Marketable Skills

Defined by the Texas Higher Education Coordinating Board's 60x30 Strategic Plan (<https://reportcenter.highered.texas.gov/agency-publication/miscellaneous/the-cb-60x30-strategic-plan/>) as, "Those skills valued by employers that can be applied in a variety of work settings, including interpersonal, cognitive, and applied skills areas. These skills can be either primary or complementary to a major and are acquired by students through education, including curricular, co-curricular, and extracurricular activities."

1. Identify and utilize a variety of sources of information to solve problems; applying different methods to collect and analyze data; apply analytical skills to summarize and draw findings from data.
2. Present ideas in a clear, organized fashion both in writing and oral communication. Develop coherent written and oral arguments.
3. Professional development skills, including project management and the ability to work in a team; ability to work collaboratively on complex projects; divide complex tasks down and monitor progress to completion; problem solve effectively with group members when obstacles are encountered.
