

# BACHELOR OF SCIENCE IN NUTRITION (COMMUNITY NUTRITION)

---

**Web Site:** <https://twu.edu/nutrition-food-sciences/undergraduate-programs/bs-in-nutrition-wellness/>

## Marketable Skills

Defined by the Texas Higher Education Coordinating Board's 60x30 Strategic Plan (<https://reportcenter.highered.texas.gov/agency-publication/miscellaneous/the cb-60x30-strategic-plan/>) as, "Those skills valued by employers that can be applied in a variety of work settings, including interpersonal, cognitive, and applied skills areas. These skills can be either primary or complementary to a major and are acquired by students through education, including curricular, co-curricular, and extracurricular activities."

- Analyze and interpret blood profile data related to specific health issues or concerns.
- Practice and contribute as part of a health team providing individual and group nutrition, health instruction, and education.
- Implement nutrition program planning according to community needs assessment.
