

ADMISSION APPEAL PROCESS

Any undergraduate applicant denied admission to Texas Woman's University may appeal the decision prior to the term for which he or she applied. Applicants wanting to appeal a denied admission must submit the Undergraduate Admissions Appeal form (<https://apps.twu.edu/admissionsprocessing/admissionappeal.aspx>) and additional academic information (such as an updated transcript(s) or new test score(s)) to the Director of Admissions. All undergraduate admission appeals are reviewed by the Admissions Appeal Committee which will make a recommendation to the Director of Admissions. The final decision will be rendered by the Director of Admissions. A written response to the appeal request will be sent to the applicant by the Director of Admissions.
