Marketable Skills

Marketable skills prepare students for success in a variety of professional settings. Developed through academic coursework, co-curricular engagement, and extracurricular involvement, these skills include communication, critical thinking, teamwork, ethical reasoning, adaptability, and digital literacy. Whether directly related to a student's major or serving as complementary strengths, marketable skills enhance career readiness and reflect TWU's commitment to producing graduates who are prepared to thrive in today's dynamic workforce.

1. Incorporate emerging technologies to manage the doctor-patient relationship in Spanish and English in a variety of healthcare settings.
2. Work collaboratively as part of a multidisciplinary medical team to increase cultural awareness of alternative medical practices, preventing bias, providing uniform quality health care, and ensuring patient safety.
3. Apply ethical principles to provide bilingual leadership in promoting both patient and self-advocacy, cultural awareness, and social justice within the health care system.
