SCHOOL OF LIBRARY AND INFORMATION STUDIES

Director: Ling H. Jeng, Professor

Location: SH 404
Telephone: 940-898-2602
E-mail: slis@twu.edu

The School of Library and Information Studies (http://www.twu.edu/slis) administers the degree programs in Library Science. The School of Library and Information Studies offers complete programs leading to the degrees of Master of Arts and Master of Library Science. The School Librarian Certificate prepares students for librarian certification in public schools in Texas. The Master of Library Science degree requires 36 semester credit hours. The School prepares students for placement in a variety of types of information centers and libraries. It is the oldest continuously accredited master’s program in the Southwest by the American Library Association (http://www.ala.org).

Students will find exceptional opportunities for developing skills in their chosen field through classroom work, through experience on department-sponsored media, and through internships.

The School offers undergraduate courses in support of the Bachelor of Science in Informatics and other programs in educator preparation. It does not offer a bachelor’s degree in Library Science.
