

DUAL DEGREE: MASTER OF SCIENCE IN HEALTH STUDIES AND MASTER OF LIBRARY SCIENCE

Web Site: <https://twu.edu/health-studies/graduate-programs/dual-degree-ms-in-health-studiesmaster-of-library-science/>

Graduates of the dual-degree program will earn two degrees: the Master of Library Science and the Master of Science in Health Studies. The degree programs are available entirely online.

The Master of Library Science (M.L.S.) degree prepares professionals for leadership roles as information specialists in hospitals, medical centers, medical schools, nursing colleges, and other public and private agencies. The Master of Science in Health Studies prepares students for leadership positions in the disciplines of health education and health promotion.

Marketable Skills

Defined by the Texas Higher Education Coordinating Board's 60x30 Strategic Plan (<http://www.60x30tx.com/>) as, "Those skills valued by employers that can be applied in a variety of work settings, including interpersonal, cognitive, and applied skills areas. These skills can be either primary or complementary to a major and are acquired by students through education, including curricular, co-curricular, and extracurricular activities."

For the Master of Library Science

1. Apply professional ethics and competencies in acquiring, organizing, delivering, and preserving information and knowledge.
2. Demonstrate evidence-based practice in professional decision-making.
3. Deliver community-embedded services to promote equity and justice, and meet the needs of diverse constituencies.
4. Apply technologies to meet information needs in a variety of contexts.
5. Disseminate professional knowledge through venues such as teaching, research, publication, and service activities.
6. Plan for and engage in continuous, career-long professional development.

For the M.S. in Health Studies

1. Communicate and advocate for the improvement of health.
2. Assess health needs and recommend appropriate solutions.

Admissions

All students must meet the University requirements as outlined in the Admission to the TWU Graduate School (<http://catalog.twu.edu/graduate/graduate-school/admission-graduate-school/>) section of the catalog.

This academic program may have additional admission criteria that must also be completed as outlined on the program's website.

Degree Requirements

Prerequisite

A bachelor's degree from a regionally accredited university.

Total Semester Credit Hours Required

54 semester credit hours (SCH) consisting of:

- 21 SCH of Library Science courses
- 24 SCH of Health Studies courses
- 9 SCH of Dual Degree courses

Code	Title	SCHs
Required Library Science Courses		
LS 5083	Foundations of Library and Information Studies	3
