

MASTER OF SCIENCE IN KINESIOLOGY (ADAPTED PHYSICAL ACTIVITY)

Web Site: <https://twu.edu/kinesiology/graduate-programs/adapted-physical-activity/>

The purpose of the Master of Science degree in Kinesiology with an emphasis in Adapted Physical Activity (APA) is to prepare graduate students within two primary areas: PreK-12 adapted physical education (APE) and adapted sport and fitness. Graduates of the program are prepared for positions as teachers, supervisors, and coordinators of physical education/adapted physical activity in schools, colleges, and various community-based settings.
