

DOCTOR OF PHILOSOPHY IN KINESIOLOGY (SPORT MANAGEMENT)

Web Site: <https://twu.edu/kinesiology/graduate-programs/sport-management/>

The School of Health Promotion and Kinesiology (SHPK) offers a Ph.D. in Kinesiology with an emphasis in Sport Management designed to prepare students to conduct research in sport marketing, sport business, sport operations, or sport analytics. All Kinesiology doctoral students are expected to work with faculty to acquire and develop the skills required to become independent, ethical, and skilled researchers and leaders.

The PhD program includes a combination of online and classroom instruction on our Denton Campus. With flexible enrollment, you can be admitted in the fall, spring or summer semesters.

Graduates work in sport-related industries, including professional, major and minor leagues; collegiate and high school sports; recreational and wellness facilities; not-for-profit sport organizations; amateur athletic associations; sport management and marketing firms; and event operations. Career options include administration, general management, communication, facility operations, legal, marketing, player operations, retail/licensing, and ticket operations and sales.

TWU offers this interdisciplinary program with a strong foundation in business, marketing, communication and law. You will balance learning about the business elements of sport with the study of sport as a means of individual and social improvement.

Our program allows for a flexible online learning environment coupled with access to a varied and diverse sport industry in the Dallas-Fort Worth metroplex. You will collaborate with your classmates as well as apply what you learn with industry leaders.

As the nation's largest public university primarily for women, our program is focused to empower future professionals, especially women, to be positive agents of change in the sports field.

Marketable Skills

Defined by the Texas Higher Education Coordinating Board's 60x30 Strategic Plan (<https://reportcenter.highered.texas.gov/agency-publication/miscellaneous/theceb-60x30-strategic-plan/>) as, "Those skills valued by employers that can be applied in a variety of work settings, including interpersonal, cognitive, and applied skills areas. These skills can be either primary or complementary to a major and are acquired by students through education, including curricular, co-curricular, and extracurricular activities."

1. Successfully design and implement a sport management related research study.
2. Successfully design a grant proposal related to sport management.
3. Successfully demonstrate written and oral communication skills through professional presentations and peer-reviewed publications.

Admissions

All students must meet the University requirements as outlined in the Admission to the TWU Graduate School (<http://catalog.twu.edu/graduate/graduate-school/admission-graduate-school/>) section of the catalog.

This academic program may have additional admission criteria that must also be completed as outlined on the program's website.

Degree Requirements

Total Semester Credit Hours Required

96 semester credit hours, including approved semester credit hours from master's level work and 6 semester credit hours for dissertation.

Code	Title	SCHs
Required Courses		
KINS 5033	Applied Statistical Principles (Research tools)	3
KINS 6043	Statistical Inference (Research tools)	3
KINS 6113	Seminar	3
KINS 6143	Research Design in Kinesiology (Research tools)	3
HSC 6831	Integration of Theory and Research in Health Sciences	1
Emphasis Area (Must select one)		77
Dissertation		
KINS 6983	Dissertation (I)	3
KINS 6993	Dissertation (II)	3
