The Bachelor of Science in Family and Consumer Sciences degrees prepare students to become certified to teach Family and Consumer Sciences in secondary schools upon successful degree completion and passing the American Association of Family and Consumer Sciences Content Exam (AAFCS). A successful passing score on the AAFCS Content Exam leads to the Certified Family and Consumer Sciences (CFCS) national credential.

Certification in Hospitality, Nutrition, and Food Science prepares students to teach hospitality, nutrition, and food science courses at grade levels 8-12.
