

TWU FOUNDATION

The Texas Woman's University Foundation (<https://twu.edu/foundation/>) is a charitable 501 (c)(3) non-profit organization existing under and by virtue of the laws of the State of Texas. The TWU Foundation was established in 1952 and exists to promote and support educational programs and services benefiting faculty, staff, and students at Texas Woman's University. The foundation is governed by a board of directors tasked with prudently managing all financial gifts from individuals, corporations, foundations, and associations. The foundation invests and stewards the assets entrusted to it by the university, its alumni, friends, and donors.

The partnership between the foundation and the university is a cooperative venture of mutual resources that are shared to accomplish the goals and objectives of both the university and the foundation. The foundation and the university are separate entities, separately governed, and separately legislated.
