

MASTER OF EDUCATION IN SPECIAL EDUCATION

Web Site: <https://twu.edu/teacher-education/graduate-programs/special-education/>

Marketable Skills

Marketable skills prepare students for success in a variety of professional settings. Developed through academic coursework, co-curricular engagement, and extracurricular involvement, these skills include communication, critical thinking, teamwork, ethical reasoning, adaptability, and digital literacy. Whether directly related to a student's major or serving as complementary strengths, marketable skills enhance career readiness and reflect TWU's commitment to producing graduates who are prepared to thrive in today's dynamic workforce.

1. Effectively support those implementing evidence-based practices in the classroom.
2. Collaboratively support the needs of students with disabilities and their families inside and outside of the education setting.
3. (For those students seeking Educational Diagnostician certification) Knowledgeably, accurately, and effectively evaluate students for special education services.
4. (For those students seeking Educational Diagnostician certification) Appropriately support and advocate for students and families during the special education eligibility determination process, applying knowledge of relevant cultural and linguistic considerations throughout.
