The B.B.A. in Human Resource Management gives students the skills needed to oversee the complex aspects of an organization's most important asset, its employees. The program also prepares students to pursue certification as a human resources professional through either the Society for Human Resources Management (SHRM) or Human Resource Certification Institute (HRCI). The accelerated program enables students to earn graduate credits which they can use towards their master's degree.

Classes are located on our Denton campus in face-to-face and online formats.
