

# MASTER OF SCIENCE IN NURSING (HEALTH SYSTEMS MANAGEMENT)

---

## Marketable Skills

Defined by the Texas Higher Education Coordinating Board's 60x30 Strategic Plan (<https://reportcenter.highered.texas.gov/agency-publication/miscellaneous/theccb-60x30-strategic-plan/>) as, "Those skills valued by employers that can be applied in a variety of work settings, including interpersonal, cognitive, and applied skills areas. These skills can be either primary or complementary to a major and are acquired by students through education, including curricular, co-curricular, and extracurricular activities."

- a. Think analytically and use analytical tools to make decisions.
- b. Work well within a diverse group and organizations.
- c. Apply ethical reasoning to difficult situations.
