The Accelerated Bachelor of Arts/Master of Arts in Political Science provides exceptional undergraduate students in the Political Science program an avenue toward accelerated completion of a Master's degree. This degree program mirrors the curricular and assessment requirements of the existing Master's degree program and allows undergraduates to begin taking graduate-level courses when they have completed 90 credit hours toward their baccalaureate degree, thus reducing the calendar time necessary to complete the degree. No undergraduate course may count toward the accelerated Master's degree. The Accelerated Bachelor of Arts/Master of Arts in Political Science is a highly competitive program.
