Chair: Erika Armstrong, Professor
Location: MCL 820
Phone: 940-898-2025
Fax: 940-898-2070
E-mail: coms@twu.edu

The Department of Communication Sciences and Oral Health is comprised of two main program areas.

The undergraduate program in Communication Sciences prepares students for graduate-level work and related career opportunities in the fields of speech-language pathology and audiology by providing foundational knowledge in the areas of typical communication development, differences and disorders of communication for children and adults, and intervention strategies for helping children and adults become successful communicators.

The undergraduate program in Dental Hygiene prepares students to become registered dental hygienists, while the RDH to BSDH program provides a pathway to a bachelor’s degree for students with an associate’s degree from an accredited dental hygiene program.

For detailed information about the graduate programs in Speech-Language Pathology or Education of the Deaf, refer to the Graduate Catalog (http://catalog.twu.edu/graduate/).
