graduate attempting no more than three semester credit hours beyond the minimum needed for the awarded degree. The minimum total includes transfer credit, repeated credits, withdrawals, and credit earned by examination. Specific information and the required agreement form are available from the Office of the Registrar (<https://twu.edu/registrar/>). The deadline to submit this form to the Registrar's Office is the same deadline as the Application for Graduation.
