## **Marketable Skills**

Marketable skills prepare students for success in a variety of professional settings. Developed through academic coursework, co-curricular engagement, and extracurricular involvement, these skills include communication, critical thinking, teamwork, ethical reasoning, adaptability, and digital literacy. Whether directly related to a student's major or serving as complementary strengths, marketable skills enhance career readiness and reflect TWU's commitment to producing graduates who are prepared to thrive in today's dynamic workforce.

- 1. Analyze major research and theories in the areas of language and literacy.
- 2. Design, conduct, and disseminate original research.
- 3. Create and apply expert knowledge in literacy teaching and learning in higher education, PK-12 schools, and community-based contexts.
