

MENINGITIS POLICY

Effective January 1, 2012, Texas law requires that all new, entering, and transfer college students age 21 and younger must receive a vaccination or booster against bacterial meningitis. An entering student also includes a student who has had a break of enrollment of one or more fall or spring semesters. For more information, please visit the Meningitis Vaccination Requirement website (<https://www.twu.edu/student-health-services/immunization-compliance/>).
