Marketable Skills

Marketable skills prepare students for success in a variety of professional settings. Developed through academic coursework, co-curricular engagement, and extracurricular involvement, these skills include communication, critical thinking, teamwork, ethical reasoning, adaptability, and digital literacy. Whether directly related to a student's major or serving as complementary strengths, marketable skills enhance career readiness and reflect TWU's commitment to producing graduates who are prepared to thrive in today's dynamic workforce.

1. Deliver innovative, high-quality health information services responsive to the needs of diverse communities.
2. Utilize information and communication technology to meet changing health information needs.
3. Facilitate the access and use of biomedical, clinical, and health information.
