

UNDERGRADUATE CERTIFICATE IN THOUGHT LEADERSHIP

Web Site: <https://twu.edu/english-rhetoric-spanish/undergraduate-program/>

Thought leaders are those people in communities and organizations that others turn to for their expertise. They inspire and influence others with their grounded knowledge and innovative thinking. This undergraduate certificate program prepares students to take the knowledge and skills developed while earning their degrees and translate them to the public, teaching them ways to enhance and communicate their credibility as leaders. Through a combination of MWGS coursework focused on social justice and advocacy; English coursework in rhetoric and writing; and a faculty-mentored, student-led community advocacy project, students who complete this certificate will be poised to put their degrees to work as leaders in their communities.

Marketable Skills

Marketable skills prepare students for success in a variety of professional settings. Developed through academic coursework, co-curricular engagement, and extracurricular involvement, these skills include communication, critical thinking, teamwork, ethical reasoning, adaptability, and digital literacy. Whether directly related to a student's major or serving as complementary strengths, marketable skills enhance career readiness and reflect TWU's commitment to producing graduates who are prepared to thrive in today's dynamic workforce.

1. Communicate effectively to diverse audiences using a range of media and technology.
2. Organize, synthesize, and evaluate the credibility of information, such as but not limited to, a range of academic and non-academic sources, and use this knowledge to make ethical decisions.
3. Use effective research strategies to inform argument-driven projects.
