Assistant Director: Dr. Randa Keeley, Associate Professor

Location: SH 111

The School of Education at Texas Woman's University (TWU) is dedicated to preparing students for impactful careers in education. The School of Education emphasizes the importance of building a supportive and engaging learning environment for all students, and the school continues to foster a culture of excellence and innovation in education. With a diverse array of programs, the School offers both undergraduate and graduate degrees aimed at fostering future educators who are well-equipped to meet the challenges of teaching in various environments. Graduates are recognized for their contributions to their communities, demonstrating the university's mission to cultivate effective and compassionate educators.

Educator Preparation Program

TWU's Educator Preparation Program supports students pursuing initial or professional certification at both undergraduate and graduate levels. The program emphasizes practical experience through clinical practice, ensuring that candidates are well-prepared for their roles as educators. The Office of Educator Preparation Services (OEPS) offers numerous resources to support student success, including the TExES Prep Center, which is a dedicated center that assists educator candidates in preparing for the Texas Examinations of Educator Standards (TExES), and the Office of Clinical Practices, which provides guidance and resources for students completing their clinical practice requirements.
